### Carryover Justification and Narrative

In the following section, please explain how you plan to use the Measure G1 carryover funds to develop strategic changes that meet the goals of the measure and that will lead to improved student outcomes.

*All budget items should total up to the total carry-over grant amount.*

#### Summary of Proposed Use of Carryover for 2019-20

2019-20 Proposed Carryover Expenditures from <i>Budget Justification and Narrative Section</i>		Budget Amount
1	Funds will be spent based on the initial proposal. Middle school students will be provided with audio/video/computer equipment to direct a readmission video in order to successfully be readmitted when eligible. Readmission for students is a big undertaking as they have to reflect on the decisions they have made in the past. Learning the skills to record themselves and others is a good way to start the reflection process. It gives students the ability to see themselves in a different light. Teachers have found unique ways to use video and camera equipment as part of their Distance Learning plans. Students will check them out and return them when on campus instruction starts. Additionally, we have received feedback from the disciplinary office that the videos go a long way in helping with the readmission process.	\$7477.00
Budget Total (must add up to Anticipated Grant Amount)		<b>\$7,477.00</b>

**Narrative: Please provide the reasoning as to why the full Measure G1 allocation was not spent.**

Funds were not spent due to staff changes and insufficient training. Most recently Covid-19 impacted sites.
