September 28, 2020

Ms. Irene Reynolds, Executive Director Nutrition Services Department Oakland Unified School District 2850 West Street Oakland, CA 94608

Dear Ms. Reynolds:

Gold Star Foods, Inc. (Gold Star) is pleased to present the following proposal to the Oakland Unified School District (OUSD) in response to RFP/Bid # 20-03: Nutrition Services Groceries for school year 2020-2021.

Founded in 1978, Gold Star is a nationally recognized supply system solving the complex needs of our specialized food service partners. As the largest K-12 school-dedicated distributor in the nation, we partner with over 1000 school districts and support the service of over 6.5 million meals per day (1.1 billion meals annually).

Throughout this document we will address the specific requirements outlined in the Request for Proposal and clearly identify the benefits of partnering with Gold Star.

Gold Star and OUSD – Proven Business Partnership

Gold Star was awarded OUSD's Frozen Food and Grocery contract in March 2016 and has been the incumbent vendor for the last four years. During this contract period, Gold Star:

- Conducted annual training for site level staff and regional supervisors for online ordering and general business practices providing education opportunities to earn required professional standard training hours
- Conducted a bi-annual tour of our Dixon Distribution Center to educate the OUSD Team Members on the Distribution Supply Chain and conducted an OUSD dedicated food show
- Provided a dedicated K12 Account Manager available during business hours and on-call in the evenings/weekends to assist the Executive Director, Menu Planner, and Site Team Members with
 - Recipe Breakdown and Menu Coding to ensure proper purchasing of foods
 - Forecasting and historical usage analysis to support inventory management

- Order monitoring to ensure that sites order the correct items and quantities to meet menu needs
- o Collaboration with new and existing vendors to expand menu offerings
- Order guide management adding and removing items to coincide with menu changes
- Provided operational resources to meet delivery requirements
 - Dedicated fleet of five tractors and trailers (varying sizes) to make deliveries four days per week
 - Maintained consistent drivers on routes to create site level relationships and speed of service

Food Safety

Food safety is a top priority at GSF a significant investment that we do not take lightly. As outlined in the OUSD scoring criteria, Food Safety compliance is a differentiator between having a satisfactory vendor and having a partner that ensures the District's compliance and protection of a vulnerable population – our children.

Gold Star is certified as Global Food Safety Initiative (GFSI) Safe Quality Food (SQF) Level 2 operation. SQF Certification is a comprehensive food safety management system that is accepted as the international standard of excellence. Different from HACCP, SQF requires vigorous food safety controls in place and verifies each food safety claim using third-party auditors. SQF provides assurance of Gold Star's commitment to food safety and demonstrates our ability that all food received, stored, and delivered has been produced, handled, packaged, stored, and transported safely. SQF shows a commitment to food safety that goes above and beyond HACCP standards.

Unlike HACCP, SQF guarantees compliance with Food Safety Modernization Act, which includes the following requirements:

- Food Allergen Identification
- Comprehensive Sanitation Programs
- Supply Chain Traceability
- HACCP
- Comprehensive Recall Programs
- Recordkeeping

The SQF program is an integral part of our recall process that allows us to respond quickly in the event of a recall. We collect recall contact information from our partner districts and contact those team members via email and phone with information pertaining to the recall. Time is of

the essence when a recall occurs; we have a team dedicated to quickly acting 24 hours per day-7 days per week. We typically notify District personnel impacted by a recall within 2 hours or less of the recall announcement and provide the following information to districts:

- Affected Lot Numbers
- Delivery Date/Received Date
- Sites Affected
- Number of Cases Received by Site
- Instructions on How to Proceed with Affected Product

During the 2019 calendar year, Gold Star successfully responded to five (5) recalls with zero impact to district customers or the children they serve. Included in our response is a copy of our most recent SQF Certification. If requested, we can provide full documentation of our entire SQF Program which includes our HACCP and Recall Programs.

Gold Star's Response to COVID-19

As required by SQF, Gold Star has always had a very stringent sanitation program and disaster preparedness plan. COVID certainly provided us an opportunity to fully execute our plan. In early February 2020, our Executive Leadership team executed Phase 1 of our COVID plan, conducting preemptive cleaning and disinfecting of our office, warehouse, and fleet vehicles. In addition, we implemented employee monitoring, enhanced sick policies, and social distance practices. Overall, we felt very prepared when the Shelter-in-Place directive began on March 13, 2020, executing Phase 2 of our COVID plan which includes:

- Continued cleaning and sanitizing of office, warehouse, and fleet to include multiple times per day
- Enhanced employee monitoring and sick policies
- Self-quarantine and COVID testing of employees (as applicable)
- Mandatory mask use for all staff
- Optional glove use
- Daily temperature checks for all employees entering the facility
- Plexiglass partitions between all workspaces
- Social distancing during
- Contact tracing in the event of a positive test

In the last two year's Gold Star has been able to successfully deploy resources to support schools facing emergency situations such as fires, earthquakes, and intermittent power outages. The food supply chain has been upended with the current COVID-19 pandemic which

changed the landscape of the food distribution business. Gold Star has made every effort to be flexible with customers during these times, including:

- Ability to modify deliveries for school closures
- Secure ample supplies of individually wrapped items
- Distribute fresh meal kits and shelf-stable meal kits
- Procure paper and packaging supplies
- Allow order modifications as needed
- Deliver supplemental USDA Farmers to Families food boxes
- Provided additional supply services for other purchase categories (produce, bread, supplies) where other vendors were unable to meet the terms of their contract(s)

Customer Service and Contract Maintenance

Gold Star is a service-based company, distribution is more than just moving boxes, especially for the unique needs of school foodservice operations. Gold Star believes in building personal relationships with our school nutrition partners. Every customer is assigned a dedicated K-12 Account Specialist and local Sales Manager who works closely with each district to ensure day-to-day operations adhere to the contract requirements. OUSD's dedicated team includes the following primary team members:

Primary Account Manager

Brianne Jamaica 909-843-9600 x 703 (office) brianne@goldstarfoods.com **Regional Sales Manager**

Peter Woods 626-253-9880 (cell) peterwoods@goldstarfoods.com

To ensure the safety and security of our team and our school partners, Gold Star has a zero-tolerance policy for criminal activity. As part of our pre-employment activities, all team members have been drug-tested and received a full Department of Justice background check including fingerprinting. While on school grounds, our team members are required to wear Gold Star uniforms and will always carry identification with them.

Delivery System

Gold Star is confident our delivery system and can successfully complete the deliveries for OUSD. Deliveries will ship from our 188,000 square foot facility located in Dixon, California (65 miles from the OUSD Central Kitchen). Our delivery fleet includes:

• 75 bobtail trucks

- 66 tractors
- 49 trailers
- 2 refrigerated vans

As mentioned previously, Gold Star has five pieces of equipment dedicated to meeting the delivery requirements of OUSD, including locations, preferred days, and delivery times.

Ordering System and Reports

Gold Star has dynamic on-line ordering and reporting systems. Full access to the Gold Star online website provides the ability to easily view and print reports in real time. The following reports and tools are available 24 hour per day and are exportable into Excel, PDF, and XML:

- Order Management
 - o Order Entry via customizable order guide or fast order entry
 - Review of open orders
 - Invoice/Credit History
 - o Customizable order guide development and maintenance
 - Security driven permissions for site level staff
- Forecasting
 - District/Site Usage by Vendor
 - District and/or Site Usage by Item
- Program Compliance
 - o Meal Pattern Contribution
 - o Product Nutritionals/Product Formulation Statements
 - Allergen Information
 - o Buy American

We can generate customized reports should the district have any other reporting requirements. In addition to this system, we can accept customer orders through electronic data transfers, should the District have its own internal ordering system.

Contract Management

Contract management is not only for our customers. Gold Star takes a proactive approach to ensure that the services we provide meet the expectations of our school nutrition partners. Within our proprietary ERP system we track the success of each

account through the use of our customer dashboard. This dashboard provides a detailed snapshot about the level of service that we are providing. Below is an example of this contract management tool.

Local Sourcing

Gold Star Foods works closely with school district customers and can fully support OUSD's goal to source locally grown, source-identified products. In today's environment, ethical sourcing is critical. Robust food safety programs, socially responsible local sourcing initiatives, and verification of employee and animal welfare programs are at the forefront of local sourcing conversations. To meet these goals, Gold Star is committed to a comprehensive strategy to ensure the foods we offer meet our core values and those prescribed in the Center for Good Food Purchasing (active since 2015) Through our partnership with CFGFP, we can track items sourced for/by the district supportive of the values of GFP- Supporting Local Economies, Nutrition, Valued Workforce, Environmental Sustainability and Animal Welfare

In early 2013, we developed a Vendor Code of Conduct to ensure that the foods we provide are the safest and healthiest available and sourced responsibly. In 2015, we challenged our supply

partners to provide us with their commitment and submit measurable assurance that the foods they provide support local economies, provide environmental sustainability, value the workforce, provide humane care for livestock, and promote increasing nutrition composition. We continue to gather and vet information from our vendor partners to increase the transparency in the supply chain.

Gold Star has technology platforms and reports that support local sourcing purchases. Gold Star has a Centre for Ecoliteracy's California Thursday product listing that identifies items available from Gold Star Foods that are California grown, California processed, or a California based company. Gold Star has a section on our website dedicated to Buy American compliance. All letters from manufacturers included with the product information in our online ordering system. On request, Gold Star has made available reports that include total cases, total pounds, and point of origin for products purchased. This allows school districts to determine their percentage of local purchases.

Gold Star has worked closely with OUSD to support local purchases and bring in new menu items. GSF is customer driven, so we defer to the District rather than the vendors to notify us of the new products they wish to purchase. For vendors that we are currently doing business with we assess if the item can be added to existing orders. Further, pricing for the item(s) is specific to the District and is provided to GSF by the manufacturer. Our overall strategy is to continuously review all programs, products, and initiatives and measure whether they meet our goal of triple-bottom-line, which is defined as being good for the environment, for people, and be procured in a manner that is economical for both the customer and the producer.

Concluding Remarks

Partnering with Gold Star Foods will provide OUSD with more than just food, we provide a commitment to assisting you prepare and serve meals that kids will eat with a commitment of where & how the products are sourced. We are confident in our ability to provide you the products and services you need to successfully operate your Child Nutrition Programs. Thank you for the opportunity to continue and expand our role as your Child Nutrition Partner.

Sincerely

John Cho

Contractor also understands and agrees that the District may withhold payment for products / services performed for any violations of the insurance provisions of this Agreement.
- h. Approval of the insurance by the District shall not relieve or decrease the liability of Contractor hereunder.
- 13. CONTRACTOR DEFAULT; REMEDIES. If the Contractor fails to fulfill its obligations under this Contract, such failure shall constitute an event of default. On or after any event of default, District shall have the right to exercise its legal and equitable remedies, including without limitation, the right to: (a) seek specific performance of all or any part of this Contract, (a) terminate this Contract at no cost to District in accordance with Section 14 ("Termination") herein; or (c) exercise any other legal or equitable remedy. In addition, District shall have the right (but no obligation) to cure (or cause to be cured) on behalf of the Contractor any event of default. Contractor shall pay to District on demand all costs and expenses incurred by District in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. District shall have the right to offset from any amounts due to Contractor under this Contract or any other contract between District and Contractor all damages, losses, costs or expenses incurred by District as a result of such event of default and any liquidated damages due from Contractor pursuant to the terms of this Contract or any other contract between District and Contractor. Any such offset by District will not constitute a waiver of any other remedies the District may have against Contractor for financial injury or otherwise. All remedies provided for in this Contract may be exercised individually or in combination with any other remedy available

hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude or in any way be deemed to waive any other remedy.

14. TERMINATION.

- a. In the event of Contractor default pursuant to Section 13 ("Contractor Default; Remedies") of this Contract, wherein Contractor fails to perform any of its obligations under this Contract, in addition to any other remedies available to the District, the District through the Purchaser may terminate this Agreement, and all of the Contractor's rights hereunder ended. Termination shall be effective thirty (30) days after Contractor's receipt of written notice of termination from the District delivered pursuant to Section 22 ("Notice to the Parties"). No new work will be undertaken, and no new deliveries will be made, as of the effective date of termination. In the event of termination for cause, the Contractor shall be paid for those services performed under this Contract to the satisfaction of the District up to the effective date of the termination. However, pursuant to Section 13 ("Contractor Default; Remedies") herein, District may offset from any such amounts due Contractor any costs to District arising from Contractor's default and may otherwise demand payment from Contractor of such costs.
- b. The District may terminate this Contract prior to expiration of the term without cause and without penalty, in whole or in part for District's convenience and without cause at any time by giving Contractor thirty (30) days written notice of such termination. The notice shall specify the date on which termination shall become effective. In no case shall the termination become effective in fewer than thirty (30) days from the date that the notice is deemed received pursuant to Section 22 ("Notice to the Parties"). The District reserves the right to immediately terminate the awarded contract if the circumstances are detrimental to the health and welfare of the students and/or school personnel, the quality of services are seriously affected, or the vender ceases operations. In the event of such termination, the District may award the contract to the next lowest bidder provided that such an award complies with Public Contract Code section 5106.

In event of termination for convenience, Contractor will be paid for those services performed, or deliveries made, pursuant to this Contract and to satisfaction of District up to the specified date of termination. In no event will District be liable for costs incurred by Contractor after the specified date termination. Such non recoverable costs include, but are not limited to, anticipated profits on this Contract, post-termination employee salaries, post-termination administrative expenses, or any other costs which is not reasonable or authorized under this Section.

c. With mutual agreement of both Parties, this Contract may be terminated by giving not less than thirty (30) days written notice of such termination.

15. INDEMNIFICATION.

- c. Any liability that may arise from the furnishing of the use of any copyrighted or uncopyrighted composition, secret process, or patented, or unpatented invention in connection with his performance under the order.
- 16. LIABILITY OF DISTRICT. District's payment obligations under this agreement shall be limited to the payment of the compensation provided under this contract. Notwithstanding any other provision of this agreement, in no event shall the District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect, or incidental damages, including, but not limited to, lost profits, arising out of or in connection with this agreement or the services performed in connection with this Agreement.

Contractor or any agent or employee of Contractor shall not have employee status with the District, nor be entitled to participate in any plans, arrangements, or distributions by District pertaining to or in connection with any retirement, health, or other benefits that District may offer its employees. Contractor or any agent or employee of Contractor is liable for the acts and omissions of itself, its employees and its agents. Contractor shall be responsible for all obligations and payments, whether imposed by federal, state or local law, including but not limited to, FICA, income tax withholdings, unemployment compensation, insurance and other similar responsibilities related to Contractor's performing services and work, or any agents or employee of Contractor providing same. Nothing contained in this Agreement shall be construed as creating an employment or agency relationship between the District and Contractor or any agent or employee of Contractor. Any terms in this Contract referring to direction from District shall be construed as providing for direction as to policy and the result of Contractor's work only, and not as to the means by which such a result is obtained. District does not retain the right to control the means or the method by which Contractor performs work under this Agreement. If any governmental authority should, nevertheless, determine that Contractor is an employee, then the District's payment obligations hereunder shall be reduced so that the aggregate amount of payments directly to Contractor and to the applicable governmental authority does not exceed the maximum amount of compensation specified in this Agreement. Contractor shall refund any amounts necessary to effect such reduction.
- 18. ENTIRE CONTRACT; SEVERABILITY. All of the agreements between the Parties are included in the Agreement and Contractor's attached proposal. No warranties, expressed or

implied, representations, promises or statements have been made by either Party except as expressly provided. Should the application of any provision of this Contract to any particular facts or circumstances be found by a court of competent jurisdiction to be invalid or unenforceable, then (a) the validity of the other provisions of this Contract shall not be affected or impaired thereby, and (b) such provision shall be enforced to the maximum extent possible so as to effect the intent of the Parties and shall be reformed without further action by the Parties to the extent necessary to make such provision valid and enforceable.

19. MODIFICATION OF AGREEMENT.

- a. No oral statement of any person whosoever shall in any manner or degree modify, alter, or otherwise affect the terms of this Agreement.
- b. The District reserves the right to modify the awarded contract by mutual agreement so long as such modification would not result in a material change to the solicitation an awarded contract. Such modifications will be evidenced by the issuance of a written authorized amendment by the District.

20. CHOICE OF LAW/VENUE.

This Contract shall be deemed to be made in, and shall be construed in accordance with the laws of the State of California. The Alameda County Superior Court shall have jurisdiction over any litigation initiated to enforce or interpret this Agreement.
