## #OUSDReady

Check out the new  
Safety & Facility Readiness  
Dashboard

**COVID-19 Dashboards**

**Safety & Facility Readiness Dashboard**

Select your school: **ACORN Woodland Elementary** Filter school list by: Region: **East** Level: **Elementary** Network: **Network 3**

This dashboard shows the readiness level for the safety and facility measures across all districtwide programs, including Early Childhood, TK-12, and Young Adult. You can view the school specific measures on the left, view the corresponding results for the entire district on the right, and view more general districtwide readiness measures on the bottom.

How can OUSD help your mental health? (Like services and resources)

519 responses

If we are in a hybrid model (part-time distance and part-time in person) for the upcoming 2021-2022 academic year, would you prefer quarter or traditional system?

519 responses

# Student Comments from Survey

---

- I want my school to be able to do temperature checks, **clean classrooms** each time the bell rings , and have the cafeteria to have a limit on people have lunch times separated **by grade level** to lessen the load. If we are going to be there has to be a major responsibility on janitors and nurses to keep their area clean because there are times when the school doesn't really clean. I would want the teachers to be more organized because their classrooms can get junkie and there isn't **enough room for students** to sit.
- That there are still **kids with jobs and taking care of family**. And that there are still **kids that struggle with mental health, so all problems aren't going away just because we go back to school.**
- They can help with my mental health by **checking on me twice a week**. In case, I need help on something or support.
- have a **hotline where kids can talk to other kids** about problems if they **don't want to talk adults** or problems

# Student Leadership and Events

# Oakland Undivided Event

---

- 25k Computer given out to Garfield Student!
- Phase 2 will be coming soon!
- More than 95% of students have access to Internet & a laptop that is there's forever!
