Re: Local Business Utilization Requirement Waiver for Fire Alarm Design Projects

---

Comments: All,

In order to ensure that the Local Business Policy is administered as intended by the Board of Education's directive, availability analyses are conducted to determine the availability of certified firms to meet local business utilization on projects. Updated analyses are done bi-annually as an ongoing assessment.

A recent analysis of firms certified to meet the Districts' Fire Alarm Design project requirements has determined that due to the limited availability of local certified firms available under these codes the local business utilization requirement is waived for Fire Alarm Design projects.

This LBU waiver is valid for six months from the date of this letter. After this time period, a re-evaluation will need to be assessed.

Please advise in advance if there are upcoming furniture projects so we can conduct an availability analysis for future work.

Sincerely,

Shonda Scott
