Teacher Salaries Stipends: Extended Contracts for Summer School teachers to support credit recovery and ELD enrichment classes for all OIHS students, including SIFE (Salary & Benefit Costs)	Hire 2 Paraprofessionals, at .20 FTE each = .40 FTE Total: to support instruction and learning for all students, including SIFE, in all literacy classes and 9/10 classes, to provide tutoring in the after school program, to chaperone all college and career field trips, to support school wide career week, academic interventions, portfolio assessments, and post session. NOTE: This represents a decrease in FTE from our initial 2020-2021 Measure N plan, where we planned to hire additional paraprofessionals in lieu of newcomer assistants as a means of widening the applicant pool and thus potentially hiring more former students. This plan did not pan out in 2019-2020 and we anticipate all 2020-2021 newcomer assistants to return in 2021-2022. (Salary & Benefit Costs)	Hire 5 Newcomer Assistants (4 NC Assistants at 1.0 FTE each + 1 NC Assistant at .80 FTE = 4.80 FTE Total) to support instruction and learning for all students, including SIFE, in all literacy classes and 9/10 classes, to provide tutoring in the after school program, to chaperone all college and career field trips, to support school wide career week, academic interventions, portfolio assessments, and post session. NOTE: This is an increase in FTE for Newcomer Assistants and is due to the need for additional adult support as students transition back from distance learning to in person instruction. Current 11th grade data shows a decrease in A-G completion rates from 60% for the class of 2020 to 28% for the 2022 graduating class. (Salary & Benefit Costs)	BUDGET JUSTIFICATION

School Description

students have opportunities for internships and community service in various settings, from businesses to government offices to community organizations. Lastly, all students participate in our multi-media California Partnership Academy that gives students the technology skills required for college and careers. Oakland International High School is an incredibly diverse public school serving recently arrived immigrants and English Language Learners. Our students come from 25 different countries and speak over 33 different languages. Students work closely together in heterogeneous groups to learn English and gain credits in subjects including math, history and science. Since 100% of our students are English Language Learners, we emphasize reading, speaking, writing and listening in every single class. At Oakland International, no student is anonymous. Each grade level has approximately 100 students. Our small size and our team structure allow personalization, growth and success for our students. In their first two years at Oakland International, students remain with the same team of 5 teachers. In their junior and senior years,

School Mission and Vision

The mission of Oakland International High School is to provide quality alternative education for recently arrived immigrant students in English language acquisition and in preparation for college. Our diverse students become active participants in our community while learning in small groups through hands-on, interdisciplinary projects and collaboration.

	three years also outpaced OUSD's rates for		instructional day to grow their literacy
Four-Year Cohort Graduation Rate	all ELLs.		and numeracy skills.

A-G Completion	Four-Year Cohort Dropout Rate
In 2017-18 OIHS had a 53% A to G completion rate compared to 44.3% district wide and 31.9% completion rate for district ELL students. In 2018-19 our A to G completion rate was 62.6%. We hope to increase our A to G rate at least 1% annually, thus the goal for 2019-2020 is 63.6%.	OIHS is very successful in enrolling all students in a sequence of classes designed to keep them on track to graduate and create multiple opportunities for students to make up credits over the course of their career at the school. For example, students in the class of 2019 in 11th grade showed an on track status of 30.9%. However, by the middle of 12th grade, these same students had an on track to graduation rate of 64.7% By comparison at the district level students in the class of 2019, in 11th grade showed an on track status of 39.5%. However, by the middle of 12th grade, these same students had an on track to graduation rate of 51.6% OIHS students had come from farther behind and then surpassed the typical district student over the course of 11th and 12th grade. The school goal is to reduce the dropout rate by 3%, thus in 2019-2020 our goal is 14.9%, from 17.9% in 2018-2019. We will continue to invest in wrap around supports, academic interventions, and credit recovery opportunities to hold on to our
OIHS students have a lot of academic and language development ground to cover in a short amount of time. In 2020-2021 we will continue to hold Academic Mastery Day interventions to support A to G course passage rates. We will also provide multiple opportunities for credit recovery through post session and summer school programs.	The Media Pathway is critical in creating a positive school culture that supports student collaboration and student voice. The demand on students is intense—students must learn a new language, master standards based content, and acquire both collaboration and technology skills. Many students arrive at OIHS having missed multiple years of formal schooling. It is essential that students in the 9th and 10th grades, and all students in literacy intervention classes, receive additional academic supports in the school day in order to be successful.
SIFE students and students impacted by economic and social emotional needs need multiple opportunities to demonstrate mastery and to earn A to G credits.	Students with interrupted formal education, or SIFE students, must make up multiple years of missed schooling while learning a new language and getting on track to graduate. SIFE students must have supportive conditions in school and through summer school to achieve the level of accelerated learning they must do in order to graduate.

	Percentage of students who have passed dual enrollment courses with a C- or better	dulvily	Percentage of students who participated in at least 1 Work-Based Learning				On Track to Graduate - 11th Grade	
A smaller proportion of OIHS students receive a D or F than the district, in part due to counseling that allows them to withdraw prior to receiving a potentially bad grade.	OIHS students perform to the same level as all OUSD students in dual enrollment courses. In 2018-2019, 84.45% of the 193 OIHS students who enrolled in DE classes from Fall 2018 to Summer 2019 passed their classes with a C- or better. This course passage rate is similar for the district wide rate for the same period, which was 85%.	In 2019-2020, all students in the 11th grade collaborated with a visiting artist in their English class and with software engineers in the Media Pathway elective class. 9th and 10th grade reading students collaborated with a community partner on a hands on redesign project of the school gardens.	All classes are required to have a project that integrates pathway specific skills into the project.	WBL experiences occur in pathway electives at each grade and in advisory classes in each grade.	OIHS students had come from farther behind and then surpassed the typical district student over the course of 11th and 12th grade.	By comparison at the district level students in the class of 2020, in 11th grade showed an on track status of 43.4%. However, by the middle of 12th grade, these same students had an on track to graduation rate of 50.6%.	For example, students in the class of 2020 in 11th grade showed an on track status of 46.1%. However, by the middle of 12th grade, these same students had an on track to graduation rate of 65.5%.	OIHS is very successful in enrolling all students in a sequence of classes designed to keep them on track to graduate and create multiple opportunities for students to make up credits over the course of their career at the school.
	Multilingual learners have many of the skills needed to perform, but often need additional support to be successful in accessing and successfully participating in dual enrollment classes.		learning activities.					OIHS students need multiple opportunities to develop literacy skills in English and to earn credits needed to graduate. summer school at OIHS is critical in meeting both needs.
	All students, including SIFE students, must have access to and participate in dual enrollment classes that are college credit bearing, and have in school support to ensure course passage.		in which they can use their multilingual skills to contribute to their overall learning and success in a variety of professional contexts and settings. SIFE students must have supportive conditions in school and through summer school to achieve the level of accelerated learning they must do in order to enroll in the Media Pathway as 10th graders.
	When looking at 11th and 12 pathway participation is 98.9 the district average of 85.4%	When looking at 11th and 12th grade, OIHS pathway participation is 98.9% compared to the district average of 85.4%			
PATHWAY QUALITY ASSESSMENT					
Using the Measure N Self Assessment Rubric. assess the following:	Evidence of Strengths	Areas For Growth	r Growth		Next Steps
s Academics 4, 5 of rubric)	Our current mission statement is: "Oakland International High School is a wall to wall multimedia pathway that gives students the tools and skills to be effective digital communicators in the 21st century. Students build technical skills in the fields of art and digital media that will push them to become makers and creators, not just consumers." Our strengths include: 1) our pathway theme, which intentionally develops digital technology and communication skills for newcomers, 2) Our partnerships with KDOL, YouthBeats, and Code Nation which provide mentorship with industry professionals, and work based learning. 3) dual enrollment opportunities in Math, ESL and Media studies, 4) Media pathway elective courses that are vertically aligned and teach students the digital communication skills across the curriculum, which is integrated into school wide OHIS Portfolio Competencies 5) Multimedia projects in all classes and all grade levels at least once per year, with integrated multimedia projects at every grade level 6) all students are cohorted and 7) Teachers have common prep time to collaborate and meet in departments, as well as 2 release days a year to observe colleagues and collaborate.	ional Deeper work remains in terms of regular review by industry and post secondary partners, which the Media Department is currently addressing through the KDOL practicum and partnership with Code Nation, who provides industry mentors who push into the 11th grade pathway elective. These relationships will lead to work based practicums in the 12th grade. We are also working with the Oakland Parks and Rec Department and Coffee 1951 to develop internships for OIHS students in which their multilingual skills can be valued. These internships can lead to employment opportunities. sorted orate		OIHS was ontrack to placinternships in 2019-2020, internships due to school internships due to school in 2020-2021, OIHS will prinimum of 50 pathway s 19 impacted context. We will also expand oppoenrollment classes in material school of the core c ELD 1-5 and other core c	OIHS was ontrack to place 50+ students into post session internships in 2019-2020, but we were not able to actualize the internships due to school closures and the shelter in place. In 2020-2021, OIHS will provide internship opportunities for a minimum of 50 pathway students by redesigning WBL in a covid-19 impacted context. We will also expand opportunities in summer school for dual enrollment classes in math, ESL and Media studies, as well as ELD 1-5 and other core content classes, such as Geometry.

			THE RESERVE OF THE PARTY OF THE
		WBL (page 6 of rubric)	(pages 3,4,5 of rubric)
These partnerships include KDOL, YouthBeats, Code Nation, Oakland Parks and Rec and Coffee 1951. Through our collaboration with these partners, we have been able to offer internship classes during post session, bring industry professionals to our classrooms, and mentorship with professional in the field of software development.	WBL activity. In 2019-2020, 69.6% of OIHS students had participated in 1 or more WBL activities, compared to the district rate for all students, which was 21.9%. This may be somewhat the result of sites not fully entering WBL data into Aeries yet. Oakland International portfolio competencies, a rubric based school wide assessment of student growth, which includes the "effective digital communicator" rubric is a current strength of the media pathway at OIHS. These rubrics have established coherence for the entire school. OIHS has also done the initial work required to expand the scope and quality of all work based learning opportunities for all students by establishing new partnerships and by asking teachers to implement more WBL in their curriculum.	Although impacted greatly by the covid-19 pandemic and shelter in place, OIHS outperformed the district in terms of the percentage of students participating in at least 1	earmed their CTE credentials. These are the same teachers who collaborated to create a "effective digital communicator" rubric, which is part of our portfolio competencies. These portfolio competencies. These portfolio competencies. These portfolio competencies inform all curriculum planning and instruction at OIHS. The "effective digital communicator" rubric reflect industry standards and supports critical thinking and creativity. Our students are supported in making connections across the curriculum, as evidenced by the media integrated projects at every grade level. Students design and defend high quality products and services as a result.
	the multilingual skills our students can offer, especially in digital communication. In 2019-2020, OIHS was embarking on promising partnerships with Oakland Parks and Rec and Coffee 1951. We will recommit to these partnerships in 2020-2021 and look to establish others so that OIHS students have the opportunity to use the skills they have developed at OIHS in real world, professional contexts before they graduate from high school.	Areas for growth include establishing working partnerships with employers and organizations that value and needs	integrated projects and units require a high level of willingness and ability to collaborate across content areas. We want to provide the support needed for teachers to increase the amount of opportunities students have to engage in integrated projects, as the 11th grade team has been able to produce.
		The OIHS Learning Lab will support the development of internships for all OIHS students, including SIFE, UAY and SpEd students.	The leadership team, instructional coach and administrators will collaborate to provide more structured opportunities for teachers to integrate curriculum and projects across content areas. We will look at calendaring teacher release days, weekly PD, and team time to provide increased opportunities to support integrated curriculum aligned with the media pathway.

				Pathway Strategic Goals
	2020-2021: YEAR ONE ANALYSIS	2020-2021: YE		
OIHS will continue to develop partnerships with businesses and organizations that value and have a need for the multilingual skills our students can offer in a professional workplace. OIHS will also increase access to dual enrollment media courses and explore ways to strengthen the connection between our media pathway and community college media programs. OIHS will make more visible to students that media and digital communication skills are integral to all businesses and professional careers by aligning WBL activities explicitly to our pathway mission and goals.	Areas of growth include: 1) providing authentic work based learning opportunities integrated into all courses, 2) integrating a framework that supports and celebrates multilingualism in media pathway curriculum and projects, both in media elective course and all content courses, 3) expand opportunities for SIFE students to participate in WBL activities, including internships) that are engaging and can lead to career pathways beyond high school.	OIHS is a wall to wall pathway, and all students, including SIFE, UAY, and SpEd, are enrolled in the Media pathway. Unless a student has academic credits that need to be recovered to the extent that they cannot enroll in a Media Elective, every student is enrolls in Media Electives from 10th to 12th grade. All classes and every grade level teach at least one media integrated unit and project, so that all students have the opportunity to learn and develop media and digital communication skills.	OIHS is a wall to including SIFE, to Media pathway. Media pathway that need to be renroll in a Media Media Electives every grade leve unit and project, to learn and devisalis.	Pathway Student Outcomes (page 2 of rubric)
practices around supporting students with developing college and career plans, as well as other schools in the Internationals Network of Public schools. OIHS will convene a working group to redesign the processes by which students make connections between VBL experiences, their learning in and out of school, and making informed college and career plans for themselves.	Areas or grown would be around now students plan for college and career. There is a disconmect between the college and career exploration students are doing within their advisories and teams and the graduation plans they hold with their academic counselor. In 2019-2020, the academic counselor introduced graduation contracts. We want to move towards a more systematic approach so that students can make the connections between learning, graduation and the college and career plans they hold for themselves. We want adults to be facilitative and students to feel ownership.	orns is a wait to wait patriway, students are conorted and teachers are organized in teams. Teams engage consistently in the regularly scheduled case management of students. Advisory teachers on each are responsible for advocating for and supporting their advisees. Teacher collaborate on teams to communicate about students with their families via Jupiter Ed, parent-teacher conferences, and home visits. Teams and advisors make COST referrals for students when needed. Teams support college and career exploration in advisory classes, collaborating with academic counselors to support students in understanding their high school transcripts and credit needs, to identify college and career goals, to make plans and taking steps towards achieving those goals. The after school program also supports students with job searches, applications and resume writing.	and teachers are organ consistently in the reg management of stude responsible for advoca advisees. Work with RAD to add Students with Interrupted Formal Education (SIFE) If Unaccompanied Youth (UAY) and Refugee/Asylee Students (RA) tags to dashboard tools that measure effectiveness of Measure N implementation.	Requested support in disaggregating WBL data for Students with Interrupted Formal Education (SIFE) Unaccompanied Youth (UAY) and Refugee/Asylee Students (RA). This is work in progress.	BL data for Students with accompanied Youth (UAY) is work in progress.	OIHS will monitor participation in and successful completion of internships among our Students with Interrupted Formal Education (SIFE) Unaccompanied Youth (UAY) and Refugee/Asylee Students (RA), establishing a baseline and goals for improvement.	ation in and succe udents with Interru mpanied Youth (U (RA), establishing	ssaful completion of upted Formal (AY) and (A) a baseline and goals
The OIHS leadership team, teachers and staff will engage with disaggregated data from the OUSD dashboard to evaluate strengths and rareas of growth for our media pathway and make plans to address any gaps in student outcomes and improve the program.	The OIHS leadership team, teachers and staff are collaboratively reviewing data to identify priority strengths and priority challenges in our media pathway. We also participated in a CDE review of our CTE program in March 2021. In the summer of 2021 OIHS will participate in ECCCO, will create and hire for a new position for a Career Transition Counselor, and is looking to hire an Internship teacher for 2021-2022.	staff are collaboratively staff are collaboratively is and priority challenges ed in a CDE review of our mer of 2021 OIHS will re for a new position for a ing to hire an Internship	OIHS will support the new Career Transition Counselor, cross training them both the Wellness Team and Academic Counseling Team to create systems of support for a caseload of students who choose to transition to careers after graduating high school. OIHS will integrate the new Internship Teacher across the 11th and 12th grade teams and support them to build systems of support for all students participating in internships.	v Career Transition Illness Team and A support for a case to careers after graw Internship Teach d support them to a support them to a support in internation in internation of the support them to a support the support them to a	Counselor, cross Academic Counseling seload of students aduating high school. her across the 11th build systems of nships.
For 2021-2022 are there any revisions to the strategic actions or new strategic actions, list below:	c actions, list below:				
Strategic Actions - What are the 3-5 key new or revised strategic actions to support pathway development in 2021-2022?	What evidence will you look for to know you are successful? - How are you considering adapting your strategic actions for 2021-2022 given what you have learned this year about how to best support students?	ou are successful? stegic actions for 2021-2022 ç	iven what you have learned t	nis year about how t	o best support
During COVID the need for greater flexibility in synchronous and asynchronous instruction was evident, as was the need to flexible interventions—academic, counseling, and wellness.	We want to create and staff academic and wellness support outside of the contract hours to support our working students in staying engaged and on track to graduate.	nd wellness support outside	of the contract hours to su	lpport our working	students in staying
Budget Analysis of 2020-2021 Measure N Budget					
Impact of 2020-2021 Budget Expenditures - How did distance learning impact your budget expenditures? - What did you find was the most effective use of resources towards your goals and strategic actions and why?	i strategic actions and why?				
In 2020-2010 we made a carryover plan to fund transitional counseling for 2021 graduates attending 2 and 4 year colleges through an extended contract for our academic counselor and to fund a contract with part time Peralta counselors. We also planned to augment the summer school program at OIHS through extended contracts for teachers to teach summer school and extra time for paraprofessionals and or newcomer assistants to provide academic support and case management of summer school students beyond summer school hours as a means of mitigating learning loss, CSU/UC non-eligibility, and to retake courses to improve D's earned during distance learning.	2021 graduates attending 2 and 4 year cost program at OIHS through extended cost summer school students beyond summ	olleges through an extende contracts for teachers to tea ner school hours as a meal	nrough an extended contract for our academic counselor and to fund a contract w for teachers to teach summer school and extra time for paraprofessionals and or ol hours as a means of mitigating learning loss, CSU/UC non-eligibility, and to rete	c counselor and to ra time for parapro s, CSU/UC non-eli	fund a contract with ofessionals and or igibility, and to retake
We found the most effective use of resources towards our goals and strategic actions were the investments we made in staff. Newcomer Assistants Paraprofessionals and Americorps staff made huge impacts in supporting students academically and connecting them to services such as mental health supports, tutoring, and other services meant to mitigate the impacts of the pandemic (relief funds, access to healthy food, support around renters rights to name a few.) Furthermore, staff funded through Measure N were integral in distributing technology to students in support of distance learning, offering tech support and delivery of technology to students at their homes. These staff members have been engaging in the case managment of students around re-engaging with learning in distance learning, while also supporting synchronous and asynchronous learning.	jic actions were the investments we mad as mental health supports, tutoring, and o d through Measure N were integral in dis e been engaging in the case managmen	e in staff. Budget Expenditures					
2021-2022 Budget: Enabling Conditions Whole School					
Budget Justification: Enter one to two sentences to create a Proper Justification using the questions below. Explicitly describe the expenditure - no vague language, no acronyms, no hyperlinks and quantify when applicable. - What is the specific expenditure or service type? - How does the specific expenditure or service type support or is aligned to pathway development? - How does this expenditure improve student engagement and how many students will be served? - What need does this specific expenditure or service type address?	COST OBJECT CODE	DE OBJECT CODE DESCRIPTION	POSITION TITLE	FTE	PATHWAY NAME (if applicable)

Mullilledia Falliway			Stipends	- 120	-	OIHS students, including SIFE (Salary & Benefit Costs)
Multimodic Dath			Teacher Salaries	1120	\$1.816.74	Teacher Salaries Stipends: Extended Contracts for Summer School teachers to support credit recovery and FI D enrichment classes for all
Multimedia Pathway	.40 FTE	Paraprofessional	Classified Support Salaries	2205	\$23,879.63	Hire 2 Paraprofessionals, at .20 FTE each = .40 FTE Total: to support instruction and learning for all students, including SIFE, in all literacy classes and 9/10 classes, to provide tutoring in the after school program, to chaperone all college and career field trips, to support school wide career week, academic interventions, portfolio assessments, and post session. NOTE: This represents a decrease in FTE from our initial 2020-2021 Measure N plan, where we planned to hire additional paraprofessionals in lieu of newcomer assistants as a means of widening the applicant pool and thus potentially hiring more former students. This plan did not pan out in 2019-2020 and we anticipate all 2020-2021 newcomer assistants to return in 2021-2022. (Salary & Benefit Costs)
Multimedia Pathway	4.80 FTE	Newcomer Assistant	Classified Support Salaries	2205	\$313,974.60	Assistant at .80 FTE = 4.80 FTE Total) to support instruction and learning for all students, including SIFE, in all literacy classes and 9/10 classes, to provide tutoring in the after school program, to chaperone all college and career field trips, to support school wide career week, academic interventions, portfolio assessments, and post session. NOTE: This is an increase in FTE for Newcomer Assistants and is due to the need for additional adult support as students transition back from distance learning to in person instruction. Current 11th grade data shows a decrease in A-G completion rates from 60% for the class of 2020 to 28% for the 2022 graduating class. (Salary & Benefit Costs)
