
Name: Teaching and Learning Committee

Type: Committee

Description: The Teaching and Learning Committee shall review and/or propose policies on curriculum, instructional programs and related support services as well as handle bids and contracts for instructional related services, including but not limited to supplementary academic programs and instructional technology for the District. The committee also shall review student services issues and programs, including but not limited to student truancy and related programs except pupil discipline and student safety issues assigned to the Safety Committee. Coherent Governance Operational Expectations (OEs) 11 and 12 are assigned to this Committee. The committee also shall handle other matters assigned. (Board By-law 9130)
