Legislation Text

File #: 17-1319, **Version:** 1

Adoption by the Board of Education of a position of "Support" for Assembly Bill 1360 - Charter Schools: Pupil Admissions, Suspension, and Expulsions, requiring charter schools admission, suspension, and expulsion procedures to comply with specified minimum procedural requirements, including that the procedures should comply with federal and state constitutional due process requirements. Also requires a charter school's expulsion procedures to ensure that the student is entitled to a formal hearing and would authorize a pupil to appeal the expulsion to the County Board of Education.
