This is a work based learning opportunity for students to learn the business behind construction by learning project management and document control. Students will attend weekly design team coordination meetings with Architect, Engineers, and other consultants, They will participate in Project Site Visits and Inspections and learn about Construction Management, Scheduling, Financial Modeling, Due Diligence/Research, Contracts Document Development, and Software (AutoCAD, Excel, Database Management).</p> <p>3 Interns for 12 weeks, 20 hours per week, totaling 240 hours of direct experience. Stipend amount will approximately \$500 per student.</p>	\$1,500.00	5885	Professional / Consulting Services			Business Entrepreneurship

School Name:	Leadership Public School Oakland R&D	Site #:	9126
---------------------	---	----------------	-------------

Pathway Name(s):	Business Entrepreneurship & Digital Media and Communications
-------------------------	---

School Description

LPS Oakland R&D was established as a school in August of 2012. In early 2012, a committee of concerned constituents (staff, representatives of the LPS College Park community) met to discuss strategies to provide a new model of schooling for students in the East Oakland region. With the support of the Leadership Public Schools Superintendent, Louise Waters, a charter petition was filed and approved in May of 2012.

LPS Oakland R&D was committed to creating new learning experiences for students. A strong College Counseling program was started in 2013. Students were provided with a strong foundation in college and career exploration. In part, this led LPS Oakland R&D to become one of the top schools for A - G completion in Oakland.

Over the last six years, our school has developed a strong reputation for creating a safe and supportive learning environment for students of a varying skill levels and learner profiles. Our school has focused on providing culturally responsive teaching, restorative practices, and academic interventions. LPS Oakland R&D currently serves 9th-12th grade students. Our student body consists of approximately 348 students, of which approximately 70% qualify for Free and Reduced Lunch.

School Mission and Vision

Committed to excellence and equity, Leadership Public Schools' and LPS Oakland R&D's mission is to serve diverse and traditionally underserved urban students, their teachers, and the public by sending 100% of our graduates to and through college. We believe that all students, regardless of SES, ethnicity, or neighborhood, have the right to an education that prepares them for admission to and success in college. The majority of our students enter ninth grade scoring below grade level across multiple subjects. A key component of fulfilling our mission thus consists in bringing our students up to or above grade level as rapidly as possible. Further, we collectively aim to narrow the achievement and opportunity gaps between the highest and lowest performing students, eliminating the predictability of which student groups (race, gender, language profile, learning designation) occupy the highest and lowest achievement categories.

- In addition to our primary mission we also strive to:
- Improve the academic achievement of all students
 - Close the achievement gap of educationally disadvantaged students
 - Foster student leadership and dedication to public service
 - Create differentiated supports for college access and success for students via our College Lunch Program

School Demographics

2022-23 Total Enrollment Grades 9-12								348	% Current Newcomers
									0.0%

Special Populations	% Male	% Female	% Oakland Residents	% LCFF	% English Learners	% LTEL	% SPED RSP	% SPED Mild-Moderate	% SPED Severe
	45.3%	54.7%	95.7%	96.6%	40.1%	29.8%	12.9%	14%	0%

Student Population by Race/Ethnicity	% African-American	% Native American	% Asian	% Hispanic/Latino	% Filipino	% Pacific Islander	% White	% Multiple Ethnicity	% Not Reported
	4.0%	0.0%	0.29	94.3%		0.0%	0.57	0.0%	0.86%

Focal Student Population	Which student population will you focus on in order to reduce disparities?	After an analysis of our data, our team uncovered that our male students continue to experience the most challenges and believe that Linked Learning experiences can change their relationship with school and support male students in completing high school with college credits and a clear post-secondary plan aligned to their interests.

ROOT CAUSE ANALYSIS							
Root Cause Analysis is the process of discovering the root causes of problems in order to identify appropriate solutions. Sites engage in this process every 3 years to inform strategic actions around our identified data indicators.							
Indicator <i>Instructions: Complete the Strengths and Challenges columns for all indicators in bold (lines 41-44). Then select ONE of the indicators from lines 45-48 (color coded in peach) to complete. You will complete Strengths and Challenges for a total of 5 indicators/combinations of indicators.</i>		Strengths <i>What is our site doing well that's leading to improvements in this indicator?</i>			Challenges <i>What 1-2 challenges are the most significant barriers to improvements in this indicator?</i>		

<p>Four-Year Cohort Graduation Rate & Four Year Cohort Dropout Rate <i>(Analyze these two indicators together)</i></p>	<p>Schoolwide our Four-year Cohort Graduation Rate increased by .3% this past year, from 88.1% to 88.4%. While we aim to continue to increase this rate, we note that compared to the state average (for all students and for all subgroups), our graduation rates are above average. We continue to support students who need the additional summer after senior year to fulfill their A-G requirements and graduate on time. While this is small number of students, we know that it is vital to continue this practice. This was strengthened by deep connections to advisory and student understanding of A-G requirements. Advisors hold a caseload of students from from 9th-12th grade. During advisory, students review their own transcripts and track their A-G course completion. Student ownership and teacher support helped make this increase possible. In addition, LPS Oakland is still recognized as one of the top schools for A-G completion for Latinx students in Oakland.</p>	<p>As a small school with an enrollment of less than 350 students, it is particularly challenging to offer a wide variety of courses with sections across all grade levels while ensuring each section meets the minimum number of students per class. Less than half (7 of 15) of the teaching staff holds full teaching credentials and about half of the courses offered are in-person online classes with 100% virtual content. Consequently, when students do not pass A-G courses it is difficult for them to retake them during the regular school year without also attending the summer credit recovery session. Sustained academic underperformance, due in part to inadequate classroom support, often leads to students' diminished self worth and is further compounded by the dread of the extended school year. These factors contribute to students and families reevaluating the benefits of remaining at LPS Oakland and may prompt them to seek opportunities elsewhere.</p>
<p>A-G Completion - 12th Grade</p>	<p>Our A-G completion rate strongly stands at 88.1% including for our target group of male students. We also anticipate seeing a higher A-G completion rate for our Special Education students in this senior cohort due to the intensive case management and collaboration between general education and special education staff that has taken place for the last four years. This level of intense case management with a focus on supporting the development of their independence and connection to college and career is now an area of focus for our rising grade levels of Special Education students as well.</p>	<p>The 12th grade senior class of 2023 is arguably the most negatively impacted class by the global COVID-19 pandemic to date. They spent the majority of their 9th and 10th grade years in a distance learning format within an unprecedented system of fluid and/or undefined standards of attendance, student engagement, and grading standards. Transitioning back to in-person learning on a high school campus for the first time during the high-stakes junior year was very challenging both socially and academically. The circumstances for A-G completion for this group of students has been and remains far from ideal.</p>
<p>On Track to Graduate - 9th Grade & 9th Graders meeting A-G requirements <i>(Analyze these two indicators together)</i></p>	<p>This year nearly 73% of 9th graders are on track to graduate. The 9th Grade Team of teachers and other support providers have continued to work to create individualized plans for struggling male students around completion of A-G requirements.</p>	<p>Challenges faced were first year out of the pandemic and being behind grade level and needing to learn Tier 1 skills once again. Second challenge was staff retention/stability. Upon return from the virtual learning environment staff turnover rate increased, the number of credentialed faculty decreased, and the number of web-based courses with in-person non-credentialed staff support increased. Currently, 21/78 (27%) of all classes offered are online.</p>
<p>College Enrollment Data: Percentage of students enrolling in 2-year and 4-year colleges within one year of graduation <i>(Analyze these two indicators together)</i></p>	<p>This data is not available due to incorrect coding. Moving forward, we will make sure we have this data available in the future.</p>	<p>First year challenges continue to be a result of pandemic and the school needs to address academic skills (i.e. vocabulary, context clues, essay composition, seeking editorial assistance, etc.) that are required to successfully complete college enrollment materials (i.e. applications, personal statements, FAFSA, etc.). Our incomplete, undertrained, and understaffed counseling team did not have the capacity to assist students adequately.</p>
<p>Percentage of 12th Graders who have participated in an employer-evaluated internship or similar experience</p>		
<p>Percentage of students who have passed any dual enrollment course with a C- or better in grades 9-12</p>		
<p>Percentage of 10th-12th grade students in Linked Learning pathways</p>		
<p>CTE Completion Data: Percentage of students who attempted CTE program completion and achieved a C- or better in both the Concentrator and Capstone course</p>	<p>53% of students attempted CTE program completion and achieved a C- or better in both the Concentrator and Capstone. Among males the rate is 10.6%. This indicator is an area of growth for us.</p>	<p>Challenges include an inaccurate and incomplete CTE pathway program which was missing key anchor courses and a certification component. These omissions caused students to be unclear on the academic goals and decreased motivation and participation. Addressing the incomplete pathway sequencing has been an important focus this school year. We have developed a plan with Peralta (Merritt College and Berkeley City College) to implement a complete CTE pathway program that will include key anchor courses and a student certification component.</p>

2023-2024: YEAR ONE ANALYSIS						
Whole School Strategic Actions (to address enabling conditions for high quality pathway development)						
<p>2023-24 Strategic Actions Based on your data analysis, what are 3-5 key strategic actions your Whole School can undertake to enable your pathways to directly address the challenges identified above?</p>						
Continue to recruit and hire credentialed classroom teachers to eliminate the need for universal online student learning systems and increase in-person, expert-led content-specific instruction.						
Reestablish parent stakeholder groups such as PTSA and ELAC to facilitate ongoing workshops on A-G requirements, graduation requirements, pathway/linked learning requirements, and opportunities for integrated work-study programs.						
We will offer credit recovery during the summer months through the web-based program Edgenuity to 9th-12th students in order to get them back on course.						
We will establish and maintain a fully-staffed and effective academic/college counseling team that will provide students with increased opportunities for academic and college counseling, including step-by-step assistance in accessing and completing 2- and 4-year college enrollment materials.						
Recruit and hire qualified social emotional counselors/therapists to support students' SEL competencies and overall well being.						
Budget Expenditures						
2023-2024 Budget: Enabling Conditions Whole School						
<p>BUDGET JUSTIFICATION For All Budget Line Items, enter 3-5 sentences to create a Proper Justification that answers the below questions. For Object Codes 1120, 5825 and all FTE, please also make sure to respond to the additional Budget Justification questions outlined in the EIP Budget Justification Instructions.</p> <p>- What is the specific expenditure or service type? Please provide a brief description (no vague language or hyperlinks) and quantify if applicable.</p> <p>- How does the specific expenditure impact students in the pathway? (Where possible, also consider how the expenditure supports your 3-year goals or 2023-24 strategic actions.)</p> <p>We encourage you to refer to this list of OUSD's Object Codes if you have questions about which object codes to use. <i>Please note that this is a comprehensive list of all OUSD's object codes and not all of them are permissible uses of Measure N funds. Please refer to the Measure N Permissible Expenses document to confirm permissibility.</i></p>	COST	OBJECT CODE	OBJECT CODE DESCRIPTION	POSITION TITLE	FTE	PATHWAY NAME (if applicable)
<p>Hire a Career & Community Leadership Coordinator, at 1.0 FTE to work with pathway teachers to develop Work Based Learning experiences and career preparedness in school. Specific Job duties include: Establish and maintain effective relationships with local industry experts, employers, community colleges, and other local/regional community-based organizations and agencies; plan and facilitate on-and-off site student, family, and community-wide college and career exploration opportunities, meetings, presentations and activities; support the expansion of Career Technical Education (CTE) Pathways; collaborate with stakeholders to ensure wide participation in career exploration opportunities; coordinate and maintain the job shadow program; support work-based learning activities; overseeing the Implementation of Measure N/H plan; support the implementation of Linked Learning. Mission and Vision	Committed to excellence and equity, Leadership Public Schools' and LPS Oakland R&D's mission is to serve diverse and traditionally underserved urban students, their teachers, and the public by sending 100% of our graduates to and through college. We believe that all students, regardless of SES, ethnicity, or neighborhood, have the right to an education that prepares them for admission to and success in college. The majority of our students enter ninth grade scoring below grade level across multiple subjects. A key component of fulfilling our mission thus consists in bringing our students up to or above grade level as rapidly as possible. Further, we collectively aim to narrow the achievement and opportunity gaps between the highest and lowest performing students; eliminating the predictability of which student groups (race, gender, language profile, learning designation) occupy the highest and lowest achievement categories.		
PATHWAY QUALITY ASSESSMENT			
<i>Using the 2023-26 College and Career for All and Linked Learning Quality Standards, self-assess in each category</i>	Evidence of Strengths	Areas For Growth	Next Steps <i>Will any of these categories be a priority for your 3-year goals? If yes, which ones?</i>
Integrated Program of Study Equitable Admissions Cohort Structure Curriculum and Instructional Design and Delivery Assessment of Learning Early College Credit Opportunities Partner Input and Validation	Due to LPS Oakland R & D's pathway admissions process, all students, grades 10-12, are provided with an equitable and open process that allows all students the opportunity to access high-quality instruction and experience the academic rigors of a college structured classroom. LPS Oakland R & D has found that the provision of the Business Entrepreneurship Pathway Program has established for our students the exploration of detailed and structured business practices through uniquely targeted curriculum and instructional design (business industry based instructors provide a wealth of knowledge and opportunity). The cohort structure encourages students to build a connection with each other and institute their network. In addition, the provision of college credit while in high school is a strength that gives our students a head start in their higher learning journey. Our community partners have provided strong support to ensure that our students succeed.	LPS Oakland R & D plans to strengthen their approach to restructuring how it approaches developing integrated learning strategies and integrated program of study. We have realized the benefits of this program and will continue to assess our learning environment and instructional design of the program in order to produce positive student outcomes. LPS Oakland recognizes the importance of sustaining academic support to our students in order to avoid student failure of coursework. Putting stronger systems in place that will assist them succeed academically is necessary.	-Acquire a Measure N/H Consultant to provide guidance in programming for curriculum and instructional design and assessment of learning to keep program on track and headed towards gold standard.
Work Based Learning Work Based Learning Plans Student Work Based Learning Experiences and Self Assessments Work Based Learning Provider Assessment of Student Workplace Readiness	Due to LPS Oakland R & D's efforts to create an equitable and supportive WBL environment, we continue to extend career preparation opportunities to our 10-12 graders by providing exposure to our community partners (Genesys works LPS C & C Advisory Board Members). Our Counseling team and Career and Community Leadership Coordinator provided work-based learning and career support through career panels, and internship opportunities. Our scholars experienced internships through Genesys works with industry led giants such a Google and Facebook to gain first hand experience in a potential career of their choice. Internships included built in professional development for all participants , one on one on the job coaching, and support with adding internship experiences to their resumes.	LPS Oakland R & D has plans to establish and extend work-based learning opportunities by implementing relationships with several information, communications, and technology industry partners that align with our goals and objectives.	-Prioritize creating and maintaining work based learning experiences with targeted community partners that support student interest and the business pathway program. Develop workshops around workplace readiness and basics skills.

<p>Integrated Student Supports College and Career Preparation and Support Social-Emotional Skill Development Individual Student Supports Student Input and Validation</p>	<p>Due to LPS Oakland R & D's efforts to create an equitable and supportive environment, we continue to extend student-focused college and career preparation opportunities to 10-12 graders in the areas of dual enrollment pathways and exposure to community partners (Genesys works C & C Advisory Board Members, etc.). Our Advisory classes, Counseling teams, and Career and Community Leadership Coordinator provided college and career preparation regularly. In addition, one of our main focuses was to ensure that our students basic needs are being met so they were able to fully focus on their academic development and social-emotional skills. LPS R & D continues to value student input in order to strengthen our support system practices. Our students felt validated.</p>	<p>LPS Oakland R & D realizes that the college supports staff needs to be more robust and intentional in approach.</p>	<p>-Prioritizing academic and social-emotional support for our students that are in the pathway cohorts. Promote students' academic success by developing or securing and coordinating supports that target academic and non-academic barriers to achievement.</p>

2023-2024: YEAR ONE ANALYSIS

Pathway Strategic Goals

Pathway Quality Strategic 3 Year Goals

Based on the standards assessment, what are your goals, objectives, or intended outcomes for this next 3 year cycle? Write them as SMART goals (Specific, Measurable, Achievable, Relevant & Time-Bound) using language from the Standards as a guide. Goals should start with the words "By 2026..." Example: By 2026 we will create and utilize a WBL reflection form and 100% of students will complete it after any type of WBL activity. We will share responses with students so they can reference for resume and college application development. The teacher team will review responses at least once per year and use information to update the pathway WBL plan.

<p>Goal #1: By 2026</p>	<p>By 2026, LPS R&D will establish a student-focused integrated program of study that includes cross-subject and industry-infused curriculum and instructional design. By 2026, all Pathway students will experience at least 2 integrated projects in grades 9-11 and an integrated capstone project in 12th grade.</p>
<p>Goal #2: By 2026</p>	<p>By 2026, LPS Oakland R&D will fully develop and implement a robust work-based learning continuum that ensures that 100% of graduates completes a range of work-based learning experiences, including an internship or similar industry-related practicum.</p>
<p>Goal #3: By 2026</p>	<p>By 2026, 90% of the Digital Media Communications students will successfully complete a sequence of dual enrollment courses that culminates in a certificate in Digital Media Communications. In addition, LPS will research and implement a system of integrated student support strategies to ensure student success in dual enrollment courses.</p>

Pathway Strategic Actions

Strategic Actions for 2023-24

What are 3-5 key strategic actions for 2023-24 that will support you in reaching your identified 3 year goals?

<p>Strategic Actions for Goal #1</p>	<p>Leverage partnership with Peralta Community College District of four local colleges to obtain CTE course outlines and identify units that lend themselves to curriculum integration.</p>
	<p>LPS staff will visit other schools within the district to witness and learn from well-established interdisciplinary projects(e.g. compare and contrast reporting of geopolitical events according to mainstream medias' countries of origin and the impact it has on digital media communications as seen in English, visual and performing arts, and history/social science classes).</p>
	<p>Career & Community Leadership Coordinator will work with teachers to design and implement interdisciplinary projects at each grade level.</p>
	<p>When creating the master schedule and professional development calendar, ensure that collaboration time is set aside for CTE and integrated core academic staff members to work on interdisciplinary projects</p>
<p>Strategic Actions for Goal #2</p>	<p>LPS Oakland will revise and enhance a comprehensive Work Based Learning continuum for all students, with a scope and sequence that includes career awareness, career exploration, job shadows, informational interviews, resumes, mock interviews, internships, capstone projects, and other key aspects of work-based learning.</p>
	<p>LPS Oakland will reestablish an intentional focus on developing a strong college and career culture which includes research-based practices that support the development of every student as a college and career-ready graduate.</p>
	<p>LPS Oakland will work with, expand, and enhance industry partnerships (e.g. local community based non-profit organizations, engineering and construction companies currently operating on campus, etc.) that support work-based opportunities for all students</p>
	<p>Career and Community Leadership Coordinator will work with students, teachers and industry partners to develop on-campus WBL opportunities</p>
	<p>School administration and Career and Community Leadership Coordinator will ensure professional development for all faculty on ways in which they can connect classroom learning and work-based learning.</p>
	<p>Recruit and retain strong student support staff</p>

Strategic Actions for Goal #3	Provide ongoing targeted professional development to LPS staff around effective integrated systems of student supports, including best practices for supporting student success in dual enrollment classes
	Provide early systematic assistance to students in dual enrollment and connect them to appropriate interventions and supports

Pathway Budget Expenditures

2023-2024 Pathway Budget

BUDGET JUSTIFICATION For All Budget Line Items, enter 3-5 sentences to create a Proper Justification that answers the below questions. For Object Codes 1120, 5825 and all FTE, please also make sure to respond to the additional Budget Justification questions outlined in the EIP Budget Justification Instructions . - What is the specific expenditure or service type? Please provide a brief description (no vague language or hyperlinks) and quantify if applicable. - How does the specific expenditure impact students in the pathway? (Where possible, also consider how the expenditure supports your 3-year goals or 2023-24 strategic actions.) We encourage you to refer to this list of OUSD's Object Codes if you have questions about which object codes to use. <i>Please note that this is a comprehensive list of all OUSD's object codes and not all of them are permissible uses of Measure N funds. Please refer to the Measure N Permissible Expenses document to confirm permissibility.</i>	COST	OBJECT CODE	OBJECT CODE DESCRIPTION	POSITION TITLE	FTE	PATHWAY NAME
Hire a College Course Facilitator for Communications Pathway, at 1.0 FTE to maintain cohort of students taking Peralta Community College District Dual Enrollment classes aligned to pathway theme, and incorporate schoolwide English Language Acquisition strategies into the facilitation of the courses. (Salary & Benefits)	\$108,062.00	1101 & 3000	Certificated Teacher Salaries and Benefits	College Course Facilitator	1.0 FTE	Digital Media and Communications
Consultant Contract with REEL Oakland: Contract with REEL Oakland for our Communications Thru Film Internship. Fees for 20-25 interns for Spring semester to further explore careers within communications and film to provide students with direct interaction with partners over time to, supporting the application of skills transferable to a variety of careers. This is an extension of a class where students have the opportunity to put their knowledge into application through a semester long internship. The partnership with REEL Oakland supports our communications pathway by providing one on one coaching and mentoring in the field of media entertainment and communications as well as project based learning.	\$5,000.00	5885	Professional / Consulting Services			Digital Media and Communications

Pathway Name:	Business Entrepreneurship		
Mission and Vision	Committed to excellence and equity, Leadership Public Schools' and LPS Oakland R&D's mission is to serve diverse and traditionally underserved urban students, their teachers, and the public by sending 100% of our graduates to and through college. We believe that all students, regardless of SES, ethnicity, or neighborhood, have the right to an education that prepares them for admission to and success in college. The majority of our students enter ninth grade scoring below grade level across multiple subjects. A key component of fulfilling our mission thus consists in bringing our students up to or above grade level as rapidly as possible. Further, we collectively aim to narrow the achievement and opportunity gaps between the highest and lowest performing students; eliminating the predictability of which student groups (race, gender, language profile, learning designation) occupy the highest and lowest achievement categories.		
PATHWAY QUALITY ASSESSMENT			
<i>Using the 2023-26 College and Career for All and Linked Learning Quality Standards, self-assess in each category</i>	Evidence of Strengths	Areas For Growth	Next Steps <i>Will any of these categories be a priority for your 3-year goals? If yes, which ones?</i>
Integrated Program of Study Equitable Admissions Cohort Structure Curriculum and Instructional Design and Delivery Assessment of Learning Early College Credit Opportunities Partner Input and Validation	Due to LPS Oakland R & D's pathway admissions process, all students, grades 10-12, are provided with an equitable and open process that allows all students the opportunity to access high-quality instruction and experience the academic rigors of a college structured classroom. LPS Oakland R & D has found that the provision of the Business Entrepreneurship Pathway Program has established for our students the exploration of detailed and structured business practices through uniquely targeted curriculum and instructional design (business industry based instructors provide a wealth of knowledge and opportunity). The cohort structure encourages students to build a connection with each other and institute their network. In addition, the provision of college credit while in high school is a strength that gives our students a head start in their higher learning journey. Our community partners that include our College and Career Advisory Board members have provided strong support to the business entrepreneurship pathway and ensure that our students succeed. We meet with the Board quarterly to update them on the progress of the program which allows them to provide insight, advice, and support in strengthening and maintaining the pathway.	LPS Oakland R & D plans to strengthen our approach to developing integrated learning strategies and an integrated program of study. We have realized the benefits of this program and will continue to assess our learning environment and instructional design of the program in order to produce positive student outcomes.	-Acquire a Measure N/H Consultant to provide guidance in programming for curriculum and instructional design and assessment of learning to keep program on track and headed towards gold standard.

<p>Work Based Learning Work Based Learning Plans Student Work Based Learning Experiences and Self Assessments Work Based Learning Provider Assessment of Student Workplace Readiness</p>	<p>Due to LPS Oakland R & D's efforts to create an equitable and supportive WBL environment, we continue to extend career preparation opportunities to our 10-12 graders by providing exposure to our community partners (Genesys Works and LPS College and Career Advisory Board Members). Our Counseling team and Career and Community Leadership Coordinator provided work-based learning and career support through career panels, and internship opportunities. Our scholars experienced internships through Genesys works with industry led giants such a Google and Facebook to gain first hand experience in a potential career of their choice. Internships included built in professional development for all participants, one on one on the job coaching, and support with adding internship experiences to their resumes.</p>	<p>LPS Oakland R & D has plans to extend work-based learning opportunities by implementing relationships with several business and entrepreneurship industry partners that align with our goals and objectives.</p>	<p>-Prioritize creating and maintaining work based learning experiences with targeted community partners that support student interest and the business pathway program. -Develop workshops around workplace readiness and basics skills</p>
<p>Integrated Student Supports College and Career Preparation and Support Social-Emotional Skill Development Individual Student Supports Student Input and Validation</p>	<p>Due to LPS Oakland R & D's efforts to create an equitable and supportive environment, we continue to extend student-focused college and career preparation opportunities to 10-12 graders in the areas of dual enrollment pathways and exposure to community partners (Genesys Works C & C Advisory Board Members, etc.). Our Advisory classes, Counseling teams, and Career and Community Leadership Coordinator provided college and career preparation regularly. In addition, one of our main focuses was to ensure that our students' basic needs are being met so they were able to fully focus on their academic development and social-emotional skills. LPS R & D continues to value student input in order to strengthen our support system practices. Our students felt validated.</p>	<p>LPS Oakland R & D realizes that the college supports staff needs to be more robust and intentional in approach.</p>	<p>-Prioritizing academic and social-emotional support for our students that are in the pathway cohorts</p>

2023-2024: YEAR ONE ANALYSIS

Pathway Strategic Goals

Pathway Quality Strategic 3 Year Goals
Based on the standards assessment, what are your goals, objectives, or intended outcomes for this next 3 year cycle? Write them as SMART goals (Specific, Measurable, Achievable, Relevant & Time-Bound) using language from the Standards as a guide. Goals should start with the words "By 2026..." Example: By 2026 we will create and utilize a WBL reflection form and 100% of students will complete it after any type of WBL activity. We will share responses with students so they can reference for resume and college application development. The teacher team will review responses at least once per year and use information to update the pathway WBL plan.

<p>Goal #1: By 2026</p>	<p>By 2026, LPS R&D will establish a student-focused integrated program of study that includes cross-subject and industry-infused curriculum and instructional design. By 2026, all Pathway students will experience at least 2 integrated projects in grades 9-11 and an integrated capstone project in 12th grade.</p>
<p>Goal #2: By 2026</p>	<p>By 2026, LPS Oakland R&D will fully develop and implement a robust work-based learning continuum that ensures that 100% of graduates completes a range of work-based learning experiences, including an internship or similar industry-related practicum.</p>
<p>Goal #3: By 2026</p>	<p>By 2026, 90% of the Business Pathway students will successfully complete a sequence of dual enrollment courses that culminates in a certificate in Business Entrepreneurship. In addition, LPS will research and implement a system of integrated student support strategies to ensure student success in dual enrollment courses.</p>

Pathway Strategic Actions

Strategic Actions for 2023-24
What are 3-5 key strategic actions for 2023-24 that will support you in reaching your identified 3 year goals?

Strategic Actions for Goal #1	Leverage partnership with Peralta Community College District of four local colleges to obtain CTE course outlines and identify units that lend themselves to curriculum integration.
	LPS staff will visit other schools within the district to witness and learn from well-established interdisciplinary projects (i.e. study of how economic trends influence revenues, expenses, profits, and accounting systems within high school economics and statistics courses).
	LPS Oakland CTE and integrated core academic staff members will convene in collaborative teams to master and implement well-established interdisciplinary projects (i.e. choosing appropriate legal business structures, developing formal business proposals, etc.)
	When creating the master schedule and professional development calendar, ensure that collaboration time is set aside for CTE and integrated core academic staff members to work on interdisciplinary projects
	Work with our Pathway Advisory Board to incorporate industry partners as consultants and evaluators of student work
Strategic Actions for Goal #2	LPS Oakland will revise and enhance a comprehensive Work Based Learning continuum for all students, with a scope and sequence that includes career awareness, career exploration, job shadows, informational interviews, resumes, mock interviews, internships, capstone projects, and other key aspects of work-based learning.
	LPS Oakland will reestablish an intentional focus on developing a strong college and career culture which includes research-based practices that support the development of every student as a college and career-ready graduate.
	LPS Oakland will work with, expand, and enhance industry partnerships (e.g. local community based non-profit organizations, engineering and construction companies currently operating on campus, etc.) that support work-based opportunities for all students
	Career and Community Leadership Coordinator will work with students, teachers and industry partners to develop on-campus WBL opportunities
	School administration and Career and Community Leadership Coordinator will ensure professional development for all faculty on ways in which they can connect classroom learning and work-based learning.
Strategic Actions for Goal #3	Partner with with Peralta Community College District of four local colleges to develop and maintain a robust pathway course sequence that reflects Measure H/N Linked Learning standards and best practices
	Provide ongoing targeted professional development to LPS staff around effective integrated systems of student supports, including best practices for supporting student success in dual enrollment classes
	Provide early systematic assistance to students in dual enrollment and connect them to appropriate interventions and supports

	COST	OBJECT CODE	OBJECT CODE DESCRIPTION	POSITION TITLE & NUMBER	FTE %	WHOLE SCHOOL OR PATHWAY NAME	Which Linked Learning pillar does this support?	
Student Stipends for Communications and Business On Site Internships: Work based learning on site internship opportunities will provide students with job training, work experience, one on one mentorship, job coaching and internships. Types of internships to be offered are with local news stations and local business owners. LPS anticipates that we will serve up to 20 students at \$500 per student.	\$10,000.00	5885	Professional / Consulting Services			Business Entrepreneurship and Information Communications Technology Pathways	Work-Based Learning	
Textbooks and Core Curricula Materials: Course Textbooks/Readers for 6 sections of COMM & BUS for students for two semesters. The textbooks will support a cohort of students taking Communications and Business courses within the Merritt Dual Enrollment program in alignment to our pathway theme. Facilitators incorporate schoolwide English Language Acquisition strategies into the facilitation of the course.	\$8,000.00	4110	Approved Textbooks and Core Curricula Materials			Business Entrepreneurship and Information Communications Technology Pathways	Rigorous Academics	

<p>Teacher Salary Stipends: For 2 certificated staff members to create and facilitate African American student cohort groups biweekly meetings. Teachers will also organize corresponding college and career relevant field trips to provide early access and awareness of post high school options. The intended outcome for this work is increased student engagement on campus in support of on track graduation. This expenditure supports our 3 year goals by increasing students' awareness of their options for post high school success. 50 students will be served. (Includes benefits)</p> <p>Budget Calculation: \$35/hour, 80 hours for 2 staff members; 20% for benefits (35 X 80 X 2) X 1.2) - \$6,720 total</p>	\$6,720.00	1105 & 3000	Certificated Support Stipends and Benefits			Whole School	Comprehensive Student Supports
<p>Staff Stipend and Benefits: Stipend for 2 non-certificated LPS staff to participate in additional professional development and to collaborate with industry professionals and colleagues. This additional work will ensure the implementation of integrated projects and career-related curricula to further expand students' understanding of our pathways and how these pathways (communications and business) work in the real world. This supports our 3-year goals by increasing students' awareness of their options for post high school success.</p> <p>Budget Calculation: 2 Staff members meeting 2 hours a week (8 hours a month) for 10 months, \$35/hour with 20% benefits (2x8x10x\$35) x 1.2 = \$6,720.00</p>	\$6,720.00	2305 & 3000	Non Certificated Support Stipends and Benefits			Business Entrepreneurship and Information Communications Technology Pathways	Work-Based Learning
<p>Transportation Fees for Industry Site Visits & Post-Secondary Options Provide field trips to industry sites and post-secondary options relevant to our Pathways, such as CTE programs at local colleges and union apprenticeships. Examples of places we plan to visit are John Muir Health, the College of Alameda Diesel Mechanics department for a tour of their facility and information about courses, a Bay Area Social Justice organization, and one government organization. These types of organizations will allow students to witness the real-world impact of the skills they are honing in their Business and Communications pathways. Additionally, students will gain insight into multiple vocations and how professionals apply their skills in each.</p>	\$7,500.00	5812	Transportation Fees			Business Entrepreneurship and Information Communications Technology Pathways	Work-Based Learning
<p>Conference Expenses: Funding for 4 Staff to attend the Educating for Careers Conference to provide professional development for career technical education. Opportunity for staff to develop a variety of delivery systems, strategies, throughout the CTE system. Includes registration costs as well as hotel to participate in the multi-day conference.</p>	\$6,000.00	5200	Travel and Conference			Business Entrepreneurship and Information Communications Technology Pathways	Career Technical Education
<p>Approved Textbooks and Core Curricula Materials needed for approximately 250 students dual/concurrently enrolled in college Statistics courses in Spring Semester. This expenditure provides relevant pathway content for students enrolled in the Statistics class with no expense to the students.</p>	\$10,000.00	4110	Approved Textbooks and Core Curricula Materials			Whole School	Rigorous Academics

Stipends for Guest Speakers for Pathway Related and/or special population groups (ELD/SPED/At Risk Of Not Graduating.) Guest Speakers will broaden students' awareness of a variety of career available to them.	\$5,000.00	5885	Professional / Consulting Services			Whole School	Enabling Conditions
Meeting Refreshments for African American student cohorts during off campus industry and career related events. These events expose our students early on to college and career, engage them in school, and support on track graduation rates for our at risk African American students.	\$1,500.00	4710	Meeting Refreshments			Whole School	Enabling Conditions
Admission Fees for staff and students to attend college expos and career conferences as available during the 2023-2024 school year to help students build awareness of the variety of careers and pathways that are available post high school.	\$2,000.00	5810	Admission Fees			Whole School	Enabling Conditions
Consultant Contract with PilotCity: Contract with Pilotcity to create integrated projects with General Education teachers and employers. The projects created by students will be presented to an employer and will culminate in on-site student internships at the company. Students will have access to Fortune 500 companies to provide mentorship and the opportunity to relate classroom knowledge to real world application. The cost will cover 400 unlimited project tokens for employer/student projects. The project tokens are "tickets" for students to join a program of their choice. LPS Oakland R&D anticipates that at least 100 students will be served. There are no administrative fees.	\$10,000.00	5885	Professional / Consulting Services			Whole School	Enabling Conditions
Consultant Contract with E-Dynamic Learning: Contract with E-Dynamic Learning to provide CTE Credit for Courses that can be taken asynchronously. E-Dynamic Learning is a virtual learning platform that provides CTE-certified courses for students to explore in their area of interest (business or communications) and earn college credits. LPS Oakland R&D anticipates that at least 25 students will be served. There are no administrative fees.	\$2,289.18	5854	Software Licenses			Business Entrepreneurship and Information Communications Technology Pathways	Career Technical Education
Consultant Contract with iMentor: iMentor will match our students with college educated mentors. iMentor will match approximately 20 students with a committed college-educated mentor, equipped to guide that young person on their journey to college graduation and career exploration. There are no administrative fees.	\$2,000.00	5885	Professional / Consulting Services			Business Entrepreneurship and Information Communications Technology Pathways	Comprehensive Student Supports
Consultant Contract with Earn and Learn: Earn and Learn will further promote off campus internships and work-based learning opportunities to all grade levels. Earn and Learn provides students with programs to deepen their access to career pathways and paid/ non-paid internships. LPS Oakland R&D anticipates that at least 20 juniors will be served. There are no administrative fees.	\$2,000.00	5885	Professional / Consulting Services			Business Entrepreneurship and Information Communications Technology Pathways	Work-Based Learning
