**ROOT CAUSE ANALYSIS**  
 Root Cause Analysis is the process of discovering the root causes of problems in order to identify appropriate solutions. Sites engage in this process every 3 years to inform strategic actions around our identified data indicators.

<b>Indicator</b>	<b>Strengths</b>	<b>Challenges</b>
<p><b>Instructions:</b> Complete the Strengths and Challenges columns for all indicators in bold (lines 41-44). Then select <b>ONE</b> of the indicators from lines 45-48 (color coded in peach) to complete. You will complete Strengths and Challenges for a total of 5 indicators/combinations of indicators.</p>	<p>What is our site doing well that's leading to improvements in this indicator?</p>	<p>What 1-2 challenges are the most significant barriers to improvements in this indicator?</p>
<p><b>Four-Year Cohort Graduation Rate &amp; Four Year Cohort Dropout Rate</b> (Analyze these two indicators together)</p>	<p>Due to our staff's ability to build relationships with our students off-track to graduate we can provide some support to help students thrive in an alternative educational setting. Our data shows that we have had better success in these areas as compared to our sister schools over the course of the last 4 years. Our current graduation rate of 76.6% is over 30% higher than the next closest Alternative Education Center. Our 3 year drop out rate is 10% and under which is well below alternative education comparables.</p>	<p>Many of our students off-track to graduate have various issues that have led to a disconnection to the public education system. Situations like underfunded inner-city schools, uncredentialed teachers in middle and high school, and juvenile justice system impacts increase our dropout rates. If we are able to support students off-track to graduate with mental health support and therapy access in school, we can positively affect education for this subgroup of students. Specifically in '23-24 we have a reduction in staff FTE. This in addition to the difficulties of navigating a split campus environment leaves us having to organize logistics with practical staffing going forward.</p>
<p><b>A-G Completion - 12th Grade</b></p>	<p>Our teachers have credentials that make them highly qualified to teach all core classes to help our students off-track to graduate complete more A-G classes. As an Alternative Education Center we are not an A-G completion school.</p>	<p>The number of teachers we have compared to the amount of class offerings necessary to meet A-G completion is not equal. Many teachers then have to teach double booked (ELA and History together) humanities classes in order to meet the needs of our students</p>
<p><b>On Track to Graduate - 9th Grade &amp; 9th Graders meeting A-G requirements</b> (Analyze these two indicators together)</p>	<p>N/A</p>	<p>N/A</p>

<b>College Enrollment Data: Percentage of students enrolling in 2-year and 4-year colleges within one year of graduation</b> <i>(Analyze these two indicators together)</i>	Our students graduate eligible to enroll in a community college of their choice. In 2021 20% of students enrolled in community college within a year of graduation.	When students enroll in our school, they are most focused on credit recovery and graduation. As such, students will often enter the workforce and return a year or more later to further discuss postsecondary long term plans. There is no data available on alums transferring to 4 year schools for our analysis.
Percentage of 12th Graders who have participated in an employer-evaluated internship or similar experience	20% of Seniors participated in an employer-evaluated internship or similar experience. Our Strength is relational connections and back end support for students going through difficult situations to be able to access internship opportunities	Many of our students work and do not have the ability to participate in internships due to time and personal constraints. In addition, many students have not learned the skill of follow-through and completion in regard to activities. This area of growth needs to be addressed as a school in order to see this 20% success increase to 30%-50%.
Percentage of students who have passed any dual enrollment course with a C- or better in grades 9-12	0% of Bunche students have been enrolled in Dual Enrollment	0% of Bunche students have been enrolled in Dual Enrollment
Percentage of 10th-12th grade students in Linked Learning pathways	100% of our 10th-12th Grade students are in Linked Learning Pathways	No challenges have been noted in this area
CTE Completion Data: Percentage of students who attempted CTE program completion and achieved a C- or better in both the Concentrator and Capstone course	None of our students have completed the CTE track due to the fact that our students get to our program in 11th or 12th grade and don't have the time, bandwidth, or ability to finish their CTE track because it doesn't line up with graduation tracks (which is the purpose of Measure N and H).	The challenge is that a continuation school has shorter timelines than a comprehensive high school which makes it more difficult to complete CTE certification in only 6 to 12 months while finishing out core classes toward improving graduation rates.

**PATHWAY QUALITY ASSESSMENT**

<i>Using the <a href="#">2023-26 College and Career for All and Linked Learning Quality Standards</a>, self-assess in each category</i>	<b>Evidence of Strengths</b>	<b>Areas For Growth</b>	<b>Next Steps</b> <i>Will any of these categories be a priority for your 3-year goals? If yes, which ones?</i>
<b>Integrated Program of Study</b> Equitable Admissions Cohort Structure Curriculum and Instructional Design and Delivery Assessment of Learning Early College Credit Opportunities Partner Input and Validation	100% of Bunche students are in the Hospitality, Tourism, and Recreation Pathway. In addition, the CTE HTR state standards are integrated and aligned with all Academic core subject standards. Conceptual alignment is explicitly stated in the Pathway curriculum and instructional design and delivery category.	Continue developing strategies to increase concurrent enrollment at Peralta colleges. Continued collaboration time and professional development for teachers to develop more cross-curricular pathway focused alignment.	Our priority will be in the area of Curriculum and Instructional Design and Delivery. We need a teacher with a CTE credential and want to entice multiple teachers with getting the certification necessary to embed CTE with Academics in their unique classroom settings.
<b>Work Based Learning</b> Work Based Learning Plans Student Work Based Learning Experiences and Self Assessments Work Based Learning Provider Assessment of Student Workplace Readiness	Career exploration visits to HTR centered employers on a Trimester basis along with integrating the Advisory board internship opportunities has provided solid WBL opportunities for our students. In addition, participation in the summer ECCCO program has provided WBL opportunities for students as well. Last, college exploration visits to the Peralta Community Colleges to expose students to CTE and 2-year degree/certificate programs.	Our Advisory Board has not maintained consistent membership and participation throughout the year. We want to hand more students off to Advisory Board partners for job opportunities post-graduation. We also want to incorporate more Community Based Organizations in our West Oakland neighborhood to see community fidelity. Student Self Assessments are a need as well.	Seek out partnerships from West Oakland restaurants and community based establishments. Build a stronger foot print in West Oakland and downtown for Hospitality and Tourism focus.

<p><b>Integrated Student Supports</b> College and Career Preparation and Support Social-Emotional Skill Development Individual Student Supports Student Input and Validation</p>	<p>100% of our students have access to 1:1 support from case managers, school counselor, teachers and administration. Student's Social Emotional Learning is fully supported through classroom curriculum and throughout campus events and ceremonies. Mental Health services in 1:1 formats and in Gendered Groups are embedded into the master schedule. In addition, College and Career preparation is covered through an interdisciplinary lens and our academic counselor provides 1:1 support to students to build a post-graduation plan. She supports all families and students with completing FAFSA and Peralta college applications. Students receive multiple touch points and exposure to college and career options via academic curriculum, in-class presentations and 1:1 meetings with support staff.</p>	<p>Student Supports could grow in the area of transparent communication to staff and families on a consistent basis. In addition, some staff members are not as fluent in Social-Emotional Skill Development as others which can negatively affect other support staff. Student leadership would be appreciated to provide a holistic perspective on our community progress and opinions about growth.</p>	<p>Next Steps consist of building systems to ensure transparent communication with parents, students, and staff regarding students that had a COST form filled out, had a behavior issue, or had a history of behavior issues. This in conjunction with more staff being aware of their SEL and trauma informed practices could help the overall community morale.</p>

**2023-2024: YEAR ONE ANALYSIS**

**Pathway Strategic Goals**

**Pathway Quality Strategic 3 Year Goals**  
Based on the standards assessment, your data indicators and root cause analysis, what are your goals, objectives, or intended outcomes for this next 3 year cycle? Write them as SMART goals (Specific, Measurable, Achievable, Relevant & Time-Bound) using language from the Standards as a guide (when relevant). Goals should start with the "By 2026..." **Example:** By 2026 we will create and utilize a WBL reflection form and 100% of students will complete it after any type of WBL activity. We will share responses with students so they can reference for resume and college application development. The teacher team will review responses at least once per year and use information to update the pathway WBL plan.

<p><b>Goal #1:</b> By 2026</p>	<p>By 2026 we would like to have at least 3 strong partnerships with community based organizations in the West Oakland Community that provide students career exploration opportunities centered in HTR and beyond.</p>
<p><b>Goal #2:</b> By 2026</p>	<p>By 2026 we would like to have the 3 community based organizations mentioned in Goal #1 part of our advisory board. In addition, we will utilize the advisory board to provide internship opportunities and lead career centered events on campus (ie: mock interviews, resume support)</p>
<p><b>Goal #3:</b> By 2026</p>	<p>By 2026 at least one Academic Core teacher will be in pursuit of a HTR CTE credential to help support and manage the integration of HTR CTE curriculum school wide. The purpose of this goal on a large scale is to create an academic culture where all teachers receive adequate support with CTE subject matter.</p>

**Pathway Strategic Actions**

**Strategic Actions for 2023-24**  
What are 3-5 key strategic actions for 2023-24 that will support you in reaching your identified 3 year goals?

<p><b>Strategic Actions for Goal #1</b></p>	<p>Create feedback survey and request survey students can fill out to ensure we are bringing industry partners aligned with what our students are seeking. Create partnership database and designate staff member to follow-up with partners twice per trimester Hold annual career exploration fair where partners and other community based organizations provide job and community opportunities to students</p>
<p><b>Strategic Actions for Goal #2</b></p>	<p>As part of being on the advisory board, invite partners to present internship/job opportunities, conduct mock interviews and serve as professional consult to students and staff Utilize advisory board to create career pipeline for students interested in entering the workforce upon graduation Consult with advisory board on CTE curriculum to ensure students are receiving up to date workforce exposure in the classroom</p>

<b>Strategic Actions for Goal #3</b>	Identify eligible HTR CTE teachers and connect with Linked Learning credentialing team
	Develop plan with teacher/s and determine funding available to help fund credentialing
	Provide leadership opportunities for any teacher pursuing HTR CTE credential (ie: ILT lead, attendance at linked learning conference in 2024)
