Community Schools, Thriving Students

Our Vision

All OUSD students will find joy in their academic experience while graduating with the skills to ensure they are caring, competent, fully-informed, critical thinkers who are prepared for college, career, and community success.

Our Mission

Oakland Unified School District (OUSD) will build a Full Service Community District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers, every day.

Ask of the Board

- This item is presented to seek approval from the Board regarding the OUSD identified local indicators used for the California School Dashboard.

California School Dashboard

Local Indicators

- 5 local indicators
- Districts populate them with analysis of progress from local data
- Qualitative & quantitative data

3 Performance Categories:

Met

Not Met

Not Met for 2+ years

Local Indicators must be reported to the local Board of Education and then to the State Department of Education

Priority 1: Basic Conditions

Standard: LEA annually measures its progress in meeting the Williams settlement requirements at 100% at all of its school sites, as applicable, and promptly addresses any complaints or other deficiencies identified throughout the academic year, as applicable.

- Misassignments of teachers of English Learners (ELs) in 2021-22: **Data not yet available from CDE**
- Total teacher misassignments in 2021-22: **Data not yet available from CDE**
- Vacant teacher positions in 2021-22: **Data not yet available from CDE**
- Number/percentage of students without access to their own copies of standards-aligned instructional materials for use at school and at home: **0 (0%)**
- Number of identified instances where facilities do not meet the “good repair” standard (including deficiencies and extreme deficiencies): **0**

Priority 2: Implementation of Standards

Standard: *The local educational agency (LEA) annually measures its progress implementing state academic standards.*

*1 – Exploration and Research Phase; 2 – Beginning Development; 3 – Initial Implementation;
4 – Full Implementation; 5 – Full Implementation and Sustainability*

Priority 6: School Climate

Standard: *The local educational agency (LEA) administers a local climate survey at least every other year that provides a valid measure of perceptions of school safety and connectedness, such as the California Healthy Kids Survey (CHKS), to students in at least one grade within the grade span(s) that the LEA serves (e.g., K-5, 6-8, 9-12).*

California Healthy Kids Survey (CHKS)

- Administered in 2021-22 to all students in grades 5-12
- District-wide student participation rate was 56.5%
- 39 of 80 schools had a student survey participation rate of 70% or higher

Priority 6: School Climate

59.7% of students reported feeling connected to their school.

"I feel close to people at this school." "I am happy to be at this school." "I feel like I am part of this school." "The teachers at this school treat students fairly." "I feel safe in my school." or "How safe do you feel when you are at school?"

Elementary (4 point scale): Yes, all of the time; Yes, most of the time; Yes, some of the time; No, never; or Very safe; Safe; Neither safe nor unsafe; Unsafe; Very unsafe.

Secondary: (5 point scale) Strongly agree; Agree; Neither disagree nor agree; Disagree; Strongly disagree.

Priority 6: School Climate

59.4% of students reported feeling safe in their school.

"I feel safe in my school."
or
"How safe do you feel when you are at school?"

Elementary (5 point scale): Very Safe; Safe; Neither Safe nor Unsafe; Unsafe; Very Unsafe

Secondary: (5 point scale) Strongly Agree; Agree; Neither Agree Nor Disagree; Disagree; Strongly Disagree

Priority 7: Broad Course of Study

*Identify the locally selected **measures or tools** that the LEA is using to track the extent to which all students have access to, and are enrolled in, a broad course of study.*

- **Data dashboards** at ousddata.org include tools to track progress on key measures of student access to and enrollment in a broad course of study.
- **On-Track for A-G course completion:** Broad course of study for UC/CSU eligibility and for OUSD graduation (History-Social Studies, English, Math, Laboratory Science, Language Other than English, Visual & Performing Arts, and College Preparatory Electives. A, B, and G requirements can now be fulfilled through OUSD Office of Equity/African American Male Achievement-created Khepera curriculum courses.
- **Linked Learning pathways** including integrated academics, work-based learning, internships, dual enrollment, Career Technical Education, and aligned student supports.
- **Universal Computer Science (grades 6-9)**
- **Ethnic Studies (grade 9)**
- **Graduate Capstone** interdisciplinary research project

Priority 7: Broad Course of Study

*Using the locally selected measures or tools, summarize the **extent to which all students have access to**, and are enrolled in, a broad course of study.*

- **A-G Courses:** All students have access to the A-G course sequences.
- **Linked Learning:** All high schools and alternative schools offer at least one Linked Learning pathway.
- **Universal Computer Science (grades 6-9):** Offerings at most middle schools provide an introduction to computer science and help to prepare students for more advanced computer science/pathways in high school.
- **Ethnic Studies (grades 9-10):** Offerings increased from three to ten high schools over five years. In nine of these schools, Ethnic Studies is offered to all ninth or tenth graders.
- **Graduate Capstone:** Seniors at all comprehensive high schools participate.

Priority 7: Broad Course of Study

*Given the results of the tool or locally selected measures, identify the **barriers** preventing the LEA from providing access to a broad course of study for all students.*

- **Funding constraints and staffing challenges** mean that trade-offs are necessary, as schools cannot offer all courses and programs for all students.
- While there is some inclusion of Career Technical Education skills in the Graduate Capstone Project, this **remains an area of learning for us as a district**. In addition, the common rubrics provide data to raise district-wide awareness of what high quality research, writing, and presentation skills need to be, and also points to the need for schools to structure opportunities for students to develop and practice these skills before senior year.

Priority 7: Broad Course of Study

*What revisions, decisions, or **new actions** will or has the LEA implemented to ensure access to a broad course of study for all students?*

- **A-G:** Continue to invest in Career Technical Education integration and work-based learning for students, which is frequently embedded in academic A-G courses in the form of project-based learning, informational interviews, etc.
- **Linked Learning Pathways:** Continue special efforts to increase participation of underrepresented student groups (e.g., foster youth).
- **Computer Science** in middle school will continue for all students.
- **Ethnic Studies** will continue to expand, with professional development and curricular supports for these teachers.
- **Graduate Capstone:** Provide recommendations on how schools can create master schedules to ensure high quality Capstone project experiences for all students.
- **Multilingual Education:** Continue to expand multilingual assessments to more schools, grade levels, and in new languages. Continue implementation of the dual language enrollment policy to ensure equitable access and language balances appropriate to program needs.
