How's that Swing in the Unrestricted **General Fund?**

- First, A Little History
 - 2020-21 Unaudited Actuals
 - \$4.6M **over** projections 16% Swing Variance
 - 2021-22 Unaudited Actuals
 - \$10.6M under projection 17.6% Swing Variance
 - Includes ~\$6.7M in planned, but unbudgeted vacation liability payout using Cost **Avoidance**
 - Absent this liability payment 4.6% Swing Variance

How's that Swing in the Unrestricted **General Fund?**

- 2022-23 Unaudited Actuals
 - \$36.8M above Estimated Actuals 45% Increase
 - Fortunately, we knew this was going to occur
 - At Second Interim, we moved \$30M in unallocated balances for Supplemental and Concentration from the fund balance to expense so that the total revenues and expenses netted to zero.
 - We knew all expenses would not be realized and would be carried over to the next year and were planned in the LCAP
 - Absent this, the swing was 8%!!

Continued Growth in the Base General Fund!

One of our key goals has been to re-establish the Base Unrestricted General Fund, identified as Resource 0000. Significant progress has been made to achieve this goal over the last four years.

```
-$5,990,407
2019-20
2020-21
           $10,242,484
2021-22
           $47,668,251
2022-23
           $62,469,330
```

Resource 0000 is the Base and is funded to support the operational requirements of the District which includes providing contributions to known resources that are not fully funded, and Funds or resources that are unable to sustain themselves. It also supports emergency, deferred maintenance, and strategic local investments.

Growth in the Base General Fund

The Unrestricted General Fund is made up of several resources that fall within a object Range of 0000-1999. Each Resources has a purpose and in essentially restricted, yet more flexible. This is why we say the entire Fund Balance is NOT eligible to spend on every expense.

Impact the OEA Agreement in the 2022-23 Fiscal Year?

- Applicable portions of the OEA Agreement were expended in 2022-23
 - 10% Retro from November 1, 2022
 - \$5K One time payment
 - These expenses were not budgeted as the fiscal year was ending.
- These payments were processed and paid in July 2023 on what is called a liability payroll for the 2022-23.
 - A liability payroll pays the wages in a new year, but reflects the expense for the prior year.
- All retirement expenses for the retroactive wages are submitted to CalSTRS as payroll is submitted.
