Community Schools, Thriving Students

Our Vision

All OUSD students will find joy in their academic experience while graduating with the skills to ensure they are caring, competent, fully-informed, critical thinkers who are prepared for college, career, and community success.

Our Mission

Oakland Unified School District (OUSD) will build a Full Service Community District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers, every day.

More Literacy Tutors Heading to OUSD Schools

This fall, the second cohort of Literacy Liberators graduated and is now preparing to join OUSD schools to ensure more elementary and middle school students have access to high-dosage literacy tutoring.

The [Literacy Liberator Fellowship](#) is a partnership between [The Oakland REACH](#), [OUSD](#), and [FluentSeeds](#) to recruit and train community members to become tutors -- Literacy Liberators -- in OUSD schools.

Liberators receive paid research-based literacy training, leadership development, and onboarding support to apply for positions in the district.

Sam Davis, Board Trustee, and Dr. Kyla Johnson-Trammell, Superintendent,
Oakland Unified School District

Director Davis, Superintendent Johnson-Trammell, and Director of Linked Learning, Rebecca Lacocque presented Oakland Unified's Linked Learning journey to a audience of educators from the nation's largest urban school districts at the Council of the Great City Schools 67th Annual Fall Conference.

OUSD Students Delight in Halloween Activities

OUSD students from our youngest preschoolers to high school seniors to those in the Young Adult Program took part in Halloween festivities across the District.

School communities came together to celebrate the holiday with parades, costume contests and spooktacular Halloween parties.

The Center

Central Kitchen, Education Center, and Instructional Garden and Farm

Central Kitchen

- Central Kitchen currently supports food production every day for OUSD's nearly 34,000 students in preschool through high school.
- For the sites that do not have the capacity to cook on campus, our Central Kitchen currently prepares approximately 75,000 meals per week, including breakfasts, lunches, snacks and suppers.
- Nutrition Services staff from school sites and the Central Kitchen receive training at the Center in our teaching kitchen and classrooms.
- We have 30 employees in the central kitchen.

Cafeteria Upgrades-Lockwood Model

We are in the final stages of planning for cafeteria and kitchen upgrades in our elementary schools that will included:

- 1) New updated equipment in kitchens allowing schools to modernize and receive bulk food from central kitchen.
- 2) Updated salad bars with full refrigeration.
- 3) Replacing Cafeteria tables that were damaged or old.
- 4) Updated branding with Oakland **Incredibles**, new paint, student graphics and improved lightning

Bulk Central Food Production and Packaging

Four schools are participating in a pilot transition from satellite meals to bulk meal service:

- Test run of the way food is presented to students
- Bulk sites will receive food in a way that will require sites to reheat and serve food to students without food being wrapped in plastic
- In May last school year, we piloted cooking whole, pre-made pizzas in the oven, slicing them, and serving them directly to students vs. packaged pizza

Increase in Bulk Meal Service Participation Rates

Bulk Meal Service Participation Increase

Site	September 2022	September 2023
Glenview	34.2%	47.3%
Greenleaf	41.6%	47.3%
Laurel	50.5%	55.1%
Sankofa	68.6%	71.7%

Attendance Update

Student attendance remains a priority in OUSD!

Every second counts.

Over the last two weeks, student attendance completion continues to improve across our district and a total of **46 sites with 100% daily attendance completed by teachers, since the start of school.** Attendance completion by teachers is at 99%, up by .2% districtwide, in our schools.

Highlighting Peralta Elementary as one of our schools where attendance specialist **Asha Washington**, works diligently to not only ensure that all teachers are completing timely attendance for all students, but also that 99% of all absences are being cleared by parents/guardians. **Peralta is one of the schools with 100% attendance submission.** The Attendance Specialist is working with Principal Dana Sudduth and the attendance team, to ensure that every student is counted and every second counts.

Upcoming Enrollment Milestones

- **Census Day (October 4th):** This is the date where we certify our official enrollment for the 23-24. The final count will be available soon as staff work to reconcile any discrepancies in the state's system.
- **24-25 Enrollment Projections (November):** Using the census day totals, we will begin calculating district- and school-level enrollment projections.
- **Launch of On-Time Enrollment (December 1):** The on-time enrollment window will open on December 1, 2023 and run through February 10, 2024. Families that apply on-time have the greatest access to an array of school choice
- **Virtual School Showcases (December & January):** These are opportunities for families to hear from multiple schools at one time, without needing to take off work to attend multiple in-person tours.

Enrollment Projections

Birthrates are used to determine the pool of eligible students for TK and K. This pool is then adjusted by the capture rate: the percentage of eligible students enrolled in the District on Census Day.

Cohort progression determines non-entry grades (1st-4th; 7th-8th; 10th-12th). We track the historic rate of gain/ loss at the district- and school-level for each grade to project the number of students to expect.

Significant growth in new residential and affordable housing can influence projections. Because of a variety of factors, the new housing stock in Oakland has not led to increases in enrollment projections.

Enrollment Projections: TK/ K Methodology

❖ TK & K Projections Driven by birthrates.

Eligible Births

(Eligible births are live births in Oakland that would be age eligible for TK or K in the enrollment year)

Capture Rate

(The capture rate is determined by dividing the students enrolled on Census Day by the number of eligible births in Oakland)

Enrollment Projections: 6th & 9th Methodology

- ❖ 6th and 9th projections driven by progressions rate.

Previous Year's Enrollment

(Start with the Census Day enrollment for 5th grade and 8th grade)

2-year Average of Progression Rate

(Progression rate is 6th or 9th grade enrollment divided by previous year's 5th or 8th enrollment.)

Enrollment Projections: Entry Grade School Level Methodology

- ❖ The previous methodologies determine whole district enrollment projections. We determine school-level by calculating the school's share of enrollment.

District-level projections

(Determined by using the previously discussed methodologies)

Previous year's enrollment share

(Determined by dividing previous year's grade level enrollment by each school's enrollment at that grade)

Enrollment Projections: Non-entry Grade Methodology

- ❖ Non-entry grade enrollment calculated for each school using progression rates.

Previous Year's Enrollment

(Start with the Census Day enrollment for every non-entry grade)

3-year Median of Progression Rate

(Progression rate is Census Day enrollment in current year divided by Census Day enrollment at the previous grade in the previous year).

Enrollment Projections: Late-Arriving Student Methodology

- ❖ We project a late-arriving allocation for Alternative Education, Newcomer, and SDC students to reflect the planned variance in those programs.

	23-24 On-time projection (Census Day)	23-24 Late arriving projection	23-24 Total Projection
Bunch	51	31	82
Dewey	67	67	134
Rudsdale	270	90	360

Enrollment Projections: Manual Adjustments

Methodology

- ❖ Manual adjustments are used when methodology cannot incorporate dramatically shifted conditions or when projections are insufficient to justify labor costs

	Modeled Kinder projections	Number of Kinder cohorts	Adjusted Kinder Projections	Adjusted Kinder cohorts	Notes
School-A	47	2	48	2	
School-B	50	3	48	2	decrease by 2 students to maintain 2 cohorts
School-C	47	2	48	2	

Why do we keep projecting District enrollment to decline?

Enrollment Projections

Inclusive of all systems, California's total student enrollment is in a multi-year decline.

Enrollment Projections

The majority of counties saw a net enrollment decline since 2017, including many of the most populous counties. Alameda county is part of this trend.

Enrollment Projections

A significant factor is the decline in birth rates in California. This trend is impacting both Alameda County and the city of Oakland.

Enrollment Projections: Key Takeaways

1. Birthrates are significant determinants of enrollment projections and **birth rates are declining.**
2. Cohort progression is a significant determinant of enrollment projections and **the District loses students at every transition point except K→1 and 8th→ 9th**
3. Late-arriving projections for Alternative Education, Newcomers, and SDC allow us to maintain the integrity and availability of programs, plans for predicted variance in special populations, and **ensures we do not funding multiple seats for a single student.**
4. Manual adjustments are used to make sure that we are **projecting sufficient enrollment to justify labor costs** as well as projecting within the capacity of the physical plant.
