RE: SWPPP Consultant Proposal for Claremont Middle School Multi-Purpose Building Project

Dear Ms. Henderson:

This proposal is divided into three parts—(1) pre-bid coordination to assist Oakland Unified School District ("District") with preparation of contract specifications; (2) to prepare a Storm Water Pollution Prevention Plan (SWPPP) and (3) to act as the Qualified SWPPP Practitioner for the referenced project in compliance with the Construction General Permit, Order No. 2009-0009-DWQ (as amended by Order Nos. 2010-0014-DWQ and 2012-0006-DWQ), hereinafter referred to as "Permit".

Project Understandings and Basis for this Proposal

- The project is located at Claremont Middle School, 5750 College Avenue, in the City of Oakland, Alameda County.
- The project consists of sitework for the development of a single-story 9,544 SF multipurpose building with kitchen to replace an existing 5,273 SF school cafeteria.
 Associated improvements include wet and dry utilities, landscape, and surface pavement.
- It is understood that the total disturbed surface area may be less than one acre and is not part of a larger common plan of development but the District chooses to obtain coverage under the Permit.
- It is our understanding that the District wishes to have HERTZ act on behalf of the District to maintain full compliance of the Permit.
- The SWPPP shall be designed to be amendable to incorporate subsequent construction phases following completion of each phase.

Scope of Work

I <u>Pre-Bid Planning and Coordination</u>

The following list of activities is recommended prior to preparation of the SWPPP and obtaining coverage under the Permit:

- Meet with the District's project management team to discuss project including construction schedule, erosion and sediment control recommendations, and Permit requirements.
- 2. Prepare draft Water Pollution Control Section in the bid/contract specifications that describes Contractor's responsibilities to implement SWPPP and maintain compliance with the Permit.

II <u>Preparation of SWPPP</u>

Prepare a Storm Water Pollution Prevention Plan for the referenced project that includes the following components, pursuant to the requirements of the Permit.

- 1. Conduct a risk assessment to determine what Risk Level (1-3) the project is by determining the potential rate of erosion (using the Revised Universal Soil Loss Equation (RUSLE)) and risk of discharge to a beneficially-impaired water body per Appendix 1 of the Permit.
- 2. Provide description of existing soils and determine hydrologic soil group (HSG) and determine runoff coefficients between pre- and post construction, as needed.
- 3. Perform a preliminary hydrologic analysis of the project site including calculating the change in runoff rate and volume between pre- and post construction (Δq), as needed.
- 4. Identify onsite pollutant sources and recommend Best Management Practices (BMPs) that address the following:
 - a. Erosion control:
 - b. Tracking control;
 - c. Sediment control;
 - d. Wind erosion control:
 - e. Non-storm water control;
 - f. Waste management and materials pollution control;
 - g. Management of discharges to ground surface and watersheds:
 - h. Protection of natural waterways and municipal storm drains.
- 5. Prepare a Water Pollution Control Drawing (WPCD) and a typical BMP construction sheet. Please note that if no erosion control plan is available, Client's topographic survey or improvement plans will serve as a base map.
- 6. Prepare a Rain Event Action Plan (REAP) as required.
- 7. Prepare a Construction Site Monitoring Program (CSMP) as required.

- 8. Include templates for training logs, monitoring programs, sampling data and inspection reports.¹
- 9. Provide recommended BMPs and their locations on the WPCDs.
- 10. Provide SWPPP in electronic format and one (1) hardcopy. Per the newly adopted CGP (effective July 1, 2010), the SWPPP must also be uploaded directly to SWRCB by the Legally Responsible Party (LRP) or via the assigned Data Submitter (DS).
- 11. Provide post-construction water balance calculations for projects outside a Phase II permitted area, as required.
- 12. Be available for questions by the site superintendent and make appropriate revisions to the SWPPP throughout the construction/demolition process, as needed.
- 13. Provide additional compliance support to the site superintendent to provide to agency inspectors in the event that a Notice to Comply (NTC) or Notice of Violation (NOV) is issued. (Site Superintendent is strongly encouraged to keep a camera phone or digital camera readily available).
- 14. Groundwater: provide a schedule of Pollutants of Concern (POC) and instructions for the sampling consultant in the event that groundwater is encountered. Groundwater plan will be incorporated into the SWPPP for review by the lead agency² and will be prepared according to the guidelines of the Permit.
- 15. Prepare a Sampling, Analysis, and Monitoring Plan.
- 16. If groundwater is encountered and if the Contractor (with Lead Agency approval) choose not to allow water to recharge, either:
 - Assist District to submit an application for a dewatering discharge permit with the San Francisco Regional Water Quality Control Board (SFRWQCB) to allow discharges to surface, or
 - b. Assist Contractor with obtaining a permit with the County of Alameda to discharge to sanitary sewer, or
 - c. Coordinate with outside party to pump water to baker truck to be delivered to a State-certified off-site water treatment facility.

¹ To be completed by Contractor's Qualified SWPPP Practitioner (QSP) in addition to any required annual compliance reporting. QSP or LRP must also submit an Annual Report to SWRCB via SMARTS each year before September 1.

² Lead agency is the government entity that requires a SWPPP (e.g., city, county, Caltrans, federal or combination of government agencies).

III OSP Site Inspection, Reporting and Permit Compliance (SMARTS Management)

- 1. Prepare and submit (on behalf of District) Notice of Intent (NOI) including upload of all project review documents to SMARTS.
- 2. Coordinate with SWRCB to expedite obtaining coverage under the Permit and issuance of a waste discharge identification (WDID) number.
- 3. Provide SWPPP and Permit compliance training to Contractor and subcontractors at tailgate meetings.
- 4. Conduct at least weekly site inspections to:
 - a. Audit Contractor's performance in implementing SWPPP:
 - b. Provide ongoing education to Contractor and subcontractors to maintain compliance with Permit;
 - c. Complete REAPs if applicable; and
 - d. Complete required BMP Inspection Reports for weekly and pre-/ during-/ and post-storm events.
- 5. Provide onsite water sampling and analysis using a portable pH kit and turbidimeter to test levels of turbidity and pH. QSP will typically bring portable turbidimeter during storm events and is available on-call if a discharge occurs outside the time of inspection. QSP can respond onsite within 48 hours after a sample is collected to perform test.
- 6. Coordinate with outside laboratory for analysis of water samples to test levels of constituents other than pH and turbidity if required.
- 7. Submit lab results (adhoc reporting) and submit corrective action reports, if necessary, to SWRCB via SMARTS.
- 8. Follow up with Contractor in performing required corrective actions per SOW Items 6 and 7.
- 9. Complete required reports including training logs and quarterly construction site monitoring reports for non-visible pollutants.
- 10. Prepare and submit (on behalf of District) Annual Report on or before September 1 of each reporting year.
- 11. Provide additional compliance support to Contractor in the event that an NTC or NOV is issued. Coordinate necessary corrective actions directly with SFRWQCB.
- 12. Coordinate with erosion/sediment control BMP supplier for proper installation and maintenance of devices.
- 13. Determine time to terminate coverage under the Permit and submit a Notice of Termination (NOT) upon completion of the project, which includes either (1) providing demonstrable evidence to SWRCB that the site has achieved final stabilization and construction is complete or (2) meet with SFRWQCB inspector at the site to perform a field reconnaissance.

Payment, Deliverables and Acceptance

Services described in Scope of Work shall be provided based on the following fixed fee budgets:

CURRENT FEE SCHEDULE	
(SOW I) Pre-bid Coordination, Planning, and Develop Section in District's Contract Specifications	\$ 1,000
(SOW 2) Develop SWPPP	\$ 1,500
(SOW 3) QSP Site Inspections, Reporting, Training, Permit Monitoring and SMARTS Management (all-inclusive except unforeseen, unrelated lab fees due to illicit non-stormwater discharges (e.g., accidental sanitary sewer breach or accidental hazardous spill))	\$ 2503
Original Total Not-to-Exceed (NTE) Fixed Fee for 64 Weeks (For construction May 27, 2022, through October 10, 2023)	\$ 21,500
Current Contract Amount (includes amended amount of \$2,000 for continued services from October 31, 2023, through December 31, 2023)	\$ 23,500
Additional Total Not-to-Exceed (NTE) Fixed Fee for 26 Weeks (For extended construction January 1, 2024, through June 28, 2024).	\$ 6,500
Additional Owner Contingency (10 percent)	\$ 650
New Total Contract Value	\$ 30,650

Additional Services or Change Orders

Additional services or changes in scope not previously discussed may be negotiated and provided on an amended proposal as a fixed fee or not-to-exceed budget or may be charged as time & materials according to the following rate schedule:

RATE SCHEDULE	
Professional and Design Personnel	Hourly Rate
QSD Designer/Reviewer (e.g., QA/QC Contractor SWPPP)	\$ 125
Project Manager (e.g., SMARTS management)	\$ 75
CAD Drafter (as needed for water pollution control drawings)	\$ 55

³ Recommended frequency: Once per week. Additional site visits that may be needed or are recommended shall not be conducted without pre-authorization from the District. No more than one site visit per week will be conducted without pre-authorization from the District.

FIXED FEE SCHEDULE	
Field Personnel	Fixed Fee
QSP site visit for informal ("tailgate") training; inspection/audit, monitoring and reporting	\$ 250

Payment is due within 60 calendar days of date of invoice. Invoices will be delivered by email on or around the first of every other month, unless otherwise requested. All work is guaranteed and any required changes by the reviewing agency or omissions are included in all fixed fees. All costs for reproduction, mailing, and materials are included in fixed fees.
Very truly yours,
Rose Herr

Oakland Unified School District

LBU Program Consultants to OUSD

MEMORANDUM

Date: February 9th, 2022 To: Tadashi Nakadegawa

From: Philip Lang, LBU Consultant

Subject: LBU Review

Storm Water Pollution Prevention Plan (SWPPP) Consulting Services for Claremont Middle School Multi-Purpose Building and Laurel Child Development Center

SUMMARY

The LBU Compliance Team has conducted a review of the Local Business Participation guidelines in conjunction with the Storm Water Pollution Prevention Plan (SWPPP) Consulting Services RFQ/P for Claremont Middle School Multi-Purpose Building and Laurel Child Development Center.

Our review has determined that the projected dollar amount for this project will fall below the Local Business Policy determined threshold of \$84,100. Given this information, it is our determination that this project is to be exempt from the 50% minimum Local Business Participation requirement, as long as a minimum of three local certified firms have been included in the solicitation.

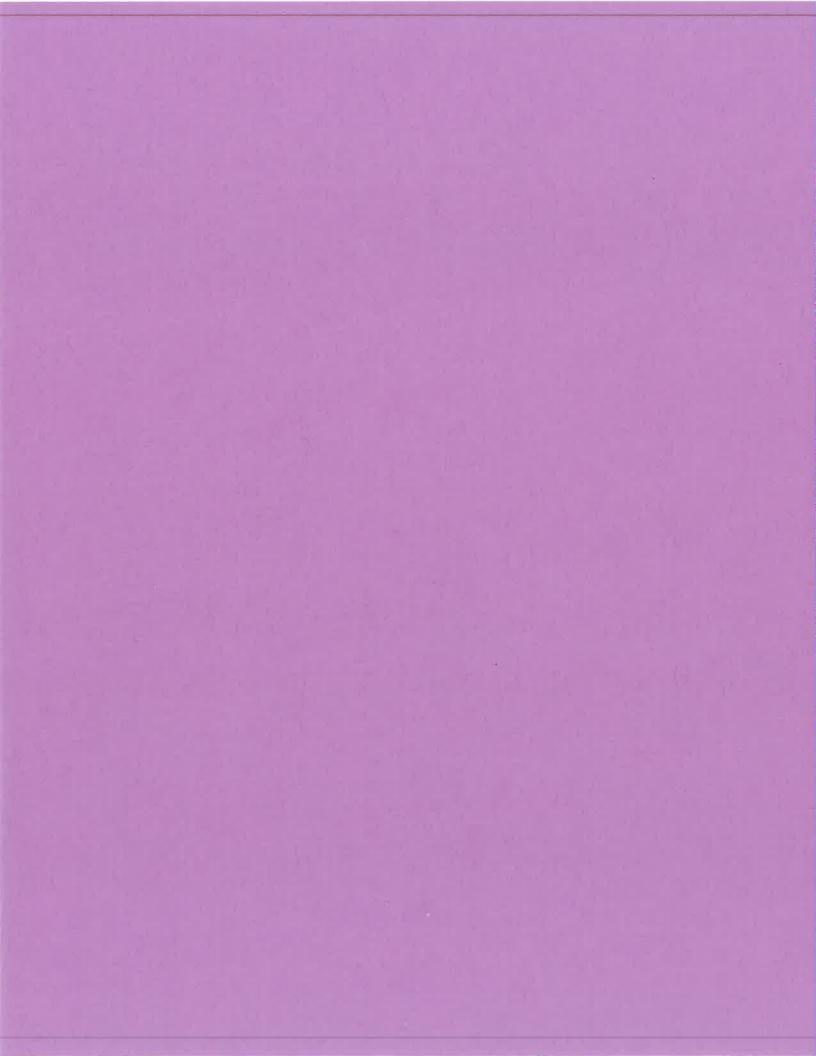

RECOMMENDATION:

Based on the abovementioned findings, the Compliance Team recommends the District award this contract to the lowest most responsive bidder.

Cc: Kenya Chatman

RE: SWPPP Consultant Proposal for Claremont Middle School Multi-Purpose Building
Project

Dear Ms. Henderson:

This proposal is divided into three parts—(1) pre-bid coordination to assist Oakland Unified School District ("District") with preparation of contract specifications; (2) to prepare a Storm Water Pollution Prevention Plan (SWPPP) and (3) to act as the Qualified SWPPP Practitioner for the referenced project in compliance with the Construction General Permit, Order No. 2009-0009-DWQ (as amended by Order Nos. 2010-0014-DWQ and 2012-0006-DWQ), hereinafter referred to as "Permit".

Project Understandings and Basis for this Proposal

- The project is located at Claremont Middle School, 5750 College Avenue, in the City of Oakland, Alameda County.
- The project consists of sitework for the development of a single-story 9,544 SF multipurpose building with kitchen to replace an existing 5,273 SF school cafeteria. Associated improvements include wet and dry utilities, landscape, and surface pavement.
- It is understood that the total disturbed surface area may be less than one acre and is not part of a larger common plan of development but the District chooses to obtain coverage under the Permit.
- It is our understanding that the District wishes to have HERTZ act on behalf of the District to maintain full compliance of the Permit.
- The SWPPP shall be designed to be amendable to incorporate subsequent construction phases following completion of each phase.

Scope of Work

I Pre-Bid Planning and Coordination

The following list of activities is recommended prior to preparation of the SWPPP and obtaining coverage under the Permit:

- 1. Meet with the District's project management team to discuss project including construction schedule, erosion and sediment control recommendations, and Permit requirements.
- 2. Prepare draft Water Pollution Control Section in the bid/contract specifications that describes Contractor's responsibilities to implement SWPPP and maintain compliance with the Permit.

II <u>Preparation of SWPPP</u>

Prepare a Storm Water Pollution Prevention Plan for the referenced project that includes the following components, pursuant to the requirements of the Permit.

- 1. Conduct a risk assessment to determine what Risk Level (1-3) the project is by determining the potential rate of erosion (using the Revised Universal Soil Loss Equation (RUSLE)) and risk of discharge to a beneficially-impaired water body per Appendix 1 of the Permit.
- 2. Provide description of existing soils and determine hydrologic soil group (HSG) and determine runoff coefficients between pre- and post construction, as needed.
- 3. Perform a preliminary hydrologic analysis of the project site including calculating the change in runoff rate and volume between pre- and post construction (Δq), as needed.
- 4. Identify onsite pollutant sources and recommend Best Management Practices (BMPs) that address the following:
 - a. Erosion control;
 - b. Tracking control;
 - c. Sediment control:
 - d. Wind erosion control;
 - e. Non-storm water control:
 - f. Waste management and materials pollution control;
 - g. Management of discharges to ground surface and watersheds;
 - h. Protection of natural waterways and municipal storm drains.
- 5. Prepare a Water Pollution Control Drawing (WPCD) and a typical BMP construction sheet. Please note that if no erosion control plan is available, Client's topographic survey or improvement plans will serve as a base map.
- 6. Prepare a Rain Event Action Plan (REAP) as required.
- 7. Prepare a Construction Site Monitoring Program (CSMP) as required.

- 8. Include templates for training logs, monitoring programs, sampling data and inspection reports.¹
- 9. Provide recommended BMPs and their locations on the WPCDs.
- 10. Provide SWPPP in electronic format and one (1) hardcopy. Per the newly adopted CGP (effective July 1, 2010), the SWPPP must also be uploaded directly to SWRCB by the Legally Responsible Party (LRP) or via the assigned Data Submitter (DS).
- 11. Provide post-construction water balance calculations for projects outside a Phase II permitted area, as required.
- 12. Be available for questions by the site superintendent and make appropriate revisions to the SWPPP throughout the construction/demolition process, as needed.
- 13. Provide additional compliance support to the site superintendent to provide to agency inspectors in the event that a Notice to Comply (NTC) or Notice of Violation (NOV) is issued. (Site Superintendent is strongly encouraged to keep a camera phone or digital camera readily available).
- 14. Groundwater: provide a schedule of Pollutants of Concern (POC) and instructions for the sampling consultant in the event that groundwater is encountered. Groundwater plan will be incorporated into the SWPPP for review by the lead agency² and will be prepared according to the guidelines of the Permit.
- 15. Prepare a Sampling, Analysis, and Monitoring Plan.
- 16. If groundwater is encountered and if the Contractor (with Lead Agency approval) choose not to allow water to recharge, either:
 - a. Assist District to submit an application for a dewatering discharge permit with the San Francisco Regional Water Quality Control Board (SFRWQCB) to allow discharges to surface, or
 - b. Assist Contractor with obtaining a permit with the County of Alameda to discharge to sanitary sewer, or
 - c. Coordinate with outside party to pump water to baker truck to be delivered to a State-certified off-site water treatment facility.

¹ To be completed by Contractor's Qualified SWPPP Practitioner (QSP) in addition to any required annual compliance reporting. QSP or LRP must also submit an Annual Report to SWRCB via SMARTS each year before September 1.

² Lead agency is the government entity that requires a SWPPP (e.g., city, county, Caltrans, federal or combination of government agencies).

III <u>OSP Site Inspection, Reporting and Permit Compliance (SMARTS Management)</u>

- 1. Prepare and submit (on behalf of District) Notice of Intent (NOI) including upload of all project review documents to SMARTS.
- 2. Coordinate with SWRCB to expedite obtaining coverage under the Permit and issuance of a waste discharge identification (WDID) number.
- 3. Provide SWPPP and Permit compliance training to Contractor and subcontractors at tailgate meetings.
- 4. Conduct at least weekly site inspections to:
 - a. Audit Contractor's performance in implementing SWPPP;
 - b. Provide ongoing education to Contractor and subcontractors to maintain compliance with Permit;
 - c. Complete REAPs if applicable; and
 - d. Complete required BMP Inspection Reports for weekly and pre-/ during-/ and post-storm events.
- 5. Provide onsite water sampling and analysis using a portable pH kit and turbidimeter to test levels of turbidity and pH. QSP will typically bring portable turbidimeter during storm events and is available on-call if a discharge occurs outside the time of inspection. QSP can respond onsite within 48 hours after a sample is collected to perform test.
- 6. Coordinate with outside laboratory for analysis of water samples to test levels of constituents other than pH and turbidity if required.
- 7. Submit lab results (adhoc reporting) and submit corrective action reports, if necessary, to SWRCB via SMARTS.
- 8. Follow up with Contractor in performing required corrective actions per SOW Items 6 and 7.
- 9. Complete required reports including training logs and quarterly construction site monitoring reports for non-visible pollutants.
- 10. Prepare and submit (on behalf of District) Annual Report on or before September 1 of each reporting year.
- 11. Provide additional compliance support to Contractor in the event that an NTC or NOV is issued. Coordinate necessary corrective actions directly with SFRWQCB.
- 12. Coordinate with erosion/sediment control BMP supplier for proper installation and maintenance of devices.
- 13. Determine time to terminate coverage under the Permit and submit a Notice of Termination (NOT) upon completion of the project, which includes either (1) providing demonstrable evidence to SWRCB that the site has achieved final stabilization and construction is complete or (2) meet with SFRWQCB inspector at the site to perform a field reconnaissance.

Payment, Deliverables and Acceptance

Services described in Scope of Work shall be provided based on the following fixed fee budgets:

CURRENT FEE SCHEDULE		
(SOW I) Pre-bid Coordination, Planning, and Develop Section in District's Contract Specifications	\$ 1,000	
(SOW 2) Develop SWPPP	\$ 1,500	
(SOW 3) QSP Site Inspections, Reporting, Training, Permit Monitoring and SMARTS Management (all-inclusive except unforeseen, unrelated lab fees due to illicit non-stormwater discharges (e.g., accidental sanitary sewer breach or accidental hazardous spill))	\$ 250 ³	
Original Total Not-to-Exceed (NTE) Fee for 64 Weeks (For construction May 27, 2022, through August 12, 2023)	\$ 18,500	
Additional Total Not-to-Exceed (NTE) Fee for 8 Weeks (For extended construction August 19, 2023, through October 10, 2023).	\$ 2,000	
* * * * * * * * * * * * * * * * * * *		
Original Total Contract Value	\$ 21,500	
New Total Contract Value	\$ 23,500	

Additional Services or Change Orders

Additional services or changes in scope not previously discussed may be negotiated and provided on an amended proposal as a not-to-exceed budget or may be charged as time & materials according to the following rate schedule:

RATE SCHEDULE						
Professional and Design Personnel	Hourly Rate					
QSD Designer/Reviewer (e.g., QA/QC Contractor SWPPP)	\$ 125					
Project Manager (e.g., SMARTS management) \$ 75						
CAD Drafter (as needed for water pollution control drawings)	\$ 55					

³ Recommended frequency: Once per week. Additional site visits that may be needed or are recommended shall not be conducted without pre-authorization from the District. No more than one site visit per week will be conducted without pre-authorization from the District.

FEE SCHEDULE	
Field Personnel	Fee
QSP site visit for informal ("tailgate") training; inspection/audit, monitoring and reporting	\$ 250

Payment is due within 60 calendar days of date of invoice. Invoices will be delivered by email on or around the first of every other month, unless otherwise requested. All work is guaranteed and any required changes by the reviewing agency or omissions are included in all fees. All costs for reproduction, mailing, and materials are included in fees.

Very truly yours,

Memo

To

Board of Education

From

yla Johnson-Trammell, Superintendent

dashi Nakadegawa, Deputy Chief, Division of Facilities Planning and Management

Board Meeting Date March 23, 2022

Subject

General Services Agreement – HERTZ Environmental, Inc. – Claremont Middle School Multipurpose Room and Kitchen Project - Division of Facilities Planning and Management

Action Requested

Approval by the Board of Education of General Services Agreement by and between the District and HERTZ Environmental, Inc., San Francisco, California, for the latter to provide Stormwater Pollution Prevention Plan (SWPPP) consulting services which consist of assisting the District with preparation of pre-bid coordination, planning and contract specifications, prepare a Storm Water Pollution Prevention Plan (SWPPP), conduct Qualified SWPPP Practitioner Site Inspection, Reporting, Training, Permit Monitoring and Stormwater Multiple Application & Report Tracking System (SMARTS), for the Claremont Middle School Multipurpose Room and Kitchen Project, in the not-to-exceed amount of \$21,500.00, which includes a not-to-exceed contingency fee of \$3,000.00 for additional services, with work scheduled to commence on March 24, 2022, and scheduled to last until October 31, 2023, pursuant to the Agreement.

Discussion

The consultant will provide Pre-Bid Planning and Cordination; preparation of Storm Water Pollution Prevention Plan (SWPPP); QSP Site Inspection, Reporting, and Permit Compliance (SMARTS Management, Consultant was selected without competitive bidding based on the RFP and demonstrated competence and professional qualifications (Government Code §4526), and (b) using a fair, competitive RFP selection process (Government Code §§4529.10 et seq.)

LBP (Local Business Participation Percentage) 0.00%

Recommendation

Approval by the Board of Education of General Services Agreement by and between the District and HERTZ Environmental, Inc., San Francisco, California, for the latter to provide Stormwater Pollution Prevention Plan (SWPPP) consulting services which consist of assisting the District with preparation of pre-bid coordination, planning and contract specifications, prepare a Storm Water Pollution Prevention Plan (SWPPP), conduct Qualified SWPPP Practitioner Site Inspection, Reporting, Training, Permit Monitoring and Stormwater Multiple Application & Report Tracking System (SMARTS), for the Claremont Middle School Multipurpose Room and Kitchen Project, in the not-to-exceed amount of \$21,500.00, which includes a not-to-exceed

contingency fee of \$3,000.00 for additional services, with work scheduled to commence on March 24, 2022, and scheduled to last until October 31, 2023, pursuant to the Agreement.

LBU Program Consultants to OUSD

MEMORANDUM

Date: February 9th, 2022 **To:** Tadashi Nakadegawa

From: Philip Lang, LBU Consultant

Subject: LBU Review

Storm Water Pollution Prevention Plan (SWPPP) Consulting Services for Claremont Middle School Multi-Purpose Building and Laurel Child Development Center

SUMMARY

The LBU Compliance Team has conducted a review of the Local Business Participation guidelines in conjunction with the Storm Water Pollution Prevention Plan (SWPPP) Consulting Services RFQ/P for Claremont Middle School Multi-Purpose Building and Laurel Child Development Center.

Our review has determined that the projected dollar amount for this project will fall below the Local Business Policy determined threshold of \$84,100. Given this information, it is our determination that this project is to be exempt from the 50% minimum Local Business Participation requirement, as long as a minimum of three local certified firms have been included in the solicitation.

RECOMMENDATION:

Based on the abovementioned findings, the Compliance Team recommends the District award this contract to the lowest most responsive bidder.

Cc: Kenya Chatman

OAKLAND UNIFIED SCHOOL DISTRICT

CONTRACT JUSTIFICATION FORM

This Form Shall Be Submitted to the Board Office With Every Agenda Contract.

Legislative File ID No. 22-0434

Department: Facilities Planning and Management

Vendor Name: <u>HERTZ Environmental, Inc.</u>

Project Name: <u>Claremont Middle School Multipurpose Room and</u> Project No.: <u>15127</u>

Kitchen Project

Contract Term: Intended Start: 3-24-2022 Intended End: 10-31-2023

Total Cost Over Contract Term: \$21,500.00

Approved by: Tadashi Nakadegawa

Is Vendor a local Oakland Business or has it met the requirements of the

Local Business Policy? ■ Yes (No if Unchecked)

How was this contractor or vendor selected?

Consultant was chosen based on the RFP for this construction project. The consultant is experienced with similar projects they have provided in the past and is currently working for the District.

Summarize the services or supplies this contractor or vendor will be providing.

Consultant will provide Stormwater Pollution Prevention Plan (SWPPP) consulting services which consist of assisting the District with preparation of pre-bid coordination, planning and contract specifications, prepare a Storm Water Pollution Prevention Plan (SWPPP), conduct Qualified SWPPP Practitioner Site Inspection, Reporting, Training, Permit Monitoring and Stormwater Multiple Application & Report Tracking System (SMARTS).

Was this contract competitively bid?		Check box for "Yes"	(If "No.	" leave box	unchecked)
--------------------------------------	--	---------------------	----------	-------------	------------

If "No," please answer the following questions:

1) How did you determine the price is competitive?

Consultant has done and is currently working for the District. Based on expertise with this particular type of work, the District found that the Consultant performed work quickly, accurately, efficiently, and at a reasonable cost to the District.

2) Please check the competitive bidding exception relied upon:

Construction Contract:

	Price is at or under UPCCAA threshold of \$60,000 (as of 1/1/19)
	CMAS contract [may only include "incidental work or service"] (Public Contract Code §§10101(a) and 10298(a)) – contact legal counsel to discuss if applicable
	Emergency contract (Public Contract Code §§22035 and 22050) – contact legal counsel to discuss if applicable
	No advantage to bidding (including sole source) – contact legal counsel to discuss if applicable
	Completion contract – contact legal counsel to discuss if applicable
	Lease-leaseback contract RFP process – contact legal counsel to discuss if applicable

Ma	inte	enance Contract:
		Price is at or under bid threshold of \$99,100 (as of 1/1/22)
		No advantage to bidding (including sole source) – contact legal counsel to discuss
		Other:

- 3) Explain in detail the facts that support the applicability of the exception marked above:
 - Consultant is providing Storm Water Pollution Prevention Plan (SWPPP) and QSP Site Inspection, Reporting, and Permit Compliance (SMARTS Management) for the District through the scope of their services, which are environmental services.

OAKLAND UNIFIED SCHOOL DISTRICT GENERAL SERVICES AGREEMENT

This GENERAL SERVICES AGREEMENT ("Agreement") is made and entered into effective March 24, 2022 (the "Effective Date"), by and between the Oakland Unified School District ("District") and HERTZ Environmental, Inc. ("Contractor").

- 1. **Contractor Services.** Contractor agrees to provide the following services to District (collectively, the "Basic Services") for the Claremont Middle School Multipurpose Room & Kitchen Project ("Project"): To provide stormwater pollution prevention plan (SWPPP) consulting services which consist of assisting the District with preparation of pre-bid coordination, planning and contract specifications, prepare a Storm Water Pollution Prevention Plan (SWPPP), conduct Qualified SWPPP Practitioner Site Inspection, Reporting, Training, Permit Monitoring and Stormwater Multiple Application & Report Tracking System (SMARTS). The Basic Services include all work described in the February 8, 2022, proposal, which is attached to this Agreement as **Exhibit A.** Contractor may only provide other services related to the Project ("Additional Services") after authorized in writing by District. "Services" shall mean Basic and Additional Services.
- 2. **Contractor Qualifications.** Contractor represents and warrants to District that Contractor, and all of Contractor's employees, agents or volunteers (the "Contractor Parties"), have in effect and shall maintain in full force throughout the Term of this Agreement all licenses, credentials, permits and any other qualifications required by law to perform the Services and to fully and faithfully satisfy all of the terms set forth in this Agreement. Contractor and any Contractor Parties performing services shall be competent to perform those services.
- 3. **Term.** The term for performance of the Services shall begin on March 24, 2022, and shall end on October 31, 2023 ("Term"), except as otherwise stated in Section 4 below, and Contractor shall complete the Services within the Term. There shall be no extension of the Term without an amendment signed by all Parties and approved by the District's governing board. Written notice by the District Superintendent or designee shall be sufficient to stop further performance of the Services by Contractor or the Contractor Parties. In the event of early termination, Contractor shall be paid for satisfactory Services performed to the date of termination. Upon payment by District, District shall be under no further obligation to Contractor, monetarily or otherwise, and District may proceed with the work in any manner District deems proper.
- 4. **Termination.** Either party may terminate this Agreement at any time by giving thirty (30) days advance written notice to the other party. Notwithstanding the foregoing, District may terminate this Agreement at any time by giving written notice to Contractor if Contractor materially breaches any of the terms of this Agreement, any act or omission of Contractor or the Contractor Parties exposes District to potential liability or may cause an increase in District's insurance premiums, Contractor is adjudged a bankrupt, Contractor makes a general assignment for the benefit of creditors or a receiver is appointed because of Contractor's insolvency. Such termination shall be effective immediately upon Contractor's receipt of the notice.

- 5. Payment of Fees for Services. District agrees to pay Contractor based on the hourly rates and unit prices listed in *Exhibit B* for Services satisfactorily performed. Contractor shall not increase these hourly rates or unit prices over the course of this Agreement. Total fees paid by District to Contractor for Services under the Agreement shall not exceed TWENTY-ONE THOUSAND FIVE HUNDRED Dollars NO/100 (\$21,500.00), which consists of a not-to-exceed amount of EIGHTEEN THOUSAND FIVE HUNDRED Dollars NO/100 (\$18,500.00) for performance of the Basic Services, and a not-to-exceed amount of THREE THOUSAND Dollars NO/100 (\$3,000.00) for performance of any Additional Services. Contractor shall perform all Services required by the Agreement even if the applicable not-to-exceed amount has already been paid and no more payments will be forthcoming. District agrees to make payment within sixty (60) days of receipt of a detailed invoice from Contractor based on hours worked, hourly rates, site visits, and unit prices, including any additional supporting documentation that District reasonably requests. Contractor shall not submit its invoices to District more frequently than monthly. Contractor shall not be reimbursed directly for any of its expenses, as the fees to be paid under this Agreement include compensation for any and all of Contractor's expenses.
- Indemnity. Contractor shall defend, indemnify, and hold harmless District and its 6. agents, representatives, officers, consultants, employees, Board of Trustees, members of the Board of Trustees (collectively, the "District Parties"), from and against any and all claims, demands, liabilities, damages, losses, suits and actions, and expenses (including, but not limited to attorney fees and costs including fees of consultants) of any kind, nature and description (collectively, the "Claims") directly or indirectly arising out of, connected with, or resulting from any act, error, omission, negligence, or willful misconduct of Contractor, the Contractor Parties or their respective agents, subcontractors, employees, material or equipment suppliers, invitees, or licensees in the performance of or failure to perform Contractor's obligations under this Agreement, including, but not limited to Contractor's or the Contractor Parties' use of the site, Contractor's or the Contractor Parties' performance of the Services, Contractor's or the Contractor Parties' breach of any of the representations or warranties contained in this Agreement, or for injury to or death of persons or damage to property or delay or damage to the District or the District Parties. Such obligation shall not be construed to negate, abridge, or reduce other rights or obligations of indemnity, which would otherwise exist as to a party, person, or entity described in this paragraph.
- 7. **Equipment and Materials**. Contractor at its sole cost and expense shall provide and furnish all tools, labor, materials, equipment, transportation services and any other items (collectively, "Equipment") which are required or necessary to perform the Services in a manner which is consistent with generally accepted standards of the profession for similar services. Notwithstanding the foregoing, District shall not be responsible for any damages to persons or property as a result of the use, misuse or failure of any Equipment used by Contractor or the Contractor Parties, even if such Equipment is furnished, rented or loaned to Contractor or the Contractor Parties by District. Furthermore, District may reject any Equipment or workmanship that does not conform to the requirements of this Agreement and Contractor must then promptly remedy or replace it at no additional cost to District and subject to District's reasonable satisfaction.
- 8. **Insurance.** Without in any way limiting Contractor's liability, or indemnification obligations set forth in Paragraph 6 above, Contractor shall secure and maintain throughout the Term of this

Agreement the following insurance: (i) comprehensive general liability insurance with limits of not less than \$1,000,000 each occurrence and \$2,000,000 in the aggregate; (ii) commercial automobile liability insurance with limits not less than \$1,000,000 each occurrence and \$2,000,000 in the aggregate, if applicable; and (iii) worker's compensation insurance as required by Labor Code section 3200, et seq., if applicable. Neither Contractor nor any of the Contractor Parties shall commence performing any portion of the Services until all required insurance has been obtained and certificates indicating the required coverages have been delivered to and approved by District. All insurance policies shall include an endorsement stating that District and District Parties are named additional insureds. All of the policies shall be amended to provide that the insurance shall not be suspended, voided, canceled, reduced in coverage or in limits except after thirty (30) days' prior written notice has been given to District. If such a notice is not given or even if District receives a notice, District may, at its sole option, terminate this Agreement. All insurance policies shall include an endorsement stating that it is primary to any insurance or self-insurance maintained by District and shall waive all rights of subrogation against District and/or the District Parties. A copy of the declarations page of Contractor's insurance policies shall be attached to this Agreement as proof of insurance.

- 9. **Independent Contractor Status.** Contractor is engaged in an independently established trade, occupation, or business to provide the Services required by this Agreement and is hereby retained to provide specialized services for District that are outside the usual course of District's business. Contractor is free from the control and direction of District in connection with the manner in which it provides the Services to District. Contractor understands and agrees that Contractor and the Contractor Parties shall not be considered officers, employees, agents, partners, or joint venturers of District, and are not entitled to benefits of any kind or nature normally provided to employees of District and/or to which District's employees are normally entitled.
- 10. **Taxes.** All payments made by District to Contractor pursuant to this Agreement shall be reported to the applicable federal and state taxing authorities as required. District will not withhold any money from fees payable to Contractor, including FICA (social security), state or federal unemployment insurance contributions, or state or federal income tax or disability insurance. Contractor shall assume full responsibility for payment of all federal, state and local taxes or contributions, including unemployment insurance, social security and income taxes with respect to Contractor and the Contractor Parties and otherwise in connection with this Agreement.
- 11. **Fingerprinting/Criminal Background Investigation Certification.** Contractor and the Contractor Parties shall at all times comply with the fingerprinting and criminal background investigation requirements of the California Education Code ("Education Code") section 45125.1. Contractor further agrees and acknowledges that if at any time during the Term of this Agreement Contractor learns or becomes aware of additional information which differs in any way from the information learned or provided pursuant to Section 45125.1, or Contractor or Contractor Parties add personnel who will provide Services under this Agreement, Contractor shall immediately notify District and prohibit any new personnel from interacting with District students until the fingerprinting and background check requirements have been satisfied and District determines whether any interaction is permissible.

General Services Agreement –Hertz Environmental, Inc. – Claremont Middle School Multipurpose Room & Kitchen Project - \$21.500.00

- 12. **Tuberculosis Certification.** Contractor and the Contractor Parties shall at all times comply with the tuberculosis ("TB") certification requirements of Education Code section 49406. Accordingly, by checking the applicable boxes below, Contractor hereby represents and warrants to District the following:
 - A. **X** Contractor and Contractor Parties shall **only have limited or no contact** (as determined by District) with District students at all times during the Term of this Agreement.

В. □	The following Contractor and Contractor Parties shall have more than limited contact
(as dete	rmined by District) with District students during the Term of this Agreement and, at no cost
	ict, have received a TB test in full compliance with the requirements of Education Code 49406:
	[Attach and sign additional pages, as needed.]

Contractor shall maintain on file the certificates showing that the Contractor and Contractor Parties were examined and found free from active TB. These forms shall be regularly maintained and updated by Contractor and shall be available to District upon request or audit.

Contractor further agrees and acknowledges that all new personnel hired after the Effective Date of this Agreement by Contractor and Contractor Parties are subject to the TB certification requirements and shall be prohibited from having any contact with District students until the TB certification requirements have been satisfied and District determines whether any contact is permissible.

- 13. **Confidential Information.** Contractor shall maintain the confidentiality of, and protect from unauthorized disclosure, any and all individual student information received from the District, including but not limited to student names and other identifying information. Contractor shall not use such student information for any purpose other than carrying out the obligations under this Agreement. Upon termination of this Agreement, Contractor shall turn over to District all educational records related to the services provided to any District student pursuant to this Agreement.
- 14. **Assignment/Successors and Assigns.** Contractor shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties or obligations under this Agreement without the prior written consent of District. Subject to the foregoing, this Agreement shall be binding on the heirs, executors, administrators, successors, and assigns of the respective parties.
- 15. **Severability.** If any provision of this Agreement shall be held invalid or unenforceable by a court of competent jurisdiction, such holding shall not invalidate or render unenforceable any other provision of this Agreement.
- 16. Amendments. The terms of this Agreement shall not be waived, altered, modified, supplemented

or amended in any manner whatsoever except by written agreement signed by both parties and approved by the governing board.

- 17. **Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of California, excluding its choice of law rules. Any action or proceeding seeking any relief under or with respect to this Agreement shall be brought solely in the Superior Court of the State of California for the County of Alameda, subject to transfer of venue under applicable State law, provided that nothing in this Agreement shall constitute a waiver of immunity to suit by the District.
- 18. **Written Notice.** Written notice shall be deemed to have been duly served if delivered in person to Contractor at the address located next to the party signatures below, or if delivered at or sent by registered or certified or overnight mail to the last business address known to the person who sends the notice.
- 19. **Compliance with Law.** Each and every provision of law and clause required by law to be inserted into this Agreement shall be deemed to be inserted herein and this Agreement shall be read and enforced as though it were included therein. Contractor shall comply with all applicable federal, state, and local laws, rules, regulations and ordinances, including but not limited to fingerprinting under Education Code section 45125.1, confidentiality of records, Education Code section 49406 and others. Contractor agrees that it shall comply with all legal requirements for the performance of duties under this Agreement and that failure to do so shall constitute material breach.
- 20. **Non-Discrimination.** There shall be no unlawful discrimination in the contracting of persons under this Agreement because of race, color, national origin, age, ancestry, religion, sex, or sexual orientation of such persons.
- 21. **Attorneys' Fees.** If any legal action is taken to interpret or enforce the terms of this Agreement, the prevailing party shall be entitled to recover reasonable attorneys' fees and other reasonable costs and expenses incurred in connection with that legal action.
- 22. **Liability of District.** Notwithstanding anything stated herein to the contrary, District shall not be liable for any special, consequential, indirect or incidental damages, including but not limited to lost profits in connection with this Agreement.
- 23. **Time.** Time is of the essence for performance of the Services under this Agreement.
- 24. **Waiver.** No delay or omission by District in exercising any right under this Agreement shall operate as a waiver of that or any other right and no single or partial exercise of any right shall preclude the District from any or further exercise of any right or remedy.
- 25. **Entire Agreement.** This Agreement is intended by the parties as the final expression of their agreement with respect to such terms as are included herein and as the complete and exclusive statement of its terms and may not be contradicted by evidence of any prior agreement or of a contemporaneous oral agreement, nor explained or supplemented by evidence of consistent additional terms.

- 26. **Ambiguity.** The parties to this Agreement, and each of them, hereby represent that the language contained herein is to be construed as jointly proposed and jointly accepted, and in the event of any subsequent determination of ambiguity, all parties shall be treated as equally responsible for such ambiguity.
- 27. **Execution of Other Documents.** The parties to this Agreement shall cooperate fully in the execution of any and all other documents and in the completion of any additional actions that may be necessary or appropriate to give full force and effect to the terms and intent of this Agreement.
- 28. **Execution in Counterparts.** This Agreement may be executed in counterparts such that the signatures may appear on separate signature pages. A copy, facsimile, or an original, with all signatures appended together, shall be deemed a fully executed agreement.
- 29. Warranty of Authority. The persons who have signed this Agreement warrant that they are legally authorized to do so on behalf of the respective parties, and by their signatures to bind the respective parties to this Agreement.
- 30. **Local Business.** Contractor shall comply with the requirements of the District's Local, Small Local, and Small Local Resident Business Enterprise Program, which may require a 50% minimum local participation requirement in the performance of this Agreement. A copy of this program may be obtained at www.ousd.k12.ca.us, under the Facilities Planning & Management Department drop down menu, at "Bids and Requests for Proposals."
- 31. **Forms.** The following forms, attached to the proposal, are incorporated into the contract:
 - Roof project certification (if required; see Public Contract-Code §3006).
 - Fingerprinting Notice and Acknowledgement.
 - Iran Contracting Act-Certification.
 - Workers' Compensation Certification.
 - Drug-Free Workplace Certification.
 - Buy-American-Certification.
 - Local Business Participation Form.

Within ten (10) days after award and before commencement of the services, the signed agreement and insurance documentation shall be submitted to the District.

32. **Mediation.** A party to this Agreement shall, as a condition precedent to initiating any litigation against the other party, demand mediation of any dispute. The parties shall endeavor to include any third party claimant in the mediation. The parties shall select a mediator and schedule the mediation within thirty (30) days of the initial demand for mediation. If the parties cannot agree on a mediator, the mediator shall be appointed by JAMS. The parties to the mediation, including the parties to this Agreement, shall pay equal shares of the mediator's fees. Each party shall bear its own attorney's fees related to the mediation.

Tadashi Nakadegawa Oakland Unified School District 955 High Street Oakland, CA 94601

RE: SWPPP Consultant Proposal for Claremont Middle School Multi-Purpose Building Project

Dear Mr. Nakadegawa:

This proposal is divided into three parts—(1) pre-bid coordination to assist Oakland Unified School District ("District") with preparation of contract specifications; (2) to prepare a Storm Water Pollution Prevention Plan (SWPPP) and (3) to act as the Qualified SWPPP Practitioner for the referenced project in compliance with the Construction General Permit, Order No. 2009-0009-DWQ (as amended by Order Nos. 2010-0014-DWQ and 2012-0006-DWQ), hereinafter referred to as "Permit".

Project Understandings and Basis for this Proposal

- The project is located at Cole Middle School, 5750 College Avenue, in the City of Oakland, Alameda County.
- The project consists of sitework for the development of a single-story 9,544 SF multipurpose building with kitchen to replace an existing 5,273 SF school cafeteria. Associated improvements include wet and dry utilities, landscape, and surface pavement.
- It is understood that the total disturbed surface area may be less than one acre and is not part of a larger common plan of development but the District chooses to obtain coverage under the Permit.
- It is our understanding that the District wishes to have HERTZ act on behalf of the District to maintain full compliance of the Permit.
- The SWPPP shall be designed to be amendable to incorporate subsequent construction phases following completion of each phase.

Scope of Work

I Pre-Bid Planning and Coordination

The following list of activities is recommended prior to preparation of the SWPPP and obtaining coverage under the Permit:

- 1. Meet with the District's project management team to discuss project including construction schedule, erosion and sediment control recommendations, and Permit requirements.
- 2. Prepare draft Water Pollution Control Section in the bid/contract specifications that describes Contractor's responsibilities to implement SWPPP and maintain compliance with the Permit.

II Preparation of SWPPP

Prepare a Storm Water Pollution Prevention Plan for the referenced project that includes the following components, pursuant to the requirements of the Permit.

- 1. Conduct a risk assessment to determine what Risk Level (1-3) the project is by determining the potential rate of erosion (using the Revised Universal Soil Loss Equation (RUSLE)) and risk of discharge to a beneficially-impaired water body per Appendix 1 of the Permit.
- 2. Provide description of existing soils and determine hydrologic soil group (HSG) and determine runoff coefficients between pre- and post construction, as needed.
- 3. Perform a preliminary hydrologic analysis of the project site including calculating the change in runoff rate and volume between pre- and post construction (Δq), as needed.
- 4. Identify onsite pollutant sources and recommend Best Management Practices (BMPs) that address the following:
 - a. Erosion control;
 - b. Tracking control;
 - c. Sediment control:
 - d. Wind erosion control:
 - e. Non-storm water control;
 - f. Waste management and materials pollution control;
 - g. Management of discharges to ground surface and watersheds;
 - h. Protection of natural waterways and municipal storm drains.
- 5. Prepare a Water Pollution Control Drawing (WPCD) and a typical BMP construction sheet. Please note that if no erosion control plan is available, Client's topographic survey or improvement plans will serve as a base map.
- 6. Prepare a Rain Event Action Plan (REAP) as required.
- 7. Prepare a Construction Site Monitoring Program (CSMP) as required.

Claremont Middle School Multi-Purpose Building Project

- 8. Include templates for training logs, monitoring programs, sampling data and inspection reports.¹
- 9. Provide recommended BMPs and their locations on the WPCDs.
- 10. Provide SWPPP in electronic format and one (1) hardcopy. Per the newly adopted CGP (effective July 1, 2010), the SWPPP must also be uploaded directly to SWRCB by the Legally Responsible Party (LRP) or via the assigned Data Submitter (DS).
- 11. Provide post-construction water balance calculations for projects outside a Phase II permitted area, as required.
- 12. Be available for questions by the site superintendent and make appropriate revisions to the SWPPP throughout the construction/demolition process, as needed.
- 13. Provide additional compliance support to the site superintendent to provide to agency inspectors in the event that a Notice to Comply (NTC) or Notice of Violation (NOV) is issued. (Site Superintendent is strongly encouraged to keep a camera phone or digital camera readily available).
- 14. Groundwater: provide a schedule of Pollutants of Concern (POC) and instructions for the sampling consultant in the event that groundwater is encountered.

 Groundwater plan will be incorporated into the SWPPP for review by the lead agency² and will be prepared according to the guidelines of the Permit.
- 15. Prepare a Sampling, Analysis, and Monitoring Plan.
- 16. If groundwater is encountered and if the Contractor (with Lead Agency approval) choose not to allow water to recharge, either:
 - a. Assist District to submit an application for a dewatering discharge permit with the San Francisco Regional Water Quality Control Board (SFRWQCB) to allow discharges to surface, or
 - b. Assist Contractor with obtaining a permit with the County of Alameda to discharge to sanitary sewer, or
 - c. Coordinate with outside party to pump water to baker truck to be delivered to a State-certified off-site water treatment facility.

¹ To be completed by Contractor's Qualified SWPPP Practitioner (QSP) in addition to any required annual compliance reporting. QSP or LRP must also submit an Annual Report to SWRCB via SMARTS each year before September 1.

² Lead agency is the government entity that requires a SWPPP (e.g., city, county, Caltrans, federal or combination of government agencies).

Claremont Middle School Multi-Purpose Building Project

III OSP Site Inspection, Reporting and Permit Compliance (SMARTS Management)

- 1. Prepare and submit (on behalf of District) Notice of Intent (NOI) including upload of all project review documents to SMARTS.
- 2. Coordinate with SWRCB to expedite obtaining coverage under the Permit and issuance of a waste discharge identification (WDID) number.
- 3. Provide SWPPP and Permit compliance training to Contractor and subcontractors at tailgate meetings.
- 4. Conduct at least weekly site inspections to:
 - a. Audit Contractor's performance in implementing SWPPP;
 - b. Provide ongoing education to Contractor and subcontractors to maintain compliance with Permit;
 - c. Complete REAPs if applicable; and
 - d. Complete required BMP Inspection Reports for weekly and pre-/ during-/ and post-storm events.
- 5. Provide onsite water sampling and analysis using a portable pH kit and turbidimeter to test levels of turbidity and pH. QSP will typically bring portable turbidimeter during storm events and is available on-call if a discharge occurs outside the time of inspection. QSP can respond onsite within 48 hours after a sample is collected to perform test.
- 6. Coordinate with outside laboratory for analysis of water samples to test levels of constituents other than pH and turbidity if required.
- 7. Submit lab results (adhoc reporting) and submit corrective action reports, if necessary, to SWRCB via SMARTS.
- 8. Follow up with Contractor in performing required corrective actions per SOW Items 6 and 7.
- 9. Complete required reports including training logs and quarterly construction site monitoring reports for non-visible pollutants.
- 10. Prepare and submit (on behalf of District) Annual Report on or before September 1 of each reporting year.
- 11. Provide additional compliance support to Contractor in the event that an NTC or NOV is issued. Coordinate necessary corrective actions directly with SFRWQCB.
- 12. Coordinate with erosion/sediment control BMP supplier for proper installation and maintenance of devices.
- 13. Determine time to terminate coverage under the Permit and submit a Notice of Termination (NOT) upon completion of the project, which includes either (1) providing demonstrable evidence to SWRCB that the site has achieved final stabilization and construction is complete or (2) meet with SFRWQCB inspector at the site to perform a field reconnaissance.
