Community Schools, Thriving Students

Our Vision

All OUSD students will find joy in their academic experience while graduating with the skills to ensure they are caring, competent, fully-informed, critical thinkers who are prepared for college, career, and community success.

Our Mission

Oakland Unified School District (OUSD) will build a Full Service Community District focused on high academic achievement while serving the whole child, eliminating inequity, and providing each child with excellent teachers, every day.

Castlemont Students Take Once-in-a-Lifetime Trip

The members of the Pacific Bridge Club from Castlemont High School concluded their amazing five days in Japan with a day of service.

The group ventured to Edo River just outside Tokyo where they did a river clean up. They bagged up plastic bottles, pieces of broken glass, pieces of metal, old clothing, and various other disposed items. The leader of the environmental group that organized the event expressed deep appreciation for the students' efforts.

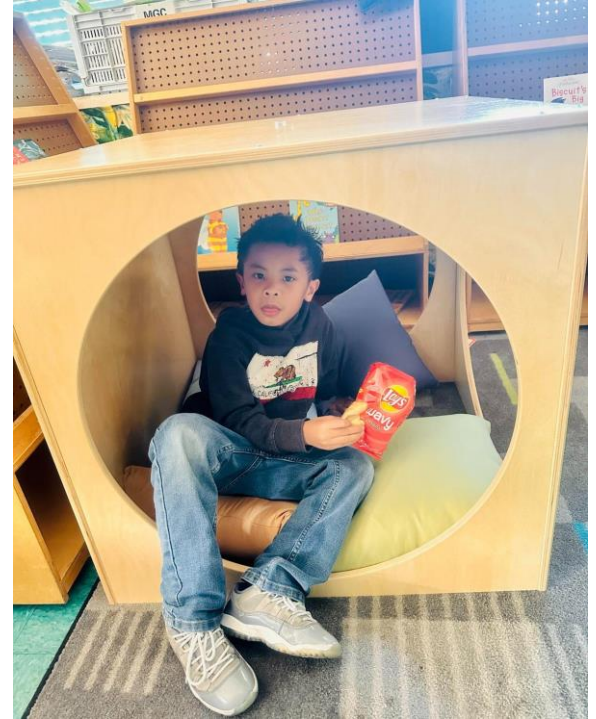

The clean up followed a day at Tokyo Disneyland and several days of exploration of the city, and experience of the food and culture. The next leg of their trip is the Philippines, which will be followed by Taiwan. No doubt they will finish the journey with countless once-in-a-lifetime memories, and a new perspective on the world and their place in it.

OUSD Elementary Schools Provide *Calming Corners*

April is Autism Awareness Month, and there is no better time to announce that 21 OUSD elementary schools have rolled out *Calming Corners*, dedicated spaces designed to help students manage emotions and maintain focus in a supportive environment.

These spaces are part of our commitment to fostering inclusive, supportive learning environments where every student - including those on the autism spectrum - can thrive.

Manzanita Schoolyard Remodel is Kid-Approved

In collaboration with Eat. Learn. Play. and KABOOM!, OUSD recently unveiled a newly revitalized schoolyard at the Manzanita campus, marking the first of a wave of schoolyard remodels planned for 2024. The Manzanita project is not yet complete, but it will be in the next couple weeks.

Students were on hand to watch the work happening and they sang for the volunteers and did a drum circle routine to thank them.

The light blue structure in the photo that looks like a dinosaur is exactly that, which was taken from a kid's design. In fact much of the yard is kid-designed, making it all the more special and impactful for the Manzanita community.

Expanded Access to Elementary Sports

Positive Coaching Alliance recognized Oakland Unified School District and the Expanded Learning Department as the recipient of the Community Impact Award at the 2024 Game Changer Awards and Benefit.

“[OUSD’s] unwavering dedication to fostering positive, equitable, and accessible youth sports opportunities within our community is truly commendable. The impact [OUSD has] made by actively addressing barriers to youth sports participation is a testament to your commitment and leadership. You have not only inspired others to get involved but have also paved the way for meaningful change in our community.”
