The Contractor shall at all times enforce strict discipline and good order among Contractor's employees and subcontractors and shall not employ on the Work anyone not skilled in the task assigned. Any employee of Contractor or employee of Contractor's subcontractors, suppliers or materialmen Owner deems not skilled for the task assigned shall, upon Owner's request, be dismissed from the site.

During the Work, the Contractor shall ensure that all Work, including but not limited to Work performed by Subcontractors, is performed in compliance with all applicable legal, contractual, and local government requirements related to the novel coronavirus and COVID-19, including "social distancing," masks, and hygiene as may be ordered by the State or local authorities and as may be directed in the Contract Documents.

3. **CONTRACT DOCUMENTS**. The Contractor and Owner agree that the Contract Documents are composed of this Agreement, required insurance certificates, additional insured endorsement and declarations page, Designation of Subcontractors, Noncollusion Declaration, Roof Project Certification (where applicable), Sufficient Funds Declaration (Labor Code section 2810), the Fingerprinting Notice and Acknowledgment, Independent Contractor Student Contact Form, any required bonds, and any specifications and plans. If there are specifications and plans, the specifications and plans are intended to cooperate, so that any work exhibited in the plans and not mentioned in the specifications, or vice versa, is to be executed the same as if both mentioned in the specifications and set forth in the plans to the true intent and meaning of the said plans and specifications, when taken together. The Contract Documents are complementary, and each obligation of the Contractor, subcontractors, and material or equipment suppliers in any one shall be binding as if specified in all. Where requirements of the Contract Documents exceed those of the applicable building codes and ordinances, the Contract Documents shall govern. Contractor shall comply with all applicable Federal, State and local laws. The work shall constitute a "work of improvement" under Civil Code section 8050 and Public Contract Code section 7107

4. **COMPLETION DATE**. Time is of the essence in this Contract, and the work to be completed under this Agreement shall begin no later than July 31, 2024, and be completed on or before August 30, 2024 (this period of time being the "Contract Time").

5. CONTRACT SUM. The Contract Sum is the total amount payable by Owner to Contractor for the performance of work under the Contract Documents. The Contract Sum is Fifty-Nine Thousand Nine Hundred Ninety-Nine Dollars No/100( \$59,999.00) unless modified in accordance with the Contract Documents.

The Owner shall not enter into any contract without proof of the Contractor's current registration to perform public work under Labor Code section 1725.5. The Contractor shall not enter into any subcontract without proof of the subcontractor's current registration to perform public work under Labor Code section 1725.5. For all projects over Twenty-Five Thousand Dollars (\$25,000), a contractor or subcontractor shall not be qualified to enter into, or engage in the performance of, any contract of public work (as defined by Division 2, Part 7, Chapter 1 (§§1720 et seq.) of the Labor Code) unless currently registered and qualified under Labor Code section 1725.5 to perform public work.

7. LIQUIDATED DAMAGES. Failure to complete the Work within the Contract Time and in the manner provided for in this Agreement shall subject the Contractor to liquidated damages. For purposes of liquidated damages, the concept of substantial completion shall not constitute completion and is not part of the Contract Documents. The actual occurrence of damages and the actual amount of the damages which the Owner would suffer if the Work were not completed within the specified times set forth are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages which the Owner would suffer in the event of delay include, but are not limited to, loss of the use of the Work, disruption of activities, costs of administration, supervision and the incalculable inconvenience and loss suffered by the public.

Accordingly, the Parties agree that the amount herein set forth shall be the amount of damages which the Owner shall directly incur upon failure of the Contractor to complete the Work within the Contract Time specified: \$ 100.00, for each calendar day by which completion of the Work is delayed beyond the Contract Time, as adjusted by change orders.

If the Owner accepts any work or makes any payment under this Agreement after a default by reason of delays, the payment or payments shall in no respect constitute a waiver or modification of any Agreement provisions regarding time of completion and liquidated damages.

8. EARLY COMPLETION. Regardless of the cause therefore, the Contractor may not maintain any claim or cause of action against the Owner for damages incurred as a result of its failure or inability to complete its work on the Work in a shorter period than established in this Agreement, the Parties stipulating that the period established in this Agreement is a reasonable time within which to perform the work on the Work.

**9. PAYMENT**. For services satisfactorily performed and after receipt of a properly documented and submitted application for payment, payment for the ent.re Work shall be made in a lump sum within 30 days after submittal of the application for payment.

If the Contractor becomes liable under this section, the Owner, in addition to all other remedies provided by law, shall have the right to withhold any and all retained percentages of payments and/or progress payments, and to collect the interest thereon, which would otherwise be or become due the Contractor until the liability of the Contractor under this Agreement has been finally determined. If the retained percentages and withheld progress payments appear insufficient to discharge all liabilities of the Contractor incurred under this Agreement, the Contractor and its sureties shall continue to remain liable to the Owner for such liabilities until all such liabilities are satisfied in full.

### {SR808865}

Page 3 of 21

Owner may withhold from any payment or any release of retention, in whole or in part, to such extent as may be necessary to protect the Owner from loss because of: (a) Defective work not remedied; (b) Stop Payment Notices filed, unless the Contractor at its sole expense provides a bond or other security satisfactory to the Owner in the amount of at least one hundred twenty-five percent (125%) of the claim, in a form satisfactory to the Owner, which protects the Owner against such claim and which Owner chooses to accept. Any stop payment notice release bond shall be executed by a California admitted, fiscally solvent surety, completely unaffiliated with and separate from the surety on the payment and performance bonds, that does not have any assets pooled with the payment and performance bond sureties. The surety insurer, at the time of issuance of the bond, unless otherwise agreed to by Owner in writing, must have a rating not lower than "A-" as rated by A.M. Best Company, Inc. or other independent rating companies. Owner reserves the right to approve or reject the surety insurer selected by Contractor and to require Contractor to obtain a bond from a surety insurer satisfactory to the Owner; (c) Liquidated damages assessed against the Contractor; (d) Reasonable dcubt that the work can be completed for the unpaid balance of any Contract Sum or by the completion date; (e) Damage to the Owner, another contractor, or subcontractor; (f) Unsatisfactory prosecution of the work by the Contractor; (g) Failure to store and properly secure materials; (h) Failure of the Contractor to submit on a timely basis, proper and sufficient documentation required by the Contract Documents; (i) Failure of the Contractor to maintain record drawings; (i) Erroneous estimates by the Contractor of the value of the work performed, or other false statements in an Application for Payment; (k) Unauthorized deviations from the Contract Documents; (1) Failure of the Contractor to prosecute the work in a timely manner in compliance with established progress schedules and completion dates; (m) Subsequently discovered evidence or observations nullifying the whole or part of a previously issued payment; (n) Failure to pay subcontractors or materialmen; or (o) Breach of any provision of the Contract Documents. Owner's failure to withhold any of these sums from a payment or release of retention shall not constitute a waiver of Owner's right to such sums.

If the Owner accepts any work or makes any payment or release of retention under this Agreement after a default by reason of delays, the payment or release shall in no respect constitute a waiver or modification of any Agreement provisions regarding time of completion and liquidated damages.

In accordance with Public Contract Code section 22300, the Owner will permit the substitution of securities for any retention monies withheld by the Owner to ensure performance under the Agreement. At the request and expense of the Contractor, securities equivalent to the amount withheld shall be deposited with the Owner, or with a state or federally chartered bank as the escrow agent, who shall then pay such retention monies to the Contractor. Upon completion of the work, the securities shall be returned to the Contractor if Owner has no basis to withhold under the Contract Documents. Securities eligible for investment under this section shall include those listed in Government Code section 16430, bank or savings and loan certificates of deposit, interest-bearing, demand-deposit accounts, standby letters of credit, or any other security [SR808865] Page 4 of 21

mutually agreed to by the Contractor and the Owner. The Contractor shall be the beneficial owner of any securities substituted for monies withheld and shall receive any interest thereon. The escrow agreement used for the purposes of this section shall be substantially similar to the form set forth in Public Contract Code sectior. 22300.

10. CHANGE ORDERS. The Contractor and the Owner agree that changes in the Contract shall become effective only when written in the form of a change order signed by the Contractor and approved by the Owner's governing board. It is specifically agreed that the Owner shall have the right to request any alterations, deviations, reductions, or additions to the Project and the amount of the cost and time thereof shall be added to or deducted from the amount of the Contract Sum by fair and reasonable valuations. Notwithstanding the above, Contractor shall expeditiously perform any modified Work as directed by Owner, even if a change order for the modified Work is still pending. Contractor also agrees to provide the Owner with all information requested to substantiate the cost of the change order and to inform the Owner whether the work will be done by the Contractor or by a subcontractor.

This Agreement shall be deemed to be completed when the Project is finished in accordance with this Agreement, and any original plans and specifications as amended by such changes.

The Contractor shall submit with the proposed change order its request for time extension (if any), and include sufficient information and dates to demonstrate whether and to what extent the change will delay the completion of the Project. The time extension shall be agreed to by the Parties and memorialized by a written change order pricr to initiation of the work contemplated by the change order.

11. **DISPUTES**. If a dispute arises between the Owner and the Contractor as to an interpretation of any of the specifications or Contract Documents or as to the quality or sufficiency of materials or workmanship, the decision of the Owner shal. for the time being prevail, and the Contractor, without delaying the job, shall proceed as directed by the Owner without prejudice to a final determination of the dispute.

12. CLAIMS. "Claim" for this purpose means a separate demand by the Contractor for a time extension, payment of money or damages arising from work done by or on behalf of the Contractor pursuant to this Agreement, for which payment is expressly provided, or the Contractor is otherwise entitled to, or an amount the payment of which is disputed by the Owner. "Claim" includes, but is not limited to, demands for payment based on alleged wrongful withholdings or wrongful termination.

Notwithstanding any other provision herein, all claims by Contractor shall be subject to the claim resolution procedures in Public Contract Code section 9204. Upon receipt of a claim, the Owner shall conduct a reasonable review and within 45 days shall provide a written statement to the Contractor identifying what portion of the claim is disputed and what

{SR808865}

Page 5 of 21

portion is undisputed. This time period may be extended by mutual agreement. The Contractor shall furnish reasonable documentation to support the claim. Any payment due on the undisputed portion of the claim shall be made within 60 days of the written statement; if the payment is late, interest of 7% per annum shall accrue. If the Contractor disputes the written response, or if the Owner fails to timely issue a written statement, the Contractor may demand in writing an informal conference to meet and confer within 15 days of the written response or, if the Owner fails to timely issue a writter response, within 15 days of deadline for the written response. Upon receipt of a demand, the Owner shall schedule a conference within 30 days. If the claim or any portion of it remains in dispute after the conference, within 10 days after the conclusion of the conference the Owner shall provide a written statement identifying the portion that remains in dispute and the portion that is undisputed. Any payment due on the undisputed portion of the claim shall be made within 60 days of the written statement; if the payment is late, interest of 7% per annum shall accrue. Any disputed portion identified in the written statement shall be submitted to mediation, with the costs to be shared equally. The parties shall agree to a mediator within 10 days of the written statement. This mediation shall excuse the need for mediation under Section 20104.4 after litigation commences. If the mediation is unsuccessful, the parts of the claim remaining in dispute shall be subject to applicable procedures outside Section 9204. Only claims as to which timely notice was given, which were timely submitted, which complied with all requirements of this Agreement and law, and which were identified by Contractor and listed as "unresolved" in connection with Contractor's request for final payment, may be pursued. All other Contractor claims are deemed waived.

All claims by Contractor of \$375,000 or less shall also be subject to the settlement and arbitration provisions in Public Contract Code section 20104, et seq., except to the extent that they are in conflict with the procedures in Section 9204. The Contractor shall submit its claim of \$375,000 or less to the Owner in writing before final payment is made. The Owner shall respond within the time provided by statute. If the Contractor disagrees with the response or the Owner fails to respond within the time permitted, the Contractor shall notify the Owner of the disagreement in writing within fifteen (15) days from the date of the response or expiration of the time permitted to respond and demand **a** meet-and-confer conference. The Owner shall schedule a meet-and-confer conference within thirty (30) days of the demand. If litigation is commenced, then mediation and judicial arbitration will be required.

13. TERMINATION. If the Contractor should be adjudged bankrupt, or if the Contractor should make a general assignment for the benefit of Contractor's creditors, or if a receiver should be appointed on account of Contractor's insolvency, or if Contractor or any of Contractor's subcontractors should violate any of the provisions of the Agreement, or if Contractor should refuse or fail to supply enough properly skilled workmen or proper materials, or if Contractor violates Labor Code section 1771.1(a), subject to the provisions of Labor Code section 1771.1(f), or should fail to make prompt payment to subcontractors or for material or labor, or disregard laws, ordinances or the instructions of the Owner, then the Owner may serve written notice up on the Contractor (SR808865) Page 6 of 21

and its surety of its intention to terminate the Agreement. Unless, within five (5) days after the serving of such notice, such violations shall cease and satisfactory arrangements for corrections thereof be made, the Agreement shall, upon the expiration of said five (5) days, at the Owner's option, terminate.

In the event of any such termination, the Owner shall immediately serve written notice thereof upon the surety and the contractor, and the surety shall have the right to take over and perform the Agreement; provided, however, that if the surety, within ten (10) days after the serving upon it of Notice of Termination, does not give the Owner written notice of its intention to take over and perform the Agreement or does not commence performance within ten (10) days from the date of the serving of such notice, the Owner may then take over the Project and prosecute the same to completion by any method it may deem advisable, for the account and at the expense of the Contractor, and the Contractor shall be liable to the Owner for any excess cost occasioned the Owner thereby. In such an event, the Owner may without liability for so doing, -ake possession of and utilize in completing the Project, such materials, appliances and other property belonging to the Contractor as may be on the site of the Project and necessary therefore. In such case the Contractor shall not be entitled to receive payment until the Project is finished. If the Contract Sum exceeds the expense of finishing the Project, including compensation for additional managerial and administrative services, such excess shall be paid to the Contractor. If such expense shall exceed the Contract Sum, the Contractor shall pay the difference to the Owner.

The Owner may, at any time, terminate the Contract for the Owner's convenience and without cause. Upon receipt of written notice from the Owner of such termination for the Owner's convenience, the Contractor shall (1) cease operations as directed by the Owner in the notice; (2) take actions necessary, or that the Owner may direct, for the protection and preservation of the work; and (3) except for work directed to be performed prior to the effective date of termination stated in the notice, terminate all existing subcontracts and purchase orders and enter into no further subcontracts and purchase orders. In case of such termination for the Owner's convenience, the Contractor shall be entitled to receive payment for work executed, and costs incurred by reason of such termination.

14. SUBCONTRACTORS. If Contractor shall subcontract any part of the work, Contractor shall be fully responsible to Owner for acts or omissions of Contractor's subcontractors. Pursuant to Public Contract Code section 6109, no contractor may perform work on a public works project with a subcontractor who is ineligible to perform work on the project pursuant to California Labor Code sections 1777.1 cr 1777.7.

Contractor shall post on site all required job site notices as prescribed by regulation.

The Contractor and any subcontractor under the Contractor as a penalty to the Owner shall forfeit not more than Two Hundred Dollars (\$200.00) for each calendar day or portion thereof for each worker paid less than the stipulated prevailing rates for such work or craft in which such worker is employed. The difference between such stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rates and the amount paid to each worker for each calendar day or portion thereof for which each worker was paid less than the stipulated prevailing wage rate shall be paid to each worker by the Contractor.

17. APPRENTICES. The Contractor agrees to comply with Chapter 1, Part 7, Division 2, sections 1777.5 and 1777.6 of the California Labor Code, which are hereby incorporated and made a part hereof. These sections require that contractors and subcontractors employ apprentices in apprenticeable occupations in a ratio of not less than one hour of apprentice's work for each five hours of work performed by a journeyman (unless an exemption is granted in accordance with section 1777.5) and that contractors and subcontractors shall not discriminate among otherwise qualified employees as indentured apprentices on any public works solely on the ground of sex, race, religious creed, national origin, ancestry or color. Only apprentices as defined in Labor Code section 3077, who are in training under apprenticeship standards and who have signed written apprentice agreements, will be employed on public works in apprenticeable occupations. The responsibility for compliance with these provisions is fixed with the Contractor for all apprenticeable occupations.

18. DSA OVERSIGHT PROCESS. The Contractor must comply with the applicable requirements of the Division of State Architect ("DSA") Construction Oversight Process ("DSA Oversight Process"), including but not limited to (a) notifying the Owner's Inspector of Record or Contract Inspector ("IOR") upon commencement and completion of each aspect of the work as required under DSA Form 156; (b) coordinating the work with the IOR's inspection duties and requirements; (c) submitting verified reports under DSA Form 6-C; and (d) coordinating with the Owner, Owner's Architect, any Construction Manager, any laboratories, and the IOR to meet the DSA Oversight Process requirements without delay or added costs to the Contract.

If inspected work is found to be in non-compliance with the DSA-approved construction documents or the DSA-approved testing and inspection program, then it must be removed and corrected. Any construction that covers unapproved or uninspected work is subject to removal and correction, at Contractor's expense, in order to permit inspection and approval of the covered work in accordance with the DSA Oversight Process.

**19. TIME EXTENSIONS.** The Contractor shall be granted a reasonable time extension for excusable delays, which are those delays that meet each and every of the following conditions: (a) The delay was beyond the control of Contractor and its subcontractors and material suppliers; (b) the delay was caused by events that were not reasonably foreseeable to Contractor at the time of bidding; (c) all float in the schedule

{SR808865}

Page 9 of 21

# ADDITIONAL INSURED – AUTOMATIC STATUS

This endorsement modifies insurance provided under the following: COMMERCIAL GENERAL LIABILITY COVERAGE PART

**SECTION II - WHO IS AN INSURED** is amended to include as an additional insured any person or organization when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy.

- **A.** Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
  - **1.** Your acts or omissions; or

**2.** The acts or omissions of those acting on your behalf with respect to:

- **a.** Premises you own, rent, lease, or occupy; or
- **b.** Your ongoing operations performed for that insured.
- **B.** The insurance afforded to such additional insured:
  - 1. Only applies to the extent permitted by law; and
  - 2. Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.
- **C.** The Limits of Insurance applicable to the additional insured are the lesser of those specified in:
  - 1. The written contract or agreement; or

Such are included in, and not in addition to, the Limits of Insurance shown in the Declarations.

**D.** Regardless of whether other insurance is available to an additional insured on a primary basis, this insurance will be primary and noncontributory if a written contract between you and the additional insured specifically requires that this insurance be primary.

All other terms and conditions of the policy remain unchanged.

# ADDITIONAL INSURED – OWNERS, LESSEES OR CONTRACTORS – AUTOMATIC STATUS WHEN REQUIRED IN CONSTRUCTION AGREEMENT WITH YOU

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

- A. Section II Who Is An Insured is amended to include as an additional insured any person or organization for whom you are performing operations when you and such person or organization have agreed in writing in a contract or agreement that such person or organization be added as an additional insured on your policy. Such person or organization is an additional insured only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by:
  - **1.** Your acts or omissions; or
  - **2.** The acts or omissions of those acting on your behalf;

in the performance of your ongoing operations for the additional insured.

However, the insurance afforded to such additional insured:

- 1. Only applies to the extent permitted by law; and
- **2.** Will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

A person's or organization's status as an additional insured under this endorsement ends when your operations for that additional insured are completed.

**B.** With respect to the insurance afforded to these additional insureds, the following additional exclusions apply:

This insurance does not apply to:

- 1. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:
  - **a.** The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or
  - **b.** Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of or the failure to render any professional architectural, engineering or surveying services.

- 2. "Bodily injury" or "property damage" occurring after:
  - **a.** All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or
  - **b.** That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.
- C. With respect to the insurance afforded to these additional insureds, the following is added to Section III Limits Of Insurance:

The most we will pay on behalf of the additional insured is the amount of insurance:

- Required by the contract or agreement you have entered into with the additional insured; or
- **2.** Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declarations.
