Measures N/H Plan or Pathway/Tab Name	Budget Action - Line Item #	Original Amount Approved	Measures N and H Budget Original Strategic Action (proper & full justification)	Total Amount being Transferred
Whole School Tab	119	\$40,900.00	<p>Computers: to purchase Microsoft Surface Pro Specialized Computers for the Technology pathway students.</p> <p>The specialized computers are to build out technology pathway classes. We plan to purchase 2 class sets of 32 customized computers with advanced technical capabilities that are necessary to facilitate our Project Based Learning curriculum for our Senior Computer Science Capstone class. This includes running software related to; digital media, coding, robotics, artificial intelligence, and virtual reality. These specialized computers offer additional software capacity that Google Chromebooks do not support. This expenditure will facilitate students graduating with more advanced level transferable technological skills that will lead to higher levels of employment and college readiness. In addition, this expenditure aligns with Strategic Action #1 as the Senior Capstone is a project that requires the use of advanced computer software to design a computer game using Code Combat, Java Script, Python, and or HTML. (Not a gift, we will loan the students a computer and they will be returned after use.)</p>	\$10,710.00
