Proposed Expenditures

Guidelines

- 1. In the following sections, please discuss your team's plan to address the goals of G1:
 - a. Increase access to courses in arts, music, and world languages in grades 6-8.
 - b. Improve student retention during the transition from elementary to middle school.
 - c. Create a more positive and safe middle school learning environment.
- 2. Please explain how you plan to use the Measure G1 funds to meet the goals, as measured in the METRICS section of this proposal.
- 3. Add additional lines as needed.
- 4. The total of all items should equal the amount listed in "Recommended Grant Amount" on page 1
- 5. Expenditures must supplement, not supplant expenditures made from other funding sources. In other words, Measure G1 funds must be used for new expenditures, expenditures already funded from Measure G1, expenditures previously paid for by a funding source that has ended, or to pay for an expenditure that would have been cut, were it not for Measure G1 funds.

| If we keep the same expendentiures as last year, we will have to make | |
| additional cuts to staffing. | |
| There is a \$5,700 decrease compared to last year. | |
| Option 1: continue to fund music teachers and .5 fte more of an elective teacher. | |
| Option 2: continue to fund music teacher and 3 family champions and contract 2 days of wellness together therapists | |
| Option 3: use the funds the same way we did this year and have \$54,000 less for other positions and 2 days of therapists from other part | |
| Most teachers chose the same thing. | |
| Monica(parent) believes that option 2 is the best option for the school, as it | |
| keeps the music teacher, allows students to continue to receive therapy and allows for the 3 family champions to keep supporting supervision. | |

UPA Staff Meeting Measure G1 Survey Results 1/22/24 22 staff member attendee responses

How do you think we should use our Measure G1 Grant next year? 22 responses

Explain your choice.

Let's not cut.

Seems the best option

I think the music elective is important.

fund 1.0 FTE music teacher and 2 Family Champion ...no contract with therapist and use the remaining funding to keep supporting music teacher with instrumental or vocal needs.

Keep the therapists no matter what.

I chose #2 bc it does not require us to cut \$54k and we can hopefully share a 0.5 elective teacher with another site.

This option seems to provide the least impact on our current programming, but I worry about being able to hire a .5 elective teacher.

keeps things the same as this year

It seems like the natural choice to not lose anyone AND add 1 family champion.

To fund 1.0 FTE Music Teacher and Therapy contract for 2 days a week therapist -- music elective seems essential and having therapist contracts is truly incredible and impactful. Is it possible to add on academic mentors instead of family champions? I think they have more impact.

I don't think we should be cutting more money from other positions as we already have struggles with Retention.
