Please explain briefly your interest in serving on this Committee, Commission or Board:

As an Oakland parent and property owner interested in issues around equity in public education, I want to better educate myself on the various bond measures. Measure G stands out for its breadth and district wide impact. Understanding how we are spending \$20M annually, assessing if there is anything we can do to increase opportunity, equity and access for all of OUSD's students, as well as fully disclosing these budget positions to the public is important work that interests me.
