- The past 4 years have seen incremental growth in our VAPA programs at all levels. Beginning this year all elementary (TK-5) students will receive at least 50 minutes per week of arts instruction by a certificated teacher. OUSD hasn't been able to say this since 1988.
- Prop 28 funding will increase our current VAPA offerings by at least 27 FTE starting next school year.
- OUSD VAPA office currently supports 25 schools developing partnerships with community organizations.
