Meeting Goals and Agreements

We have four goals tonight. We will:

1. understand current proposals to reduce OUSD's deficit through budget reductions and changes, school mergers, and the use of vacant OUSD properties.
2. understand the main ideas of a Joint Statement about the proposals that was written by members of the Parent & Student Advisory Committee, the Community Advisory Committee for Special Education, and the District English Language Learners Subcommittee.

3. Discuss what impact those proposals might have on the support that is provided to English Language Learners and on the district as a whole.

4. find out which schools established Site English Language Learner Subcommittees (SELLS) and which schools chose to establish SELLS as a separate committee.

**Please ask lots of questions so that,
together, we can meet our goals.**

Our Agreements

One microphone	Take space; make space
Honor the agenda	Tough on problems; easy on people
Listen to understand	Offer solutions

Review of the Agenda

6:30 pm 20 minutes	Instructions; Welcome; Roll Call; Review Goals, Agreements, and Agenda; Introductions
6:50 pm 25 minutes	Presentation: Proposed Budget Solutions for 2025-26 and Beyond
7:15 pm 25 minutes	Presentation & Discussion: Joint Statement from Advisory Committees about the Proposed Budget Solutions
7:40 pm 10 minutes	Break

The agenda continues on the next page.

7:50 pm 30 minutes	Current Investments to Support English Language Learners & Possible Changes Impact of Proposed Changes on DELLS Priorities, Support for English Language Learners, & all of OUSD
8:20 pm 15 minutes	Update on Schools Establishing Site English Language Learner Subcommittees, the DELLS Working Group on SELLS, and the DELLS Needs Assessment Survey
8:35 pm 10 minutes	Announcements, Appreciations, and Public Comments

Our Continuing Priorities

Proof that **ALL English Language Learners are getting Designated English Language Development (ELD) at their level** including all disabled English Language Learners and newcomers.

Strong Site English Language Learner Subcommittees (SELLS) with authentic voice and leadership from families of English Learners. Stopping the practice of School Site Councils absorbing SELLS and weakening their role.

Finding out if OUSD is meeting the language access needs of all English Language Learner families.

Getting additional interpretation and translation to support the needs that we already know exist.

Proposed Budget Solutions

Committees & LCAP Engagement**

Background Information

This is our district's current challenge as presented at our October meeting and in district communications:

- **The District is spending more money every month than the money that is coming in.** [Our revenues are smaller than our expenditures.]
- **This deficit spending is projected to total \$79 million at the end of this school year. Next year, the deficit would total another \$95 million if we do nothing to curb our spending.**
- **We do not have sufficient savings to financially survive a second year at our current spending levels.**
- **OUSD will not be able to adopt a 2025-26 budget because, even after using all of the savings, a deficit of \$62.7 million will remain.** [We will be short by that amount and would not be able to pay all of our obligations.]

WE ARE SPENDING BEYOND OUR MEANS

The goal: 95 million in new revenues and cost savings

B) The types of solutions that have been proposed:

- 1) Decreasing expenditures (how much money is spent)**
- 2) Reducing the size of our footprint (the number of schools OUSD operates)**
- 1) Generating revenue from our real assets (getting new dollars from OUSD properties)**

Quote from OUSD presentation about the budget:

"We will need to use all or some combination of these strategies to get on the path of fiscal sustainability."

Option 21 (Slide 11 of 16)

The contribution to Special Education comes from Base funds. Some of what is covered through that contribution should also come from Supplemental and Concentration funds. Base dollars cannot support all of the investments that are currently being provided to students under Special Education, nor it is appropriate for only those dollars to do so.

Students who receive Special Education have layered needs beyond their Base Special Education program. (For example: behavioral health and social-emotional supports, English Language Development, etc.) We must account for those needs outside of Individualized Education Programs, as we do for all students who receive supplemental support.

Doing this, would also help us contain the Special Education costs that are being covered by Base funds as we deepen Special Education quality and increase the efficient use of all resources.

Quotes from the Joint Statement

We believe that the Board of Education, administrators, teachers, staff, advisory committees, families, students, and other members of the OUSD community must work together to emerge positively from the current challenges. We must rely on the wisdom of those who will most be affected by decisions.

After rushed and intense preparation, 31 district committee members met last night [Nov 12th] to craft this joint statement. We created our own unified space to learn from each other and to respond collectively to the challenges of this moment.

8 were members of DELLS

**ABOUT THE PROPOSED
BUDGET ADJUSTMENTS AND
RELATED CONTEXT**

Quotes from the Joint Statement

We need full dialogue with the staff and other leaders who developed the proposals and who will oversee their implementation. We must all clarify how the named reductions and adjustments will impact schools and students. That requires a stated commitment from Board directors and administrators to engage in public two-way dialogue with us as collectives.

Quotes from the Joint Statement

Our experience this Fall of 2024 was not a dialogue: we did not get information early enough to process it with communities, even with our schedule of frequent meetings. We experienced last-minute overload of information that did not cohere and was out of sequence.

Quotes from the Joint Statement

[In the budget adjustments] We aim to protect the students who have been most neglected and who will be most harmed by the loss of programs and resources. In doing so, we ask that you focus on disabled students with Moderate and Extensive Support Needs, especially those who are members of other focal student groups.

Quotes from the Joint Statement

We have heard the consistent message from administrators that charters are not the problem when historically, they are a large part of how we got here and why it is difficult to chart a path forward. Their creation and proliferation fragmented our city, our communities, and our resources. Charter schools were allowed to open and operate with different expectations than district schools. OUSD added to the problem through choices made for our district schools, through choices that mirrored the practices of charter schools.

Quotes from the Joint Statement

OUSD must face and express the historical implications of decisions about charters, open enrollment, the design and marketing of particular district schools, and of the practices that have diminished our capacity to act as a unified school district for all students. . . even now.

Quotes from the Joint Statement

Our dialogue last night demonstrated that many of us are favorable to more centralized budgeting.

This could help to use our resources more effectively. It could also promote transparency and equity across our district.

Yet, more centralized budgeting must come hand in hand with centralized, transparent, and democratic decision-making with all district stakeholders.

Quotes from the Joint Statement

We do not approve the lease of properties to charter schools. OUSD must immediately begin the process to lease properties to other institutions that serve our most vulnerable families.

We do support using vacant properties to develop low income and below market rate housing for teachers and families . . . We also support housing for transitional age youth and a hub for services geared to them.

**ABOUT THE RECOMMENDATION
FOR SCHOOL MERGERS AND THE
RELATED EQUITY IMPACT ANALYSIS**

Quotes from the Joint Statement

The equity impact analysis in the proposal to merge 10 schools is incomplete and insufficient.

The goal of that analysis was to prevent disproportionate harm. With the analysis as it is, OUSD is not in the position to prevent such harm

. . .

Quotes from the Joint Statement

We are especially concerned about the absence of “qualitative evaluations of how schools serve specific populations of students” and “determinations of how the planned actions will maintain or exacerbate the segregation or isolation of particular demographic groups.”

[both from adopted Board *Resolution No. 2324-0020*]

Quotes from the Joint Statement

As a clear example, we know that many Special Day Classrooms exist in almost complete isolation from the rest of the school. We must understand the extent to which students in these classrooms are supported by all elements of the wider school program. We must also identify historical efforts by each school to offer integrated learning and social experiences to all their students.

Quotes from the Joint Statement

Additional data points must be included in the analysis to better reflect the demographic make-up of each school, analyze how that demographic make-up arose, and understand the impact of actions on particular groups of students. This will yield important findings requiring our attention.

Requested Data Points in the Statement

- number & percentage of students from all ethnic groups at each school (only 2 included)**
- the home languages of the students**
- number and percentage of newcomer students**
- the types of disabilities at each school generally and in Special Day Classrooms specifically (for example: Deaf students at one school; larger numbers of Autistic students at certain schools, etc.)**
- teacher and staff retention rates**

Requested Data Points in the Statement

--type of Special Education programs or Special Day Classrooms (for example: programs for Low Incidence Disabilities, whether they serve students with mild, moderate, or extensive needs)

--whether the demographics of students in Special Day Classrooms or other programs differ substantially from the rest of the school (for example: different racial/ethnic background)

--school stability indicators already available to OUSD and that connect to a request made by the Ad Hoc Committee (for example: the nonstability rate used to designate schools for Equity Multiplier funding.)

Quotes from the Joint Statement

We believe that school continuity and stability is one of our most important outcomes for students. It is a pre-condition for achieving other outcomes. OUSD must define school stability and belonging for all students in collaboration with families.

Quotes from the Joint Statement

[Defining and supporting school stability for students] . . . includes identifying related metrics and committing to using them. It also includes disaggregated data to show how often students move (and are moved) from schools.

Quotes from the Joint Statement

Any proposals must begin with the assumption that each and all students can remain with their peers unless they are going to a new grade span, including students who attend Special Day Classrooms and other Special Education programs.

Quotes from the Joint Statement

It also includes working together to clarify what size of school population is most protective to high need students, even as we seek to increase the sustainable use of resources across schools.

Quotes from the Joint Statement

No matter their location, a few schools function as places of refuge and of last resort for these students. [students with disabilities and other vulnerable students]

Quotes from the Joint Statement

... the lack of historical referencing in this resolution diminishes our faith in OUSD's capacity to implement mergers in a way that protects all students

...

OUSD must draw lessons from its history of school design, re-design, mergers, and closures in developing this analysis.

Quotes from the Joint Statement

The Equity Impact Analysis is incomplete as we have described thus far and in other ways. Because of this, OUSD is not in the position to prevent great harm for specific groups of students.

Quotes from the Joint Statement

Any attempt to complete the [Equity Impact] analysis must be made in consultation and collective dialogue with the families at the impacted schools and in partnership with the advisory committees that represent them.

CLOSING WORDS OF THE JOINT STATEMENT

We understand the enormity of what you are facing in your role as administrators and decision-makers. We also know that the challenges of this moment began and grew through multiple administrations and through the choices of many individuals across decades.

And we remain here after all of it.

These challenges matter to all of us. They impact our children, our families, our communities, and the city that we call home.

As parents, caregivers, and committee leaders we believe in the promise and vision of a UNIFIED SCHOOL DISTRICT. That promise can be fulfilled only when you embrace and unleash the power of a unified community.

WE ARE OUSD.

**Review of Current
Services that Support
the Unique
Needs of English
Language Learners**

The slides that follow include budget information and services for the 2024-25 school year.

The presentation will highlight any changes that could happen in the 2025-26 school year.

Current English Language Learner Services: School-based

Services	Strategy and Investments
Integrated & Designated English Language Development (ELD)	<p>Middle and High schools receive additional funds to make sure that all English Language Learners receive both classes for English Language Development (ELD) and electives.</p> <p>Designated ELD in elementary is generally taught by the main teacher and so does not require additional site-level investments.</p>

Current English Language Learner Services: Central

Services	Strategy and Investments
Integrated & Designated ELD Instruction	6 Language specialists from the ELLMA department provide training, on-site support and resource development. (They are funded with Title III dollars.) 80% of their time is spent in schools, co-planning and modeling lessons, observing and providing feedback, facilitating professional development and providing technical assistance to Teachers on Special Assignment (TSAs) and principals.

Possible Changes

If Teachers on Special Assignment (TSAs) are cut, there will no longer be any site-based support to implement Integrated and Designated ELD, or to support bilingual or newcomer programs.

We would only be able to offer limited centrally-provided Professional Development.

Possible Changes

One of the proposed budget reduction actions is to no longer provide FTE (positions) to ensure that English Language Learners have BOTH ELD and electives. See line 26.

This could lead to a reduction in elective and ELD sections available to English Language Learners.

There will be no change to elementary sites because ELD is mostly provided by the classroom teacher.

OUSD Newcomer Programming 2024-25

OAKLAND UNIFIED
SCHOOL DISTRICT
Community Schools, Thriving Students

Newcomer students are English Language Learners in their first three years in US schools.

All OUSD schools provide universal support for newcomers, while many provide different types of enhanced programming to support newcomers as they enter US schools. The majority of our newcomers are enrolled in schools with some level of specialized programming.

Depending on the particular needs and backgrounds of students, different levels of integration or separate newcomer instruction may be appropriate.

Current English Language Learner Services: School-based

Services	Strategy and Investments
Newcomer supports and programs	<p>Elementary Newcomer Teacher Leaders provide targeted ELD and foundational skills for newcomers at elementary schools with at least 50 newcomers. <i>(9 FTE for Teacher Leaders at 16 sites this year. 14 sites have a .5)</i></p> <p>Newcomer Social Workers at middle and high schools with at least 50 newcomers <i>(12.3 Social Worker positions at 15 sites).</i></p>

Current English Language Learner Services: School-based

Services	Strategy and Investments
Newcomer supports and programs (cont.)	<p>Specialized instruction and non-academic support at schools with dedicated newcomer programs.</p> <p>To provide this instruction and support, we have:</p> <p>Grant-funded newcomer assistants teach newcomers with interrupted formal education. They focus on foundational (basic) literacy skills at 6 schools.</p>

Possible Changes

ELLMA-funded newcomer assistants could be eliminated if:

a) CalNew grant funds are reduced

b) we need to fund key central positions if there are cuts

Current English Language Learner Services: Central

Services	Strategy and Investments
Newcomer Wellness	This initiative provides specialized clinical mental health services and case management to hundreds of secondary newcomers. 1 program manager coordinates the initiative and supports our 14 social workers.

Possible Changes

The newcomer wellness program manager position may be eliminated because Salesforce funding for newcomer support was reduced.

Current English Language Learner Services: Central

Services	Strategy and Investments
Newcomer Specialized instruction	<p>1 grant-funded newcomer specialist & 1 Title III- funded newcomer specialist</p> <p>They train, provide support at schools, and develop resources. The elementary specialist coaches and supports the elementary newcomer teacher leaders.</p> <p>The secondary specialist coaches and supports the newcomer teachers and newcomer assistants.</p>

Possible Changes

If TSAs are eliminated, these supports would no longer exist.

Elementary Sites with Newcomer Teacher Leaders 2024-25

services include supplemental English Language Development (ELD), intake support, and Professional Development (PD) for other staff on supporting newcomers

OUSD Bilingual/ Dual Language Programs 2024-25

OUSD offers both early exit bilingual programs in grades K-2nd grade and Dual Language programs TK-5th or Tk-8th grade. Currently, one third of our English Language Learners in TK-8 are enrolled in these programs.

The goal of early exit bilingual is to leverage home language in order to acquire English literacy, to use home language as a way to support learning English.

The three goals of Dual Language Programs:

- **Academic excellence in two languages**
- **Bilingualism and biliteracy**
- **Cross-cultural connections.**

Current English Language Learner Services: School-based

Services	Strategy and Investments
Multilingual programs	<p>Bilingual Early Exit and Dual Language schools provide instruction that develops ELL students' home language (Spanish) and English.</p> <p>Investments in this area include OUSD-adopted bilingual materials, bilingual assessments, and teachers with bilingual authorization. These resources are managed centrally and purchased for schools.</p>

Current Schools with Bilingual Early Exit Programs

We have only one Bilingual Early Exit program at Acorn Elementary (one bilingual cohort from K-2nd grade).

Current Schools with Dual Language Programs

Manzanita SEED Elementary

Possible Changes

Possible merger with Acorn (bilingual early exit program) and Encompass. If this moves forward, the bilingual program will be preserved.

Three dual language schools may be merged with non-dual language schools. The current proposal states that the dual language programs would be preserved:

- Esperanza (50-50 program) may be merged with KDA.
- International Community School (ICS, a 50-50 program) may be merged with Think College Now (TCN)
- Manzanita SEED (50-50 program) may be merged with Manzanita Community.

Multilingual Program Support	<p>.6 Multilingual Pathway coordinator (grant funded)</p> <p>This coordinator oversees a state grant that ELLMA was awarded. Support from the grant includes: technical assistance, teacher stipends for design teams, developing Spanish Language Development (SLD) content, and professional development. Two of the six TSAs (Language Specialists) who support English Language Development (ELD) also provide professional development and instructional guidance for dual language educators.</p>

Possible Changes

We do not have guaranteed funding for the .6 Multilingual Coordinator who is currently grant funded.

IF Teachers on Special Assignment are eliminated, there will be limited support for sites to implement multilingual programming.

Services	Strategy and Investments
Refugee/ Asylee Student Services	Refugee/Asylee program, comprised of 1 program manager and 3 specialists, provides coordination of services to newcomer families at the time of intake and throughout their school experience, such as enrollment in Medi-cal, connection to housing services, legal referrals, employment, and navigation in a new school system through multilingual community navigators.

Possible Changes

One of the positions in the Refugee /Asylee office, which is currently funded from CalNEW grant could be cut if:

- a) the new grant allocation is reduced, or
- b) if we need to use the funding differently to compensate for other cuts.

Examples of investments made by schools to support the unique needs of English Language Learners:

- Newcomer Assistant Positions
- Newcomer Social Workers and Teachers on Special Assignment to complete centrally-funded positions
- Professional development focused on English Learners
- Bilingual teachers, attendance specialists, and other staffing
- Additional translation and interpretation
- Bilingual books

Would these types of investments continue when cash is no longer allocated to schools? Would they change? If so, how?

Possible Changes: School Investments to Support English Language Learners

- Site-paid positions such as Newcomer Assistants and Newcomer Social Workers and TSAs not required by contract would end unless schools opted to fund them through other resources such as Title I.
- Similarly, site-funded PD focused on ELLs and additional translation, interpretation, and books would not continue unless schools opted to use other funds for these investments.
- Some site-paid teacher positions would likely continue if schools opted to use Centrally-funded teacher allocations for these positions.

The Refugee and Asylee Program connects newcomer Refugee and asylum-seeking families with supportive resources as they enter and move through the OUSD system.

The **Newcomer Wellness Initiative** coordinates the team of 14 (12.3 FTE) site-based newcomer social workers and provides supervision of 5 social work interns.

Funding for all but two comes from grants: Opportunities for California Youth (OFCY), CalNEW, Salesforce, and Refugee State Impact Grant (RSIG)

How could budget adjustments affect OUSD's ability to:

- 1) meet the goals of the District English Language Learners Subcommittee, and**
- 2) provide the support for English Language Learners that ELLMA reviewed tonight?**

Connection of Possible Changes to DELLS Goals

DELLS Goal: Evidence of access to daily Designated English Language Development for all English Language Learners, including all disabled ELLs with IEPs and Newcomers

Connection of Past & Possible Adjustments to DELLS Goals

All disabled ELLs with IEPs are taking the ELPAC

All data supporting English Language Development shows how disabled English Language Learners are doing.

Connection to DELLS Goals

Finding out if OUSD is meeting the language access needs of all English Language Learner families.

Getting additional interpretation and translation to support the needs that we already know exist.

Other Updates

**The DELLS
Needs Assessment
Survey for Families of
English Language Learners**

We collaborated on a survey for families to share about the needs of their English Language Learner (ELL) students.

It is a survey for all parents/guardians of ELL students.

This survey must be discussed at your school's first SELLS meeting. Participants at the meeting should have the chance to fill it out there. Also, everyone should discuss what will happen so that all families of ELLs students take the survey by the next SELLS meeting.

DELLS will look at the survey data from all schools in January and February of 2025.

Link to Survey Flyer: tinyurl.com/3vdtx26u

The survey is available in Spanish, Arabic, Chinese, Vietnamese, Khmer, and English.

English Survey

We hope you will take a few minutes (no more than 10!), to share your experiences with English Language Learner services. These questions were reviewed and developed by parents of the District English Language Learner Subcommittee, guardians of English Language Learners, and OUSD staff. The information you provide will help us plan how to better support our English Language Learner students and families.

Arabic Survey

نأمل أن تستغرق بضع دقائق (لا تزيد عن 10 دقائق) للمشاركة تجاربك مع خدمات تعلم اللغة الإنجليزية. تمت مراجعة هذه الأسئلة وتطويرها من قبل أولياء أمور اللجنة الفرعية لمتعلمي اللغة الإنجليزية بالمنطقة، وأوصياء متعلمي اللغة الإنجليزية، وموظفي OUSD. ستساعدنا المعلومات التي تقدمها في التخطيط لكيفية تقديم دعم أفضل لطلابنا وعائلاتنا من متعلمي اللغة الإنجليزية.

Esperamos que se tome unos minutos (¡no más de 10!) para compartir sus experiencias con los servicios para estudiantes del idioma inglés. Estas preguntas fueron revisadas y desarrolladas por personal del OUSD y padres/tutores en el Comité del Distrito para Aprendices del Idioma Inglés. La información que proporcione nos ayudará a planificar cómo apoyar mejor a nuestros estudiantes y familias que aprenden inglés.

When is a SELLS establishment required?

When a school has 21 or more English Language Learners after the 20-day count of students, the school has to establish a Site English Language Learners Subcommittee or SELLS.

The list that follows includes the schools that must form SELLS in 2023-24 and whether or not they have already formed one.
