**Attend our public meetings on 2nd Mondays.**  
When there is a holiday, we meet on the next available Monday.

# **Meeting Goals and Agreements**

## **Tonight, we will:**

**1. Know what level of access disabled students are having to the various linked learning pathways and programs.**

We will understand the degree of access as compared to previous years and as demonstrated through access data, including students with different disability experiences and special education placements.

**2. Offer our feedback about how to improve access to Linked Learning for disabled students.**

## **We will also:**

**3. Continue to discuss the CAC's response to solutions that have been proposed to address OUSD's budget deficit.**

**4. Get timely information from the Special Education Department about the school enrollment platform and the Special Education Program Guide.**

**Finally, CAC members will elect officers for 2025.**

# Our Agreements

- One person speaks at a time (one microphone)
- Take space; make space
- Honor the agenda
- Tough on problems; easy on people
- Listen to understand
- Offer solutions

# CAC Member Updates

# **Election of CAC Officers**

# Chairperson(s)

**From the CAC Bylaws:** The Chairperson(s) shall **preside** at all meetings of the CAC and any Executive Board or special meetings. He/She/They shall **meet with the SELPA Director monthly or as needed** to prepare for CAC meetings and work on special projects. He/She/They shall also work with the First Vice-Chairperson, if one exists, to **prepare the agenda** for the regular monthly meetings of the CAC and all Executive Board and special meetings. The Chairperson(s) may **sign all letters, reports and other communications of the CAC and will act as CAC spokesperson(s)** to the school district and SELPA. In addition, he/she/they shall perform all duties incidental to the office of Chairperson and such other duties as may be prescribed by the CAC from time to time. He/she/they may serve as an ex-officio member of all subcommittees.

# Vice-Chairperson

**From the CAC Bylaws:** The duties of the First-Vice-Chairperson shall be to represent the Chairperson(s) in his/her/their assigned duties and to substitute for the Chairperson(s) during his/her/their absences.

He/she shall be responsible for working with the Chairperson(s) in preparing the agenda for the regular monthly meetings. He/she shall perform such other duties as from time to time may be assigned to him/her by the Chairperson(s) or by the Committee.

# Secretary

**From the CAC Bylaws:** The Secretary shall keep the minutes of all Committee meetings and shall assure transmission of copies of the **minutes** to each Committee member and to such other person as the CAC may deem necessary.

He/she shall **obtain and maintain the collection of parent information materials** at CAC meetings. The Secretary shall maintain **CAC mail, email and distribution lists** and also see that all **notices** are duly given in accordance with the provisions of these by-laws.

# Parliamentarian

**From the CAC Bylaws:** The Parliamentarian shall ensure the CAC is acting in accordance with its rules, by-laws and its responsibilities under the educational code. He/she shall **manage all nominations and elections** tasks and provide **orientation to new members**.

He/she shall also **maintain records** of CAC Voting **Member meeting attendance**, a list of members that includes date of appointment and category of representation, and a list of sub-committee membership as provided by sub-committee chairs.

# Chair of the **Outreach Subcommittee**

Members of standing and special subcommittees shall include voting members of the CAC and other concerned individuals. Subcommittees shall report to and make recommendations to the CAC.

Each subcommittee shall appoint a Chairperson. The Chairperson of subcommittees shall be a voting member of the CAC and report to the Chairperson(s) of the CAC.

# Chair of the Local Plan Subcommittee

Collaborate with staff in the development of the Local Plan for Special Education.

Each Special Education Local Plan Area (SELPA) develops a local plan describing how it would provide special education to disabled students with Individualized Education Programs.

**CAC Update on  
Current Proposals for  
Reducing OUSD's  
Budget Deficit**

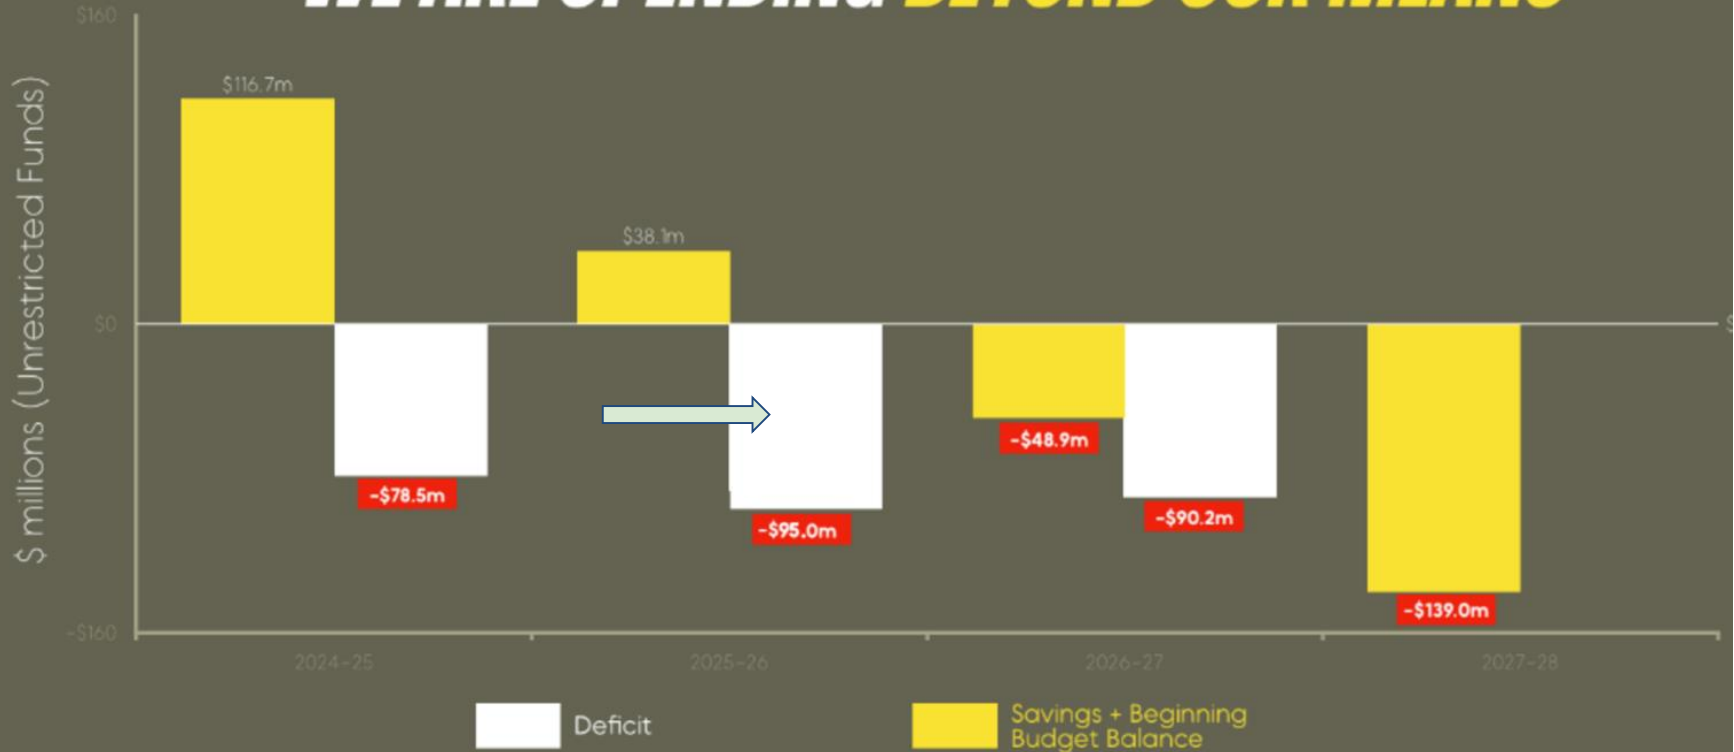

# **Background Information**

## **This is our district's current challenge as presented at our October meeting and in district communications:**

- **The District is spending more money every month than the revenues it is receiving (than the money coming into OUSD).**
- **This deficit spending is projected to total \$79 million at the end of this school year. Next year, the deficit would total another \$95 million, if we do nothing to curb our spending.**
- **We do not have sufficient savings to financially survive a second year of our current spending levels.**
- **OUSD will not be able to adopt a 2025-26 budget because, even after using all of the savings, it will still have a deficit of \$62.7 million.**

# WE ARE SPENDING BEYOND OUR MEANS

The goal: **95 million** in new revenues and cost savings

## **B) The types of solutions that have been proposed:**

- 1) Decreasing expenditures (how much money is spent)**
- 2) Reducing the size of our footprint (the number of schools OUSD operates)**
- 1) Generating revenue from our real assets (getting new dollars from OUSD properties)**

Quote from OUSD presentation about the budget:

"We will need to use all or some combination of these strategies to get on the path of fiscal sustainability."

in PDF format: [tinyurl.com/mwz7esc7](https://tinyurl.com/mwz7esc7)

in Google Doc format: [tinyurl.com/4vvb96nr](https://tinyurl.com/4vvb96nr)

# Quotes from the Joint Statement

---

**We believe that the Board of Education, administrators, teachers, staff, advisory committees, families, students, and other members of the OUSD community must work together to emerge positively from the current challenges. We must rely on the wisdom of those who will most be affected by decisions.**

...

**After rushed and intense preparation, 31 district committee members met last night to craft this joint statement. We created our own unified space to learn from each other and to respond collectively to the challenges of this moment.**

[11 were members of the CAC]

# Quotes from the Joint Statement

---

**At our meeting, we gathered a remarkable diversity of voices across race, ethnicity, language, nationality, disability, class, gender, and other lived experiences. As a cross-section of our city and our district, we crafted the recommendations and considerations included in this letter.**

...

**Because OUSD leaders have concluded that they must present a proposal for school mergers or closures at this time, which was made public only a few days ago, we must respond to that proposal in this letter. We do so even as we try to make sense of the October 23rd recommendations (Attachment C) to reduce or adjust the OUSD budget.**

**ABOUT THE PROPOSED  
BUDGET ADJUSTMENTS AND  
RELATED CONTEXT**

## Quotes from the Joint Statement

**We need full dialogue with the staff and other leaders who developed the proposals and who will oversee their implementation. We must all clarify how the named reductions and adjustments will impact schools and students. That requires a stated commitment from Board directors and administrators to engage in public two-way dialogue with us as collectives.**

## Quotes from the Joint Statement

**Our experience this Fall of 2024 was not a dialogue:** we did not get information early enough to process it with communities, even with our schedule of frequent meetings. We experienced last-minute overload of information that did not cohere and was out of sequence.

## Quotes from the Joint Statement

**[In the budget adjustments] We aim to protect the students who have been most neglected and who will be most harmed by the loss of programs and resources. In doing so, we ask that you focus on disabled students with Moderate and Extensive Support Needs, especially those who are members of other focal student groups.**

# Quotes from the Joint Statement

---

We should prioritize filling vacancies for Special Education teachers, Instructional Support Specialists, and Paraeducators. Vacancies for these urgently needed roles were already eliminated last year. We must not continue to decrease the baseline number for these positions.

# Quotes from the Joint Statement

---

**Our dialogue last night yielded some clear lessons about the budget adjustments, about how our financial situation is being explained, and about the use of OUSD assets:**

# Quotes from the Joint Statement

**We have heard the consistent message from administrators that charters are not the problem when historically, they are a large part of how we got here and why it is difficult to chart a path forward. Their creation and proliferation fragmented our city, our communities, and our resources. Charter schools were allowed to open and operate with different expectations than district schools. OUSD added to the problem through choices made for our district schools, through choices that mirrored the practices of charter schools.**

## **Quotes from the Joint Statement**

**OUSD must face and express the historical implications of decisions about charters, open enrollment, the design and marketing of particular district schools, and of the practices that have diminished our capacity to act as a unified school district for all students. . . even now.**

## Quotes from the Joint Statement

**Our dialogue last night demonstrated that many of us are favorable to more centralized budgeting.**

This could help to use our resources more effectively. It could also promote transparency and equity across our district.

**Yet, more centralized budgeting must come hand in hand with centralized, transparent, and democratic decision-making with all district stakeholders.**

## **Quotes from the Joint Statement**

**We do not approve the lease of properties to charter schools. OUSD must immediately begin the process to lease properties to other institutions that serve our most vulnerable families.**

**We do support using vacant properties to develop low income and below market rate housing for teachers and families . . . We also support housing for transitional age youth and a hub for services geared to them.**

**ABOUT THE RECOMMENDATION  
FOR SCHOOL MERGERS AND THE  
RELATED EQUITY IMPACT ANALYSIS**

# Quotes from the Joint Statement

---

**The equity impact analysis in the proposal to merge 10 schools is incomplete and insufficient.**

**The goal of that analysis was to prevent disproportionate harm. With the analysis as it is, OUSD is not in the position to prevent such harm**

**...**

# Quotes from the Joint Statement

---

**We are especially concerned about the absence of “qualitative evaluations of how schools serve specific populations of students” and “determinations of how the planned actions will maintain or exacerbate the segregation or isolation of particular demographic groups.”**

[both from adopted Board *Resolution No. 2324-0020* ]

# Quotes from the Joint Statement

As a clear example, we know that many Special Day Classrooms exist in almost complete isolation from the rest of the school. We must understand the extent to which students in these classrooms are supported by all elements of the wider school program. We must also identify historical efforts by each school to offer integrated learning and social experiences to all their students.

...

**Additional data points must be included in the analysis to better reflect the demographic make-up of each school, analyze how that demographic make-up arose, and understand the impact of actions on particular groups of students. This will yield important findings requiring our attention.**

# Requested Data Points in the Statement

- number & percentage of students from all ethnic groups at each school (only 2 included)
- the home languages of the students
- number and percentage of newcomer students
- the types of disabilities at each school generally and in **Special Day Classrooms specifically** (for example: Deaf students at one school; larger numbers of Autistic students at certain schools, etc.)
- teacher and staff retention rates

# Requested Data Points in the Statement

**--type of Special Education programs or Special Day Classrooms** (for example: programs for Low Incidence Disabilities, whether they serve students with mild, moderate, or extensive needs)

**--whether the demographics of students in Special Day Classrooms or other programs differ substantially from the rest of the school** (for example: different racial/ethnic background)

**--school stability indicators already available to OUSD and that connect to a request made by the Ad Hoc Committee** (for example: the nonstability rate used to designate schools for Equity Multiplier funding.)

## Quotes from the Joint Statement

**We believe that school continuity and stability is one of our most important outcomes for students.** It is a pre-condition for achieving other outcomes. **OUSD must define school stability and belonging for all students in collaboration with families.** This includes identifying related metrics and committing to using them. It also includes disaggregated data to show how often students move (and are moved) from schools.

## **Quotes from the Joint Statement**

**Any proposals must begin with the assumption that each and all students can remain with their peers unless they are going to a new grade span, including students who attend Special Day Classrooms and other Special Education programs.**

## Quotes from the Joint Statement

**Most importantly, we believe that OUSD schools must be designed to serve all OUSD students.**

Schools must demonstrate in their design and practices that they serve and protect all students as it relates to race/ethnicity, home language, the full range of disability experiences, national origin, income, gender, gender identity, sexual orientation, etc.

## Quotes from the Joint Statement

**This includes, in part, identifying which schools are models of stability and belonging for disabled students.** We must support and cultivate focal schools with stable programs that can showcase program continuity, disability access, universal design, and inclusivity, especially for students with moderate and extensive support needs.

## **Quotes from the Joint Statement**

**It also includes working together to clarify what size of school population is most protective to high need students, even as we seek to increase the sustainable use of resources across schools.**

...

**No matter their location, a few schools function as places of refuge and of last resort for these students. [students with disabilities and other vulnerable students]**

## Quotes from the Joint Statement

**This includes, in part, identifying which schools are models of stability and belonging for disabled students.** We must support and cultivate focal schools with stable programs that can showcase program continuity, disability access, universal design, and inclusivity, especially for students with moderate and extensive support needs.

## Quotes from the Joint Statement

... the lack of historical referencing in this resolution diminishes our faith in OUSD's capacity to implement mergers in a way that protects all students

...

**OUSD must draw lessons from its history of school design, re-design, mergers, and closures in developing this analysis.**

## **Quotes from the Joint Statement**

**The Equity Impact Analysis is incomplete as we have described thus far and in other ways. Because of this, OUSD is not in the position to prevent great harm for specific groups of students.**

**Any attempt to complete the analysis must be made in consultation and collective dialogue with the families at the impacted schools and in partnership with the advisory committees that represent them.**

**CLOSING WORDS  
OF THE JOINT STATEMENT**

We understand the enormity of what you are facing in your role as administrators and decision-makers. We also know that the challenges of this moment began and grew through multiple administrations and through the choices of many individuals across decades.

And we remain here after all of it.

These challenges matter to all of us. They impact our children, our families, our communities, and the city that we call home.

As parents, caregivers, and committee leaders we believe in the promise and vision of a UNIFIED SCHOOL DISTRICT. That promise can be fulfilled only when you embrace and unleash the power of a unified community.

# OUSD's Linked Learning Framework

Schools and academies adopt Linked Learning in ways that fit their local contexts. What they share in common is the integration of three key components:

# OUSD's Linked Learning Framework

- 1. Integrated program of study**, aligned to admissions requirements for state colleges and universities along with career-technical education, delivering concrete knowledge and skills through a carefully structured sequence of courses.
- 2. Work-based learning**, providing students with exposure to real-world workplaces through job shadowing, apprenticeships, internships, and more.
- 3. Integrated support services**, including counseling and supplemental instruction in reading, writing, and math to address individual needs.

# Updates on Measure H and the Young Adult Program

Text

# Process to Ensure Equitable Access for students in Special Education programs

Ensure funding (not just Measure H) is intentionally allocated to serve focal student groups during school year and summer programming:

- Resource Specialist staff during summer internships, Peralta Institute
- Hiring staff to prepare industry and internship partners to better support disabled students to participate in school year and summer internships
- Equipment to make CTE/pathway courses more accessible to disabled students

# Process to Ensure Equitable Access for students in Special Education programs

Redesign of OUSD data dashboards to disaggregate (separate out) pathway participation data beyond SpEd/Not SpEd to include specific program/disability type so that we can set informed goals:

CTE Participation

Work-Based Learning (internship, career exploration visits, mentoring, etc.)

Dual Enrollment

Pathway/Small Learning Community Enrollment

Peralta Certificates and Degrees

## **Guiding Questions from CAC Members**

1) What is data showing about the level of access that disabled students with IEPs are having to the various linked learning pathways/programs as compared to previous years?

*Please include data for students with different disability experiences and special education placements/programs.*

*Provide multi-year data to discuss progress.*

# Guiding Questions from CAC Members

2) What does full implementation of **Board Resolution No. 2021-0159** look like?

When it is projected to happen?

What must happen each year to arrive at full implementation?

Is staff utilizing or developing a rubric to evaluate different criteria for full and successful implementation?

# Basic Program Data

---

There are about 1,750 students with IEPs in grades 9-12 attending a public OUSD high school (including alternative education campuses).

There are 9,421 total students in high schools. This means students with IEPs represent about 18.6% of all students in grade 9-12.

The number of students with IEPs at each high school campus varies, as shown on the next slide.

# Enrollment of Students with IEPs by School

---

**Castlemont:** 17.8%: Resource, Mild-Moderate, Moderate, Extensive Support Needs, Counseling-Enriched

**CCPA:** 23.6% Resource, Extensive Support Needs

**Fremont:** 14.6% Resource, Mild-Moderate, Moderate, Counseling-Enriched

**Life Academy:** 29.3% Resource, Counseling Enriched

**Madison Upper:** 15.8%: Resource, Mild-Moderate

Note that these percentages include only students in grades 9-12 for 6-12 campuses.

# Enrollment of Students with IEPs by School

---

**McClymonds:** 21.4%: Resource, Mild-Moderate, Counseling Enriched

**Oakland High:** 15.8% Resource, Mild-Moderate, Moderate, Extensive Support Needs

**Oakland Tech:** 15.7% Resource, Mild-Moderate, Moderate, Extensive Support Needs, Counseling-Enriched

**Skyline:** 18.2% Resource, Mild-Moderate, Moderate, Extensive Support Needs, Counseling-Enriched, Low Incidence Hub

Note that these percentages include only students in grades 9-12 for 6-12 campuses.

# Enrollment of Students with IEPs by Placement/Program Type

---

Across the high school network, **62%** of students with IEPs receive services through the Resource Specialist Program (RSP).

One third (**33%**) of students receive support in a self-contained special education classroom (about 10% Extensive Support Needs and about 23% Mild-Moderate or Counseling-Enriched).

The remaining **5%** have speech services only or low incidence services only, such as itinerant services from a teacher of the deaf or vision impaired.

## Using Program Data to Determine Proportional Access

Proportional Access means that students are participating in an activity or experience at a rate that is consistent with or similar to the percentage of the whole student body they represent.

### **Examples:**

At Skyline, 18.2% of students have an IEP, so we would expect at least 18.2% of the students in Linked Learning Pathways to have an IEP.

# Linked Learning Pathway Participation Data

# What do the data show for Linked Learning Pathway participation?

Percent and Number of Students Enrolled in a Pathway - Grade(s) 10, 11, 12

While there has been some variation year to year, students with disabilities are **over two times more likely to participate in a high school experience that is NOT aligned with a Linked Learning Pathway** as compared to students without IEPs.

# Who is not yet participating?

This is a chart that shows the students who are **not** yet aligned to a Linked Learning Pathway by program type.

R- Resource

I- Resource with Intensive Support (500+ minutes of SAI in a general classroom setting per week)

C- Counseling-Enriched

M- Self-Contained Mild-Moderate

T- Self-Contained Moderate

E- Self-Contained Extensive Support Needs

L- Language and Speech Only

This year, 10 percent of students without IEPs are not assigned to a pathway, while 22.4% of students with IEPs are not assigned to a pathway.

The number of students with IEPs in a pathway has increased by 2.3% between 2019 and May 2023.

Even though they represent 10% of students with IEPs in grades 9-12, students in Moderate-Extensive settings represent 31.5% of the students with IEPs who have no pathway.

# Career Technical Education (CTE) Participation Data

# What is CTE?

---

Career Technical Education (CTE) is program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers. In OUSD, within each pathway, students take a CTE sequence of three courses including an introduction to that career sector, a concentrator class, and a capstone CTE class.

CTE courses are important because they bring relevant, real-world experience to what students are learning. This can spark interest for future schooling or work.

# Participation Rates

CTE participation for students with IEPs has actually declined, along with the general population.

In '22-'23, 42% of students with IEPs had no CTE participation.

CTE Participation

# CTE Participation by Program Type

This chart of CTE participation for students with IEPs shows that more than **three quarters of all students with IEPs participating receive support through Resource programs.**

Only **one student with Extensive Support Needs** was in a CTE course last year. Only **nine students from moderate programs** participated across all high schools.

# Dual Enrollment Participation Data

# What is Dual Enrollment?

---

The OUSD Dual Enrollment (DE) Program is open to all 9th-12th grade students at OUSD High Schools.

The college courses are Peralta College courses offered at the high school site (or virtually), typically during the school day, with Peralta College instructors.

Students receive both high school and college credit, and courses are completely free to students--students do not pay tuition/fees, books, supplies, or any costs associated with the college course. In passing the DE course, students receive a GPA boost on their OUSD transcript.

# Participation Rates

This semester, **8.6% of participating students in Dual Enrollment have an IEP**. Last year, the average was 12.85%. The high school network is 18.6% students with IEPs.

# Appendix: Glossary and Background Information about the OUSD Budget

# What Are "Unrestricted" Dollars?

---

- Unrestricted dollars are dollars that districts may use for any educational purpose or program.
- Some unrestricted dollars are targeted.
  - Example: LCFF Supplemental & Concentration are considered “unrestricted,” but must be used for specific student groups or schools.

# Why Must We Reduce Our Spending of Unrestricted Dollars Specifically?

---

- Unrestricted base dollars are the *only* funds available for many core district functions.
  - Example: Classroom teachers, principals, etc.
- Targeted or restricted funding can be used to supplement the base program, but cannot pay for the base program.

# Where Are We Spending Base Unrestricted Dollars Right Now?

---

- At schools: Classroom teachers, principals/APs, custodians, Special Education services, facilities operations, and more.
- In the Central Office: Payroll/Fiscal, Labor/Legal, Academics, RAD, Communications, Nurses, Buildings & Grounds, Facilities, others

# ***FACILITIES NEEDS BY BOARD DISTRICT***

The maintenance costs of schools play a critical role in determining the future cost of repairs. Regular maintenance helps prevent the deterioration of school infrastructure. Neglecting routine upkeep can lead to the accelerated aging of buildings, equipment failures, and structural damage. Outdated infrastructure means water quality issues, outdated or non-existent HVAC systems, and deteriorating buildings are all major issues OUSD must contend with in the near future.

***DISTRICT RUN SCHOOLS & CHARTER SCHOOLS***

# ***DISTRICT RUN SCHOOLS AND CHARTER SCHOOLS***

There are roughly 49,000 students in Oakland Public Schools. 34,000 attending district schools and 15,000 attending Charter Schools.

# ***DISTRICT RUN SCHOOLS AND CHARTER SCHOOLS***

**You may hear people say, why don't we close all the charter schools?**

Parents and families choose schools for their children based on their family needs. Lots of charter renewals are coming up, and while there is no way to unilaterally close all charter schools, we can focus on improving quality in our own schools and also writing policy and developing scaffolding that moves charters toward improved quality and closing those charter schools that don't meet the legal requirements. Just like in OUSD district run schools, there is a process for school consolidations. Charters have a complex process as well and it takes time.

***OUSD COMMUNITY SCHOOLS***

# **QUALITY COMMUNITY SCHOOLS**

Quality Community Schools are anti-racist and inclusive communities that focus on the needs of every student by providing a rigorous educational program that builds on their strengths, draws out their potential, and interrupts predictable cycles of oppression.

# ***OUSD COMMUNITY SCHOOLS***
