AGREEMENT FOR INSPECTOR OF RECORD SERVICES FOR CONSTRUCTION

This Agreement for construction contract inspection services (“Agreement”) is made and entered effective **June 6, 2024**, by and between the Oakland Unified School District (“District”) and **The KDI Group, Inc.** (“Inspector”), with respect to the following recitals:

A. District is a public school district organized and existing under the laws of the State of California. District is engaged in the construction of the **Re-roofing Project at Urban Promise Academy** (“the Project”), which requires ongoing inspection.

B. Inspector is an independent contractor competent to perform the construction contract inspection services contemplated by this Agreement. Inspector represents and covenants that Inspector is familiar with all requirements of law to serve as an Inspector of Record (Project Inspector) and has or can obtain the approval of the California Division of the State Architect (“DSA”) to perform the construction contract inspection services contemplated by this Agreement prior to commencing services under this Agreement.

C. District desires to retain Inspector and Inspector desires to perform work for District on the terms and conditions set forth in this Agreement.

The Parties therefore agree as follows:

1. **Inspection Services.** Inspector agrees to provide the services described in this Agreement (“Basic Services”) in a professional and competent manner and in accordance with the terms of this Agreement. Inspector shall perform all Basic Services required by this Agreement, even if no more compensation is possible due total compensation having reached the not-to-exceed amount. If delays in completion of the Project occur that are not caused by wrongful conduct by Inspector, including but not limited to Inspector’s breaches of contract or deficient performance of Basic or Additional Services, then Inspector shall be entitled to an amendment to the Agreement that increases the not-to-exceed amounts for Basic Services during the additional time of the Project.

Inspector shall provide services related to the Project other than Basic Services (i.e., “Additional Services”) if directed in writing by District to perform specific Additional Services and if sufficient contract funds for Additional Services remain to pay for the directed Additional Services (see *Exhibit A*). Additional Services shall be performed in a professional and competent manner and in accordance with the terms of this Agreement.

“Services” shall mean Basic and Additional Services. Inspector agrees to perform such Services as expeditiously as is consistent with professional skill and care and the orderly progress of the Project. All services performed by the Inspector under this Agreement shall be conducted in a manner consistent with the level of care and skill ordinarily exercised by inspector of record consultants specially qualified to provide the services required by the District.

2. **Term of Agreement and Payment.** The term for performance of the Services shall be the duration of the Project (“Term”), and Inspector shall complete the Services within the Term. Time is of the essence for performance of the Services under this Agreement. The Project is expected to be complete as of **August 31, 2024**, but may not be completed until later if delays in design or construction arise. Payment of Inspector shall be as set forth in *Exhibit A* for Services satisfactorily performed after District receipt of properly documented and submitted invoices. Inspector shall record all hours worked in a daily log which shall be submitted to the District on a weekly basis. Inspector shall submit invoices in triplicate on the last working day of each month to the District. The invoices must show the number of hours worked, the contract number, the project name and location and must contain the Inspector’s original signature on all copies. Inspector’s failure to maintain required records or to properly submit invoices may result in non-payment to Inspector. Inspector shall comply with any applicable prevailing wage laws. Inspector shall not be reimbursed for any of its expenses; the parties agree that Inspector shall pay all of its expenses from its fees for Services.

3. **DSA Approval.** Inspector acknowledges that District is required to obtain the approval of DSA prior to using Inspector’s services on the Project. Inspector agrees to do all acts necessary to timely obtain DSA approval.

4. **Duties and Conduct of the Inspector.** As its Basic Services, the Inspector shall provide competent, adequate, and continuous inspection of the Project during all stages of construction to ensure that the contractors, all agents, employees, subcontractors, materialmen and suppliers of the contractors and all persons performing work on the Project (“Contractor”) are performing the work in accordance with the plans, specifications and other contract documents pertinent to the Project (“the Contract Documents”). The Inspector shall keep the Contractor informed during the work of the results of Inspector’s inspections and shall safeguard the interest of the District in the construction of the Project. The Inspector shall perform the following duties.

a. Be familiar with the Contract Documents and the Contractor’s operations during all phases of the Project.

b. Observe, check and measure items used in the Project for compliance with the Contract Documents and technical instructions from the Architect.

c. Maintain a daily report/log describing the general work performed by the Contractor, noting problems, rejections of materials or work and unusual events. The report/log shall be filed daily, tersely and factually. The report/log shall reflect the Contractor’s activities each day.

d. Supervise on-site testing and ensure that all required tests are performed by a competent testing laboratory, Contractor or engineer as specified in the Contract Documents. Inspector shall check and report to the District and the Architect laboratory tests indicating defective materials or other problems. Inspector shall check billings from testing laboratories to see that billings reflect only tests actually requested and performed. Inspector shall maintain a daily log of inspection by

testing lab.

- e. Make sure that the required record drawings are accurately marked up as required.
- f. Report to the District and the Architect verbally and in writing: (1) poor performance by the Contractor; (2) acts prejudicial to the District's interest; and, (3) work performed or materials used which are not in conformance with the Contract Documents.
- g. Assist the District and the Architect in the final inspection and project acceptance phase.
- h. Perform all duties within Inspector's expertise requested to be performed by District and as defined in the California Education Code, California Building Code, Title 24, and the California Code of Regulations, Title 21.

- n. Attempt to foresee the need for all required tests and inspections.
- o. When notified by Contractor, arrange for all tests and inspections which are required by the Contract Documents, arrange for prompt notification of the Architect of the results of the tests and inspections, and record Architect's approval or rejection.
- p. Refuse to allow any related work to be installed until shop drawings have received final approval from the Architect.
- q. Ensure that Architect's verbal instructions to the Inspector during field inspections are written in the Inspector's Daily Report/Log for that day or in the Field Instruction Sheet.
- r. Be responsible for slump tests and for taking concrete test cylinders for each concrete pour and marking them for identification. Inspector shall make arrangements for transportation

{SR801410}

and storage of test materials.

s. Receive samples which are required to be furnished at the job site; record date received and from whom; notify Architect of their readiness for examination, record Architect's approval or rejection; and maintain custody of approved samples.

t. Inspect all materials immediately upon their delivery to the site to ensure that they comply with the Contract Documents and are in a good and acceptable condition.

u. Exert extreme care to ensure that none of Inspector's communications to the Contractor or Contractor's agents are misinterpreted as changes in the scope of the work.

v. Upon District's request, comply with any fingerprinting or related requirement.

w. The Inspector must comply with the applicable requirements of the DSA Construction Oversight Process ("DSA Oversight Process"), including but not limited to (a) having the correct number of inspection cards before commencing inspection, (b) confirming that all required documentation is received and all work conforms to the DSA-approved construction documents before signing off any block or section of a DSA inspection card, (c) notifying DSA when work proceeds without proper documentation or deviates from the approved documents (DSA 154), and (d) coordinating with the Owner, Owner's Architect, any Construction Manager, any laboratories, and the Contractor to meet the DSA Oversight Process requirements without delay or added costs to the Project.

x. Inspector shall be responsible for any additional DSA fees related to review of proposed changes to the DSA-approved construction documents, to the extent the proposed changes were caused by Inspector's performance of or failure to perform its duties under this Agreement.

5. **Restrictions on the Inspector's Authority.** In the performance of the duties required by this Agreement, the Inspector exercises limited authority as defined in this Agreement. The Inspector shall not:

- f. Approve shop drawings or samples;
- g. Authorize or advise the District to occupy the Project, in the whole or in part, prior to final acceptance of the Project;
- h. Interfere in Contractor/Subcontractor relationships.

6. **Independent Contractor Status.** Inspector and any and all agents and employees of Inspector shall perform the services required pursuant to this Agreement as an independent contractor, not as officers, employees, or agents of the District. In providing the services contemplated by this Agreement, the Inspector shall maintain a professional and working relationship with the District, all contractors, and the Architect. Nothing contained in this Agreement shall be deemed to create any contractual relationship between the Inspector and the Architect or the Contractor for the Project, nor shall anything contained in this Agreement be deemed to give any third party any claim or right of action against the District, the Architect or the Inspector which does not otherwise exist.

7. **Indemnity.** Inspector shall indemnify, defend, and hold harmless the District, its Board of Trustees, officers, agents, and employees from any and all claims, damages, losses, causes of action and demands, including reasonable attorney's fees and costs, incurred in connection with or in any manner arising out of Inspector's performance of or failure to perform any of the duties contemplated by this Agreement or for any tax liability arising out of this Agreement.
