Board Cover Memorandum

To Board of Education

From Kyla Johnson-Trammell, Superintendent
Tara Gard, Chief Talent Officer

Meeting Date February 26, 2025

Subject Notice of Layoff: Classified Employees – Reduction in Force Due to Lack of Funds and/or Lack of Work - Talent/Human Resources

Ask of the Board Approval by the Board of Education of Resolution No. 2425-0081, Notice of Layoff: Classified Employees – Reduction in Force Due to Lack of Funds and/or Lack of Work.

Background The District's fiscal reality is compounded by declining enrollment, uncertain one-time funding sources, and rising operational costs. To address the \$95 million budget deficit, the Board of Education previously approved the 2025-26 Budget Balancing Solutions to realign resources and position the District for long-term sustainability. These solutions include the difficult but necessary decision to reduce and/or eliminate certain classified employee positions due to a lack of funds and/or work. This step is essential to ensure the District remains solvent while continuing to serve its students and staff effectively.

Each year, the District undergoes a process of reviewing available position and budget information and engaging with school sites and department leaders to identify staffing needs for the upcoming school year. Based on a lack of work and/or lack of funds, and to ensure the District's long-term fiscal health the District will require a reduced number of classified employee positions for the 2025-26 school year.

The Education Code requires Board action in order to implement a reduction or elimination of classified positions on the basis of lack of funds or lack of work. Through the budget development process, and based on budget decreases and/or reduction in sites/departments and modification of work to align to the District's priorities, sites and departments have indicated a need to reduce certain authorized classified positions. With the passage of Assembly Bill 438, the classified layoff process has changed.

Under Education Code sections 45114, 45115, 45117, 45298, and 45308, school districts must notify employees identified for layoff by March 15 that they will be laid off at the end of the current school year. These employees must also be notified of their opportunity to request a hearing on their layoff. Under Education Code section 45117, when classified positions must be eliminated as a result of the expiration of a specially funded program, the employees to be laid off shall be given written notice not less than 60 days prior to the effective date of their layoff informing them of their layoff date and their displacement rights, if any, and reemployment rights.

Although employees affected by the reduction or elimination of positions will receive layoff notices, some may retain District employment by being reassigned as permitted by the Education Code.

Discussion

To address the fiscal deficit, the Board approved a comprehensive restructuring plan as part of the 2025-26 Budget Balancing Solutions.

Based on projected staffing needs from the budget development process with sites and departments as well as projected revenue for Fiscal Year 2025-2026, it is necessary to reduce and/or eliminate certain classified positions due to lack of funds and/or lack of work due, at least in part, to declining enrollment, uncertain one-time funding, and increasing costs.

Budget development also resulted in school sites' and departments' determination that certain other classified areas should be increased. This process includes reviewing available information and engaging in cross-departmental collaborations with school sites identifying staffing needs for the upcoming school year. School sites and central offices explore:

1. Staffing Needs: To provide maximum flexibility during this time of uncertain budgetary constraints.
2. Funding changes: Categorical and general fund increases or decreases resulting in the reduction of hours or elimination of a classified position.
3. Academic program changes: The school site may change an academic focus resulting in the reduction of hours or elimination of a classified position. Budget reductions or staffing formula changes – due to budgetary reductions and the potential change in staffing formulas, an increase or decrease of hours or elimination of a classified position may occur.
4. Central office program changes: The departments may change a program focus resulting in the reduction of hours or elimination of a classified position. Budget reductions or staffing formula changes – due to budgetary reductions and the potential change in staffing formulas, an increase or decrease of hours or elimination of a classified position may occur.

Prior to determining the layoff of classified employees, a review of current vacant positions is conducted. That review enables Talent Division staff to assign a displaced employee to a vacant position; therefore, a layoff does not occur. If there are no vacancies, classified employees and child development permit teachers are noticed for layoff.

The attached resolution includes the specific classified positions identified for reduction or elimination for the 2025-26 school year and thereafter, as detailed in Exhibit A. These changes reflect a difficult but necessary step toward fiscal sustainability.

Fiscal Impact Budget changes needed to assist in addressing the District's declining enrollment, the elimination of certain funds, the District's fiscal health, and staffing needs. For the 2025-2026 fiscal year, there will be savings of salary and benefits for positions no longer funded.
