### **Final Recommendation**

<b>Instructions:</b> Based on the entirety of the school's EIP, provide your assessment rating for the EIP, a summary of the Plan's Strengths, note any Key Questions, and overall Budget feedback. Identify the Next Steps for the Site. See Rating descriptions below.
Rating <sup>1</sup> : Approved
Strengths:
The school has a wide range of community-based partnerships that can be leveraged to support WBL and student interventions.
Students have access to a variety of experiences outside of the classroom throughout the year.
Key Questions:
How can the school leverage the LL gold standards to inform pathway development?
What structures and tools are needed to meaningfully monitor the impact of the many resources that are available to students?
Budget Feedback:
Expenditure justifications must always tie directly to pathway development.

#### Next Steps (for Conditionally Approved Sites) - add rows as needed

What Suggested Lead	Deliverable	Date
---------------------	-------------	------

#### <sup>1</sup>Fully Approved

- School has fully implemented a whole-school pathways model with all three domains of Linked Learning are evidenced for all students: Integrated Program of Study (a distinct CTE program plus integrated and cohorted core academics), Work-Based Learning (career awareness, exploration, and preparation embedded in classes), and Integrated Supports (strategically embedded supports, Tiers 1-3, through the pathway community of practice)
- School is deeply engaged in the strategic continuous improvement of the Linked Learning pathway(s) and addressing the root causes of current student outcomes through pathways

#### Approved

- School is actively developing and implementing a whole-school pathways model with the three domains of Linked Learning as evidenced by the establishment of all three domains of Linked Learning: Integrated Program of Study (a distinct CTE program plus integrated core academics), Work-Based Learning (career awareness, exploration, and preparation embedded in classes), and Integrated Supports (strategically embedded supports, Tiers 1-3, through the pathway community of practice)
- School has evidence of continuous improvement of the Linked Learning pathway(s) and addressing the root causes of current student outcomes through pathways

#### **Conditionally Approved**

- School is actively developing a whole-school pathways model as evidenced by early implementation of key elements of Linked Learning: Integrated Program of Study (a distinct CTE program plus integrated core academics), Work-Based Learning (career awareness, exploration, and preparation embedded in classes), and Integrated Supports (strategically embedded supports, Tiers 1-3, through the pathway community of practice)
- School does not demonstrate continuous improvement of the Linked Learning pathway(s) and addressing the root causes of current student outcomes through pathways

Criterion 4 Evidence of Progress and Linked Learning Implementation						
Ca	tegory to be completed by High School Linked Learning Office					
Instructions: Review the Work-Based Learn development of high-quality pathway implem	ing template, EIP Presentation, Master Schedule, and Program of Study to demonstrate an understanding of and entation.					
Program of Study	What is different in core academics as a result of being pathway aligned? In what ways do teachers and specialists (school counselors, WBLL, etc.) of these classes design, coordinate, and progress monitor student support and intervention and plan, implement and progress monitor curricular and instructional integration? Consider how "academic excellence" and deep familiarity with a-g can be supported by pathway teachers with common planning who teach CTE and core academics. Please specify the days and times grade-level teams meet for common planning for pathways. Include, at minimum, Grades 10, 11, and 12. Please specify on the PoS how the Build 1-2 sequence aligns with and supports the SUDA and CHEA pathway course sequences.					
U Work-Based Learning Plan	What work-based learning are (or could be) designed and offered for African American males? C3 Experience Map represents a solid set of experiences for <i>all</i> Castlemont students. Kudos! Continue to build out: career awareness and exploration experiences; guest speakers and industry partner collaboration <i>in core academics</i> to bring regular, classroom-rooted work-based learning					
Master Schedule						
EIP Presentation	Continue to design the program of study and master schedule to enable 100% of students to participate in CTE (current data point shared was 60% in '22-23).

ROOT CAUSE ANALYSIS Root Cause Analysis is the process of discovering the root causes of problems in order to identify appropriate solutions. Sites engage in this process every 3 years to inform strategic actions around our identified data indicators.

Indicator Instructions: Complete the Strengths and Challenges columns for all indicators in bold (lines 41-44). Then select ONE of the indicators from lines 45-48 (color coded in peach) to complete. You will complete Strengths and Challenges for a total of 5 indicators/combinations of indicators.	Strengths What is our site doing well that's leading to improvements in this indicator?	<b>Challenges</b> What 1-2 challenges are the most significant barriers to improvements in this indicator?
Four-Year Cohort Graduation Rate & Four Year Cohort Dropout Rate (Analyze these two indicators together)	Solidified SLCs for grade level, pathways and programs     SLC teams meet in collaborative groups weekly and during PD to address students academic and social needs.     Teachers conduct Student Needs Protocols 1-2x/each marking period to identify students who are off-track academically, behaviorally, or attendance-wise to determine the most appropriate support.	<ul> <li>About half of students graduate after 4 years, and the other half dropout. This could speak to engagement in school, impacts of the pandemic, or a wealth of challenges. One barrier is the perceived lack of value of school and especially higher education</li> <li>In addition to students who choose to leave school for work upon turning 18, on campus truancy and student disengagement with coursework and teachers lead to high fail rates of core courses, thereby impacting students' graduation eligibility.</li> </ul>
A-G Completion - 12th Grade	<ul> <li>For 12th grade students that received a D or F in an A-G course they are being prioritized to either retake the needed course or enroll in our credit recovery classes with CAR</li> <li>The 8 period block schedule allows for students that failed classes to retake them senior year and still take all required 12th grade classes</li> </ul>	<ul> <li>The pandemic and remote learning was very difficult to keep this cohort of students engaged and on track academically.</li> <li>In addition attendance issues and obstacles this and last year continued to make getting credits difficult.</li> <li>Some lack of knowledge for students and staff around what A-G means</li> </ul>
On Track to Graduate - 9th Grade & 9th Graders meeting A-G requirements (Analyze these two indicators together)	<ul> <li>- 9th on track to graduate rose by 10 percentage points and 9th graders that meet A-G rose by about 25 percentage points</li> <li>- 9th grade team has implemented Knight Initiation (a 9th grade bridge program for the first 2 weeks of school), as well as whole grade parent conferences while engaging the youth in extracurricular activities with campus and community partners</li> </ul>	<ul> <li>Some lack of knowledge for 9th grade students and staff around what A-G and graduation requirements, and how important the foundational classes are in long-term high school success</li> <li>On-campus truancy and disengagement starting to settle in with younger students earlier on</li> </ul>

For Object Codes 1120, 5825 and all FTE, please also make sure to respond to the additional Budget Justification questions outlined in the EIP Budget Justification Instructions.           - What is the specific expenditure or service type? Please provide a brief description (no vague language or hyperlinks) and quantify if applicable.           - How does the specific expenditure impact students in the pathway? (Where possible, also consider how the expenditure supports your 3-year goals or 2023-24 strategic actions.)           We encourage you to refer to this list of OUSD's Object Codes if you have questions about which object codes to use. Please note that this is a comprehensive list of all OUSD's object codes and not all of them are permissible uses of Measure N funds. Supervisor & Administrative Salaries: Hire a Pathway Coach, at .50 FTE. The Pathway Coach will guide the design, implementation and evaluation of pathway programs and schoolwide efforts to support (and be supported by) pathway initiatives. Support pathway lead and pathway team capacity development. Provide one-one coaching support to leads and teachers as needed and requested. Plan with school leadership to draft and facilitate team processes around pathway planning, budgeting and reporting. Support budgeting, purchasing and follow through on experiences, supplies and materials for pathway programs. Coordinate with with community and school stakeholders to align programs and projects along pathway pillars. Support all faculty Professional Learning as pertaining to pathway collaborative work and projects and connecting school wide literacy and SEL initiatives to pathway designs. Engage in contacts, industry partners and community partners to develop project based learning and pathway program development. PCN 1584 - Marvin Boomer (Salary and Benefit costs included)	\$86,848.84	2305	Supervisor & Administrative Salaries	Pathway Coach	.50 FTE	Whole School	

Classified Support Salaries: Hire a College & Career Readiness Specialist at 1.0 FTE. The CCRS will coordinate postsecondary planning for all students, including assistance with college, scholarship, and financial aid applications. CCRS will work through the senior capstone course to engage all seniors, and with pathway leads to develop plans for connecting with all pathway students via advisory sessions that are tied to specific postsecondary readiness outcomes, including A-G awareness, the various college options, and transcript reviews that build students' capacity to monitor their own on-track to graduation progress. CCRS will work with other college access partners to leverage support for students in grade 9, and will coordinate with the Newcomer Coordinator to ensure grade 9 & 10 newcomer students are supported to meet the same outcomes. PCN 6450 - Berenice Vega (Salary and Benefit costs included)	\$126,715.55	2205	Classified Support Salaries	College & Career Readiness Specialist	1.0 FTE	Whole School
Classified Support Salaries: Hire a Work Based Learning Liaison, at .50 FTE. The WBL Liaison will continue developing WBL opportunities for students, co-planning with both pathway teams, coordinating with the Int'l program and engaging with seniors through the senior capstone class. This will develop both pathways through connection with industry partners, coordination with leadership, pathway leads and teams, planning WBL/CTE experiences for pathway programs and coordinating with District WBL/CTE efforts such as skilled trades, ECCO summer internships and Dual Enrollment. PCN 1795 - Angelica Rubi-Munoz (Salary and Benefit costs included)	\$72,522.87	2205	Classified Support Salaries	Work Based Learning Liaison	.50 FTE	Whole School
Teacher Salaries: Hire a Pathway Capstone Teacher at .70 FTE. The teacher will teach an additional pathway capstone course for seniors. This teacher is distinct from the graduate writing seminar in which students write their senior thesis; it is action oriented and project-based. This course will guide students through an applied pathway project that will be grounded in work-based learning, career exploration, and service to their school and local community. Pathway Capstone teacher will connect with the Work-Based Learning Liaison to ensure that every 12th grade student is engaged with a community-based organization, enrolled in a college course, or participating in an internship that is aligned with their senior thesis project. Pathway Capstone Teacher will serve as a project manager for student's projects, and work very closely with their community mentors and instructors. Pathway Capstone Teacher will support students in obtaining soft-skills, technological skills, and other 21st century skills necessary to see a project from conception to completion, all while building their transition portfolio. Teacher Salaries Stipends: Extended Contracts for 3 Small Learning Community (SLC) leads to attend additional, regular meetings after school, facilitated by the pathway coach and school administration so they facilitate horizontal alignment across SLCs (pathways) and vertical alignment within the pathways from 9th through 12th grade. Topics might include preparation for senior capstone (aligning skills and expectations), college and career exposure, work-based learning, pedagogical teaching practices, and more. These teachers also spend additional time after school setting up advisory programs, connecting students to resources within in each pathway to make them stronger. All 12th grade students, approximately 750 students, benefit from this action. (\$38.50 per hour x 50 hours total + 25% benefit costs = \$2,406.25 x 3 Teacher Leads = \$7,218.75)	\$7,218.75	1120	Teacher Salaries Stipends			CHEA/SUDA
Teacher Salaries Stipends: Extended Contracts for 3 after school program teachers to provide after school intervention classes for credit recovery. As we recover from the pandemic, we are seeing more gaps in students' mastery related to our pathway and core academic classes. This after school intervention would pay for three teachers so that 100 students can be supported in passing their classes. This would directly reduce our dropout rate and improve students' academic college and career readiness. We will also offer an additional science course that is not on our master schedule. These funds would make it possible for us to ensure that students are not falling further behind in classes that support pathway development and completion. (\$38.50 per hour x 60 hours total + 25% benefit costs = \$2,887.50 x 3 teachers = \$8,662.50)	\$8,662.50	1120	Teacher Salaries Stipends			Whole School

Teacher Salaries Stipends: Extended Contracts for 2 pathway leads to engage with leadership for pathway design and implementation, support the development of the pathway teams through facilitation, one-one support and advocacy whole school, develop curriculum for integrated projects, support infrastructure of the pathways, balance whole school vs. pathway needs, support the development of PD as pertaining to pathway pillars, engage with school stakeholders and partners in all things pathway. This expenditure will impact all 745 students in the school, as all students are/will be in pathways. (\$38.50 per hour x 3 hrs per week for 36 weeks (108 hrs total) = \$4,158.00 + 25% (benefit costs) = \$5,197.50 x 2 teachers = \$10,395.00)	\$10,395.00	1120	Teacher Salaries Stipends			Whole School

BUDGET JUSTIFICATION           For All Budget Line Items, enter 3-5 sentences to create a Proper Justification that answers the below questions.           Reference the Measures N and H Permissible Expenses document when developing the justification.           For Object Codes 1120, 5825 and all FTE, please also make sure to respond to the additional Budget Justification questions outlined in the Measures N and H Instructions for a Proper Budget Justification.           - What is the specific expenditure or service type? Please provide a brief description (no vague language or hyperlinks) and quantify if applicable.           - How does the specific expenditure impact students in the pathway? (Where possible, also consider how the expenditure supports your 3-year goals or 2024-25 strategic actions.)           We encourage you to refer to this list of <u>QUSD's Object Codes</u> if you have questions about which object codes to use. Please note that this is NOT a comprehensive list of all OUSD's object codes and not all of them are permissible uses of Measures N and H funds. Please refer to the Measures N and H Permissible Expenses document to confirm permissibility.           *'If the justification is adequately detailed to be deemed a proper justification and permissible use of funds, it will be Fully Approved and will require a Justification Form. Supervisor & Administrative Salaries: Hire a Pathway Coach, at .36 FTE. The Pathway Coach will guide the design, implementation and evaluation of pathway programs and schoolwide efforts to support (and be supported by) pathway initiatives. Support pathway lead and pathway team capacity development. Provide one-one coaching support to leads and teachers as needed and requested. Plan with school leadership to draft and facilitate team processes around pathway planning, budgeting and reporting. Support budgeting, purchasing and follow through on experiences, supplies and materials for pathway programs. Coordinate with with community and school stakeholders to align programs and projects along pathway pillars. Support all faculty Professional Learning as pertaining to pathway collaborative work and projects and connecting school wide literacy and SEL initiatives to pathway designs. Classified Support Salaries: Hire a College & Career Readiness Specialist at 1.0 FTE. The CCRS will coordinate postsecondary planning for all students, including assistance with college, scholarship, and financial aid applications. CCRS will work through the senior capstone course to engage all seniors, and with pathway leads to develop plans for connecting with all pathway students via advisory sessions that are tied to specific postsecondary readiness outcomes, including A-G awareness, the various college options, and transcript reviews that build students' capacity to monitor their own on-track to graduation progress. CCRS will work with other college access partners to leverage support for students in grade 9, and will coordinate with the Newcomer Coordinator to ensure grade 9 & 10 newcomer students are supported to meet the same outcomes. Teacher Salaries Stipends: Extended Contracts for 3 Small Learning Community (SLC) leads to attend additional, regular meetings after school, facilitated by the pathway coach and school administration so they facilitate horizontal alignment across SLCs (pathways) and vertical alignment within the pathways from 9th through 12th grade. Topics might include preparation for senior capstone (aligning skills and expectations), college and career exposure, work-based learning, pedagogical teaching practices, and more. These teachers also spend additional time after school setting up advisory programs, connecting students to resources within in each pathway to make them stronger. All 12th grade students, approximately 750 students, benefit from this action. (\$38.50 per hour x 50 hours total + 25% benefit costs = \$2,406.25 x 3 Teacher Leads = \$7,218.75)	\$7,218.75	1120	Teacher Salaries Stipends			Whole School	Approved				
Teacher Salaries Stipends: Extended Contracts for 3 teachers to provide student academic intervention. Conferences Expenses: Conference and travel expenses for the Pathway teachers to attend Professional Development opportunities to build capacity in project-based learning and standards-based practices. Potential conferences include UnboundED Standards Institute, Educating for Careers, The PBL Leadership Academy, and Linked Learning Alliance. As teachers are better able to prepare high quality projects, our belief is that by integrating curriculum between academic classes and CTE students will be more engaged, projects and tasks will be more clear, and student work in classrooms will become more relevant and aligned to the pathway theme.	\$20,000.00	5220	Conference Expenses			Whole School		Conditionally Appr

Whole School Strategic Actions Reflection											
2024-2025 Strategic Actions											

2025-2026 Strategic Actions	rave and elements of the "enabling conditions" for oppoint nathway development
Whole School Strategic Actions (to address enabling conditions for high	gh quality pathway development)
Increase in student school satisfaction factors: - Increase in student belonging and connectedness (CHKS categories) - some aligned actions are school wide events to celebrate, Honor Roll/Knight Heros, and more intentional care management for at needs students - Increase in students participating in school (and after school) activities and programs - Increase in student safety and respect factors as measured by our student experience survey - The Culture Team then reflects on this data, shares it out in advisory and creates 1-2 action steps per indicator. For example, student bathroom environments are big issues so we are working with Real Hard to keep them cleaner and have student posters up to encourage students to take care of the space. - Teacher trainings around classroom engagement and Restorative/Trauma informed practices - Honor roll celebrations every marking period - Field trips and experiential learning projects for students to engage in	Are you on track? Progress is evident in engagement, but data is limited. What has been done? Organized "Fresh Fridays" and assemblies to increase student engagement. Implemented "Knight Heroes" and monthly honor roll celebrations. Increased student participation in after-school programs. Areas for improvement: Increase the amount of student experience survey data collected. Reflection: The increased engagement activities are positive. Prioritize consistent administration of the student experience survey to gather more comprehensive data. Use the data to refine strategies and address specific student concerns. It is very good that after school program numbers increased.
Increase student period attendance outcomes: - Pathway competitions and incentives - Student need protocols and alignment with attendance and care teams - Common classroom culture routines and strategies focused on welcoming and engaging classroom environments - Family call log and engagement strategies	Are you on track? Progress is being made, but there's room for improvement. What has been done? Increased family communication through teacher and staff calls. Implemented new campus sweep procedures and student accountability measures. Areas for improvement: Enhance teacher classroom engagement strategies. Maintain high standards for students who leave class. Reflection: The increased accountability measures are valuable. Focus on proactive strategies to keep students engaged in the classroom. Teacher training on classroom management and engagement could be very beneficial.
Increase student literacy and reaching comprehension: - Common literacy strategies among pathway and department teams - Assessed three times/year of i-Ready in ELA/Social Studies classes - i-Ready fundamental skill support on Wednesdays in math (and ELA/social studies classes)	Are you on track? Yes, with strong supports in place. What has been done? Increased Teacher Support Assistants (TSAs) and literacy coaches. Implemented small group reading interventions and special reading intervention classes. Regular administration of i-Ready assessments. Reflection: The addition of TSAs and literacy coaches demonstrates a commitment to targeted interventions. Ensure that i-Ready data is used to inform instruction and that interventions are consistently implemented.
Increase college and career readiness through a few focal factors and aligned actions: - Number of Dual Enrollment classes passed/taken - On track to graduate (D/Fs) at semester mark. Pathway teams conduct family conferences, grade checks, grade analysis protocols, common teaching practices, - Completion of internships, job shadowing, career fairs, and college campus visits - Completion of significant projects (some integrated) with a presentation and research component	Are you on track? Yes. What has been done? Tightened Dual Enrollment (DE) processes, including securing teachers for support, tutoring, and regular grade checks. Connected DE classes with Work-Based Learning (WBL), internship opportunities, career fairs, and college trips. Reflection: The focus on direct support (teachers, tutoring) and real-world connections (WBL, internships) is a strong strategy. Continued monitoring of DE pass rates and student participation in WBL is essential.

Based on a review of the challenges from the root cause analysis and updated schoolwide data above, plus a reflection on this year's strategic actions, what are 3-5 new or revised, school wide strategic actions for 25-26 that will support school-wide pathway improvement to directly address the challenges identified above?

Enhance College and Career Readiness Through Targeted Support and Real-World Connections:

Revised Strategic Action:

Maintain: Tighten Dual Enrollment (DE) processes, including securing teachers for support, tutoring, and regular grade checks.

Maintain: Connect DE classes with Work-Based Learning (WBL), internship opportunities, career fairs, and college trips.

Addition: Implement a system for tracking student participation and success in WBL activities, using data to identify barriers and improve access, especially for International Program students and focal student populations.

Addition: Ensure that all Pathways have a clear system for tracking student completion of significant projects (some integrated) with a presentation and research component, and that they use the data to improve project design and implementation.

Strengthen Student Literacy and Reaching Comprehension Through Focused Intervention and Collaborative Practices:

Revised Strategic Action:

Maintain: Develop common literacy strategies among pathway and department teams.

Maintain: Assess three times/year of i-Ready in ELA/Social Studies classes.

Maintain: Provide i-Ready fundamental skill support on Wednesdays in math (and ELA/social studies classes).

Addition: Implement pathway-specific literacy intervention plans, using i-Ready data to target support for struggling students, particularly in the International Program and focal student populations. Ensure that these plans are reviewed and adjusted regularly. Addition: Create more consistent collaboration time for teachers to share successful literacy strategies, and to review i-Ready data. Improve Student Period Attendance Outcomes Through Proactive Engagement and Support:

Revised Strategic Action:

Maintain: Institute pathway competitions and incentives.

Maintain: Implement student need protocols and alignment with attendance and care teams.

Maintain: Implement common classroom culture routines and strategies focused on welcoming and engaging classroom environments.

Maintain: Implement family call log and engagement strategies.

Addition: Enhance teacher training on proactive classroom engagement strategies, including culturally responsive teaching and trauma-informed practices, to create more welcoming and engaging learning environments. Addition: Develop a better/tighter system for tracking and addressing chronic absenteeism, with a focus on early intervention and personalized support plans.

Enhance Student School Satisfaction Factors Through Consistent Data Collection and Actionable Feedback

Revised Strategic Action:

Maintain: Coordinate school wide events to celebrate students and increase belonging and connectedness.

Maintain: Increase communication and recruitment efforts to promote in student participation in school (and after school) activities and programs.

Maintain: Implement student survey to measure student safety. The Culture Team then reflects on this data, shares it out in advisory and creates 1-2 action steps per indicator.

Maintain/strengthen: Implement a consistent and reliable system for collecting student experience survey data, ensuring high participation rates and disaggregating data by pathway and focal student populations.

Addition: Establish a process for regularly sharing survey results with pathway teams and student leadership, and for developing and implementing action plans based on student feedback.

What do your student data (from the data section above, and including evidence from pathway performance assessments and graduate capstone) show you about what your students can do (assets) and what they need support for (challenges)? What do you notice about the data for the focal student population in relations to assets and challenges as well?

College and Career Preparation:	On Track to Graduate (Low):
SUDA has strong connections with the C3 team and is actively working on college and career preparation.	The percentage of 10th graders on track to graduate is low.
	Dual Enrollment (Low):
	Participation and success in dual enrollment courses are low.
	CTE Completion (Very Low):
	CTE completion rates are very low, suggesting difficulties in completing CTE
	programs.
	Data Gaps:
	There are significant data gaps, particularly for the focal student population,
	making it difficult to assess their specific needs.
	Writing Proficiency:
	Students need more support in writing, particularly in using evidence and the
	TIDE framework.
	Portfolio Timeline:
	The timeline for portfolio implementation has been adjusted, with a focus on
	starting with seniors.
What might be some root causes to help you understand those student data?

Reference the Measures N and H Permissible Expenses document when developing the justification.         For Object Codes 1120, 5825, and all FTE, please also make sure to respond to the additional Budget Justification questions outlined in the Measures N and H Instructions for a Proper Budget Justification.         - What is the specific expenditure or service type? Please provide a brief description (no vague language or hyperlinks) and quantify if applicable.         - How does the specific expenditure impact students in the pathway? (Consider how the expenditure supports your 3-year goals or 2025-2026 strategic actions where possible.)         We encourage you to refer to this list of OUSD's Object Codes if you have questions about which object codes to use. Please note that this is NOT a comprehensive list of all OUSD's object codes; not all are permissible uses of Measures N and H funds. Clerical Salaries: to hire a Care Manager at .2 FTE for SUDA Pathway: Funding will be used for Care (Case) Managers to provide tier 2 and 3 support for SUDA pathway students who need wrap-around support (possibly before and after COST, SST, and SART referrals). These are students identified as chronically absent, and students identified as needing additional support. Staff will conduct in-depth community work to connect with families of these students and provide support to family based on the need to support the student in getting back on-track to graduate. Providing additional funds for intensive student supports through additional counseling and care/case-management services will increase student engagement by facilitating more one-on-one contact and support for our most at risk students so that they can be better equipped and supported. Personalized support and keeping students engaged in school aligns with pathway development. Approximately 20-50 students should be served across the school. Teacher Salaries: Hire a 9th Grade CHEA Teacher, at 1.0 FTE. The teacher will teach an introductory CTE course aligned with Community Health Equity Academy for GenEd/International 9th grade. Teacher will collaborate with 9th grade team, design and implement CHEA curriculum aligned to Program of Study and CHEA Outcomes. PCN 3897 - Vacant (Salary and Benefit costs included)	\$133,773.00	1105	Teacher Salaries	Teacher, Public Health	1.0 FTE	CHEA
Classified Salaries: Hire Administrative Assistant II Bilingual, at .20 FTE, to support with Measure N specific logistical, administrative, and overall coordination of the CHEA pathway programming. These field trips, projects, and experiences directly relate to pathway development, and are intentionally built to increase student engagement. Combined programs, we hope to serve ~300 students. The clerical supports will be essential to the daily logistics of bringing these programs together and will include logistical support for teachers and admin. PCN xxxx - (Salary & Benefit costs included)	\$25,021.00	2205	Teacher Salaries	Administrative Assistant 2 - Bilingual	.20 FTE	CHEA
Supplies & Materials: Purchase supplies and materials for the CHEA pathway classes to create Project Based Learning experiences, integrated projects in class and final project exhibitions to demonstrate and apply student learning of pathway outcomes. The exhibition projects will also be industry and community engagement opportunities.	\$3,566.87	4310	Supplies & Materials			CHEA
Transportation Costs: Charter Bus rentals for 9th-12th grade students in the CHEA pathway. The WBL and CTE based field trips will support real world application and experiences of pathway themes, content and skills. The field trips will provide opportunities for students to apply knowledge and skills to real world experiences and in turn enhance classroom engagement. This will support student leadership and engagement in CHEAWay and CHEA Outcomes in an experiential meaningful way.	\$9,000.00	5826	Transportation Costs			CHEA

	- Solicit and incorporate student feedback and student outcomes into decision making for curriculum, projects, and pedagogy. Feedback will be solicited through circles, google	- CHEA Youth Leadership Council has been working to gather input and feedback on pathway activities and curriculum - Teachers attend monthly departmental professional development sessions, which enable them to share and learn ways to strengthen their lessons, units, and strategies. - Have not yet reviewed course outlines, but will be doing so at the end of the year during our last week of PD. This will also include the new iteration of senior

Going deeper means to engage with them more intentionally and deeply. Instead of just having them speak or host a workshop, deeper might look like them helping to create rubrics or
Goal #1	- Develop and revisit course outlines that include standards and performance assessments with pathway team and industry partners	<ul> <li>We are mostly on track with these actions this year, but need to refocus some time and energy on revisiting course outlines including standards and performance assessments.</li> </ul>
	<ul> <li>continue to work directly with partners on planning relevant and engaging projects that prepare students for college and the workforce.</li> </ul>	
	- Strengthen WBL contiuum and college, career, and community (C3) into program of study, which will be reflected in core content and CTE courses where students are more engaged and excited about community health careers	- Teachers are working through iterations of the program of study to include more intentional WBL, CTE integraton, partnership support, and college and career prepardness. Pathway leads have done pull out days to connect with CTE Coach, Pathway Coach, and community partners to bring the program of study more current and relevant - Annual calendar with all experiences and events: We have been working on this, but it is coming together at a slow pace. WBL Participation (Slight Increase): There is a slight increase in the percentage of 12th graders participating in emplo experiences. CHEA is actively working with community health partners, and is improving their v Dual Enrollment (Consistent): Dual enrollment participation has remained relatively consistent, indicating some college-level coursework. CHEA is working to get more students involved in college and career opportunitie	vork based learning opportunities.	Graduation Rates (Declining):         The four-year cohort graduation rate is declining, both for the whole pathway and the focal student population.         The focal student population has a lower graduation rate than the whole pathway.         Dropout Rates (Inconsistent):         Dropout Rates (Inconsistent):         Dropout Rates unconsistent and remain a concern.         The focal student population has a higher dropout rate than the whole pathway in 2023-2024.         A-G Completion (Declining):         A-G completion rates are declining, indicating challenges in meeting college entrance requirements.         The focal student population has a much lower A-G completion rate than the whole pathway.         On Track to Graduate (Low):         The percentage of 9th and 10th graders on track to graduate is low.         The focal student population is significantly lower than the whole pathway.		
What might be some root causes to help you understand those student data?				
Academic Challenges: Students face significant academic challenges, impacting graduation rates, A-G c Lack of Targeted Support: Insufficient targeted support for students at risk of falling behind academically. Socioeconomic Factors: Socioeconomic Factors may contribute to absenteeism, dropout rates, and limited Data Tracking and Analysis: Inadequate data tracking and analysis systems, especially for focal student popul Program Implementation Gaps: Inconsistencies in program implementation and support systems contribute to fluc Engagement and Motivation: There could be issues with student engagement and motivation. New Capstone Implementation Challenges: Challenges in implementing integrated projects across pathways. Teacher Collaboration and Training: Inconsistent teacher collaboration and insufficient training on effective instructional	access to resources. ations, hinder effective intervention and	l support.		
Pathway Strategic Goals				
Pathway Quality Strategic 3 Year Goal	Check in on 3-Year Goals For each 3-year goal, answer: -To what extent is the pathway on track fo -What has supported or hindered progress			
By 2026, CHEA core and CTE courses will have increased rigor, relevance, and tudent engagement with embedded connections to industry and community artners as focal 'clients' in supporting school and community level change that tudents take ownership of. Extent on track: The pathway is on track. Supported: CTE courses are actively engaging industry partners, and the 12th-grade capstone course is successful. The focus on integrated projects and aligning with standards. Hindered: The challenge is still solidifying how to effectively implement integrated projects.				
V 2026, through the Program of Study, we will have institutionalized all major projects nd exhibitions), experiential learning, work-based learning, and college and career trips e entire 9th-12th CHEA experience. Through additional pathway development sessions 1-month contract and extended contracts i.e. summer months), the team will illaborate with partners to refine program of study each year. Extent on track: The pathway is progressing well. Supported: The program of study is becoming more institutionalized. Communication with the C3 team is strong. College file trips have occurred. There are new plans to engage 9th and 10th graders early. Hindered: Team engagement in WBL and college field trips needs improvement.				
By 2026 all students in the Community Health Equity Academy will have electronic portfolios that capture their content, knowledge, industry-aligned and 21st century skills obtained, as well as work-based learning opportunities through their pathway experience. Content area teachers will use rubrics and checklists to assess student progress. As seniors, the portfolio will become their Transition Action Plan which will serve as a major artifact in their graduate capstone.

301-5	Meeting Refreshments: For industry partners who donate their time for college, career, and community events (summer fair). This is alignment with our C3 Experiences and Work-based Learning Plan. Industry partners donate thousands of dollars of in-kind support by spending at least 3 hours on commuting and supporting. Light breakfast refreshments will be provided.	\$1,914.37	4311	Meeting Refreshments			Whole School
301-6	Clerical Salaries: to hire a Care Manager at .2 FTE for SUDA Pathway: Funding will be used for Care (Case) Managers to provide tier 2 and 3 support for SUDA pathway students who need wrap-around support (possibly before and after COST, SST, and SART referrals). These are students identified as chronically absent, and students identified as needing additional support. Staff will conduct in-depth community work to connect with families of these students and provide support to family based on the need to support the student in getting back on-track to graduate. Providing additional funds for intensive student supports through additional counseling and care/case-management services will increase student engagement by facilitating more one-on-one contact and support for our most at risk students so that they can be better equipped and supported. Personalized support and keeping students engaged in school aligns with pathway development. Approximately 20-50 students should be served across the school. Teacher Salaries Stipends: Extended Contracts: Comprehensive Teacher Development and Student Support To ensure the highest quality of instruction and student support, we propose allocating funds for extended teacher contracts. These contracts will enable teachers to engage in a comprehensive program designed to enhance their professional capacity and directly benefit student outcomes. Approximately 150 students will be served. This program will encompass: - Proactive Student Support (Office Hours): Dedicated time for teachers to provide individualized assistance to students, addressing learning gaps and fostering academic success. - Strategic Professional Development: Focused training at the beginning of the year to align with pathway initiatives and enhance instructional practices. - Enhanced Curriculum Development and Planning: Time dedicated t refining existing curriculum, developing innovative project-based learning these activities into a single, cohesive program, we maximize teacher effectiveness and ensure a consistent, high-quality educational experience for all students. The accomplishment standards are for teachers to devise plans for wrap around supports and interventions for these students and the student outcomes are that more students remain connected to the school community and earm Cs or better in all classes (especially con classes: Math, Science, English, and Social Sciences).
