The policy shall protect Vendor and OUSD in the same manner as though each were separately issued. Nothing in said policy shall operate to increase the Insurer's liability as set forth in the policy beyond the amount or amounts shown or to which the Insurer would have been liable if only one interest were named as an insured.

- e. Should any required insurance lapse during the term of this Agreement, requests for payments originating after such lapse shall not be processed until the District receives satisfactory evidence of reinstated coverage as required by this Agreement, effective as of the lapse date. If insurance is not reinstated, the District may, at its sole option, terminate this Agreement effective on the date of such lapse of insurance.

- f. Before commencing any operations under this Agreement, Vendor must provide the District with the certificates of insurance, an endorsement showing the additional insured policy, all with insurers satisfactory to the District, evidencing all coverage set forth above, and shall furnish complete copies of policies promptly upon the District's request. Nothing contained in this Agreement shall be construed as creating an employment or agency relationship between the District and Vendor or any agent or employee of Vendor. Any terms in this Contract referring to direction from District shall be construed as providing for direction as to policy and the result of Vendor's work only, and not as to the means by which such a result is obtained. District does not retain the right to control the means or the method by which Vendor performs work under this Agreement. If any governmental authority should, nevertheless, determine that Vendor is an employee, then the District's payment obligations hereunder shall be reduced so that the aggregate amount of payments directly to Vendor and to the applicable governmental authority does not exceed the maximum amount of compensation specified in this Agreement. Notice to Bidders

The Oakland Unified School District ("District") is requesting submission of Bids from qualified persons, firms, partnerships corporations, associations or professional organizations ("Bidder(s)") for the provision and delivery of Milk and Dairy Products ("Products") to the District, as further described herein.

General Information about the District

The District is located in Alameda County and has a projected student enrollment for the 2022 - 2023 school year of approximately 35,489 students. The District has 76 delivery sites. The District is seeking Bids from qualified companies to procure and deliver products. This IFB defines the Program (as defined below), the products and the services that are being sought from the Bidders and generally outlines the Program requirements.

The District seeks to improve child nutrition by providing quality products, reducing the distance that food travels between producers and students, supporting labor law compliance along the supply chain, and supporting food production practices that have lower environmental impacts. As such, the District participates in the Good Food Purchasing Program (the "Program").

The Program provides a metric-based, flexible framework that enables food purchasers to assess their current purchasing practices and shift their buying power toward five interconnected values: local economies, environmental sustainability, valued workforce, animal welfare, and nutrition. Through the Program, the District will evaluate how its food purchasing practices align with each value category, as defined by criteria outlined in the Evaluation section below.

The Good Food Procurement Resolution, adopted by The District in 2016, is included in this solicitation as a Reference Document [Attachment 16].

Any vendor that submits a bid in an effort to conduct business with this institution will commit to working with our staff in support of the Program by completing the Good Food Purchasing Vendor Pledge, [Attachment 15], and must submit required item-level data, [Attachment 15]. For a brief overview of the Program and data collection process, [please watch this short video](https://www.youtube.com/watch?v=MxBBhUUi0zs) (Link: <https://www.youtube.com/watch?v=MxBBhUUi0zs>).

The District is committed to offering seasonal menu items and purchasing from local farmers, within 250 miles of Oakland, whenever possible. Bidders should be making an effort to procure and offer local ingredients to schools and indicate these products on price lists and invoices. The District prefers locally produced products whenever possible and has a goal of procuring, at minimum, food that is 60% locally grown and produced.

The District seeks to support Socially Disadvantaged Farmers or Ranchers following the USDA definition of Socially Disadvantaged:

“Socially Disadvantaged Farmer or Rancher: The Consolidated Farm and Rural Development Act defines a socially disadvantaged group as one whose members have been subject to racial, ethnic, or gender prejudice because of their identity as members of a group without regard to their individual qualities. USDA regulations further define socially disadvantaged farmers and ranchers (SDFRs) as belonging to the following groups: American Indians or Alaskan Natives, Asians, Blacks or African Americans, Native Hawaiians or other Pacific Islanders, Hispanics, and women.”

The District is seeking to:

1. Ensure that students are receiving high quality Milk and Dairy products,
2. Purchase high quality Milk and Dairy products at the best possible price,
3. Offer more Milk and Dairy products that include locally grown ingredients, and those that support Socially Disadvantaged Farmers when possible,
4. Utilize the expertise of our vendor to provide training information for our department staff on best practices for purchasing, receiving, storing, and preparing Milk and Dairy products,
5. Partner with a Milk and Dairy vendor that will provide excellent customer service.

If extended, price increases may be negotiated. In the event of a general price decrease the District reserves the right to revoke the IFB award unless the decrease is passed on to the District.

Pricing

Provide a detailed Statement of Pricing for Dairy Products to be provided. The Bid will be awarded to the responsive and responsible bidder with the lowest prices overall. Bidders submitting a IFB shall specify brand, product size, case count, origin and price pertaining to each item. Errors in price computations will not excuse Bidder from holding price.

Pricing Terms – Contract prices awarded for fixed price items shall remain firm for the contract period. Prices proposed for all items will be for the period July 1, 2023 through June 30, 2024. The Bidder certifies that the District will be given the immediate benefit of any lower prices or price decreases during the term of the contract. The "Notes" section should be used to indicate if the item bid is a special order, requires a minimum purchase, or is an alternative to what was listed. The USDA recommends limiting the additional costs to 10 percent of the estimated value of the contract.

All Other Costs or Fees – Pricing information for, without limitation, transactional services, additional services, Bidder's mark-up on subconsultant and subcontractor prices, general conditions, and all other categories of costs, expenses, fees, or charges that Bidder anticipates will be a part of its price to provide the Products.

District Evaluation/Selection Process

Basis for Selection – The responsiveness, competency and responsibility of Bidders and of their proposed subcontractors will be considered in making the award of contract. Any Bidder, before being awarded a contract, may be required to furnish evidence to the District that the Bidder has sufficient means and experience in the type of work called for to assure completion of the contract in a satisfactory manner. The District reserves the right to reject the Bid of any Bidders as not responsible and not qualified to provide the particular products under consideration who have previously failed to perform properly or to complete on time contracts with the District of a nature similar to this procurement. A responsive Bid is one that meets all terms, conditions, and specifications of the IFB. The award of this solicitation is conditional on the winning bidder accepting the terms of the contract available to view online at <https://www.ousd.org/Page/22408>. The Bidder must perform and do what the Bid documents and contract requirements say they must do, whether it be pricing in a certain way, attending a mandatory pre-bid conference, providing bonds, etc.

A Bid which substantially conforms, though not strictly responsive, to a call for bids may be accepted if the variance cannot have affected the amount of the Bid or given a Bidder an advantage or benefit not allowed to other Bidders. or, in other words, if the variance is inconsequential.

The District reserves the right to reject any and all Bids or alternatives and waive any informality or irregularity in the Bids or in the bidding, and to determine responsiveness and responsibility of Bidder, including but not limited to those areas mentioned above. The District makes no representation that participation in the IFB process will lead to an award of contract or any consideration whatsoever.

Evaluation/Award – Award of this IFB shall be made to the lowest-priced responsible bidder who is fully responsive to the terms of this solicitation. A bidder **must** deliver the

items by the required delivery date in order to be declared responsive to this IFB. The District intends to select one of the Bidders—but reserves the right to select no Bidder. From the Bidders that provide Bids to the District, the District may, at its discretion, interview some or all of those Bidders. One or no Bidders may be selected (“Successful Bidder”). The Successful Bidder will be selected based on lowest price, provided that the Bidder meets all qualifications and demonstrated competence that include relevant experience with public agencies, including local agencies, and a proven track record of success for providing these types of Products. The contract awarded through this bid will be non-exclusive, meaning that the District may purchase, at its discretion, milk and dairy products from other vendors throughout the contract if it deems necessary and permissible to do so.

Previous Performance – Bidders are advised that the District reserves the right to reject a Bid from a Bidder that cannot demonstrate the ability to provide the goods or services required. Bidders who have demonstrated unsatisfactory performance may be subject to disqualification as a responsible Bidder submitting a Bid, thereby disqualifying the Bidder from contract award.

Equal Opportunity Employment - Attachment "7"

TO BE SUBMITTED WITH BID

Federal affirmative action regulations mandate that Federal contractors include an Equal Opportunity (EO) clause in all contracts, subcontracts and purchase orders. The intent is to make the nondiscrimination and affirmative action provisions of Executive Order 11246, Section 503 of the Rehabilitation Act of 1973, the Vietnam Era Veterans' Readjustment Assistance Act, and the Jobs for Veterans act flow down to all tiers of contractors. This contractor and subcontractor shall abide by the requirements of 41 CFR §§ 60-1.4(a), 60-300.5(a) and 60-741.5(a). These regulations prohibit discrimination against qualified individuals based on their status as protected veterans or individuals with disabilities, and prohibit discrimination against all individuals based on their race, color, religion, sex, sexual orientation, gender identity or national origin. Moreover, these regulations require that covered prime contractors and subcontractors take affirmative action to employ and advance in employment individuals without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability or veteran status.

CERTIFICATE

I/We hereby certify that the Crystal Creamery, Inc. (Company) is an equal opportunity employer as defined in the Equal Opportunity Act.

Good Food Purchasing Resolution - Attachment "14"

**RESOLUTION
OF THE
BOARD OF EDUCATION
OAKLAND UNIFIED SCHOOL DISTRICT
Resolution No. 1617-0079**

**Oakland Unified School District
District Commitment - Good Food Purchasing Policy/Program**

WHEREAS, the Oakland Unified School District ("OUSD" or "District") procures over \$8 million annually in food and serves over 40,000 meals per day and almost 7 million meals annually;

WHEREAS, the purchasing of good food is a vital component to providing the nutritional needs of all children in the District, where more than 70% of students qualify for federal and state meal benefits through the National School Lunch and Breakfast Programs, the Child and Adult Care Food Program, the After School Snack and Supper Program, and the Summer Food Service Program;

WHEREAS, the District has made continued improvements to school menus to increase fresh and local foods, increase produce, and decrease processed foods served to students. As part of Oakland's Farm to School Initiative, launched in partnership with the Community Alliance with Family Farmers in 2008, the District incorporated a geographic preference into its produce solicitations and currently sources between 40 and 80 percent of fresh produce locally, depending on the season;

WHEREAS, the District partnered with the Center for Ecoliteracy to conduct the Rethinking School Lunch Oakland ("RSLO") Feasibility Study in 2010 to establish a comprehensive framework for District-wide nutrition services reform to address health, environmental and social issues. As a result of RSLO's recommendations for facilities improvement, an overwhelming majority (84%) of Oakland voters passed the Measure J Bond in 2012. Measure J is funding the construction of a 32,500 square foot central kitchen, urban farm, and education center in West Oakland, which will be the hub of OUSD's healthy food system;

WHEREAS, the District, in partnership with The Center for Ecoliteracy, piloted and developed the California Thursdays farm to school program in 2013, which has now expanded to over 50 school districts statewide to increase local procurement in school meal programs. The District currently procures approximately 30% of all food items locally and has more than doubled humane and sustainable purchases as a result of implementing California Thursdays;

WHEREAS, in practicing good food procurement methods, the District can support a regional food system that is ecologically sound, economically viable, and socially responsible. Thoughtful purchasing practices can impact the creation and availability of a local, sustainable good food system both regionally and nationally. In turn, the District has partnered with other school districts via the School Food FOCUS and California Farm to School networks to exchange best practices for implementing and supporting good food policies, local procurement, and sound environmental standards;

{M0195388}

WHEREAS, the OUSD Board of Education adopted the Wellness Policy (BP 5030) in 2014, which meets and exceeds the provisions of the Healthy, Hunger-Free Kids Act (HHFKA) of 2010 and provides schools with a framework to promote health and wellness for all students;

WHEREAS, the OUSD Board of Education adopted the Farm to School Resolution (Enactment No. 1415-0081) in 2014 to declare its support for school-based programs that connect students and families to the local food system;

WHEREAS, good food is defined as food that is healthy, local, sustainable, humane, and fair. These foods meet the Dietary Guidelines for Americans and the United States Department of Agriculture's menu pattern requirements for school meals as defined by the Healthy, Hunger Free Kids Act ("HHFKA"); provide freedom from chronic ailment; and are delicious and safe. All participants in the food supply chain receive fair compensation, fair treatment, and are free of exploitation. Good food is available to purchase for all income levels. High quality food is equitable and physically and culturally accessible to all. Food is produced, processed, distributed, and recycled locally using the principles of environmental stewardship (in terms of water, soil, and pesticide management);

WHEREAS, the District has partnered with the Center for Good Food Purchasing since 2014 to evaluate its procurement based on the criteria set forth in the Good Food Purchasing Standards and was awarded a three-star rating (out of a possible five stars) by the Center for Good Food Purchasing for its food procurement in the 2014-15 school year; and

WHEREAS, good food procurement refers to the sourcing and purchasing of food to supply District Nutrition Services operations;

NOW, THEREFORE, BE IT RESOLVED that the Governing Board of the Oakland Unified School District commits to good food procurement to improve our region's food system through the creation, adoption, and implementation of the Good Food Purchasing Policy/Program.

	CRYSTAL CREAMERY POLICY	QC. 10.131
	TITLE: Food Safety Plan Program	DOCUMENT NUMBER

Purpose:

The purpose of the Food Safety Plan is to ensure procedures are established for the protection of food safety and quality. The plan is developed using the HACCP method- a process of examining potential for food safety hazards and establishment of measures for control of identified hazards. To comply with the SQF Code Requirement, Crystal Creamery is required to demonstrate that it has applied the HACCP methodology to the development of the Food Safety Plan.

Scope:

The Food Safety Plan shall be prepared in accordance with the HACCP method and shall encompass all products and processes at Crystal Creamery. The SQF Practitioner must verify and validate the Food Safety Plan.

Objective:

The Food Safety Plan is designed to provide a process for attaining food safety and quality. Pre-requisite Programs are the foundation of the Food Safety Plan and are a requirement of the element. A hazard analysis is performed for each product and process step. In developing the Food Safety, Plan Crystal Creamery is required to demonstrate that it has followed the twelve steps of HACCP.

Description:

Process steps where pre-requisite programs do not prevent, eliminate, or reduce food safety hazards to safe levels are to be designated as Critical Control Points (CCP). Each CCP must have defined critical limit(s), identified monitoring tasks (who, what, how, how often), defined corrective actions, identified verification and validation steps, and records that are continuously maintained.

Crystal Creamery has identified the pasteurization process in each department (Milk and Milk Products, Buttermilk, Cottage Cheese, Sour Cream, Ice Cream, Butter, Powder, Juices and Flavored Drinks manufacturing) as a CCP and metal detection in Cottage Cheese, Sour Cream, Ice Cream, Butter and Powder.

The Critical Limits for Pasteurization are Time and Temperature. The Time and Temperature vary based on the type of product that is being pasteurized. Details of specific Time and Temperature can be found in each Department's specific HACCP Plan. These Critical Limits have been set forth in the Pasteurized Milk Ordinance (PMO) and they are enforced on a Quarterly Basis by the California Department of Food and Agriculture.

The Critical Limits for Metal Detection are the Ferrous, Non-Ferrous, and Stainless Steel Wands that are used. These wand sizes are determined by the Original Equipment Manufacturer (OEM) and vary at each Metal Detector. Each individual HACCP Plan details the specific wand sizes to be used on each individual line. Tasks associated with the food safety plan should be documented as work Standard Operating Procedures and appropriate staff should be trained in them. All staff shall be trained annually in HACCP and be accompanied by a quiz.

The Food Safety Plan establishes CCP's for product safety. Before full implementation, the SQF Practitioner must validate and verify that all critical limits in the Food Safety Plan have been met. On an annual basis, all metal detectors must be validated. The OEM of each metal detector shall calibrate each unit on an annual basis. Furthermore, metal detectors are verified on a daily basis by Crystal Creamery employees.

Pasteurizers are verified by the State of California on a Quarterly basis to ensure that the proper time and temperature is being reached. To a lesser degree, Pasteurizers are verified daily by Crystal Creamery licensed pasteurizer operators who verify that the temperatures of the indicating thermometer and recording thermometer are

within one degree of each other, that the Cut-In and Cut-Out is functioning properly, and that all seals are in place. The time and temperature for each type of product has been validated through numerous studies and can be referenced in the Pasteurized Milk Ordinance (PMO) (see pages 91-93 in the 2019 PMO).

This Program is a summary of our Food Safety Plan. The Food Safety Plan is outlined in each Department's individual HACCP Plans. This is meant to give a brief overview of how Crystal Creamery addresses Food Safety. Specific Product Descriptions, Flow Diagrams, Hazard Analysis, and CCP Descriptions are documented and outlined in each department (Milk and Milk Products, Buttermilk, Cottage Cheese, Sour Cream, Ice Cream, Butter, Powder, Juices and Flavored Drinks manufacturing) HACCP Plans.

Product Tracking/Trace-ability-

Product tracking/Trace-ability is accomplished with the use of documented records:

- All products are coded with the date of manufacture and the plant code
- Production records document the production code for each product produced
- Production inventory records document the amount produced
- Bill of Ladings document each shipment- by item and code date

The ability to trace-forward (finished product to shipment location) and trace-back (finished product to ingredient/packaging receipt) is a requirement of product tracking/trace-ability.

Reconciliation-

Reconciliation requires accountability for all goods produced, remaining in inventory and shipped. Location or destination of shipped goods is required for notification purposes.

Mock Recall-

A mock recall will be conducted and documented at a minimum once every six months and will include:

1. Date
2. Product, item number, UPC
3. Product code and production date
4. Reason for recovery
5. Amount produced
6. Amount recovered or accounted for and rate
7. Start time, end time and total duration

The mock recall goal is to collect all of the above information in four hours or less.

Recall Information-

The following is required information for product tracking:

1. Food Safety concern
2. Product identification
3. Carton size
4. Product code
5. Product manufacture date or lot code information
6. Quantity produced
7. Plant number

FDA RECALL INFORMATION

When recalling a product, FDA can expect to be provided with the following information:

- Product identity
- Reason for the recall (Food Safety Recall Classification)
- Date and circumstances under which the defect was discovered
- Firm's evaluation of risk posed by product
- Amount of product produced and/or length of production run
- Estimate of amount of production in distribution
- Identity of direct accounts
- Proposed recall strategy
- Name and telephone number of contact person

	TITLE: Product Recall and Crisis Management Policy		DOCUMENT NUMBER

FDA will review this information, classify the recall, suggest changes, if appropriate to the recall strategy and will list the recall in its weekly enforcement report.

FDA RECALL PROTOCOL

FDA will request a recall when it concludes that product presents a risk of illness or gross consumer deception, when the firm has not initiated a recall and a recall is necessary to protect public health.

Refusal to abide by FDA decision subjects the manufacturer/distributor to a full range of FDA enforcement remedies (injunction, seizure, criminal prosecution, publicity).

A firm may initiate for any reason, but the FDA view is that whenever a firm initiates a recall, the FDA should be promptly notified and notification sent to the FDA portal website.

FDA RECALL CATEGORIES

Class I (emergency or life threatening)

There is a reasonable probability that the use of, or exposure to a violative product may cause serious adverse health consequences or death. A Class I recall is the most serious and would require notification to all holders of the product including ultimate consumers via public warning through the press and media.

Class II (priority or possibly life-threatening)

Use of, or exposure to a violative product may cause temporary or medically reversible adverse health consequence, or where the possibility of serious adverse health consequence is remote. Class II recalls includes products having been misrepresented or deliberately adulterated. Recall usually extends only to the retail level.

Class III (routine or remote hazard)

Use of, or exposure to a violative product is not likely to cause adverse health consequence. It usually covers product where there is little hazard, but violates some specific regulation and; therefore, must be removed from market channels.

MARKET WITHDRAWAL

This applies to a product that is withdrawn for a quality defect that would not cause an adverse health consequence; and therefore, would not be subject to FDA jurisdiction or legal action. Market withdrawal is an internal non-regulated process.

Notice to Bidders

The Oakland Unified School District (“District”) is requesting submission of Bids from qualified persons, firms, partnerships corporations, associations or professional organizations (“Bidder(s)”) for the provision and delivery of Milk and Dairy Products (“Products”) to the District, as further described herein.

General Information about the District

The District is located in Alameda County and has a projected student enrollment for the 2022 - 2023 school year of approximately 35,489 students. The District has 76 delivery sites. The District is seeking Bids from qualified companies to procure and deliver products. This IFB defines the Program (as defined below), the products and the services that are being sought from the Bidders and generally outlines the Program requirements.

The District seeks to improve child nutrition by providing quality products, reducing the distance that food travels between producers and students, supporting labor law compliance along the supply chain, and supporting food production practices that have lower environmental impacts. As such, the District participates in the Good Food Purchasing Program (the “Program”).

The Program provides a metric-based, flexible framework that enables food purchasers to assess their current purchasing practices and shift their buying power toward five interconnected values: local economies, environmental sustainability, valued workforce, animal welfare, and nutrition. Through the Program, the District will evaluate how its food purchasing practices align with each value category, as defined by criteria outlined in the Evaluation section below.

The Good Food Procurement Resolution, adopted by The District in 2016, is included in this solicitation as a Reference Document [Attachment 16].

Any vendor that submits a bid in an effort to conduct business with this institution will commit to working with our staff in support of the Program by completing the Good Food Purchasing Vendor Pledge, [Attachment 15], and must submit required item-level data, [Attachment 15]. For a brief overview of the Program and data collection process, [please watch this short video](https://www.youtube.com/watch?v=MxBBhUUi0zs) (Link: <https://www.youtube.com/watch?v=MxBBhUUi0zs>).

Good Food Purchasing Resolution - Attachment “14”

RESOLUTION OF THE BOARD OF EDUCATION OAKLAND UNIFIED SCHOOL DISTRICT Resolution No. 1617-0079

Oakland Unified School District District Commitment - Good Food Purchasing Policy/Program

WHEREAS, the Oakland Unified School District (“OUSD” or “District”) procures over \$8 million annually in food and serves over 40,000 meals per day and almost 7 million meals annually;

WHEREAS, the purchasing of good food is a vital component to providing the nutritional needs of all children in the District, where more than 70% of students qualify for federal and state meal benefits through the National School Lunch and Breakfast Programs, the Child and Adult Care Food Program, the After School Snack and Supper Program, and the Summer Food Service Program;

WHEREAS, the District has made continued improvements to school menus to increase fresh and local foods, increase produce, and decrease processed foods served to students. As part of Oakland’s Farm to School Initiative, launched in partnership with the Community Alliance with Family Farmers in 2008, the District incorporated a geographic preference into its produce solicitations and currently sources between 40 and 80 percent of fresh produce locally, depending on the season;

WHEREAS, the District partnered with the Center for Ecoliteracy to conduct the Rethinking School Lunch Oakland (“RSLO”) Feasibility Study in 2010 to establish a comprehensive framework for District-wide nutrition services reform to address health, environmental and social issues. As a result of RSLO’s recommendations for facilities improvement, an overwhelming majority (84%) of Oakland voters passed the Measure J Bond in 2012. Measure J is funding the construction of a 32,500 square foot central kitchen, urban farm, and education center in West Oakland, which will be the hub of OUSD’s healthy food system;

WHEREAS, the District, in partnership with The Center for Ecoliteracy, piloted and developed the California Thursdays farm to school program in 2013, which has now expanded to over 50 school districts statewide to increase local procurement in school meal programs. The District currently procures approximately 30% of all food items locally and has more than doubled humane and sustainable purchases as a result of implementing California Thursdays;

WHEREAS, in practicing good food procurement methods, the District can support a regional food system that is ecologically sound, economically viable, and socially responsible. Thoughtful purchasing practices can impact the creation and availability of a local, sustainable good food system both regionally and nationally. In turn, the District has partnered with other school districts via the School Food FOCUS and California Farm to School networks to exchange best practices for implementing and supporting good food policies, local procurement, and sound environmental standards;

{M0195388}

WHEREAS, the OUSD Board of Education adopted the Wellness Policy (BP 5030) in 2014, which meets and exceeds the provisions of the Healthy, Hunger-Free Kids Act (HHFKA) of 2010 and provides schools with a framework to promote health and wellness for all students;

WHEREAS, the OUSD Board of Education adopted the Farm to School Resolution (Enactment No. 1415-0081) in 2014 to declare its support for school-based programs that connect students and families to the local food system;

WHEREAS, good food is defined as food that is healthy, local, sustainable, humane, and fair. These foods meet the Dietary Guidelines for Americans and the United States Department of Agriculture's menu pattern requirements for school meals as defined by the Healthy, Hunger Free Kids Act ("HHFKA"); provide freedom from chronic ailment; and are delicious and safe. All participants in the food supply chain receive fair compensation, fair treatment, and are free of exploitation. Good food is available to purchase for all income levels. High quality food is equitable and physically and culturally accessible to all. Food is produced, processed, distributed, and recycled locally using the principles of environmental stewardship (in terms of water, soil, and pesticide management);

WHEREAS, the District has partnered with the Center for Good Food Purchasing since 2014 to evaluate its procurement based on the criteria set forth in the Good Food Purchasing Standards and was awarded a three-star rating (out of a possible five stars) by the Center for Good Food Purchasing for its food procurement in the 2014-15 school year; and

WHEREAS, good food procurement refers to the sourcing and purchasing of food to supply District Nutrition Services operations;

NOW, THEREFORE, BE IT RESOLVED that the Governing Board of the Oakland Unified School District commits to good food procurement to improve our region's food system through the creation, adoption, and implementation of the Good Food Purchasing Policy/Program.
