

THE CITY IS OUR CLASSROOM

OUSD Public Hearing
Charter Renewal 2025

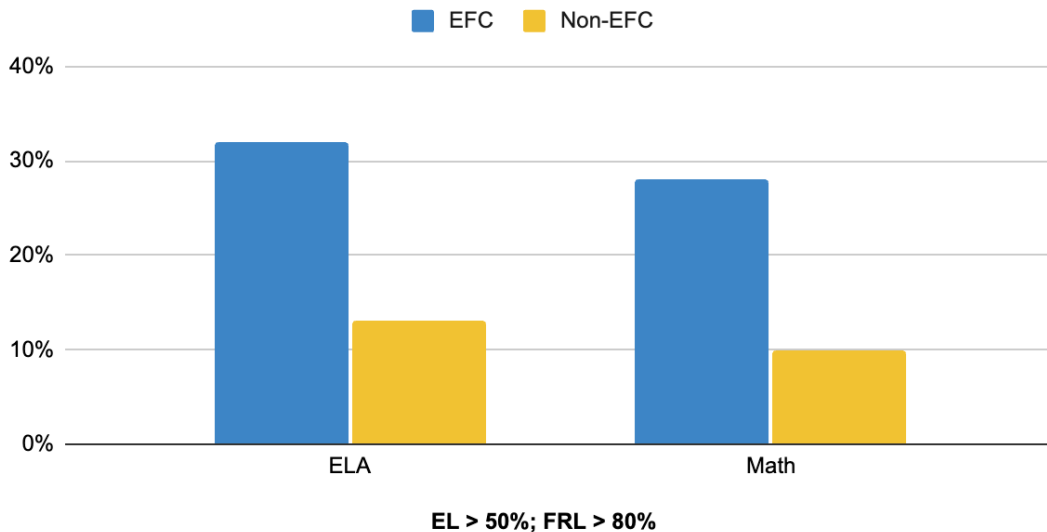

Changing Outcomes in East Oakland Since 2005

Education *for* Change

Serving **2700** students in
East Oakland

**Oakland 2024 SBAC Proficiency:
Schools with High FRL and EL Populations**

EFC students challenge the predictable patterns of performance and access to opportunity in this country by demonstrating the essential academic competencies, personal agency, and integrated identity necessary to be prepared for a meaningful and productive life.

Our Mission

Latitude students grapple with **relevant real-world problems** through projects in and outside of school, **working with professionals in authentic settings** to connect what they are learning to their life goals. By extending school beyond the walls of a building, Latitude's learning experiences **demystify access** to the full range of Bay Area career opportunities and **expand students' sense of possibility for their future.**

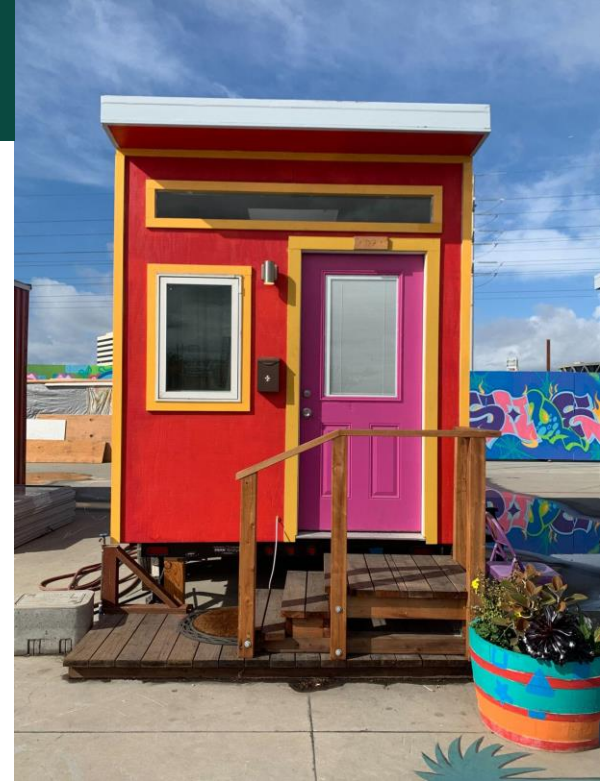

Latitude Is Unique!

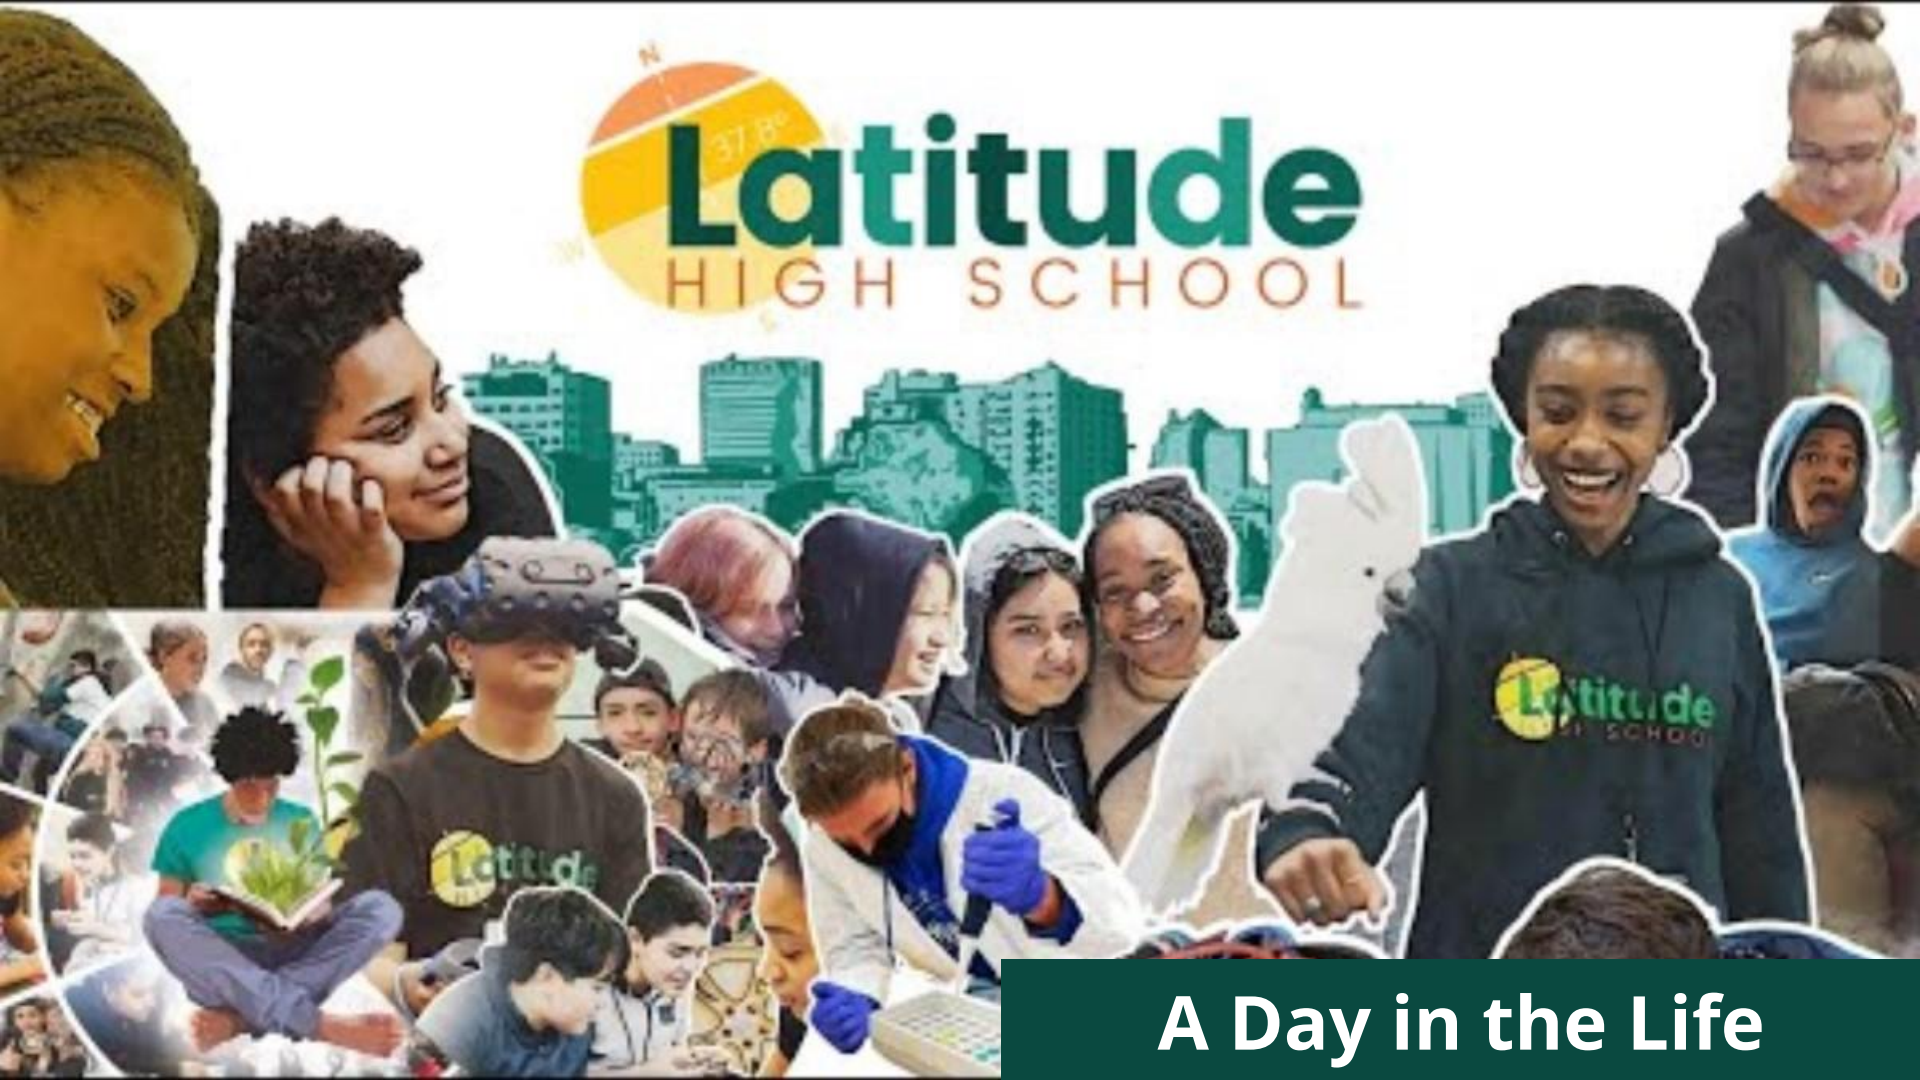

IMMERSIVE, MONTH-LONG INTERNSHIPS:

Latitude places more students in Real-World Internships than any other high school in Northern California

REAL WORLD PROJECTS:

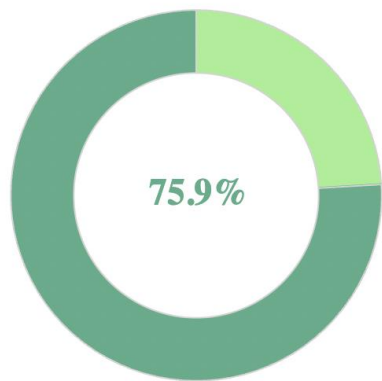

Students build Tiny Houses in Physics, publish books and record podcasts in Humanities, code their own video games and program Arduino-based devices for the blind in Computer Science, and so much more
