ACC Updates

Governing board decided on three priorities to focus on and we presented them to the students.

Inclusion:

- This was chosen to ensure that there is equitable and safe learning environments for those who may face exclusion for their disabilities, beliefs, personal identity, and or interest. GB lead presentations from the FLIP training course we talked about in our previous student report. All students participated in a group break out activity.

Career Exploration:

- During school break out groups students wrote down their concerns regarding their resources for further education. They also began brainstorming ways to improve their school site

Nutrition:

- We were shocked during group discussion when students revealed their schools the lack of proper preparation and nutrition protocols in school breakfast, lunch, and even mid day snacks.

HELP A TEACHA OUT

The Real Talk

Teachers are constantly buying their own classroom supplies. The town is collectively stepping up to help our beloved teachers, because when teachers have what they need... WE ALL SUCCEED!

We will collect school supplies from the community, and each month one OUSD school will receive all the supplies we've gathered.
