Charter School Renewal Overview

Timeline

Background

Every 5 years (typically), a Charter School must submit a renewal petition to their authorizer in order to continue operating. The authorizer, the OUSD Board of Education, must evaluate the renewal petition based on criteria outlined in California Education Code and the school's Renewal Tier placement. The Board must vote within 90 days of submission to approve or deny the petition.

COVID-19 Impact on Charter Renewal

Due to the lack of Dashboard data after COVID, the State legislature extended all charters' terms by a total of **three years**. Therefore, all OUSD-authorized charter schools that are up for renewal this fall are currently in **year 8** of their charter term.

Strengths	Challenges
● ELA proficiency and DFS show strong post-pandemic upward trajectory. ● Math proficiency and DFS have increased significantly post-pandemic. ● ELs making progress has increased, with a Green ELPI indicator. ● Despite declining enrollment, school remains a sustainable size with a healthy fund balance.	● Declining DFS for Students with Disabilities post-pandemic. ● Most recent audit identified two material weaknesses.
