OAKLAND UNIFIED SCHOOL DISTRICT
CMAS PURCHASE AND INSTALLATION AGREEMENT

This CMAS PURCHASE AND INSTALLATION AGREEMENT (“**Agreement**”) is made this June 26, 2025, by and between **Oakland Unified School District (“District”)** and **SHAW INTEGRATED AND TURF SOLUTIONS, INC.**, a Georgia corporation (“**Contractor**”) with respect to the following recitals:

RECITALS

A. District is a public school district organized and existing under the laws of the State of California.

B. Contractor has entered into a California Multiple Award Schedule Contract No. **4-22-07-1024** adopted by the General Services Administration, for the procurement of non-information technology commodities, under the applicable CMAS General Provisions (the “**CMAS Contract**”).

C. The Board of the District under Public Contract Code sections 10290 et seq. and 10298 et seq. may, without competitive bidding, contract with suppliers that have been awarded contracts, master agreements, multiple award schedules, cooperative agreements or other types of agreements, including agreements with entities outside the state or other agreements that leverage the state’s buying power, for acquisitions authorized under Chapter 2 (commencing with Section 10290) and Chapter 3 (commencing with Section 12100) of the Public Contract Code.

E. The District plans to carry out the work as more particularly described in the proposal provided by Contractor, attached hereto as **Exhibit A** (“**Project**”).

F. The District intends to procure the items (“**Items**”) and services as more particularly described in the proposal provided by Contractor, attached hereto as **Exhibit A** (“**Proposal**”).

G. The Board of the District has determined that it is in the best interest of the District to utilize the CMAS Contract to complete the Project.

AGREEMENT

NOW, THEREFORE, in consideration of the mutual covenants and conditions contained herein, the parties agree as follows:

1. **REFERENCE AND DEFINITION.**

A copy of the CMAS Contracts is attached hereto as **Exhibit B** and incorporated herein by reference. To the extent any term or condition of this Agreement is inconsistent with the CMAS Contracts, the CMAS Contracts shall control, except for Section 2 “Scope of Work”, Section 3

“Contract Time”, Section 4, “Liquidated Damage”, and Section 5 “Contract Price” provisions in this Agreement which shall control over all other contradictory delivery or payment provisions. For the purposes of this Agreement, all references to the “State of California”, “State” and/or “Local Agency” in the CMAS Contracts shall be interpreted to apply to the District and all duties and obligations with respect to the “State of California”, “State”, and/or “Local Agency” under the CMAS Contracts shall apply to the District under this Agreement.

2. **SCOPE OF WORK.**

Contractor shall procure and deliver the Items and provide all materials, supplies, services and equipment necessary to complete the work as more particularly described in the Proposal attached hereto and incorporated herein as **Exhibit A** (collectively, the “**Work**”) for the District in connection with the Project.

3. **CONTRACT TIME.**

Contractor shall commence and complete the Work pursuant to the following:

3.1 **Commencement of Work**

Contractor shall commence the Work upon receipt of a written Notice to Proceed (“NTP”) issued by the District following execution of this Agreement.

3.2 **Completion of Work**

Contractor shall complete all Work for the Project by November 12, 2025 (the “**Scheduled Completion Date**”), provided the District issues a NTP within a reasonable time following execution of this Agreement.

3.3 **District’s Right to Postpone**

The District reserves the right to postpone issuance of the NTP upon reasonable notice to Contractor. Contractor shall not be entitled to any claim of additional compensation as a result of District’s postponement of giving any notice to proceed.

4. **LIQUIDATED DAMAGES.**

Liquidated damages shall be enforced in accordance with the CMAS Contracts. Failure by Contractor to complete the Work by the Scheduled Completion Date, as set forth in Article 3 of this Agreement and in the manner required by the Contract Documents, shall subject Contractor to liquidated damages. The actual occurrence of damages and the actual amount of the damages which District would suffer if the Work were not satisfactorily completed within the contract time set forth in Article 3 hereof, or if any specified portion of the Work were not completed by the Schedule Completion Date, are dependent upon many circumstances and conditions which could prevail in various combinations and, from the nature of the case, it is impracticable and extremely difficult to fix the actual damages. Damages which District would suffer in the event of such delay

include, but are not limited to, loss of the use of the Work, disruption of activities, costs of administration and supervision, third party claims, and the incalculable inconvenience and loss suffered by the public. Accordingly, the parties agree, provided the NTP is provided in a timely manner and the Project site is turned over to the Contractor to complete its Work in a timely manner, that the liquidated damages for the Contractor's failure to complete the Work by the Scheduled Completion Date and in the manner provided for by the Contract Documents are established in the amount of One Thousand Dollars and no/100 (\$1,000.00) per calendar day and as further set forth in the CMAS Contracts.

If liquidated damages accrue as described above, District, in addition to all other remedies provided by law, shall have the right to assess the liquidated damages at any time, and to withhold liquidated damages (and any interest thereon) at any time from any and all retention or progress payments, which would otherwise be or become due Contractor. In addition, if it is reasonably apparent to District before liquidated damages begin to accrue that they will accrue, District may assess and withhold, from retention or progress payments, the estimated amount of liquidated damages that will accrue in the future. If the retained percentage or withheld progress payments are not sufficient to discharge all liabilities of Contractor incurred under this Article, the Contractor and its sureties shall continue to remain liable to District until all such liabilities are satisfied in full. In the event liquidated damages are not paid, Contractor further agrees that District may deduct such amount thereof from any money due or that may become due Contractor under this Agreement or the CMAS Contracts.

If District accepts any Work or makes any payment under the Contract Documents after a default by reason of delays, the payment or payments shall in no respect constitute a waiver or modification of any provision in the Contract Documents regarding contract time, milestone deadlines, or liquidated damages.

5. **CONTRACT PRICE.**

As full compensation for Contractor's complete and satisfactory performance of the Work and activities described in the Contract Documents, District agrees to pay Contractor the price listed in the Proposal attached hereto as **Exhibit A** ("**Contract Price**") pursuant to the payment terms and conditions set forth in the Contract Documents. Contractor shall provide payment and performance bonds, each in the amount of one hundred percent (100%) of the Contract Price.

Contractor hereby represents and warrants that the prices indicated herein are the prices as accepted by the California Department of General Services ("**DGS**") for the identical items under the CMAS Contracts or are "Not Specifically Priced" items as that term is defined by the DGS.

Contractor acknowledges that the Contract Price includes all costs necessary for the delivery and installation of the Items and performance of the Work within the time allowed under Section 3 of this Agreement. Contractor further represents that it has thoroughly reviewed the Project scope, site conditions, and schedule requirements and agrees that the Contract Price is inclusive of all costs required to fully perform the Work. Contractor shall not be entitled to any additional compensation, claims, or damages, including but not limited to costs related to acceleration, overtime, or supervision, due to delays not caused by the District or its agents.

6. **PAYMENTS.**

The District shall make payments to the Contractor in accordance with the payment milestones set forth in the Proposal. Upon the occurrence of each milestone, the Contractor shall issue an invoice to the District, and payment of each invoice shall be due within forty-five (45) days of the invoice date. If the Contract Time is sixty (60) days or more, the Contractor may submit monthly invoices for the value of Work completed in the prior month. Upon receipt of each such invoice, the District shall promptly verify that the Work has been completed as represented. The District's Board has not determined that the Project is substantially complex, the standard five percent (5%) of the Contract Price ("**Retention**") shall apply and shall be withheld by the District. Within forty-five (45) days of the date of such verification, the District shall make payment equal to ninety-five percent (95%) of the value of the verified Work. The Retention shall be disbursed as part of the Final Payment. Final Payment of the Contract Price, including the Retention, shall be made upon completion of all Work, the Contractor's full performance of all other obligations under the Contract Documents, and submission of a properly itemized final invoice. Upon receipt of the final invoice, the District Representative will promptly verify completion and performance. Within forty-five (45) days of such confirmation, the District shall make Final Payment. All amounts previously retained from progress payments shall be released to the Contractor within sixty (60) days of completion of the Work and all other contractual obligations. The District may, in its sole discretion, condition payment of any portion of the Contract Price on the Contractor's preparation and District acceptance of a Schedule of Values, submittal of executed lien waivers and releases (for Progress or Final Payment, as applicable) from the Contractor and all Subcontractors receiving payment, and/or delivery of Certified Payroll records for the Contractor and Subcontractors. The District may withhold payment of any portion of the Contract Price at a rate of one hundred fifty percent (150%) of the value in question if there are claims or the likelihood of claims from subcontractors, suppliers, or others in connection with the Work; if there is defective or non-conforming Work that is not remedied; in the event of damages to the District; for liquidated damages; or in the case of any uncured default by the Contractor under the Contract Documents..

7. **TERMINATION.**

If the Contractor fails to perform the Work to the satisfaction of the District, fails to fulfill its obligations under this Agreement in a timely and professional manner, or violates any of the terms or provisions of this Agreement, the District shall have the right to terminate this Agreement effective immediately upon providing written notice to the Contractor. Additionally, the District may, at its sole discretion, terminate this Agreement for convenience by providing the Contractor with at least thirty (30) days' prior written notice. In the event of any termination, the District shall be obligated to pay the Contractor any outstanding undisputed invoices up to the effective date of termination. No early termination fees or penalties will apply. The District shall incur no liability for undelivered Items, Work or services beyond the effective termination date.

8. **CONFORMANCE TO CONTRACT DOCUMENTS.**

Contractor agrees that the Items and Work to be furnished pursuant to this Agreement shall conform to all of the requirements set forth in the Contract Documents, as defined below.

9. **TRANSPORTATION CHARGES.**

Contractor agrees to deliver all Items and Work prepaid unless otherwise specified. All costs for delivery of Items are the responsibility of Contractor unless otherwise stated in the Contract Documents, as defined below.

10. **INSURANCE.**

10.1 **Comprehensive General Liability and Automobile Insurance.**

Without in any way limiting the Contractor's liability or indemnification obligations set forth in the Contract Documents, the Contractor shall, at its sole cost and expense, secure and maintain throughout the Term of this Agreement the following insurance coverages: (i) comprehensive general liability insurance with limits of not less than \$2,000,000.00 per occurrence and \$4,000,000.00 in the aggregate, including coverage for bodily injury, personal injury, property damage, and contractual liability; (ii) commercial automobile liability insurance with limits of not less than \$1,000,000.00 in the aggregate, covering all owned, non-owned, and hired vehicles, if applicable; and (iii) product liability insurance with limits of not less than \$4,000,000.00 in the aggregate, covering liability for products provided under this Agreement. All policies shall name the District and the District Parties as additional insureds (except for workers' compensation), be primary and non-contributory to any insurance or self-insurance maintained by the District, and include a waiver of subrogation in favor of the District and the District Parties. Certificates of insurance and endorsements evidencing the required coverages shall be provided to the District prior to the commencement of any work and shall include a declaration that the insurance shall not be suspended, voided, canceled, or reduced in coverage or limits without thirty (30) days' prior written notice to the District. The Contractor shall ensure that subcontractors performing work under this Agreement maintain equivalent insurance coverages, and the failure to maintain the required insurance or to provide proof of insurance shall constitute a material breach of this Agreement.

10.2 **Workers' Compensation.**

Contractor shall maintain a policy of workers' compensation insurance as required by Labor Code section 3200 et seq. during the duration of this Agreement. The District shall be named as an additional insured on the policy by endorsements, which will become a part of the Contract Documents. A certificate evidencing this coverage shall be filed with the District prior to the commencement of work under this Agreement. Notification by the carrier to the District at least thirty (30) days prior to cancellation, failure to renew, or other termination, is required.

10.3 **Fire Insurance.**

Before the commencement of the work, the Contractor shall procure, maintain, and cause to be maintained at the Contractor's expense, fire insurance on all work included within the scope of this Agreement, insuring the full replacement value of such work as well as the cost of any removal and demolition necessary to replace or repair all work damaged by fire. The amount of fire

insurance shall be subject to approval by the District and shall be sufficient to protect the Work against loss or damage in full until termination of this Agreement. Should the Work being constructed be damaged by fire or other causes during construction, it shall be replaced in accordance with the requirements of this Agreement, the drawings and specifications without additional expense to the District.

11. **DSA OVERSIGHT PROCESS.**

LEAD-BASED MATERIALS CERTIFICATION

PROJECT/CONTRACT NO. _____ between Oakland Unified School District ("District") and _____ ("Contractor") ("Contract" or "Project").

This certification provides notice to the Contractor that:

- 1) Contractor's work may disturb lead-containing building materials.
- 2) Contractor shall notify the District if any work may result in the disturbance of lead-containing building materials.
- 3) Contractor shall comply with the Renovation, Repair and Painting Rule, if lead-based paint is disturbed in a six-square-foot or greater area indoors or a 20-square-foot or greater area outdoors.

1. Lead as a Health Hazard

Lead poisoning is recognized as a serious environmental health hazard facing children today. Even at low levels of exposure, much lower than previously believed, lead can impair the development of a child's central nervous system, causing learning disabilities, and leading to serious behavioral problems. Lead enters the environment as tiny lead particles and lead dust disburse when paint chips, chalks, peels, wears away over time, or is otherwise disturbed. Ingestion of lead dust is the most common pathway of childhood poisoning; lead dust gets on a child's hands and toys and then into a child's mouth through common hand-to-mouth activity. Exposures may result from construction or remodeling activities that disturb lead paint, from ordinary wear and tear of windows and doors, or from friction on other surfaces.

Ordinary construction and renovation or repainting activities carried out without lead-safe work practices can disturb lead-based paint and create significant hazards. Improper removal practices, such as dry scraping, sanding, or water blasting painted surfaces, are likely to generate high volumes of lead dust.

Because the Contractor and its employees will be providing services for the District, and because the Contractor's work may disturb lead-containing building materials, CONTRACTOR IS HEREBY NOTIFIED of the potential presence of lead-containing materials located within certain buildings utilized by the District. All school buildings built prior to 1978 are presumed to contain some lead-based paint until sampling proves otherwise.

2. Overview of California Law

Education Code section 32240 et seq. is known as the Lead-Safe Schools Protection Act. Under this act, the Department of Health Services is to conduct a sample survey of schools in the State of California for the purpose of developing risk factors to predict lead contamination in public schools. (Ed. Code, § 32241.)

Any school that undertakes any action to abate existing risk factors for lead is required to utilize trained and state-certified contractors, inspectors, and workers. (Ed. Code, § 32243, subd. (b).) Moreover, lead-based paint, lead plumbing, and solders, or other potential sources of lead contamination, shall not be utilized in the construction of any new school facility or the modernization or renovation of any existing school facility. (Ed. Code, § 32244.)

Both the Federal Occupational Safety and Health Administration (“Fed/OSHA”) and the California Division of Occupational Safety and Health (“Cal/OSHA”) have implemented safety orders applicable to all construction work where a contractor’s employee may be occupationally exposed to lead.

The OSHA Regulations apply to all construction work where a contractor’s employee may be occupationally exposed to lead. The OSHA Regulations contain specific and detailed requirements imposed on contractors subject to those regulations. The OSHA Regulations define construction work as work for construction, alteration, and/or repair, including painting and decorating. Regulated work includes, but is not limited to, the following:

- a. Demolition or salvage of structures where lead or materials containing lead are present;
- b. Removal or encapsulation of materials containing lead;
- c. New construction, alteration, repair, or renovation of structures, substrates, or portions thereof, that contain lead, or materials containing lead;
- d. Installation of products containing lead;
- f. Lead contamination/emergency cleanup;
- g. Transportation, disposal, storage, or containment of lead or materials containing lead on the site or location at which construction activities are performed; and
- h. Maintenance operations associated with the construction activities described in the subsection.

Because it is assumed by the District that all painted surfaces (interior as well as exterior) within the District contain some level of lead, it is imperative that the Contractor, its workers and subcontractors fully and adequately comply with all applicable laws, rules and regulations governing lead-based materials (including title 8, California Code of Regulations, section 1532.1).

Contractor shall notify the District if any Work may result in the disturbance of lead-containing building materials. Any and all Work that may result in the disturbance of lead-containing building materials shall be coordinated through the District. A signed copy of this Certification shall be on file prior to beginning Work on the Project, along with all current insurance certificates.

3. Renovation, Repair and Painting Rule, Section 402(c)(3) of the Toxic Substances Control Act

The EPA requires lead safe work practices to reduce exposure to lead hazards created by renovation, repair and painting activities that disturb lead-based paint. Pursuant to the Renovation, Repair and Painting Rule (RRP), renovations in homes, childcare facilities, and schools built prior to 1978 must be conducted by certified renovations firms, using renovators with training by a EPA-accredited training provider, and fully and adequately complying with all applicable laws, rules and regulations governing lead-based materials, including those rules and regulations appearing within title 40 of the Code of Federal Regulations as part 745 (40 CFR 745).

The RRP requirements apply to all contractors who disturb lead-based paint in a six-square-foot or greater area indoors or a 20-square-foot or greater area outdoors. If a DPH-certified inspector or risk assessor determines that a home constructed before 1978 is lead-free, the federal certification is not required for anyone working on that particular building.

4. Contractor's Liability

Contractor shall comply with all applicable laws, rules, and regulations governing work with, and disposal, of lead. If the Contractor fails to comply with any applicable laws, rules, or regulations, and that failure results in a site or worker contamination, the Contractor will be held solely responsible for all costs involved in any required corrective actions, and shall defend, indemnify, and hold harmless the District, pursuant to the indemnification provisions of the Contract, for all damages and other claims arising therefrom.

If lead disturbance is anticipated in the Work, only persons with appropriate accreditation, registrations, licenses, and training shall conduct this Work.

It shall be the responsibility of the Contractor to properly dispose of any and all waste products, including, but not limited to, paint chips, any collected residue, or any other visual material that may occur from the prepping of any painted surface. It will be the responsibility of the Contractor to provide the proper disposal of any hazardous waste by a certified hazardous waste hauler. This company shall be registered with the Department of Transportation (DOT) and shall be able to issue a current manifest number upon transporting any hazardous material from any school site within the District.

The Contractor shall provide the District with any sample results prior to beginning Work, during the Work, and after the completion of the Work. The District may request to examine, prior to the commencement of the Work, the lead training records of each employee of the Contractor.

THE UNDERSIGNED WARRANTS THAT HE/SHE HAS THE AUTHORITY TO SIGN ON BEHALF OF AND BIND THE CONTRACTOR. THE DISTRICT MAY REQUIRE PROOF OF SUCH AUTHORITY.

HAZARDOUS MATERIALS PROCEDURES & REQUIREMENTS

1. Summary

This document includes information applicable to hazardous materials and hazardous waste abatement.

2. Notice of Hazardous Waste or Materials

a. Contractor shall give notice in writing to the District, the Construction Manager, and the Architect promptly, before any of the following materials are disturbed, and in no event later than twenty-four (24) hours after first observance, of any:

1) Material that Contractor believes may be a material that is hazardous waste or hazardous material, as defined in section 25117 of the Health and Safety Code, that is required to be removed to a Class I, Class II, or Class III disposal site in accordance with provisions of existing law;

2) Other material that may present a substantial danger to persons or property exposed thereto in connection with Work at the site.

b. Contractor's written notice shall indicate whether the hazardous waste or material was shown or indicated in the Contract Documents to be within the scope of Work, and whether the materials were brought to the site by Contractor, its Subcontractors, suppliers, or anyone else for whom Contractor is responsible. As used in this section the term "hazardous materials" shall include, without limitation, asbestos, lead, Polychlorinated biphenyl (PCB), petroleum and related hydrocarbons, and radioactive material.

c. In response to Contractor's written notice, the District shall investigate the identified conditions.

d. If the District determines that conditions do not involve hazardous materials or that no change in terms of Contract is justified, the District shall so notify Contractor in writing, stating reasons. If the District and Contractor cannot agree on whether conditions justify an adjustment in Contract Price or Contract Time, or on the extent of any adjustment, Contractor shall proceed with the Work as directed by the District.

e. If after receipt of notice from the District, Contractor does not agree to resume Work based on a reasonable belief it is unsafe, or does not agree to resume Work under special conditions, then District may order such portion of Work that is in connection with such hazardous condition or such affected area to be deleted from the Work, or performed by others, or District may invoke its rights to terminate the Contract in whole or in part. District will determine entitlement to or the amount or extent of an adjustment, if any, in Contract Price or Contract Time as a result of deleting such portion of Work, or performing the Work by others.

f. If Contractor stops Work in connection with any hazardous condition and in any area affected thereby, Contractor shall immediately redeploy its workers, equipment, and materials, as necessary, to other portions of the Work to minimize delay and disruption.

3. Additional Warranties and Representations

a. Contractor represents and warrants that it, its employees, and its subcontractors and their employees, shall at all times have the required levels of familiarity with the Site and the Work, training, and ability to comply fully with all applicable laws and contractual requirements for safe and expeditious performance of the Work, including whatever training is or may be required regarding the activities to be performed (including, but not limited to, all training required to address adequately the actual or potential dangers of Contract performance).

b. Contractor represents and warrants that it, its employees, and its subcontractors and their employees, shall at all times have and maintain in good standing any and all certifications and licenses required by applicable federal, state, and other governmental and quasi-governmental requirements applicable to the Work.

c. Contractor represents and warrants that it has studied carefully all requirements of the Specifications regarding procedures for demolition, hazardous waste abatement, or safety practices, specified in the Contract, and prior to submitting its Project proposal, has either (a) verified to its satisfaction that the specified procedures are adequate and sufficient to achieve the results intended by the Contract Documents, or (b) by way of approved "or equal" request or request for clarification and written Addenda, secured changes to the specified procedures sufficient to achieve the results intended by the Contract Documents. Contractor accepts the risk that any specified procedure will result in a completed Project in full compliance with the Contract Documents.

4. Monitoring and Testing

a. District reserves the right, in its sole discretion, to conduct air monitoring, earth monitoring, Work monitoring, and any other tests (in addition to testing required under the agreement or applicable law), to monitor Contract requirements of safe and statutorily compliant work methods and (where applicable) safe re-entry level air standards under state and federal law upon completion of the job, and compliance of the work with periodic and final inspection by public and quasi-public entities having jurisdiction.

b. Contractor acknowledges that District has the right to perform, or cause to be performed, various activities and tests including, but not limited to, pre-abatement, during abatement, and post-abatement air monitoring, that District shall have no obligation to perform said activities and tests, and that a portion of said activities and tests may take place prior to the completion of the Work by Contractor. In the event District elects to perform these activities and tests, Contractor shall afford District ample access to the Site and all areas of the Work as may be necessary for the performance of these activities and tests. Contractor will include the potential impact of these activities or tests by District in the Contract Price and the Scheduled Completion Date.

c. Notwithstanding District's rights granted by this paragraph, Contractor may retain its own industrial hygiene consultant at Contractor's own expense and may collect samples and may perform tests including, but not limited to, pre-abatement, during abatement, and post-abatement personal air monitoring, and District reserves the right to request documentation of all such activities and tests performed by Contractor relating to the Work and Contractor shall immediately provide that documentation upon request.

5. Compliance with Laws

a. Contractor shall perform safe, expeditious, and orderly work in accordance with the best practices and the highest standards in the hazardous waste abatement, removal, and disposal industry, the applicable law, and the Contract Documents, including, but not limited to, all responsibilities relating to the preparation and return of waste shipment records, all requirements of the law, delivering of all requisite notices, and obtaining all necessary governmental and quasi-governmental approvals.

b. Contractor represents that it is familiar with and shall comply with all laws applicable to the Work or completed Work including, but not limited to, all federal, state, and local laws, statutes, standards, rules, regulations, and ordinances applicable to the Work relating to:

(1) The protection of the public health, welfare and environment;

(2) Storage, handling, or use of asbestos, PCB, lead, petroleum based products, radioactive material, or other hazardous materials;

(3) The generation, processing, treatment, storage, transport, disposal, destruction, or other management of asbestos, PCB, lead, petroleum, radioactive material, or hazardous waste materials or other waste materials of any kind; and

(4) The protection of environmentally sensitive areas such as wetlands and coastal areas.

6. Disposal

a. Contractor has the sole responsibility for determining current waste storage, handling, transportation, and disposal regulations for the job Site and for each waste disposal facility. Contractor must comply fully at its sole cost and expense with these regulations and any applicable law. District may, but is not obligated to, require submittals with this information for it to review consistent with the Contract Documents.

b. Contractor shall develop and implement a system acceptable to District to track hazardous waste from the Site to disposal, including appropriate "Hazardous Waste Manifests" on the EPA form, so that District may track the volume of waste it put in each landfill and receive from each landfill a certificate of receipt.

c. Contractor shall provide District with the name and address of each waste disposal facility prior to any disposal, and District shall have the express right to reject any proposed disposal facility. Contractor shall not use any disposal facility to which District has objected. Contractor shall document actual disposal or destruction of waste at a designated facility by completing a disposal certificate or certificate of destruction forwarding the original to the District.

7. Permits

a. Before performing any of the Work, and at such other times as may be required by applicable law, Contractor shall deliver all requisite notices and obtain the approval of all governmental and quasi-governmental authorities having jurisdiction over the Work. Contractor shall submit evidence satisfactory to District that it and any disposal facility:

1) have obtained all required permits, approvals, and the like in a timely manner both prior to commencement of the Work and thereafter as and when required by applicable law; and

2) are in compliance with all such permits, approvals and the regulations.

For example, before commencing any work in connection with the Work involving asbestos-containing materials, or PCBs, or other hazardous materials subject to regulation, Contractor agrees to provide the required notice of intent to renovate or demolish to the appropriate state or federal agency having jurisdiction, by certified mail, return receipt requested, or by some other method of transmittal for which a return receipt is obtained, and to send a copy of that notice to District. Contractor shall not conduct any Work involving asbestos-containing materials or PCBs unless Contractor has first confirmed that the appropriate agency having jurisdiction is in receipt of the required notification. All permits, licenses, and bonds that are required by governmental or quasi-governmental authorities, and all fees, deposits, tap fees, offsite easements, and asbestos and PCB disposal facilities expenses necessary for the prosecution of the Work, shall be procured and paid for by Contractor. Contractor shall give all notices and comply with the all applicable laws bearing on the conduct of the Work as drawn and specified. If Contractor observes or reasonably should have observed that Plans and Specifications and other Contract Documents are at variance therewith, it shall be responsible for promptly notifying District in writing of such fact. If Contractor performs any Work contrary to applicable laws, it shall bear all costs arising therefrom.

b. In the case of any permits or notices held in District's name or of necessity to be made in District's name, District shall cooperate with Contractor in securing the permit or giving the notice, but the Contractor shall prepare for District review and execution upon approval, all necessary applications, notices, and other materials.

8. Indemnification

To the fullest extent permitted by law, the indemnities and limitations of liability expressed throughout the Contract Documents apply with equal force and effect to any claims or liabilities imposed or existing by virtue of the removal, abatement, and disposal of hazardous waste. This includes, but is not limited to, liabilities connected to the selection and use of a waste disposal facility, a waste transporter, personal injury, property damage, loss of use of property, damage to the environment or natural resources, or "disposal" and "release" of materials associated with the Work (as defined in 42 U.S.C. § 9601 et seq.).

9. Termination

District shall have an absolute right to terminate for default immediately without notice and without an opportunity to cure should Contractor knowingly or recklessly commit a material breach of the terms of the Contract Documents, or any applicable law, on any matter involving the exposure of persons or property to hazardous waste. However, if the breach of contract exposing persons or property to hazardous waste is due solely to an ordinary, unintentional, and non-reckless failure to exercise reasonable care, then the procedures for termination for cause shall apply without modification.

HOW TO USE CMAS

State agencies must adhere to the requirements in the State Contracting Manual (SCM) Volume 2, Chapter 1600 and CMAS Ordering Instructions and Special Provisions when using CMAS.

- Develop an RFO, which includes a Scope of Work (SOW) and Bidder Declaration form. For information on the Bidder Declaration requirements see SCM, Volume 2, Sections 305 and 1202.
- Clearly defined Tasks (what needs to be done) and Deliverables (outcome of each task, i.e., reports, procedures manual, etc.) must be included in the State's SOW.
- A Work Order Authorization (WOA) may be used to document completion of pre-determined tasks, but only if the tasks are clearly defined in the SOW. The WOA may be used to approve release for the next phase of the agreement but cannot be used to identify any tasks other than the ones called out in the SOW. The WOA will be signed by all parties and may be submitted for progress payments under the award.
- Projects can be performed on a Fixed Price Per Deliverable (FP/D). Fixed Price; FP/D: A defined service, or set of services, performed by Contractor in response to a defined task, or set of tasks, at a specific fixed price, and delivered per a specific contract. Note: When using FP/D the Statement of Work must describe in detail the particular project and the work that the selected Qualified Contractor will be required to perform.
- For Consulting or Personal services, do not include any labor categories/job titles or number of hours limit in RFO Requirements or the SOW. The CMAS Contractor provides this information in their Attachment B Cost Worksheet. The State does not have the expertise to make this decision (GC 19130(b)).
- Search for potential CMAS contractors on the CMAS website and select "Find a CMAS Contractor."

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

- Request offers from a minimum of 3 CMAS contractors including one small business (SB) and/or Disabled Veteran Business Enterprise (DVBE), if available, who are authorized to sell the products and/or able to perform the services needed. (Government Code 14846(b)).
- A valid attempt must be made to secure offers from viable CMAS contractors who are able to supply the goods and/or provide the services. Neither a lack of sufficient CMAS contractors nor the use of restrictive requirements meets the intent for obtaining offers (SCM Volume 2, Section 1670.2).
- If requesting offers from a certified DVBE, include the Disabled Veteran Business Enterprise Declarations form (Standard 843) in the RFO. This declaration must be completed by the DVBE prime contractor and/or any DVBE subcontractors and submitted with the offer (SCM Volume 2, Section 1201).
- This is not a bid transaction, so the small business preference, DVBE incentives, protest language, intent to award, evaluation criteria, advertising, Administrative and Technical Requirements, etc. are not applicable. (SCM Volume 2, Section 1603).
- If less than 3 offers are received, State agencies must document their file with the reasons why the other suppliers did not respond with an offer. The reason must come from the CMAS contractor.
- Assess the offers received using best value criteria including cost as one of the criteria (SCM Volume 2, Section 1603).
- Issue a Purchase Order to the selected CMAS contractor.
- For CMAS transactions under \$10,000, only one offer is required if the State agency can establish and document that the price is fair and reasonable. The fair and reasonable method can only be used for non-customizable purchases. See SCM Volume 2, Section 1510 for Fair and Reason criteria.

Local agencies must follow their own procurement regulations. For more information see the [Local Agency packet](#) available online.

AGENCY RESPONSIBILITY

Each agency is responsible for its own contracting program and purchasing decisions, including use of the CMAS program and associated outcomes. This responsibility includes, but is not limited to, ensuring the necessity of the services, securing appropriate funding, complying with laws and policies, preparing the purchase order in a manner that safeguards the State's best interests, obtaining required approvals, and documenting compliance with GC 19130.b(3) for outsourcing services.

It is the responsibility of each agency to consult with their legal staff and contracting offices for advice depending upon the scope or complexity of the purchase order. If legal services are not available within your agency, DGS Office of Legal Services is available to provide services.

CONFLICT OF INTEREST

Agencies must evaluate the proposed purchase order to determine if there are any potential conflict of interest issues. See the CMAS Terms and Conditions, Conflict of Interest, for more information.

SPLITTING ORDERS

Splitting orders to avoid any monetary limitations is prohibited. Do not circumvent normal procurement methods by splitting purchases into a series of delegated purchase orders per PCC 10329. Splitting a project into small projects to avoid either fiscal or procedural controls is prohibited per State Administrative Manual (SAM) 4819.34.

This provision does not apply to local government agencies.

ORDERING PROCEDURES

1. Purchase Orders

All Ordering Agency purchase order documents executed under this CMAS must contain the applicable CMAS number as show on page 1.

a. State Departments:

Standard 65 Purchase Documents – State departments not transacting in FISCal must use the Purchasing Authority Purchase Order (Standard 65) for purchase execution. An electronic version of the Standard 65 is available at the Department of General Services (DGS), Procurement Division (PD) website, select Standard (STD) Forms.

FISCAL Purchase Documents – State departments transacting in FISCal will follow the FISCal procurement and contracting procedures.

b. Local Government Agencies:

Local government agencies may use their own purchase order document for purchase execution.

The agency is required to complete and distribute the purchase order. For services, the agency shall modify the information contained on the order to include the service period (start and end date), the monthly cost (or other intermittent cost), and any other information pertinent to the services. The cost for each line item must be included in the order, not just system totals.

The contractor must immediately reject purchase orders that are not accurate. Discrepancies are to be negotiated and incorporated into the purchase order prior to product delivery and service implementation.

2. Service and Delivery after CMAS Expiration

The purchase order must be issued before the CMAS expires. However, delivery of the products or completion of the services may be after the CMAS expires (unless otherwise specifically stated in the purchase order). Amending the purchase order to add quantity, time, or money is not possible if the CMAS expired.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

3. Multiple CMAS Agreements on a Single Purchase Order

State agencies wishing to include multiple CMAS agreements on a single FISCal purchase order must adhere to the following guidelines:

- All CMAS must be for the same CMAS contractor.
- The purchase order must go to one contractor location.
- Enter the word “CMAS” in the space reserved for the Leveraged Procurement Agreement (LPA) number. The word “CMAS” signifies that the purchase order contains items from multiple CMAS agreements. The purchasing agency may only use one bill code.
- For each individual CMAS, the agency must identify and group together the CMAS number with the line items and subtotal per CMAS number (do not include tax in the subtotal), and sequentially identify each individual CMAS as Sub #1, Sub #2, Sub #3, etc. This facilitates accurate billing of administrative fees by the Procurement Division.
- The total of all items on the purchase order must not exceed the State agency’s purchasing authority dollar threshold granted by DGS PAU.
- Do not combine items from IT and non-IT CMAS agreements. An Information Technology CMAS begins with the number “3” and a non-IT CMAS begins with the number “4.” The purchase order limits are different for these CMAS agreements.

4. Amendments to State Agency's Purchase Orders

Agency purchase orders cannot be amended if the CMAS has expired.

SCM, Volume 2, Section 1605 provides the following directions regarding amendments to all types of LPA purchase orders:

Original orders, which include options for changes (e.g., quantity or time), that were assessed and considered in the selection for award during the RFO process, may be amended consistent with the terms of the original order, provided that the original order allowed for amendments. If the original order did not evaluate options, then amendments are not allowed unless a Non-Competitively Bid is approved for those amendments.

Amendments unique to Non-IT Services:

If the original contract permitted amendments, but did not specify the changes, (e.g., quantity or time), it may be amended. Per PCC 10335 (d)(1), a contract may only be amended once under this exemption. The time shall not exceed one year, or add not more than 30 percent of the original order value and may not exceed \$250,000. If the original contract did not have language permitting amendments, the Non-Competitively Bid process must be followed.

CMAS CONTRACTOR OWNERSHIP INFORMATION

The CMAS contractor is a large business enterprise.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

SMALL BUSINESS MUST BE CONSIDERED

Prior to placing orders under the CMAS program, State agencies must first consider offers from small businesses that have established CMAS agreements (GC 14846(b)). NOTE: DGS auditors will request substantiation of compliance with this requirement when agency files are reviewed.

CMAS Small Business and Disabled Veteran Partners can be found on the CMAS website by selecting “Find a CMAS Contractor”.

In response to our commitment to increase participation by small businesses, the Department of General Services waives the administrative fee (charged to customer agencies to support the CMAS program) for orders to California certified small business enterprises.

SMALL BUSINESS/DVBE - TRACKING

State agencies are able to claim subcontracting dollars towards their SB or DVBE goals whenever the CMAS contractor subcontracts a commercially useful function to a certified SB or DVBE. The CMAS contractor will provide the ordering agency with the name of the SB or DVBE used and the dollar amount the ordering agency can apply towards its SB or DVBE goal.

SMALL BUSINESS/DVBE - SUBCONTRACTING

1. The amount an ordering agency can claim towards achieving its SB or DVBE goals is the dollar amount of the subcontract award made by the CMAS contractor to each SB or DVBE.
2. The CMAS contractor will provide an ordering agency with the following information at the time the order is quoted:
 - a. The CMAS contractor will state that, as the prime contractor, it shall be responsible for the overall execution of the fulfillment of the order.
 - b. The CMAS contractor will indicate to the ordering agency how the order meets the SB or DVBE goal, as follows:
 - i. List the name of each company that is certified by the Office of Small Business and DVBE Services that it intends to subcontract a commercially useful function to; and
 - ii. Include the SB or DVBE certification number of each company listed and attach a copy of each certification; and
 - iii. Indicate the dollar amount of each subcontract with a SB or DVBE that may be claimed by the ordering agency towards the SB or DVBE goal; and
 - iv. Indicate what commercially useful function the SB or DVBE subcontractor will be providing towards fulfillment of the order.
3. The ordering agency’s purchase order must be addressed to the prime contractor, and the purchase order must reference the information provided by the prime contractor as outlined above.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

CONTRACTORS ACTING AS FISCAL AGENTS ARE PROHIBITED

When a subcontractor ultimately provides all of the products or performs all of the services that a CMAS contractor has agreed to provide, and the prime contractor only handles the invoicing of expenditures, then the prime contractor's role becomes that of a fiscal agent because it is merely administrative in nature and does not provide a Commercially Useful Function. It is unacceptable to use fiscal agents in this manner because the agency is paying unnecessary administrative costs.

WITHHOLD LANGUAGE (SB588)

Upon delivery or completion of ordered goods or services for which the Contractor committed to DVBE subcontractor participation, state departments must require the Contractor to certify all the following:

1. The amount and percentage of work the Contractor committed to provide to one or more DVBEs under the requirements of the contract and the amount each DVBE received from the Contractor.
2. That all payments under the contract have been made to the DVBE. Upon request, the Contractor must provide proof of payment for the work.

In accordance with the Military and Veterans Code 999.7, state departments shall withhold \$10,000 from the final payment, or the full final payment if less than \$10,000, if the Contractor fails to meet the certification requirements identified above. State departments shall notify the Contractor of their failure to meet the certification requirements and give the Contractor an opportunity to comply with the certification requirements. If after 30 calendar days from the date of notice, the Contractor refuses to comply with the certification requirements, the state department shall permanently deduct \$10,000 from the final payment or the full payment if less than \$10,000.

PRODUCT SUBSTITUTIONS

Substitution of Deliverables may not be tendered without advance written consent of the Buyer. The Contractor must offer an equivalent or newer model of the product from the same manufacturer at the same or lower price. Contractor cannot use any specification in lieu of those contained in the Contract without written consent from the Buyer.

NEW EQUIPMENT REQUIRED

The State will procure new equipment. All equipment must be new (or warranted as newly manufactured) and the latest model in current production. Used, shopworn, demonstrator, prototype, or discontinued models are not acceptable.

Where Federal Energy Management Program (FEMP) standards are available, all State agencies shall purchase only those products that meet the recommended standards. All products displaying the Energy Star label meet the FEMP standards.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

SPECIAL MANUFACTURED GOODS

Any CMAS for goods to be manufactured by the CMAS contractor specifically for the State and not suitable for sale to others may require progress payments.

For a Non-IT goods CMAS, see the CMAS Non-IT Commodities Terms and Conditions, Provision 69, Progress Payments.

TRADE-IN EQUIPMENT

Trade-ins at open market price may be considered. The product description and trade-in allowance must be identified on the purchase order.

Agencies are required to adhere to SAM 3520 through 3520.6, Disposal of Personal Property and Surplus Personal Property, as applicable, when trade-ins are considered. A Property Survey Report, Standard 152, must be submitted for approval prior to disposition of any State owned personal property, including general office furniture regardless of the acquisition value, or if the property was recorded or capitalized for accounting purposes.

STATE AGENCY BUY RECYCLED CAMPAIGN

State ordering agencies are required to report purchases made within the eleven product categories in the California Department of Resources Recycling and Recovery's State Agency Buy Recycled Campaign per PCC 12200 through 12217.

Contractor will be required to complete and return a Recycled-Content Certification form upon request by the state ordering agency.

PRODUCT INSTALLATION

The CMAS contractor is fully responsible for all installation services performed under the CMAS. Product installations must be performed by manufacturer authorized personnel and meet manufacturer documented specifications.

The prime contractor, as well as any subcontractors, must hold any certifications and/or licenses required for the project.

PUBLIC WORKS (INSTALLATION SERVICES ONLY)

A public works contract is defined as an agreement for "the erection, construction, alteration, repair, or improvement of any public structure, building, road, or other public improvement of any kind" in accordance with PCC 1101. State agencies planning these types of projects need to review SCM, Volume 1, Chapters 10 and 11 for applicable guidelines and regulations. Visit the DGS, Real Estate Services Division (RESA) website if you have questions about public works transactions.

Local Agency CMAS purchase orders may allow for public works installation only when it is in support of the products covered by this CMAS.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

Agencies are to ensure that the applicable laws and codes pertaining to the contractor and subcontractor licensing, prevailing wage rates, bonding, labor code requirements, etc. are adhered to by the prime contractor as well as any subcontractor during performance under the CMAS purchase order.

The bond amount for public works is not less than 100% of the purchase order price.

NOTE: In accordance with Labor Code (LC) 1773.2, the ordering agency is responsible for determining the appropriate craft, classification or type of worker needed for any contract for public works. Also, the agency is to specify the applicable prevailing wage rates as determined by the Director of the Department of Industrial Relations (DIR). In lieu of specifying the prevailing wage rates, the agency may include a statement on the order that the prevailing wage rates are on file at the agency's office and will be made available upon request. The prevailing wage rates are available from DIR at www.dir.ca.gov (select Statistics & Research).

Bonds: For guidelines, see CMAS, General Terms and Conditions, Public Works Requirements.

State Contractor's License: Public works services can be obtained through CMAS only if incidental to the overall purchase order. If incidental public works services are included in the purchase order, prior to issuing the order agencies should visit the [State Contractor's License Board](#) website to verify that the Contractor's License shown below is still active and in good standing.

The CMAS contractor's California Contractor's License number is 1104309. This is a Class C-61 / D12 - Synthetic Products and C15 - Flooring and Floor Covering license that is valid through 05/31/2025.

NOT SPECIFICALLY PRICED ITEMS

The only time that open market/incidental, non-contract items may be included in a CMAS order is when they fall under the parameters of the Not Specifically Priced (NSP) Items provision.

CMAS contractors must be authorized providers of the hardware, software and/or services they offer under the NSP Items provision.

Agency and CMAS contractor use of the NSP provision is subject to the following requirements:

1. Purchase orders containing only NSP items are prohibited.
2. A purchase order containing NSP items may be issued only if it results in the lowest overall alternative to the State.
3. NSP items shall be clearly identified in the order. Any product or service already specifically priced and included in the base contract may not be identified as an NSP item.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

4. NSP Installation Services: The CMAS contractor is fully responsible for all installation services performed under the CMAS. Product installations must be performed by manufacturer authorized personnel and meet manufacturer documented specifications. The prime contractor, as well as any subcontractors, must hold any certifications and/or licenses required for the project. The total dollar value of all installation services included in the purchase order cannot exceed the dollar value of the products included in the purchase order, nor can they exceed the NSP Maximum Order Limitation.
5. Maximum Order Limitation: For orders \$250,000, or less, the total dollar value of all NSP items included in a purchase order shall not exceed \$5,000. For orders exceeding \$250,000, and at the option of the contractor, the total dollar value of all NSP items in a purchase order shall not exceed 5% of the total cost of the order or \$25,000 whichever is lower.
6. An NSP item included in an order issued against this CMAS is subject to all of the terms and conditions set forth in the CMAS.
7. Trade-ins, upgrades, involving the swapping of boards, are permissible, where the contract makes specific provisions for this action. In those instances, where it is permitted, the purchase order must include the replacement item and a notation that the purchase involves the swapping of a board.

The following NSP items **are specifically excluded** from any order issued under this CMAS:

1. Items not intended for use in direct support of the priced items included in the same order. An NSP item must be subordinate to the specifically priced item that it is supporting. For example, a cable, which is not otherwise specifically priced in the base contract, is subordinate to a specifically priced printer and is eligible to be an NSP item subject to that cable meeting the remaining NSP requirements. However, a printer that is not otherwise specifically priced in the base contract, is not subordinate to a specifically priced cable and is not eligible to be an NSP item.
2. Supply type items, except for the minimum amount necessary to provide initial support to the priced items included in the same order.
3. Items that do not meet the Productive Use Requirements for information technology products, per Statewide Information Management Manual Section 195.
4. Any other item or class of items specifically excluded from the scope of this CMAS.
5. Public Works and other services NOT in support of the products covered by this CMAS.
6. Products or services the CMAS contractor is NOT factory authorized or otherwise certified or trained to provide.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

7. Follow-on consultant services that were previously recommended or suggested by the same CMAS contractor.

The CMAS contractor is required to reject purchase orders containing NSP items that do not comply with the above requirements. The CMAS contractor will promptly notify the agency issuing the noncompliant order of its rejection and the reasons for its rejection.

STATE AND LOCAL GOVERNMENTS CAN USE CMAS

State and local government agency use of CMAS is optional. A local government is any city, county, city and county, district, or other local governmental body or corporation, including Universities of California, California State Universities, K-12 schools, and community colleges empowered to expend public funds. While the State makes this CMAS available, each local government agency should make its own determination whether the CMAS program is consistent with its procurement policies and regulations.

PCC 10298 allows any city, county, city and county, district, or other local governmental body or corporation empowered to expend public funds to contract with suppliers awarded CMAS without further competitive bidding. See complete [PCC 10298](#) language at the California Legislative Information website.

PCC 10299 allows any school district empowered to expend public funds to utilize CMAS without further competitive bidding. See complete [PCC 10299](#) language at the California Legislative Information website.

SELF-DELETING BASE CONTRACT TERMS AND CONDITIONS

Instructions or terms and conditions that appear in the Special Items or other provisions of the base contract and apply to the purchase, license, or rental (as applicable) of products or services by the US Government in the United States and/or to any overseas location shall be self-deleting. (Example: "Examinations of Records" provision).

Federal regulations and standards, such as Federal Acquisition Regulation, Federal Information Resources Management Regulation, Federal Information Processing Standards, General Services Administration Regulation, or Federal Installment Payment Agreement shall be self-deleting. Federal blanket orders and small order procedures are not applicable.

ORDER OF PRECEDENCE

The CMAS Terms and Conditions take precedence if there is a conflict between the terms and conditions of the contractor's base contract, packaging, invoices, catalogs, brochures, technical data sheets, or other documents (see CMAS Terms and Conditions, CONFLICT OF TERMS).

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

APPLICABLE CODES, POLICIES AND GUIDELINES

All California codes, policies, and guidelines are applicable. The use of CMAS does not relieve state agencies of their responsibility to meet statewide requirements regarding contracting or the procurement of goods or services. Most procurement and contract codes, policies, and guidelines are incorporated into CMAS agreements; however, there is no guarantee that every requirement that pertains to all State processes has been included.

PAYMENTS AND INVOICES

1. Payment Terms

Payment terms for this CMAS are net 45 days.

Payment will be made in accordance with the provisions of the California Prompt Payment Act, GC 927. Unless expressly exempted by statute, the Act requires State agencies to pay properly submitted, undisputed invoices not more than 45 days after (1) the date of acceptance of goods or performance of services; or (2) receipt of an undisputed invoice, whichever is later.

2. Payee Data Record (Standard 204)

State Agencies must obtain a copy of the Payee Data Record (Standard 204) in order to process payments. State Ordering Agencies must forward a copy of the Standard 204 to their accounting offices. Without the Standard 204, payment may be unnecessarily delayed. State Agencies should contact the CMAS contractor for copies of the Payee Data Record.

3. DGS Administrative and Incentive Fees

Orders from State Agencies:

DGS will bill each State agency directly an administrative fee for use of CMAS. The administrative fee should NOT be included in the order total or remitted before an invoice is received from DGS. This administrative fee is waived for CMAS purchase orders issued to California certified small businesses.

Orders from Local Government Agencies:

CMAS contractors, who are not California certified small businesses, are required to remit to DGS an incentive fee equal to a percentage of the total of all local government agency orders (excluding sales tax and shipping) placed against their CMAS.

The incentive fee is waived for CMAS purchase orders issued to California certified small businesses.

For more information on the incentive fees see the [CMAS Management Guide](#).

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

4. Contractor Invoices

Unless otherwise stipulated, the CMAS contractor must send their invoices to the agency address set forth in the purchase order. Invoices shall be submitted in triplicate and shall include the following:

- CMAS number
- Agency purchase order number
- Agency Bill Code (State Only)
- Line item number
- Unit price
- Extended line item price
- Invoice total

State sales tax and/or use tax shall be itemized separately and added to each invoice as applicable.

The company name on the CMAS, purchase order and invoice must match, or the State Controller's Office will not approve payment.

5. Advance Payments

Advance payment is allowed for services only under limited, narrowly defined circumstances, i.e., between specific departments and certain types of non-profit organizations, or when paying another government agency (GC 11256 through 11263 and 11019).

It is NOT acceptable to pay in advance, except software maintenance and license fees, which are considered a subscription and may be paid in advance if a provision addressing payment in advance is included in the purchase order.

Software warranty upgrades and extensions may also be paid for in advance, one time.

6. Credit Card

The CMAS contractor does not accept the State of California credit card (VISA CAL-Card).

7. Leasing/Financing

California State Agencies should use the Golden State Financial Marketplace (GS SMarT) program for all financing and leasing needs. California Local Government Agencies (counties, cities, K-12 school districts, community colleges, California State Universities, Universities of California, etc.) may utilize the GS SMarT program for financing and leasing according to PCC 14937. The minimum dollar amount for Local Government Agency financing and leasing is \$100,000.

**CALIFORNIA MULTIPLE AWARD SCHEDULE (CMAS)
SHAW INTEGRATED AND TURF SOLUTIONS, INC.
CMAS NUMBER 4-22-07-1024, SUPPLEMENT NUMBER 3**

8. Leasing

The State reserves the right to select the form of payment for all procurements, whether it is an outright purchase with payment rendered directly by the State, or a financing/lease-purchase or operating lease via the State Financial Marketplace (GS SMarT and/or Lease SMarT). If payment is via the financial marketplace, the CMAS contractor will invoice the State and the State will approve the invoice. The selected Lender/Lessor for all product listed on the State's procurement document will pay the supplier on behalf of the State. Buyers may contact the GS SMarT Unit via e-mail at SFM@dgs.ca.gov for further information.

9. Maintenance Tax

The California Department of Tax and Fee Administration has ruled that in accordance with Section 1546 of the Sales and Use Tax Regulations of the Business Taxes Law Guide, whenever optional maintenance contracts include consumable supplies, such supplies are subject to sales tax.

Generally, the State has two options:

1. For agreements that provide for only maintenance services (i.e., the furnishing of labor and parts necessary to maintain equipment), the charges for the provision of maintenance services are not taxable.
2. For agreements that provide for both maintenance services and consumable supply items (e.g., toner, developer, staples), the provision of the consumable supplies is considered a taxable sale of tangible personal property. Therefore, State agencies awarding optional maintenance contracts are responsible for paying the applicable sales tax on the consumable supplies used during the performance period of the maintenance contract.

The Contractor will be required to itemize the taxable consumables for State accounting purposes.

OBTAINING COPY OF CMAS

A copy of this CMAS can be obtained at [Cal eProcure](#). Links to the CMAS terms and conditions and base contract are available on the front page of this CMAS agreement.

It is important for the agency to confirm that the required products, services, and prices are included in the CMAS and are at or below base contract rates. To streamline verification that the needed items are in the base contract, the agencies should ask the CMAS contractor to identify the specific location in the base contract that include the required products, services, and prices. Once verified, agencies should save the information for their file documentation.

FEDERAL DEBARMENT

When federal funds are expended, the agency is required to obtain (retain in file) a signed "Federal Debarment" certification from the CMAS contractor before the purchase order is issued. This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, 29 CFR Part 98, Section 98.510, Participants; responsibilities. The regulations were published as Part VII of the May 26, 1988 Federal Register (pages 19160-19211).

PERFORMANCE BOND

WHEREAS, the Board of Education of the Oakland Unified School District ("District"), at its meeting on [Insert Date], has awarded to Shaw Integrated and Turf Solutions, Inc. ("Principal"), the Contract for performance of the following project ("Project"): McClymonds High Site Turf Field Replacement Project.

WHEREAS, the Principal is required under the terms of the Contract to furnish a bond to the District as obligee ensuring its full and faithful performance of the Contract Documents, which are fully incorporated herein by this reference,

NOW, THEREFORE, we, the Principal and Berkshire Hathaway Specialty Insurance Company as Surety, hereby guarantee the Principal's full, faithful and complete performance of the Contract Document requirements in the penal sum of One million fourteen thousand seven hundred fifty seven and 00/100 dollars (\$ 1,014,757.00) for the payment of which sum will and truly be made; we bind ourselves, our heirs, executors, administrators and successors, jointly, severally, and firmly by this agreement to perform or have performed all of the work and activities required to complete the Project pursuant to the Contract Documents and to pay to the District all damages the District incurs as a result of the Principal's failure to fully perform in accordance with the Contract Documents.

The condition of the obligation is such that if the Principal, its heirs, executors, administrators, successors or assigns shall in all things abide by, and well and truly keep and perform the covenants, conditions and agreements in the Contract Documents and any amendment thereof made as therein provided, on its or their parts to be kept and performed at the time and in the manner therein specified, and in all respects according to their true intent and meaning, and shall insure, indemnify, defend, and hold harmless the District, its Board, officers, employees, agents, and assigns, as therein stipulated, then this obligation shall become null and void. Otherwise, it shall be and remain in full force and effect.

The Surety, for value received, hereby stipulates and agrees that no change, extension of time, alteration or addition to the Contract Documents shall in any way affect its obligations on this bond and it does hereby waive notice of any such change, extension of time, alteration or addition.

In the event of the District's termination of the Contract due to the Principal's breach or default of the Contract Documents, within twenty (20) days after written notice from the District to the Surety of the Principal's breach or default of the Contract Documents and District's termination of the Contract, the Surety shall notify District in writing of Surety's assumption of obligations hereunder by its election to either remedy the default or breach of the Principal or to take charge of the work of the Contract Documents and complete the work at its own expense ("Notice of Election"); provided, however, that the procedure by which the Surety undertakes to discharge its obligations under this Bond shall be subject to the advance written approval of the District, which approval shall not be unreasonably withheld, limited or restricted. The insolvency of the Principal or the Principal's mere denial of a failure of performance or default under the Contract Documents shall not by itself, without the Surety's prompt, diligent inquiry and investigation of such denial, be justification for Surety's failure to give the Notice of Election or for its failure to promptly remedy the failure of performance or default of the Principal or to complete the work.

In the event the Surety fails to issue its Notice of Election to District within the time specified herein, the District may take all such action or actions necessary to cure or remedy the Principal's failure of

performance or default or to complete the work. The Principal and the Surety shall be each jointly and severally liable to the District for all damages and costs sustained by the District as a result of the Principal's failure of performance under the Contract Documents or default in its performance of obligations thereunder, including, without limitation, the costs of cure or completion exceeding the then remaining balance of the Contract Price; provided that the Surety's liability hereunder for the costs of performance, damages and other costs sustained by the District upon the Principal's failure of performance under or default under the Contract Documents shall be limited to the penal sum hereof, which shall be deemed to include the costs or value of any Changes of any work which increases the Contract Price.

Principal and Surety further agree to pay all costs incurred by the District in connection with enforcement of this bond, including, but not limited to all of the District's attorney's fees, costs and expenses incurred, with or without suit, in addition to any other sum required by this bond. Surety further agrees that death, dissolution, or bankruptcy of the Principal shall not relieve the Surety of its obligations hereunder.

[Remainder of page intentionally left blank]

In witness whereof, two (2) identical counterparts of this instrument, each of which shall for all purposes be deemed an original thereof, have been duly executed by the Principal and Surety on the 28th day of May, 2025.

THE CONDITION OF THIS OBLIGATION IS SUCH that if the Contractor/Principal, his/her or its heirs, executors, administrators, successors, or assigns, or a Subcontractor, shall fail to pay any person or persons named in Civil Code section 9100 or fail to pay for any materials or other supplies used in, upon, for, or about the performance of the work contracted to be done, or for any work or labor thereon of any kind, or for amounts due under the Unemployment Insurance Code with respect to work or labor thereon of any kind, or shall fail to deduct, withhold, and pay over to the Employment Development Department any amounts required to be deducted, withheld, and paid over by Unemployment Insurance Code section 13020 with respect to work and labor thereon of any kind, then said Surety will pay for the same, in or to an amount not exceeding the amount set forth above, and in case suit is brought upon this bond Surety will also pay such reasonable attorney's fees as shall be fixed by the court, awarded and taxed as provided in California Civil Code section 9550, et seq.
