Why were you unable to expand all your Measure H funds in the 2024-2025 school year?		Most of this came from 2024-2024 Measure H carryover. We had budgeted for transportation college/career visits and we did not follow through with the planning due to capacity at the end of the year. Also, there was the plan of professional development for the Administrative team but their calendars could not line up this past summer. In addition, the Linked Learning Alliance conference was moved from the Spring to the Fall, which we planned on attending and presenting at as a large Fremont contingency.
