Material Revision Petition for Change in Location

Community Questionnaire

Background and Context for the Material Revision Petition

The Francophone Charter School of Oakland (FCSO) is committed to providing high-quality, free, bilingual education to the Oakland community. Unifying our two existing campuses into a single school site has long been a shared goal for families, staff, school leadership, and the Board.

In September 2023, in response to challenges in Enrollment, Facilities Constraints and Teacher Credentialing fines, the Board and school leadership engaged in a deeper, more collaborative planning effort. Multiple multilingual meetings, surveys, listening sessions, and strategic workgroups engaged families, staff, and community partners in shaping a long-term vision for the school.

By Spring 2024, the Board presented a multi-year Strategic Plan designed to guide the school's growth, stabilize enrollment, strengthen instructional quality, and ensure long-term financial sustainability. The plan reflects the collective priorities of families, staff, and community partners. It preserves the school's bilingual mission, maintains the TK–8 model, and provides a structured, data-driven roadmap for improvement. Securing a unified campus is a central component of those goals.

Aligned with the Strategic plan, moving to a single campus is a crucial step toward ensuring financial sustainability. Our current facilities cannot support the enrollment levels necessary for operational break-even, and the leases for our two sites end on different timelines. Moreover, the charter renewal in two years requires that we have full-term leases in place. This created a short window to secure an affordable, sustainable, future-focused solution for the school.

The new campus is located within our authorized boundaries, ensuring compliance with our charter terms and state requirements.

Progress to Date

The school is now in Year 2 of implementation, and significant progress has already been achieved, including:

- Strengthened High interest in Francophone in the Oakland community
- Improved student retention for Middle School in SY-2026
- Increase overall Student Attendance
- Reached a 100% of appropriately assigned teachers
- Increased diversity
- Increased enrollment in the After Care Program: Serving 240 families, 20% more families than last year, 60% FRPM

Alignment of New Facility with the 24-28 Strategic Plan

Securing a new school facility is a core component of Francophone Charter School of Oakland's long-term Strategic Plan and directly supports the school's goals for academic excellence, operational sustainability, and a unified, positive school culture. Through extensive planning, community consultation, and a comprehensive site search conducted by the Board's Facilities Committee, the school identified a facility that will enable FCSO to meet its charter objectives, support projected enrollment growth, and deliver the high-quality dual-language program envisioned by families and stakeholders since the school's founding.

The new facility will allow FCSO to transition from operating across two separate campuses to a single, cohesive K–8 site. This shift is a critical step toward improving instructional coherence, stabilizing program delivery, and ensuring long-term financial sustainability—all of which were identified as key priorities in the Strategic Plan adopted in Spring 2024.

Dedicated instructional Spaces that Strengthen Teaching and Learning

The new site provides sufficient square footage for teachers to have dedicated prep areas, improving instructional planning time, collaboration, and materials management. The school will also be able to establish a centralized resource room where essential instructional materials—such as classroom lending libraries, FOSS science kits, manipulatives, and multilingual literacy resources—are stored, maintained, and made accessible to all educators.

These improvements will directly support the Strategic Plan's Academic Excellence pillar by:

- Facilitating high-quality lesson preparation aligned to immersion best practices
- Allowing for easier access to academic materials and shared curriculum resources
- Creating more opportunities for grade-level and vertical teacher collaboration
- Increasing space for Before and After Care School services
- Increasing space for extracurricular activities

Unified campus to strengthen school culture and relationships

A single, unified K–8 campus will allow FCSO to operate as one school community, rather than two geographically separated programs. This directly advances the Strategic Plan's goals for developing a strong, shared school culture.

Benefits include:

- Stronger relationships between staff and students across grade levels
- Improved safety and supervision, eliminating the complexities of split-site operations
- Increased family engagement, especially for caregivers with more than one child enrolled
- Consistent implementation of schoolwide expectations, routines, and culture systems

The unified campus model also enables the school to implement cross-grade mentoring, peer language development opportunities, and shared cultural celebrations—central elements of a thriving dual-language and Francophone learning environment.

Operational efficiencies that support instruction

Operating a single facility reduces travel time, duplicated services, and scheduling constraints for teachers and administrators. These efficiencies allow leaders to focus on instructional coaching, curriculum development, and enrichment offerings, reinforcing the Strategic Plan’s emphasis on instructional quality and professional development.

Additional Space to Expand Before and After Care Program, Extracurricular Activities and Enrichment

Before and After Care Enrollment

Robotics, High Interest Activity

- 1. Previous Community Engagement-
 - 1.1 Engaging Families Throughout the Process

In response to the Strategic Plan, the school community made a deliberate commitment to strengthening communication and deepening engagement with families. A major component of this work centered on transparent, sustained outreach related to facilities planning, enrollment stability, and long-term strategic direction.

To ensure that families were consistently informed and meaningfully included in decision-making, the Board took several key steps:

Reactivation of the Facilities Committee with Board Leadership

The Board formally re-opened the Facilities Committee, appointing a Board member to lead the work and recruiting families, staff, and community representatives to participate. This ensured that families had a formal avenue to influence facilities decisions early and consistently. Family members were invited through multilingual notices, email outreach, personal invitations, and community meetings, ensuring diverse representation within the committee.

Ongoing, Multilingual Stakeholder Engagement

Throughout the entire outreach process, the school ensured that families have repeated opportunities to ask questions, provide feedback, and shape next steps. Engagement strategies include:

- Multilingual town halls (in English, French, and additional languages as needed)
- Family Q&A sessions focused on facilities and enrollment
- Listening sessions held both in-person and virtually
- Surveys administered in multiple languages to gather broad input
- Direct outreach by school leaders and board members to family groups and community leaders
- Regular updates during Board meetings, which families were encouraged to attend
- Distribution of flyers, slide presentations, meeting summaries, and FAQs to ensure clarity and accessibility
- Outreach to families is intentionally integrated with engagement across multiple stakeholder groups to ensure transparency and alignment. This includes ongoing collaboration and communication.

School Tours for families in the Community

To increase the accessibility of the Fruitvale Community and community members looking for free dual immersion school, Informational Meetings are advertised in different ways: fliers distributed at different community events in Oakland, postings at playgrounds, website and other social media postings.

Our informational Meetings and School Tours are scheduled for the following dates:

- October 28th
- November 18th
- December 2nd

- December 16th
- January 13th
- January 27th
- February 10th
- February 24th
- March 10th
- March 24th
- April 21st

Enrollment and Community Events open to the public are scheduled as follows:

12/18/25: Fruitvale Farmers Market
1/15/26: Kidango Castlemont Headstart
1/31/26: School Choice Fair
2/1/26: Lunar Year Celebration
2/23/26: Black Joy Fest
6/1/26: Oakland Lake Fest
9/12/26: Neighborhood Empowerment Day

Schedule for FCSO parent interactions

11/10/25: Governance committee meeting; charter renewal meeting
11/12/25: Town Hall: Agenda about facilities
11/12/25: Mom's night out
11/13/25: Coffee with parents
11/13/25: Dad's club
11/17/25: State of School in person
11/20/25: Finance meeting
11/20/25: Board meeting
11/20/25: Coffee with parents
11/21/25: Cafecito

Outcomes of Family Engagement

SCHOOL FACILITIES: We are starting to think about possible opportunities to have 1 campus for all grades in the future and would appreciate your input. Please rank the following in order of priority for your family. 1 being the most important and 4 the least important.

[Copy chart](#)

Centrally located: Easily accessible by freeways, public transportation, and bike lanes

63 responses

Amenities: playground, library, gymnasium, auditorium, sports field

[Copy chart](#)

62 responses

Maintain existing level of before and aftercare services

 Copy chart

61 responses

Through this extensive and ongoing outreach, families played an active role in shaping the school's facilities planning and long-term vision. Family perspectives directly influenced:

- The evaluation of potential sites
- The decision to vacate Lawlor
- The prioritization of safety, accessibility, and location in site selection
- The broader strategic planning process now in place

This high-touch, multilingual, consistent communication helped maintain family trust and ensured that major decisions were grounded in community priorities.

In addition, we have invited external stakeholders to visit our campus and share with us opportunities to reach the broader community in Fruitvale.

1.2 Existing Public Schools

Visit to Fruitvale HeadStart Program

Date and Time: December 17, 2025, at 3:30 PM

Location: Fruitvale Head Start Program

On December 17, 2025, we visited the Fruitvale Head Start Program to meet with families and share information about our school. Approximately ten families participated in the meeting, with six attending in person and four joining online.

During the visit, the leadership team presented a slide presentation that provided an overview of our school, including our academic model and community values. The presentation also included detailed information about the enrollment process, with a specific focus on the Oakland Enrolls lottery system and how families can apply.

Families received the information with enthusiasm and actively engaged by asking thoughtful questions. The following topics were addressed:

- **Language Requirements:** Families asked whether students need prior knowledge of French to enroll. The team clarified that no previous knowledge of French is required for students entering the lower grades.
- **Family Support for Students:** In response to questions about how parents can support their children, the team explained that the school offers online evening French classes for parents. Additionally, the school provides app licenses for students to practice French at home and lends French-language books to families.
- **Academic Support:** Families inquired about support for students who may struggle academically. The team shared that the school provides small-group academic support, English classes for all students as part of the Dual Immersion Model, a small student-to-teacher ratio, targeted support for English Learners, and full-time paraprofessionals in all lower school classrooms.
- **Meals:** Families asked whether French lunches are offered. While French meals are not available, the school provides free breakfast and lunch to all students.
- **Special Education Services:** Families asked about accommodations for students with autism. The leadership team explained that the school has a robust Special Education team and ensures that all students receive the services they need to fully access the academic program.

The visit concluded with an invitation to all families to apply, with special encouragement extended to families from Oakland and particularly the Fruitvale community. The meeting was a positive and productive opportunity to connect with families and share information about the school and its inclusive, supportive educational environment.

1.3 Neighborhood Councils and Other Community-Based Organizations

Unity Council

We are partnering with The Unity Council and visiting different enrollment events together. In addition, we are seeking partnership to communicate directly with their families in different programs.

Families in Action

We have joined the Families in Action to seek guidance on how to involve a larger community and how to make enrollment visible in the Oakland Community. They are joining the State of the School meeting on February 24th to present information regarding OUSD Board of Directors and City Officers elections and how they can actively participate.

12/17/25: 3:00 PM FCSO Enrollment Presentation for families in Fruitvale Head Start

12/18/25: FCSO participation in Oakland Farmers Market distributing fliers in the community See Exhibit 1.

1/31/26: Attending School Choice Fair with Families in Action

2/1/26: Attending Lunar New Year event with FIA

2/23/26: Attending Black Joy Fest with FIA

1.5 OUSD Board of Education members and Other Elected Representatives

We have invited all OUSD Board Directors to visit our school and/or partner with us for ideas on how the change in location can benefit the Oakland community. We are happy to report that Director Patrice Berry will visit our school on January 15, 2026.

Also, we have extended invitations to visit our campuses and partner with us to elected council members and will continue to do so. We will seek their guidance and keep in mind their recommendations for future school decisions.

1.6 Means of Communication

- In person School Tours and Informational Meetings
- Multilingual flyers
- Email communications
- Community newsletters
- Social media
- Website announcements
- Virtual meeting platforms
- School bulletins
- Cafecitos

- Tea and Coffee with Parents

1.7 No Significant Impact in Enrollment is Anticipated for other Schools in the Area

We do not foresee a substantial impact on enrollment at other schools in the area for the following reasons. First, our school is already located in the Fruitvale community, a location that was formally approved through a Material Revision in 2020. As such, our presence in the neighborhood is not new, and the proposed change does not introduce an additional school or expand into a new geographic area.

Second, the new location is immediately adjacent to our current lower school campus. Many of our families already reside within the surrounding community and currently attend our school, meaning the relocation does not significantly alter existing enrollment patterns or draw students away from nearby schools.

Finally, there are no other free French dual immersion programs in the area. Our enrollment is driven by families specifically seeking a dual immersion educational model and opportunities for second or third language acquisition. This specialized program serves a distinct educational interest that is not otherwise available locally, further limiting any potential impact on enrollment at neighboring schools.

The following exhibits exemplify the outreach efforts of our community:

EXHIBIT 1 - 24-28 FCSO Strategic Plan Slide Deck

EXHIBIT 2 - 11/10/25 Townhall Virtual Presentation - Attended by 82 families

EXHIBIT 3 - SY-26-27 Enrollment Flier

EXHIBIT 4 - SY-25-26 Fall Quarterly Newsletter

EXHIBIT 5 - 12/17/25 Headstart Slide Deck

EXHIBIT 6 - Cafecito- Presentación

EXHIBIT 7 - Community Event, Winter Market Flier distributed in the Fruitvale area

CONFIDENTIAL - IN A SEPARATE DOCUMENT

EXHIBIT 8 - Signing sheet Headstart presentation

EXHIBIT 9 - Signing Sheets Informational Meetings and School Tours for SY26-27

EXHIBIT 10 - Cafecitos - Hojas de firmas y contactos

2. Enrollment

2.1 Enrollment Trends in the Target Community

Enrollment has increased the past 7 years and we continue to have high demand demonstrating that there is a need and interest in the community to offer students a second and third language in their education. But our existing facilities cannot accommodate these families. A seven-year positive enrollment trend demonstrates that the community in Oakland and surrounding areas are interested in educating their children at FCSO. In 2019, the OUSD Board approved for an enrollment of 520 students

CDE Dashboard

2.2. Demographic trends: Francophone Serves a diverse Community

Free and Reduced-Price Meals

Francophone Charter School of Oakland

CDS Code 01-61259-0132514

Demand is high, with FCSO already receiving ~70% of the applications in December as we did for the full prior school year. But our current facilities cannot accommodate additional students.

**SY25-26:
133 Applications
In Total**

**SY26-27:
~90 Applications
by Dec 03, 2025**

Alignment With Proposed Changes

2.3 School's Enrollment Capacity on New Location and Equitable Access

We already exist in the Fruitvale area of Oakland, the new campus is adjacent to our Lower School. Our enrollment trend indicates that most families are interested in joining the Lower Grades, so we are prepared to increase our capacity by expanding the classes in the Lower Grades. We are also reaching out to Head Start Programs and other non-profit and private Pre-Schools so that parents are aware of a free- Second language Immersion Program. In addition, we are increasing the after Care Services for our families and offer free extended day programs to 100% of families that qualify for Free and Reduced meals.

Submitted Applications by Grade

Rank

2.2 Enrollment Plan and Long-Term Sustainability

The new facility offers capacity for Full Charter Enrollment

- Space to add an additional Kindergarten class, and an additional class thereafter
- Middle school grows to charter-authorized capacity
- Balanced class sizes across all grades

Community Continuity

- Campus adjacent to current Lower Campus
- Maintains accessibility and preserves local ties
- Supports diverse student population and family engagement

Facility sized to meet charter-approved enrollment (up to ~520 students)

The new facility is large enough to support enrollment growth up to the school's charter-approved capacity of approximately 520 students. This enables the school to:

- Add an additional Kindergarten class, strengthening the TK–K entry point
- Grow the middle school to its intended size and programmatic depth
- Maintain balanced class sizes in all grades
- Better serve families who seek a continuous K–8 dual-language pathway

This growth capacity is essential to the Strategic Plan's financial sustainability pillar, which identified enrollment stabilization and program expansion as key levers for long-term viability.

Continued service to our current community

The identified facility is located in a neighborhood adjacent to the existing Lower Campus, ensuring continuity for families and maintaining strong ties to the surrounding community. Staying within this geographic area:

- Supports the families who advocated for the school's founding and evolution
- Preserves accessibility for current students
- Helps maintain the school's core demographic and linguistic diversity
- Aligns with community feedback urging the school to remain within central Oakland

Enrollment stability supports academic and cultural coherence

A site that accommodates full enrollment also reduces annual volatility, allowing the school to build robust multi-year scheduling, preserve staff stability, and offer a consistent program of enrichment, language pathways, and middle school offerings.

Enrollment Trend for Middle School				
GRADE	2022-23 (as of CBEDS Census Day)	2023-24 (as of CBEDS Census Day)	2024-25	25-26 (As of 11/25)
TK	20	24	21	60
K	51	55	50	44
1	69	44	54	53
2	43	58	42	50
3	51	42	52	40
4	30	42	38	52
5	24	26	36	34
6	23	10	13	19
7	15	18	8	12
8	13	12	10	5
	339	331	324	369

The new single campus hosts all students and allows for enrollment growth that benefits the continuity of students education and fosters a strong school community.

3. Existing Services, Programs, and Academic Offerings

How Our Program Would not Duplicate Existing Public School Services

Francophone is the ONLY Public French Dual Immersion School in the Bay Area and therefore, our program does not duplicate any existing offering as a public school in Oakland. In addition, we are one of the existing schools in Fruitvale and are moving to a location just a few blocks away.

French Dual Immersion is a research-backed instructional model that strengthens academic achievement, supports English Learners, builds cognitive capacity, and promotes cultural and linguistic competence. Embedding a French Dual Immersion program in a public school ensures equitable access to bilingualism and prepares students for a global, multilingual future. The evidence overwhelmingly confirms that dual immersion provides measurable, long-term benefits for students, families, and the broader school community.

Making French Dual Immersion available in a public school expands opportunities that are often inaccessible to low-income families:

- Dual immersion programs support socioeconomic integration and reduce opportunity gaps (Valentino & Reardon, 2015).
- Public bilingual education increases access to high-quality language programs historically limited to private institutions (Callahan & Gándara, 2014).
- A public French immersion program advances equity and democratizes access to bilingualism.

Since our Program specializes in French, most of our enrollment begins at the lower levels, therefore, we have planned a presentation at the Fruitvale Head Start on January 17th to present families with the opportunity to apply and enroll at Francophone.

Advantages of a French Dual Immersion in a Public School

The Francophone French immersion model is well aligned with academic priorities, promotes high achievement, and supports strong longitudinal performance for all student groups. A French Dual Immersion (FDI) program provides powerful academic, cognitive, cultural, and long-term economic benefits for students. Extensive research in dual language education demonstrates that immersion programs consistently outperform monolingual models, particularly for multilingual learners. When delivered in a public school context, these benefits become accessible to all families, advancing educational equity and strengthening community engagement.

3.1 Dual immersion programs are among the most effective instructional models for delivering strong academic outcomes.

- Longitudinal studies demonstrate that students in dual immersion programs meet or exceed English-only peers on standardized measures by upper elementary and middle school (Thomas & Collier, 2017).
- Learning academic content in two languages supports deeper conceptual understanding in mathematics, science, and literacy (Genesee, 2006).

3.2. The French immersion model prepares students for 21st-century workforce demands, advanced language coursework, and pathways to the Seal of Biliteracy

Bilingualism and biliteracy expand academic, cognitive, and professional opportunities in ways that English-only programs cannot. French Dual Immersion programs intentionally cultivate full proficiency in speaking, listening, reading, and writing in both English and French. This is one of the most consistently validated outcomes in immersion research.

- Dual immersion is one of the most effective ways for students to develop academic-level proficiency in two languages (Lindholm-Leary, 2011).
- Students develop high levels of biliteracy without sacrificing English performance (Howard et al., 2003).

3.3 Cognitive and Neurological Benefits

French Dual Immersion strengthens core competencies needed for rigorous academic programs, STEM pathways, and critical thinking expectations. These benefits contribute to stronger academic performance and increased readiness for complex learning tasks. Bilingual learning has well-documented cognitive advantages:

- Enhanced executive functioning, including attention control and problem-solving (Bialystok, 2011).
- Improved cognitive flexibility, creativity, and metalinguistic awareness (Kovács & Mehler, 2009).
- Stronger working memory and reasoning skills (Morales, Calvo & Bialystok, 2013).

3.4 Cultural Competence and Global Citizenship

French is a global language used across Europe, Africa, the Caribbean, North America, and numerous international institutions. A French immersion program strengthens global competence, aligns with international education standards, and prepares students for multicultural participation. A French dual immersion environment introduces students to the breadth of Francophone cultures.

- Bilingual programs increase cultural empathy, cross-cultural communication skills, and global awareness (Coyle, Hood & Marsh, 2010).
- Students learn to navigate multicultural environments—an essential skill in a globalized economy (García & Kleifgen, 2018).
- CHART

3.5 Proven Positive Outcomes for English Learners and Newcomers

French Dual Immersion supports equitable academic outcomes and meets the needs of diverse multilingual learners by promoting full linguistic and academic access. Dual immersion is one of the most effective models for supporting the long-term academic success of English Learners (ELs).

- ELs in dual immersion outperform ELs in English-only programs in English reading and overall achievement (Thomas & Collier, 2017).
- ELs experience faster long-term English proficiency growth and higher reclassification rates (Umansky & Reardon, 2014).

- Bilingual programs support identity development and academic confidence for multilingual students (Cummins, 2000).

3.6 College, Career, and Economic Advantages

Students gain competitive advantages for college admissions, global careers, and international fields. French is one of the world's most economically and diplomatically influential languages.

- Bilingual individuals enjoy long-term earning advantages and expanded global job opportunities (Agirdag, 2014).
- French is a working language of the UN, EU, AU, WHO, OECD, NATO, and international business sectors.
- Bilingualism is associated with stronger academic persistence and higher education attainment (American Councils, 2019).

3.7 Strong Family and Community Engagement

Dual immersion programs foster deep, sustained family engagement.

- DL programs improve parent–school partnerships and foster more collaborative school communities (Lindholm-Leary, 2012).
- Families engage in multilingual events, cultural celebrations, and bilingual communication practices that strengthen school climate (Cloud, Genesee & Hamayan, 2000).
- FDI supports strong school–family relationships, contributing to enrollment stability and student success.

4. Academic Performance

Francophone serves a diverse community that reflects Oakland and our dual language model supports high academic standards. Based on publicly available data, Francophone Charter School of Oakland is achieving notable academic success, outperforming local district averages and ranking favorably statewide. This provides a strong foundation for the school's case that its dual-language/immersion model is compatible with — and indeed supports — high academic standards.

- According to one public school–review site, FCSO is ranked in the top 20% of public schools in California for overall test scores. ([Public School Review](#))
- That same source reports Math proficiency of 45–49% (state average ~34%) and Reading (ELA) proficiency of 70–74% (state average ~47%). ([Public School Review](#))
- The school's student–instructional staff ratio is approximately 6.5, which is more favorable than some public school averages.

4.1 Strengths

- FCSO demonstrates **strong academic performance relative to district and statewide averages**, especially in reading/ELA and mathematics, indicating that its dual-language or immersion program is not hindering — and may be supporting — academic achievement.
- The school's favorable student–teacher ratio and reported diversity suggest a conducive learning environment and potential for individualized attention and support.
- Broad public rankings and reputation further support that FCSO is recognized as a high-performing option among California public K–8 schools.

Academic Performance Black and African American Students

Some of the large academic proven gains for Francophone students are:

- Obtained Label FrancEducation Re-accreditation
- Obtained High Academic Performance in SBAC and MAP
- Increased to 100% Appropriate Teacher Assignments
- Obtained 99% rating on School Climate from families
- Increased Positive School Enrollment Trend in the past 2 years

4.2 Francophone Outperforms other Oakland Schools with Similar Student Demographics

SBAC scores show we are delivering strong academic results compared to similar schools. We have worked hard to keep improving our performance. The 2025 Assessments showed an SBAC +2% in Math; MAP: +4% in Reading, ELPAC, +13.6% ELs making progress in at least 1 ELPI level.

4.3 Meeting the Needs of Specific Student Groups

FCSO is a local educational agency (LEA) and is a part of the El Dorado County Charter SELPA, which provides us with access to fantastic resources, support, and compliance guidance necessary to meet the needs of students with disabilities.

FCSO identifies students who qualify for special education in a variety of ways. We have a robust Student Support Team which utilizes Multi-Tiered Systems of Support to provide academic, behavioral, and social-emotional support in the least restrictive environment and/or refers students to the Special Education team for eligibility evaluation. We use the Multitudes universal screening tool to help identify learning challenges, including dyslexia, in young readers. Parents, teachers, and staff can also refer to the Student Support Team. Eligibility Evaluations may include cognitive, academic, speech/language, occupational therapy, educationally-related mental health, specialized vision, or other testing to address specific concerns around student need. We follow timeline and parent involvement guidance to strive for best practices in this process.

In compliance with IDEA, Individual Education Plans are created for students who meet eligibility requirements under a qualifying disability classification together with a need for support/services to make academic progress. The Special Education team uses the data from evaluation reports, present levels, and family input to determine areas of need; the team creates annual SMART goals accordingly. Special education services and classroom support are designed to help students make meaningful progress on those goals.

We honor the least restrictive environment and make every effort to meet students' needs in the inclusive classroom setting, with enough support to make learning accessible. Typically, services are provided as a combination of push-in and pull-out services. We work to remediate foundational gaps while also providing students with strategies to make gains in grade-level instruction. Related Service providers remediate needs in the areas of speech, language, occupational therapy, social-emotional, behavioral, and specialized vision. In addition, the Special Education Team provides training and support to classroom teachers around topics such as assistive technology, differentiation strategies, supportive classroom environments, and positive behavior interventions.

FCSO is responsible for the development of special education policies and procedures per the local plan, responsible use of federal and state special education funds, managing data compliance, and providing professional development pertaining to special education.

It is our mission to help students by identifying and removing barriers to learning; remediating gaps; and helping students to develop skills and strategies that they can internalize and transfer to new challenges.

Black and African American students have stronger academic outcomes at Francophone than other schools with similar demographics for ELA and Math

SBAC Performance for Black and African American students

ELA

SBAC Performance for Black and African American students

Math

4.4 A New Facility that Meets Academic Excellence & Instructional Support

Dedicated Teacher Spaces

- Prep areas for focused lesson planning
- Collaboration zones for grade-level and vertical teams

Centralized Resource Room

- Lending libraries, FOSS Kits, manipulatives
- Streamlined access to instructional materials

Impact on Students

- Improved learning outcomes
- Consistent program delivery across grades

- Enhanced bilingual/immersion instruction

5. Facilities

A unified campus strengthens our community, enhances financial and resource efficiency, and expands access to after-school programs, facilities, and shared resources—all while upholding our school's core values. The new facility is more than a building—it is an investment in quality, equity, and sustainability, allowing FCSO to serve current families, grow thoughtfully, and maintain its high standard of bilingual, dual-immersion education in Oakland. The new facility is not simply a logistical upgrade—it is a strategic investment that advances every major component of Francophone Charter School of Oakland's long-term plan. With adequate space for academic programming, a unified campus to support school culture, and the capacity to reach charter-authorized enrollment levels, the facility ensures that FCSO can continue to deliver a high-quality, culturally rich French dual-immersion program to Oakland families for years to come.

A single, unified campus supports our mission by strengthening community, improving financial & resource efficiency, and expanding access to (afterschool) programs, facilities, and resources—all while maintaining our core values. The new campus is located within our authorized boundaries, ensuring compliance with our charter terms and state requirements.

We are moving to a new campus because enrollment has grown and operating across multiple locations has created challenges for students, families, and teachers. Consolidating to a single campus reduces redundant operating costs, supports enrollment growth, and allows us to invest more in educational programs. These are all factors that strengthen our financial and academic performance—key elements for charter renewal.

We have looked and examined in the Facilities committee all available locations that meet Francophone's requirements.

- Needed
- Likely to increase student achievement
- Responsive to documented community needs

5.1 How the Facilities Plan Serves the Interest of the Entire Community

Advancing Student Access

We are a diverse community and have strong representation from the largest demographic groups in Oakland. As the only Free French Dual Immersion Program in the Bay Area, we are proud to be located in the Fruitvale area; we have expanded the representation of the Francophone and other demographic groups in the community and hope to continue the trend. For the second year, we have presented the school to families in the Fruitvale Head Start Program, and they have received the invitation to join our school with enthusiasm.

A unified campus is both a pedagogical and financial strategy. It allows FCSO to grow enrollment, secure its charter renewal, maintain strong fiscal health, and direct fundraising resources toward enriching the student experience. By consolidating into a single, strategically located site, FCSO positions itself to thrive

academically, culturally, and financially. The new location will have more visibility making a free second language program more accessible to the Fruitvale community.

The facility offers many advantages to our Francophone community:

- One cohesive TK–8 community
- Modern classrooms and specialized learning spaces
- Dedicated areas for arts, science, and athletics
- Improved safety, traffic flow, and accessibility
- Greater stability for the long-term success of our charter

Unified Campus Strengthens Financial Stability and Supports Growth

Securing a single, unified campus is a strategic decision that not only enhances academic programming and school culture but also strengthens the financial foundation of Francophone Charter School of Oakland (FCSO). After extensive collaboration with the FCSO Finance Committee, CFO, and external financial advisors, multiple scenarios were modeled to ensure long-term financial sustainability. This analysis highlighted several key considerations:

Charter Renewal and Lease Security

- Full-term lease is essential for charter renewal. Operating across two campuses with differing lease periods complicates long-term planning and risks jeopardizing charter renewal.
- Securing a new site prior to renewal ensures stability and demonstrates to the authorizer that FCSO has a secure home for the duration of the charter term.

Enrollment and Growth

- Financial modeling revealed that current split campuses cannot meet the breakeven enrollment target.
- A unified campus allows the school to grow enrollment to charter-approved capacity (520 students), which is critical for maintaining a balanced budget and fully funding the dual-immersion program.
- Negotiated lease terms at the new site are flexible and aligned with projected enrollment growth, enabling the school to scale responsibly while meeting all obligations.

Current Lease Considerations

- FCSO is able to exit both current leases early:
 - St. Jarlath: Exit supported by a generous donation, avoiding early termination penalties.
 - OUSD Lawlor Campus (Upper School): No early termination fee, but action required within a set deadline.
- Consolidation avoids the financial complexity of managing two separate leases with differing terms, reducing administrative overhead and financial risk.

Public Funding Stability

- A unified facility ensures that state and local funding will be sufficient to maintain required fund balances and cash reserves, enabling FCSO to weather fluctuations in enrollment or attendance.
- As with the current campus, enrollment and consistent attendance remain critical to ensuring ongoing funding stability.

Voluntary Fundraising Opportunities

- With basic operational stability secured through public funding, FCSO can target voluntary fundraising toward priorities that directly enhance student experience, including:
 - Enrichment programs
 - Playground improvements
 - Experiential learning opportunities

Financial Benefits of a Unified Campus

- Reduces the cost of operating two separate facilities, including utilities, maintenance, and administrative staffing.
- Enables predictable, scalable budgeting as enrollment grows toward chartered capacity.
- Supports long-term sustainability, ensuring that academic, cultural, and operational goals can be met without financial compromise.

5.2 Stronger School Culture

Unified Campus

- Families with multiple students benefit from a single drop-off/pick-up
- Cross-grade mentoring & peer language opportunities
- Consistent schoolwide routines & expectations

Operational Efficiency

- Reduced travel and duplication of services
- More time for instructional coaching and enrichment programs

Facilities Plan Overview

Provide a detailed description of the plan for securing, upgrading, or relocating facilities. Explain how the plan:

- Advances student access
- Minimizes neighborhood impacts
- Serves community needs

- Meets safety and accessibility standards

5.3 Specific Steps Taken to Research and Secure a Private Site

Launching a Comprehensive Site Search With Community Awareness

Once the need for a new facility was established, the Facilities Committee began a broad facilities search that included evaluating **10+ sites across Oakland**. These evaluations included:

- OUSD buildings
- Former school sites
- College campuses
- Commercial office buildings
- Mixed-use and nonprofit educational spaces
- Families were regularly invited to these visits, informed of the process through newsletters, town halls, and FC reports at Board meetings. This transparency helped build trust during a period of uncertainty.

Securing a Long Term Facility Timeline

Following the Strategic Plan, the Board reactivated the Facilities Committee in Fall 2024 — as with all school committees, it is chaired by a board member. The committee was open to all parents, and several joined,

bringing valuable experience in real estate, finance, construction, and contracting. Their expertise has been instrumental throughout the process. The Facilities Committee evaluated multiple campus options using clear criteria, including: Safety and accessibility, proximity to current families, cost and long-term financial sustainability, and compliance with charter and educational requirements. The Board carefully reviewed these options and analyzed the financial models for remaining in the current locations versus moving to a new, unified campus.

Two important factors influenced the timeline:

1. The lease needed to be signed before November 1st to officially notify OUSD that we would not be renewing the Toler campus.
2. A generous donation made it possible to cover the early exit fee for the St. Jarlath campus.
3. We need to have a lease that matches the period of our charter when it's up for renewal.

The selected location meets all state and local facility standards and provides the space and flexibility needed to support long-term growth within our authorized attendance area.

To ensure community involvement, questions regarding facilities were included in the school culture survey in the Spring 2025, several tours were held with representatives from administration, teachers, staff, and parents.

5.4 Description and Documentation of Identified Private Site Ability to Legally Accommodate the School's Proposed Enrollment for the Next 7 Years

The Board and Facilities Committee evaluated several options based on safety, accessibility, proximity to current families, available space, cost, and alignment with charter and school requirements. The selected location meets all state and local facility standards and supports long-term growth within our authorized attendance area. Several tours were organized with representatives from administration, staff, teachers, and parents. We are providing a Certificate of Fire Inspection and the Certificate of Occupancy.

Highlights:

- Enough space to grow
- Building for Upper grades is new construction
- Science lab
- Playground and outdoor basketball court
- Garden
- Cafeteria
- Dedicated space for specialized use:
 - Staff Room
 - Resource Room
 - Library
 - *New options: Art / Maker Space, Music Room... your ideas are welcome*

Site Feasibility

- **Academic Excellence and School Culture**
 - We will have sufficient space for teachers to have dedicated prep areas and a resource room for instructional materials (ie, classroom lending libraries, FOSS Kits)
 - Unified campus for families with more than 1 student
 - Improve school culture functioning as 1 campus
- **Enrollment Plan**
 - The site is large enough to accommodate growth up to our Charter-approved amount (~520 students), enabling us to add an additional Kindergarten class and grow the middle school to our chartered capacity
 - We can continue to serve our community, by staying in a neighborhood adjacent to Lower Campus

Safety

School safety is top priority for the Board and administration, and was a key factor in selecting the new campus. The new location has a comparable neighborhood safety profile to our current sites, and importantly, several Francophone families already live in the surrounding area, helping maintain a sense of community and familiarity.

The campus offers controlled access, improved visibility for staff supervision, and safer drop-off and pick-up zones. There will be a street separating the East and West sides of the campus, we plan to have crossing guards present during morning drop-off to ensure student safety. The new facility includes secure entry systems, camera coverage, updated fire and emergency protocols, and full compliance with ADA and building codes. Safety remains our top priority.

The new campus is located within our authorized boundaries, ensuring compliance with our charter terms and state requirements. The new facility is ADA-compliant, with accessible entrances, restrooms, and classroom layouts. We've also designed spaces with inclusivity in mind—welcoming all learners and family members.

Transition

We know that change can feel big—for students, parents, and staff. Our focus is to make this transition smooth, positive, and community-centered. Students and families will be supported through orientation events, campus tours, and classroom visits before the move. The first Family Orientation Tour was on December 11, 2025. Teachers and staff are collaborating to ensure students feel at home from day one, with familiar routines, classmates, and values. Campus move will happen mid-July so as to not disrupt the school year and summer school.

The move is being planned to minimize disruption. Our teachers and staff will have more dedicated time to set up classrooms before students arrive. The calendar for instruction has been adapted accordingly.

Transportation, drop-off, and pick-up work at the new site

The new campus design includes improved traffic flow, clear signage, and dedicated zones for safe drop-off and pick-up. We're coordinating with local traffic authorities and our facilities team to ensure a smooth process. More information to come before the start of next year.

After-school programs and enrichment activities

The unified campus allows us to expand after-school offerings and extracurricular activities, with more flexibility and resources available on-site.

Outdoor space and playgrounds

The campus includes dedicated outdoor learning areas, play structures, and green space for recess, sports, and community gatherings.

Financials & Facilities Funding

This move is being financed through responsible budget planning and facility partnerships. However, we will do targeted fundraising for specific projects. Operating one campus lowers costs related to staffing, maintenance, and utilities, allowing more resources to go directly toward instruction and student support

Curriculum and Instruction

Our educational program and teaching philosophy remain the same. The new campus simply provides better facilities to deliver the high-quality instruction our families expect. The additional space will allow us to expand programs such as STEM, performing arts, and hands-on project-based learning—core elements of our charter mission.

Community & Family Engagement

Unifying the school actually strengthens community bonds. We'll host family workdays, move-in events, and celebrations so everyone can feel ownership and pride in our new home. Our school's traditions are an important part of our culture—they'll continue and even grow as we bring everyone together on one campus. Families will support by volunteering, donating supplies, joining the facilities or hospitality committees, and helping with community events as we prepare for opening day.

Francophone Does Not Intent to Submit a Prop 39 Request

EXHIBITS LIST

EXHIBIT 1 - 24-28 FCSO Strategic Plan Slidedeck

EXHIBIT 2- 11-12-25 Townhall Slidedeck - Attended by 82 families

EXHIBIT 1 - 24-28 STRATEGIC PLANNING

The Elements of our Strategic Plan	Vision	An inspiring description of our future.
	Mission	The core purpose of our school.
	Values	The beliefs that create our school culture and guide our behavior.
	Strategic Priorities	Our critical, cross-cutting, and foundational areas of focus.
	Goals	The objectives we will work toward over the next 3 years.
	Outcomes	The desired results of our work.
	Metrics	How we will measure our success.

The Francophone strategic plan is comprised of several components that cascade from its vision.

The goals and outcomes will be attained by June 2027. Annual goals will be set at the outset of each school year that progress toward the 3-year goal.

Vision	We are an inclusive learning community that empowers children to be compassionate global citizens.				
Mission	The mission of the Francophone Charter School of Oakland is to provide a dual immersion curriculum in order to develop a diverse bilingual and bi-literate community of students.				
Values	Belonging	Respect	Integrity	Joie de Vivre	Excellence
Strategic Priorities	Academic Excellence	Inclusive & Equitable Culture	Financial & Operational Sustainability		

How We Define Our Values		
B	Belonging	We are one community, showing compassion and welcoming all.
R	Respect	We acknowledge and appreciate each other by treating everyone and our environment with care and dignity.
I	Integrity	We are honest because it brings out the best in us.
J	Joie de Vivre	We joyfully embrace life and learning every day.
E	Excellence	We expect and strive to do our best in everything we do.

Strategic Priority		Outcomes
1	Academic Excellence	Francophone's diverse students achieve outstanding academic outcomes, develop bilingual & biliterate proficiency, global perspectives, and acquire the essential knowledge, skills, and mindsets necessary to thrive in high school, college, careers and life.
2	Equitable & Inclusive Culture	Francophone is a flourishing, inclusive community anchored in loving relationships where all students and staff feel belonging for all of their identities and students are empowered to play critical roles in their education and in their communities.
3	Financial & Operational Sustainability	Francophone's future is secure. It sustains year-over-year positive operating incomes, achieves enrollment and attendance targets, and carries out a plan to secure long-term facility stability.

PRIORITIES	GOALS	OUTCOMES
ACADEMIC EXCELLENCE	1. Define Francophone's Portrait of a Graduate and a rigorous and relevant dual language immersion model with aligned curricula, instructional strategies, and assessment practices. 2. Foster a data-informed culture of continuous improvement, utilizing regular assessments and data analysis to inform instructional practices, identify gaps, and make timely adjustments to maximize student learning. 3. Implement a robust Multi-Themed System of Supports (MTSS) framework that provides targeted academic interventions, social-emotional support, and enrichment opportunities tailored to each student's unique needs. 4. Design an educator support plan that cultivates educator development and retention, high-leverage instructional strategies, and maximizes student learning.	- Improved student support and achievement in both languages. Every student receives personalized support needed to reach success. - Data is used to enable students to reach their potential. - Reliable student development where students have the skills and attributes needed to navigate an ever-changing world. - Students are confident, competent and empowered to create learning experiences that engage students and engage outcomes with robust understanding and ongoing teaching and support.
INCLUSIVE & SUSTAINABLE CULTURE	1. Strengthen school culture practices and behavior support systems aligned to Francophone values to that all students experience deep belonging. 2. Create equal opportunities for students and staff to build their social and cultural competencies including self-awareness, collaboration and relationship skills and to develop agency and accountability for their own learning and contribute to their communities. 3. Communicate and socialize Francophone values to the entire Francophone community and create opportunities for values aligned and purposeful family engagement.	- Students have access to multiple opportunities for personal, academic, enriched learning. - Students, families, and staff feel connected to Francophone values and community and feel empowered to impact the well-being of their communities. - There are consistent and robust opportunities for student-to-student community collaboration. - Families understand their role in their child's success and feel like active and vital partners of Francophone contributing to a flourishing, diverse community.
FINANCIAL & OPERATIONAL SUSTAINABILITY	1. Operate the school's program on state and federal funding, while building up reserves for rainy day and long-term facility goals. 2. Set and meet annual enrollment and attendance targets every year in order to support a healthy budget and ensure strong academic outcomes. 3. Improve and maintain partnerships and programs that ensure teachers are appropriately compensated for their assignments. 4. Develop a long-term facility plan that results in Francophone independently operating a single campus by fall of 2028.	- Each fiscal year ends with a positive operating income and reserves are built every year that can be used for future initiatives, cash flow, and/or savings for a facility. - Fully enrolled or near full enrollment in combination classes when necessary creates efficiencies that support a sustainable budget. - The board has sought a facilities committee and established a partnership with a charter facility operator. The committee has identified potential facilities and has established benchmarks required for financing.

Strategic Priority	Academic Excellence			
Goals	Define Francophone's Portrait of a Graduate and a rigorous and relevant dual language immersion model with aligned curricula, instructional strategies, and assessment practices.	Foster a data-informed culture of continuous improvement, utilizing regular assessments and data analysis to inform instructional practices, identify gaps, and make timely adjustments to maximize student learning.	Implement a robust Multi-Themed System of Supports (MTSS) framework that provides targeted academic interventions, social-emotional support, and enrichment opportunities tailored to each student's unique needs.	Design an educator support plan that cultivates educator development and retention, high-leverage instructional strategies, and maximizes student learning.
Outcomes	Improved student support and achievement in both languages. Every student receives differentiated support needed to reach success.	Data is used to enable students to reach their potential.	Hold site student development where students have the skills and attributes needed to navigate an ever-changing world.	Educators are confident, competent and empowered to create learning experiences that engage students and engage outcomes with robust understanding and ongoing teaching and support.
Metrics	Internal Formative Assessment	Summative State Assessments	Summative French Assessments	Educator Metrics

Priority 1 Metrics: Academic Excellence

At the End of Year 3 (June 2027)

Summative Mathematics, English Language Arts, and French

- Increase % of students at Standards Met/Exceeded by 5% from 2024 baseline in Math and ELA (SBAC)
- All student groups will be within 10 percentage points of overall school average or for each subgroup there will be a 10% increase in the percentage of students at Standards Met/Exceeded in Math and ELA (SBAC)
- 80% of G3-8 students meet/exceed grade level target in French summative assessment (DELF)

Formative Mathematics, English Language Arts, and French

- 80% of K-8 students meet/exceed Math targets on grade level assessments (Eureka)
- 75% of G3-8 students meet/exceed Math growth projections and 70% meet/exceed grade Math achievement targets (MAP)
- 75% of G3-8 students meet/exceed English growth projections and 70% meet/exceed English achievement targets (MAP)
- 80% of K-2 students meet/exceed English reading targets (Amplify)
- 80% of K-8 students meet/exceed French skills targets for listening, speaking, reading, writing (TDD)

Educator Effectiveness

- 85% of teaching staff will be proficient or exemplary on the Francophone-adopted teacher coaching framework

Implementation Recommendations

Implementation Recommendations (1)

Implementation Activity	Purpose	Date and/or Cadence	Person Responsible
Seat and Facilitate Strategic Plan Leadership Team	A leadership team composed of key FCSD staff (between 3 - 5) will monitor the implementation of the strategic plan. They will collect and analyze the strategic plan metric data, populate and monitor the dashboard, create action plans, adjust action plans as needed. In addition, they are the body that will update the annual action plans as needed and are responsible for sharing the data/updates with the board, staff, and family stakeholders.	Meet every two weeks	Executive Director
Seat and Facilitate a Strategic Plan Steering Committee	The steering committee will create cohesion between the major stakeholder bodies at the school: the board, the school leadership team, staff and the FCSC. It will provide advice and guidance to the leadership team, as well as champion the implementation of the plan to the community with a unified front.	TBD	Executive Director

Implementation Recommendations (2)

Implementation Activity	Purpose	Date and/or Cadence	Person Responsible
Provide Strategic Plan Progress Updates to the Board of Directors	The leadership team will prepare a report at the end of each trimester with the most current data for each priority.	Triennially • November • March • June	Executive Director
Provide Financial Report to the Board of Directors	The finance committee, in collaboration with the ED, will prepare a monthly report with the most current financial and operational data which should include: • Current Enrollment and ADA by grade • Current financials, Year to Date • Cash flow • Balance Sheet • Outstanding Debt In addition, the report should include additional progress made on finance and operational goals and outcomes listed in the strategic plan.	Monthly • Within 2 weeks of month's close	Executive Director, Finance (EdFec), Finance Chair

Implementation Recommendations (3)

Implementation Activity	Purpose	Date and/or Cadence	Person Responsible
Conduct State of the School Stakeholder Engagements	The Board officers and ED will work together to communicate and engage stakeholders in the most current data and strategic actions of the school. The purpose will be to communicate the data, but also to engage and listen to stakeholders on an ongoing basis. It is suggested that all engagements lead with the school's values and community building. Extra effort to engage families who are from subgroups should be made.	Twice Per Year Suggested timing: • September • April	Executive Director, Board Chair, Finance Chair
Refresh Annual Metrics and Strategic Action Plans	The Leadership Team will update the strategic action plans based on data and current state. While the priorities, outcomes, and goals will not change for three years, the actions being taken each year should reflect the school's current state. The board may want to approve the annual action plans by the August board meeting.	Annually Suggested timing: • June	Executive Director
Conduct Board Retreats	The board will reflect upon progress towards strategic plan goals and suggested annual metrics and set them for the following year as recommended by the ED.	Annually Suggested timing: • July	Executive Director, Board Chair, Board Chair

Reporting Recommendations

Reporting Recommendations

Date/Benchmark	Activity/Event
July 1, 2024	Strategic Plan Activates
Triennially (November, March, June)	Strategic Plan Progress Report provided to Board
Monthly	Financial report provided to the Board
Biannually (September, April)	Strategic Plan updates provided to the community
Annually (June)	Refreshed Action plans complete for next school year
June 30, 2027	Current strategic plan closes

The Process to Develop the Strategic Plan

A Stakeholder Driven Strategic Plan

The process of creating this strategic plan included full stakeholder engagement, multiple school visits, and board retreats that ultimately culminated in the Board of Directors approval of this three-year plan.

Stakeholder Engagement by Dates

Surveys

1-1 Interviews

Focus Groups

Site Visit

In Person Workshops

Engagement Process in 2024

Activity	Dates	Location
Board Retreats	March 16, May 4	
Steering Committee	February 8, 22 March 7, 28 April 18 May 2, 16	
Stakeholder Perception Survey	February 20 - March 13	
Multilingual Focus Groups	February 21 - 21, March 13 - 14	
One:one interviews	February 12 - March 13	
Site Visit and Classroom Observations	February 12-13	
Town Hall	March 25, May 15	

Stakeholder Engagement by the Numbers

Stakeholder Map

- Observations: 15 classrooms
- Students Focus Groups:
 - 5 grade 4-5 students
 - 5 grade 6-8 students
- Family Focus Groups: 30 caregivers
- Staff Focus Groups: 25 staff members
- Steering Team: 9 members
- Board Retreat: full board
- Interviews: 10
- Survey Responses: 145
- Board Members: 5

**Over 175 stakeholders provided input*

Questions in chat answered by:	 Rebecca Scheel <i>Parent (Upper Campus) Room parent Coordinator Board Member</i>	 Kevin Pon <i>Parent (Lower Campus) Facilities Committee Commercial Real Estate Broker</i>
--------------------------------	--	---

- Background & context**
- Sept. 2023 - Board addressed Community with 3 key financial challenges
 1. Enrollment: low middle school enrollment, high student absence rate
 2. 2 Facilities
 3. Fines related to teacher credentialing →solved, no new fines!
 - Proposed solutions:
 1. Move from TK-8 to TK-5 - Rejected by community
 2. Move to instructional model for 2-5 (50/50 French/English)- Rejected by community
 - Solution agreed upon by community and approved by FCSO's Board Spring 2024:**
→Strategic plan to guide our growth and long-term stability
→ Year 2 of implementation and we have made great progress, but more to do

Recap of 2024-2027 FCSO's Strategic Plan

Read [here](#)

Francophone Charter School of Oakland's Community-led Vision, Mission & Values

In partnership with families, teachers and the FCSO Board, we clarified our vision for inclusive learning and freely accessible bilingual education for all students.

Vision	We are an inclusive learning community that empowers children to be compassionate global citizens.				
Mission	Provide a dual immersion curriculum in order to develop a diverse bilingual and bi-literate community of students.				
Values	Belonging	Respect	Integrity	Joie de Vivre	Excellence

To bring this vision to life, we identified 3 strategic areas to prioritize our efforts and our resources

Strategic Priorities	Academic Excellence	Inclusive & Equitable Culture	Financial & Operational Sustainability
Outcomes	Our diverse students achieve outstanding academic outcomes , develop bilingual & biliterate proficiency, global perspectives, and acquire the essential skills and mindsets necessary to thrive in school and beyond	Our school is a flourishing, inclusive community anchored in loving relationships where all students and staff feel belonging and students are empowered to play critical roles in their education and in their communities	The future of our school is secure. It sustains year-over-year positive operating incomes, achieves enrollment and attendance targets, and carries out a plan to secure long-term facility stability

Priority #3: Financial & Operational Sustainability →good progress has been made!

3 key factors:

- Increased enrollment with new TK class
- Better student attendance - thank you families!
- Independent study plan

PRIORITY	GOALS	OUTCOMES
Financial & Operational Sustainability	1. Operate the school's program on state and federal funding, while building up reserves for "rainy day" and long-term facility goals. 2. Set and meet ambitious enrollment and attendance targets every year in order to support a healthy budget and ensure strong academic outcomes.. 3. Improve and maintain partnerships and programs that ensure teachers are appropriately credentialed for their assignment. 4. Develop a long-term facility plan that results in Francophone independently operating a single campus by Fall of 2026.	> Budget includes \$100,000 reserve for rainy day > Ending balance was \$220,000 at the end of last year > Exceeding the required reserve of 5%; our reserve is ~ 8% of operating costs > Increased attendance rate, from 93.4% to 94.5% > Implemented Independent Study Plan > Facilities Committee (search, evaluate and secure facilities)

New Facility Est. 2026-2027 School year

FCSO Facilities Committee

- Stephanie Lowenthal-Savy
- Parent (Lower Campus)
 - FCSO Board Member

- Kevin Pon
- Parent (Lower Campus)

- Sam Schabacker
- Parent (Lower Campus)

- Paul Michelsen
- Parent (Lower & Upper Campus)

...and now we turn our focus to meeting a key goal in the Financial Sustainability priority: Securing a long-term facility

The Facilities Committee Conducted an Exhaustive Search In Oakland

Late October 2025, the FSCO Board approved a lease for a new campus effective SY26-27 at Patten University

Highlights:

- Enough space to grow
- Building for Upper grades is new construction
- Science lab
- Playground and outdoor basketball court
- Garden
- Cafeteria
- Dedicated space for specialized use:
 - Staff Room
 - Resource Room
 - Library
 - New options: Art / Maker Space, Music Room... your ideas are welcome

Securing this site for our school is well-aligned with our strategic plan

- Academic Excellence and School Culture
 - We will have sufficient space for teachers to have dedicated prep areas and a resource room for instructional materials (ie, classroom lending libraries, FOSIS Kits)
 - Unified campus for families with more than 1 student
 - Improve school culture functioning as 1 campus
- Enrollment Plan
 - The site is large enough to accommodate growth up to our Charter-approved amount (~520 students), enabling us to add an additional Kindergarten class and grow the middle school to our chartered capacity
 - We can continue to serve our community, by staying in a neighborhood adjacent to Lower Campus

And a unified site strengthens our finances as enrollment increases

After building an enrollment plan and financial model with the FCSO Finance Committee, CFO and external Financial Advisors, we explored multiple different scenarios. Important elements of our analysis included:

- Charter Renewal:
 - We need a lease for full term of charter for charter renewal. Current 2 campuses have different lease periods.
 - We need a new location before renewal. If not secured prior to renewal, we risk not getting charter renewed.
- Enrollment and growth:
 - We cannot meet our breakeven enrollment target with the 2 current locations.
 - We negotiated lease terms that enable us to meet our obligations as enrollment grows.
- Current Leases:
 - We are able to exit both leases now. Thanks to a generous donation, we are able to exit lease early at St. Jariath. There was no early termination fee for the OUSD site (Lawlor, Upper School) but there was a deadline.
- Public Funding:
 - New campus ensures state and local funding will be sufficient to maintain the required fund balances and cash reserves to weather ups and downs.
 - New campus opens up new State funding option.
 - As with current campus, enrollment & attendance will be critical to our financing.

Looking ahead, voluntary fundraising can be targeted toward key priorities: enrichment, play ground improvements, field trips, etc.

Next Steps

Next Steps for School/Administration

Key priority : Planning for a smooth transition into next school, with a focus on retaining current students and new student registration.

In the coming months, FCSO leadership and Board will:

- **Apply for OUSD approval** (material revision of charter) - we've already been in dialogue, now with lease signed we can proceed to formal process.
- **Finalize inspections and logistics for move.** We may do a fundraiser targeted towards move in costs.
- **Organize family tour(s) and student engagement** around the move.
- **Develop a summer school and beginning of the year plan for BASC** to minimize disruption
- More to come! Thank you on your patience on details!

Next Steps for families/community

- Join us at an upcoming event. Share your perspective and ask questions.
- Join the State of School **in-person** at Lower Campus (11/17). *Child care will be provided.*
- **Consider what you can contribute to bring our new campus to life!** We're looking for volunteers to support with set-up, beautification, and student engagement as we approach the move-in date.
- **Join Key Committees :** Fundraising, Beautification, and Outreach
- **Spread the word!** As enrolment grows, we will have additional resources to make FCSO even better ★

Upcoming Events:

- ★ Mom's night out (11/12) **tonight**
- ★ Coffee with parents UC (11/13)
- ★ Dad's club (11/13)
- ★ State of the School (11/17)
- ★ Finance Committee Meeting (11/20)
- ★ Board Meeting (11/20)
- ★ Coffee with parents LC (11/20)

Enrollment is key!

- ★ Enrollment is **now open** for the 26-27 School Year ★
- ★ Deadline to apply: Feb. 13, 2026
- ★ Online application: OaklandEnrolls.org

**BREAKING NEWS!
NEW CAMPUS!**

We're excited to bridge our two campuses under one roof in ONE new campus this summer! Our new address will be 2365 & 2430 Coolidge Ave, Oakland

UPCOMING EVENT

* **Winter Market**
Saturday, December 6, 2025 - 11am to 3pm

Join us for Le Marché d'Hiver (The Winter Market), and come find artisan gifts, holiday kids crafts, and food & drinks at our lower campus @ 2634 Pleasant Street, Oakland, CA 94602.

Quarterly Spotlight
FRANCOPHONE CHARTER SCHOOL OF OAKLAND

The future is bright at Francophone school

This fall, we proudly welcomed our new 2025-2026 students—including three new TK classes—into our vibrant Francophone community. We also reached an exciting milestone: securing a brand-new campus where FCSO will come together under one roof in summer 2026—a major step in planning for our school's future.

As a tuition-free TK-8 public charter school offering a French dual-immersion program, FCSO continues to foster academic excellence and cultural connection. This year, we were recognized again among the top charter schools in Alameda County for exceeding state standards in math and English Language Arts.

Message from the Executive Director

This quarter marks an exciting chapter for FCSO. With new students, new goals, and a new campus on the horizon, our community continues to thrive through collaboration and purpose. Let's keep moving forward—together.

Academic Feature

New Excellence Awards

This quarter, FCSO was honored with two Raise the Bar Awards, for advancing academic outcomes for Black, African-American, and Latinx students in Oakland.

This achievement reflects the dedication of our teachers, the hard work of our students, and our shared commitment to academic excellence—one of FCSO's core values.

Since 2010, Oakland Enrolls has been the bridge connecting Oakland families to high-quality public charter school options.

The Quarter In Pictures

For Hispanic Heritage month, many parents organized activities in classes with teachers like the mini Piñata-making workshop.

We're also celebrating indigenous people's month this November with many more class activities.

The After-Care Halloween party was an absolute hit and the kids danced on the beat of the DJ.

We are so grateful for UC Berkeley's band for playing during our Halloween parade.

Club & Activity Corner

Our After-Care Program's Activities

FCSO's Aftercare Program is buzzing with activities that inspire creativity, movement, and focus. Students enjoy drumming, art, mindfulness, soccer, chess, judo, capoeira, and Afro-Brazilian dance—each fostering confidence and connection. With the support of passionate instructors, our aftercare hours have become a joyful extension of the school day, where learning and community continue to grow.

The clubs selection is incredible, we are so lucky!

—TKC parent

Get Involved!

Interested in joining a club or starting something new? Check out the full list of clubs on our website or speak to Ms. Erika in the main office.

- School Presentation - 20 mins
- School Tour - 10 mins
- Parent Q&A - 10 mins

Francophone Charter School Mission

Our mission is to provide a dual-immersion curriculum to a diverse community of students. Our goal is to develop bilingual and bi-literate global citizens who are open-minded and value intellectual curiosity, personal integrity and creativity.

At Francophone, diversity is a fact. We actively choose to celebrate that diversity through our inclusion and equity efforts.

Vision & Values

We are an inclusive learning community that empowers children to be compassionate global citizens.

Priorities for 2025-2026

- 1) Academic Excellence
- 2) Inclusive and Equitable Culture
- 3) Financial Sustainability

Franco + phone

Franco = French language

Phone = sound/to speak

Francophone = French-speaking

Why Francophone, not French?

- Racial diversity
- Geographic diversity
- Socioeconomic diversity
- French language, California academic standards - not the French national curriculum
- Entry point to discussions of migration, multilingualism, etc.

French-Speaking Countries

Label FrancEducation

- Accreditation from French government for high-quality French immersion schools that do not follow the French national curriculum
- Obtained in 2019; renewed in 2024
- Part of a worldwide network of schools
- Access to professional development and online resources

What is Francophone Charter School?

- Dual language immersion in French and English
- TK-8 public charter school located in Oakland
 - Open to all California residents
 - Flexible and innovative educational program
 - Accountable to the community, the district & state
 - Public school authorized by OUSD
 - Opened in 2015

What is a public school?

- Funded by the state of California
- Receive state funds to pay staff and expenses
- Diverse socioeconomically
- Typical per-pupil funding in a public school is ~\$12,000 per child per year. In a private school, where parents pay tuition, the funding can be 2-4 times as much.

What is a charter school?

- Public school
- Mission-driven
- Created as a space for innovation of a new model
- Driven by equity for all our students
- Driven to represent and include all historically under-represented groups

School Facilities - We are renters

Two Campuses:

Toler Heights, 9736 Lawlor Street, near Oakland Zoo

St. Jarlath, 2634 Pleasant Street, near Farmer Joe's on Fruitvale

Each year, we assess space and enrollment and we assign grade levels to each location. *There are no guarantees about where grade levels will be housed from year to year*

Leadership Team

- Board of Directors; 4 out of 5 are current/former parents of FCSO students
- Claudia Lee, Executive Director
- Kailly Chai, Director of Operations
- Christophe Viret, Director of Lower School, Grades TK-2
- Minda Glynn, Director of Student Supports
- Erika Cardona, Director of BASC
- Alex Webster, Director of Upper Campus

This year - subject to change

- Lower Campus (TK-2) - 9 classes & 12 teachers
- Upper Campus (3-8) - 7 classes & 11 teachers
- Our French-speaking teachers and staff represent many francophone regions, including Algeria, Belgium, Quebec, Senegal, Cameroon, & France.
- Unique feature: school supports teachers from abroad with credentialing.
- Unique feature: teachers come to teach at our school on a 3-year visa and are not planning to stay here for their whole career.

FCSO in Numbers

- 375 students
- About 30% of students are from French-speaking families
- 16 languages spoken by families at home
- 37% of students are "socio-economically disadvantaged"
- Use of combined grade classes (e.g. 4-5 or 7-8) due to enrollment shifts and class size changes

French Language Assessment

- This is used to assess whether incoming students speak French at a level suitable for their age/grade-level
- Students in grades TK-K-1 who pass the assessment are given admissions priority
- New students entering grades 2-8 need to pass the assessment to ensure that they will be able to access the curriculum without having had K & Grade 1 French immersion at FCSO

Immersion Instruction at Francophone

- Grades TK-2: 90% French, 10% English
- Grades 3-5: 70% French, 30% English
- Grades 6-8: 50% French, 50% English

When will my child be bilingual?

- It takes 3-5 years for a student in an immersion program to become fully bilingual
- The younger children are when they begin their immersion education, the more likely they will fall on the shorter end of this range
- Conversational level - 1-3 yrs
- Academic level - 3-5 yrs

A Typical Day in Kindergarten

- Morning meeting: greeting, songs, calendar, preview the day's agenda, social-emotional learning lesson
- French: group rotation through various activities
- Snack: students eat snack with their teacher in class
- Recess: outdoor play
- Math lesson and/or differentiated group work
- PE or music
- Lunch & lunch recess
- Science or social studies
- Closing meeting: reflection & social-emotional learning

Immersion

- Bilingualism or trilingualism are long-term projects - need for parent investment in a multi-year model of education to reap benefits of immersion
- 10% of students' in-class time is in English → cannot compare progress to an English-only school
- 90% French immersion in TK & Kindergarten → big learning curve
- Math in French using California State Standards & materials in English

Core Curriculum

Subject	Guide/Standards	Curriculum
Social-Emotional Learning	CASEL Framework	SchoolBeat
French Language Arts	Common Core State Standards	Teacher-created French language curriculum that is unique to our school, not curriculum from the nation of France
English Language Arts	Common Core State Standards	Amplify CKLA
Math	Common Core State Standards	Eureka Math (Engage NY)
Science	Next Generation Science Standards (NGSS)	Delta Education Full Option Science System (FOSS), based on
Social Studies	California State Standards	Teachers' Curriculum Institute Social Studies Alive!

Student Services

- 28 students have IEPs and 8 students are pending initial evaluation
- School Counselor provides individual and small group counseling, crisis intervention, and social-emotional support to students in need of a kind ear
- Push in and pull out specialized academic instruction in math, reading, writing, and study skills
- Behavior Intervention support
- Speech Therapist, Occupational Therapist, and Specialized Vision provide specialized services to address student need
- Extra support for students at risk
 - ◆ Classroom interventions through targeted support; short term groups for skills
 - ◆ Multisensory Reading Groups follow the "science of reading" to teach fundamental reading and writing skills

French Exchange Program

We're excited to announce our first-ever French exchange program with our partner school, Ensemble Scholaire St. Paul, in Caen, Normandy! This spring, our 7th and 8th graders will have the incredible opportunity to travel to France, attend classes alongside their French peers, and experience daily life in Normandy. In return, we'll welcome French students to our campus later in the year, building lasting friendships and deepening our shared appreciation for language and culture. This exchange marks an exciting new chapter in our school's French immersion journey.

Other Programs

After School Program:

- In-house Before and After School Care (BASC) until 6:00 pm every school day.
- Enrichment offerings include cooking, mindfulness, writing, soccer, pickleball, tutoring, yoga, and chess.
- Serves 200 families; priority given to TK & K.
- Families pay a monthly fee and students who qualify for free- and reduced-price lunch attend for free.

Breakfast & Lunch Program - Lunch Masters

SAMPLE MESSAGE

Dear _____,

I hope this message finds you well. Thank you for your service on the school board and all that you do in the best interest of our Oakland students.

I am Claudia Lee, the ED of Francophone School, a French immersion school serving 369 students in grades TK-8. I would love the opportunity to host you for a visit at our school when you are available. For many years, we have struggled with finding a suitable location and currently exist in two sites. It's very challenging to run a school in two locations and we are thrilled that we found a private facility where our entire TK-8 community can co-exist.

I have been in close communication with Kelly Krag-Arnold about this change and the material revision to approve the address change. As the chair of the Charter Matters Committee, I wanted to make you aware of this upcoming MR and ask for your counsel. Is there any further information or engagement that would be beneficial? Since this is a move to a private facility, Kelly did not think it would be challenging, but I am very open to answering questions or engaging about the proposal to build understanding and support. I appreciate your advice in advance. Below I have also outlined some of the reasons the change is needed and beneficial.

- Financial and operational sustainability, managing one site only and leveraging the school team
- Better serve families by having all students in one location, eliminating the need for parents to travel between sites taking the 580 Highway.
- Enhance student support by centralizing all staff and specialized services, including SPED, Counseling, and other support programs.
- Improve operational efficiency and communication among all departments.
- Provide shared facilities such as a unified teachers' lounge and dedicated spaces for collaboration.
- Increase middle school retention while remaining within our overall enrollment cap.
- Strengthen professional development and staff cohesion through increased collaboration opportunities.

- Establish designated areas for our After-School Program, extended learning, and community events.
- Offer a dedicated space for parent engagement, including *Cafecitos* and school gatherings.

I await your response with gratitude.

Warm regards,

Minutes

L E A S E

This Lease ("Lease") is entered into as of 10/30/2025, between CHRISTIAN EVANGELICAL CHURCHES OF AMERICA, INC., a California non-profit corporation ("Landlord") and FRANCOPHONE CHARTER SCHOOL OF OAKLAND, a California non-profit corporation for public benefit ("Tenant").

R e c i t a l s

- A. Landlord is the owner of certain land, buildings, and improvements located in the City of Oakland, County of Alameda, California, shown on the attached Exhibit A ("Premises").
- B. Landlord desires to lease to Tenant and Tenant desires to lease from Landlord the Premises described below on the terms and conditions in this Lease.

Section 1. Lease.

Landlord leases to Tenant and Tenant leases from Landlord the Premises shown on Exhibit A attached hereto on the terms and conditions in this Lease. The Premises include 2365 Coolidge Avenue (the "West Campus") and 2430 Coolidge Avenue (the "East Campus"). Landlord shall have access to the leased parking spaces (550, 560 and 520) as well as the Student Center (Cafeteria Building 220) on weeknights and weekends. The Student Center (Cafeteria Building 220) shall be maintained in a neutral manner, and Landlord will have access to it beginning 4:00 p.m. on Wednesdays. In exchange for this accommodation, Tenant may have access for one specific, set evening per week. There are to be no decorations, artifacts, banners, or placards, etc., that are indicative of either the Landlord or the Tenant. Additionally, Tenant shall make the lower playground (560) available for one academic period per school day for students of Patten Academy of Christian Education (PACE). This access will require a separate entrance for PACE students and will not include shared bathrooms with Francophone students. Tenant shall have access to the Christian Cathedral sanctuary for school performances and assemblies. The Tenant and Landlord shall mutually work together to schedule said use in advance.

With a twelve-month notice that does not disrupt the regular academic calendar, the Landlord may reclaim the use of two modular buildings nearest Galindo Street, 245 and 246. The Landlord will credit Tenant \$2.00 per square foot for the space.

Section 2. Term of Lease.

(a) The term of this Lease ("Term") shall be from July 1, 2026 ("Commencement Date") through June 30, 2033. Landlord grants Tenant the right to enter and inspect the Premises commencing June 1, 2026, for purposes of assessing aspects of occupying the Premises and preparing plans for tenant improvements. Such access is by appointment only, must not disturb the current operations or occupants on the campus, and requires an escort by Landlord. No occupancy, work or physical improvement shall occur upon the Premises during this access period.

(b) Lessor hereby grants to Lessee one option to extend the term of this Lease (“Extension Option”) for a period of five (5) years (the “Extension Term”). The Extension Option must be exercised if at all by written notice (the “Option Notice”) delivered by Lessee to Lessor not less than 12 months and not more than 24 months prior to the then-scheduled expiration date of the Term, provided, however, that the Extension Option shall not be exercisable unless, as of the date of the Option Notice and at the then-scheduled expiration date, Lessee is not in default hereunder. In the event the Term of this Lease shall be extended under this Section, then all of the terms, covenants and conditions of the Lease shall remain unmodified and in full force and effect, except that as of the commencement of the Extension Terms and the anniversary of the commencement of the Extension Term (each an “Adjustment Date”) the monthly rent shall be increased by 3% of the monthly rent payable during the month preceding such Adjustment Date.

Section 3. Monthly Rent.

The monthly rent, payable in advance on the first day of each month commencing July 1, 2026, shall be as set forth in Exhibit B.

Section 4. Real Property Taxes

This Lease is entered into based on the understanding that real property and Tenant’s use of the Premises qualifies for an exemption from real property taxes and assessment. The parties shall cooperate in preparing any documents required to obtain and renew such exemptions. In the event that such tax exemption cannot be obtained or maintained during the term of this Lease, the party that caused such exemption to not be obtained or renewed shall pay before delinquency the real property taxes and assessments imposed on the Premises during the term of this Lease.

Section 5. Security Deposit.

On execution of this lease, Tenant shall deposit with Landlord \$65,000.00 as a security deposit for the performance by Tenant of the provisions of this lease. Said sum shall be held by Landlord as security for the faithful performance by Tenant of all the terms, covenants and conditions of this Lease to be kept and performed by Tenant and not as an advance rental deposit or as a measure of Landlord’s damage in case of Tenant’s default. If Tenant defaults with respect to any provision of this Lease, Landlord may use any part of the security deposit for the payment of any delinquent rent or any other sum in default, or for the payment of any amount which Landlord may spend or become obligated to spend by reason of Tenant’s default. Tenant shall immediately on demand pay to Landlord a sum equal to the portion of the security deposit expended or applied by Landlord as provided in this paragraph so as to maintain the security deposit in the sum initially deposited with Landlord. Upon expiration of the term of this Lease, Landlord shall refund the Security deposit to Tenant as required under California Civil Code Section 1950.7. Landlord’s obligations with respect to the security deposit are those of a debtor and not a trustee. Landlord can maintain the security deposit separate and apart from Landlord’s general funds or can commingle the security deposit with Landlord’s general and other funds. Landlord shall not be required to pay Tenant interest on the security deposit.

Section 6. Agreed Use.

(a) Tenant will occupy and use the Premises solely for educational purposes solely related to operation of its charter school. Tenant must obtain advance written consent for any activities upon the Premises which deal with social, political, or religious issues. Landlord's consent for such activities may be withheld in Landlord's absolute discretion. No alcoholic beverages, tobacco products, or illegal drugs may be consumed on the Premises.

(b) Tenant shall not commit any acts on the Premises, nor use the Premises in any manner that will increase the existing rates for or cause the cancellation of any fire, liability, or other insurance policy insuring the Premises or the improvements on the Premises. Tenant shall, at Tenant's own cost and expense, comply with all requirements of Landlord's insurance carriers that are necessary for the continued maintenance at reasonable rates of fire and liability insurance policies on the Premises and the improvements on the Premises.

(c) Tenant shall not commit any waste or any public or private nuisance upon the Premises.

(d) Tenant shall comply with the Applicable Requirements, laws, rules, and orders of all federal, state, and municipal governments or agencies that may be applicable to use of the Premises from time to time.

Section 7. Condition of Premises.

The Landlord shall remove all furnishings and signage from previous occupants, including interior religious artifacts in spaces exclusively occupied by Tenant. The roof, exterior walls, existing paths, doors, HVAC, plumbing, mechanical, windows, fire safety systems, electrical systems, and ADA functions are to be delivered to Tenant in proper working order and to be maintained by Landlord, at Landlord's cost, during the term of this Lease. Prior to the lease commencement, Tenant and Landlord shall conduct a walk-through of the Premises to ascertain the condition of the property and that the foregoing items are in good repair. Landlord will promptly remedy any deficiencies identified in the walk-through with the foregoing items. Landlord shall be responsible for the cost of repairs to the agreed-upon items. Tenant is responsible for items of aesthetic appeal. Following the walk-through and repairs by Landlord, the Premises shall be delivered to Tenant in its current "as-is" condition. Tenant shall be solely responsible for the cost of improvements to facilitate the creation of classroom space, including but not limited to framing, walls, electrical, HVAC, and finish carpentry. Given the age of some of the buildings, no modifications will be made that may expose or require the remediation of hazardous materials without the approval of the Landlord. All final tenant improvements must be approved in writing by the Landlord. Finally, where it is lacking, the Landlord shall be responsible for installing fencing around the east campus, and fencing to ensure the separation of students of the Francophone Charter School of Oakland and the Patten Academy of Christian Education on the west campus.

Section 8. Utilities and Services.

Tenant will pay for all utilities (electricity, water, gas and waste disposal) and janitorial

and security services provided to the Premises.

Section 9. Fire Inspection.

Landlord shall pay for the cost of the Fire Department inspection prior to the Commencement Date. Thereafter, Tenant shall pay the reasonable pro rata costs of future inspections during the term of this Lease.

Section 10. Building Signage.

The Tenant shall have a non-exclusive right to place building, directional, and marquee signage at locations mutually approved by the parties. Tenant is not allowed to place any other and/or holiday flags, signs, or banners without the permission of the Landlord.

Section 11. Alterations and Improvements.

Tenant shall not make any structural alterations or improvements without first obtaining Landlord's consent in writing, which consent may be withheld in Landlord's absolute discretion. Notwithstanding the foregoing, Tenant shall be permitted to modify the Premises to construct classroom space, including but not limited to framing, walls, electrical, HVAC, and finish carpentry, (collectively, "Tenant Improvements") subject to the following. The following provisions shall also apply to any work permitted by Landlord other than the Tenant Improvements:

A. Tenant shall use only licensed contractors, to the extent a building permit is required for the work.

B. Plans shall be submitted for Landlord's reasonable approval prior to obtaining building permits.

C. The Tenant Improvements shall comply with all laws, regulations, codes, and requirements, and the work shall be performed in a good and workmanlike manner. In addition to the foregoing, Tenant shall be responsible for paying the cost to remediate any asbestos-containing materials disturbed by Tenant's work.

D. Tenant's contractors shall take appropriate action to prevent visitors and students from entering the work area.

E. All contractors shall provide Landlord with proof of compliance with the insurance requirements attached as Exhibit C.

F. On completion of the Tenant Improvements, Tenant will supply Landlord with the following:

- (i) A certificate of occupancy (or an equivalent issued by the City of Oakland, or other evidence to establish that the Tenant Improvements have been approved by the City of Oakland.

- (ii) A notarized affidavit executed by Tenant stating that all of the Tenant Improvements and all materials used in connection with the Tenant Improvements have been paid for by Tenant.
- (iii) Copies of all unconditional lien releases from all contractors or sub-contractors.
- (iv) Evidence of payment of all costs of construction of the Tenant Improvements including all invoices marked "paid".
- (v) All written warranties applicable to the Tenant Improvements.

Notwithstanding any terms in this Lease to the contrary, Tenant shall have no obligations to remove the Tenant Improvements or any other alterations or improvements consented to by Landlord at the expiration of the Lease Term.

G. Tenant shall indemnify and hold Landlord harmless from all mechanics liens or material claims arising from the Tenant's work. Tenant shall obtain and record a lien release bond to release the asserted mechanics or materialmen liens as to the Tenant's work in the event any party files a lawsuit to enforce such liens.

Section 12. Repairs and Maintenance.

(a) Landlord shall keep the structural components of the building, and the electrical, plumbing, and HVAC systems in good condition and repair. Except for the items Landlord is required to repair, Tenant agrees, at Tenant's own expense, to keep the Premises in good condition and repair, and to deliver to Landlord physical possession of the Premises at the end of the Term, or any extension of the Term, in good condition and repair, reasonable wear and tear and fire or other casualty excepted.

(b) If at any time during the Term, Tenant fails to maintain the Premises as required by this Lease, Landlord may, but shall not be required to, enter the Premises and perform the maintenance or make the repairs or replacements for the account of Tenant; any sums expended by Landlord in so doing, together with interest at ten percent (10%) per annum, shall be deemed additional rent and shall be immediately due from Tenant on demand of Landlord.

(c) Tenant waives the provisions of Civil Code Sections 1941 and 1942 and any other law that would require Landlord to maintain the Premises in a tenantable condition or would provide Tenant with the right to make repairs and deduct the cost of those repairs from the rent.

Section 13. Entry.

Tenant shall permit Landlord or Landlord's agents, representatives, or employees to enter the Premises at all reasonable times and with 24 hours' notice to inspect the Premises to determine whether Tenant is complying with the terms of this Lease and to do other lawful acts that may be necessary to protect Landlord's interest in the Premises under this Lease or to perform Landlord's duties under this Lease.

Section 14. Surrender of Premises; Holding Over.

On the termination of this Lease, Tenant shall promptly surrender and deliver the Premises to Landlord in as good condition as they are now at the date of this Lease, including any Tenant Improvements or other alterations made by Tenant in accordance with the Lease, reasonable wear and tear excepted.

Section 15. Indemnity.

(a) Tenant agrees to indemnify and defend Landlord from any claims, demands, and causes of action of any nature and any expense incident to the defense, for injury to or death of persons or loss of or damage to property occurring on or about the Premises that grow out of or are connected with Tenant's use and occupation of the Premises or the condition of the Premises during the Term, except for those arising from Landlord's willful misconduct or intentional acts.

(b) Landlord agrees to indemnify and defend Tenant from any claims, demands, and causes of action of any nature and any expense incident to the defense, for injury to or death of persons or loss of or damage to property occurring on or about the Premises that grow out of or are connected with Landlord's maintenance and repair of the building or facilities of which the Premises are a part or the Shared Facilities or arising from Landlord's gross negligence, willful misconduct, or intentional acts during the Term, except for those arising from Tenant's willful misconduct or intentional acts.

Section 16. Tenant Insurance.

(a) Tenant agrees to procure and maintain public liability insurance, from a responsible insurance company authorized to do business in California, with a combined single limit of not less than Ten Million Dollars (\$10,000,000.00) for injury or death to any person or damage to property, for any claims, demands, or causes of action of any person arising out of accidents occurring on the Premises during the Term or arising out of Tenant's use of the Premises.

(b) Each policy of insurance shall be issued by a responsible insurance company authorized to do business in California, and shall be issued in the name of Tenant, with Landlord named as an additional insured by way of an endorsement and with a standard mortgagee endorsement for any beneficiary under any deed of trust covering the Premises, if required by the deed of trust, as their respective interests may appear. Tenant shall deliver a certificate for each insurance policy to Landlord with all relevant endorsements. Each policy of insurance shall be primary and noncontributory with any policies carried by Landlord and, to the extent obtainable, any loss shall be payable notwithstanding any act or negligence of Landlord that might otherwise result in forfeiture of insurance. Each insurance policy shall provide that a thirty (30) day notice of cancellation and of any material modification of coverage shall be given to all named insureds. The insurance coverage required under this Section may be carried by Tenant under a blanket policy insuring other locations of Tenant's business, provided that the Premises covered by this Lease are specifically identified as included under that policy. Tenant agrees that upon the failure to insure as provided in this Lease, or to pay the premiums in the insurance, Landlord may contract for the insurance and pay the premiums, and all sums expended by Landlord for the

insurance shall be considered additional rent under this Lease and shall be immediately repayable by Tenant.

(c) Tenant and Landlord each release the other and waive the entire right of recovery against the other for loss or damage arising out of or incident to the perils insured against, which perils occur in, on, or about the Premises, whether due to the negligence of Landlord or Tenant or their agents, employees, contractors, or invitees. Tenant and Landlord shall, upon obtaining the required policies of insurance, give notice to the insurance carriers that this mutual waiver of subrogation is in this Lease.

Section 17. Landlord's Insurance.

During the term of this Lease Landlord shall maintain the types of insurance and the amount of coverage as set forth in Exhibit D.

Section 18. Assignment and Subletting.

Tenant is not allowed to sublease any portion of the premises or assign this lease to another party. Should the Tenant find that it is in its best interest not to occupy a specific space, it may seek out other non-profit educational institutions and submit such a proposal to the Landlord. In the event that a direct agreement is reached between the Landlord and the proposed third-party institution, the rental costs of \$2.00 per square foot during the remainder of the term will be removed from the rent for said space.

Section 19. Hazardous Substances.

(a) Reportable Uses Require Consent. The term "Hazardous Substance" as used in this Lease shall mean any product, substance, or waste whose presence, use, manufacture, disposal, transportation, or release, either by itself or in combination with other materials expected to be on the Premises, is either: (i) potentially injurious to the public health, safety or welfare, the environment or the Premises, (ii) regulated or monitored by any governmental authority, or (iii) a basis for potential liability of Landlord to any governmental agency or third party under any applicable statute or common law theory. Hazardous Substances shall include, but not be limited to, hydrocarbons, petroleum, gasoline, and/or crude oil or any products, by-products or fractions thereof. Tenant shall not engage in any activity in or on the Premises which constitutes a Reportable Use of Hazardous Substances without the express prior written consent of Landlord and timely compliance (at Tenant's expense) with all Applicable Requirements. "Reportable Uses" shall mean (i) the installation or use of any above or below ground storage tank, (ii) the generation, possession, storage, use, transportation, or disposal of a Hazardous Substance that requires a permit from, or with respect to which a report, notice, registration or business plan is required to be filed with, any governmental authority, and/or (iii) the presence at the Premises of a Hazardous Substance with respect to which any Applicable Requirements requires that a notice be given to persons entering or occupying the Premises or neighboring properties. Notwithstanding the foregoing, Tenant may use any ordinary and customary materials reasonably required to be used in the normal course of the Agreed Use, so long as such use is in compliance with all Applicable Requirements, is not a Reportable Use, and does not expose the Premises or neighboring property to any meaningful risk of contamination or damage

or expose Landlord to any liability therefor. In addition, Landlord may condition its consent to any Reportable Use upon receiving such additional assurances as Landlord reasonably deems necessary to protect itself, the public, the Premises and/or the environment against damage, contamination, injury and/or liability, including, but not limited to, the installation (and removal on or before Lease expiration or termination) of protective modifications (such as concrete encasements) and/or increasing the Security Deposit.

(b) **Duty to Inform Landlord.** If Tenant knows, or has reasonable cause to believe, that a Hazardous Substance has come to be located in, on, under or about the Premises, other than as previously consented to by Landlord, Tenant shall immediately give written notice of such fact to Landlord, and provide Landlord with a copy of any report, notice, claim or other documentation which it has concerning the presence of such Hazardous Substance.

(c) **Tenant Remediation.** Tenant shall not cause or permit any Hazardous Substance to be spilled or released in, on, under, or about the Premises (including through the plumbing or sanitary sewer system) and shall promptly, at Tenant's expense, take all investigatory and/or remedial action reasonably recommended, whether or not formally ordered or required, for the cleanup of any contamination of, and for the maintenance, security and/or monitoring of the Premises or neighboring properties, that was caused or materially contributed to by Tenant, or pertaining to or involving any Hazardous Substance brought onto the Premises during the term of this Lease, by or for Tenant, or any third party.

(d) **Tenant Indemnification.** Tenant shall indemnify, defend and hold Landlord, its agents, employees, lenders and ground landlord, if any, harmless from and against any and all loss of rents and/or damages, liabilities, judgments, claims, expenses, penalties, and attorneys' and consultants' fees arising out of or involving any Hazardous Substance brought onto the Premises by or for Tenant, or any third party (provided, however, that Tenant shall have no liability under this Lease with respect to underground migration of any Hazardous Substance under the Premises from adjacent properties). Tenant's obligations shall include, but not be limited to, the effects of any contamination or injury to person, property or the environment created or suffered by Tenant, and the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease. No termination, cancellation or release agreement entered into by Landlord and Tenant shall release Tenant from its obligations under this Lease with respect to Hazardous Substances, unless specifically so agreed by Landlord in writing at the time of such agreement.

(e) **Landlord Indemnification.** Landlord and its successors and assigns shall indemnify, defend, reimburse and hold Tenant, its employees and lenders, harmless from and against any and all environmental damages, including the cost of remediation, which existed as a result of Hazardous Substances on the Premises prior to the Commencement Date or which are caused by the gross negligence or willful misconduct of Landlord, its agents or employees. Landlord's obligation, as and when required by the Applicable Requirements, shall include, but not be limited to, the cost of investigation, removal, remediation, restoration and/or abatement, and shall survive the expiration or termination of this Lease.

(f) **Investigations and Remediations.** Landlord shall retain the responsibility and pay for any investigations or remediation measures required by governmental entities having

jurisdiction with respect to the existence of Hazardous Substances on the Premises prior to the Commencement Date, unless such remediation measure is required as a result of Tenant's use (including alterations) of the Premises, in which event Tenant shall be responsible for such payment. Tenant shall cooperate fully in any such activities at the request of Landlord, including allowing Landlord and Landlord's agents to have reasonable access to the Premises at reasonable times in order to carry out Landlord's investigative and remedial responsibilities.

(g) **Landlord Termination Option.** If a Hazardous Substance Condition occurs during the term of this Lease, unless Tenant is legally responsible therefor (in which case Tenant shall make the investigation and remediation thereof required by the Applicable Requirements and this Lease shall continue in full force and effect), Landlord may, at Landlord's option, either (i) investigate and remediate such Hazardous Substance Condition, if required, as soon as reasonably possible at Landlord's expense, in which event this Lease shall continue in full force and effect, or (ii) if the estimated cost to remediate such condition exceeds twelve (12) times the then monthly Base Rent, give written notice to Tenant, within thirty (30) days after receipt by Landlord of knowledge of the occurrence of such Hazardous Substance Condition, of Landlord's desire to terminate this Lease as of the date sixty (60) days following the date of such notice. In the event Landlord elects to give a termination notice, Tenant may, within ten (10) days thereafter, give written notice to Landlord of Tenant's commitment to pay the amount by which the cost of the remediation of such Hazardous Substance Condition exceeds an amount equal to twelve (12) times the then monthly Base Rent. Tenant shall provide Landlord with said funds or satisfactory assurance thereof within thirty (30) days following such commitment. In such event, this Lease shall continue in full force and effect, and Landlord shall proceed to make such remediation as soon as reasonably possible after the required funds are available. If Tenant does not give such notice and provide the required funds or assurance thereof within the time provided, this Lease shall terminate as of the date specified in Landlord's notice of termination.

Section 20. Sale of East Campus.

Landlord agrees to give Tenant the first right of refusal to purchase the Premises. Landlord shall deliver such offer to Tenant in writing. Tenant shall have 10 days after its receipt of such offer to agree in writing to purchase the Premises on the terms and conditions in the offer, or Tenant's right of first refusal shall automatically expire; provided, however, that if Landlord does not complete and close the sale of the Premises to the proposed buyer, then Tenant's first right of refusal provided for in this Section 20 shall be reinstated and Landlord shall again be obligated to provide Tenant with a first right of refusal to purchase the Premises upon Landlord receiving an offer to purchase the Premises from a subsequent buyer. Landlord agrees to assign this Lease to any purchaser of the Premises. In the event of such sale, Tenant shall not be liable for payment of the increased property taxes resulting from such sale.

Section 21. Default.

Any of the following events or occurrences shall constitute a material breach of this Lease by Tenant and, after the expiration of any applicable grace period, shall constitute an event of default (each an "Event of Default"):

(a) The failure by Tenant to pay any amount in full when it is due under the Lease

within five (5) days after written notice from the Landlord;

(b) The failure by Tenant to perform any obligation under this Lease, which by its nature Tenant has no capacity to cure;

(c) The failure by Tenant to perform any other obligation under this Lease, if the failure has continued for a period of thirty (30) days after Landlord demands in writing that Tenant cure the failure. If, however, by its nature the failure cannot be cured within thirty (30) days, Tenant may have a longer period as is necessary to cure the failure, but this is conditioned upon Tenant's promptly commencing to cure within the thirty (30) day period and thereafter diligently completing the cure. Tenant shall indemnify and defend Landlord against any liability, claim, damage, loss, or penalty that may be threatened or may in fact arise from that failure during the period the failure is uncured;

(d) Any of the following: A general assignment by Tenant for the benefit of Tenant's creditors; any voluntary filing, petition, or application by Tenant under any law relating to insolvency or bankruptcy, whether for a declaration of bankruptcy, a reorganization, an arrangement, or otherwise; the abandonment, vacation, or surrender of the Premises by Tenant without Landlord's prior written consent; or the dispossession of Tenant from the Premises (other than by Landlord) by process of law or otherwise;

(e) The appointment of a trustee or receiver to take possession of all or substantially all of Tenant's assets; or the attachment, execution or other judicial seizure of all or substantially all of Tenant's assets located at the Premises or of Tenant's interest in this Lease, unless the appointment or attachment, execution, or seizure is discharged within ninety (90) days; or the involuntary filing against Tenant, or any general partner of Tenant if Tenant is a partnership, of

(i) a petition to have Tenant, or any partner of Tenant if Tenant is a partnership, declared bankrupt, or

(ii) a petition for reorganization or arrangement of Tenant under any law relating to insolvency or bankruptcy, unless, in the case of any involuntary filing, it is dismissed within ninety (90) days;

(f) The abandonment of the Premises by Tenant.

Section 22. Remedies.

Except where this is inconsistent with or contrary to any provisions of this Lease, no right or remedy conferred upon or reserved to either party is intended to be exclusive of any other right or remedy, or any right or remedy given or now or later existing at law or in equity or by statute. Except to the extent that either party may have otherwise agreed in writing, no waiver by a party of any violation or nonperformance by the other party of any obligations, agreements, or covenants under this Lease shall be deemed to be a waiver of any subsequent violation or nonperformance of the same or any other covenant, agreement, or obligation, nor shall any forbearance by either party to exercise a remedy for any violation or nonperformance by the other party be deemed a waiver by that party of the rights or remedies with respect to that

violation or nonperformance.

Section 23. Late Charge.

Tenant acknowledges that Tenant's failure to pay any installment of the Monthly Rent, or any other amounts due under this Lease as and when due, may cause Landlord to incur costs not contemplated by Landlord when entering into this Lease, the exact nature and amount of which would be extremely difficult and impracticable to ascertain. Accordingly, if any installment of the Monthly Rent, or any other amount due under the Lease, is not received by Landlord as and when due, then, Landlord shall provide written notice to Tenant, and if Tenant has not paid such installment of Monthly Rent within ten (10) days of such installment being due to Landlord, Tenant shall pay to Landlord an amount equal to six percent (6%) of the past due amount, which the parties agree represents a fair and reasonable estimate of the costs incurred by Landlord as a result of the late payment by Tenant.

Section 24. Default Interest.

Subject to Section 23 above, if Tenant fails to pay any amount due under this Lease as and when due, that amount shall bear interest at 5% per annum from thirty-one (31) days following the date such payment becomes delinquent until paid.

Section 25. Waiver of Breach.

Any express or implied waiver of a breach of any term of this Lease shall not constitute a waiver of any further breach of the same or other term of this Lease; and the acceptance of rent shall not constitute a waiver of any breach of any term of this Lease, except as to the payment of rent accepted.

Section 26. Estoppel Certificates.

At any time, with at least fifteen (15) days prior notice by Landlord, Tenant shall execute, acknowledge, and deliver to Landlord a certificate certifying:

- (a) the Commencement Date and the Term,
- (b) the amount of the Monthly Rent,
- (c) the dates to which rent and other charges have been paid,
- (d) that this Lease is unmodified and in full force or, if there have been modifications, that this Lease is in full force, as modified, and stating the date and nature of each modification,
- (e) that no notice has been received by Tenant of any default by Tenant that has not been cured, except, if any exist, those defaults must be specified in the certificate, and Tenant must certify that no event has occurred that, but for the expiration of the applicable time period or the giving of notice or both, would constitute an Event of Default under this Lease,

(f) that no default of Landlord is claimed by Tenant, except, if any, those defaults must be specified in the certificate, and

(g) other matters as may be reasonably requested by Landlord.

Any certificate may be relied on by prospective purchasers, mortgagees, or beneficiaries under any deed of trust on the Premises or any part of it.

Section 27. Attorney Fees.

If any action at law or in equity is brought to recover any rent or other sums under this Lease, or for or on account of any breach of or to enforce or interpret any of the covenants, terms, or conditions of this Lease, or for the recovery of the possession of the Premises, the prevailing party shall be entitled to recover from the other party as part of prevailing party's costs reasonable attorney fees, the amount of which shall be fixed by the court and shall be made a part of any judgment rendered.

Section 28. Notices.

Except as otherwise expressly provided by law, all notices or other communications required or permitted by this Lease or by law to be served on or given to either party to this Lease by the other party shall be in writing and shall be deemed served when personally delivered to the party to whom they are directed, or in lieu of the personal service, upon deposit in the United States Mail, certified or registered mail, return receipt requested, postage prepaid, addressed to Tenant at:

Francophone Charter School of Oakland
9736 Lawlor Street
Oakland, CA 94605

or to Landlord at: Christian Evangelical Churches of America, Inc.
2433 Coolidge Avenue
Oakland, CA 94601

Either party, Tenant or Landlord, may change the address for the purpose of this Section by giving written notice of the change to the other party in the manner provided in this Section.

Section 29. Heirs and Successors.

This Lease shall be binding on and shall inure to the benefit of the executors, successors, and assigns of Landlord and Tenant.

Section 30. Partial Invalidity.

Should any provision of this Lease be held by a court of competent jurisdiction to be either invalid or unenforceable, the remaining provisions of this Lease shall remain in effect, unimpaired by the holding.

Section 31. Entire Agreement.

This instrument constitutes the sole agreement between Landlord and Tenant respecting the Premises, the leasing of the Premises to Tenant, and the specified lease term, and correctly sets forth the obligations of Landlord and Tenant. Any agreement or representations respecting the Premises or their leasing by Landlord to Tenant not expressly set forth in this instrument is void.

Section 32. Time of Essence.

Time is of the essence in this Lease.

Section 33. Rent.

All monetary obligations of Tenant to Landlord under the Lease shall be deemed rent.

Section 34. Amendments.

This Lease may be modified only in writing and only if signed by the parties at the time of the modification.

Section 35. Subordination.

(a) This Lease shall be subordinate to any ground lease, mortgage, deed of trust, or any other hypothecation for security now or later placed upon the Premises (collectively, "Security Device") and to any advances made on the security of it or Landlord's interest in it, and to all renewals, modifications, consolidations, replacements, and extensions of it, provided the holder of such Security Device shall provide Tenant with a commercially reasonable nondisturbance and attornment agreement. However, if any mortgagee, trustee, or ground landlord elects to have this Lease prior to the lien of its mortgage or deed of trust or prior to its ground lease, and gives notice of that to Tenant, this Lease shall be deemed prior to that mortgage, deed of trust, or ground lease, whether this Lease is dated prior or subsequent to the date of the mortgage, deed of trust, or ground lease, or the date of recording of it. If any mortgage or deed of trust to which this Lease is subordinate is foreclosed or a deed in lieu of foreclosure is given to the mortgagee or beneficiary, Tenant shall attorn to the purchaser at the foreclosure sale or to the grantee under deed in lieu of foreclosure. If any ground lease to which this Lease is subordinate is terminated, Tenant shall attorn to the ground lessor. Tenant agrees to execute any documents, in form and substance reasonably acceptable to Tenant, required to for the subordination, to make this Lease prior to the lien of any mortgage or deed of trust or ground lease, or to evidence the attornment,

(b) If any mortgage or deed of trust to which this Lease is subordinate is foreclosed or a deed in lieu of foreclosure is given to the mortgagee or beneficiary, or if any ground lease to which this Lease is subordinate is terminated, this Lease shall not be barred, terminated, cut off, or foreclosed. Neither shall the rights and possession of Tenant under this Lease be disturbed, if Tenant is not then in default in the payment of rental and other sums due under this Lease which has not been cured following expiration of any applicable cure period or otherwise in default under the terms of this Lease following the expiration of any applicable cure period, and if

Tenant attorns to the purchaser, grantee, or ground lessor or, if requested, enters into a new lease for the balance of the term of this Lease on the same terms and provisions in this Lease. Tenant agrees to subordinate this Lease to any ground lease, mortgage, deed of trust, or other hypothecation later executed is conditioned on each senior instrument providing a commercially reasonable subordination, nondisturbance and attornment agreement containing the commitments specified in this subsection.

Section 36. Merger.

The voluntary or other surrender of this Lease by Tenant, or a mutual cancellation of the Lease, or a termination by Landlord, shall not work a merger, and shall, at the option of Landlord, terminate all or any existing subtenancies or may, at the option of Landlord, operate as an assignment to a Landlord of any of the subtenancies.

Section 37. Governing Law.

This Lease shall be governed by and construed in accordance with California law. The venue for any disputes arising out of or in connection with the Lease shall be the Superior Court, County of Alameda.

[signatures follow on page 15]

The parties have executed this Lease as of the date first above written.

EXHIBIT C

INSURANCE REQUIREMENTS

Prior to commencing any work, Tenant's contractor shall furnish Landlord with insurance certificates certifying that the following insurance coverage is in force at contractor's sole cost and expense, and that Landlord will be given 30 days' notice prior to cancellation or material change:

(A) Worker's Compensation insurance with statutory benefits and Employer's Liability insurance with limits of not less than \$1,000,000 per occurrence of bodily injury by accident; \$1,000,000 per each employee and aggregate per policy year for bodily injury by disease; this policy must include a waiver of subrogation in favor of contractor and Landlord;

(B) Comprehensive commercial general liability insurance providing not less than \$1,000,000 per occurrence, with a \$2,000,000 general aggregate for Tenant's work, including \$1,000,000 products and completed operations aggregate; such insurance must be on a claims-made basis and the completed operations coverage must remain in effect for not less than five (5) years following completion of Tenant's work; the policy must include contractual liability and severability of interest clauses;

(C) Comprehensive automobile liability insurance providing not less than \$1,000,000 combined single limit per occurrence of bodily injury and property damage;

(D) Umbrella liability insurance with limits of not less than \$3,000,000 per occurrence and \$3,000,000 general aggregate per policy, with \$3,000,000 products and completed operations aggregate, such insurance must be on a claims-made basis and the completed operations coverage is to remain in place for five (5) years after completion of project.

Insurance coverage is to be from companies with a general policyholders rating of A and a financial rating of X or better in the latest edition of Best's Insurance Guide.

Insurance certificates must be prepared on Acord forms, must reflect that the insurance policies name Landlord and the Landlord parties as designated by Landlord, as additional insureds, and must reflect that the coverage afforded to the additional insureds by the liability policies is primary and that any insurance carried by Landlord is strictly excess and secondary and will not contribute with contractor's liability insurance.

CERTIFICATE OF LIABILITY INSURANCE

CHRIEVA-04

LMARTINEZ1

DATE (MM/DD/YYYY)
10/29/2025

THIS CERTIFICATE IS ISSUED AS A MATTER OF INFORMATION ONLY AND CONFERS NO RIGHTS UPON THE CERTIFICATE HOLDER. THIS CERTIFICATE DOES NOT AFFIRMATIVELY OR NEGATIVELY AMEND, EXTEND OR ALTER THE COVERAGE AFFORDED BY THE POLICIES BELOW. THIS CERTIFICATE OF INSURANCE DOES NOT CONSTITUTE A CONTRACT BETWEEN THE ISSUING INSURER(S), AUTHORIZED REPRESENTATIVE OR PRODUCER, AND THE CERTIFICATE HOLDER.

IMPORTANT: If the certificate holder is an ADDITIONAL INSURED, the policy(ies) must have ADDITIONAL INSURED provisions or be endorsed. If SUBROGATION IS WAIVED, subject to the terms and conditions of the policy, certain policies may require an endorsement. A statement on this certificate does not confer rights to the certificate holder in lieu of such endorsement(s).

CERTIFICATE OF COMPLIANCE

Date: 4/2/2025

CHRISTIAN EVANGELICAL CHURCHES OF AMERICA INC
2433 COOLIDGE AVE
OAKLAND, CA 94601-2630

Facility / Site Location:
PATTEN COLLEGE
2442 COOLIDGE AVE
OAKLAND, CA 94601

The Certificate of Compliance is Non-transferrable.

Pursuant to Oakland Municipal Code 13401 Section 15.12, a Fire/Life Safety inspection was conducted on 4/2/2025 at 2442 COOLIDGE AVE. This Fire Clearance/Certificate is being granted and is valid provided that the following conditions are met:

CFC Section 102.3: Change of use or occupancy. Changes shall not be made in the use or occupancy of any structure that would place the structure in a different division of the same group or occupancy or in a different group of occupancies, unless such structure is made to comply with the requirements of this code and the California Building Code.

CFC Section 109.1: 109.1 Maintenance of safeguards. Where any device, equipment, system, condition, arrangement, level of protection, or any other feature is required for compliance with the provisions of this code, or otherwise installed, such device, equipment, system, condition, arrangement, level of protection, or other feature shall thereafter be continuously maintained in accordance with this code and applicable referenced standards.

We want to take this opportunity to thank you for maintaining your building in accordance with Fire/Life Safety standards, which make the City of Oakland a safer city.

Should you have any questions, please call (510) 238-3462.

Sincerely,

rolando lara
Oakland Fire Department
Office of the Fire Marshal

APN: 027 087903001
Inspection Reference #: 19733355
Record #: FDB25-04935
Fire Prevention District: FPD 4
Station #: 13

Register for a Fire ACA (Accela Citizen Access) account to obtain detailed information to your Fire inspection records. The registration provides transparent access to all your Fire records. See scheduled inspections, inspection results and photos taken during the inspections. You can also access and save/print inspection letters. Please visit <https://aca.accela.com/oakland> to register.

We are also excited to announce that a mobile APP is available for registered users in the APP store for Apple or Android devices. Search for City of Oakland Fire ACA Records. Use the same log-in as the one you created for ACA (once you have been notified of account activation). Letters and Photos are located under Reports and can be printed or saved.

LCFF Calculator Caveats

v.26.2

8/1/2025

Every effort was made to make the calculator as accurate as possible. However, because the calculator is based on estimates and assumptions, actual Local Control Funding Formula (LCFF) funding may differ from the amounts generated by the calculator. In some cases, LEA-specific and unique complexities that exist for a small percentage of local educational agencies (LEAs) may result in errors. Every unique situation is not modeled in the calculator, and **the calculator may not be useful for all LEAs.**

The following bullets highlight these assumptions, and some of the unique situations and known issues that could be identified.

General	The calculator is based on the LCFF statute as currently written, unless otherwise noted in these caveats. In some cases there may be differences in rounding +/- \$1.
	The calculator includes cost of living adjustments (COLA) and if applicable proration factors as estimated by the Department of Finance (DOF).
	The calculator prepopulates with certified data provided by the California Department of Education (CDE) for the calculation of principal apportionment. Users should independently verify prefilled data, and should make adjustments as needed if revisions have been filed.
	The Education Protection Account (EPA) proportionate share percentage is based on estimates released by the CDE that may not yet be finalized. Therefore, the percentage may change from what is shown in the calculator through final calculation in February of the following fiscal year.
	EPA revenue in the 2021-22 fiscal year increased to an unprecedented level of funding which necessitated changes to the calculation. Pursuant to Section 112 of AB 181 (Chapter 52, Statutes of 2022), the 2012-13 Revenue Limit rates for school districts and charter schools were adjusted to reflect statutory COLA increases from 2013-14 through 2021-22. These rates will continue to receive COLA adjustments moving forward.
NEW 2024-25	On the Data Entry tab, there are three new columns that include an additional three years of historical data for local educational agencies. These columns do not create calculations for these years, but may impact the three prior year calculations (PY3, PY2). Districts can use these to enter in audit adjustments or other necessary adjustments from reorganizations or mergers to their attendance, enrollment, unduplicated pupil counts, or charter shift increases or decreases.
Charter School Calculations	
NEW 2025-26	The calculator is not designed to directly calculate budget estimates for all-charter school districts because of the unique options selected at the time the district converted. It is recommended all-charter school districts contact the CDE to determine the best method for estimating LCFF revenues.
	Charter schools that are funded under different funding methodologies due to their pupil population are not included as a single scenario within the calculator. These schools are mainly those authorized by a county board of education.
	The calculator is designed for a district to calculate the in lieu taxes and, as such, charter schools should contact their sponsoring authority for in lieu tax amounts to ensure accuracy.
	The calculator does not take into account the following: -District reorganizations that include a charter school(s) newly authorized by one or more districts affected by the reorganization. -Charter schools that operated in the prior year but have been reauthorized by a different agency in the current year and have not been certified within the PASE system. -The LCFF fire recovery protections for charter schools included in Education Code 46392(g).
	For specified charter schools that were damaged, destroyed, or directly impacted as a result of a state of emergency that was declared by the Governor in January 2025.
	If any of these situations apply, we recommend working with the CDE and FCMAT to determine if the calculator can be adapted.
School District Calculations	
NEW 2025-26	2019-20 certified ADA was adjusted after the R3 certification cycle for school districts that were the sponsoring LEA of a charter school that discontinued operation by the end of 2019-20. This ADA adjustment was only made to accommodate an accurate calculation of the three prior-year average (PY1 2021-22, PY2 2020-21, PY3 2019-20) commencing with the 2022-23 fiscal year.
	For districts with necessary small schools (NSS) , the calculator models different combinations of NSS and regular ADA to determine the overall maximum funding available. Districts with necessary small schools should refer to the Instructions tab. Districts are encouraged to independently select their funding options and evaluate the results to determine which funding method they will elect to
	The calculator does not take into account the following funding adjustments for basic aid school districts : - Basic Aid Choice - Basic Aid Court-Ordered Voluntary Pupil Transfer - Basic Aid Open Enrollment - Basic Aid Supplement Charter School Adjustment
	The calculator does not include the LCFF fire recovery protections for LEAs included in the 2025-26 Education Trailer Bill. A basic aid school district in Los Angeles County that loses local property tax revenue due to the Eaton and Palisades fires in January 2025 will be reimbursed from the state General Fund for losses in the 2024-25 and 2025-26 fiscal years. The reimbursement will follow a schedule submitted by the county and distributed by the state controller no later than September 30, 2025.
	The calculator accounts for the impact of district reorganizations that have been certified by the CDE via the PASE system to support more accurate projections. Historical year projections may not align with CDE exhibits for those years. To reconcile historical year calculations to CDE's LCFF Calculation exhibits, manual adjustments must be made to the ADA section for those years in the data entry tab. If needed, FCMAT recommends working with its team to align the historical year calculations with CDE's LCFF Calculation exhibit.

LCFF Calculator Navigation

v.26.2 8/1/2025

Structure:

- 1 The LCFF Calculator structure has been built to maintain a standard eight-year structure that includes two historical years, one current year and five projection years.
- 2 The Data Entry tab was designed to cluster data entry sections by projection type (charter school or school district). Charter school data entry sections are intentionally placed at the top of the page due to the limited amount of data required to complete a projection.
- 3 The workbook contains conditional formatting to guide users through data entry. Once a projection type is identified and all basic questions are answered, only the highlighted sections require data entry; all remaining sections not applicable to the projection will remain grayed out. **No data should be entered in sections that are not highlighted.**

Projection Type Not Identified	Charter School Projection	School District Projection
	Data Entry Sections	Data Entry Sections

- 4 A separate calculation must be prepared for each LEA, either district or charter school.
- 5 **Version Names will reflect the last two digits of the current projection year, followed by ".1" or ".2". If additional updates are needed, letter suffixes such as ".1a" or ".2b" will be used.**
 - version.1 includes prepopulated PY1-PY3 data from the CDE's P-1 Certification.
 - version.2 includes prepopulated PY1-PY3 data from the CDE's P-2 Certification.**For example, for the 2025-26 projection year, version v26.1 includes P-1 certification data and version 26.2 includes P-2 certification data.**

Data entry cells: prepopulated with the most current certified data; all data entry cells are unlocked for user edit. Prepopulated data cannot be restored after user override.

Tab Navigation Key:

Information tabs: provide important projection information and should be reviewed with each update.

Data Entry tab: single data entry tab for ALL LCFF calculations. Sections to be completed are identified through highlighting upon entry of CDS code and responses to required questions.

Primary calculation results tabs: provide calculations and results summaries only. No data is entered on these tabs.

Secondary support calculation tabs: provide details of supporting calculations for components that do not apply to all LEA calculations. No data is entered on these tabs.

User editable tabs: preformatted graphs and blank worksheet tabs.

Instructions:

- 1 **Review Caveats:** Important details that may affect LEA calculations are noted in this tab. **This tab should be reviewed with each update.**
- 2 **Data Entry tab:** Data for all calculation types is entered into the Data Entry tab.
 - Start a calculation by entering the five-digit code for a school district calculation or seven-digit school code for a charter school calculation. Once the LEA code is entered, the LEA type (district or charter) will be identified and the applicable data entry sections will be highlighted for completion.
 - New charter schools that do not yet have a CDS code should select "Yes" from the drop-down list following the question below the CDS code box.

Section (1) Universal Assumptions: Prepopulated assumptions are based on the most current data released by the Department of Finance and the California Department of Education. COLA and EPA assumptions should be reviewed and updated to match percentage updates published after the version release.

EPA Miscellaneous Adjustments (P-2 Certification only) - cell L23: For LEAs that need to update the version.1 (spring release) of the LCFF calculator with P-2 certification data before FCMAT publishes its version.2 (summer release), the row titled "EPA Miscellaneous Adjustments (P-2 Certification only)" has been added in the PY1 column, cell L23. LEAs should enter data in this field **only in late June, after the California Department of Education publishes the P-2 certification data and before FCMAT releases the version.2 LCFF calculator.** This field is only open in the version.1 of the calculator. An EPA miscellaneous adjustment is calculated once at P-2 and reported on the CDE's P-2 Education Protection Account exhibit, line D-2. This EPA miscellaneous adjustment offsets LCFF State Aid (object 8011).

Section (2) Charter School Data Elements Required to Calculate the LCFF: Enter charter school data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

Section (3) School District Data Elements Required to Calculate the LCFF: Enter school district data elements in this section of the Data Entry tab ONLY; do not enter data in sections that are grayed out.

- In Lieu of Taxes:** School districts that are the sponsoring LEA for a charter school or are otherwise required to transfer property taxes to a charter school should answer "YES" to the applicable question in this section, then complete section (5) School District In-Lieu of Property Tax Calculation for Charter Schools.
- Necessary Small Schools:** School districts that have necessary small schools should answer "YES" to the applicable question in this section, then complete section (4) Necessary Small Schools ADA.
- TK Add-on Funding:** ADA for TK students must be entered in this section for the add-on to calculate. TK ADA should also be included in the ADA section to properly calculate the Base, Supplemental and Concentration grants.
- Charter Shift ADA:** Prior year ADA used in the determination of school district funding calculations is based on the greater of current year, prior year and, beginning with 2022-23 fiscal year, three-prior year average. The prior year ADA must be adjusted by the net ADA of students who "shifted" between district schools and district sponsored charter schools. Sponsoring school districts should enter the total prior year ADA by grade span of those students who attended district sponsored charter schools in the prior year and returned to attend district schools in the current year in the first section. Total prior year ADA by grade span for students who attended district schools in the prior year, then left to attend a district sponsored charter school should be entered in the second section.

Section (4) Necessary Small Schools ADA: School districts that have necessary small schools must complete section (4) on the Data Entry tab. **Prior year data must be entered for each year including historical years, even when the school is funded under LCFF.** If "Enter SCHL LCFF ADA" or "Enter SCHL FTE" is in any of the cells in the NSS ADA/FTE section, school districts should enter in the ADA/FTE for the school, and select funding method, so the calculator can accurately project funding.

-**NSS Supporting Calculations:** details related to NSS funding determination are located in the NSS Calculation tabs.

Section (5) In-Lieu of Property Tax Calculation for Charter Schools: School districts required to transfer in-lieu taxes to charter schools should select "Yes" from the drop-down list in section (3), then complete either section (a) or (b).

- Section (a): To be completed only by districts that use an alternative rate for in-lieu tax transfers or calculates the in-lieu transfers outside of this tool. Carefully review and follow the instructions located in the In-lieu tax section.
- Section (b): To be completed by districts that follow the traditional allocation of funding for in-lieu tax transfers. The tool has been designed to support basic aid district calculations, which require charter school ADA to be entered by grade span. Non basic aid districts can enter the total charter school ADA for each school in any single grade span, it is not necessary to enter ADA by grade span or separately for each charter school. Consolidating all charter school ADA into a single section will calculate a similar result.
- In-Lieu of Property Taxes Results: The supporting calculations and in-lieu of property tax transfer amounts for each charter school are located in the District In-Lieu Taxes tab.

3 **Review LCFF Calculation and EPA Results:** Detailed calculations and results can be viewed on the Calculator, EPA and Summary tabs. No data entry is required on these tabs.

4 **Supporting Calculations:** details related to NSS funding determination and in-lieu tax transfer amounts for each charter school are located in the NSS Calculation and District In-Lieu Taxes tabs.

IN-LIEU PROPERTY TAX TRANSFER

For an authorizing district, in-lieu of property tax is calculated on the lesser of property taxes per ADA or the LCFF funding per ADA

1. Property Taxes per ADA
- 2a. Adjusted base revenue per ADA x charter school ADA

For a district with students in county-operated charter, or a basic aid district with students in countywide charter schools, or a district certified as basic aid at prior year annual with students in an SBE-approved charter school, in-lieu of property tax is calculated on the lesser of property taxes per ADA, or adjusted base funding per ADA.

1. Property taxes per ADA x District of Residence ADA
- 2a. Adjusted base revenue per ADA x District of Residence ADA

To enter your own calculation of In-Lieu use the [Alternative Calculation tool](#) on the [Data Entry](#) tab
