All students will be impacted because they will create a post-secondary plan while exploring college and career opportunities, which will lead to motivation toward graduation.                      This portion of the FTE is supplemental because it exceeds the Central Base allocation of .20 FTE and .10 FTE from Title I funding. <b>ROOT CAUSE ANALYSIS</b>		
Root Cause Analysis is the process of discovering the root causes of problems in order to identify appropriate solutions. Sites engage in this process every 3 years to inform strategic actions around our identified data indicators.		
<b>Indicator</b>	<b>Strengths</b>	<b>Challenges</b>
<i>Instructions: Complete the Strengths and Challenges columns for all indicators in bold (lines 41-44). Then select ONE of the indicators from lines 45-48 (color coded in peach) to complete. You will complete Strengths and Challenges for a total of 5 indicators/combinations of indicators.</i>	<i>What is our site doing well that's leading to improvements in this indicator?</i>	<i>What 1-2 challenges are the most significant barriers to improvements in this indicator?</i>
<b>Four-Year Cohort Graduation Rate &amp; Four Year Cohort Dropout Rate</b> (Analyze these two indicators together)	Due to our staff's ability to build relationships with our students off-track to graduate we can provide some support to help students thrive in an alternative educational setting. Our data shows that we have had better success in these areas as compared to our sister schools over the course of the last 4 years. Our current graduation rate of 76.6% is over 30% higher than the next closest Alternative Education Center. Our 3 year drop out rate is 10% and under which is well below alternative education comparables.	Many of our students off-track to graduate have various issues that have led to a disconnection to the public education system. Situations like underfunded inner-city schools, uncredentialed teachers in middle and high school, and juvenile justice system impacts increase our dropout rates. If we are able to support students off-track to graduate with mental health support and therapy access in school, we can positively affect education for this subgroup of students. Specifically in '23-24 we have a reduction in staff FTE. This in addition to the difficulties of navigating a split campus environment leaves us having to organize logistics with practical staffing going forward.
<b>A-G Completion - 12th Grade</b>	Our teachers have credentials that make them highly qualified to teach all core classes to help our students off-track to graduate complete more A-G classes. As an Alternative Education Center we are not an A-G completion school.	The number of teachers we have compared to the amount of class offerings necessary to meet A-G completion is not equal. Many teachers then have to teach double booked (ELA and History together) humanities classes in order to meet the needs of our students
<b>On Track to Graduate - 9th Grade &amp; 9th Graders meeting A-G requirements</b> (Analyze these two indicators together)	N/A	N/A
<b>College Enrollment Data: Percentage of students enrolling in 2-year and 4-year colleges within one year of graduation</b> (Analyze these two indicators together)	Our students graduate eligible to enroll in a community college of their choice. In 2021 20% of students enrolled in community college within a year of graduation.	When students enroll in our school, they are most focused on credit recovery and graduation. As such, students will often enter the workforce and return a year or more later to further discuss postsecondary long term plans. There is no data available on alums transferring to 4 year schools for our analysis.
Percentage of 12th Graders who have participated in an employer-evaluated internship or similar experience	20% of Seniors participated in an employer-evaluated internship or similar experience. Our Strength is relational connections and back end support for students going through difficult situations to be able to access internship opportunities	Many of our students work and do not have the ability to participate in internships due to time and personal constraints. In addition, many students have not learned the skill of follow-through and completion in regard to activities. This area of growth needs to be addressed as a school in order to see this 20% success increase to 30%-50%.
Percentage of students who have passed any dual enrollment course with a C- or better in grades 9-12	0% of Bunche students have been enrolled in Dual Enrollment	0% of Bunche students have been enrolled in Dual Enrollment
Percentage of 10th-12th grade students in Linked Learning pathways	100% of our 10th-12th Grade students are in Linked Learning Pathways	No challenges have been noted in this area
CTE Completion Data: Percentage of students who attempted CTE program completion and achieved a C- or better in both the Concentrator and Capstone course	None of our students have completed the CTE track due to the fact that our students get to our program in 11th or 12th grade and don't have the time, bandwidth, or ability to finish their CTE track because it doesn't line up with graduation tracks (which is the purpose of Measure N and H).	The challenge is that a continuation school has shorter timelines than a comprehensive high school which makes it more difficult to complete CTE certification in only 6 to 12 months while finishing out core classes toward improving graduation rates.

<b>PATHWAY QUALITY ASSESSMENT</b>			
<i>Using the 2023-26 College and Career for All and Linked Learning Quality Standards, self-assess in each category</i>	<b>Evidence of Strengths</b>	<b>Areas For Growth</b>	<b>Next Steps</b> <i>Will any of these categories be a priority for your 3-year goals? If yes, which ones?</i>
<b>Integrated Program of Study</b> Equitable Admissions Cohort Structure Curriculum and Instructional Design and Delivery Assessment of Learning Early College Credit Opportunities Partner Input and Validation	100% of Bunche students are in the Hospitality, Tourism, and Recreation Pathway. In addition, the CTE HTR state standards are integrated and aligned with all Academic core subject standards. Conceptual alignment is explicitly stated in the Pathway curriculum and instructional design and delivery category.	Continue developing strategies to increase concurrent enrollment at Peralta colleges. Continued collaboration time and professional development for teachers to develop more cross-curricular pathway focused alignment.	Our priority will be in the area of Curriculum and Instructional Design and Delivery. We need a teacher with a CTE credential and want to entice multiple teachers with getting the certification necessary to embed CTE with Academics in their unique classroom settings.

<p><b>Work Based Learning</b> Work Based Learning Plans Student Work Based Learning Experiences and Self Assessments Work Based Learning Provider Assessment of Student Workplace Readiness</p>	<p>Career exploration visits to HTR centered employers on a Trimester basis along with integrating the Advisory board internship opportunities has provided solid WBL opportunities for our students. In addition, participation in the summer ECCCO program has provided WBL opportunities for students as well. Last, college exploration visits to the Peralta Community Colleges to expose students to CTE and 2-year degree/certificate programs.</p>	<p>Our Advisory Board has not maintained consistent membership and participation throughout the year. We want to hand more students off to Advisory Board partners for job opportunities post-graduation. We also want to incorporate more Community Based Organizations in our West Oakland neighborhood to see community fidelity. Student Self Assessments are a need as well.</p>	<p>Seek out partnerships from West Oakland restaurants and community based establishments. Build a stronger foot print in West Oakland and downtown for Hospitality and Tourism focus.</p>
<p><b>Integrated Student Supports</b> College and Career Preparation and Support Social-Emotional Skill Development Individual Student Supports Student Input and Validation</p>	<p>100% of our students have access to 1:1 support from case managers, school counselor, teachers and administration. Student's Social Emotional Learning is fully supported through classroom curriculum and throughout campus events and ceremonies. Mental Health services in 1:1 formats and in Gendered Groups are embedded into the master schedule. In addition, College and Career preparation is covered through an interdisciplinary lens and our academic counselor provides 1:1 support to students to build a post-graduation plan. She supports all families and students with completing FAFSA and Peralta college applications. Students receive multiple touch points and exposure to college and career options via academic curriculum, in-class presentations and 1:1 meetings with support staff.</p>	<p>Student Supports could grow in the area of transparent communication to staff and families on a consistent basis. In addition, some staff members are not as fluent in Social-Emotional Skill Development as others which can negatively affect other support staff. Student leadership would be appreciated to provide a holistic perspective on our community progress and opinions about growth.</p>	<p>Next Steps consist of building systems to ensure transparent communication with parents, students, and staff regarding students that had a COST form filled out, had a behavior issue, or had a history of behavior issues. This in conjunction with more staff being aware of their SEL and trauma informed practices could help the overall community morale.</p>

**2023-2024: YEAR ONE ANALYSIS**

**Pathway Strategic Goals**

**Pathway Quality Strategic 3 Year Goals**  
Based on the standards assessment, your data indicators and root cause analysis, what are your goals, objectives, or intended outcomes for this next 3 year cycle? Write them as SMART goals (Specific, Measurable, Achievable, Relevant & Time-Bound) using language from the Standards as a guide (when relevant). Goals should start with the "By 2026..." **Example:** By 2026 we will create and utilize a WBL reflection form and 100% of students will complete it after any type of WBL activity. We will share responses with students so they can reference for resume and college application development. The teacher team will review responses at least once per year and use information to update the pathway WBL plan.

<p><b>Goal #1:</b> By 2026</p>	<p>By 2027 we would like to have at least 3 strong partnerships with community based organizations in the West Oakland Community that provide students career exploration opportunities centered in HTR and beyond.</p>
<p><b>Goal #2:</b> By 2026</p>	<p>By 2027 we would like to have the 3 community based organizations mentioned in Goal #1 part of our advisory board. In addition, we will utilize the advisory board to provide internship opportunities and lead career centered events on campus (ie: mock interviews, resume support)</p>
<p><b>Goal #3:</b> By 2026</p>	<p>By 2027 at least one Academic Core teacher will be in pursuit of a HTR CTE credential to help support and manage the integration of HTR CTE curriculum school wide. The purpose of this goal on a large scale is to create an academic culture where all teachers receive adequate support with CTE subject matter.</p>

**Pathway Strategic Actions**

**Strategic Actions for 2023-24**  
What are 3-5 key strategic actions for 2023-24 that will support you in reaching your identified 3 year goals?

<p><b>Strategic Actions for Goal #1</b></p>	<p>Create feedback survey and request survey students can fill out to ensure we are bringing industry partners aligned with what our students are seeking. Create partnership database and designate staff member to follow-up with partners twice per trimester</p>
<p><b>Strategic Actions for Goal #2</b></p>	<p>Hold annual career exploration fair where partners and other community based organizations provide job and community opportunities to students As part of being on the advisory board, invite partners to present internship/job opportunities, conduct mock interviews and serve as professional consult to students and staff Utilize advisory board to create career pipeline for students interested in entering the workforce upon graduation Consult with advisory board on CTE curriculum to ensure students are receiving up to date workforce exposure in the classroom</p>
<p><b>Strategic Actions for Goal #3</b></p>	<p>Identify eligible HTR CTE teachers and connect with Linked Learning credentialing team Develop plan with teacher/s and determine funding available to help fund credentialing Provide leadership opportunities for any teacher pursuing HTR CTE credential (ie: ILT lead, attendance at linked learning conference in 2024)</p>

For Object Codes 1120, 5825 and all FTE, please also make sure to respond to the additional Budget Justification questions outlined in the <a href="#">EIP Budget Justification Instructions</a> .  - What is the specific expenditure or service type? Please provide a brief description (no vague language or hyperlinks) and quantify if applicable.  - How does the specific expenditure impact students in the pathway? (Where possible, also consider how the expenditure supports your 3-year goals or 2023-24 strategic actions.)  We encourage you to refer to this list of <a href="#">OUSD's Object Codes</a> , if you have questions about which object codes to use. Please note that this is a comprehensive list of all OUSD's object codes and not all of them are permissible uses of Measure N funds. <p><b>Supervisor &amp; Administrative Salaries: Hire a Pathway Coach at .10 FTE.</b> The Pathway Coach will support Ralph Bunche Academy with building and maintaining industry relationship, linking community based organizations with at-risk youth, providing career exploration opportunities, and supporting CTE teachers over the course of the school year. The Pathway Coach supports all of the Alternative Education Schools by ensuring our access to community college opportunities for youth. This Pathway Coach will also ensure fidelity with programming, transition, graduation rates, and dropout rates. All students will be impacted because the Pathway Coach will support them with opportunities to explore careers, get internships, have fulfilling CTE classes, and link their learning in high school to a pathway to college and career. In conjunction to these needs, Pathway Co-Leads will promote core teacher CTE acquisition going forward. This is in hopes that we can develop a fully functional work based learning schematic based in PBL that can be implemented holistically for student benefit. Lastly this expenditure will support parent communication and access to supports like Fafsa and peralta app access and staff unification around latest protocols and procedures to stay compliant, support, and thought-partnership. All students will be impacted by the continued Pathway integration, teacher development, academic rigor, student/family support, and Work Based Learning opportunities. **2024-2025: YEAR TWO**

Pathway Strategic Goals	
<b>Pathway Quality Strategic 3 Year Goal</b>	<b>Check in on 3-Year Goals</b> For each 3-year goal, answer: -To what extent is the pathway on track for accomplishing this goal by 2026? -What has supported or hindered progress towards each goal this year?
By 2026 we would like to have at least 3 strong partnerships with community based organizations in the West Oakland Community that provide students career exploration opportunities centered in HTR and beyond.	We currently have a partnership with Grow Together as part of our pathway. Grow together is a non-profit based in Oakland focused on garden education. With this partnership and a goal of obtaining one additional partnership per year, we will be on track to meet this goal. Specifically, we will need to be intentional about West Oakland partners.
By 2026 we would like to have the 3 community based organizations mentioned in Goal #1 part of our advisory board. In addition, we will utilize the advisory board to provide internship opportunities and lead career centered events on campus (ie: mock interviews, resume support)	At the moment our advisory board is on pause as we continue to rebuild our Pathway as it transitions to general HTR from Culinary. As we gain more community partnerships, we will solicit interests in joining an advisory board. This transition along with having an overall smaller staff this school year are the biggest hindrances to accomplishing this goal.

By 2026 at least one Academic Core teacher will be in pursuit of a HTR CTE credential to help support and manage the integration of HTR CTE curriculum school wide. The purpose of this goal on a large scale is to create an academic culture where all teachers receive adequate support with CTE subject matter.		We do not currently have any HTR CTE eligible teachers. The one teacher who was eligible for the HTR CTE credential did not return this academic year. This is our biggest hindrance for this strategic goal. We will continue to inquire with new teachers of their interests in obtaining a CTE credential.	
<b>Pathway Strategic Actions Reflection</b>			
<b>2023-2024 Strategic Actions</b>		<b>Reflection on 2023-2024 Strategic Actions</b> <i>For the Strategic Action sets for each goal, answer:</i> -Are you on track for accomplishing the actions for the related goal this school year? -If so, what has been done or will be done by the end of the year to accomplish it? -If you are not on track for accomplishing the actions this school year, what might be the reason(s) why?	
<b>23-24 Strategic Actions for Goal #1</b>	Create feedback survey and request survey students can fill out to ensure we are bringing industry partners aligned with what our students are seeking. Create partnership database and designate staff member to follow-up with partners twice per trimester Hold annual career exploration fair where partners and other community based organizations provide job and community opportunities to students	We have started a database of industry partners that will be used to plan future career events and fairs. We will continue to update the database and are on track in accomplishing this action by the end of the school year. We successfully held a career exploration fair this Fall and are planning a summer internship fair thus, are on track with this action. We need to create a feedback survey as an action for Goal #1, we have not yet created this because we have been focused on planning events so far this year.	
<b>23-24 Strategic Actions for Goal #2</b>	As part of being on the advisory board, invite partners to present internship/job opportunities, conduct mock interviews and serve as professional consult to students and staff Utilize advisory board to create career pipeline for students interested in entering the workforce upon graduation Consult with advisory board on CTE curriculum to ensure students are receiving up to date workforce exposure in the classroom	We have not formed an advisory board to date due to smaller staffing and losing our CTE teacher. We have been focused on our HTR elective courses and working in our one community partnership into those classes. This is why these strategic actions have not yet been met.	
<b>23-24 Strategic Actions for Goal #3</b>	Identify eligible HTR CTE teachers and connect with Linked Learning credentialing team Develop plan with teacher/s and determine funding available to help fund credentialing Provide leadership opportunities for any teacher pursuing HTR CTE credential (ie: ILT lead, attendance at linked learning conference in 2024)	We do not currently have any teachers eligible for an HTR CTE credential. Because of this, we are not on track to meet these strategic actions.	
<b>Pathway Strategic Actions 2024-2025</b>			
<b>2024-2025 Strategic Actions</b> <i>Based on the reflection on this year's strategic actions, what are 3-5 new or revised strategic actions (for each goal) that you will take in 2024-2025 that will support continued progress toward your 3-year goals?</i>

These trips will supplement the college visits to the Peralta Colleges to provide students with as many post secondary college exploration opportunities as possible. This expenditure will also fund one career exploration visit to a local community garden in alignment with Strategic Action #1 which is to increase local community partnerships. 20-30 students will attend each trip from all grade levels. <b>2025-2026: YEAR THREE</b>								
<b>Pathway Strategic Goals</b>								
<p><b>Pathway Quality Strategic 3 Year Goal</b></p>	<p><b>Check in on 3-Year Goals</b>                      For each 3-year goal, answer:                      -To what extent is the pathway on track for accomplishing this goal by 2026?                      -What has supported or hindered progress towards each goal this year?</p>							
<p>By 2026 we would like to have at least 3 strong partnerships with community based organizations in the West Oakland Community that provide students career exploration opportunities centered in HTR and beyond.</p>	<p>Thus far, we have formed partnerships with The Center (OUSD's Garden and Kitchen) and Oakland Ice, both of which are located in or on the edge of West Oakland. We have also done outreach to additional West Oakland-focused organizations/groups such as Mandela Grocery Cooperative, Black Liberation Walking Tour, and People's Program. We feel confident that with additional outreach and follow-up, we can meet our goal of having 3 strong partnerships in the West Oakland community by 2026.</p>							
<p>By 2026 we would like to have the 3 community based organizations mentioned in Goal #1 part of our advisory board. In addition, we will utilize the advisory board to provide internship opportunities and lead career centered events on campus (ie: mock interviews, resume support)</p>	<p><del>Factors that have hindered progress are having new pathway leads who hold additional roles at Bunche and are still developing their understanding of the pathway and</del>                      We have reached out to many community based organizations to be part of our Advisory Board for Bunche Academy's Pathway (Hospitality, Tourism, Recreation), including Growing Together, Semifreddi's, and Filoli Historic House &amp; Garden. We are currently contracting with Growing Together for an urban gardening educator who collaborates with the pathway leads for the pathway class. Semifreddi's has previously donated food products for interactive culinary units. Furthermore, Filoli has signed an MOU with Bunche &amp; Dewey to provide transportation and educational career exploration visits three times in the '24-25 SY.</p>							
<p>By 2026 at least one Academic Core teacher will be in pursuit of a HTR CTE credential to help support and manage the integration of HTR CTE curriculum school wide. The purpose of this goal on a large scale is to create an academic culture where all teachers receive adequate support with CTE subject matter.</p>	<p>We currently have two new co-pathway leads that are also Academic Core teachers. We are making progress towards this goal as we explore CTE eligibility for our new pathway leads. In addition, our Academic Core teachers are engaging in Project Based Learning to integrate pathway themes throughout the schoolwide curriculum. Teacher turnover and staff reductions have hindered this goal as we continue to try to build our pathway and obtain sustainability.</p>							
<b>Pathway Strategic Actions Reflection</b>								
<p><b>2024-2025 Strategic Actions</b></p>	<p><b>Reflection on 2024-2025 Strategic Actions</b>                      For the Strategic Action sets for each goal, answer:                      -Are you on track for accomplishing the actions for the related goal this school year?                      -If so, what has been done or will be done by the end of the year to accomplish it?                      -If you are not on track for accomplishing the actions this school year, what might be the reason(s) why?</p>							

24-25 Strategic Actions for Goal #1	Work with new Grow Together garden partner to connect with other HTR related partners	We are on track to accomplish the strategic actions for Goal #1 by the end of the 2025 SY in the following ways:  With Growing Together, we are planning a field trip with City Slicker Farm in West Oakland and a field trip to SF's Ferry Building (& Farmer's Market) for spring '25. We hope to form ongoing partnerships with these organizations/groups for the following school years.  We have reached out to three of our ongoing partnerships – Filoli, Growing Together, and Semifreddi's – about joining our advisory board and hope to have at least two confirmed by the end of the '25 SY.
	By 2025, have two community based organization partnerships that are willing to serve on an advisory board By 2025, plan student engagement event with two community based organizations	
24-25 Strategic Actions for Goal #2	By 2025, Host a career fair that includes at least 2 West Oakland based companies/organizations Plan career exploration visits to local West Oakland urban Farms Meet with current partner, Grow Together to learn of other potential partnerships	We hosted a career fair that featured eight booths, four of which are West Oakland based companies/organizations. Continuing our partnership with Growing Together we provide weekly learning opportunities with students that builds upon the development of our community Garden at Bunche. In addition, we are working with Growing Together to build future potential partnerships with community based farms such as City Slicker Farms. One of the field trips took students from the pathway to The Center in West Oakland in which students engaged in using food from their garden to build upon their culinary experience by cooking lunch. We have reached out to The Center to plan future field trips.
	Develop Measure H Committee that includes teachers interested in HTR Research other HTR Pathway programs to visit Determine if HTR CTE credential is needed for additional CTE support	We have developed a Measure H/Pathway Team that meets twice per month and includes; Our pathway co-leads, Pathway Coach, Community Schools Manager, School counselor and Principal and therefore have achieved this strategic action. In addition, we are looking at other local HTR/Culinary programs in the Bay Area to visit by next Fall. We have fallen short of this strategic action because we have prioritized other actions this school year. We are currently able to run our HTR program without a CTE-credentialed teacher and with our reduction in staff size, will likely continue with this model as we continue to serve our students.
<b>Pathway Strategic Actions 2025-2026</b>		
<b>2025-2026 Strategic Actions</b> <i>Based on the reflection on this year's strategic actions and analyzing student data, what are 3-5 new or revised strategies and actions (for each goal) you can take (as a teacher, as a pathway, as a school) to support achieving your goals by 2026?</i>		
Goal #1: By 2026	By 2026 we would like to have at least 3 strong partnerships with community based organizations in the West Oakland Community that provide students career exploration opportunities centered in HTR and beyond.	<b>New or Revised Strategic Actions for Goal #1</b> By 2026, we will plan out two retreats specifically for outreach to West Oakland community organizations that will include the pathway leads and coach. By 2026, we will have further developed our partnership with OUSD's The Center, specifically in regards to field trips and use of the Center's culinary facilities and gardens. We will also work to formalize our partnership with the Center, potentially in an advisory role. By 2026, we will have asked at least 5-7 West Oakland community organizations to form partnerships, with the goal of creating at least 3.
Goal #2: By 2026	By 2026 we would like to have the 3 community based organizations mentioned in Goal #1 part of our advisory board. In addition, we will utilize the advisory board to provide internship opportunities and lead career centered events on campus (ie: mock interviews, resume support)	<b>New or Revised Strategic Actions for Goal #2</b> By 2026, we will host 2 Career Fairs aimed toward providing students with more exposure to internship opportunities that occur in the Fall and Spring. By 2026, we will continue to develop our relationship with community organizations by reaching out to at least 5 organizations to meet our goal of having at least 3 community-based organizations on our advisory board. By 2026, collaborate in Senior Seminar and Advisory Periods to build on career skills. The collaboration would include planning to align the graduate profile, that includes an individual learning plan for each senior. There would be opportunities for career and college exploration. By 2026 incorporate the advisory board to be part of graduate profile review.
Goal #3: By 2026	By 2026 at least one Academic Core teacher will be in pursuit of a HTR CTE credential to help support and manage the integration of HTR CTE curriculum school wide. The purpose of this goal on a large scale is to create an academic culture where all teachers receive adequate support with CTE subject matter.	<b>New or Revised Strategic Actions for Goal #3</b> By 2026, hold additional professional development and planning time for project-based learning for whole school integration.
