Meeting Date June 24, 2026

Subject District - Piggyback - Liquidity Services Operations LLC/GovDeals Inc - Talent/Human Resources Department

Ask of the Board Adoption of Resolution No. 2526-0222 Declaring It Is In The Best Of The District To Piggyback On And Enter Into A Contract With Liquidity Services Operations LLC/GovDeals, Inc. Properly Entered Into Through OMNIA Partners, Public Sector, with no fiscal impact to the District. OUSD will benefit from the sale of unutilized surplus assets.

Background and Discussion Public Contract Code section 20188 allows OUSD to "piggyback" on an existing contract without OUSD needing to separately bid the contract so long as (i) the contract was properly bid, awarded, executed, and approved and (ii) the Board determines that it in the best interest of the District.

Region 4 Education Service Center (ESC)-TX issued Bid #R24-06 for Auctioneer services and Related Products and Services. Liquidity Services Operations, LLC DBA GovDeals submitted a bid and was one of several vendors awarded for the contract.

The bid became eligible as a piggyback contract and the District was alerted to the opportunity through OMNIA Partners' cooperative purchasing program. OMNIA Partners leverages competitively solicited and publicly awarded contracts to provide exceptional savings to public sector agencies across the country. The District's interest in finding lower price and efficient options is core to procurement and purchasing practices.

The Resolution finds that the Agreement was properly bid, awarded, executed, and approved and further declares that piggybacking on the Liquidity Services Operations LLC DBA GovDeals, Inc Contract is in the best interest of the District. The Resolution then accepts the offer of no cost piggyback contract with Liquidity Services Operations pursuant to the same terms and conditions found in the Agreement, up to a fiscal year not-to-exceed amount of \$1,000,000 in sales of unutilized surplus assets as states in CA Ed Code Article 14-Sale of Personal Property through December 31, 2027, and approves the associated Piggyback Agreement. Under the Piggyback, the District will benefit from a 0% fee to OUSD; 12.5% Buyer's premium paid by the winning bidder; OUSD will receive a rebate of 1.25% of its auction sales: no minimum purchase amount.

Fiscal Impact

None, OUSD will benefit from sale of unutilized surplus assets.

If such event does occur, Contractor will be entitled to receive just and equitable compensation for the satisfactory work completed on such documents.
- c) Delivery/Service Failures. Failure to deliver goods or services within the time specified, or within a reasonable time period as interpreted by the purchasing agent or failure to make replacements or corrections of rejected articles/services when so requested shall constitute grounds for the Contract to be terminated. In the event Region 4 ESC must purchase in an open market, Contractor agrees to reimburse Region 4 ESC, within a reasonable time period, for all expenses incurred.
- d) Force Majeure. If by reason of Force Majeure, either party hereto shall be rendered unable wholly or in part to carry out its obligations under this Agreement then such party shall give notice and full particulars of Force Majeure in writing to the other party within a reasonable time after occurrence of the event or cause relied upon, and the obligation of the party giving such notice, so far as it is affected by such Force Majeure, shall be suspended during the continuance of the inability then claimed, except as hereinafter provided, but for no longer period, and such party shall endeavor to remove or overcome such inability with all reasonable dispatch.

The term Force Majeure as employed herein, shall mean acts of God, strikes, lockouts, or other industrial disturbances, act of public enemy, orders of any kind of government of the United States or the State of Texas or any civil or military authority; insurrections; riots; epidemics; landslides; lighting; earthquake; fires; hurricanes; storms; floods; washouts; droughts; arrests; restraint of government and people; civil disturbances; explosions, breakage or accidents to machinery, pipelines or canals, or other causes not reasonably within the control of the party claiming such inability. It is understood and agreed that the settlement of strikes and lockouts shall be entirely within the discretion of the party having the difficulty, and that the above requirement that any Force Majeure shall be remedied with all reasonable dispatch shall not require the settlement of strikes and lockouts by acceding to the demands of the opposing party or parties when such settlement is unfavorable in the judgment of the party having the difficulty.

- e) Standard Cancellation. Region 4 ESC may cancel this Contract in whole or in part by providing written notice. The cancellation will take effect 30 business days after the other party receives the notice of cancellation. After the 30th business day all work will cease following completion of final purchase order.

- 12) Licenses. Contractor shall maintain in current status all federal, state and local licenses, bonds and permits required for the operation of the business conducted by Contractor. - 13) Survival Clause. All applicable software license agreements, warranties or service agreements that are entered into between Contractor and Region 4 ESC under the terms and conditions of the Contract shall survive the expiration or termination of the Contract. - 16) Payments. Payment shall be made after satisfactory performance, in accordance with all provisions thereof, and upon receipt of a properly completed invoice.
- 17) Price Adjustments. Should it become necessary or proper during the term of this Contract to make any change in design or any alterations that will increase price, Region 4 ESC must be notified immediately. Price increases must be approved by Region 4 ESC and no payment for additional materials or services, beyond the amount stipulated in the Contract shall be paid without prior approval. All price increases must be supported by manufacturer documentation, or a formal cost justification letter. Contractor must honor previous prices for thirty (30) days after approval and written notification from Region 4 ESC. It is the Contractor's responsibility to keep all pricing up to date and on file with Region 4 ESC. All price changes must be provided to Region 4 ESC, using the same format as was provided and accepted in the Contractor's proposal.

Region 4 ESC shall have the authority to conduct random audits of Contractor's pricing at Region 4 ESC's sole cost and expense. Notwithstanding the foregoing, in the event that Region 4 ESC is made aware of any pricing

being offered that is materially inconsistent with the pricing under this agreement, Region 4 ESC shall have the ability to conduct an extensive audit of Contractor's pricing at Contractor's sole cost and expense. Region 4 ESC may conduct the audit internally or may engage a third-party auditing firm. In the event of an audit, the requested materials shall be provided in the format and at the location designated by Region 4 ESC.

- 19) Discontinued Products. If a product or model is discontinued by the manufacturer, Contractor may substitute a new product or model if the replacement product meets or exceeds the specifications and performance of the discontinued model and if the discount is the same or greater than the discontinued model.
- 20) New Products/Services. New products and/or services that meet the scope of work may be added to the Contract. Pricing shall be equivalent to the percentage discount for other products. Contractor may replace or add product lines if the line is replacing or supplementing products, is equal or superior to the original products, is discounted similarly or greater than the original discount, and if the products meet the requirements of the Contract. No products and/or services may be added to avoid competitive procurement requirements. Region 4 ESC may require additions to be submitted with documentation from Members demonstrating an interest in, or a potential requirement for, the new product or service. Region 4 ESC may reject any additions without cause.
- 21) Options. Optional equipment for products under Contract may be added to the Contract at the time they become available under the following conditions: 1) the option is priced at a discount similar to other options; 2) the option is an enhancement to the unit that improves performance or reliability.

- 24) Site Preparation. Contractor shall not begin a project for which the site has not been prepared, unless Contractor does the preparation work at no cost, or until Region 4 ESC includes the cost of site preparation in a purchase order. Site preparation includes, but is not limited to moving furniture, installing wiring for networks or power, and similar pre-installation requirements.
- 25) Registered Sex Offender Restrictions. For work to be performed at schools, Contractor agrees no employee or employee of a subcontractor who has been adjudicated to be a registered sex offender will perform work at any time when students are or are reasonably expected to be present. Contractor agrees a violation of this condition shall be considered a material breach and may result in the cancellation of the purchase order at Region 4 ESC's discretion. Contractor must identify any additional costs associated with compliance of this term. If no costs are specified, compliance with this term will be provided at no additional charge.

Until final acceptance by Region 4 ESC, it shall be the Contractor's responsibility to protect all materials and equipment. Contractor warrants and guarantees that title for all work, materials and equipment shall pass to Region 4 ESC upon final acceptance.
- 29) Funding Out Clause. A Contract for the acquisition, including lease, of real or personal property is a commitment of Region 4 ESC's current revenue only. Region 4 ESC retains the right to terminate the Contract at the expiration of each budget period during the term of the Contract and is conditioned on a best effort attempt by Region 4 ESC to obtain appropriate funds for payment of the contract.
- 30) Indemnity. Contractor shall protect, indemnify, and hold harmless both Region 4 ESC and its administrators, employees and agents against all claims, damages, losses and expenses arising out of or resulting from the actions of the Contractor, Contractor employees or subcontractors in the preparation of the solicitation and the later execution of the Contract. Any litigation involving either Region 4 ESC, its administrators and employees and agents will be in Harris County, Texas.

In Texas alone, over 900 government entities have successfully sold over 120,000 surplus assets/lots for total auction sales exceeding \$210 million!

4
4**Describe Offeror's reputation of products and services in the marketplace.**

GovDeals was founded to provide online auction services to government agencies, and we have been solely focused on building, providing, and continuously improving these services since the company's incorporation in 1999. Our intimate knowledge of government processes and challenges contributed to our original platform design and processes, and the lessons we have learned from interactions with government clients throughout the U.S. and Canada have helped us fine-tune our platform and services. Our diverse team of auction professionals is committed to your success.

4
5**Describe if distributors/dealers/resellers/subsidiaries/partners ("affiliates") will be used to fulfill the contract. Submit a list of those affiliates authorized to sell under the proposed contract.**

Where and how does Offeror propose to maintain an authorized affiliate list so it may be accessed by Participating Agencies? How often does the supplier propose to update the affiliate list? Confirm the Offeror reviews the financial health, debarment status and overall general capacity of authorized affiliates. Offerors who use authorized affiliates are responsible for ensuring authorized affiliates are performing in accordance with the contract.

Distributors/dealers/resellers will not be used to fulfill the contract. Subsidiaries and partners are described in the Value Add section of our company's proposal.

4
6**Describe the experience and qualifications of key employees.**

GovDeals is committed to sharing our strategy knowledge with all Participants through very interactive and hands-on service. GovDeals will be a true partner with OMNIA and its Participants to enable effective management of each Participant's surplus assets. Key personnel directly serving each Participant will be an Account Manager and a regional Business Development Manager focused on your specific goals. The Account Managers, based throughout the U.S. and Canada to cover all regions of our service area, will provide on-site and remote consultations, 24/7 on-call support by phone and email, hands-on training, and dedicated service to Participants.

7**Describe Offeror's experience working with the government sector.**

GovDeals has been providing online auction services to the government sector for 23 years. As displayed on the enclosed maps, our clients include over 19,000 government agencies across the U.S. and in Canada, and we provide auction services to 34 state governments, including Louisiana, Arkansas, and New Mexico, as well as Texas Comptroller of Public Accounts. GovDeals is the largest online marketplace that provides auction services to government, educational, and related entities. The platform is designed to be user-friendly, with 250+ categories of items ranging from heavy machinery and industrial equipment to office supplies and vehicles, making it easy for potential buyers to find what they're looking for. Our large buyer base of internationally vetted bidders enables an auction success rate exceeding 94%, with the majority of items garnering higher sales prices than typically achieved through other providers.

48	Describe past litigation, bankruptcy, reorganization, state investigations of entity or current officers and directors. Neither Liquidity Services Operations LLC dba GovDeals nor its current officers and directors has faced litigation, bankruptcy, reorganization, or state investigations. No clients/sellers or customers/buyers have filed litigation or opened investigations against Liquidity Services.
49	Provide Offeror's expertise in working with public sector and understanding of the unique technical regulatory requirements. GovDeals has been providing online auction services to the government sector for 23 years. 50	Indicate if Offeror is licensed to do business in all 50 states. ☒ Yes ☐ No
51	Value Add - Provide any additional information related to products and services Offeror proposes to enhance and add value to the Contract. See attachment - Value Added Services
52	Include a per diem rate. Not applicable
53	For Non-Normal Working Hours, indicate if there is a minimum charge of hours and what the number of hours is. Not applicable
54	Is pricing available for all products and services? Yes, with the exception of potential customized services as described in Value Added Services.
55	Describe any shipping charges (where applicable). Not applicable
56	Provide pricing for warranties on all products and services. Not applicable
57	Describe any return or restocking fees. Not applicable

58	Describe any additional discounts or rebates available. Additional discounts or rebates may be offered for large quantity orders, single ship to location, growth, annual spend, guaranteed quantity, etc. Under this OMNIA contract, Participants utilizing GovDeals' Standard Services will be eligible to receive an additional 1.25% revenue on every completed auction transaction on the GovDeals platform, which will be remitted to Participants along with their auction proceeds (weekly or monthly schedule as chosen by each Participant). This revenue share arrangement is available under the majority of auction/account scenarios, but in the event a reduced fee structure is offered for specific assets or specific clients, the rebate will not apply for reduced fee auctions. In the interest of keeping costs as low as possible for Value-Added Services, availability of Revenue Share for this program will be determined on a case-by-case basis.
59	Describe how customers verify they are receiving Contract pricing. In selling and billing a service, GovDeals has very few pricing variables and they are based on the same criteria for all selling clients, whether under contract or not. The pricing is a fixed percentage of the price items sell for on GovDeals.com. Because of this, all pricing and pricing changes require management approval. GovDeals has extensive staffing in Account Management, Business Development, and Operations teams that will readily provide verification of contract pricing to any concerned Participant. We strongly believe in transparency, and we have built-in procedures and system tools to ensure account operations are in line with applicable contracts.
60	Propose the frequency of updates to the Offeror's pricing structure. Describe any proposed indices to guide price adjustments. If offering a catalog contract with discounts by category, while changes in individual pricing may change, the category discounts should not change over the term of the Contract. Except as described regarding Value Add/customized services, GovDeals does not anticipate any updates to the pricing structure. Should frequency of certain Value Add services increase to such a level that a nationwide pricing update is warranted, GovDeals will follow OMNIA/Region 4 procedures for requesting a formal update/addendum to the contract.
61	Describe how future product introductions will be priced and align with Contract pricing proposed. As much as is feasibly possible, GovDeals aligns service pricing as percentage fees, such as Buyer's Premium, and/or specified buyer fees, such as closing fees for real estate sales. While it is not common for GovDeals to add additional service offerings mid-contract, should additional services be offered to OMNIA Participants, we will follow OMNIA/Region 4 procedures for requesting an contract update/addendum.
62	Describe any diversity programs or partners supplier does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications. Under the majority of GovDeals' service models, all work is performed by the company's full-time employees. In the event subcontractor utilization is warranted, we routinely put forth Good Faith Efforts to partner with small and/or diverse businesses, including certified disadvantaged businesses, minority-owned businesses, veteran-owned businesses, and woman-owned businesses. We have not generally experienced pricing differentials based on subcontracting with diverse partners vs. large businesses. Liquidity Services is a publicly traded company and is not itself certified as a diverse business.

6.8 Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners.

Include a list of current cooperative contracts (regional and national) Offeror holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Within 2 weeks of contract signing (or as otherwise directed), GovDeals will contact each Participant utilizing our current OMNIA contract to notify of the transition to the new OMNIA cooperative contract. Little to no action or changes are expected to be required, but it will be a priority to ensure that OMNIA Participants are informed of the new award and service options that may be available. The first step of this process will include development of marketing communication and informational material to deliver to OMNIA's Participants outlining the benefits and the simplicity of the contract transition. Soon after delivery of this contract marketing material, GovDeals' Business Development teams will provide personal follow-up with these entities to answer any questions they may have. The transition process will include thorough training at each Participant's convenience, documentation, and strategy development as outlined in various sections of this proposal. Implementation and training for OMNIA and each of its Participants will be performed independently by their dedicated Account Managers and will be customized according to each Participant's unique needs. Although current clients may not find additional training necessary because the online auction system's functionality will not be affected by the contract transition, GovDeals' team will offer copies of contract documentation and will take the opportunity to discuss any specific needs or questions each client may have, in alignment with our goals of ongoing communication between GovDeals and our sellers. Although we hold several cooperative purchasing contracts, these agreements do not limit our promotion of other contracts. Our national and regional cooperatives include: • OMNIA Partners – Lead Agency: ESC Region 4, TX • OMNIA Partners – Lead Agency: ESC Region 14, TX • Sourcewell • NASPO ValuePoint – Lead Agency: State of New Mexico • Canoe Procurement Group • Kinetic GPO • BuyBoard – Texas Association of School Boards • E&I Cooperative Services • County of Orange, CA • Pinellas County Board of Commissioners, FL

Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

The heart of GovDeals' Business Development team is a field-based group of experienced regional reps responsible for local government entity business development in exclusive regions. Each is responsible for meeting budgeted goals including new client adoption, reactivated clients, conference activity, field sales, and expense/travel budgeting. Our regional Business Development Managers leverage in-person, remote, email, and telephone sales communication, trade shows, local/regional sponsorships, and other functional GovDeals teams such as marketing, sales support, and accounting to deliver the GovDeals service. Their most significant day-to-day company relationship is with their field-based Account Managers in support of our clients. Understanding that any client that does not sell all of their surplus on GovDeals.com is a "prospect" for those items, the working relationship needed to drive utilization of what is typically an at-will service rests squarely with the Sales/Service teams in the field. Overlaying the regional rep strategy is our go-to-market program for state government and federal clients and prospects. This space is the responsibility of two Directors of Business Development and a Client Relationships Manager working exclusively with these entities. The state/federal leaders are joined by an enthusiastic team of Account Managers and Business Development Managers/Administrators that directly support clients and prospects, responsible for auction management, market research, presentation development, outreach, contract oversight, and other responsibilities to increase State/Federal contract adoption and ensure client satisfaction. All direct, field-based Business Development Managers and Account Managers are compensated by salary and commission, have company-provided transportation and travel/expense budgets that allow for extensive strategic travel. Philosophically, the company provides extensive support with experienced and properly scaled teams in the areas of Sales Support, Marketing, Accounting, Operations, Customer Service, Conference Planning, and Proposal/Contract professionals to allow business development to be the top priority of the field-based teams who are responsible for growth. The Business Development and Account Management teams and their Senior Managers report to Michael Price, Vice President, Revenue. He is the highest-level executive in charge of the Revenue team. Michael can be reached by email at mprice@govdeals.ca or by phone at 416-689-8070.

Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

Our experience with OMNIA's contract since 2019 has demonstrated that the OMNIA Partners and GovDeals teams are very well aligned in both size and scope, resulting in a professional partnership that drives success. We would certainly defer to OMNIA's experience and timing relative to preferred contract transition protocol, but generally we recommend the following goals:

- Provide updated guidance to OMNIA's sales teams about GovDeals' service and value proposition, to include talking points and strategies;
- Inform OMNIA's sales teams of GovDeals' current business development protocol and guardrails around case-by-case availability of Value Add/customized services;
- Create awareness of team alignment and make introductions;
- Look for quick opportunities to connect in the field and make joint sales visits;
- Look for opportunities for OMNIA staff to attend an implementation/new client training;
- Seek opportunities for both sales teams to align at specific conferences/trade shows;
- Share a well-documented and proven process/policy designed to facilitate support and communication in a joint/dual team sales approach;
- Grow the trusting, professional, and proactive relationships within the teams.

Explain in detail how Offeror will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract

administration, etc.

Based on our existing 5-year relationship with OMNIA, and decades of experience working with a variety of other cooperatives and external relationships, GovDeals has developed documented processes supported by internal system functionality to establish, support, track, manage, and report all activities relative to contract success. Accounts will be set up the same day pertinent information is received, and the onboarding begins immediately through documented processes led by an experienced Sales Support and Account Management team. There will be very little, if any, learning curve beyond getting to know counterparts across companies. We truly appreciate our partnership with Region 4 and OMNIA, and we are committed to growing that relationship under your next Auction Services cooperative contract.

Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams nationwide,

to include, but not limited to:

i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

ii. Training and education of Supplier's national sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days

GovDeals is uniquely positioned to serve OMNIA and its Participants with an experienced staff and robust service that matches OMNIA's public sector space and government agencies' needs. As GovDeals and OMNIA grow, our company is immediately scalable to serve Participants in all 50 U.S. states and across Canada without any compromise in service. Although we are unable to commit to endorsing OMNIA's award as our "primary" contracting tool, it will be promoted as "one of our primary" contracting tools. Our extensive cooperative award experience and knowledgeable teams are already in place throughout the U.S. and Canada to enable GovDeals to immediately leverage this award. The executive revenue team at GovDeals, led by its Vice President of Revenue, Micheal Price, will continue to enthusiastically endorse the Region 4/OMNIA contract if again awarded. Although we are unable to commit to endorsing an OMNIA award as our primary contracting tool, it will be promoted equally with our other principal cooperative awards. Our extensive cooperative award experience and knowledgeable teams are already in place throughout the U.S. and Canada to enable GovDeals to immediately leverage this award with the following highlighted activities: • Within the first 10 business days after contract execution, Michael Price, Vice President, Revenue, will send an announcement to all GovDeals employees promoting this important award, the management team's commitment to successfully leveraging it, and an outline and timeline to aggressively implement and go-to-market with renewed business development strategies. • The specific contract deliverables will be reviewed with the appropriate GovDeals teams (i.e. Business Development, Account Management, Marketing, IT, Accounting, etc.). • We will ensure that OMNIA Partners' existing GovDeals cooperative account is up to date, including operation of our Partner Report functionality within the GovDeals back office that provides tracking and documentation for all aspects of a cooperative award. This effort is led by a dedicated management team member, Christy Logan, Senior Manager, Business Development Operations. • Christy also leads the Business Development Support team that will be responsible for proper account setup for all OMNIA members using the award, ensuring the Participants' GovDeals seller accounts are properly aligned with the OMNIA contract provisions. • For 23 years, GovDeals' only business has been delivering a remarkable online surplus disposition system to state and local governments in the U.S. and Canada. Therefore, there is no confusion or competing priorities relative to selling to private businesses. This allows a single focus for the management, business development, and functional support teams; as well as no bundling or use of third-party service providers to create distractions or shifting priorities due to market conditions such as the economy. GovDeals' entire success is dependent upon one service deliverable, and our employees are dedicated to ensuring our Clients' diverse goals are reached. • GovDeals currently has over 100 direct, full-time employees, including over 65 Account Managers and Business Development Managers working remotely from across the United States and Canada to serve government agencies in their respective regions. Therefore, GovDeals is currently prepared to immediately serve all OMNIA Participants, regardless of the agencies' locations or sizes. • GovDeals' Business Development and Account Management teams meet in the fall each year, and we would welcome the OMNIA team to join us for a vendor session. • The experienced GovDeals management and functional teams are already in place nationally, and sales and service to Participants will be direct and seamless through contract transition. • The continued partnership with the OMNIA team will be enthusiastically embraced across GovDeals' teams.

For 23 years, GovDeals' only business has been delivering a remarkable online surplus disposition product to state and local governments in the US and Canada, and we have extensive experience implementing, utilizing, and managing nationwide cooperative contracts such as through OMNIA. Following is an overview of steps we will take upon award in order to best leverage our second OMNIA Partners contract: • An internal meeting, led by Michael Price, Vice President, Revenue, will be scheduled within 1 week of award to review the key elements of the award and reiterate our commitment and strategy with the Business Development and Account Management teams. • Scott Starcher, Vice President, Operations, will be included on this call, and he will then conduct a parallel conference call focusing on the working processes of account setup and service delivery. • As there are no changes to the base pricing or service offered by GovDeals, we expect no delay in actively selling the contract throughout the U.S. and in Canada. • With some new Value-Added Services being offered under this contract, Miller Parks, Manager, Alternate Solutions, will meet with Business Development and Account Management leadership to promote company-wide strategies to best leverage the customized service offerings on a per-client level. Availability of Value-Added/custom services requires case-by-case approval of GovDeals' Management, factoring in volume, cost, market, and specific needs. See also: Part D: Value-Added Services of our proposal. • Of note, we invite OMNIA Partners and/or Participants to meet face-to-face with the Business Development and Account Management teams at the next annual meetings planned for Fall 2024. GovDeals will market this contract as follows: • Promotion by the 65 field-based Business Development and Account Managers • Promotion at the 140+ national, regional, and local trade shows and seminars we attend annually • Promotion of cooperative contract utilization when responding to solicitations • Promotion through our MarCom program, such as client newsletters, custom landing pages, conference handouts, etc.

CONFLICT OF INTEREST QUESTIONNAIRE

Region 4 Education Service Center (Region 4) is required to comply with Texas Local Government Code Chapter 176, Disclosure of Certain Relationships with Local Government Officers. House Bill 23 significantly changed Chapter 176 as well as the required disclosures and the corresponding forms. As of September 1, 2015, any vendor who does business with Region 4 or who seeks to do business with Region 4 must fill out the new Conflict of Interest Questionnaire (CIQ) if a conflict of interest exists. Auction Fee

Indicate the fee or fees to be charged for use of the web-based online auction system. Provide a complete fee schedule for this service. At a minimum, address each of the following items listed below. Proposers should clearly spell out and itemize or delineate all fees, fee structures, discounts and rebate structures, additional costs and/or add-ons, what party is responsible for paying credit card fees, if any, etc.

GovDeals' Zero Fee Guarantee

GovDeals guarantees that OMNIA Participants will not be required to pay any fees for GovDeals' Standard Services under this contract.

Participants will not incur any charges when utilizing GovDeals' **Standard Services** (described in **Products and Pricing – Parts A-C**). GovDeals will collect auction payments, withhold the buyer's premium, and remit 100% of each Participant's auction proceeds weekly via ACH payment.

Additional charges may apply for optional Value-Added Services, which will be capped in the manner described in **Value-Added Services – Part D**.

No Fees.

Under this OMNIA Partners contract, GovDeals will never require Participants to pay any fees for GovDeals' **Standard Services**. Participants will have the *option* of selecting the "Seller Pay" or "Split Fee" options (examples on **Page 9**), but in all circumstances, Participants will always have the option to pay zero fees for Standard Services under this contract.

No Risk.

When Participants choose the option for buyers to pay GovDeals directly, GovDeals will shoulder liability for chargebacks/buyer fraud that may occur. This guarantees that our Clients will never lose any money or assets using our payment collection services, and Buyers receive the benefit of easily making payment online for assets won at auction. GovDeals does not withhold payment during the 30-day chargeback window (as some vendors do in order to reduce their liability); payments will be remitted electronically the week following buyer pickup.

No Nonsense.

GovDeals' fees are based entirely on a percentage of the actual Winning Bid (excluding sales tax). GovDeals will only charge a fee for items that have sold and where the buyer has paid for and taken possession of the asset/lot won. Typically paid as a Buyer's Premium, this fee provides for the Participant's all-access GovDeals account, onboarding with unlimited users, ongoing auction support, robust marketing outreach, financial settlement including credit card processing, audit-level reporting, etc. – and your Account Manager on call 24/7.

- Is a fee charged if the auction is not successful (items are not sold)?

No, a fee will not be charged in the event of an unsuccessful auction, including when no bids are placed, when a reserve price is not met, or when an auction is withdrawn by the seller.

- Is the auction fee a percentage of sale price or flat fee?

The auction fee is a percentage of the sale price, typically charged to the winning bidder in the form of a Buyer's Premium, resulting in no cost to the Participant.

- Is there a minimum auction fee?

No.

- Is the auction fee the same for all auctions or a scaled fee based upon size of auction or sale price?

GovDeals' Zero Fee Guarantee applies to all **Standard Services** auctions (**Products and Pricing – Parts A-C**).

Please refer to **Value-Added Services – Part D** for information regarding customized service offerings that may involve different fee structures.

- Is the auction fee deducted from or added to the sale price?

Most commonly, the auction fee percentage is added to the final sale price, with the auction fee paid by winning bidders in the form of a Buyer's Premium.

In cases where Participants choose the "Seller Pay" option as described on **Pages 9**, the auction fee will be deducted from the final sale price.

- Provide fees for involved marketing of the auction sale, including real estate (residential, commercial and industrial lots), commercial equipment and vehicles.

All marketing efforts conducted by GovDeals will be provided at no additional cost to Participants.

- Provide any other information applicable to the auction fee.

GovDeals recommends that the auction fee be charged to winning bidders as a Buyer's Premium, so that Participants incur no fees. This enables public entities to receive the highest possible ROI for their surplus sales.

Implementation and Training

At a minimum, address each of the following items:

- Describe the types of costs, if any, applicable to implementation of the web-based auction program for a contracting member.
- Describe and provide the costs, if any, applicable to providing training for a contracting member.
- Types of costs may include implementation fee, training fee, customization fee, travel, per diem, materials, etc.
- Provide other information applicable to implementation and training fees.

No fees will be charged to Participants for any onboarding services such as implementation, training, customizations, travel, etc. Per diem and material charges are not applicable.

- Describe your implementation methodology. As an example, attach a high level project schedule, with milestones from each implementation phase

Onboarding Timeline

Account Creation:

- Within 24 hours of contract signing, GovDeals' creates the Participant's account with a login for the primary Point of Contact (POC).

Training:

- New user training can be completed in about an hour, either in-person or online.
- This comprehensive training covers the auction cycle and includes an overview of the bidder-facing website and the seller dashboard.
- Hands-on training within the live GovDeals account gives users immediate familiarity with the system.
- System is intuitive and can be picked up quickly by new users; additional training will be provided as frequently as necessary.
- User accounts can be assigned various access/security levels, such as requiring supervisor approval before auctions may be sent live.

First Auctions:

- During the training, the Participant will post its initial auction(s), which typically remain live for 7-10 days.
- The Account Manager will communicate with the Participant's team to monitor auction performance, address inquiries, and guide them through the auction cycle, including the closing and property removal.

Ongoing Support:

- The Account Manager remains available for on-site or remote assistance at any time and for no additional cost.
- The Account Manager will schedule periodic check-ins to promote best practices and ensure success.

Technical Support

- Describe and provide fees for technical support services, if any.
- Provide any other information applicable to technical support fees.

No fees will be charged to Participants for technical support. GovDeals' Account Managers can be contacted by cell phone or email 24/7.

System Upgrade & Maintenance

- Describe and provide fees system upgrade and maintenance, if any.
- Provide any other information applicable to system upgrade and maintenance fees.

No fees will be charged to Participants for ongoing upgrades and maintenance. GovDeals will be responsible for all of its internal costs.

Other Costs

Describe and provide any other fees or costs applicable to the contract. Provide a complete fee schedule for this service. At a minimum, address each of the following items:

- Sales Tax
 - Indicate how sales tax/use tax would be tracked and paid.

As applicable under strict compliance with Marketplace Facilitator regulations, GovDeals assumes responsibility for tax calculation and collection on auctions for which GovDeals collects proceeds from winning bidders.

We will promptly remit any applicable taxes to the relevant taxing authorities. This process also includes keeping records of buyers' tax exemptions.

Along with proper remittance, GovDeals will provide real-time accounting reports detailing sales tax amounts for each individual auction and overall monthly/yearly data.
 - Identify what jurisdiction(s) would be the recipient of sales tax revenue.

Working with a market leader in e-commerce tax compliance solutions, jurisdictions for remittance of sales tax revenue will be determined under strict compliance with Marketplace Facilitator regulations.

As a national/international auction provider and a publicly traded company, GovDeals has a vested interest in ensuring timely and accurate tax remittance to all applicable jurisdictions and relevant taxing authorities. We invite further questions about any specific jurisdictions that may be of concern.

- Revenue Share
 - Discuss possible revenue share arrangements.
 - Offerors should state proposed percentages, how revenue share will be calculated and how and when they will be paid.

Under this OMNIA contract, Participants utilizing GovDeals' **Standard Services** will be eligible to receive an additional 1.25% revenue on every completed auction transaction on the GovDeals platform, which will be remitted to Participants along with their auction proceeds (weekly or monthly schedule as chosen by each Participant).

This revenue share arrangement is available under the majority of auction/account scenarios, but in the event a reduced fee structure is offered for specific assets or specific clients, the rebate will not apply for reduced fee auctions. In the interest of keeping costs as low as possible for **Value-Added Services**, availability of Revenue Share for this program will be determined on a case-by-case basis.

- Is a fee charged for a Member to register on the system?

No.

- Is a fee charged for a potential bidder to register on the system?

No.

- Discuss how fees are collected from agency pay and a Buyer pay perspective

GovDeals provides multiple payment collection methods to meet our Clients' various needs. Each Participant may choose their preferred option from the options described in the following sections labeled "**Buyer Pay**," "**Seller Pay**," and "**Split Fee Structure**."

Under our most common "Buyer Pay" option, GovDeals will collect auction payments in escrow, withhold the buyer's premium, and remit 100% of each Participant's auction proceeds weekly via ACH payment. A monthly statement will be provided within each Participant's GovDeals account, but Participants will not incur any charges when utilizing GovDeals' **Standard Services** (described in **Products and Pricing – Parts A-C**).

GovDeals accepts payment from Buyers by credit card, PayPal, or wire transfer. GovDeals typically remits proceeds to Clients on a weekly basis, but monthly remittance is available for any Participants that prefer this option.

For Clients who prefer to incur a Seller Fee instead of charging a Buyer's Premium, our most popular option is for GovDeals to withhold the Seller Fee from the Agency's auction proceeds, remitting Net Proceeds (Winning Bid minus Seller Fee) to the Agency on a weekly basis. This results in the Sellers having no bill to pay.

In the event a Participant chooses to collect its own proceeds, GovDeals will provide the Participant's payment instructions to the Buyer, and we will invoice the Participant for GovDeals' fee on a monthly basis with terms of net 30 days. GovDeals accepts payments from Sellers by ACH (preferred), credit card/P-Card, and checks.

- ① **The total fee amount remains static regardless of which party is responsible for payment and regardless of the collection process.**

Buyer Pay

Most Popular: *Simplest for all parties & Seller receives highest net return*

Standard Option

❖ **Buyer Pays GovDeals for Winning Bid & Buyer's Premium; GovDeals Remits Winning Bid to the Participant**

Our standard procedure, and by far our Clients' most preferred method of financial settlement, is for GovDeals' fee to be paid in the form of a Buyer's Premium; and for GovDeals to collect payment from the buyer, and remit sales proceeds to the Seller by ACH on a weekly basis.

GovDeals will withhold the Buyer's Premium amount as our commission, and we will remit 100% of the Winning Bid to the Seller on a weekly basis. The Seller will have no bill to pay, but transaction summary statements will be provided.

Less popular Buyer Pay options

❖ **Seller chooses to receive full auction settlement funds from GovDeals**

Buyer Pays GovDeals for Winning Bid & Buyer's Premium;
and Seller pays GovDeals' fee on a monthly basis

❖ **Seller chooses to collect payments from Buyer**

Buyer Pays Seller for Winning Bid & Buyer's Premium;
and Seller pays GovDeals' fee on a monthly basis

❖ **Buyer pays separate payments to Seller and GovDeals**

Buyer Pays the Buyer's Premium to GovDeals;
and Buyer Pays the Winning Bid to the Seller

Seller Pay

No Buyer's Premium charged to Winning Bidders

Standard Option

- ❖ **Buyer Pays Winning Bid to GovDeals;
GovDeals remits Net Proceeds to Seller (Winning Bid minus Seller Fee);
GovDeals retains Seller Fee**

If the Seller prefers to pay a Seller Fee instead of charging a Buyer's Premium, Buyers will pay GovDeals the full amount of their Winning Bid. GovDeals will remit Net Proceeds (Winning Bid minus Seller Fee) to the Seller on a weekly basis. GovDeals will withhold the Seller Fee, and the Seller will have no bill to pay.

Less popular Seller Pay option

- ❖ **Seller chooses to collect payments from Buyer
Buyer Pays Winning Bid to Seller; and Seller remits Seller Fee on monthly basis**

Split Fee Structure

Seller and Buyer each pay a portion of GovDeals' fee

Single Option

- ❖ **Buyer Pays Winning Bid and Buyer's Premium to GovDeals;
GovDeals retains Buyer's Premium; and
GovDeals remits Net Proceeds to Seller (Winning Bid minus Seller Fee)**

If the Seller prefers that both parties (Seller and Buyer) split the cost of GovDeals' fee instead of a single party being responsible for fees, the Seller will have the right to determine the portion of total fee that will be paid as Buyer's Premium and the remainder as the Seller Fee.

Buyer will pay the full amount of their Winning Bid plus applicable Buyer's Premium. GovDeals will remit net proceeds (Winning Bid minus Seller Fee) to the Seller on a weekly basis. GovDeals will withhold the Buyer's Premium and Seller Fee, and the Seller will have no bill to pay.

- Describe options available for collecting payment from bidders (e.g. agency collect, Contractor collect, etc.)

Each Participant may choose to utilize GovDeals' system with our payment collection and remittance services included; or may elect to collect its own proceeds. The total fee amount remains static regardless of which party collects payment from bidders.

Payment collection options are detailed on the previous pages ([Pages 8-9](#)). Each Participant may choose their preferred option from the multiple options described within the **"Buyer Pay," "Seller Pay," and "Split Fee Structure"** sections.

Most sellers elect for GovDeals to collect their auction proceeds, which lessens Agency duties and eliminates liability. Vitally, when GovDeals is responsible for payment collection, GovDeals shoulders liability for any fraudulent payments and chargebacks, eliminating risk to the Participant.

GovDeals accepts payment from winning bidders by credit card, PayPal, or wire transfer. GovDeals typically remits proceeds to Clients on a weekly basis, but monthly remittance is available for any Participants that prefer this option. In the event a Participant chooses to collect its own proceeds, GovDeals will invoice the Participant for GovDeals' fee on a monthly basis with terms of net 30 days.

Not to Exceed Pricing. Region 4 ESC requests pricing be submitted as not to exceed pricing. Unlike fixed pricing, the Contractor can adjust submitted pricing lower if needed but, cannot exceed original pricing submitted. Contractor must allow for lower pricing to be available for similar product and service purchases. Cost plus pricing as a primary pricing structure is not acceptable.

Agreed. There will be no required fees to OMNIA Participants.

GovDeals' Zero Fee Guarantee

GovDeals guarantees that OMNIA Participants will not be required to pay any fees for GovDeals' Standard Services under this contract.

Participants will not incur any charges when utilizing GovDeals' **Standard Services** (described in **Products and Pricing – Parts A-C**). GovDeals will collect auction payments, withhold the buyer's premium, and remit 100% of each Participant's auction proceeds weekly via ACH payment.

Additional charges may apply for optional **Value-Added Services**, which will be capped in the manner described in **Part D**.

No Fees.

Under this OMNIA Partners contract, GovDeals will never require Participants to pay any fees for GovDeals' **Standard Services**. Participants will have the *option* of selecting the "Seller Pay" or "Split Fee" options (examples on [Page 9](#)), but in all circumstances, Participants will always have the option to pay zero fees for Standard Services under this contract.

Part B

GovDeals' detailed response to [Appendix D, Exhibit A, OMNIA Partners Response](#) for National Cooperative Contract is included on [pages 68-87](#) of this proposal (immediately following [Part C](#)).

- A content delivery network (CDN), a group of geographically distributed servers that delivers content from the network location closest to the user to speed up its delivery
- Systems hardware deployed in a high availability configuration
- Routine patching of infrastructure components
- Real-time back-ups of our content to ensure continuation of service
- Geographic redundancy of critical data
- Active Vulnerability and Malware scanning
- Annual Third-Party Penetration testing
- Anti-virus
- Consolidated logging with active threat monitoring

GovDeals takes the protection of your data seriously and employs the following encryption protocols:

- Data is encrypted while in transit (Transport Layer Security (TLS) 1.2 or greater)
- Data is encrypted while at rest; our Storage Service Encryption uses 256-bit Advanced Encryption Standard (AES)
- Credit card information is fully tokenized, and GovDeals maintains strict PCI-compliance

The GovDeals system and website exist in a fully redundant environment. The site is load-balanced across multiple servers. The infrastructure is hosted on the Microsoft Azure cloud platform, which supports our redundancy and scalability goals. All critical auction and customer data is fully replicated.

GovDeals utilizes multiple internal and external site monitoring systems to ensure appropriate responses to any warnings, critical issues, or other matters that need immediate attention 24 hours a day, 7 days a week, and 365 days a year.

- Describe the tools and customizations available to the seller for creating auctions, including but not limited to, internal reallocation, dutch or split auctions, reserve prices, minimum bid requirements, bidder deposit requirements, ability to copy previous auctions, ability to repost previous auctions, etc.

Fostering Seller Efficiency

Over the past two decades, we've designed features that enhance seller efficiency and streamline staff workflows while increasing seller return on investment (ROI). Let's explore some of the most popular features:

- **Internal Reallocation:** This feature allows the Participant to offer its surplus assets internally between departments or externally to other agencies or non-profit organizations before sending the assets out to public auction.
- **Dutch/Split Auctions:** GovDeals has not seen a viable market for Dutch auction or split auction functionality. Participants interested in these options are encouraged to reach out to GovDeals to explore ways we can suit your needs through other offered features or to consider development of specific functionality.
- **Reserve Pricing, Opening Bids, and Bid Increments:** These settings can be chosen by the Participant on a per-asset basis. Your Account Manager can advise you on reserve pricing based on past successes with similar government-owned assets. Additionally, GovDeals' auction calculator can recommend starting bids, bid increments, and auction dates; or these values can be input manually based on the Participant's decisions.
- **Dynamic Bid Increment:** This optional feature enables the bid increments to change in proportion to the latest high bid, which prevents participating bidders from placing low bid increments on high-dollar items.
- **Bid Deposits:** The Participant may require bidders to make a deposit for certain assets if desired. You will have the authority to determine the bid deposit amount, and prospective buyers must make this deposit before placing a bid on the designated auctions. Once GovDeals receives the deposit, the bidder's account will be open to bid on the asset. The winning bidder's deposit may be applied to the final amount due; unsuccessful bidders will have their deposit returned in full.
- **Bidder Restrictions:** The Participant may limit the types of bidders who are allowed to place bids on certain assets, but these assets may still be viewed by the general public to maximize the marketing exposure of the auctions. Information on types of restrictions is available upon request.
- **Copying/Reposting Previous Auctions & Auction Templates:** The Participant can easily repost a prior auction and can also copy a prior auction to get a jump-start on a similar auction listing without having to start from scratch. Additionally, your Account Manager will be available to create pre-set templates for your most common asset types to ensure efficiency in auction creation.
- **API Integrations:** GovDeals offers an advanced API that enables data to migrate into and out of the GovDeals system and into the Participant's asset management systems. This decreases data entry and provides a more comprehensive audit trail. Current GovDeals clients have used this interface to connect with AssetWorks, Web Data, and Ship Rush, among others. Additionally, GovDeals' API can interface with proprietary, client-developed systems.

- **Easy Auction Creation:** GovDeals' simple auction builder enables all descriptive details regarding an asset/lot to be loaded on one page, without the hassle of multiple steps and page load delays. Also, the user can move on to create their next auction listing while media (photos/video) load in the background. At any point of the process, the auction can be saved as a draft if the item is not yet ready for sale, or can be sent to another user for approval.
- **Responsive Design:** GovDeals' website is designed to be more accessible on all devices, including desktops, laptops, smartphones, and tablets. This responsive design enables web pages to render well on any device, at any orientation and screen size, making for a better user experience across a wide variety of platforms.
- **Tax Collection & Remittance:** In strict adherence to Marketplace Facilitator regulations, GovDeals assumes responsibility for tax calculation and collection. We will promptly remit any applicable taxes to the relevant taxing authorities. This process also includes keeping records of buyers' tax exemptions.
- **Asset Inspection Forms:** These forms are available in the Seller Dashboard to help collect descriptive information about assets, such as make/model/VIN, condition, unique details, etc. Many of our Sellers find this form useful to document asset-specific information while on the lot or in the warehouse, and later transcribe the information into an auction creation template. Sample forms for a variety of asset types are available for review.
- **VIN Decoder:** Built into the auction creation page, this useful tool enables users to input the VIN and automatically populate the year, make, and model of each vehicle.
- **Extension of Bidding:** Sometimes referred to as "Auction Overtime," this feature automatically extends an auction by three (3) minutes when a bid is placed in the final three (3) minutes of an auction's end time. This feature is optional but strongly encouraged due to its high success rate.
- **Security Levels:** Access to the GovDeals system can be tailored to the job duties of your employees. Security levels include the ability to require approval from a supervisor before auctions may go live as well as a "view only" setting that is useful for accounting purposes.
- **Second-Chance Offer:** The Participant may offer an asset to the second-highest bidder with a single click if the highest bidder defaults on the sale. This feature is also useful if a reserve price is not met but the Participant wishes to offer the asset to the highest bidder.
- **Seller Approval:** The Participant can choose to approve or reject the final bid price of every sale before a bidder is officially awarded. The highest bidder is notified that they are "the highest bidder pending approval of the Seller" and will receive the Buyer's Certificate link if approved. This feature can be enabled on a per-asset basis.
- **Other Sale Types:** The GovDeals system can also be used for Buy Now, Make Offer (accept/decline), and Sealed Bid sales. These different sale types are offered under the same fee structure as the standard online auction method.
- **Question & Answer Tool:** Allowing prospective bidders to submit questions via the auction page provides the opportunity for the Participant to clarify, either privately or publicly, any additional information requested.
- **Departments Feature:** GovDeals offers the flexibility for sales data and/or remittance payments to be separated by department. This enables the Seller to direct funds to department-specific financial accounts; for example a City's Police Department could utilize the same GovDeals account, but receive their own ACH payments.

Seller Landing Pages

In addition to the previously described features, the GovDeals system supports further customization options for Participants to best showcase their auctions, all at no additional cost:

Custom URL

Each Participant can choose a targeted URL, such as www.govdeals.com/Region4ESC, to display all of the Participant's current auctions. Use this link on your website and social media pages to drive bidder participation for your surplus sales.

Seller Storefront

Go one step further and create a unique landing page within GovDeals' website showcasing only your Agency's surplus. Storefronts are most useful when a Participant consistently has items available at auction.

The Seller Storefront will be hosted on the custom URL described above, complete with Participant's logo and custom information displayed.

As an added bonus, all client Storefronts are showcased on our Seller Marketplaces landing page: www.govdeals.com/seller-marketplaces

Multiple Ways for Bidders to Find Your Auctions

Even without these custom features, each Participant's auction listings can be found in a variety of ways:

- By entering your assigned account number or name into the main search bar on the home page
- By using Location Search, which will populate all sellers in the chosen area
- By clicking "View seller's other assets" on any auction listing by your Agency
- By selecting your Agency's name in the "Seller Name" dropdown menu in Advanced Search
- By visiting the Seller Marketplaces resource, which showcases our Storefront-enabled Seller pages

In all cases, each Participant's auctions will be integrated with all other current GovDeals auctions. Integrating all assets to the main website facilitates an increase in an individual seller's bidder audience, which is proven to foster an increase in ROI.

- Describe the tools available to the bidder for participating in auctions, including but not limited to, email notifications, proxy bidding, identity protection, etc.

Bidder-friendly Functionality

With over two decades of experience, our global bidder database has grown to over five million people, including over one million throughout the United States.

We have incorporated an array of bidder-friendly features that keep our buyers returning to GovDeals again and again – in fact, we have an 80% repeat buyer rate.

Here are a few buyer-favorite features:

- **Outbid Alerts:** GovDeals' bidders can opt-in to receive text message and/or email notifications when they have been Outbid on an auction.
- **Saved Search Notifications:** After selecting specific search criteria, users can save that search and receive an email when new items matching the criteria are up for auction or ending soon. For example, heavy equipment in their state; Ford trucks within 50 miles of their location; or all assets auctioned by a specific Agency; and so much more.
- **Proxy Bid (Auto Bid):** Bidders can set their maximum price and the system places incremental bids until the maximum bid is reached or the asset is won. Bidders can opt for email notifications if outbid and will soon be able to receive SMS notifications as well.
- **Rapid Bid:** Within a bidder's account, they can place straight bids on the Open Lots page, enabling buyers the ease of entering bids on multiple auctions from a single page.
- **Identity Protection:** GovDeals provides security, antivirus, and firewalls to prevent hacking of any auction information from the servers, and to prevent bidders from learning the identity of another. Also, GovDeals is PCI-compliant and does not store buyers' payment information.
- **Bidder Support:** A dedicated, U.S.-based service staff of experienced GovDeals employees is available to bidders via live chat, email, or toll-free phone from Monday to Friday, 8 am and 7 pm ET.
 - **FAQ Access:** Bidders can find answers to common questions in the Frequently Asked Questions (FAQ) section on GovDeals.com.
 - **First-Call Resolution:** The Bidder Services Help Desk handles over 800 calls, emails, and live chats daily, achieving an impressive 97% first-call resolution rate.
 - **Multilingual Assistance:** The team includes Spanish-speaking staff, and a language service is available for prospective bidders who don't speak English or Spanish.

Bidder Default Prevention

While auction listings are viewable by any site visitors, visitors must be registered with GovDeals before placing a bid.

GovDeals' Bidder Verification Help Desk verifies every bidder to ensure that the registration information matches the individual to a phone number and a valid address. The GovDeals proprietary bidder registration process identifies bidders who have defaulted on previous auctions, preventing them from re-registering. This bidder verification function is the key that ensures that GovDeals maintains a low default rate of around 4%.

Defaulting bidders' accounts can be immediately locked, preventing them from participating in further auctions and, as mentioned, preventing them from re-registering for another account.

- Provide website information to include administrative access to the site.

Access to the GovDeals system can be tailored to the job duties of your employees. Security levels include the ability to require approval from a supervisor before auctions may go live as well as a “view only” setting that is useful for accounting purposes.

GovDeals welcomes the opportunity to provide a hands-on demonstration of the online auction system to the Evaluation Committee at your convenience.

- Include instructions and screen shots for navigating the various site tools.

To view all assets sold on the GovDeals website during the past 12 months:

1. Visit www.GovDeals.com
2. Click on the “Advanced Search” menu button. (See screenshot)

"Selling on GovDeals has ballooned into something bigger than anyone would have thought it would be. Our items usually sell for 30-50% more than when we were using public auctions. It's amazing some of the money we get for our items. I'm just flabbergasted."

"We sold a property for \$310k, at no expense to our county! GovDeals helped us through the entire auction process, from inception to fund collection and completion of the sale. The process could not have been any easier"

GovDeals' Home Page

The screenshot shows the GovDeals homepage with a blue header containing navigation links like 'Liquidity Services Brands', 'About Us', 'Buy', 'Sell', 'FAQ', and 'Contact Us'. Below the header is a search bar and a 'Shop By Category' section. The main content area features a 'Discover Your Next Hidden Treasure Today' banner with a 'Start Bidding Today' button. Below this is a 'Featured Categories' section with a grid of category links, each with a letter icon and a count of items. Categories include Agricultural and Forestry Equipment (153), Fire and Safety (16), Packaging, Bottling, Converting (10), and many others. A 'Closing Soon! Heavy Equipment and Construction Auctions' banner is also visible.

In addition to robust search capabilities, users can click on any category link on our home page (www.GovDeals.com) to see current auctions in that category.

To minimize confusion, categories without any current listings are automatically removed from the home page to prevent needless clicking on empty categories.

Top trending auctions are also shown on the home page, along with important links and guidance for buyers and sellers.

This section shows the lower part of the GovDeals homepage. It includes a 'Success Stories' section with three testimonials from users like Brian C. and Andy R. Below this is a 'Top Trending Items' section featuring four featured auctions: a 2008 Bentley Continental Flying Spur, a 2002 Ford Mustang GT, a 1954 Gummerson 53F-1 Tractor, and a 2010 Freightliner Sprinter. At the bottom is a 'Turn Your Surplus Inventory Into Cash' section with a 'Get Started Today' button. The footer contains links for 'Get to Know Us', 'Sell With Us', 'Liquidity Services Brands', and 'Follow Us'.

- Indicate how long auction records are maintained for download by the seller. All activities and transactions processed through the web-based auction system must be fully auditable for a period of five (5) years after the transaction.

All auction records will be accessible to the Participant in perpetuity. Every aspect of the auction process will be tracked and recorded for each asset.

- Describe Offeror's system of technical support. What are the hours and days technical support is available? Do you provide upgrade packages? Distinguish between seller and buyer support.

GovDeals will offer comprehensive technical support and customer service to each Participant. This includes a dedicated Account Manager, a customer support help desk, a regional Business Development Manager, a marketing support team, a Customer Service team, and an accounting team to manage proceeds remittance.

- **Clients:** Your Account Manager may be reached by cell phone or email 24 hours a day, 7 days a week. If for any reason your Account Manager is not immediately available, GovDeals' Client Help Desk is available for support Monday-Friday from 8am-8pm EST. Staffed by fully trained Client Service Representatives, the Help Desk provides technical support and problem-solving by toll-free phone, live chat, and email.
- **Bidders/Buyers:** GovDeals provides multilingual bidder support from a dedicated, U.S.-based Customer Service center staffed by 15 experienced GovDeals employees. Bidder support is available by live chat, email, and toll-free phone Monday-Friday from 8am-7pm EST, as well as Frequently Asked Questions (FAQ) available on GovDeals.com.

Upgrade Packages: On a case-by-case basis with management approval, GovDeals may be positioned to provide scheduled on-site service appointments to help the Participant take photographs of their surplus assets and create their auction listings. Participants are encouraged to contact their Account Manager to discuss potential upgraded service. **See also:** **Part D: Value-Added Services** of our proposal.

- What is the typical methodology for requesting customization and typical time frame for responding to such a request?

Many elements of the GovDeals platform – including auction templates and sales reports – can be easily customized for a Participant's specific needs. We recommend discussing possible customizations with your Account Manager to determine if the feature is already available. Your Account Manager can be contacted by cell phone and email 24/7.

At GovDeals, we highly value input and feedback from our client sellers. Much of what we have learned over the years has come from direct interactions with our various points of contact within the government entities we serve and, because we do our best to listen, we are a much better company after 23 years of hard-earned growth and commitment to selling government surplus online. We strive to solve any client problems immediately if possible, and customizations can be provided in a few days to a few months, depending on the depth of the changes requested.

v. Describe how Offeror responds to emergency orders.

In our industry, the most common urgent requests occur when a Seller encounters a large volume of vehicles or equipment that must be liquidated quickly. In most circumstances, GovDeals is positioned to be able to provide on-site assistance to help the Agency take photographs of their surplus assets and create their auction listings, ensuring the urgent need can be resolved within 2-4 weeks.

vi. Describe Reporting:

- Describe the reporting capabilities available to the seller. Provide sample copies of a transaction log and admin fee payment reconciliation report.

Through our robust online platform, each Participant gains full transparency via secure, auditable reporting. These real-time reports cover surplus sale items, bid details, winning bidders' names, and cumulative data within any chosen date range. Purchasing officials can rest assured that their processes align with surplus disposition policies, and data can easily be exported to Excel for further analysis and recordkeeping.

We record all bids, provide real-time reporting, and offer summary reports within your account. You will have 24/7 access to detailed bid histories and audit trails, without expiration or archiving. Our interactive reports meticulously track assets from listing to sale, ensuring accuracy and efficiency. Plus, you can customize reports to fit your unique needs. Moreover, the most recent 12 months' auction results are publicly accessible on our site, again promoting transparency.

Embracing digital record-keeping and fund collection, we reduce the need for physical filing cabinets and paper records. All transaction documents completed on GovDeals are stored perpetually, including signed Bills of Sale. Auction proceeds are swiftly transferred via ACH, minimizing environmental impact and getting you paid quickly. Rest assured, whether under contract with GovDeals or not, Participants retain perpetual access to their GovDeals reports – no limitations, no expiration.

Following are examples of the powerful reporting tools offered by GovDeals. These tools provide real-time insights, transparency, and efficient management for surplus asset sales.

Paid For & Picked Up Reports

Paid For/Picked Up Reports ("PPU Report") can be generated within each Participant's account to display all items sold at auction, separated by status. This three-part PPU Report provides real-time status lists of auctions that have not been paid for; auctions paid for but not yet picked up; and auctions paid for that have been picked up.

The "Not Paid" and "Paid, Not Picked Up" reports include a single-click reminder feature that enables users to send a notification to the winning bidder reminding them that the payment or pick-up deadline has passed. Reminders can be automated or sent manually. These reports also contain an "Add Note" feature, which allows the users to leave notes on the status of the transaction (e.g., "buyer given an additional week to pay").

The payment reminder email includes payment instructions and a link to the auction won, as well as the amount due. All reminder emails also include a direct link to the Participant's Terms and Conditions that outline the payment terms and default penalties.

- Describe the accounting process and online accounting capabilities, including but not limited to documentation of invoicing, payment and nonpayment by bidders.
 - **Bidder Invoicing:** At close of auction, winning bidders will automatically be sent a Buyer's Certificate (example shown on [Page 28](#)). To make payment, the bidder should go to their "My Bids" page, select the applicable auction(s), and select "Create Invoice." This will enable the bidder to pay via credit card or PayPal. This function will also provide instructions for wire transfer when applicable.
 - **Bidder Payment:** After a successful transaction, buyers will receive an email receipt confirming their online payment has been received by GovDeals. (Example shown on [Page 28](#).) Notification of payment receipt will also be sent to the Participant, and the Participant may release the asset to the buyer.
 - **Non-Payment:** In addition to reporting functions within each seller's account (such as the Paid/Not Paid/Picked Up report shown on [Page 26](#)), GovDeals' Bidder Services Department locks the accounts of bidders who have not paid after 30 days. This process serves as an effective check-and-balance with sellers that may not be keeping a close eye on payment deadlines.

vii. Describe Offeror's customer service/problem resolution process. Include hours of operation, number of services, etc.

GovDeals is committed to a high level of customer service to our client sellers and to our bidders.

- **Bidders/Buyers:** GovDeals provides multilingual bidder support from a dedicated, U.S.-based Customer Service center staffed by 15 experienced GovDeals employees. GovDeals' bidder-facing Customer Service team has a 97% first-call resolution rate. Inquiries from bidders are addressed immediately whenever possible, and in no more than one business day. Bidder support is available by live chat, email, and toll-free phone Monday-Friday from 8am-7pm EST, as well as Frequently Asked Questions (FAQ) available on GovDeals.com.
- **Clients/Participants:** If a Participant encounters technical issues or needs help resolving a problem, the Participant's Account Manager may be contacted 24 hours a day and will work with all members of the Agency's staff to timely resolve any problem encountered. GovDeals' Account Managers are armed with the knowledge and the authority to make most decisions and resolve most problems, preventing a delay in service for management to be consulted.

Additionally, Participants have access to our Client Services Help Desk, staffed by fully trained Client Service Representatives who are available for technical questions, support, and training. The Client Services Help Desk is available Monday-Friday from 8am-8pm EST by live chat, toll-free phone, and email.

- **Escalation and Problem Resolution:** When the need arises, Account Managers will escalate issues to the appropriate management team, such as GovDeals' IT

Department, Client Relationships Management, Director of Finance, or to a Vice President. GovDeals' management team is available to Participants at any time by phone and email, and we will provide meetings for problem solving and strategy development when needed.

GovDeals' management is sensitive to the needs of our clients and takes complaints from clients very seriously. As such, when management is made aware of a problem causing distress to a client, the matter is given top priority to resolve the issue and prevent reoccurrence of the problem. The GovDeals management team will evaluate the complaint and address the issue with urgency, involving a steering committee if appropriate. Personnel matters are addressed by the staff member's direct manager and the company's senior management.

Complaints or problems with the GovDeals platform that warrant code updates to the system will be addressed by the Account Management Team, IT Department, and senior management. A design document will be drafted for all involved to review, detailing the problem/request as presented and system impacts with guidance for the development and quality assurance teams to utilize. The GovDeals management team will address the issue with the steering committee and arrange for code development, testing, and deployment to production in a timely manner.

viii. Describe Offeror's invoicing process.

- **Bidder Invoicing:** At close of auction, winning bidders will automatically be sent a Buyer's Certificate (example shown on [Page 28](#)). To make payment, the bidder should go to their "My Bids" page, select the applicable auction(s), and select "Create Invoice." This will enable the bidder to pay via credit card or PayPal. This function will also provide instructions for wire transfer when applicable.
- **Seller Invoicing:** The Invoicing Report, also referred to as the reconciliation statement, details all assets sold each month. Although the majority of our sellers are not required remit payment to GovDeals, this statement is sent to the seller to summarize the month's financial transactions. The report displays item description, inventory ID number, date sold, sold amount, fee percentage and amount, seller/buyer certificate ID number, and credit details if any. Total sold amount for the month is also included on this report, as well as the total fee amount due, if any.

ix. Describe Offeror's contract implementation/customer transition plan. As an example, attach a high-level project schedule, with milestones from each implementation phase. Include training that customer will receive as part of the transition.

GovDeals' implementation/customer transition plan and training details are provided on [pages 5 and 81](#).

x. Describe the financial condition of Offeror.

Financial Reliability

Over the past 23 years, GovDeals has transacted over \$4.6 billion through our auction website (www.GovDeals.com) without a single claim filed against it by a bidder or a seller. This sales figure includes over \$3.2 billion transacted through GovDeals' payment collection and remittance program.

Since 2009, GovDeals has offered its clients full integration of their online auctions with robust financial tools to enable GovDeals to collect bidder payments on their behalf. GovDeals' Financial Settlement Services completes the surplus liquidation cycle while ensuring secure payment processing and providing a seamless audit trail for each auctioned asset.

GovDeals' clients are able to easily manage their auctions from beginning to end within the secure GovDeals system, significantly reducing the work and risks involved in handling and managing these buyer payments on their own. And because GovDeals can "withhold" our fee (Buyer's Premium) before remitting proceeds to our Clients, Participants will have no bill to pay for auction services.

As a testament to the success of our financial settlement services, GovDeals collects, protects, and remits payments for 96% of our 19,000+ government clients.

Eliminating Sellers' Liability

A major benefit of electing GovDeals to collect and remit proceeds is that GovDeals accepts all liability for fraud and chargebacks that may occur.

All payment disputes after pickup of an asset are handled by GovDeals, eliminating liability on part of the Participant. And unlike some auction companies, GovDeals does not withhold payment of a Seller's auction proceeds during the 30-day chargeback liability window.

This means that GovDeals guarantees that our Clients will never lose any money or assets using our payment collection services, and Buyers receive the benefit of easily making payment online for assets won at auction.

Insurance Coverage and Bonding Capability

GovDeals is covered by a \$10M insurance policy that protects each of our Clients against any loss of funds. GovDeals' insurance policy covers all of our clients, and we will have the Participant named as Additional Insured upon request.

GovDeals also obtains surety/performance bonds on behalf of Clients when this is required.

Ownership and Management

GovDeals' organizational structure emphasizes our programmatic, technical, managerial, and financial capability to provide government surplus auction services, including trustworthy payment collection and remittance. There is proper hierarchy with an experienced management and process structure in place, responsible for the necessary teams to provide financial/accounting services, field support, marketing, bidder services, and account/contract management.

GovDeals has more than 110 direct full-time employees, including a 18-person accounting and finance department. In addition to this direct staffing, additional support and substantial resources come from our parent company, Liquidity Services, Inc. (LSI).

Liquidity Services is a debt-free and financially strong corporation that operates several other reverse supply chain online marketplaces in addition to GovDeals.

Liquidity Services is a publicly held corporation with stock traded on the NASDAQ stock exchange under the call letters LQDT. As a publicly traded company, Liquidity Services and GovDeals are bound by strict federal procedures that regulate our business's financial matters. The corporation's SOX (Sarbanes-Oxley) controls are audited by GrantThornton LLP, and the company's financial statements are audited by independent registered public accounting firm Ernst and Young LLP.

All of LSI's corporate filings, including annual financial statements and other periodic SEC filings dating back to 2003, are available to the general public and are easily accessible via LSI's website, www.LiquidityServices.com (click on Investors > Financial Information).

For example:

- Heavy trucks and highway equipment are advertised in Commercial Truck Trader, Equipment Trader, and MyLittleSalesman.com, as well as other trade publications.
- Cars, trucks, and vans are advertised at CarDaddy.com.
- Medical and laboratory items are promoted at DotMed.com, LabX.com and GoToAuction.com.
- Transit and school buses are advertised at BusesOnline.com
- Garbage trucks are advertised at TrashTrucksOnline.com, and fire trucks, ambulances, and other rescue equipment are advertised on 1stResponder.com.
- Real estate land and property and Buildings are advertised on Lands.com, LandsofAmerica.com, Landwatch.com, and Landandfarm.com

Email Marketing

GovDeals has over one million registered and verified North American bidders. We have over 51,400 active bidders in Texas, and over 47,000 within 250 miles of Houston (see maps at right).

With our parent company's sister marketplaces and shared bidder base included, your auctions will have access to a bidder audience of 5 million potential buyers.

To harness the strength of this extensive bidder base for asset marketing, email blasts are sent to previous bidders of relevant categories. This has repeatedly proven one of our most successful marketing strategies.

Above: Over 51,400 Active Bidders in Texas

Below: Over 47,000 within 250 Miles of Houston

Local Marketing

As shown on the included maps, GovDeals already has a large and active bidder base in the Houston area and throughout the U.S. and Canada. To further make area residents aware of each Participant's auctions, GovDeals' Marketing Department will prepare press releases and place local-focused ads utilizing social media, publications, and other resources.

Strategic marketing efforts, such as outdoor signage and public access TV ads, may also be utilized.

GovDeals can also provide outdoor banners for high-traffic areas, as well as flyers for bulletin boards and to pass out to local businesses and residents.

Notifying a Participant's Previous Bidders

When a Participant onboards with GovDeals, our Marketing Department will explore options to notify your previous auction and/or sealed bid participants that you are now selling surplus on GovDeals.com.

This can be accomplished by postcard or email blast, depending on the Participant's goals and the contact methods available to reach past participants.

Real Estate Marketing

Real estate assets being sold by Participants will be advertised or listed on popular industry websites that will expose your properties to targeted buyers.

- For example: AdLandPro.com, ClassifiedAds.com, Landwatch.com, Landsofamerica.com, Landandfarm.com, Classifieds.com, Domesticsale.com, and Mylittlesalesman.com.
- MLS listings will be utilized for higher-value properties.
- We will also provide yard signs to point prospective bidders to the GovDeals website for bidding.

Custom Marketing Plans

When your Agency has specialty assets to auction, GovDeals' Marketing Department will develop custom promotion and advertising strategies designed to bring the highest dollar amount possible for each asset. Various types of assets considered unique, high-value, or specialty may be considered for this custom marketing, which involves the

identification of target audiences and niche media. Such assets may include but are not limited to helicopters and aircraft; classic/custom automobiles; specialty equipment; firearms and accessories; jewelry and collectibles; real estate properties; machinery and industrial equipment; and cost avoidance/demolition projects.

News Coverage

GovDeals periodically receives local, regional, and national broadcast, online, and print media coverage. This not only results in promotion for specific assets but also drives bidder sign-up. For example, a news report by MSN Money resulted in a 250% increase in daily registrations.

- Indicate the average number of “hits” per day the proposed website receives.

- Describe Offeror's plan to minimize the number of buyers who renege on a purchase and the tools available to seller if this occurs.

Risk Mitigation: **Our Proven Screening Methods**

- **Restricted-Party Screening:** We screen all buyers, upon registration and continuously afterward, against over 300 global restricted-party lists.
 - **Re-registration Screening:** Our proprietary buyer registration process identifies buyers who have defaulted on previous auctions, preventing them from re-registering. These buyer verification, probation, and screening processes are the key to ensuring GovDeals maintains a default rate below 3%.
 - **Additional Screening:** We also screen buyers by IP address or against seller-specific lists by request, allowing you to maintain maximum control over who buys your surplus.
 - **Identity and End-Use Verification:** Upon request, we confirm buyers' basic identity and complete "know your customer" verifications and ensure that buyers of sensitive equipment provide the required documents.
 - **Auction Monitoring:** By consistently monitoring your online auctions, we prevent illicit buying behavior, such as collusion or shilling, from impacting your surplus sales.
 - **Terms and Conditions:** Auction listings are viewable by any site visitors, but visitors must be registered with GovDeals before placing a bid. Registered bidders are required to agree to the posted Terms and Conditions, which can be minimally customized by each Participant.
 - **Probation Period:** A 90-day probation period where a bidder is limited to 3 transactions (30 days), 6 transactions (60 days), and 9 transactions (90 days). Highly qualified bidders can bypass probation by submitting an appropriate bid deposit.
 - **Certified Payment Requirement:** A wire transfer must be made for any amount over \$4,999.99. This mandate ensures that the buyer's funds have been confirmed and verified by a financial institution for specific use.
- Describe the types of items commonly sold on the proposed website and any exclusion.

GovDeals sells nearly every type of surplus imaginable, from vehicles and heavy equipment to aircrafts, real estate, and office furniture. The only exclusions are offensive or explicit material, hazardous chemicals, and livestock.

Part C **Qualification and Experience**

i. Provide a brief history of the Offeror, including year it was established and corporate office location.

When the first online auctions were conducted on GovDeals in 2001, the platform's early adopters were pleased that the platform not only satisfied all their agencies' internal compliance needs but also garnered 20% or more returns compared to traditional live auction sales. GovDeals' innovative marketing techniques were the catalyst for that success and continue to this day.

- **Promotion Power:** The platform pioneered targeted marketing techniques, reaching bidders specifically interested in government surplus assets.
- **Maximizing Revenue:** Competitive bidding directly impacts the revenue governments earn from surplus assets.
- **Expanding Reach:** With over 5 million vetted buyers, GovDeals continues to expand its buyer audience through strategic advertisements and press releases.

In 2008, Liquidity Services, Inc. (NASDAQ: LQDT) acquired GovDeals. Following the acquisition, GovDeals became a flagship marketplace of Liquidity Services. Now backed by the resources of a publicly traded company, GovDeals' commitment to superior service and efficient online auctions only continues to grow stronger.

GovDeals has over 100 direct full-time employees, with more than half working remotely from the field to best serve sellers in their local areas throughout the U.S. and Canada. In addition to this direct staffing, additional support and substantial resources are available to support our clients' goals, including revenue reconciliation, API development and testing, contract management, multilingual Customer Service, and vertical market specialists, among other teams.

GovDeals was established in 1999. Our corporate office is located at 6931 Arlington Rd., Suite 460, Bethesda, MD 20814.

ii. Describe Offeror's reputation in the marketplace. Include how many bidders are currently registered with the Offeror's website.

GovDeals is the largest marketplace that caters auction services to government, educational, and related entities. Today, over 19,000 federal, state, and local government agencies have transitioned some or all of their surplus auctions to GovDeals.

Our company has facilitated the sale of over 3.2 million government-owned assets/lots for total online auction sales surpassing \$4.6 billion. In Texas alone, over 900 government entities have successfully sold over 120,000 surplus assets/lots for total auction sales exceeding \$210 million!

Our platform offers the most sustainable solution for selling surplus items directly to the public. GovDeals plays a crucial role in helping government and educational entities

across the nation efficiently manage and sell their surplus assets, while offering the public an opportunity to purchase these items at competitive costs. This not only aids in asset management for government entities but also promotes sustainability by extending the lifecycle of the out-of-service items. A large portion of GovDeals' buyers are small business owners, enabling government surplus to power economic growth.

The GovDeals auction platform is designed to be user-friendly, with 250+ categories of items ranging from heavy machinery and industrial equipment to office supplies and vehicles, making it easy for buyers to find what they're looking for. Our large buyer base of internationally vetted bidders enables an auction success rate exceeding 94%, with the majority of items garnering higher sales prices than typically achieved through other providers.

The GovDeals platform regularly generates these higher net returns by delivering true market values for surplus assets, with our robust marketing execution serving to increase interest and competition for our clients' auctions, ultimately driving our clients' returns higher. The GovDeals auction platform hosts more than 100,000 visitors per day, and we average 17 bids per auction.

As shown in the graphic on this page, GovDeals has over one million registered and verified North American bidders. We have over 51,400 active bidders in Texas, and over 47,000 within 250 miles of Houston (maps provided on [Page 41](#)). Bidder totals for other specific states or regions will be provided upon request.

With our parent company's sister marketplaces and shared bidder base included, Participants' auctions will have access to a bidder audience of 5 million potential buyers.

Indicate the number of successful auctions (items were sold), and the number of auctions where the buyer defaulted on the purchase.**

GovDeals was founded to provide online auction services to government agencies, and we have been solely focused on building, providing, and continuously improving these services since the company's incorporation in 1999. Our intimate knowledge of government processes and challenges contributed to our original platform design and processes, and the lessons we have learned from interactions with government clients throughout the U.S. and Canada have helped us fine-tune our platform and services.

Our diverse team of auction professionals is committed to your success. You'll have direct access to dedicated experts who understand your unique goals. Best of all, this on-demand support comes at no additional cost to you. GovDeals' online auction service is designed to operate on an as-needed basis; you may use GovDeals' services whenever surplus assets are ready to be sold. Real Property Sales

**The future of
real estate sales
is digital!**

Property listing platforms, crowdfunding sites, and virtual tours are transforming how real estate of every type is bought and sold.

While real estate listing sites are growing in popularity due to ease of use, most fail to provide the hands-on

experience of a personal transaction that keeps control in the hands of the seller. GovDeals is here to provide the best of both worlds for OMNIA Participants' sales.

We will work in conjunction with the specific needs of Participants, adapting our auction system to meet those needs. With GovDeals' online sales, your agency can ease the workload on your staff, ensure compliance and transparency with the public, and receive higher returns on your surplus real estate and real property.

E. Describe any green or environmental initiatives or policies.

Our "as is, where is" service model fulfills environmental, health, and safety regulations during the disposal process in a global manner. We power the circular economy to transform the current "take-make-waste" linear model into one that extends the life of assets to their fullest capacity. Our marketplace platforms foster zero-waste value chains.

The goal of our trusted marketplace along with our service offerings is to help agencies harness the power of their surplus assets to create value where so many others see none. Our mission is to empower governments to unleash the full value of their unwanted goods, with the goal of shifting the entire economic system into one in which unnecessary waste is prevented, usable assets stay out of landfills, and unusable goods are disposed of in a sustainable manner.

Sustainability as a Core Value

Liquidity Services received the 2023 Innovation Solutions Partner Award from the Reverse Logistics Association (RLA) during the RLA Conference & Expo hosted in February 2023 in Las Vegas, Nevada. The award recognizes and honors the company which demonstrates measurable improvements in efficiency and return on investment for customers, seamlessly integrates reverse logistics solutions with customers' technology infrastructure, and exemplifies innovative use of technology.

We were nominated by one of our major retail clients for our novel Automated Sell-in-Place program, a software solution that measurably increased the client's recovery by about 20% and had an average auction success rate of more than 90%, while simultaneously eliminating touches and reducing the retailer's carbon footprint.

As a company that operates within the circular economy, we make it our mission to empower you to intelligently integrate sustainability initiatives into your core business, capturing and unleashing the intrinsic value of surplus. We support our sellers' sustainability efforts by helping them extend the life of assets, prevent unnecessary waste, and defer inventory from landfills.

We've played an integral role in many of our sellers' zero-waste initiatives and worked with the US federal government to pioneer one of the largest green initiatives to date, deferring nearly three billion pounds of scrap material from landfills. Below are three major ways our model will transform your surplus operations.

Reducing Emissions

When selling surplus assets in a live or off-site auction, a seller will often have to transport them to a sales yard so the items can be displayed, inspected, and potentially sold.

Besides the financial burden of having to transport assets to an auction site, the environmental impact of driving assets to and from live auctions – plus interested bidders driving themselves to and from live auctions – can be devastating.

Switching to online auctions eliminates the need for transporting and storing assets altogether, making the entire process more efficient and less taxing on the environment.

For example, if 250 vehicles averaging 20 miles per gallon travelled an average of 50 miles round-trip to attend a live auction, they would emit 12,500 lbs. worth of carbon emissions into the environment. **That's nearly the size of a full-grown elephant!**

Selling in place through online auctions eliminates the negative environmental impact of travelling back and forth to live auctions, reducing both the financial and environmental stresses inherently ingrained in traditional auction methods.

Reducing Landfill Use

Oftentimes, sellers with nonoperational vehicles have difficulty finding buyers and wind up selling their automobiles to junkyards for pennies on the dollar. Though live auctions can give the impression that there is no market for undrivable vehicles, there is still a large consumer base interested in purchasing these assets for scrap metal and parts.

Government agencies can avoid losing profit and keep their nonoperational surplus vehicles out of landfills by selling them through online auctions. According to a recent survey, 8% to 10% of vehicles sold via GovDeals were reportedly destined for landfills. Recycling is great – but reusing and repurposing is the highest form of sustainable action.

Reducing Chemical Leaks

Chemical leaks are a well-known risk, inadvertently putting toxins in the environment while simultaneously depreciating the value of the assets that are supposed to be liquidated.

The easiest way to reduce the hazards of long-term storage is to sell your assets quickly. Live auctions do not guarantee sales, and vehicles and equipment especially become more of an environmental risk the longer they sit in storage lots and warehouses.

With GovDeals, you don't need to wait for a semi-annual or monthly vehicle auction or trade-in date; you can list and sell your assets online at any time.

Our system recordkeeping even offers a weight field that Participants can use to track the amount being diverted from landfills. Many municipalities have been pleasantly surprised when checking their year-end results and adding this data to their sustainability achievements.

Reducing Paper Waste

With our digital recordkeeping and financial process, you also reduce the need for filing cabinets and paper records. Digital documents of all transactions completed on GovDeals are stored in perpetuity; even the signed "Bill of Sale" can be digitally filed in our back office.

Auction proceeds are collected by GovDeals and forwarded to each Participant via ACH, again reducing your environmental footprint as there is no need for courier transportation – and it gets you paid faster.

I. Describe how supplier differentiates itself from its competitors.

GovDeals.com exists for two primary purposes: to provide a secure platform that fosters the best possible return for government agencies' surplus assets; and to keep control of the auctions where it belongs – right within each government agency. With an easy-to-use seller portal, automatic audit trail, and proactive bidder outreach, GovDeals provides over 19,000 governments with everything needed to conduct auctions and get the most possible value out of the sale, backed up with seamless reporting that follows each asset all the way through the auction cycle, including payment collection and item pickup.

The self-service functionality of the GovDeals platform gives each Participant the ability to conduct auctions at its own pace, depending on the volume of surplus you have at any given time and what else is going on in your schedule. Assets will be auctioned under each

Participant's Terms and Conditions, and buyers are responsible for asset removal on the Agency's required timeline.

At GovDeals, "self-service" doesn't mean you're on your own. GovDeals will be a true partner with each Participant to enable effective management of the Agency's surplus assets to be liquidated. Each Participant's Account Manager will provide onboarding at implementation, but personal service doesn't stop there. Throughout the duration of the contract, the Account Manager will be available by direct cell phone and email 24/7 to answer questions, walk users through processes, and provide support.

Can't remember a step? Unsure how to set a reserve price? Need to auction real estate? Looking for a report that shows who hasn't yet paid? Wondering if there's a certain day of the week that's best for auction closing? (There is!) Just call or email your Account Manager, and they will get you the answers you need.

We understand that managing surplus asset disposal is probably not most Agencies' top priority every day. Most of the 19,000 government entities with whom we've worked would likely say the same thing. Since you have more pressing matters to deal with each day, having a partner in GovDeals means that you don't have to be an expert at auction strategy to get the most money for your surplus assets. And the built-in perpetual audit trail makes accessing sales data a breeze.

This not only aids in asset management for government entities but also promotes sustainability by extending the lifecycle of the out-of-service items. A large portion of GovDeals' buyers are small business owners, enabling government surplus to power economic growth.

GovDeals' comprehensive solution gives Participants the tools to sell surplus government assets through the industry's premier online auction platform, complete with hands-on support delivered by your local Account Management team. We will train Participants' users to handle bidder inquiries and generate detailed reports on auction activities and revenue.

Participants can create unlimited user accounts and customize access to the GovDeals system based on employees' job duties, with five security levels available, including a "view only" setting for accessing sales and reconciliation reports.

Auction terms and conditions can be customized as required by the seller, ensuring that all of your sales comply with each Participant's procurement/disposition policies and are conducted in sync with your staff's preferred schedule. Best of all, our fees are charged entirely to the buyer, so all services are available to Participants at no cost.

GovDeals' online auction platform and service includes, at no additional cost:

- Turnkey auction functionality with unlimited user accounts
- Real-time reporting tools within a secure account, available in perpetuity
- Access to 5+ million active GovDeals bidders – verified through GovDeals' multi-layer registration process that includes vetting against the anti-terrorism watch list by E2Open's global trade management software.
- Extensive marketing outreach to targeted bidders at no additional costs – drives competitive bidding, increasing the final selling price of auctioned assets!
- Electronic payment collection and remittance
- Continual hands-on training; initial and ongoing training for updates
- Personal service by the Participants' dedicated Account Managers with 24/7 on-call availability; on-site and remote support provided.

Info about elevated/customized options is provided in [Part D: Value-Added Services](#).

B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

GovDeals currently has over 100 direct, full-time employees, including 65 Account Managers and Business Development Managers working remotely from across the United States and Canada to serve government agencies in their respective regions. Therefore, GovDeals is thoroughly prepared to seamlessly continue to serve OMNIA Participants under the new contract, regardless of the agencies' locations or sizes.

There are no U.S. states or Canadian provinces that GovDeals' services will not be offered.

While we don't currently have teams directly serving U.S. Territories and Outlying Areas, we are capable of supporting agencies in these locations through remote training and service.

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

In selling and billing a service, GovDeals has very few pricing variables and they are based on the same criteria for all selling clients, whether under contract or not. Once a client account is established, the pricing is a fixed percentage of the price items sell for on GovDeals.com. Because of this, all pricing and pricing changes require management approval.

GovDeals has extensive staffing in Account Management, Business Development, and Operations teams that will readily provide verification of contract pricing to any concerned Participant. We strongly believe in transparency, and we have built-in procedures and system tools to ensure account operations are in line with applicable contracts.

We have established system utilities that track cooperative member sales in a real time report (see Partner Report on [Page 29](#)); this data is archived and available, ad hoc, at any time. Christy Logan, Senior Manager, Business Development Operations, is dedicated to verifying the accuracy of the quarterly report and presenting it to a senior manager for payment approval. These same utilities and processes are in place for revenue share and administrative reporting, whether at the cooperative contract level, or for individual Participants.

The nature of GovDeals' business provides additional safeguards in these areas: Our service is revenue-generating, and each Participant can view their current and past auctions both within their Seller Dashboard, and publicly on the bidder-facing website.

Audit-level reporting is updated in real-time within the Seller Dashboard, providing up to 70 data points for each and every auction. Auction reports can be exported to Excel and merged with an Agency's other data, whether regarding contract compliance, financial reconciliation, asset management, etc.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

All services will be provided by Liquidity Services/GovDeals. In the event subcontractors are utilized for customized/Value-Added Services, this information will be disclosed to the applicable OMNIA Participants.

E. Provide the number, size and location of Supplier's distribution facilities, warehouses and retail network as applicable.

GovDeals is not in the business of selling commodities; therefore, distribution facilities, warehouses, and retail network are not applicable. Please see Items **3.1. (B)** and **3.1. (C)** for an overview of our company's client support network.

3.3 Marketing and Sales

A. Given the public nature of the solicitation and contract, OMNIA Partners makes solicitation and contract documentation, including pricing documents, available on its website so Participating Public Agencies may easily conduct their due diligence. Describe any portions of the response that should not be available on the website and why those portions should not be available.

GovDeals supports transparency, so the only portion of our response that should not be made publicly available are the screenshots of our training documentation (**Quick Reference Guide on pages 47-50**), in order to protect our proprietary platform information such as how to login to the Seller Dashboard and manage day-to-day auction functions.

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams nationwide, to include, but not limited to:

- i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days
- ii. Training and education of Supplier's national sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days

GovDeals is uniquely positioned to serve OMNIA and its Participants with an experienced staff and robust service that matches OMNIA's public sector space and government agencies' needs. As GovDeals and OMNIA grow, our company is immediately scalable to serve Participants in all 50 U.S. states and across Canada without any compromise in service.

Although we are unable to commit to endorsing OMNIA's award as our "*primary*" contracting tool, it will be promoted as "*one of our primary*" contracting tools. Our extensive cooperative award experience and knowledgeable teams are already in place throughout the U.S. and Canada to enable GovDeals to immediately leverage this award.

The executive revenue team at GovDeals, led by its Vice President of Revenue, Micheal Price, will continue to enthusiastically endorse the Region 4/OMNIA contract if again awarded. Although we are unable to commit to endorsing an OMNIA award as our primary contracting tool, it will be promoted equally with our other principal cooperative awards.

Our extensive cooperative award experience and knowledgeable teams are already in place throughout the U.S. and Canada to enable GovDeals to immediately leverage this award with the following highlighted activities:

- Within the first 10 business days after contract execution, Michael Price, Vice President, Revenue, will send an announcement to all GovDeals employees promoting this important award, the management team's commitment to successfully leveraging it, and an outline and timeline to aggressively implement and go-to-market with renewed business development strategies.
- The specific contract deliverables will be reviewed with the appropriate GovDeals teams (i.e. Business Development, Account Management, Marketing, IT, Accounting, etc.).
- We will ensure that OMNIA Partners' existing GovDeals cooperative account is up to date, including operation of our Partner Report functionality within the GovDeals back office that provides tracking and documentation for all aspects of a cooperative award. This effort is led by a dedicated management team member, Christy Logan, Senior Manager, Business Development Operations.
- Christy also leads the Business Development Support team that will be responsible for proper account setup for all OMNIA members using the award, ensuring the Participants' GovDeals seller accounts are properly aligned with the OMNIA contract provisions.
- For 23 years, GovDeals' only business has been delivering a remarkable online surplus disposition system to state and local governments in the U.S. and Canada. Therefore, there is no confusion or competing priorities relative to selling to private businesses. This allows a single focus for the management, business development, and functional support teams; as well as no bundling or use of third-party service providers to create distractions or shifting priorities due to market conditions such as the economy. GovDeals' entire success is dependent upon one service deliverable, and our employees are dedicated to ensuring our Clients' diverse goals are reached.
- GovDeals currently has over 100 direct, full-time employees, including over 65 Account Managers and Business Development Managers working remotely from across the United States and Canada to serve government agencies in their respective regions. Therefore, GovDeals is currently prepared to immediately serve all OMNIA Participants, regardless of the agencies' locations or sizes.
- GovDeals' Business Development and Account Management teams meet in the fall each year, and we would welcome the OMNIA team to join us for a vendor session.

- The experienced GovDeals management and functional teams are already in place nationally, and sales and service to Participants will be direct and seamless through contract transition.
- Rather than outlining plans for growth and expansion if awarded, GovDeals already has the national teams and resources in place to serve OMNIA's entire Participating Agency public entities.
- The continued partnership with the OMNIA team will be enthusiastically embraced across GovDeals' teams.

C. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

- i. Creation and distribution of a co-branded press release to trade publications
- ii. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days
- iii. Design, publication and distribution of co-branded marketing materials within first 90 days
- iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement
- v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner suppliers. Booth space will be purchased and staffed by Supplier. In addition, Supplier commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.
- vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement
- vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)
- viii. Dedicated OMNIA Partners internet web-based homepage on Supplier's website with:
 - OMNIA Partners standard logo;
 - Copy of original Request for Proposal;
 - Copy of Master Agreement and amendments between Principal Procurement Agency and Supplier;
 - Summary of Products and pricing;
 - Marketing Materials

- Electronic link to OMNIA Partners' website including the online registration page;
- A dedicated toll-free number and email address for OMNIA Partners

GovDeals agrees to all of the above-listed contract promotion activities.

For 23 years, GovDeals' only business has been delivering a remarkable online surplus disposition product to state and local governments in the US and Canada, and we have extensive experience implementing, utilizing, and managing nationwide cooperative contracts such as through OMNIA.

Following is an overview of steps we will take upon award in order to best leverage our second OMNIA Partners contract:

- An internal meeting, led by Michael Price, Vice President, Revenue, will be scheduled within 1 week of award to review the key elements of the award and reiterate our commitment and strategy with the Business Development and Account Management teams.
- Scott Starcher, Vice President, Operations, will be included on this call, and he will then conduct a parallel conference call focusing on the working processes of account setup and service delivery.
- As there are no changes to the base pricing or service offered by GovDeals, we expect no delay in actively selling the contract throughout the U.S. and in Canada.
- With some new Value-Added Services being offered under this contract, Miller Parks, Manager, Alternate Solutions, will meet with Business Development and Account Management leadership to promote company-wide strategies to best leverage the customized service offerings on a per-client level. Availability of Value-Added/custom services requires case-by-case approval of GovDeals' Management, factoring in volume, cost, market, and specific needs. **See also:** [Part D: Value-Added Services](#) of our proposal.
- Of note, we invite OMNIA Partners and/or Participants to meet face-to-face with the Business Development and Account Management teams at the next annual meetings planned for Fall 2024.

GovDeals will market this contract as follows:

- Promotion by the 65 field-based Business Development and Account Managers
- Promotion at the 140+ national, regional, and local trade shows and seminars we attend annually
- Promotion of cooperative contract utilization when responding to solicitations
- Promotion through our MarCom program, such as client newsletters, custom landing pages, conference handouts, etc.

D. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Within 2 weeks of contract signing (or as otherwise directed), GovDeals will contact each Participant utilizing our current OMNIA contract to notify of the transition to the new OMNIA cooperative contract. Little to no action or changes are expected to be required, but it will be a priority to ensure that OMNIA Participants are informed of the new award and service options that may be available.

The first step of this process will include development of marketing communication and informational material to deliver to OMNIA's Participants outlining the benefits and the simplicity of the contract transition. Soon after delivery of this contract marketing material, GovDeals' Business Development teams will provide personal follow-up with these entities to answer any questions they may have.

The transition process will include thorough training at each Participant's convenience, documentation, and strategy development as outlined in various sections of this proposal. Implementation and training for OMNIA and each of its Participants will be performed independently by their dedicated Account Managers and will be customized according to each Participant's unique needs.

Although current clients may not find additional training necessary because the online auction system's functionality will not be affected by the contract transition, GovDeals' team will offer copies of contract documentation and will take the opportunity to discuss any specific needs or questions each client may have, in alignment with our goals of ongoing communication between GovDeals and our sellers.

Although we hold several cooperative purchasing contracts, these agreements do not limit our promotion of other contracts. Our national and regional cooperatives include:

- OMNIA Partners – Lead Agency: ESC Region 4, TX
- OMNIA Partners – Lead Agency: ESC Region 14, TX
- Sourcewell
- NASPO ValuePoint – Lead Agency: State of New Mexico
- Canoe Procurement Group
- Kinetic GPO
- BuyBoard – Texas Association of School Boards
- E&I Cooperative Services
- County of Orange, CA
- Pinellas County Board of Commissioners, FL

E. Acknowledge Supplier agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

Agreed, GovDeals consents to providing its logo to OMNIA Partners and will provide permission for reproduction of the logo for marketing and promotional purposes. GovDeals further agrees to only utilize OMNIA Partners' logo with permission.

F. Confirm Supplier will be proactive in direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Supplier's sales initiatives should communicate:

- i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency
- ii. Best government pricing
- iii. No cost to participate
- iv. Non-exclusive

Agreed.

G. Confirm Supplier will train its national sales force on the Master Agreement. At a minimum, sales training should include:

- i. Key features of Master Agreement
- ii. Working knowledge of the solicitation process
- iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners
- iv. Knowledge of benefits of the use of cooperative contracts

Agreed. We anticipate a very seamless transition for our state and local government-focused teams with years of experience leveraging cooperative procurement contracts. This transition will be considerably simple as GovDeals has been leveraging our contract with Region 4 and OMNIA Partners since 2019.

I. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

Referring to previous **Item 3.1 b.** (above), the heart of GovDeals' Business Development team is a field-based group of experienced regional reps responsible for local government entity business development in exclusive regions. Each is responsible for meeting budgeted goals including new client adoption, reactivated clients, conference activity, field sales, and expense/travel budgeting.

Our regional Business Development Managers leverage in-person, remote, email, and telephone sales communication, trade shows, local/regional sponsorships, and other functional GovDeals teams such as marketing, sales support, and accounting to deliver the GovDeals service. Their most significant day-to-day company relationship is with their field-based Account Managers in support of our clients.

Understanding that any client that does not sell all of their surplus on GovDeals.com is a “prospect” for those items, the working relationship needed to drive utilization of what is typically an at-will service rests squarely with the Sales/Service teams in the field.

Overlaying the regional rep strategy is our go-to-market program for state government and federal clients and prospects. This space is the responsibility of two Directors of Business Development and a Client Relationships Manager working exclusively with these entities. The state/federal leaders are joined by an enthusiastic team of Account Managers and Business Development Managers/Administrators that directly support clients and prospects, responsible for auction management, market research, presentation development, outreach, contract oversight, and other responsibilities to increase State/Federal contract adoption and ensure client satisfaction.

All direct, field-based Business Development Managers and Account Managers are compensated by salary and commission, have company-provided transportation and travel/expense budgets that allow for extensive strategic travel.

Philosophically, the company provides extensive support with experienced and properly scaled teams in the areas of Sales Support, Marketing, Accounting, Operations, Customer Service, Conference Planning, and Proposal/Contract professionals to allow business development to be the top priority of the field-based teams who are responsible for growth.

The Business Development and Account Management teams and their Senior Managers report to Michael Price, Vice President, Revenue. He is the highest-level executive in charge of the Revenue team. Michael can be reached by email at mprice@govdeals.ca or by phone at 416-689-8070.

J. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

Our experience with OMNIA’s contract since 2019 has demonstrated that the OMNIA Partners and GovDeals teams are very well aligned in both size and scope, resulting in a professional partnership that drives success. We would certainly defer to OMNIA’s experience and timing relative to preferred contract transition protocol, but generally we recommend the following goals:

- Provide updated guidance to OMNIA’s sales teams about GovDeals’ service and value proposition, to include talking points and strategies;
- Inform OMNIA’s sales teams of GovDeals’ current business development protocol and guardrails around case-by-case availability of Value Add/customized services;
- Create awareness of team alignment and make introductions;
- Look for quick opportunities to connect in the field and make joint sales visits;
- Look for opportunities for OMNIA staff to attend an implementation/new client training;
- Seek opportunities for both sales teams to align at specific conferences/trade shows;
- Share a well-documented and proven process/policy designed to facilitate support and communication in a joint/dual team sales approach;
- Grow the trusting, professional, and proactive relationships within the teams.

K. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

Based on our existing 5-year relationship with OMNIA, and decades of experience working with a variety of other cooperatives and external relationships, GovDeals has developed documented processes supported by internal system functionality to establish, support, track, manage, and report all activities relative to contract success.

Accounts will be set up the same day pertinent information is received, and the onboarding begins immediately through documented processes led by an experienced Sales Support and Account Management team. There will be very little, if any, learning curve beyond getting to know counterparts across companies. We truly appreciate our partnership with Region 4 and OMNIA, and we are committed to growing that relationship under your next Auction Services cooperative contract.

L. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

In fiscal year 2023, GovDeals experienced a GMV (gross merchandise volume, aka total auction sales) exceeding \$579 million. Our Top 10 clients during FY2023 were:

Public Agency Client	FY23 GMV	Contact	Phone & Email

M. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

GovDeals averages over 14,000 active auctions on our website each day! GovDeals is designed to be utilized on an as-needed basis to facilitate the efficient and fast turnover of surplus assets large and small, preventing a backlog of items from sitting in storage or – literally and figuratively – getting in the way of your staff's productivity. The GovDeals system is built to routinely host thousands upon thousands of auction listings at any given time, as well as to accept and record financial transactions 24 hours per day.

GovDeals employs leading content delivery and security technologies to ensure the availability and protection of its online services, along with the confidentiality and integrity of seller data across our platforms. Security precautions and encryption protocols are thoroughly described on [Page 14](#).

The GovDeals system and website exist in a fully redundant environment. The site is load-balanced across multiple servers. The infrastructure is hosted on the Microsoft Azure cloud platform, which supports our redundancy and scalability goals. All critical auction and customer data is fully replicated.

GovDeals utilizes multiple internal and external site monitoring systems to ensure appropriate responses to any warnings, critical issues, or other matters that need immediate attention 24 hours a day, 7 days a week, and 365 days a year.

As with all e-commerce platforms, maintenance downtime is periodically required to upgrade existing software and services, maintain the security and availability of the platform, and deploy new application features. Planned maintenance is performed when traffic to the website is minimal. All maintenance and upgrades to the GovDeals systems and services are managed by the GovDeals technology team and automatically delivered for the term of the contract at no additional cost to the Participant.

N. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

\$ 0.00 in year one

\$ 0.00 in year two

\$ 0.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

Agreed. GovDeals does not commit to any guaranteed contract sales amount.

We respectfully request that OMNIA's requested 3% administrative fee be reduced to 2% under a resulting contract with Liquidity Services. This is in line with our current OMNIA

contract, as well as our contracts with comparable national cooperatives. Should this exception be of concern, our company leaders will welcome a discussion on this topic.

GovDeals proposes to pay OMNIA Partners an administrative fee of 2% of actual contract revenue (revenue is defined as the amount GovDeals receives for our services; not to be confused with total auction sales/GMV, the majority of which is remitted to the selling client).

O. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

- i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).
- ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.
- ii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).
- iii. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier's strategies under these options when responding to a solicitation.

GovDeals routinely recommends our cooperative contracts such as OMNIA Partners when our prospects and clients are seeking contracting tools, including within formally solicited proposals. To the extent feasible, every solicitation response will contain information regarding the Master Agreement for the Agency to consider utilizing.

Section D

Value-Added Services

1. **Provide any additional information related to products and services Offeror proposes to enhance and add value to the Contract. Any optional items or packages shall be fully detailed/describe what is included in the item/package.**

Elevated, Custom, Ad Hoc, and Alternative Marketplace Services

Availability and precise offerings will be determined on a case-by-case basis and solely with approval of Liquidity Services' management

On a case-by-case basis, Liquidity Services may offer to provide elevated or ad hoc services ("**Value-Added Services**") to meet the needs of one or more Participant.

This Value-Added Services document is intended to make a broad array of service options contractually available for Participants who may require such services to manage their surplus management or liquidation needs. The sections, titles, details, and/or general information herein are organized in such a manner as to group commonly bundled services, but most services can be "mixed and matched" to develop custom delivery plans.

In all instances, it will be at the discretion of Liquidity Services management to determine if one or more service referenced in this Value-Added Services document is feasible for the requested project, as well as if the service(s) are eligible to be combined with other services referenced herein, regardless of whether the services are referenced in the same or different sections of Liquidity Services' proposal documents or whether the services are referenced under varied marketplaces operated by Liquidity Services.

This Value-Added Services document is intended to provide OMNIA Partners and Participants with an overview of options that may be available, but this innovative contract program is intended to be flexible in order to meet variable Participant needs in a wide array of scenarios.

Evaluation of Value-Added Services

Liquidity Services appreciates that OMNIA's Evaluation Process and Criteria calls for scoring **Products and Pricing – Parts A-C** separately from the points allocated to **Value-Added Services – Part D**. (Reference: iv. Evaluation Process and Criteria, Item 1)

Liquidity Services acknowledges that this contract's Administrative Fee applies to all services provided, both **Products and Pricing – Parts A-C** and **Value-Added Services – Part D**.

Ceiling Pricing for Value-Added Services

Up to 50% of the Sales Price

In order to deliver Value-Added Services, Liquidity Services reserves the right to increase the applicable Participant's contract fees incrementally according to specific added service and/or bundle of services, up to a total Ceiling Price of 50% of Sales Price (regardless of whether fees are charged to the buyer, to the seller, or split between parties), depending on complexities involved. We invite discussion with OMNIA/Participants regarding Value-Added Services.

Products and Pricing – Parts A-C (Standard Services)

No Fees.

Under this OMNIA Partners contract, GovDeals will never require Participants to pay any fees for GovDeals' Standard Services. Participants will have the *option* of selecting the "Seller Pay" or "Split Fee" options (examples in [Products and Pricing – Part A](#)), but in all circumstances, Participants will always have the option to pay zero fees for Standard Services under this contract.

Value Added Services – Part D

Ceiling Pricing: Up to 50% of Sales Price

- Various fees may be charged as Buyer Pay, Seller Pay, or Split Fee structure
- Some services may incur flat fees
- Details of services and pricing will be negotiated between Participant and Liquidity Services

Customized Pricing for Customized Services

For the segment of Participants that may benefit from the peripheral options of this Value-Added Services program, **we anticipate that most needs will be served by a small bundle of ad hoc services that will not require the Participant's contract pricing to be maxed to the Ceiling Pricing for Value-Added Services.**

However, the height of the Ceiling Pricing for Value-Added Services is designed to reflect the wide array of customized/ad hoc services Liquidity Services may have the capacity to provide in specific scenarios.

While our Standard Services are the core strength of our auction marketplaces, Liquidity Services has increasingly seen strong demand for a diverse menu of services that can be individually offered or bundled into customized service packages. There is particular demand for flexible service package availability under cooperative procurement contracts due to the efficiency of cooperative contracts.

in Response to item #2 on the following pages.

2. Indicate additional services and activities the auction system can perform.

Liquidity Services' Specialty Marketplaces

As additional Value-Added Services for Participants, Liquidity Services will make additional Specialty Marketplaces available under the OMNIA Partners contract, in addition to GovDeals. As with GovDeals, administrative fees will be paid to OMNIA based on contract usage of these Specialty Marketplaces. Liquidity Services' Specialty Marketplaces being made available under the OMNIA contract include [Bid4Assets](#) and [Sierra Auction](#).

Variances Between Marketplaces

Functionality/Service Model Differences

The specific functionalities and service models of the Specialty Marketplaces owned by Liquidity Services may vary significantly from the GovDeals system functionality and service model thoroughly described in Liquidity Services' main proposal response ([Parts A-C: Products and Pricing](#) document).

However, all of Liquidity Services' Marketplaces are aligned under the same strategic goals, resources, management teams, and general client market. Should OMNIA Partners or a Participant request to see specific information about Liquidity Services' Alternative Marketplaces, such as Bid4Assets' sample reports or Sierra Auction's asset listing functionality, we will readily provide the requested information in a timely manner.

Marketplace utilization is at the discretion of Liquidity Services' management and may be determined by specific functionality capabilities, resources, or business strategy. For example, tax-default auctions are generally offered as a Bid4Assets service, but may at times be offered under another Liquidity Services marketplace, such as GovDeals.

Pricing Structure Differences

The Pricing Structures of Liquidity Services' Alternative Marketplaces may include significant variations depending on a Participant's specific needs. Regardless of the pricing structure determinations, pricing will not exceed the Ceiling Pricing for Value-Added Services.

Differences in Pricing Structure may include, but not be limited to:

- Pricing may be structured as a percentage of auction sale, a flat fee structure, or a combination of these.
- Pricing may be based on per auction listed, per auction that either sells or redeems/cancels, per auction sold, and/or per contract fee.
- Pricing structure may be determined by legal statute, client preference, and/or scope of services.
- Pricing may or may not include Revenue Share; this may be offered/negotiated on a case-by-case basis.
- Pricing may be lower than Standard Services, in select scenarios.
- Additional fees may be levied, such as a listing fee. The absence of a listing fee, minimum fee, or other fees in Liquidity Services' main proposal response ([Products and Pricing – Parts A-C](#)) does not preclude various fees from being charged for Value-Added Services, as long as fees do not exceed Ceiling Pricing for Value-Added Services.

Bid4Assets

Real Property Auctions: Tax Deed, Tax-Default, and Foreclosure Sales

Liquidity Services' Bid4Assets marketplace (www.bid4assets.com) is an online auction provider specializing in assisting government entities with conducting online tax default sales, tax deed sales, foreclosure sales, and other types of real property sales for over 20 years.

Bid4Assets' greatest strength lies in its massive and constantly growing database of over 850,000 registered real estate bidders, coupled with the deepest industry knowledge and an easy-to-use platform. As with GovDeals, Bid4Assets, Inc., is a wholly owned subsidiary of Liquidity Services, Inc., a publicly traded company.

Since 2000, Bid4Assets has provided online tax-defaulted property sale auction services to government clients, setting the standard and best practices by which subsequent online tax-defaulted property sales have been managed in California and beyond. Since then, Bid4Assets has conducted hundreds of tax sales for hundreds of thousands of properties across the U.S.

Ceiling Pricing for Government Real Estate Sales on Bid4Assets.com

Bid4Assets Value-Added Service	Buyer's Premium	Flat Fee
Tax Foreclosure Sales	10%	\$1,000 per auction
Mortgage Foreclosure Sales	5%	\$2,000 per auction
Surplus Real Estate	10%	N/A

Bid4Assets' Revenue Share

Under this OMNIA contract, Participants utilizing Bid4Assets' services will be eligible to receive an additional 2% revenue on every completed auction transaction on the Bid4Assets platform, which will be remitted to Participants along with their auction proceeds (weekly or monthly schedule as chosen by each Participant).

This revenue share arrangement is available under the majority of auction/account scenarios, but in the event a reduced fee structure is offered for specific assets or specific clients, the rebate will not apply for reduced fee auctions. In the interest of keeping costs as low as possible for Value-Added Services, availability of Revenue Share for this program will be determined on a case-by-case basis.

Sierra Auction

Full Service Online Consignment Auctions in Select Markets

The services of Sierra Auction Management, a GovDeals subsidiary based in Phoenix, AZ, with additional locations in Tucson, AZ; Dallas/Fort Worth, TX; Montclair, CA; and additional markets under development, will also be made available under the OMNIA Partners cooperative contract.

Sierra Auction offers a full range of auction services and brings the right buyers to achieve top dollar for clients' assets. Sierra's aggressive marketing team sends thousands of auction email notifications each month as well as utilizing multimedia advertising, search engine optimization and extensive social media posts and videos utilizing the platforms of Facebook, TikTok, Instagram and YouTube ensuring that new, qualified buyers attend every online auction.

Sierra employs professional vehicle and equipment brokers and conducts auctions for clients throughout the southwest. In addition, Sierra offers a wide variety of services for buyers and sellers including, title services, transportation, detailing, de-identification, first responder equipment removal, mechanical repairs and more.

Fees for additional services vary by labor costs, difficulty and location of requested services and will not exceed 50% of the asset sales price except as approved by the Client.

Ceiling Pricing Compliance

A diverse menu of services such as detailed within Liquidity Services' proposal can add complexity to the important responsibility of ensuring contract compliance. This is especially true considering Liquidity Services' Ceiling Pricing for Value-Added Services is based on a Percentage of Sales Price; but in select or unavoidable cases, pricing for Value-Added Services may include or be entirely based on Flat Fees per Sale.

OMNIA Partners and its Participants can be reassured by the fact that the professional teams at Liquidity Services have deep experience with contractual compliance in a variety of unique situations. Contract Management and Executive Leadership will be responsible for verifying that the Total Percentage Fees and/or Total Flat Fees, regardless of whether charged to buyer and/or seller, do not exceed the Ceiling Pricing for Value-Added Services (50% of Sales Price).

Our hands-on compliance commitment is backed up by robust system functionality to audit auction activity and fee variances, monitored by each Participant's Account Management team..

Liquidity Services' Contract Management team is identified in [Products and Pricing – Part C: Qualification and Experience](#).

Example of Compliance Verification

Fees referenced in the chart below are used as examples only and do not necessarily reflect actual pricing available to Participants.

Vehicle Sales Price (Winning Bid)		\$5,000
Buyer's Premium	12.5% of Sales Price	\$ 625
Asset Listing Fee	5% of Sales Price	\$ 250
Transportation Fee	\$500 Flat Fee per Vehicle	\$ 500
Decal Removal Fee	\$200 Flat Fee per Vehicle	\$ 200
Total Fees Charged	31.5% of Sales Price	\$1,575
<i>Ceiling Pricing for Value-Added Services</i>	<i>50% of Sales Price</i>	<i>\$2,500</i>

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

Participating Agencies may elect to use federal funds to purchase under the Master Agreement. This form should be completed and returned.

DEFINITIONS

Contract means a legal instrument by which a non-Federal entity purchases property or services needed to carry out the project or program under a Federal award. The term as used in this part does not include a legal instrument, even if the non-Federal entity considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward

Contractor means an entity that receives a contract as defined in Contract.

Cooperative agreement means a legal instrument of financial assistance between a Federal awarding agency or pass-through entity and a non-Federal entity that, consistent with 31 U.S.C. 6302-6305:

- (a) Is used to enter into a relationship the principal purpose of which is to transfer anything of value from the Federal awarding agency or pass-through entity to the non-Federal entity to carry out a public purpose authorized by a law of the United States (see 31 U.S.C. 6101(3)); and not to acquire property or services for the Federal government or pass-through entity's direct benefit or use;
- (b) Is distinguished from a grant in that it provides for substantial involvement between the Federal awarding agency or pass-through entity and the non-Federal entity in carrying out the activity contemplated by the Federal award.
- (c) The term does not include:
 - (1) A cooperative research and development agreement as defined in 15 U.S.C. 3710a; or

Non-Federal entity means a state, local government, Indian tribe, institution of higher education (IHE), or nonprofit organization that carries out a Federal award as a recipient or subrecipient.

Pass-through entity means a non-Federal entity that provides a subaward to a subrecipient to carry out part of a Federal program.

Recipient means a non-Federal entity that receives a Federal award directly from a Federal awarding agency to carry out an activity under a Federal program. The term recipient does not include subrecipients.

Simplified acquisition threshold means the dollar amount below which a non-Federal entity may purchase property or services using small purchase methods. Non-Federal entities adopt small purchase procedures in order to expedite the purchase of items costing less than the simplified acquisition threshold. The simplified acquisition threshold is set by the Federal Acquisition Regulation at 48 CFR Subpart 2.1 (Definitions) and in accordance with 41 U.S.C. 1908. By submitting a proposal, the Supplier is accepted these FEMA and Additional Federal Funding Special Conditions required by the Federal Emergency Management Agency (FEMA) and other federal entities.

“Contract” in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as the “Master Agreement”.

“Contractor” in the below pages under FEMA AND ADDITIONAL FEDERAL FUNDING SPECIAL CONDITIONS is also referred to and defined as “Supplier” or “Awarded Supplier”.

Conflicts of Interest

No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a FEMA award if he or she has a real or apparent conflict of interest. Such a conflict would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties, has a financial or other interest in or a tangible personal benefit from a firm considered for award. 2 C.F.R. § 200.318(c)(1); See also Standard Form 424D, ¶ 7; Standard Form 424B, ¶ 3. i. FEMA considers a “financial interest” to be the potential for gain or loss to the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of these parties as a result of the particular procurement. The prohibited financial interest may arise from ownership of certain financial instruments or investments such as stock, bonds, or real estate, or from a salary, indebtedness, job offer, or similar interest that might be affected by the particular procurement. ii. FEMA considers an “apparent” conflict of interest to exist where an actual conflict does not exist, but where a reasonable person with knowledge of the relevant facts would question the impartiality of the employee, officer, or agent participating in the procurement. c. Gifts. The officers, employees, and agents of the Participating Public Agency nor the Participating Public Agency (“NFE”) must neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, NFE’s may set standards for situations in which the financial interest is de minimus, not substantial, or the gift is an unsolicited item of nominal value. 2 C.F.R. § 200.318(c)(1). d. Violations. The NFE’s written standards of conduct must provide for disciplinary actions to be applied for violations of such standards by officers, employees, or agents of the NFE. 2 C.F.R. § 200.318(c)(1). For example, the penalty for a NFE’s employee may be dismissal, and the penalty for a contractor might be the termination of the contract.

Contractor Integrity

A contractor must have a satisfactory record of integrity and business ethics. Contractors that are debarred or suspended, as described in and subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security’s regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension), must be rejected and cannot receive contract awards at any level.

Notice of Legal Matters Affecting the Federal Government

In the event FTA or DOT funding is used by Participating Public Agency, Contractor agrees to:

- 1) The Contractor agrees that if a current or prospective legal matter that may affect the Federal Government emerges, the Contractor shall promptly notify the Participating Public Agency of the legal matter in accordance with 2 C.F.R. §§ 180.220 and 1200.220.

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

- 2) The types of legal matters that require notification include, but are not limited to, a major dispute, breach, default, litigation, or naming the Federal Government as a party to litigation or a legal disagreement in any forum for any reason.
- 3) The Contractor further agrees to include the above clause in each subcontract, at every tier, financed in whole or in part with Federal assistance provided by the FTA.

Public Policy

A contractor must comply with the public policies of the Federal Government and state, local government, or tribal government. This includes, among other things, past and current compliance with the:

- a. Equal opportunity and nondiscrimination laws
- b. Five affirmative steps described at 2 C.F.R. § 200.321(b) for all subcontracting under contracts supported by FEMA financial assistance; and FEMA Procurement Guidance June 21, 2016 Page IV- 7
- c. Applicable prevailing wage laws, regulations, and executive orders

Affirmative Steps

For any subcontracting opportunities, Contractor must take the following Affirmative steps:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses, and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses, and women's business enterprises; and
5. Using the services and assistance, as appropriate, of such organizations as the Small Business Administration and the Minority Business Development Agency of the Department of Commerce.

Bid Guarantee

For proposals that are to include construction/reconstruction/renovation and related services, bids must be accompanied by Certified or Cashier's Check or an approved Bid Bond in the amount of not less than five percent (5%) of the total bid. Surety shall provide a copy of the Power of Attorney authorizing the Executing Agent the authority to execute the bid bond documents and bind the surety to the bid bond conditions. The bid bond shall have a corporate Surety that is licensed to conduct business in the state of the lead agency and authorized to underwrite bonds in the amount of the bid bond.

Prevailing Wage Requirements

When applicable, the awarded Contractor (s) and any and all subcontractor(s) agree to comply with all laws regarding prevailing wage rates including the Davis-Bacon Act, applicable to this solicitation and/or Participating Public Agencies. The Participating Public Agency shall notify the Contractor of the applicable pricing/prevailing wage rates and must apply any local wage rates requested. The Contractor and any subcontractor(s) shall comply with the prevailing wage rates set by the Participating Public Agency.

Federal Requirements

If products and services are issued in response to an emergency or disaster recovery the items below, located in this FEMA Special Conditions section of the Federal Funds Certifications, are activated and required when federal funding may be utilized.

2 C.F.R. § 200.326 and 2 C.F.R. Part 200, Appendix II, Required Contract Clauses

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

1. CONTRACT REMEDIES

Contracts for more than the federal simplified acquisition threshold (SAT), the dollar amount below which an NFE may purchase property or services using small purchase methods, currently set at \$250,000 for procurements made on or after June 20, 2018,⁴ must address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms and must provide for sanctions and penalties as appropriate.

1.1 Applicability

This contract provision is required for contracts over the SAT, currently set at \$250,000 for procurements made on or after June 20, 2018. Although not required for contracts at or below the SAT, FEMA suggests including a remedies provision.

1.2 Additional Considerations

For FEMA's Assistance to Firefighters Grant (AFG) Program, recipients must include a penalty clause in all contracts for any AFG-funded vehicle, regardless of dollar amount. In that situation, the contract must include a clause addressing that non-delivery by the contract's specified date or other vendor nonperformance will require a penalty of no less than \$100 per day until such time that the vehicle, compliant with the terms of the contract, has been accepted by the recipient. This penalty clause should, however, account for force majeure or acts of God. AFG recipients should refer to the applicable year's Notice of Funding Opportunity (NOFO) for additional information, which can be accessed at FEMA.gov.

2. TERMINATION FOR CAUSE AND CONVENIENCE

- a. Standard. All contracts in excess of \$10,000 must address termination for cause and for convenience by the non-Federal entity, including the manner by which it will be effected and the basis for settlement. See 2 C.F.R. Part 200, Appendix II(B).
- b. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.

3. EQUAL EMPLOYMENT OPPORTUNITY

When applicable:

- a. Standard. Except as otherwise provided under 41 C.F.R. Part 60, all contracts that meet the definition of "federally assisted construction contract" in 41 C.F.R. § 60-1.3 must include the equal opportunity clause provided under 41 C.F.R. § 60- 1.4(b), in accordance with Executive Order 11246, *Equal Employment Opportunity* (30 Fed. Reg. 12319, 12935, 3 C.F.R. Part, 1964-1965 Comp., p. 339), as amended by Executive Order 11375, *Amending Executive Order 11246 Relating to Equal Employment Opportunity*, and implementing regulations at 41 C.F.R. Part 60 (Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor). See 2 C.F.R. Part 200, Appendix II(C).
- b. Key Definitions.
 - i. Federally Assisted Construction Contract. The regulation at 41 C.F.R. § 60-1.3 defines a "federally assisted construction contract" as any agreement or modification thereof between any applicant and a person for construction work which

Liquidity Services Operations, LLC dba GovDeals

OMNIA PARTNERS EXHIBITS

is paid for in whole or in part with funds obtained from the Government or borrowed on the credit of the Government pursuant to any Federal program involving a grant, contract, loan, insurance, or guarantee, or undertaken pursuant to any Federal program involving such grant, contract, loan, insurance, or guarantee, or any application or modification thereof approved by the Government for a grant, contract, loan, insurance, or guarantee under which the applicant itself participates in the construction work.

- ii. Construction Work. The regulation at 41 C.F.R. § 60-1.3 defines "construction work" as the construction, rehabilitation, alteration, conversion, extension, demolition or repair of buildings, highways, or other changes or improvements to real property, including facilities providing utility services. The term also includes the supervision, inspection, and other onsite functions incidental to the actual construction.
- c. Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.
- d. Required Language. The regulation at 41 C.F.R. Part 60-1.4(b) requires the insertion of the following contract clause.

During the performance of this contract, the contractor agrees as follows:

(1) The contractor will not discriminate against any employee or applicant for employment because of race, color, religion, sex, sexual orientation, gender identity, or national origin. The contractor will take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, color, religion, sex, sexual orientation, gender identity, or national origin. Such action shall include, but not be limited to the following:

Employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided setting forth the provisions of this nondiscrimination clause.

(2) The contractor will, in all solicitations or advertisements for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, or national origin.

(3) The contractor will not discharge or in any other manner discriminate against any employee or applicant for employment because such employee or applicant has inquired about, discussed, or disclosed the compensation of the employee or applicant or another employee or applicant. This provision shall not apply to instances in which an employee who has access to the compensation information of other employees or applicants as a part of such employee's essential job functions discloses the compensation of such other employees or applicants to individuals who do not otherwise have access to such information, unless such disclosure is in response to a formal complaint or charge, in furtherance of an investigation, proceeding, hearing, or action, including an investigation conducted by the employer, or is consistent with the contractor's legal duty to furnish information.

(4) The contractor will send to each labor union or representative of workers with which he has a collective bargaining agreement or other contract or understanding, a notice to be provided advising the said labor union or workers' representatives of the contractor's

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

commitments under this section and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(5) The contractor will comply with all provisions of Executive Order 11246 of September 24, 1965, and of the rules, regulations, and relevant orders of the Secretary of Labor.

(6) The contractor will furnish all information and reports required by Executive Order 11246 of September 24, 1965, and by rules, regulations, and orders of the Secretary of Labor, or pursuant thereto, and will permit access to his books, records, and accounts by the administering agency and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations, and orders.

(7) In the event of the contractor's noncompliance with the nondiscrimination clauses of this contract or with any of the said rules, regulations, or orders, this contract may be canceled, terminated, or suspended in whole or in part and the contractor may be declared ineligible for further Government contracts or federally assisted construction contracts in accordance with procedures authorized in Executive Order 11246 of September 24, 1965, and such other sanctions may be imposed and remedies invoked as provided in Executive Order 11246 of September 24, 1965, or by rule, regulation, or order of the Secretary of Labor, or as otherwise provided by law.

(8) The contractor will include the portion of the sentence immediately preceding paragraph (1) and the provisions of paragraphs (1) through (8) in every subcontract or purchase order unless exempted by rules, regulations, or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order 11246 of September 24, 1965, so that such provisions will be binding upon each subcontractor or vendor. The contractor will take such action with respect to any subcontract or purchase order as the administering agency may direct as a means of enforcing such provisions, including sanctions for noncompliance:

Provided, however, that in the event a contractor becomes involved in, or is threatened with, litigation with a subcontractor or vendor as a result of such direction by the administering agency, the contractor may request the United States to enter into such litigation to protect the interests of the United States.

The applicant further agrees that it will be bound by the above equal opportunity clause with respect to its own employment practices when it participates in federally assisted construction work: *Provided*, That if the applicant so participating is a State or local government, the above equal opportunity clause is not applicable to any agency, instrumentality or subdivision of such government which does not participate in work on or under the contract.

The applicant agrees that it will assist and cooperate actively with the administering agency and the Secretary of Labor in obtaining the compliance of contractors and subcontractors with the equal opportunity clause and the rules, regulations, and relevant orders of the Secretary of Labor, that it will furnish the administering agency and the Secretary of Labor such information as they may require for the supervision of such compliance, and that it will otherwise assist the administering agency in the discharge of the agency's primary responsibility for securing compliance.

The applicant further agrees that it will refrain from entering into any contract or contract modification subject to Executive Order 11246 of September 24, 1965, with a contractor debarred from, or who has not demonstrated eligibility for, Government contracts and federally assisted construction contracts pursuant to the Executive Order and will carry out such sanctions and penalties for violation of the equal opportunity clause as may be imposed upon contractors and subcontractors by the administering agency or the Secretary of Labor pursuant to Part II, Subpart D of the Executive Order. In addition, the

OMNIA PARTNERS EXHIBITS

applicant agrees that if it fails or refuses to comply with these undertakings, the administering agency may take any or all of the following actions: Cancel, terminate, or suspend in whole or in part this grant (contract, loan, insurance, guarantee); refrain from extending any further assistance to the applicant under the program with respect to which the failure or refund occurred until satisfactory assurance of future compliance has been received from such applicant; and refer the case to the Department of Justice for appropriate legal proceedings.

4. DAVIS-BACON ACT

- a. Standard. All prime construction contracts in excess of \$2,000 awarded by non-Federal entities must include a provision for compliance with the Davis-Bacon Act (40 U.S.C. §§ 3141-3144 and 3146-3148) as supplemented by Department of Labor regulations at 29 C.F.R. Part 5 (Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction). See 2 C.F.R. Part 200, Appendix II(D). In accordance with the statute, contractors must be required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor. In addition, contractors must be required to pay wages not less than once a week.
- b. Applicability. The Davis-Bacon Act applies to the Emergency Management Preparedness Grant Program, Homeland Security Grant Program, Nonprofit Security Grant Program, Tribal Homeland Security Grant Program, Port Security Grant Program, and Transit Security Grant Program.
- c. Requirements. If applicable, the non-federal entity must do the following:
 - i. The non-Federal entity must place a copy of the current prevailing wage determination issued by the Department of Labor in each solicitation. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. The non-Federal entity must report all suspected or reported violations to the Federal awarding agency.
 - ii. Additionally, pursuant 2 C.F.R. Part 200, Appendix II(D), contracts subject to the Davis-Bacon Act, must also include a provision for compliance with the Copeland "Anti-Kickback" Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). The Copeland Anti-Kickback Act provides that each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA.
 - iii. Include a provision for compliance with the Davis-Bacon Act (40 U.S.C. 3141-3144, and 3146-3148) as supplemented by Department of Labor regulations (29 CFR Part 5, "Labor Standards Provisions Applicable to Contracts Covering Federally Financed and Assisted Construction").

Suggested Language. The following provides a sample contract clause:

Compliance with the Davis-Bacon Act.

- a. All transactions regarding this contract shall be done in

compliance with the Davis-Bacon Act (40 U.S.C. 3141- 3144, and 3146-3148) and the requirements of 29 C.F.R. pt. 5 as may be applicable. The contractor shall comply with 40 U.S.C. 3141-3144, and 3146-3148 and the requirements of 29 C.F.R. pt. 5 as applicable.

- b. Contractors are required to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor.
- c. Additionally, contractors are required to pay wages not less than once a week.

5. COPELAND ANTI-KICKBACK ACT

- a. **Standard.** Recipient and subrecipient contracts must include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. 3145), as supplemented by Department of Labor regulations (29 CFR Part 3, “Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States”).
- b. **Applicability.** This requirement applies to all contracts for construction or repair work above \$2,000 in situations where the Davis-Bacon Act also applies. It DOES NOT apply to the FEMA Public Assistance Program.
- c. **Requirements.** If applicable, the non-federal entity must include a provision for compliance with the Copeland “Anti-Kickback” Act (40 U.S.C. § 3145), as supplemented by Department of Labor regulations at 29 C.F.R. Part 3 (Contractors and Subcontractors on Public Building or Public Work Financed in Whole or in Part by Loans or Grants from the United States). Each contractor or subrecipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled. The non-Federal entity must report all suspected or reported violations to FEMA. Additionally, in accordance with the regulation, each contractor and subcontractor must furnish each week a statement with respect to the wages paid each of its employees engaged in work covered by the Copeland Anti-Kickback Act and the Davis Bacon Act during the preceding weekly payroll period. The report shall be delivered by the contractor or subcontractor, within seven days after the regular payment date of the payroll period, to a representative of a Federal or State agency in charge at the site of the building or work.

Sample Language. The following provides a sample contract clause:

Compliance with the Copeland “Anti-Kickback” Act.

- a. **Contractor.** The contractor shall comply with 18 U.S.C. §874, 40 U.S.C. § 3145, and the requirements of 29 C.F.R. pt. 3 as may be applicable, which are incorporated by reference into this contract.
- b. **Subcontracts.** The contractor or subcontractor shall insert in any subcontracts the clause above and such other clauses as FEMA may by appropriate instructions require, and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for the compliance by any subcontractor or lower tier subcontractor with all of these contract clauses.

OMNIA PARTNERS EXHIBITS

- c. Breach. A breach of the contract clauses above may be grounds for termination of the contract, and for debarment as a contractor and subcontractor as provided in 29 C.F.R. §5.12.”

6. CONTRACT WORK HOURS AND SAFETY STANDARDS ACT

- a. Standard. Where applicable (see 40 U.S.C. §§ 3701-3708), all contracts awarded by the non-Federal entity in excess of \$100,000 that involve the employment of mechanics or laborers must include a provision for compliance with 40 U.S.C. §§ 3702 and 3704, as supplemented by Department of Labor regulations at 29 C.F.R. Part 5. See 2 C.F.R. Part 200, Appendix II(E). Under 40 U.S.C. § 3702, each contractor must be required to compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one and a half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. Further, no laborer or mechanic must be required to work in surroundings or under working conditions which are unsanitary, hazardous, or dangerous.
- b. Applicability. This requirement applies to all FEMA contracts awarded by the non-federal entity in excess of \$100,000 under grant and cooperative agreement programs that involve the employment of mechanics or laborers. It is applicable to construction work. These requirements do not apply to the purchase of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.
- c. Suggested Language. The regulation at 29 C.F.R. § 5.5(b) provides contract clause language concerning compliance with the Contract Work Hours and Safety Standards Act. FEMA suggests including the following contract clause:

Compliance with the Contract Work Hours and Safety Standards Act.

(1) *Overtime requirements.* No contractor or subcontractor contracting for any part of the contract work which may require or involve the employment of laborers or mechanics shall require or permit any such laborer or mechanic in any workweek in which he or she is employed on such work to work in excess of forty hours in such workweek unless such laborer or mechanic receives compensation at a rate not less than one and one-half times the basic rate of pay for all hours worked in excess of forty hours in such workweek.

(2) *Violation; liability for unpaid wages; liquidated damages.* In the event of any violation of the clause set forth in paragraph (b)(1) of this section the contractor and any subcontractor responsible therefor shall be liable for the unpaid wages. In addition, such contractor and subcontractor shall be liable to the United States (in the case of work done under contract for the District of Columbia or a territory, to such District or to such territory), for liquidated damages. Such liquidated damages shall be computed with respect to each individual laborer or mechanic, including watchmen and guards, employed in violation of the clause set forth in paragraph (b)(1) of this section, in the sum of

\$27 for each calendar day on which such individual was required or permitted to work in excess of the standard workweek of forty hours without payment of the overtime wages required by the clause set forth in paragraph (b)(1) of this section.

(3) *Withholding for unpaid wages and liquidated damages.* The Federal agency or loan/grant recipient shall upon its own action or upon written request of an authorized

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

representative of the Department of Labor withhold or cause to be withheld, from any moneys payable on account of work performed by the contractor or subcontractor under any such contract or any other Federal contract with the same prime contractor, or any other federally-assisted contract subject to the Contract Work Hours and Safety Standards Act, which is held by the same prime contractor, such sums as may be determined to be necessary to satisfy any liabilities of such contractor or subcontractor for unpaid wages and liquidated damages as provided in the clause set forth in paragraph (b)(2) of this section.

(4) *Subcontracts*. The contractor or subcontractor shall insert in any subcontracts the clauses set forth in paragraph (b)(1) through (4) of this section and also a clause requiring the subcontractors to include these clauses in any lower tier subcontracts. The prime contractor shall be responsible for compliance by any subcontractor or lower tier subcontractor with the clauses set forth in paragraphs (b)(1) through (4) of this section.

7. RIGHTS TO INVENTIONS MADE UNDER A CONTRACT OR AGREEMENT

- a.** Standard. If the FEMA award meets the definition of “funding agreement” under 37 C.F.R. § 401.2(a) and the non-Federal entity wishes to enter into a contract with a small business firm or nonprofit organization regarding the substitution of parties, assignment or performance of experimental, developmental, or research work under that “funding agreement,” the non-Federal entity must comply with the requirements of 37 C.F.R. Part 401 (Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Grants, Contracts and Cooperative Agreements), and any implementing regulations issued by FEMA. See 2 C.F.R. Part 200, Appendix II(F).
- b.** Applicability. This requirement applies to “*funding agreements*,” but it DOES NOT apply to the Public Assistance, Hazard Mitigation Grant Program, Fire Management Assistance Grant Program, Crisis Counseling Assistance and Training Grant Program, Disaster Case Management Grant Program, and Federal Assistance to Individuals and Households – Other Needs Assistance Grant Program, as FEMA awards under these programs do not meet the definition of “funding agreement.”
- c.** Funding Agreements Definition. The regulation at 37 C.F.R. § 401.2(a) defines “funding agreement” as any contract, grant, or cooperative agreement entered into between any Federal agency, other than the Tennessee Valley Authority, and any contractor for the performance of experimental, developmental, or research work funded in whole or in part by the Federal government. This term also includes any assignment, substitution of parties, or subcontract of any type entered into for the performance of experimental, developmental, or research work under a funding agreement as defined in the first sentence of this paragraph.

8. CLEAN AIR ACT AND THE FEDERAL WATER POLLUTION CONTROL ACT

- a.** Standard. If applicable, contracts must contain a provision that requires the contractor to agree to comply with all applicable standards, orders, or regulations issued pursuant to the Clean Air Act (42 U.S.C. §§ 7401-7671q.) and the Federal Water Pollution Control Act as amended (33 U.S.C. §§ 1251-1387). Violations must be reported to FEMA and the Regional Office of the Environmental Protection Agency. See 2 C.F.R. Part 200, Appendix II(G).
- b.** Applicability. This requirement applies to contracts awarded by a non-federal entity of

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

amounts in excess of \$150,000 under a federal grant.

- c.** Suggested Language. The following provides a sample contract clause.

Clean Air Act

1. The contractor agrees to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act, as amended, 42 U.S.C. § 7401 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

Federal Water Pollution Control Act

1. The contractor agrees to comply with all applicable standards, orders, or regulations issued pursuant to the Federal Water Pollution Control Act, as amended, 33 U.S.C. 1251 et seq.
2. The contractor agrees to report each violation to the Participating Public Agency and understands and agrees that the Participating Public Agency will, in turn, report each violation as required to assure notification to the Federal Emergency Management Agency, and the appropriate Environmental Protection Agency Regional Office.
3. The contractor agrees to include these requirements in each subcontract exceeding \$150,000 financed in whole or in part with Federal assistance provided by FEMA.

9. DEBARMENT AND SUSPENSION

- a.** Standard. Non-Federal entities and contractors are subject to the debarment and suspension regulations implementing Executive Order 12549, *Debarment and Suspension* (1986) and Executive Order 12689, *Debarment and Suspension* (1989) at 2 C.F.R. Part 180 and the Department of Homeland Security's regulations at 2 C.F.R. Part 3000 (Non-procurement Debarment and Suspension).
- b.** Applicability. This requirement applies to all FEMA grant and cooperative agreement programs.
- c.** Requirements.
 - i.** These regulations restrict awards, subawards, and contracts with certain parties that are debarred, suspended, or otherwise excluded from or ineligible for

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

participation in Federal assistance programs and activities. See 2 C.F.R. Part 200, Appendix II(H); and 2 C.F.R. § 200.213. A contract award must not be made to parties listed in the SAM Exclusions. SAM Exclusions is the list maintained by the General Services Administration that contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549. SAM exclusions can be accessed at www.sam.gov. See 2 C.F.R. § 180.530.

- ii. In general, an “excluded” party cannot receive a Federal grant award or a contract within the meaning of a “covered transaction,” to include subawards and subcontracts. This includes parties that receive Federal funding indirectly, such as contractors to recipients and subrecipients. The key to the exclusion is whether there is a “covered transaction,” which is any non-procurement transaction (unless excepted) at either a “primary” or “secondary” tier. Although “covered transactions” do not include contracts awarded by the Federal Government for purposes of the non-procurement common rule and DHS’s implementing regulations, it does include some contracts awarded by recipients and subrecipients.
- iii. Specifically, a covered transaction includes the following contracts for goods or services:
 - 1. The contract is awarded by a recipient or subrecipient in the amount of at least \$25,000.
 - 2. The contract requires the approval of FEMA, regardless of amount.
 - 3. The contract is for federally-required audit services.
 - 4. A subcontract is also a covered transaction if it is awarded by the contractor of a recipient or subrecipient and requires either the approval of FEMA or is in excess of \$25,000.
- d. Suggested Language. The following provides a debarment and suspension clause. It incorporates an optional method of verifying that contractors are not excluded or disqualified.

Suspension and Debarment

- (1) This contract is a covered transaction for purposes of 2 C.F.R. pt. 180 and 2 C.F.R. pt. 3000. As such, the contractor is required to verify that none of the contractor’s principals (defined at 2 C.F.R. § 180.995) or its affiliates (defined at 2 C.F.R. § 180.905) are excluded (defined at 2 C.F.R. § 180.940) or disqualified (defined at 2 C.F.R. § 180.935).
- (2) The contractor must comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, and must include a requirement to comply with these regulations in any lower tier covered transaction it enters into.
- (3) This certification is a material representation of fact relied upon by the Participating Public Agency. If it is later determined that the contractor did not comply with 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C, in addition to remedies available to the Participating Public Agency, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

- (4) The bidder or proposer agrees to comply with the requirements of 2 C.F.R. pt. 180, subpart C and 2 C.F.R. pt. 3000, subpart C while this offer is valid and throughout the period of any contract that may arise from this offer. The bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.

10. BYRD ANTI-LOBBYING AMENDMENT

- a. All contractual provisions required by DOT, as set forth in FTA Circular 4220.1F, dated November 1, 2008, are hereby incorporated by reference. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. Each subcontract Contractor signs with a subcontractor must include the assurance in this paragraph. (See 49 CFR 26.13(b)).
- 6) Prompt Payment. Contractor is required to pay each subcontractor performing Work under this prime Contract for satisfactory performance of that work no later than thirty (30) days after Contractor's receipt of payment for that Work from public agency. In addition, Contractor is required to return any retainage payments to those subcontractors within thirty (30) days after the subcontractor's work related to this Contract is satisfactorily completed and any liens have been secured. Any delay or postponement of payment from the above time frames may occur only for good cause following written approval of public agency. This clause applies to both DBE and non-DBE subcontractors. Anything to the contrary herein notwithstanding, all FTA-mandated terms shall be deemed to control in the event of a conflict with other provisions contained in this Agreement. The contractor shall not perform any act, fail to perform any act, or refuse to comply with any Participating Public Agency request, which would cause the Participating Public Agency to be in violation of the FTA terms and conditions.
- 2) Flow Down – The incorporation of FTA terms has unlimited flow down.

and responsible contractor shall be filed within five (5) business days after the protestor knows or should have known the basis of the determination. The Contract Officer shall respond to a protest within fourteen (14) calendar days after the receipt of the protest. The Purchasing Manager may grant the Contract Officer an extension for the response if warranted. A request for reconsideration of any and all determinations by the Contract Officer shall be filed with the Purchasing Manager within seven (7) calendar days after the receipt of the determination.

- 2) A protest shall include:
 - a. The name, address, and telephone number, including FAX number if available, of the protestor;
 - b. The signature of the protestor or authorized representative;
 - c. Identification of the contract/solicitation;
 - d. A detailed statement of the legal and/or factual grounds of protest including copies and/or citations of relevant documents, and;
 - e. The form of relief requested.
- 3) If any of the above information is omitted or incomplete, then the Protestor shall be notified, in writing, within two (2) calendar days after that determination, and the Protestor shall have two (2) calendar days in which to remedy the specified problem.
- 4) The Participating Public Agency will not make award prior to the resolution of a protest, or open bids prior to resolution of a protest filed before bid opening unless the Purchasing Manager determines in writing that it is in the best interests of the Participating Public Agency or in keeping with Item 7 of this procedure to do otherwise. Potential contractors will be advised of a pending protest if the protest is filed before award.
- 5) The Purchasing Manager may allow for an informal conference on the merits of a protest with all interested parties allowed to attend. Interested parties include all bidding contractors, and may also include a subcontractor or supplier provided they have a substantial economic interest in a portion of the IFB or RFP.
- 6) The Purchasing Manager shall respond "in writing", in detail, to each substantial issue raised in the protest. The Purchasing Manager has the sole authority to make determinations for the Participating Public Agency, and a determination shall be considered final when it is labeled as such. A request for reconsideration will be allowed by the Purchasing Manager if he determines that data has become available that was not previously known, or that there has been an error of law or regulation.
- 7) The Participating Public Agency may proceed with procurement when a protest is pending if the Participating Public Agency determines that:
 - a. The items to be procured are urgently required;
 - b. Delivery or performance will be unduly delayed by failure to make the award promptly; or
 - c. Failure to make award will otherwise cause undue harm to the grantee for the Federal Government.
- 8) FTA will only entertain a protest that alleges:
 - a. The Participating Public Agency failed to have or to adhere to its protest procedures, or

OMNIA PARTNERS EXHIBITS
EXHIBIT F - FEDERAL FUNDS CERTIFICATIONS

failed to review a complaint or protest; or

b. Violations of Federal law or regulation.

- 9) A protest to FTA must be filed in accordance with FTA Circular 4220.1F, available from the Contract Officer. Specifically, protestors shall file a protest with FTA Region 9 or FTA Headquarters Office no later than five (5) days after a final decision is rendered under the Participating Public Agency's protest procedure. In instances where the protestor alleges that the Participating Public Agency failed to make a final determination on the protest, protestors shall file a protest with FTA not later than five (5) calendar days after the protester knew or should have known of the grantee's failure to render a final determination on the protest.

A protest filed with FTA shall:

- a. Include the name and address of the protestor.
- b. Identify the grantee, project number, and the number of the contract solicitation.
- c. Contain a statement of the grounds for protest and any supporting documentation. This should detail the alleged failure to have or adhere to protest procedures, failure to review a complaint or protest; or Violation of Federal law or regulation.

Include a copy of the local protest filed with the grantee and a copy of the grantee's decision, if any.

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM**Public Agency Instructions**

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of \$17,500 that are **not awarded** pursuant to a “fair and open” process (N.J.S.A. 19:44A-20.7).
2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.
3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.
4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.
 - a. The Division has prepared model disclosure forms for each county. They can be downloaded from the “County PCD Forms” link on the Pay-to-Play web site at <http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12>. They will be updated from time-to-time as necessary.
 - b. A public agency using these forms **should edit them to properly reflect the correct legislative district(s)**. As the forms are county-based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
 - c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
 - d. The form may be used “as-is”, subject to edits as described herein.
 - e. The “Contractor Instructions” sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
 - f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.
5. It is recommended that the contractor also complete a “Stockholder Disclosure Certification.” This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

A. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a “fair and open” process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
 - of the public entity awarding the contract
 - of that county in which that public entity is located
 - of another public entity within that county
 - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed \$300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an “interest” ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, “a contribution by that person’s spouse or child, residing therewith, shall be deemed to be a contribution by the business entity.” [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor’s responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor’s submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): “The term “legislative leadership committee” means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures.”
