Re: Castlemont High School Intrusion Alarm Systems Consulting – Jensen Hughes

Dear Mr. Anderson,

At the District's request, murakami/Nelson engaged Jensen Hughes as a subconsultant to provide Intrusion Alarm Systems consulting services in October, 2021. The services include the verification of compliance with OUSD Standards, participation in design meetings, and witness testing of the new intrusion alarm system.

We were directed at that time to bill their fee (\$18,200, hourly, NTE) against our existing Contingency, in order to proceed with the work without waiting for a formal amendment to our contract. This proposal serves to formally amend our contract to provide the remaining funds for their services.

In summation:

Jensen Hughes Total Fee:	\$18,200
Amount Billed/Paid to Date from Contingency:	(\$5,888)

Fee Remaining:	\$12,312
----------------	----------

Our request for additional fee for these services is as follows:

Jensen Hughes	\$12,312
murakami / Nelson	\$1,250
10% Contingency	<u>\$1,356</u>
Total Request	\$14,918

Let me know if you have any questions about our fee request.

Very truly yours
murakami/Nelson

Re: New power for bleachers and restrooms from existing campus distribution panel on the east side of the field –
Additional Services

Dear Mr. Anderson,

Our previous fee proposal for Changes to Electrical Panel F, dated 10/12/2022, addressed design services for a new electrical service at the existing Panel F location. As the panel is connected directly to the street we have submitted drawings to PG&E for their review, coordination and approval. However, PG&E has expressed concerns and has not relayed a decision.

With the contractor scheduled to start the hardscape behind the bleachers soon, it appears we have run out of time with PG&E. Per OUSD's direction, instead of maintaining the PG&E connection at Panel F, we will pull power from the existing campus distribution panel on the east side of the field.

Pursuant to your request, our electrical engineer, BWF, will provide design services for revising the bleachers and restrooms to be powered from the existing campus distribution panel. We will use the spare conduit already installed for future low voltage to cross under the field. We will also have to submit to DSA, and incorporate any changes PG&E may request in the future.

Our request for additional fee for these services is as follows:

murakami/Nelson	3,500
BWF	5,000
10% Contingency	850
Total Request	\$9,350

Let me know if you have any questions about our fee request.

Very truly yours
murakami/Nelson

RE: Castlemont High School Field & Bleachers, 8601 Macarthur Blvd. – Oakland, CA
Intrusion Alarm Systems Consulting

Dear Ms. Dare,

Jensen Hughes, Inc. (Consultant) is pleased to submit this contract modification to provide intrusion alarm system consulting services to Murakami / Nelson (Client) for the referenced project. The intent of this modification is to modify the existing agreement between Jensen Hughes and Murakami / Nelson.

Jensen Hughes' involvement with the project to date has been funded through a contingency reserve provided in Murakami / Nelson's agreement with the Oakland Unified School District (OUSD). Murakami / Nelson is preparing an amendment to their agreement with OUSD to address Jensen Hughes' fee and other issues. This contract modification is needed to appropriately document the contingency reserve funds used and allocated for the intrusion alarm scope of work.

The Design Review phase of Jensen Hughes' agreement with Murakami / Nelson is complete. Incomplete scope items are carried forward in this proposal. The original agreement between the Client and Jensen Hughes allocated the following phases and fees:

<i>Phase or Activity</i>	<i>Basic Services</i>	<i>Reimbursable Expenses</i>	<i>Original Totals</i>
Intrusion Alarm Design Review	\$8,752.00	n/a	\$8,752.00
Intrusion Alarm Consulting During Construction	\$2,048.00	n/a	\$2,048.00
Intrusion Alarm Witness Testing	\$7,200.00	\$200.00	\$7,400.00
Totals	\$18,000.00	\$200.00	\$18,200.00

The Intrusion Alarm Design Review phase is complete. The total of fees invoiced for this phase is \$4,480. The remaining \$4,272.00 will be re-allocated toward the Intrusion Alarm Consulting During Construction phase.

The Intrusion Alarm Consulting During Construction phase is ongoing. To date, the total of fees invoiced for this phase is \$1,408. The remaining \$640 will be carried forward. The modified value for Intrusion Alarm Consulting During Construction will be \$4,912 (\$640 plus the unused design review fee of \$4,272). See Professional Fees section for full fee breakdown.

Scope of Services

Jensen Hughes proposes to provide the following Scope of Services:

1. Attend a maximum of three meetings with the Client, Client's intrusion alarm vendor, and the OUSD Alarm Shop. Meetings are anticipated to be via Microsoft Teams, Zoom, or similar virtual meeting. Meetings shall be arranged by the Client. Three meetings are included.
2. Provide intrusion alarm consulting regarding issues that may arise during construction. Consulting time may be used for participation in meetings, review of Construction Change Documents (CCDs), Architect's Supplemental Instructions (ASIs), or for providing recommendations/solutions. A total of 8 hours is included.
3. Witness the pre-test and final acceptance test of the new intrusion alarm system with the Client, Contractor, OUSD Alarm Shop, and the Inspector of Record (IOR). Results of the tests will be recorded and submitted to the Client. Testing is anticipated to occur during non-school hours (late afternoon or weekends). Two visits to witness testing are included as follows:
 - a. Witness one intrusion alarm system pre-test.
 - b. Witness one intrusion alarm system final acceptance test.

Additional Services

Any other work requested by Client outside of the Services specified above shall be considered an "Additional Service" and will be conducted on a mutually-agreed-upon basis. When such work is requested, Jensen Hughes will submit an estimate of the cost to the Client for approval prior to commencing work.

Additional work may include, but is not limited to:

1. Drawing reviews, consulting or testing in any other building on the campus. All work is limited to intrusion alarm in the buildings identified above.
2. Additional meetings.
3. Additional system tests.
4. Building and fire code analysis and appeals.
5. Review of additional resubmitted shop drawings or construction change orders.
6. Review of requests for payment and change orders from the contractor.
7. Additional construction observation visits beyond the Scope of Services.
8. Additional time for system acceptance testing beyond that noted in Scope of Services resulting from contractor's delays or deficiencies.
9. Evaluation of the existing intrusion and/or fire alarm systems.
10. Fire alarm system design services.

11. DSA submittals or verified reports.
12. Professional engineer review or stamping of documents or drawings.
13. Automatic sprinkler system design, testing and consulting.
14. Mechanical, structural, or civil engineering and consulting.
15. Special hazard or kitchen hood fire suppression system design, testing, and consulting.
16. Building code and accessibility consultation.

All services not specifically described in the Proposal are excluded from Consultant’s Scope of Services.

Client Responsibilities

This proposal is based upon the Client performing the following activities:

1. Provide Jensen Hughes with PDF file copies, of all fire and intrusion alarm system drawings relevant to the project. These documents are for Jensen Hughes' use in providing consulting services. It is understood that Jensen Hughes will rely upon the accuracy of all documents and electronic data furnished.
2. Provide Jensen Hughes access to all areas of the buildings for the purpose of conducting the site visits and witnessing tests.
3. Ensure systems are ready to commence testing immediately upon arrival of inspectors.
4. All prior approvals from regulatory agencies must be onsite including, but not limited to, approved permit drawings and shop drawings documentation. In addition, copies of all permits, variances, waivers, or other types of agreements concerning the project must be available for review prior to testing.
5. Provide portable radios.
6. Provide personnel familiar with the location and operation of the fire alarm and intrusion alarm systems.
7. Provide personnel properly equipped for testing the intrusion alarm systems and devices.
8. Provide at least two individuals for fire and intrusion alarm system testing. One person will remain at the panel for signal identification and system resets. The second person will activate devices. Due to the need for disconnecting wires and devices for supervision testing, at least one of these individuals shall be a technician familiar with the installation.
9. Provide Jensen Hughes with adequate notice to schedule and staff the anticipated scope efforts prior to project deadlines.

Professional Fees

The proposed Scope of Services will be provided on an hourly labor rate basis broken out as follows:

<i>Phase or Activity</i>	<i>Basic Services</i>	<i>Reimbursable Expenses</i>	<i>Updated Totals</i>
Intrusion Alarm Consulting During Construction	\$4,912.00	n/a	\$4,912.00

Exhibit A – Agreement Between Prime Design Professional and Subconsultant

AGREEMENT BETWEEN PRIME DESIGN PROFESSIONAL AND SUBCONSULTANT

This Agreement is made as of October 28, 2021 between:

the "ARCHITECT":

MURAKAMI / NELSON ARCHITECTURAL CORPORATION

and

the "SUBCONSULTANT":

Jensen Hughes, Inc.

for the following Project: Castlemont High School Track, Field and Site Improvements for the Oakland Unified School District.

The ARCHITECT has made an agreement dated October 24, 2018 with the Owner, which Agreement is hereinafter referred to as the Prime Agreement and which provides for furnishing professional services in connection with the Project. A copy of the Prime Agreement is attached, made a part hereof (excepting compensation), and marked as Exhibit A. ARCHITECT agrees to the extent the terms of the Prime include special terms or conditions which include, but are not limited to, any favorable terms or conditions that the ARCHITECT is able to negotiate with the Owner, such as a limitation of liability or mutual indemnity, that such provisions shall flow down to CONSULTANT relative to the Services for this portion for the Project. Specific to limitation of liability, CONSULTANT shall benefit from proportionate limits on, and restrictions to, its liability that ARCHITECT has in the Prime Agreement. Set forth below are additional contract terms, conditions and provisions as follows:

ARTICLE 1 SUBCONSULTANT'S BASIC SERVICES

1.1 The SUBCONSULTANT shall provide for the ARCHITECT, in accordance with the terms and conditions of this Agreement, the following Basic Services, which the ARCHITECT is required to provide for the Owner under the attached Prime Agreement:

1.1.1 Project Description:

The intrusion alarm scope of work for the Castlemont High School Field & Bleachers includes new intrusion detection for the Press Box. The project will consist of an upgrade of the existing intrusion alarm panel and new intrusion detection in the Press Box. Murakami/Nelson is contracting with Jensen Hughes to review the project's intrusion alarm design prepared by McMillan Security Systems to verify compliance with OUSD Standards, participate in design meetings, and to witness testing of the new intrusion alarm system.

Scope:

1. Review the Security Systems / drawings, datasheets, and specifications, for compliance with the OUSD Intrusion Alarm Standards. Plan reviews will be limited to intrusion alarm systems only. Provide a written report of plan review comments. Two reviews are included (one initial plan review and one back check review).

The existing Bosch D9412G intrusion alarm panel will be upgraded to a Bosch B9512G panel consistent with current OUSD Intrusion Alarm Standards. The panel to be upgraded serves the existing Auditorium and Music Hall Building, the Fine Arts Building, and the former Shop Building. Existing keypad/arming stations in these buildings will be replaced with new. Existing intrusion detection devices (motion detectors and door contacts) will be connected to the upgraded panel as-is. The upgraded panel will be expanded to provide new intrusion detection, and keypad/arming stations for the Press Box.

2. Attend a maximum of three meetings with the Client, Client's intrusion alarm vendor, and the OUSD Alarm Shop. Meetings are anticipated to be via Microsoft Teams, Zoom, or similar virtual meeting. Meetings shall be arranged by the Client. Three (3) meetings are included.

3. Provide intrusion alarm consulting regarding issues that may arise during construction. Consulting time may be used for participation in meetings, review of Construction Change Documents (CCDs), Architect's Supplemental Instructions (ASIs), or for providing recommendations/solutions. A total of 8 hours is included.

4. Witness the pre-test and final acceptance test of the new intrusion alarm system with the Client, Contractor, OUSD Alarm Shop, and the Inspector of Record (IOR). Results of the tests will be recorded and submitted to the Client. Testing is anticipated to occur during non-school hours (late afternoon or weekends). Two (2) visits to witness testing are included as follows:

- a. Witness one (1) intrusion alarm system pre-test.
- b. Witness one (1) intrusion alarm system final acceptance test.

1.1.2 Additional Services:

Any other work requested by Client outside of the Services specified above shall be considered an "Additional Service" and will be conducted on a mutually-agreed-upon basis. When such work is requested, Jensen Hughes will submit an estimate of the cost to the Client for approval prior to commencing work.

Additional work may include, but is not limited to:

- 1. Drawing reviews, consulting or testing in any other building on the campus. All work is limited to intrusion alarm in the buildings identified above.
- 2. Additional meetings.
- 3. Additional system tests.
- 4. Building and fire code analysis and appeals.
- 5. Review of additional resubmitted shop drawings or construction change orders.
- 6. Review of requests for payment and change orders from the contractor.
- 7. Additional construction observation visits beyond the Scope of Services.

8. Additional time for system acceptance testing beyond that noted in Scope of Services resulting from contractor's delays or deficiencies.
9. Evaluation of the existing intrusion and/or fire alarm systems.
10. Fire alarm system design services.
11. DSA submittals or verified reports.
12. Professional engineer review or stamping of documents or drawings.
13. Automatic sprinkler system design, testing and consulting.
14. Mechanical, structural, or civil engineering and consulting.
15. Special hazard or kitchen hood fire suppression system design, testing, and consulting.
16. Building code and accessibility consultation.

All services not specifically described in the Proposal are excluded from Consultant's Scope of Services.

Architect / Oakland Unified School District / Contractor Responsibilities:

1. Provide Jensen Hughes with PDF file copies, of all fire and intrusion alarm system drawings relevant to the project. These documents are for Jensen Hughes' use in providing consulting services. It is understood that Jensen Hughes will rely upon the accuracy of all documents and electronic data furnished.
2. Provide Jensen Hughes access to all areas of the buildings for the purpose of conducting the site visits and witnessing tests.
3. Ensure systems are ready to commence testing immediately upon arrival of inspectors.
4. All prior approvals from regulatory agencies must be onsite including, but not limited to, approved permit drawings and shop drawings documentation. In addition, copies of all permits, variances, waivers, or other types of agreements concerning the project must be available for review prior to testing.
5. Provide portable radios.
6. Provide personnel familiar with the location and operation of the fire alarm and intrusion alarm systems.
7. Provide personnel properly equipped for testing the intrusion alarm systems and devices.
8. Provide at least two individuals for fire and intrusion alarm system testing. One person will remain at the panel for signal identification and system resets. The second person will activate devices. Due to the need for disconnecting wires and devices for supervision testing, at least one of these individuals shall be a technician familiar with the installation.
9. Provide Jensen Hughes with adequate notice to schedule and staff the anticipated scope efforts prior to project deadlines.

1.2 The SUBCONSULTANT is an independent contractor, responsible for methods and means used in performing the SUBCONSULTANT's services under this Agreement, and is not an employee, agent or partner of the ARCHITECT.

1.3 The ARCHITECT shall be the general administrator of the professional services for the Project, and shall facilitate the exchange of information among the SUBCONSULTANTS retained by the ARCHITECT for the Project as necessary for the coordination of the Project. The SUBCONSULTANT shall provide reciprocal coordination with the ARCHITECT and any other SUBCONSULTANTS on the Project. SUBCONSULTANT shall assist ARCHITECT as required for the approval of governmental agencies having jurisdiction over the Project. Notwithstanding the forgoing, this provision does not in any way supersede the Scope of services outlined above in Article 1.1.1. The SUBCONSULTANT's services shall be performed in character, sequence and timing in the same manner and to the same extent as those of the ARCHITECT in the Prime Agreement with Owner. Except as authorized by the ARCHITECT, all communication between the SUBCONSULTANT and Owner, Contractor or other SUBCONSULTANTS for the Project shall be forwarded through the ARCHITECT. The ARCHITECT shall furnish the SUBCONSULTANT at the ARCHITECT's expense drawings, specifications and other documents prepared by the ARCHITECT and other SUBCONSULTANTS required for the execution of SUBCONSULTANT's services.

1.4 The SUBCONSULTANT shall assist the ARCHITECT in the administration of construction relating to that part of the Project for which SUBCONSULTANT has performed services. All aspects of the work designed by SUBCONSULTANT shall be coordinated by SUBCONSULTANT and SUBCONSULTANT shall also become familiar with the work designed by the ARCHITECT and other subconsultants as necessary for proper coordination of SUBCONSULTANT's work.

ARTICLE 2 COMPENSATION

2.1 SUBCONSULTANT shall be paid \$18,200 for the Basic Services outlined in Article 1.1. The amount shall be computed as follows: Hourly at your standard rates per phase as follows:

Intrusion Alarm Design Review	\$8,752
Intrusion Alarm Consulting during Construction	\$2,048
Intrusion Alarm Witness Testing	\$7,200
Reimbursable Expenses	<u>\$200</u>
Total	\$18,200

The SUBCONSULTANT shall submit invoices in accordance with the provisions of the ARCHITECT Agreement. The ARCHITECT shall review such invoices and, if they are considered incorrect or untimely, the ARCHITECT shall review the matter and confirm in writing with SUBCONSULTANT within 14 days from receipt of SUBCONSULTANT's billing ARCHITECT's understanding of the disposition of the issue.

2.2 Payments to the SUBCONSULTANT will be made sixty days after the invoice submission date of within ten (10) days after the ARCHITECT is paid by the Owner under the Prime Agreement, whichever is later. ARCHITECT shall exert reasonable and diligent efforts to collect prompt payment from the Owner. ARCHITECT shall pay the SUBCONSULTANT in proportion to amounts received from the Owner which are attributable to the SUBCONSULTANT's services rendered, except where non-payment is due solely to the culpable conduct of the Architect.

 Architect

 Subconsultant

ARTICLE 3 ADDITIONAL SERVICES

3.1 SUBCONSULTANT shall perform Additional Services if requested by ARCHITECT in writing.

3.2 SUBCONSULTANT shall be paid for Additional Services upon review and approval of invoices submitted monthly for additional services as outlined in Article 1.1.2 of this Agreement, to be billed in accordance with the attached Rate Schedule, effective January 1, 2021.

ARTICLE 4 REIMBURSABLE EXPENSES

4.1 Refer to Prime Agreement, Exhibit "B". All reimbursable expenses must be approved in advance.

ARTICLE 5 OWNERSHIP OF DOCUMENTS

5.1 Refer to Prime Agreement, Article 8

5.2 ARCHITECT agrees not to make any substantive changes to SUBCONSULTANT's instruments of services without prior consent of SUBCONSULTANT. Any unauthorized reuse or modifications of Instruments of Service provided by SUBCONSULTANT shall be at ARCHITECT'S sole risk and without liability to SUBCONSULTANT, and ARCHITECT agrees to defend, indemnify and hold harmless SUBCONSULTANT from all claims and damages arising out of or purported to arise out of such reuse or modification of Instruments of Service provided by SUBCONSULTANT.

ARTICLE 6 TERMINATION OF AGREEMENT

6.1 Refer to Prime Agreement, Article 9

ARTICLE 7 INDEMNITY

7.1 SUBCONSULTANT shall indemnify and hold ARCHITECT harmless on the same basis that the ARCHITECT is indemnifying the Client in conformance with the Prime Agreement, Article 10.

ARTICLE 8 INSURANCE

8.1 Refer to Prime Agreement, Article 15

8.5 SUBCONSULTANT shall furnish to ARCHITECT the required Certificates and Endorsements at time of execution of contract. The Certificates shall state that the policy cannot be cancelled without thirty days' notice to ARCHITECT. SUBCONSULTANT shall notify ARCHITECT of any reduction of coverage within 15 days. Failure to obtain any of the insurance required herein shall constitute grounds for suspension or termination of this Agreement at the option of ARCHITECT. Payments may be withheld by ARCHITECT in the absence of full compliance with the insurance provisions of this Agreement.

ARTICLE 9 MISCELLANEOUS PROVISIONS

9.1 SUBCONSULTANT represents that it is fully experienced, properly qualified, registered, licensed, equipped, organized and financed to perform the services described in this Agreement. At all times SUBCONSULTANT shall act as an independent contractor and not as an agent of ARCHITECT in performing its services, maintaining complete control over its employees, suppliers and sub-subconsultants, if any. Nothing in this Agreement shall create any contractual relationship between any such supplier or sub-subconsultant and ARCHITECT. It is not the intent of the parties to this Agreement to form a partnership or joint venture.

9.2 Compliance with Laws: Refer to Prime Agreement, Article 19

9.3 This Agreement represents the entire and integrated Agreement between ARCHITECT and SUBCONSULTANT, per Article 17 of the Prime Agreement.

9.4 ARCHITECT and SUBCONSULTANT, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. Neither the ARCHITECT nor SUBCONSULTANT shall assign this Agreement without prior written consent of the other.

9.5 All claims, disputes, and conflicts between the parties to this Agreement arising out of this Agreement shall be resolved using the processes described in the Prime Agreement. The cost of mediation shall be split equally between the parties. Refer to Prime Agreement Article 20.

ARTICLE 10 OTHER CONDITIONS OR SERVICES

TO THE MAXIMUM EXTENT PERMITTED BY LAW, ARCHITECT EXPRESSLY AGREES, FOR ITSELF AND ANYONE CLAIMING BY, THROUGH OR UNDER IT, THAT THE LIABILITY OF SUBCONSULTANT, ITS SUBSIDIARIES, AFFILIATES AND SUBCONTRACTORS, INCLUDING THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SUCCESSORS AND ASSIGNS FOR ANY AND ALL CAUSES OF ACTION WHATSOEVER, INCLUDING WITHOUT LIMITATION, TORT, CONTRACT, STRICT LIABILITY, INDEMNITY OR OTHERWISE, ARISING OUT OF, OR IN CONNECTION WITH THIS AGREEMENT OR CONSULTANT'S PROFESSIONAL SERVICES, SHALL NOT EXCEED THE FEE PAID TO CONSULTANT.

I spoke again with David Secoda about avoiding the third party check of the pressbox intrusion alarm system. He does not have any leverage with Dennis about the need for a third party check. Therefore, he will prepare a fee proposal to provide those services. Unfortunately, he is booked solid until the middle of next week and won't be able to submit his proposal until the end of next week.

Should the proposal be addressed to you or us?

Hi Al,

I don't think you need an alarm consultant for such a small scope of work. And Jensen Hughes' fee for services look exorbitant in contrast. However, I'm open to working with you or the project architect to help however we can.

Thank you,

David, How are you?

As you know we have a consultant doing documentation for the intrusion install to the pressbox. I was hoping we could

have avoided it altogether but both Dennis & Enrico want your review of the drawings. The problem I have is this project

needs to be submitted to DSA by 11/4/2021 for backcheck. I don't think that the District can make that deadline and would prefer you

submit a proposal to the architect and work thru that side. Would Jensen Hughes consider this approach? I have not

spoken with the architect but I am assuming he wouldn't object.

Are there other options that you are aware of that I'm overlooking?

RE: Castlemont High School Field & Bleachers, 8601 Macarthur Blvd. – Oakland, CA
Intrusion Alarm Systems Consulting

Dear Ms. Dare,

Jensen Hughes, Inc. (Consultant) is pleased to submit this contract modification to provide intrusion alarm system consulting services to Murakami / Nelson (Client) for the referenced project. The intent of this modification is to modify the existing agreement between Jensen Hughes and Murakami / Nelson.

Jensen Hughes' involvement with the project to date has been funded through a contingency reserve provided in Murakami / Nelson's agreement with the Oakland Unified School District (OUSD). Murakami / Nelson is preparing an amendment to their agreement with OUSD to address Jensen Hughes' fee and other issues. This contract modification is needed to appropriately document the contingency reserve funds used and allocated for the intrusion alarm scope of work.

The Design Review phase of Jensen Hughes' agreement with Murakami / Nelson is complete. Incomplete scope items are carried forward in this proposal. The original agreement between the Client and Jensen Hughes allocated the following phases and fees:

<i>Phase or Activity</i>	<i>Basic Services</i>	<i>Reimbursable Expenses</i>	<i>Original Totals</i>
Intrusion Alarm Design Review	\$8,752.00	n/a	\$8,752.00
Intrusion Alarm Consulting During Construction	\$2,048.00	n/a	\$2,048.00
Intrusion Alarm Witness Testing	\$7,200.00	\$200.00	\$7,400.00
Totals	\$18,000.00	\$200.00	\$18,200.00

AGREEMENT BETWEEN PRIME DESIGN PROFESSIONAL AND SUBCONSULTANT

This Agreement is made as of October 28, 2021 between:

the "ARCHITECT":

MURAKAMI / NELSON ARCHITECTURAL CORPORATION

and

the "SUBCONSULTANT":

Jensen Hughes, Inc.

for the following Project: Castlemont High School Track, Field and Site Improvements for the Oakland Unified School District.

The ARCHITECT has made an agreement dated October 24, 2018 with the Owner, which Agreement is hereinafter referred to as the Prime Agreement and which provides for furnishing professional services in connection with the Project. A copy of the Prime Agreement is attached, made a part hereof (excepting compensation), and marked as Exhibit A. ARCHITECT agrees to the extent the terms of the Prime include special terms or conditions which include, but are not limited to, any favorable terms or conditions that the ARCHITECT is able to negotiate with the Owner, such as a limitation of liability or mutual indemnity, that such provisions shall flow down to CONSULTANT relative to the Services for this portion for the Project. Specific to limitation of liability, CONSULTANT shall benefit from proportionate limits on, and restrictions to, its liability that ARCHITECT has in the Prime Agreement. Set forth below are additional contract terms, conditions and provisions as follows:

ARTICLE 1 SUBCONSULTANT'S BASIC SERVICES

1.1 The SUBCONSULTANT shall provide for the ARCHITECT, in accordance with the terms and conditions of this Agreement, the following Basic Services, which the ARCHITECT is required to provide for the Owner under the attached Prime Agreement:

1.1.1 Project Description:

The intrusion alarm scope of work for the Castlemont High School Field & Bleachers includes new intrusion detection for the Press Box. The project will consist of an upgrade of the existing intrusion alarm panel and new intrusion detection in the Press Box. Murakami/Nelson is contracting with Jensen Hughes to review the project's intrusion alarm design prepared by McMillan Security Systems to verify compliance with OUSD Standards, participate in design meetings, and to witness testing of the new intrusion alarm system.

Scope:

1. Review the Security Systems / drawings, datasheets, and specifications, for compliance with the OUSD Intrusion Alarm Standards. Plan reviews will be limited to intrusion alarm systems only. Provide a written report of plan review comments. Two reviews are included (one initial plan review and one back check review).

The existing Bosch D9412G intrusion alarm panel will be upgraded to a Bosch B9512G panel consistent with current OUSD Intrusion Alarm Standards. The panel to be upgraded serves the existing Auditorium and Music Hall Building, the Fine Arts Building, and the former Shop Building. Existing keypad/arming stations in these buildings will be replaced with new. Existing intrusion detection devices (motion detectors and door contacts) will be connected to the upgraded panel as-is. The upgraded panel will be expanded to provide new intrusion detection, and keypad/arming stations for the Press Box.

2. Attend a maximum of three meetings with the Client, Client's intrusion alarm vendor, and the OUSD Alarm Shop. Meetings are anticipated to be via Microsoft Teams, Zoom, or similar virtual meeting. Meetings shall be arranged by the Client. Three (3) meetings are included.

3. Provide intrusion alarm consulting regarding issues that may arise during construction. Consulting time may be used for participation in meetings, review of Construction Change Documents (CCDs), Architect's Supplemental Instructions (ASIs), or for providing recommendations/solutions. A total of 8 hours is included.

4. Witness the pre-test and final acceptance test of the new intrusion alarm system with the Client, Contractor, OUSD Alarm Shop, and the Inspector of Record (IOR). Results of the tests will be recorded and submitted to the Client. Testing is anticipated to occur during non-school hours (late afternoon or weekends). Two (2) visits to witness testing are included as follows:

- a. Witness one (1) intrusion alarm system pre-test.
- b. Witness one (1) intrusion alarm system final acceptance test.

1.1.2 Additional Services:

Any other work requested by Client outside of the Services specified above shall be considered an "Additional Service" and will be conducted on a mutually-agreed-upon basis. When such work is requested, Jensen Hughes will submit an estimate of the cost to the Client for approval prior to commencing work.

Additional work may include, but is not limited to:

- 1. Drawing reviews, consulting or testing in any other building on the campus. All work is limited to intrusion alarm in the buildings identified above.
- 2. Additional meetings.
- 3. Additional system tests.
- 4. Building and fire code analysis and appeals.
- 5. Review of additional resubmitted shop drawings or construction change orders.
- 6. Review of requests for payment and change orders from the contractor.
- 7. Additional construction observation visits beyond the Scope of Services.

8. Additional time for system acceptance testing beyond that noted in Scope of Services resulting from contractor's delays or deficiencies.
9. Evaluation of the existing intrusion and/or fire alarm systems.
10. Fire alarm system design services.
11. DSA submittals or verified reports.
12. Professional engineer review or stamping of documents or drawings.
13. Automatic sprinkler system design, testing and consulting.
14. Mechanical, structural, or civil engineering and consulting.
15. Special hazard or kitchen hood fire suppression system design, testing, and consulting.
16. Building code and accessibility consultation.

All services not specifically described in the Proposal are excluded from Consultant's Scope of Services.

Architect / Oakland Unified School District / Contractor Responsibilities:

1. Provide Jensen Hughes with PDF file copies, of all fire and intrusion alarm system drawings relevant to the project. These documents are for Jensen Hughes' use in providing consulting services. It is understood that Jensen Hughes will rely upon the accuracy of all documents and electronic data furnished.
2. Provide Jensen Hughes access to all areas of the buildings for the purpose of conducting the site visits and witnessing tests.
3. Ensure systems are ready to commence testing immediately upon arrival of inspectors.
4. All prior approvals from regulatory agencies must be onsite including, but not limited to, approved permit drawings and shop drawings documentation. In addition, copies of all permits, variances, waivers, or other types of agreements concerning the project must be available for review prior to testing.
5. Provide portable radios.
6. Provide personnel familiar with the location and operation of the fire alarm and intrusion alarm systems.
7. Provide personnel properly equipped for testing the intrusion alarm systems and devices.
8. Provide at least two individuals for fire and intrusion alarm system testing. One person will remain at the panel for signal identification and system resets. The second person will activate devices. Due to the need for disconnecting wires and devices for supervision testing, at least one of these individuals shall be a technician familiar with the installation.
9. Provide Jensen Hughes with adequate notice to schedule and staff the anticipated scope efforts prior to project deadlines.

1.2 The SUBCONSULTANT is an independent contractor, responsible for methods and means used in performing the SUBCONSULTANT's services under this Agreement, and is not an employee, agent or partner of the ARCHITECT.

1.3 The ARCHITECT shall be the general administrator of the professional services for the Project, and shall facilitate the exchange of information among the SUBCONSULTANTS retained by the ARCHITECT for the Project as necessary for the coordination of the Project. The SUBCONSULTANT shall provide reciprocal coordination with the ARCHITECT and any other SUBCONSULTANTS on the Project. SUBCONSULTANT shall assist ARCHITECT as required for the approval of governmental agencies having jurisdiction over the Project. Notwithstanding the forgoing, this provision does not in any way supersede the Scope of services outlined above in Article 1.1.1. The SUBCONSULTANT's services shall be performed in character, sequence and timing in the same manner and to the same extent as those of the ARCHITECT in the Prime Agreement with Owner. Except as authorized by the ARCHITECT, all communication between the SUBCONSULTANT and Owner, Contractor or other SUBCONSULTANTS for the Project shall be forwarded through the ARCHITECT. The ARCHITECT shall furnish the SUBCONSULTANT at the ARCHITECT's expense drawings, specifications and other documents prepared by the ARCHITECT and other SUBCONSULTANTS required for the execution of SUBCONSULTANT's services.

1.4 The SUBCONSULTANT shall assist the ARCHITECT in the administration of construction relating to that part of the Project for which SUBCONSULTANT has performed services. All aspects of the work designed by SUBCONSULTANT shall be coordinated by SUBCONSULTANT and SUBCONSULTANT shall also become familiar with the work designed by the ARCHITECT and other subconsultants as necessary for proper coordination of SUBCONSULTANT's work.

ARTICLE 2 COMPENSATION

2.1 SUBCONSULTANT shall be paid \$18,200 for the Basic Services outlined in Article 1.1. The amount shall be computed as follows: Hourly at your standard rates per phase as follows:

Intrusion Alarm Design Review	\$8,752
Intrusion Alarm Consulting during Construction	\$2,048
Intrusion Alarm Witness Testing	\$7,200
Reimbursable Expenses	<u>\$200</u>
Total	\$18,200

The SUBCONSULTANT shall submit invoices in accordance with the provisions of the ARCHITECT Agreement. The ARCHITECT shall review such invoices and, if they are considered incorrect or untimely, the ARCHITECT shall review the matter and confirm in writing with SUBCONSULTANT within 14 days from receipt of SUBCONSULTANT's billing ARCHITECT's understanding of the disposition of the issue.

2.2 Payments to the SUBCONSULTANT will be made sixty days after the invoice submission date of within ten (10) days after the ARCHITECT is paid by the Owner under the Prime Agreement, whichever is later. ARCHITECT shall exert reasonable and diligent efforts to collect prompt payment from the Owner. ARCHITECT shall pay the SUBCONSULTANT in proportion to amounts received from the Owner which are attributable to the SUBCONSULTANT's services rendered, except where non-payment is due solely to the culpable conduct of the Architect.

 Architect

 Subconsultant

ARTICLE 3 ADDITIONAL SERVICES

3.1 SUBCONSULTANT shall perform Additional Services if requested by ARCHITECT in writing.

3.2 SUBCONSULTANT shall be paid for Additional Services upon review and approval of invoices submitted monthly for additional services as outlined in Article 1.1.2 of this Agreement, to be billed in accordance with the attached Rate Schedule, effective January 1, 2021.

ARTICLE 4 REIMBURSABLE EXPENSES

4.1 Refer to Prime Agreement, Exhibit "B". All reimbursable expenses must be approved in advance.

ARTICLE 5 OWNERSHIP OF DOCUMENTS

5.1 Refer to Prime Agreement, Article 8

5.2 ARCHITECT agrees not to make any substantive changes to SUBCONSULTANT's instruments of services without prior consent of SUBCONSULTANT. Any unauthorized reuse or modifications of Instruments of Service provided by SUBCONSULTANT shall be at ARCHITECT'S sole risk and without liability to SUBCONSULTANT, and ARCHITECT agrees to defend, indemnify and hold harmless SUBCONSULTANT from all claims and damages arising out of or purported to arise out of such reuse or modification of Instruments of Service provided by SUBCONSULTANT.

ARTICLE 6 TERMINATION OF AGREEMENT

6.1 Refer to Prime Agreement, Article 9

ARTICLE 7 INDEMNITY

7.1 SUBCONSULTANT shall indemnify and hold ARCHITECT harmless on the same basis that the ARCHITECT is indemnifying the Client in conformance with the Prime Agreement, Article 10.

ARTICLE 8 INSURANCE

8.1 Refer to Prime Agreement, Article 15

8.5 SUBCONSULTANT shall furnish to ARCHITECT the required Certificates and Endorsements at time of execution of contract. The Certificates shall state that the policy cannot be cancelled without thirty days' notice to ARCHITECT. SUBCONSULTANT shall notify ARCHITECT of any reduction of coverage within 15 days. Failure to obtain any of the insurance required herein shall constitute grounds for suspension or termination of this Agreement at the option of ARCHITECT. Payments may be withheld by ARCHITECT in the absence of full compliance with the insurance provisions of this Agreement.

ARTICLE 9 MISCELLANEOUS PROVISIONS

9.1 SUBCONSULTANT represents that it is fully experienced, properly qualified, registered, licensed, equipped, organized and financed to perform the services described in this Agreement. At all times SUBCONSULTANT shall act as an independent contractor and not as an agent of ARCHITECT in performing its services, maintaining complete control over its employees, suppliers and sub-subconsultants, if any. Nothing in this Agreement shall create any contractual relationship between any such supplier or sub-subconsultant and ARCHITECT. It is not the intent of the parties to this Agreement to form a partnership or joint venture.

9.2 Compliance with Laws: Refer to Prime Agreement, Article 19

9.3 This Agreement represents the entire and integrated Agreement between ARCHITECT and SUBCONSULTANT, per Article 17 of the Prime Agreement.

9.4 ARCHITECT and SUBCONSULTANT, respectively, bind themselves, their partners, successors, assigns and legal representatives to the other party to this Agreement and to the partners, successors, assigns and legal representatives of such other party with respect to all covenants of this Agreement. Neither the ARCHITECT nor SUBCONSULTANT shall assign this Agreement without prior written consent of the other.

9.5 All claims, disputes, and conflicts between the parties to this Agreement arising out of this Agreement shall be resolved using the processes described in the Prime Agreement. The cost of mediation shall be split equally between the parties. Refer to Prime Agreement Article 20.

ARTICLE 10 OTHER CONDITIONS OR SERVICES

TO THE MAXIMUM EXTENT PERMITTED BY LAW, ARCHITECT EXPRESSLY AGREES, FOR ITSELF AND ANYONE CLAIMING BY, THROUGH OR UNDER IT, THAT THE LIABILITY OF SUBCONSULTANT, ITS SUBSIDIARIES, AFFILIATES AND SUBCONTRACTORS, INCLUDING THEIR RESPECTIVE OFFICERS, DIRECTORS, EMPLOYEES, SUCCESSORS AND ASSIGNS FOR ANY AND ALL CAUSES OF ACTION WHATSOEVER, INCLUDING WITHOUT LIMITATION, TORT, CONTRACT, STRICT LIABILITY, INDEMNITY OR OTHERWISE, ARISING OUT OF, OR IN CONNECTION WITH THIS AGREEMENT OR CONSULTANT'S PROFESSIONAL SERVICES, SHALL NOT EXCEED THE FEE PAID TO CONSULTANT.

Re: Castlemont High School - Field & Bleachers
Fee Proposal – Response to 2nd Constructability Review Comments

Dear Mr. Anderson,

Constructability review comments were previously given to us by OUSD and were addressed in January of 2021. As we don't have the budget to respond to comments by two different constructability reviewers over a year apart we are requesting an additional fee to respond to the 2nd round of comments.

Our request for additional fee is as follows:

murakami/Nelson	7,000
Degenkolb Engineers	3,000
BKF Engineers	3,500
The Shalleck Collaborative	1,250
BWF Consulting Engineers	<u>4,000</u>
Total	\$20,625
<i>Less Amount Billed Against Current Contingency</i>	<i>(10,000)</i>
Subtotal	10,625.00
10% Contingency	<u>1,062.50</u>
Total Request	\$11,687.50

Let me know if you have any questions about our fee request.

Very truly yours
murakami/Nelson

Re: Castlemont High School - Field & Bleachers
Fee Proposal – Scoreboard

Dear Mr. Anderson,

Per your request we are providing a fee proposal to replace the existing scoreboard with a new scoreboard similar to one that was recently installed at Fremont High School.

We understand that the District has selected a scoreboard designed and manufactured by Daktronics. We will specify the scoreboard and design related architectural, civil and electrical work.

We will prepare and issue an ASI to CWS Construction Group for demolition of the existing and installation of the new scoreboard. It is our understanding that Daktronics will be a subcontractor to CWS Construction Group and they will retain their own structural engineer who will design the scoreboard, supporting posts and foundations. They will prepare drawings, specifications and calculations, coordinate with the design team and respond to DSA review comments.

We will prepare and issue a Construction Change Directive based on the ASI and incorporate Daktronics's shop drawings for submittal to and approval by DSA.

Our request for additional fee for these services is as follows:

murakami/Nelson	15,000
BKF Engineers	6,000
BWF Consulting Engineers	4,000
10% Contingency	2,500

Total Request **\$27,500**

Let me know if you have any questions about our fee request.

Very truly yours
murakami/Nelson

Re: Changes to Electrical Panel F – Additional Services

Dear Mr. Anderson,

The existing electrical panel at Castlemont is connected directly to the street, and will not be suitable for providing electrical service to the new Press Box.

Pursuant to your request, our electrical engineer, BWF, has provided design services for a new electrical service and has been tracking the time expended on an hourly basis. Through the end of September, murakami/Nelson has expended \$1,500 and BWF has expended \$6,075 producing drawings to submit to PG&E, meeting with PG&E, etc. We will also have to submit to DSA, and incorporate any changes PG&E may request in the future.

Our request for additional fee for these services is as follows:

murakami/Nelson	3,000
BWF	9,000
10% Contingency	1,200
Total Request	\$13,200

If the scope of the work changes, we may request additional fee at a later date. Let me know if you have any questions about our fee request.

Very truly yours
murakami/Nelson

Re: Castlemont High School – Additional Services:
Intrusion Alarm, Reimbursable Expenses, Directional Boring, Additional Consulting and
Extended Construction / Closeout Period

Dear Mr. Anderson,

Over the last seven months murakami/Nelson has paid fees to various agencies at the School District's direction, provided prints of the DSA submittal, prepared construction documents for directional boring under the football field and updated the Geotechnical Report. The District has now requested us to complete and submit an application to EBMUD for a new fire hydrant and provide design services to add an intrusion alarm to the Pressbox. Additionally, as part of their review, DSA is requiring that the project provide an accessible Path of Travel from the bus stop on MacArthur Boulevard through the campus to the track. This work was not in our initial scope of work. The breakdown of our fee for these services is as follows:

Previously authorized services:

• In February 2021 CGS required Langan to update their Geotechnical Report to reflect the code change that occurred after they issued their initial report. murakami/Nelson coordinated that effort and worked with CGS to provide the new information.	1,000.00
• In February 2021 murakami/Nelson paid the CGS Review Fee.	3,780.00
• In February 2021 murakami/Nelson provided copies of plans and specifications for OUSD.	1,560.64
• BKF prepared directional boring drawings and specifications to install the new IT line under the football field.	5,000.00
• In December 2020 BKF paid for an additional EBMUD flow test for the new fire hydrant because the previous test was not recent enough.	387.45
Total	11,728.09

New additional services:

• BKF will prepare and submit the application to EBMUD for a new fire hydrant and respond to any review comments. murakami/Nelson will coordinate their effort.	5,000.00
• BKF will meet with the Oakland Fire Marshall to have them sign the EBMUD application and pay the required fee.	375.00
• EBMUD Water Service Fee reimbursement.	369.00

• <u>City of Oakland Lateral Sewer Connection Fee reimbursement.</u>	<u>700.00</u>
Total	6,444.00

- OUSD has requested that murakami/Nelson add intrusion detection devices (initially three door contacts and two motion sensors) to the new Pressbox and tie those devices into the High School integrated Tyco/Simplex 4100 fire alarm and Bosch security system. Because this is an integrated system changes to the intrusion alarm system may impact the fire alarm system. I have excluded any work related to the fire alarm system.

On June 10, 2021 Dennis Nichols with OUSD suggested that we tie the new alarm devices either into the security panel in Building 200 or into a panel in the "Old Shop". Additionally, he requested that we add a cellular card and connect the system to the District's network.

We have added McMillen Security Systems to our team to take advantage of their knowledge of the Bosch system and their experience working with OUSD on the intrusion alarm at Fremont High School. Additionally, we will use BKF Engineers for consulting on the directional boring and trenching of the new conduit from the Pressbox to the Old Shop and Mack5 for estimating the cost of the intrusion alarm work.

During the week of July 5, 2021, Enrico Banuelos with OUSD told McMillen Security that the only viable option is to connect the Pressbox alarm into the alarm panel in the Old Shop since the conduit and panel in building 200 are full. Adding new devices to this panel means that the alarm panel and keypads will need to be replaced. Enrico also mentioned that the Intrusion Alarm Department only wants motion sensors for each room in the Pressbox and no door contacts. This should be confirmed in writing.

On July 13, 2021, our team met with OUSD staff to review the existing conditions at the Old Shop. We discussed routing the new conduit from the Pressbox to the Electrical Room and likely changes to the panel. This site meeting was in addition to the forthcoming mandatory site meeting with Intrusion Alarm staff.

Based upon the site visit and our understanding of the scope and the requirements of the District's Alarm Guidelines, McMillen Security will evaluate the existing alarm system to determine if it is functioning properly. McMillen will also consider if there is enough capacity and how best to tie in the new devices. To do this they will send a two person crew to the high school and check the existing panels and all existing devices. They will require complete access to all areas and will require a Full Panel Point Report before they start the testing. Any devices not on the Point Report will be excluded and any devices that cannot be found in a reasonable time will be noted as programmed and missing. Their work will occur during normal business hours. The purpose of this system review is to determine what it will take to connect the Press Box devices into

the Old Shop. Reprogramming the existing system is not included in this proposal.

Once the evaluation is complete and a concept approved, our team will prepare a site plan, floor/reflected ceiling plans, details and notes on the drawings for routing the alarm conduit and adding alarm devices at the Pressbox, showing wiring homeruns and providing cellular and network connections. We will provide a construction cost estimate for the new work, respond to OUSD review comments, respond to bidders' questions and provide construction administration services.

Our fee to provide these services is estimated to be:

murakami/Nelson:	25,150	
McMillen Security Systems:	19,640	
Mack5	1,500	
<u>BKF Engineers:</u>	<u>4,000</u>	
Total		50,290.00

Our fee is based upon our current understanding of the issues. We have excluded evaluating or making any modifications to the fire alarm system. Those services can be provided as an additional service.

- Over the last six months we have provided miscellaneous consulting services to assess the impact of adding a fire alarm system to the Pressbox including a ROM estimate, assess the alternative turf proposed by Field Turf and assess the implications of using wet-weather lime-treatment. 3,500.00

- Provide consulting services to design a DSA-required accessible path of travel from the bus stop on MacArthur Boulevard to the track including making the current accessible parking fully compliant. Doing this will require preparing a ground survey for the route in question, field work to evaluate the existing conditions, designing mitigations for non-compliant features (regrading pavements, replacing or modifying gates, electronic gate operator, signage, striping, etc.) and meeting with DSA prior to backcheck to confirm the accessible route and the corrective measures are acceptable. We are also including time for Mack5 to add the Path of Travel work to their estimate.

murakami/Nelson	19,990	
BKF	14,500	
BWF	2,000	
Degenkolb	2,500	
<u>Mack5</u>	<u>1,500</u>	
Total		40,490.00

- Per DSA's comments, provide structural calculations for attachments of items not normally required such as the nailing strip for the turf, fence enclosure, window screens, redwood headers, bench to slab anchors, mirror, etc.

murakami/Nelson	1,860	
<u>Degenkolb</u>	<u>7,700</u>	
Total		9,560.00

- Due to the added scope of work the project will be at least partially constructed in 2022 and DSA Closeout will occur later in 2022. For that reason I request that our contract be extended until December 2022. We and our team members will incur the following additional costs providing services during 2022.

murakami/Nelson	26,040	
Keller Mitchell	6,170	
<u>Degenkolb</u>	<u>2,800</u>	
Total		35,010.00

Future additional reimbursable expenses:

- Provide OUSD with copies of drawings and specifications after DSA approval. 2,000.00
- Other miscellaneous reimbursable expenses. 5,000.00

Subtotal Fee **\$164,022.09**

10% Contingency **\$16,402.21**

Our total fee request rounded is: **\$180,400.00**

Please let me know if you have any questions.

Very truly yours,
murakami/Nelson

SECTION I

PARTS ONE and TWO

1. WE WILL ALSO PAY

D. We Will Also Pay of Part One (WORKERS' COMPENSATION INSURANCE); and

E. We Will Also Pay of Part Two (EMPLOYERS' LIABILITY INSURANCE) is replaced by the following:

We Will Also Pay

We will also pay these costs, in addition to other amounts payable under this insurance, as part of any claim, proceeding, or suit we defend:

1. reasonable expenses incurred at our request, **INCLUDING** loss of earnings;
2. premiums for bonds to release attachments and for appeal bonds in bond amounts up to the limit of our liability under this insurance;
3. litigation costs taxed against you;
4. interest on a judgment as required by law until we offer the amount due under this law; and
5. expenses we incur.

PART THREE

2. How This Insurance Applies

Paragraph 4. of **A. How This Insurance Applies of Part 3** (Other States Insurance) is replaced by the following:

4. If you have work on the effective date of this policy in any state not listed in Item 3.A. of the Information Page, coverage will not be afforded for that state unless we are notified within **sixty** days.

PART SIX

3. Transfer Of Your Rights and Duties

C. Transfer Of Your Rights and Duties of Part 6 (Conditions) is replaced by the following:

Your rights or duties under this policy may not be transferred without our written consent.

If you die and we receive notice within **sixty** days after your death, we will cover your legal representative as insured.

4. Liberalization

If we adopt a change in this form that would broaden the coverage of this form without extra charge, the broader coverage will apply to this policy. It will apply when the change becomes effective in your state.

SECTION II

VOLUNTARY COMPENSATION AND EMPLOYERS' LIABILITY COVERAGE

5. Voluntary Compensation Insurance

A. How This Insurance Applies

This insurance applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. The bodily injury must be sustained by any officer or employee not subject to the workers' compensation law of any state shown in Item 3.A. of the Information Page.
2. The bodily injury must arise out of and in the course of employment or incidental to work in a state shown in Item 3.A. of the Information Page.

3. The bodily injury must occur in the United States of America, its territories or possessions, or Canada, and may occur elsewhere if the employee is a United States or Canadian citizen, or otherwise legal resident, and legally employed, in the United States or Canada and temporarily away from those places.

4. Bodily injury by accident must occur during the policy period.

5. Bodily injury by disease must be caused or aggravated by the conditions of the

officer's or employee's employment. The officer's or employee's last day of last exposure to the conditions causing or aggravating such bodily injury by disease must occur during the policy period.

B. We Will Pay

We will pay an amount equal to the benefits that would be required of you as if you and your employees were subject to the workers' compensation law of any state shown in Item 3.A. of the Information Page. We will pay those amounts to the persons who would be entitled to them under the law.

C. Exclusion

This insurance does not cover:

1. any obligation imposed by workers' compensation or occupational disease law or any similar law.
2. bodily injury intentionally caused or aggravated by you.
3. officers or employees who have elected not to be subject to the state workers' compensation law.
4. partners or sole proprietors not covered under the Standard Sole Proprietors, Partners, Officers and Others Coverage Endorsement.

D. Before We Pay

Before we pay benefits to the persons entitled to them, they must:

1. Release you and us, in writing, of all responsibility for the injury or death.
2. Transfer to us their right to recover from others who may be responsible for the injury or death.
3. Cooperate with us and do everything necessary to enable us to enforce the right to recover from others.

If the persons entitled to the benefits of this insurance fail to do those things, our duty to pay ends at once. If they claim damages from you or from us for the injury or death, our duty to pay ends at once.

E. Recovery From Others

If we make a recovery from others, we will keep an amount equal to our expenses of recovery and the benefits we paid. We will pay the balance to the persons entitled to it.

If the persons entitled to the benefits of this insurance make a recovery from others, they must reimburse us for the benefits we paid them.

F. Employers' Liability Insurance

Part Two (Employers' Liability Insurance) applies to bodily injury covered by this endorsement as though the State of Employment was shown in Item 3.A. of the Information Page.

This provision 5. does not apply in New Jersey or Wisconsin.

EMPLOYERS' LIABILITY STOP GAP COVERAGE

6. Employers' Liability Stop Gap Coverage

- A. This coverage only applies in Montana, North Dakota, Ohio, Washington, West Virginia and Wyoming.
- B. Part One (Workers' Compensation Insurance) does not apply to work in states shown in Paragraph A above.
- C. Part Two (Employers' Liability Insurance) applies in the states, shown in Paragraph A., as though they were shown in Item 3.A. of the Information Page.
- D. Part Two, Section C. **Exclusions** is changed by adding these exclusions.

This insurance does not cover;

5. bodily injury intentionally caused or aggravated by you or in Ohio bodily injury resulting from an act which is determined by an Ohio court of law to have been committed by you with the belief that an injury is substantially certain to occur. However, the cost of defending such claims or suits in Ohio is covered.
 13. bodily injury sustained by any member of the flying crew of any aircraft.
 14. any claim for bodily injury with respect to which you are deprived of any defense or defenses or are otherwise subject to penalty because of default in premium under the provisions of the workers' compensation law or laws of a state shown in Paragraph A.
- E. This insurance applies to damages for which you are liable under West Virginia Code Annot. S 23-4-2.

EXTENDED OPTIONS

1. Employers' Liability Insurance

Item 3.B. of the Information Page is replaced by the following:

B. Employers' Liability Insurance:

1. **Part Two** of the policy applies to work in each state listed in Item 3.A.

The Limits of Liability under Part Two are the higher of:

**Bodily Injury
by Accident** \$500,000 Each Accident

**Bodily Injury
by Disease** \$500,000 Policy Limit

**Bodily Injury
by Disease** \$500,000 Each Employee

OR

2. The amount shown in the Information Page.

This provision 1 of **EXTENDED OPTIONS** does not apply in New York because the Limits Of Our Liability are unlimited.

In this provision the limits are changed from **\$500,000** to **\$1,000,000** in California.

2. Unintentional Failure to Disclose Hazards

If you unintentionally should fail to disclose all existing hazards at the inception date of your policy, we shall not deny coverage under this policy because of such failure.

3. Waiver of Our Right To Recover From Others

A. We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against any person or organization for whom you perform work under a written contract that requires you to obtain this agreement from us.

This agreement shall not operate directly or indirectly to benefit anyone not named in the agreement.

B. This provision 3. does not apply in the states of Pennsylvania and Utah.

4. Foreign Voluntary Compensation and Employers' Liability Reimbursement

A. How This Reimbursement Applies

This reimbursement provision applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. The bodily injury must be sustained by an officer or employee.
2. The bodily injury must occur in the course of employment necessary or incidental to work in a country not listed in Exclusion C.1. of this provision.
3. Bodily injury by accident must occur during the policy period.
4. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The officer or employee's last exposure to those conditions of your employment must occur during the policy period.

B. We Will Reimburse

We will reimburse you for all amounts paid by you whether such amounts are:

1. voluntary payments for the benefits that would be required of you if you and your officers or employees were subject to any workers' compensation law of the state of hire of the individual employee.
2. sums to which Part Two (Employers' Liability Insurance) would apply if the Country of Employment were shown in Item 3.A. of the Information Page.

C. Exclusions

This insurance does not cover:

1. any occurrences in the United States, Canada, and any country or jurisdiction which is the subject of trade or economic sanctions imposed by the laws or regulations of the United States of America in effect as of the inception date of this policy.
2. any obligation imposed by a workers' compensation or occupational disease law, or similar law.
3. bodily injury intentionally caused or aggravated by you.

4. liability for any consequence, whether direct or indirect, of war, invasion, act of Foreign enemy, hostilities (whether war be declared or not), civil war, rebellion, revolution, insurrection or military or usurped power. No endorsement now or subsequently attached to this policy shall be construed as overriding or waiving this limitation unless specific reference is made thereto.

D. Before We Pay

Before we reimburse you for the benefits to the persons entitled to them, you must have them:

1. release you and us, in writing, of all responsibility for the injury or death,
2. transfer to us their right to recover from others who may be responsible for their injury or death,
3. cooperate with us and do everything necessary to enable us to enforce the right to recover from others.

If the persons entitled to the benefits paid fail to do these things, our duty to reimburse ends at once. If they claim damages from us for the injury or death, our duty to reimburse ends at once.

E. Recovery From Others

If we make a recovery from others, we will keep an amount equal to our expenses of recovery and the benefits we reimbursed. We will pay the balance to the persons entitled to it. If persons entitled to the benefits make a recovery from others, they must repay us for the amounts that we have reimbursed you.

F. Reimbursement for Actual Loss Sustained

This endorsement provides only for reimbursement for the loss you actually sustain. In order for you to recover loss or expenses under this reimbursement you must:

1. actually sustain and pay the loss or expense in money after trial, or
2. secure our consent for the payment of the loss or expense.

G. Repatriation

Our reimbursement includes the additional expenses of repatriation to the United States

of America necessarily incurred as a direct result of bodily injury.

Our reimbursement shall be limited as follows:

1. to the amount by which such expenses exceed the normal cost of returning the officer or employee if in good health, or
2. in the event of death, to the amount by which such expenses exceed the normal cost of returning the officer or employee if alive and in good health.

In no event shall our reimbursement exceed the bodily injury by accident limit shown in Item 3.B. of the Information Page as respects any one such officer or employee whether dead or alive.

H. Endemic Disease

The word "disease" includes any endemic diseases.

The coverage applies as if endemic diseases were included in the provisions of the workers' compensation law.

5. Longshore and Harbor Workers' Compensation Act Coverage

General Section C. Workers' Compensation Law is replaced by the following:

C. Workers' Compensation Law

Workers' Compensation Law means the workers or workers' compensation law and occupational disease law of each state or territory named in Item 3.A. of the Information Page and the Longshore and Harbor Workers' Compensation Act (33 USC Sections 901-950). It includes any amendments to those laws that are in effect during the policy period. It does not include any other federal workers or workers' compensation law, other federal occupational disease law or the provisions of any law that provide nonoccupational disability benefits.

Part Two (Employers' Liability Insurance), C. Exclusions, exclusion 8, does not apply to work subject to the Longshore and Harbor Workers' Compensation Act.

This coverage does not apply to work subject to the Defense Base Act, the Outer Continental Shelf Lands Act, or the Nonappropriated Fund Instrumentalities Act.

SECTION III

1. SCHEDULE OF COVERED STATES

A. This endorsement only applies in the states listed in this Schedule of Covered States.

B. If a state, shown in Item 3.A. of the Information Page, approves this endorsement after the effective date of this policy, this endorsement will apply to this policy. The coverage will apply in the new state on the effective date of the state approval

ADDITIONAL COVERAGES BY WRITTEN CONTRACT, AGREEMENT OR PERMIT

This is a summary of the coverage provided under the following form (complete form available):

BUSINESS LIABILITY COVERAGE FORM SS 00 08 04 05**Additional Insured When Required by Written Contract, Written Agreement or Permit**

WHO IS AN INSURED under Section C. is amended to include as an additional insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- (a) In the performance of your ongoing operations;
- (b) In connection with your premises owned by or rented to you; or
- (c) In connection with "your work" and included within the "products completed operations hazard", but only if
 - (i) The written contract or written agreement requires you to provide such coverage to such additional insured; and
 - (ii) This Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products completed operations hazard".

The person(s) or organization(s) are additional insureds when you have agreed, in a written contract, written agreement or because of a permit issued by a state or political subdivision, that such person or organization be added as an additional insured on your policy, provided the injury or damage occurs subsequent to the execution of the contract or agreement, or the issuance of the permit.

A person or organization is an additional insured under the provision only for that period of time required by the contract, agreement or permit.

With respect to the insurance afforded to the additional insured, this insurance does not apply to: "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services, including:

- (a) The preparing, approving, or failure to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders, designs or drawings and specification; or
- (b) Supervisory, inspection, architectural or engineering activities.

The limits of insurance that apply to additional insureds are described in Section D. Limits Of Insurance.

How this insurance applies when other insurance is available to an additional insured is described in the Other Insurance Condition in Section E. Liability And Medical Expenses General Conditions.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

Other Insurance

If other valid and collectible insurance is available for a loss we cover under this Coverage Part, our obligations are limited as follows:

When You Add Others As An Additional Insured To This Insurance: That is other insurance available to an additional insured. However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this Coverage Part:

- (a) **Primary Insurance When Required By Contract:** This insurance is primary if you have agreed in a written contract, written agreement or permit that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in c. below.
- (b) **Primary And Non-Contributory To Other Insurance When Required By Contract:** If you have agreed in a written contract, written agreement or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (a) and (b) do not apply to other insurance to which the additional insured has been added as an additional insured.

c. Method Of Sharing

If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

Waiver of Subrogation

If you have waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided you waived your rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage

Re: Castlemont High School
Reduced Scope – Grandstand Seating 1,500
Revised Proposal

Dear Mr. Anderson,

The School District has decided to reduce the scope of the Castlemont HS Grandstand and Field Project to control costs and also has requested murakami/Nelson to change grandstand manufacturers. Based upon my discussions with you the following describes the changes to the project and the impacts to the services we are providing.

ADDITIONAL BASE SERVICES

- **Redesign the Grandstands to have 1,500 seats**

In an effort to reduce construction cost of the project the School District has decided to reduce the seating capacity of the Grandstands to approximately 1,500. The number of accessible seats will be reduced in proportion to the overall seat count. The number of stairs and ramps will remain the same. The Pressbox will remain 240 square feet and will be integrated into the grandstand.

Our geotechnical consultant does not believe we need to re-submit the project to CGS; however, we will inform them of the reduction in size so that the project they reviewed will be the same as the one submitted to DSA. We will consider installing AC paving under the grandstand instead of a concrete slab. This will eliminate the need to over-excavate the site. We are assuming that the changes will not trigger stormwater treatment measures. Should that not be the case we will request additional services to prepare documents for that purpose.

Reducing the seating capacity to 1,500 seats will shorten the length of the bleachers to approximately 210 feet. This means that the plazas between the grandstand and restrooms will become substantially larger. Keller Mitchell, BKF, BWF and murakami/Nelson will redesign the plazas for the increased area.

- **Replace the Grandstand Manufacturer**

The School District has also requested murakami/Nelson to terminate our contract with Dant Clayton and negotiate a new contract with Southern Bleacher. We will close out our contract with Dant Clayton and pay them for their completed work. We will enter into a new contract with Southern Bleacher. Their scope will include visiting the site, discussing the project with the design team, preparing schematic documents, 95% construction documents and final construction documents. They will advise the cost estimator of the likely cost of the grandstand, pressbox and foundation at the schematic and 95% phases. Southern Bleacher will provide generic plans and specifications so that the grandstand can be potentially bid by other bleacher manufacturers. They will retain their own

structural engineer who will design the grandstand, pressbox and foundations. They will prepare drawings, specifications and calculations, coordinate with the design team and respond to DSA review comments.

Langan will consult with Southern Bleacher on the design of the foundations for the new grandstand and will review the foundation design and construction documents. They will prepare a letter noting the changes to the previously reviewed grandstands for CGS's information.

The fence and gates enclosing the underside of the grandstands will no longer be attached to the bleachers, but will be a freestanding element designed and detailed by murakami/Nelson.

The surfacing under the grandstand will no longer be part of the foundation system, but will be designed by BKF as an independent element and coordinated with Southern Bleacher. The surfacing will either be concrete or asphalt.

- **City Fire Marshall Meeting**
murakami/Nelson will meet again with the City Fire Marshall to review the impact of the new smaller grandstand and confirm the proposed dry standpipe and fire hydrant layouts meet the city's expectations.
- **DSA Meeting**
murakami/Nelson will meet again with DSA to review the impact of the new smaller grandstand, DSA's submittal requirements for the grandstand structure, the need for an accessible path around the track / hardship application and the change in grandstand manufacturers.
- **Additional DSA or Fire Marshall Requirements**
Additional requirements by DSA or the Oakland Fire Marshall are not anticipated; however, they may occur. Depending on the extent of the requirements, incorporating those measures may require additional services, for example providing an access path around the east and north sides of the track.
- **School District Meetings**
murakami/Nelson will meet twice with School District staff during the new schematic design phase and once during the construction document phase to review and discuss the project.
- **Comcast WIFI at the Existing Restrooms**
The Comcast WIFI equipment will be left in place. We are not planning to have internet access at the pressbox; however, the Comcast equipment may be able to be used for that purpose.
- **Fire Alarm System at the Existing Restrooms, Grandstands and Pressbox**
Based upon the initial Pre-Application Meeting with DSA we will not be extending or providing a new fire alarm system for the Restrooms, Grandstand or Pressbox.
- **SWPPP/NPDES Compliance**
BKF's interpretation of the water quality regulations is that since the area of disturbance for the reduced size grandstand is less than 10,000 s.f. bio-swales or other water retention/diversion

measures will not be required. *(Design of SWPPP/NPDES compliance measures will be an additional service.)*

- **Lead Paint Abatement**

OUSD will retain a consultant to provide lead paint abatement specifications for the project and to determine the amount of abatement required. We understand that loose paint on the grandstand framing must be removed by an abatement subcontractor hired by the general contractor. After the abatement the grandstand will then be deconstructed and the remainder of lead paint coated metal will be disposed of as construction waste. We will include a construction allowance of \$50-65,000 for lead paint abatement.

- **Storage Containers**

As part of this contract two existing storage containers will be relocated from under the grandstand to the north end of the track.

- **2019 California Building Code**

Because the final construction documents will be submitted to DSA after January 1, 2020 the project will be designed in compliance with the 2019 California Building Code. We will re-evaluate code compliance for the project based upon the new CBC. We and our consultants will update the Green Building Code Checklist and Title 24 forms, including the Title 24 lighting forms.

- **DSA Hardship Application for Pathway around Track**

The school district is requesting murakami/Nelson to file a DSA Hardship Application for an accessible four foot wide pathway around the north and east sides of the track. To complete the hardship application we will prepare a concept site plan, provide a description of the work (demolition, retaining wall/footings, backfill, paving, guardrail, fence, gates, signage, striping, etc.), prepare a ROM estimate for the access work, compare that cost to the construction cost of the project and discuss the need for the access path with DSA. If DSA insists on having the pathway, then we will prepare construction documents and provide construction administration services. (see below)

- **Design of Pathway Around Track**

As an **Additional Service**, murakami/Nelson and our team can design a 400 foot long paved accessible pathway around the north and east sides of the track. The grade differential around this side of the track varies from 0 to 3 feet. Constructing the pathway will require demolition of the existing asphalt slope and pavement, excavation for retaining wall footings, retaining wall drainage, concrete retaining wall, backfill, paving, modifications to existing fencing and curbs, guardrail installation, signage and striping. Providing these services will involve architectural, structural, civil, geotechnical and cost estimating consultants. The services include design, construction documents, DSA review and construction administration.

DE-SCOPED ITEMS

- **Electrical improvements to the existing Scoreboard**

No improvements will be made to the scoreboard, conduit or wiring serving the scoreboard.

- **Relay Race Baton Passing Zones**

Baton passing zones for relay races will not be highlighted with colored paint.

- **Shotput Area**
The shotput area will not be resurfaced with artificial turf and pad. Instead the existing surface will be supplemented with additional decomposed granite (DG) and re-graded. A four foot high chain link fence will be added to separate the throwing area from the track.
- **Goal Posts**
The existing goal posts will be reinstalled without a new powder coating.
- **Low Voltage System / Internet**
Neither low voltage nor internet connections will be brought to the pressbox.

ADDITIVE ALTERNATES

- **Design site lighting, landscaping, irrigation and site furnishings**
To increase security and to improve the event experience for the public lighting will be added under the bleachers, at the rear of the bleachers and at the plazas. A simple food concessions area will be added to the rear of the existing restroom at the south side of the grandstand. Additionally, limited landscaping, irrigation and site furnishings will be added to the larger plazas created by the reduced grandstand. These features will be designated **Additive Alternate No. 1**.
- **Select and design new plumbing fixtures , accessories and partitions at the existing restrooms**
Plumbing fixtures, accessories and partitions in the existing restrooms will be replaced "in-kind". This work will be designated **Additive Alternate No. 2**. *(Note: According to the IR A-22 replacing plumbing fixtures requires DSA Access review. Since this may trigger additional access work we will clarify that interpretation with DSA at the additional Pre-Application Meeting.)* If DSA requires access work beyond replacing the fixtures and accessories, then that will be an additional service. *(Be aware that a non-compliant ramp and entry door provides access to the restrooms. Modifying those features would require demolishing concrete block walls at the entry, rebuilding those walls, reframing a portion of the roof, installing a larger door and re-grading the area around the restrooms. That work should be considered a hardship.)*

The new plumbing fixtures and accessories will be selected and installed in compliance with the 2019 CBC. We will re-plumb the trough urinals for four individual urinals in each restroom building. We are not planning to re-plumb any other fixtures although carriers for toilets and lavatories may need to be replaced.

A new Schematic design incorporating the above scope changes and a new cost estimate will be submitted to OUSD for your review. We will meet with OUSD to discuss your comments, to confirm compliance with the budget and to adjust the scope if necessary. The scope changes will also require additional services during the construction document and construction administration phases. That work includes replacing plumbing fixtures and accessories; designing fencing and gates under the grandstand; designing larger plazas for the Base Project, etc.

Our request for additional fee, based upon the above understanding, is as follows:

murakami/Nelson, 2019 Code compliance; Coordination; Site Plan; Fencing & Gates;	65,800
Restroom - partitions & accessories; Access Pathway concept, DSA and Fire Marshall Meetings, etc.	
Southern Bleacher, Grandstand with seating for 1,500; integrated pressbox, foundations	*24,200

- * *Southern Bleacher's fee will not be billed until after DSA approves the grandstand design and is included in the \$800,000 Grandstand cost they provided*
- ** *Degenkolb's fee is reduced as a result of Southern Bleacher providing the foundation design*
- *** *Mack5's fee for the September 4th Supplementary Cost Estimate and the additional Schematic Cost Estimate will be offset by not providing a DD Cost Estimate. They will need an additional \$1,500 for the hardship cost estimate for DSA.*

Exclusions

- Preparing design and construction documents for an accessible pathway around the track
- Designing improvements to the existing restrooms other than replacing plumbing fixtures and accessories.
- Designing storm water mitigation

Schedule

On December 18, 2019 I received an informal Notice to Proceed (NTP) for the revisions to the Castlemont Field, Track and Grandstand project. Based upon that notice I negotiated a contract with Southern Bleacher Company and authorized them to begin laying out the new grandstand. On January 6th 2020 I learned that a formal amendment to our contract will be required and the soonest the amendment can be placed on the School Board's Agenda would be February 12th. In light of this latest information I will have Southern complete their initial layout of the grandstand, but will do no further design work until the contract amendment has been approved by the School Board.

Once the contract amendment is approved it will take approximately 4 weeks to prepare the new Schematic Design drawings. (That includes 2 weeks for Southern Bleacher to complete the schematic layout for the 1,500 seat grandstand and 2 weeks after that for the team to update the architectural, civil, electrical and landscape site plans. During the same 4 week period the team will prepare schematic design documents for the new work.) It will take another 2 weeks to prepare the Schematic Estimate, for a total of 6 weeks. At that point we will meet with the School District to review the schematic submittal and confirm the scope of the work and

budget. Once the scope is confirmed we will meet with DSA and the City of Oakland Fire Marshall to review the revised project.

Once we have DSA's and the Fire Marshall's input and the District's review comments it will take us approximately 4 weeks to complete the 95% drawings and specifications and another two weeks to complete the 95% Estimate. After we receive the District's comments on the 95% Submittal we will need another 3-4 weeks to submit the documents to DSA for their review.

Let me know if you have any questions about our fee request or the schedule.

Very truly yours
murakami/Nelson

AGREEMENT FOR PROFESSIONAL SERVICES

This Agreement for Professional Services is made as of October 24, 2018, between the Oakland Unified School District, a California public school district, ("District") and murakami/Nelson Architectural Corporation ("Consultant") (collectively "Parties"), for the following project ("Project"):

Stadium improvements shall consist of replacing the existing synthetic turf field with a new synthetic turf field, re-surfacing the existing track, replacing the existing stadium bleachers and press box, and installing accessibility improvements to the stadium restrooms, etc. as required by DSA. Gymnasium improvements shall consist of replacing the existing bleachers with a motorized bleacher, and installing minor accessibility improvements to restroom toilet accessories as required by DSA.

For and in consideration of the mutual covenants herein contained, the Parties hereto agree as follows:

Article 1. Definitions

- 1.1. In addition to the definitions above, the following definitions of words or phrases shall apply when used in this Agreement, including all Exhibits:
 - 1.1.1. **Agreement:** The Agreement consists exclusively of this document and all identified exhibits attached and incorporated by reference.
 - 1.1.2. **As-Built Drawings ("As-Built"):** Any document prepared and submitted by District Contractor(s) that details on a Conforming Set, the actual construction performed during the Project, including changes necessitated by Construction Change Documents and change orders, and detailed by the District's construction contractor(s) on a Conforming Set.
 - 1.1.3. **Bid Set:** The plans, drawings, and specifications at the end of the Construction Documents Phase that the Division of the State Architect ("DSA") has approved and that the District can use to go out to bid for construction of the Project.
 - 1.1.4. **Conforming Set:** The plans, drawings, and specifications at the end of the Bidding Phase that incorporate all addenda, if any, issued during the Bidding Phase. The Consultant shall ensure that DSA has approved all revisions to the Bid Set that are incorporated onto the Conforming Set and for which DSA approval is required.
 - 1.1.5. **Construction Budget:** The total amount of funds indicated by the District for the entire Project plus all other

costs, including design, construction, administration, and financing.

- 1.1.6. **Construction Change Documents ("CCD")**: The documentation of changes to the DSA-approved construction documents.
- 1.1.7. **Construction Cost Budget**: The total cost to District of all elements of the Project designed or specified by the Consultant, as adjusted at the end of each design phase in accordance with this Agreement. The Construction Cost Budget does not include the compensation of the Consultant and the Sub-consultants, the cost of land, rights-of-way, financing or other costs which are the responsibility of the District, including construction management.
- 1.1.8. **Construction Manager**: The District's representative on the Project if the District retains a construction manager, project manager, or owner's representative.
- 1.1.9. **Consultant**: The Consultant identified in the first paragraph of this Agreement, including all Sub-consultants to the Consultant. The term Consultant is defined as the Design Professional in General Responsible Charge on this Project.
- 1.1.10. **Contractor**: One or more licensed contractors under contract with the District for construction of all or a portion of the Project.
- 1.1.11. **District**: The Oakland Unified School District.
- 1.1.12. **DSA**: The Division of the State Architect.
- 1.1.13. **Extra Services**: District-authorized services outside of the scope in **Exhibit "A"** or District-authorized reimbursables not included in Consultant's Fee.
- 1.1.14. **Laboratory of Record**: The District-designated laboratory(ies) for testing of concrete, soils, materials, and other required testing.
- 1.1.15. **Project**: Stadium improvements shall consist of replacing the existing synthetic turf field with a new synthetic turf field, re-surfacing the existing track, replacing the existing stadium bleachers and press box, and installing accessibility improvements to the stadium restrooms, etc. as required by DSA. Gymnasium improvements shall include re-bleacher, and installing minor accessibility improvements to restroom toilet accessories as required by DSA.

f

- 1.1.16. **Project Budget:** The total amount indicated by the District for the entire Project plus all other costs, including design, construction, administration, financing, and all other costs.
- 1.1.17. **Record Drawings:** A final set of drawings prepared by the Consultant that incorporates all changes from all As-Builts, sketches, details, and clarifications.
- 1.1.18. **Service(s):** All labor, materials, supervision, services, tasks, and work that the Consultant is required to perform and that are required by, or reasonably inferred from, the Agreement, and that are necessary for the design and completion of the Project.
- 1.1.19. **Sub-consultant(s):** Any and all consultant(s), sub-consultant(s), subcontractor(s), or agent(s) to the Consultant.
- 1.1.20. **Visually Verify:** To verify to the fullest extent possible by physical inspection and reasonable investigation and without any destructive action.

Article 2. Scope, Responsibilities, and Services of Consultant

- 2.1. Consultant shall render the Services described in **Exhibit "A,"** commencing with receipt of a written Notice to Proceed signed by the District representative. Consultant's Services will be completed in accordance with the schedule attached as **Exhibit "C."**
- 2.2. Consultant shall provide services that are consistent with professional design standards, including the standard of care applicable to consultants designing public school facilities in the same or similar locality. Consultant shall provide services consistent with the standard of care in applying the requirements of federal, state and local law that are applicable to the project, including, but not limited to, the requirements of the California Business and Professions Code, the California Education Code, and the California Code of Regulations. All persons providing professional services hereunder shall be properly licensed as required by California law.
- 2.3. The District intends to award the Project to Contractor(s) pursuant to a competitive bid process. District reserves its right to use alternative delivery methods and the Consultant's scope of work may be adjusted accordingly.
- 2.4. Consultant acknowledges that all California public school districts are obligated to develop and implement the following storm water requirements, and Consultant shall provide the design for the same, without limitation:

A municipal Separate Storm Sewer System ("MS4"). An MS4 is a system of conveyances used to collect and/or convey storm water, including, without limitation, catch basins, curbs, gutters, ditches,

man-made channels, and storm drains.

2.4.1. A Storm Water Pollution Prevention Plan ("SWPPP") that contains specific best management practices ("BMPs") and establishes numeric effluent limitations at:

2.4.1.1. Sites where the District engages in maintenance (e.g., fueling, cleaning, repairing) of transportation activities.

2.4.1.2. Construction sites where:

2.4.1.2.1. one (1) or more acres of soil will be disturbed, or

2.4.1.2.2. the project is part of a larger common plan of development that disturbs one (1) or more acres of soil.

2.4.2. Consultant shall conform its design work to the District's storm water requirements indicated above, that are approved by the District and applicable to the Project, at no additional cost to the District. In addition, as required, Consultant shall develop a grading and drainage plan and a site plan from design information showing a final development of the site. This drawing will also include a horizontal and vertical control plan and a utility infrastructure plan. The Services described in this subparagraph shall be provided by a professional civil engineer who contracts with or is an employee of the Consultant.

2.5. Consultant shall contract for or employ at Consultant's expense, Sub-consultant(s) to the extent deemed necessary for completion of the Project including, but not limited to: architects; mechanical, electrical, structural and civil engineers; landscapers; and interior designers, licensed as such by the State of California as part of the Basic Services under this Agreement. The names of Sub-consultant(s) shall be submitted to the District for approval prior to commencement of Services, as indicated below. The District reserves the right to reject Consultant's use of any particular Sub-consultant. Nothing in the foregoing procedure shall create any contractual relationship between the District and any Sub-consultant employed by the Consultant under terms of the Agreement. Consultant shall require each of the Sub-consultants retained by it to execute agreements with standard of care and indemnity provisions commensurate with this Agreement, but Consultant shall remain solely responsible and liable to District for all matters covered by this Agreement.

2.6. Consultant shall coordinate with District personnel or its designated representatives as may be requested and desirable, including with other professionals employed by the District for the design, coordination or management of other work related to the Project. This shall include, without limitation, coordination with State labor compliance, if any. If the Consultant employs Sub-consultant(s), the Consultant shall ensure that its contract(s) with its Sub-consultant(s)

include language notifying the Sub-consultant(s) of State labor compliance, if any.

2.7. Consultant shall identify the regulatory agencies that have jurisdiction over essential building and design elements and coordinate with and implement the requirements of the regulatory agencies, including, without limitation, the California Department of Education, the Office of Public School Construction, the Department of General Services, DSA, including DSA Fire/Life Safety, DSA Access Compliance Section, DSA Structural Safety Section, the State Fire Marshal and any regulatory office or agency that has authority for review and supervision of school district construction projects.

2.7.1. If the Project is subject to DSA jurisdiction, then Consultant, and its Sub-consultants, if any, shall comply with all the DSA requirements, including without limitation, all the requirements included and/or referenced in the following forms:

2.7.2.1. Form DSA IR A-6, Construction Change Document Submittal and Approval Process.

2.7.2.2. Form DSA IR A-18: Use of Construction Documents Prepared by Other Professionals.

2.7.2.3. Form DSA IR A-24, Construction Phase Duties of the School District, Contractor and Design Professional.

2.7.2.4. Form DSA PR 07-01: Pre-Check Approval Process.

2.7.2.5. Form DSA PR 07-02: Over-The-Counter Review of Projects Using Pre-Check Approved Design.

2.7.2.6. Form DSA PR 13-01, Construction Oversight Process Procedure.

2.7.1.6.1. Each of Consultant's duties as provided in the Construction Oversight Process Procedure shall be performed timely so as not to result in any delay to the Project.

2.7.2.7. Form DSA PR 13-02, Project Certification Process.

2.8. Consultant shall provide Services as required to obtain any local, state and/or federal agencies' approval for on-site and off-site work related to the Project including review by regulatory agencies having jurisdiction over the Project.

2.9. Consultant shall direct and monitor the work of the District's DSA project inspector(s) ("Project Inspector(s)") and the Laboratory of Record. Consultant shall provide code required supervision of special inspectors not provided by the Laboratory of Record.

- 2.10. Consultant shall give efficient supervision to Services, using its best skill and attention. Consultant shall carefully study and compare all contract documents, drawings, specifications, and other instructions ("Contract Documents") and shall at once report to District, Construction Manager, and Contractor, any error, inconsistency, or omission that Consultant or its employees may discover, in writing, with a copy to District's Project Inspector(s). Consultant shall have responsibility for discovery of errors, inconsistencies, or omissions.
- 2.11. Consultant recognizes that the District may obtain the services of a Construction Manager and that Consultant may have to assume certain coordination and management responsibilities, including tracking Requests for Information ("RFI"), providing RFI responses, and leading all coordination meetings between the District, Project Inspectors, and Contractors on the Project. The District reserves the right to retain the services of a Construction Manager at any time. The Construction Manager, if any, shall be authorized to give Consultant Services authorizations and issue written approvals and notices to proceed on behalf of District. The District reserves the right to designate a different Construction Manager at any time. Any task, including, but not limited to, reviews or approvals that the District may perform pursuant to this Agreement may be performed by the Construction Manager, unless that task indicates it shall be performed by the Governing Board of the District. In addition, the District may have a constructability review of Consultant's design documents. Consultant shall conform any design documents to the constructability review as part of the Services under this Agreement and shall not be entitled to any compensation as Extra Services for this activity.
- 2.12. Consultant shall provide computer-generated pictures downloaded to computer files, updated as requested by the District, that the District may use on its website.
- 2.13. As part of the basic Services pursuant to this Agreement, Consultant is not responsible for:
 - 2.13.1. Ground contamination or hazardous material analysis.
 - 2.13.2. Any asbestos and/or lead testing, design or abatement; however, it shall coordinate and integrate its work with any such information provided by District.
 - 2.13.3. Compliance with the California Environmental Quality Act ("CEQA"), except that Consultant agrees to coordinate its work with that of any CEQA consultants retained by the District, to provide current elevations and schematic drawings for use in CEQA compliance documents, and to incorporate any mitigation measures adopted by the District into the Project design at no additional cost to the District.
 - 2.13.4. Historical significance report.

Article 3. Consultant Staff

- 3.1. The Consultant has been selected to perform the Services herein because of the skills and expertise of key individuals.
- 3.2. The Consultant agrees that the following key people in Consultant's firm shall be associated with the Project in the following capacities:

Principal In Charge: John S. Nelson

Project Director: TBD

Project Manager(s): TBD

Project Designer(s): TBD

Other: _____

Major Sub-consultants:

Electrical: BWF Consulting Engineers

Mechanical: H&M Mechanical Group

Structural: Degenkolb Engineers

Civil: BKF Civil Engineering

Landscape Architecture: Keller Mitchell

- 3.3. Consultant shall not change any of the key personnel listed above without prior written approval by the District, unless said personnel cease to be employed by Consultant. In either case, the District shall be allowed to interview and approve replacement personnel.
- 3.4. If any designated lead or key person fails to perform to the satisfaction of the District, then upon written notice Consultant shall have five (5) calendar days to remove that person from the Project and replace that person with one acceptable to the District. All lead or key personnel for any Sub-consultant must also be designated by the Sub-consultant and are subject to all conditions stated in this paragraph.
- 3.5. Consultant represents that Consultant has no existing interest and will not acquire any interest, direct or indirect, which could conflict in any manner or degree with the performance of Services required under this Agreement and that no person having any such interest shall be employed by Consultant.

- 3.6. Consultant shall comply with Education Code section 17302(a) and agrees that any plans and/or specifications included in the Services shall be prepared under the supervision of licensed personnel, and that licensed personnel shall be in "responsible charge" of persons who observe the construction.

Article 4. Schedule of Services

Consultant shall commence Services under this Agreement upon receipt of a written Notice to Proceed and shall prosecute the Services diligently as described in **Exhibit "A,"** so as to proceed with and complete the Services in compliance with the schedule in **Exhibit "C."** Consultant shall perform its services as expeditiously as is consistent with the standard of care, the orderly progress of the project and the schedule. Time is of the essence and failure of Consultant to perform Services on time as specified in this Agreement is a material breach of this Agreement. It shall not be a material breach if a delay is beyond the Consultant's or Sub-consultant(s)' reasonable control.

Article 5. Construction Cost Budget

- 5.1. Consultant hereby accepts the District's established Construction Cost Budget and Project scope. In accordance with **Exhibit "A,"** the Consultant shall have responsibility to further develop, review, and reconcile the Construction Cost Budget for the District at the beginning of the Project and at the completion of each design phase. The District and Construction Manager shall also have responsibility to develop, review, and reconcile the Construction Cost Budget with the Consultant.
- 5.2. Consultant shall complete all Services as described in **Exhibit "A,"** including all plans, designs, drawings, specifications and other Contract Documents, so that the cost to construct the work designed by the Consultant will not exceed the Construction Cost Budget, as adjusted subsequently with the District's written approval. Consultant shall maintain cost controls throughout the Project to deliver the Project within the Construction Cost Budget.
- 5.3. The District may, in its sole discretion, do one, or a combination, of the following if any of the events in Article 5.4 occur:
 - 5.3.1. Give Consultant written approval on an agreed adjustment to the Construction Cost Budget.
 - 5.3.2. Authorize Consultant to re-negotiate, when appropriate, and/or re-bid the Project within three (3) months' time of receipt of bids (exclusive of District and other agencies' review time) at no additional cost to the District.
 - 5.3.3. Terminate this Agreement if the Project is abandoned by the District, without further obligation by either party.
 - 5.3.4. Within three (3) months' time of receipt of bids, instruct Consultant to revise the drawings and specifications (in scope

and quality as approved by the District) to bring the Project within the Construction Cost Budget for re-bidding at no additional cost to the District.

- 5.4. If any of the following events occur, the District may exercise any one, or any combination, of the actions set forth in Article 5.3 above:
 - 5.4.1. The lowest responsive base bid received is in excess of ten percent (10%) of the Construction Cost Budget; or
 - 5.4.2. If the combined total of base bid and all additive alternates come in ten percent (10%) or more under the Construction Cost Budget; or
 - 5.4.3. If the Construction Cost Budget increases in phases subsequent to the Schematic Design Phase due to reasonably foreseeable changes in the condition of the construction market in the county in which the District is located, in so far as these have not been caused by Acts of God, earthquakes, strikes, war, or energy shortages due to uncontrollable events in the world economy.

Article 6. Fee and Method of Payment

- 6.1. The District shall pay Consultant for all Services contracted for under this Agreement an amount equal to the following ("Fee"):

An amount not to exceed Seven Hundred Forty-Four Thousand Dollars and No Cents (\$ 744,000.00) based on the rates set forth in **Exhibit "D."**

- 6.2. The District shall pay Consultant the Fee pursuant to the provisions of **Exhibit "D."**
- 6.3. Consultant shall bill its work under this Agreement in accordance with **Exhibit "D."**
- 6.4. No increase in Fee will be due from CCDs and/or change orders generated during the construction period to the extent caused by Consultant's error or omission.
- 6.5. The Consultant's Fee set forth in this Agreement shall be full compensation for all of Consultant's Services incurred in the performance hereof as indicated in **Exhibit "D."**
- 6.6. Regardless of the structure of Consultant's Fee, the Consultant's Fee may be adjusted downward if the Scope of Services of this Agreement is reduced by the District in accordance with this Agreement.

Article 7. Payment for Extra Services or Changes

Any charges for Extra Services shall be paid by the District as described in **Exhibit "B"** only upon certification that the claimed Extra Service was authorized as indicated herein and that the Extra Services have been

satisfactorily completed. If any service is done by Consultant without prior written authorization by the Construction Manager or the District's authorized representative, the District will not be obligated to pay for such service. The foregoing provision notwithstanding, Consultant will be paid by the District as described in **Exhibit "B"** for Extra Services that the Construction Manager or the District's authorized representative verbally requests, provided that Consultant confirms such request in writing pursuant to the notice requirements of this Agreement, and proceeds with such Extra Services not earlier than two (2) business days after the District receives confirmation of the request from the Consultant.

Article 8. Ownership of Data

- 8.1. Pursuant to Education Code section 17316, this Agreement creates a non-exclusive and perpetual license for the District to use, at its discretion, all plans including, but not limited to, record drawings, specifications, estimates and other documents that Consultant or its Sub-consultants prepare or cause to be prepared pursuant to this Agreement.
- 8.2. Consultant retains all rights to all copyrights over designs and other intellectual property embodied in the plans, record drawings, specifications, estimates, and other documents that Consultant or its Sub-consultants prepare or cause to be prepared pursuant to this Agreement.
- 8.3. Consultant shall perform the Services and prepare all documents under this Agreement with the assistance of Computer Aided Design Drafting Technology ("CADD") (e.g., AutoCAD). Consultant shall deliver to District, on request, the tape and/or compact disc format and the name of the supplier of the software/hardware necessary to use the design file. As to any drawings that Consultant provides in a CADD file format, the District acknowledges that anomalies and errors may be introduced into data when it is transferred or used in a computer environment, and that the District should rely on hard copies of all documents.
- 8.4. In order to document exactly what CADD information was given to the District, Consultant and District shall each date and sign a "hard" copy of reproducible documents that depict the information at the time Consultant produces the CADD information. The District agrees to release Consultant from all liability, damages, and/or claims that arise due to any changes made to this information by anyone other than Consultant or its Sub-consultant(s) subsequent to it being given to the District.
- 8.5. Following the termination of this Agreement, for any reason whatsoever, Consultant shall promptly deliver to the District upon written request and at no cost to the District the following items (hereinafter "Instruments of Service"), which the District shall have the right to utilize in any way permitted by statute:

f

- 8.5.1. One (1) set of the Contract Documents, including the bidding requirements, specifications, and all existing cost estimates for the Project, in hard copy, reproducible format.
 - 8.5.2. One (1) set of fixed image CADD files in DXF format of the drawings that are part of the Contract Documents.
 - 8.5.3. One (1) set of non-fixed image CADD drawing files in DXF or DWG or both formats of the site plan, floor plans (architectural, plumbing, structural, mechanical and electrical), roof plan, sections and exterior elevations of the Project.
 - 8.5.4. All finished or unfinished documents, studies, reports, calculations, drawings, maps, models, photographs, technology data and reports prepared by the Consultant under this Agreement.
 - 8.5.5. The obligation of Section 8.5 of this Agreement shall survive the termination of this Agreement for any reason whatsoever.
- 8.6. In the event the District changes or uses any fully or partially completed documents without Consultant's knowledge or participation or both, the District agrees to release Consultant of responsibility for such changes, and shall hold Consultant harmless from and against any and all claims on account of any damages or losses to property or persons, or economic losses, arising out of that change or use, unless Consultant is found to be liable in a forum of competent jurisdiction. In the event that the District uses any fully or partially completed documents without the Consultant's full involvement, the District shall remove all title blocks and other information that might identify Consultant and its Sub-consultants.

Article 9. Termination of Contract

- 9.1. If Consultant fails to perform Consultant's duties to the satisfaction of the District, or if Consultant fails to fulfill in a timely and professional manner Consultant's material obligations under this Agreement, or if Consultant shall violate any of the material terms or provisions of this Agreement, the District shall have the right to terminate this Agreement, in whole or in part, effective immediately upon the District giving written notice thereof to the Consultant. In the event of a termination pursuant to this subdivision, Consultant may invoice the District for all Services performed until the notice of termination, but the District shall have the right to withhold payment and deduct any amounts equal to the District's costs because of Consultant's actions, errors, or omissions that caused the District to terminate the Agreement.
- 9.2. District shall have the right in its sole discretion to terminate the Agreement for its own convenience. In the event of a termination for convenience, Consultant may invoice District and District shall pay all undisputed invoice(s) for Services performed until the District's notice of termination.

- 9.3. Except as indicated in this Article, termination shall have no effect upon any of the rights and obligations of the Parties arising out of any transaction occurring prior to the effective date of such termination.
- 9.4. Consultant has the right to terminate this Agreement if the District does not fulfill its material obligations under this Agreement. Such termination shall be effective thirty (30) days after receipt of written notice from Consultant to the District. Consultant may invoice the District and the District shall pay all undisputed invoice(s) for Services performed until Consultant's notice of termination.
- 9.5. If, at any time in the progress of the Design of the Project, the Governing Board of the District determines that the Project should be terminated, Consultant, upon written notice from the District of such termination, shall immediately cease Services on the Project. The District shall pay Consultant only the fee associated with the Services provided since the last invoice that has been paid and up to the notice of termination.
- 9.6. If the District suspends the Project for more than one hundred twenty (120) consecutive days, Consultant shall be compensated for Services performed prior to notice of that suspension. When the Project is resumed, the schedule shall be adjusted and Consultant's compensation shall be equitably adjusted to provide for expenses incurred in the resumption of the Consultant's Services. If the District suspends the Project for more than two (2) years, Consultant may terminate this Agreement by giving written notice.

Article 10. Indemnity/ Consultant Liability

- 10.1. To the fullest extent permitted by California law, Consultant shall indemnify and hold free and harmless the District, its Governing Board, agents, representatives, officers, Consultants, employees, trustees, and volunteers ("the Indemnified Parties") from any and all third party claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity ("Claim") that arise out of, pertain to, or relate to, but only to the extent actually caused by, the negligence, recklessness, or willful misconduct of the Consultant, its officers, employees, subcontractors, Sub-consultants, or agents, including without limitation payment of all consequential damages, as ultimately determined by a court of competent jurisdiction. To the extent covered by applicable insurance Consultant shall also, to the fullest extent permitted by California law, defend the Indemnified Parties at Consultant's own expense, including attorneys' fees and costs, from any and all Claim(s) and allegations relating thereto.
- 10.2. Consultant shall pay and satisfy any judgment, award, or decree that may be rendered against the Indemnified Parties in any Claim to the extent of consultant's obligation pursuant to Article 10.1 includes reimbursing the District for the cost of any settlement paid by the Indemnified Parties and for any and all fees and costs, including but not limited to legal fees and costs to the extent covered by applicable insurance, expert witness fees, and sub-consultant fees, incurred by

the Indemnified Parties in the defense of any Claim(s), or to enforce the indemnity herein. Consultant's obligation to defend or to indemnify shall not be restricted to insurance proceeds unless expressly provided in this agreement shall also have the right to accept or reject any legal representation that Consultant proposes to defend the Indemnified Parties.

- 10.3. District may withhold any and all costs that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant from amounts owing to its Sub-consultant(s).

Article 11. Fingerprinting

Pursuant to Education Code section 45125.2, the District has determined on the basis of scope of Services in this Agreement, that Consultant, its Sub-consultants and their employees will have only limited contact with pupils. Consultant shall promptly notify the District in writing of any facts or circumstances which might reasonably lead the District to determine that contact will be more than limited as defined by Education Code section 45125.1(d).

Article 12. Responsibilities of the District

- 12.1. The District shall examine the documents submitted by the Consultant and shall render decisions so as to avoid unreasonable delay in the process of the Consultant's Services.
- 12.2. The District shall verbally or in writing advise Consultant if the District becomes aware of any fault or defect in the Project, including any errors, omissions or inconsistencies in the Consultant's documents. Failure to provide such notice shall not relieve Consultant of its responsibility therefore, if any.
- 12.3. Unless the District and Consultant agree that a hazardous materials Consultant shall be a Sub-consultant of the Consultant, the District shall furnish the services of a hazardous material consultant or other Consultants when such services are requested in writing by Consultant and deemed necessary by the District or are requested by the District. These services shall include: asbestos and lead paint survey; abatement documentation; and specifications related to said matters, which are to be incorporated into bid documents prepared by Consultant. If the hazardous materials consultant is furnished by the District and is not a Sub-consultant of the Consultant, the specifications shall include a note to the effect that the hazardous materials consultant's specifications are included in the Consultant's bid documents for the District's convenience and have not been prepared or reviewed by the Consultant. The note shall also direct questions about the hazardous materials consultant's specifications related to asbestos and lead paint survey and/or abatement documentation to the preparer of the hazardous materials consultant's specifications.
- 12.4. District personnel and/or its designated representatives shall coordinate with Consultant as may be requested and beneficial for the

- coordination or management of work related to the Project.
- 12.5. The District shall timely provide to the Consultant all relevant information in its possession regarding the Project that is necessary for performance of Consultant's Services.
- 12.6. The District shall pay all fees required by agencies having jurisdiction over the Project.

Article 13. Liability of District

- 13.1. Other than as provided in this Agreement, District's financial obligations under this Agreement shall be limited to the payment of the compensation provided in this Agreement. Notwithstanding any other provision of this Agreement, in no event shall District be liable, regardless of whether any claim is based on contract or tort, for any special, consequential, indirect or incidental damages, including, but not limited to, lost profits or revenue, arising out of or in connection with this Agreement or the Services performed in connection with this Agreement.
- 13.2. District shall not be responsible for any damage to persons or property as a result of the use, misuse or failure of any equipment used by Consultant, or by its employees, even though such equipment be furnished or loaned to Consultant by District.

Article 14. Nondiscrimination

- 14.1. Consultant agrees that no discrimination shall be made in the employment of persons under this Agreement because of the race, national origin, ancestry, religion, age, physical or mental disability, sex, or sexual orientation of such person.
- 14.2. Consultant shall comply with any and all applicable regulations and laws governing nondiscrimination in employment.

Article 15. Insurance

- 15.1.** Consultant shall comply with the insurance requirements for this Agreement, set forth in **Exhibit "E."**
- 15.2.** Consultant shall provide certificates of insurance and endorsements to District prior to commencement of the work of this Agreement as required in **Exhibit "E."**

Article 16. Covenant against Contingent Fees

Consultant warrants that it has not employed or retained any company or person, other than a bona fide employee working solely for the Consultant, to solicit or secure this Agreement, and that it has not paid or agreed to pay any company or person, other than a bona fide employee working solely for the Consultant, any fee, commission, percentage, brokerage fee, gift, or any other consideration contingent on or resulting from the award or making of this Agreement. For breach or violation of this warranty, the District shall have the right to annul this Agreement without liability, or in its discretion, to

deduct from the contract price or consideration or to recover the full amount of such fee, commission, percentage fee, gift, or contingency.

Article 17. Entire Agreement/Modification

This Agreement, including the Exhibits attached hereto, supersedes all previous contracts and constitutes the entire understanding of the Parties hereto. Consultant shall be entitled to no other benefits than those specified herein. No changes, amendments or alterations shall be effective unless in writing and signed by both Parties. Consultant specifically acknowledges that in entering this Agreement, Consultant relies solely upon the provisions contained in this Agreement and no others.

Article 18. Non-Assignment of Agreement

In as much as this Agreement is intended to secure the specialized Services of the Consultant, Consultant may not assign, transfer, delegate or sublet any interest therein without the prior written consent of District and any such assignment, transfer, delegation or sublease without the District's prior written consent shall be considered null and void. Likewise, District may not assign, transfer, delegate or sublet any interest therein without the prior written consent of Consultant and any such assignment, transfer, delegation or sublease without Consultant's prior written consent shall be considered null and void.

Article 19. Law, Venue

- 19.1. This Agreement has been executed and delivered in the State of California and the validity, enforceability and interpretation of any of the clauses of this Agreement shall be determined and governed by the laws of the State of California.
- 19.2. To the fullest extent permitted by California law, the county in which the District administration office is located shall be the venue for any action or proceeding that may be brought or arise out of, in connection with or by reason of this Agreement.

Article 20. Alternative Dispute Resolution

20.1. Consultant's Invoices.

20.1.1. If the District disapproves of any portion or amount(s) of the Consultant's invoices, the District shall within thirty (30) days of receipt by the District of any of the Consultant's invoices, communicate to the Consultant in writing, with reasonable detail, the portion or amount of the Consultant's invoices that are disapproved for payment, the portion or amount of the Consultant's invoices that are approved for payment, and the basis for the District's disapproval of the disputed portion(s) or amount(s) of the Consultant's invoices ("Disputed Consultant Invoice Detail").

20.1.2. If the Consultant disagrees with the Disputed Consultant Invoice Detail, the Consultant shall communicate to the District in writing, and request to meet and confer in good faith with respect to the Disputed Consultant Invoice Detail, to determine if the disagreement can be resolved. The meet and confer shall be scheduled to occur within

thirty (30) days of Consultant's request. The meet and confer shall include, but are not limited to, face-to-face meeting(s) with the appropriate District and Consultant personnel as appropriate and necessary.

20.1.3. If the Parties cannot resolve the matter during this meet and confer process, the Parties shall handle the matter as a "dispute" as provided herein.

20.2. Disputes between the parties arising out of this Agreement shall be resolved by the following processes:

20.2.1. **Negotiation.** Within fifteen (15) days following the receipt of a request to meet, the parties shall meet and attempt in good faith to resolve any dispute arising out of or relating to this Agreement by negotiation. The Parties' meet and confer process for Disputed Consultant Invoice Detail as detailed above, shall satisfy this negotiation requirement.

20.2.2. **Mediation.** Within thirty (30) days, but no earlier than fifteen (15) days, following the earlier of receipt of notice by one Party from the other Party of a demand for mediation, the Parties shall submit the dispute to non-binding mediation administered by the AAA (or other agreed upon rules) under its construction industry mediation rules, unless waived by mutual stipulation of both Parties.

20.2.3. **Litigation.** Disputes arising from this Agreement that cannot be settled through negotiation or mediation (after those processes have been exhausted) shall be litigated in the California Superior Court in the county in which the Project that is the subject of this Agreement is located.

20.3. Consultant shall neither rescind nor stop the performance of its Services pending the outcome of any dispute that occurs during the Construction Administration Phase.

Article 21. Tolling of Claims

Consultant agrees to toll all statutes of limitations for District's assertion of claims against Consultant that arise out of, pertain to, or relate to Contractors' or subcontractors' claims against District involving Consultant's work, until the Contractors' or subcontractors' claims are finally resolved.

Article 22. Not Used

Article 23. Severability

If any term, covenant, condition or provision of this Agreement is held by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the provisions hereof shall remain in full force and effect and shall in no way be affected, impaired or invalidated thereby.

Article 24. Employment Status

24.1. Consultant shall, during the entire term of Agreement, be an independent contractor and nothing in this Agreement is intended nor shall it be construed to create an employer-employee relationship, a joint venture relationship, or to allow the District to exercise discretion or control over the professional manner in which Consultant performs the Services that are the subject matter of this Agreement; provided always, however, that the Services to be provided by Consultant shall be provided in a manner consistent with

all applicable standards and regulations governing such Services.

- 24.2. Consultant understands and agrees that Consultant's personnel are not and will not be eligible for membership in or any benefits from any District group plan for hospital, surgical or medical insurance or for membership in any District retirement program or for paid vacation, paid sick leave or other leave, with or without pay or for other benefits which accrue to a District employee.
- 24.3. Should the District, in its discretion, or a relevant taxing authority such as the Internal Revenue Service or the State Employment Development Department, or both, determine that Consultant, or any employee or Sub-consultant of Consultant, is an employee of the District for purposes of collection of any employment taxes, the amounts payable under this Agreement shall be reduced by amounts equal to both the employee and employer portions of the tax due (and offsetting any credits for amounts already paid by Consultant which can be applied against this liability). The District shall then forward those amounts to the relevant taxing authority.
- 24.4. Should a relevant taxing authority determine a liability for past services performed by Consultant for the District, upon notification of such fact by the District, Consultant shall promptly remit such amount due or arrange with the District to have the amount due withheld from future payments to Consultant under this Agreement (again, offsetting any amounts already paid by Consultant which can be applied as a credit against such liability).
- 24.5. A determination of employment status pursuant to the preceding two (2) paragraphs shall be solely for the purposes of the particular tax in question, and for all other purposes of this Agreement, Consultant shall not be considered an employee of the District. Notwithstanding the foregoing, should any court, arbitrator, or administrative authority determine that Consultant is an employee for any other purpose, then Consultant agrees to a reduction in District's liability resulting from this Agreement pursuant to principles similar to those stated in the foregoing paragraphs so that the total expenses of District under this Agreement shall not be greater than they would have been had the court, arbitrator, or administrative authority determined that Consultant or its employees of Sub-consultants was not an employee.
- 24.6. Nothing in this Agreement shall operate to confer rights or benefits on persons or entities not a party to this Agreement.

Article 25. Certificate of Consultant

- 25.1. Consultant certifies that the Consultant is properly certified or licensed under the laws and regulations of the State of California to provide the professional services that it has herein agreed to perform.
- 25.2. Consultant certifies that it is aware of the provisions of the California Labor Code that require every employer to be insured against liability for workers compensation or to undertake self-insurance in accordance with the provisions of that code, and it certifies that it will

comply with those provisions before commencing the performance of the Services of this Agreement.

25.3. Consultant certifies that it is aware of the provisions of California Labor Code and California Code of Regulations that require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). Since the Consultant is performing Services as part of a "public works" or "maintenance" project, and since the total compensation is one thousand dollars (\$1,000) or more, the Consultant agrees to fully comply with and to require its Sub-consultant(s) to fully comply with all requirements of the Prevailing Wage Laws.

Article 26. Cost Disclosure - Documents and Written Reports

Consultant shall be responsible for compliance with California Government Code section 7550, if the total cost of the Contract is over five thousand dollars (\$5,000).

Article 27. Notice & Communications

Notices and communications between the Parties to this Agreement may be sent to the following addresses:

Any notice sent by overnight delivery service shall be effective the day after delivery. Any notice given by mail shall be effective five (5) days after deposit in the United States mail.

Article 28. [RESERVED]

Article 29. District's Right to Audit

- 29.1. District retains the right to review and audit, and the reasonable right of access to Consultant's and any Sub-consultant's premises to review and audit the Consultant's compliance with the provisions of this Agreement ("District's Right"). The District's Right includes the right to inspect, photocopy, and to retain copies, outside of Consultant's premises, of any and all Project-related records and other information with appropriate safeguards, if such retention is deemed necessary by the District in its sole discretion. The District shall keep this information confidential, as allowed by applicable law.
- 29.2. The District's Right includes the right to examine any and all books, records, documents and any other evidence of procedures and practices that the District determines is necessary to discover and verify whether Consultant is in compliance with all requirements of this Agreement.
- 29.3. If there is a claim for additional compensation or for Extra Services, the District's Right includes the right to examine books, records, documents, and any and all other evidence and accounting procedures and practices that the District determines is necessary to discover and verify all direct and indirect costs, of whatever nature, which are claimed to have been incurred, or anticipated to be incurred.
- 29.4. Consultant shall maintain complete and accurate records in accordance with generally accepted accounting practices in the industry. Consultant shall make available to the District for review and audit all Project-related accounting records and documents and any other financial data. Upon District's request, Consultant shall submit exact duplicates of originals of all requested records to the District.
- 29.5. Consultant shall include audit provisions in any and all of its subcontracts, and shall ensure that these sections are binding upon all Sub-consultants.
- 29.6. Consultant shall comply with these provisions within fifteen (15) days of the District's written request to review and audit any or all of Consultant's Project-related records and information.

Article 30. Other Provisions

- 30.1. Consultant shall be responsible for the cost of reviewing CCDs and/or change orders caused by the Consultant's willful misconduct, recklessness, or negligent acts, errors or omissions. Without limiting Consultant's liability for Indirect cost Impacts, the direct costs for change orders for which Consultant shall be liable shall equal the difference between the cost of the change order and the reasonable cost of the work had that work been a part of the originally prepared Contract Documents. These amounts shall be paid by Consultant to District or the District may withhold those costs from amounts owing to Consultant.
- 30.2. Neither the District's review, approval of, nor payment for, any of the Services required under this Agreement shall be construed to operate as a waiver of any rights under this Agreement, and Consultant shall remain liable to the District in accordance with this Agreement for all damages to the District caused by Consultant's failure to perform any of the Services furnished under this Agreement to the standard of care of the Consultant for its Services, which shall be, at a minimum, the standard of care of Consultants performing similar work for California school districts in or around the same geographic area as the District.
- 30.3. Each party warrants that it has had the opportunity to consult counsel and understands the terms of this Agreement and the consequences of executing it. In addition, each party acknowledges that the drafting of this Agreement was the product of negotiation, that no party is the author of this Agreement, and that this Agreement shall not be construed against any party as the drafter of the Agreement.

1. Project Name: Castlemont High School – Playing Field, ADA Restroom Improvements, Stadium and Gymnasium Bleachers

Construction Cost Budget: \$4,643,000.00

B. BASIC SERVICES (See Exhibit "A" Attachment)

Consultant agrees to provide the Services described below:

1. Consultant shall be responsible for the professional quality and technical accuracy of all studies, reports, projections, master plans, designs, drawings, specifications and other services furnished by Consultant under the Agreement as well as coordination with all master plans, studies, reports and other information provided by District. Consultant shall, without additional compensation, correct or revise any errors or omissions in its studies, reports, projections, master plans, design, drawings, specifications and other Services.
2. Consultant will use all due care and diligence to confirm that its plans and specifications and all other information provided by or on behalf of the District to potential bidders discloses and publishes any potentially relevant information that could, in any way, have an impact on a Contractor's cost of performance. Consultant shall advise the District of the most effective methods of identifying and securing such information as part of each stage of design. Consultant shall track for District's benefit all such suggested and disclosed information.
3. The District shall provide all information available to it to the extent the information relates to Consultant's scope of work. This information shall include, if available,
 - a. Physical characteristics;
 - b. Legal limitations and utility locations for the Project site(s);
 - c. Written legal description(s) of the Project site(s);
 - d. Grades and lines of streets, alleys, pavements, and adjoining property and structures;
 - e. Adjacent drainage;
 - f. Rights-of-way, restrictions, easements, encroachments, zoning, deed restrictions, and boundaries and contours of the Project site(s);
 - g. Locations, dimensions and necessary data with respect to existing buildings, other improvements and trees;

depositions, trials or any event related to the dispute resolution and/or litigation ("Mandatory Assistance").

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

C. PRE-DESIGN AND START-UP SERVICES

1. Project Initiation

Upon final execution of the Agreement with the District, Consultant shall:

- a. Within the first week following execution of the Agreement, review the proposed Schedule of Services set forth in **Exhibit "C"** to the Agreement and prepare a detailed scope of work list and work plan for documentation in a computer-generated Project schedule to the District's satisfaction. This scope of work list and work plan will identify specific tasks including, but not limited to: interviews, data collection, analysis, report preparation, planning, architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Consultant shall also identify milestone activities or dates, specific task responsibilities, required completion times necessary for review and approval by the District and by all regulatory agencies and additional definition of deliverables.
- b. Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.

2. Development of Architectural Program

Consultant shall prepare for the District's review of an architectural program as follows:

- a. Perform pre-design investigations to establish appropriate guidelines around which and within which the Project is to be designed. Identify design issues relating to functional needs, directives and constraints imposed by regulatory codes. Review all data pertinent to the Project including survey, site maps, geotechnical reports and recommendations, soil testing results reports, and pertinent historical data, and other relevant information provided by District.
- b. Review DSA codes pertaining to the proposed Project design.
- c. Identify design issues relating to functional needs, directives and constraints imposed by applicable regulatory codes.
- d. Based on survey and topography data provided by the District, input into computer and develop existing conditions base for the Schematic Design Phase.
- e. Administer Project as required to coordinate work with the District and among Consultants.
- f. Develop District standards for facilities and construction, including but not limited to designation of any material, product, thing or service by specific brand or trade name pursuant to Public Contract Code section 3400, subdivision (c).

3. Construction Cost Budget

- a. Consultant shall have responsibility to further develop, review, and reconcile the Construction Cost Budget within the parameters of the Construction Budget established by the District for the Project. The estimates forming the basis of the Construction Cost Budget are to be based on the developed functional architectural program as approved by the District. The following conditions apply to the Construction Cost Budget prepared by the Consultant:
- (i) All costs are to be based on current bid prices, with escalation rate and duration clearly identified as a separate line item; rate of cost escalation and projected bid and construction dates are to be approved by the District and its representatives.
 - (ii) Format shall be in a building systems format (e.g., foundations, substructure, structural system, exterior wall enclosure, window systems, etc.) for new buildings, and summarized by the Construction Specification Institute ("CSI") categories for buildings being modernized.
 - (iii) Contingencies for design, bidding, and construction are to be included as individual line items, with the percentage and base of calculation clearly identified.
 - (iv) Consultant shall include all information and estimates from the District and/or the Construction Manager that are intended to be part of the Construction Cost Budget.
 - (v) One week prior to submittal of documents, Consultant shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, Consultant shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
 - (vi) Mechanical, electrical, civil, landscape and estimating consultant(s) shall participate in the progress meeting as appropriate and shall provide input and feedback into the development of the Construction Cost Budget.
- b. The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget for the Project. The accuracy of the Construction Cost Budget shall be the responsibility of the Consultant.

4. Presentation

Consultant, along with any involved Sub-consultant(s), shall present and review with the District and, if directed, with the District's Governing Board, the summary and detail of work involved in this Phase, including two-dimensional renderings of any proposed facility suitable for public presentation.

5. Deliverables and Numbers of Copies

Within thirty (30) days of the end of this Phase, Consultant shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- a. Two (2) copies of the Architectural Program (include comparison between developed program and "model" program, include narrative explaining any substantial deviations);
- b. Two(2) copies of the Site Plan;
- c. Two (2) copies of the revised Construction Cost Budget;
- d. Two (2) copies of the final Schedule of Services;
- e. Two (2) copies of the meeting Reports/Minutes from the Kick-off and other meetings; and
- f. Two (2) copies of the renderings provided to District for public presentation.

6. Meetings

During this Phase, Consultant shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as indicated below in Section J.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

D. SCHEMATIC DESIGN PHASE

Upon District's acceptance of Consultant's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Consultant shall prepare for the District's review a Schematic Design Study, containing the following items as applicable to the Project scope, as follows:

1. Prepare and review with District staff a scope of work list and work plan identifying specific tasks including, but not limited to: interviews, data collection, analysis, report preparation, planning, architectural programming, concepts and schematic design preparation and estimating that are part of the work of the Project. Also identified will be milestone activities or dates, specific task responsibilities of the Consultant, required completion times necessary for the review and approval by the District and by pertinent regulatory agencies and additional definition of deliverables.
2. Review the developed work plan with the District and its representatives to familiarize them with the proposed tasks and schedule and develop necessary modifications.

3. Architectural

Develop and coordinate landscape design concepts entailing analysis of existing conditions, proposed components and how the occupants will use the facility. Include location and description of planting, ground improvements and visual barriers, and to include the following:

- a. Preliminary site plan with elevations, layout of hard surface and softscape concepts, including initial grading, drainage and utility concepts, all in sufficient detail to demonstrate design concept.
- b. Identify proposed drainage technique.
- c. Identify code requirements, include occupancy classification(s) and type of construction.

4. Structural

- a. Identify structural systems (including bleachers, goal posts, scoreboards, etc.) with preliminary sizing identified.
- b. Identify foundation systems (including fill requirements, piles, caissons, spread footings) with preliminary sizing identified.

5. Electrical

- a. Calculate overall approximate electrical loads.
- b. Identify proposed electrical system for service, power, lighting, low voltage and communication loads, including proposed or planned additional buildings (including "snack shacks," etc.) or other facilities on the Project site.
- c. Show system(s) selected on drawings as follows:

- (i) Single line drawing(s) showing major distribution system.
- (ii) Location and preliminary sizing of all major electrical systems and components including:
 - (A) Load centers.
 - (B) Main panels.
 - (C) Switch gear.
- d. Provide design criteria to include the intent base of design for the Project.
- e. Evaluate and confirm the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

6. Civil

- a. Develop on and off site utility systems such as sewer, water, storm drain, firewater lines and fire hydrants.
- b. Identify surface improvements including roadways, walkways, parking (with assumed wheel weights), preliminary finish grades and drainage.

7. Specifications / Athletic Templates & Standards

- a. Prepare outline specifications of proposed architectural, structural, mechanical and electrical materials, systems and equipment and their criteria and quality standards. Consultant is to use District's standardized equipment/material list for new construction and modernization in development of the Project design and specifications. Consultant shall review and comment on District's construction bid contracts and contract documents (the "Division 0" and "Division 1" documents) as part of its Services under the Agreement.
- b. Select specific materials and components, and their criteria and quality standards, to be included in a "standard stadium template."
- c. Develop computer generated up-to-date athletic program templates for all sports with specific attention to a "stadium" component.
- d. Modify all existing athletic site plans on each site to conform with the current program site program templates.
- e. Prepare draft of Athletic Standards document to supplement existing landscape standards, if available. This draft booklet shall include:
 - (i) Sport field templates;
 - (ii) Standard details; and
 - (iii) Specifications.

- f. Finalize the Athletic Standards in compatible format, or integrate Athletic Standards into the existing landscape standards, if available. These standards will become the basis of design for all school sites.
- g. Once the detailed field survey information is received, prepare a site athletic plan for each site denoting the actual layout and materials. Also complete enlargement of "stadium" portions.
- h. Finalize designs and complete base prepared for the "stadium" portion.
- i. Administer Project as required to coordinate work with the District and between sub-consultants.

8. Construction Cost Budget

Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding Phase, the following conditions apply to the revised Construction Cost Budget:

- a. Schematic Estimates: This estimate consists of unit cost applied to the major items and quantities of work. The unit cost shall reflect the complete direct current cost of work. Complete cost includes labor, material, waste allowance, sales tax and subcontractor's mark-up.
 - (i) General conditions shall be applied separately. This estimate shall be prepared by specification section and summarized by the CSI categories.
- b. The estimate shall separate the Project's building cost from site and utilities cost. Consultant shall submit to the District the cost estimating format for prior review and approval.
- c. Escalation: all estimates shall be priced out at current market conditions. The estimates shall incorporate all adjustments as appropriate, relating to mid-point construction, contingency, and cost index (i.e. Lee Saylor Index).
- d. The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Consultant.
- e. Consultant shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, Consultant shall coordinate with the District and Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
- f. At the end of this Phase, the Construction Cost Budget may include design contingencies of no more than ten percent (10%) in the cost estimates.

9. Deliverables and Numbers of Copies

Within thirty (30) days of the end of this Phase, Consultant shall provide to the District a hard copy of the following items produced in this phase, together with one (1) copy of each item in electronic format:

- a. Two (2) copies of the breakdown of Construction Cost Budget as prepared for this Phase;
- b. Two (2) copies of meeting reports/minutes;
- c. Two (2) copies of the Schematic Design Package with alternatives;
- d. Two (2) copies of a statement indicating changes made to the Architectural Program and Schedule; and
- e. Two (2) copies of the DSA file, including all correspondence and meeting notes to date, or notification in writing that Consultant has not met or corresponded with DSA.

10. Presentation

- a. Consultant shall present and review with the District the detailed Schematic Design.
- b. The Schematic Design shall be revised within the accepted program parameters until a final concept within the accepted Construction Cost Budget has been accepted and approved by the District at no additional cost to the District.

11. Meetings

During this Phase, Consultant shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as indicated below in Section J.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

E. DESIGN DEVELOPMENT PHASE

Upon District's acceptance of Consultant's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Consultant shall prepare from the accepted deliverables from the Schematic Design Phase, the Design Development Phase documents consisting of the following for each proposed system within Consultant's scope of services:

1. Architectural

Further refinement of Schematic Design concepts. Includes coordination of hardscape, landscape planting, ground cover and irrigation main distribution lines, and to include the following:

- a. Site plan in 1/8" scale with draft notes and dimensions of hard surface and softscape concepts, including surface types, color, planting, grading, drainage and utility concepts, critical design details and manufacturer cut sheets, where applicable.
- b. Identification of all fixed equipment to be installed in contract, if any.
- c. Preliminary development of details and large scale blow-ups.
- d. Legend showing all symbols used on drawings.
- e. Further refinement of Outline Specification for architectural, structural, electrical, civil and landscape manuals, systems and equipment.
- f. The documents and information provided by the Consultant at this Phase shall include all components required below in addition to the subsequent more general sections (Structural, /Electrical, etc.)
 - (i) Cover sheet
 - (ii) Demolition Plan
 - (iii) Grading Plan
 - (iv) Drainage / Utility Plan
 - (v) Layout Plans, including right of ways
 - (vi) Material and Detail Reference Plans
 - (vii) Irrigation Plans – Plan will show head layout and mainline routing.
 - (viii) Planting Plans
 - (ix) Construction Details and Enlargements
 - (x) Irrigation and Planting Details

2. Structural

- a. Structural drawings with all major members located and sized.
- b. Establish final elevations.
- c. Preliminary specifications.

- d. Identify foundation requirement (including fill requirement, piles) with associated soil pressure, water table and seismic center.

3. Electrical

- a. All lighting fixtures should be located and scheduled showing all types and quantities of fixtures to be used, including proposed lighting levels for each area.
- b. All major electrical equipment should be scheduled indicating size and capacity.
- c. Complete electrical distribution including a one-line diagram indicating final location of switchboards, communications, controls (high and low voltage), motor control centers, panels, transformers and emergency generators, if required. Low-voltage system includes fire alarm system, security system, clock and public address system, bell system, voice-data system, and telecom/technology system.
- d. Legend showing all symbols used on drawings.
- e. More developed and detailed Outline Specifications indicating quality level and manufacture.
- f. Further evaluation and confirmation of the load requirements of all equipment and systems, the impact of those on existing facilities, and the requirements to increase these loads to accommodate the increase.

4. Civil

- a. Further refinement of Schematic Design Phase development of on and off site utility systems for sewer, electrical, water, storm drain and fire water. Includes, without limitation, pipe sizes, materials, invert elevation location and installation details.
- b. Further refinement of Schematic Design Phase roadways, walkways, parking and storm drainage improvements. Includes details and large scale drawings of curb and gutter, manhole, thrust blocks, paved parking and roadway sections.

5. Specifications / Athletic Templates & Standards

Consultant shall update all requirements documents of previous section in coordination with and as appropriate for the more detailed design achieved in this phase.

6. Construction Cost Budget

- a. Revise the Construction Cost Budget for the Project. Along with the conditions identified in the Agreement and the preceding Phases, the following conditions apply to the revised Construction Cost Budget:
 - (i) Design Development Estimate: This further revised estimate shall be prepared by specification section, summarized by CSI category and divided by trade and work item. The estimate shall include individual item

unit costs of materials, labor and equipment. Sales tax, Contractor's mark-ups, and general conditions shall be listed separately.

- (ii) The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Consultant.
 - (iii) At this stage of the design, the Construction Cost Budget may include design contingencies of no more than ten percent (10%) in the cost estimates.
- b. Consultant shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, the Consultant shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.

7. Deliverables and Numbers of Copies

Architect shall provide to the District a hard copy of the following items produced in this phase, together with one (1) copy of each item in electronic format:

- a. Two (2) copies of the Design Development drawing set from all professional disciplines necessary to deliver the Project;
- b. Two (2) copies of the Specifications;
- c. Two (2) copies of the revised Construction Cost Budget; and
- d. Two (2) copies of the DSA file, including all correspondence and meeting notes to date, or notification in writing that Architect has not met or corresponded with DSA.

The Design Development deliverables shall be revised within the accepted program parameters until a final concept within the accepted Construction Cost Budget has been accepted and approved by the District at no additional cost to the District.

8. Meetings

During this Phase, Consultant shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as indicated below in Section J.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

F. CONSTRUCTION DOCUMENTS PHASE

Upon District's acceptance of Consultant's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Consultant shall prepare from the accepted deliverables from the Design Development Phase the Construction Documents consisting of the following for each proposed system within Consultant's scope of work:

1. Construction Documents ("CD") 50% Stage:

a. General

Verify lead times and availability of all Project equipment, materials, and supplies and ensure that all of these will be available to the District in a timely fashion so as not to delay the Project.

b. Architectural

- (i) Site plan drawn. All landscape, hardscape, and irrigation plans updated to reflect updated revisions from Design Development Phase.
- (ii) Architectural details and large blow-ups started.
- (iii) Fixed equipment details and identification started, if any.
- (iv) Further refinement of Outline Specification for architectural, structural, electrical, civil and landscape manuals, systems and equipment.
- (v) The documents and information provided by the Consultant at this Phase shall include fully updated versions of the following components required below in addition to the subsequent more general sections (Structural, /Electrical, etc.)
 - (A) Cover sheet
 - (B) Demolition Plan
 - (C) Grading Plan
 - (D) Drainage / Utility Plan
 - (E) Layout Plans, including right of ways.
 - (F) Material and Detail Reference Plans
 - (G) Irrigation Plans – Plan will show head layout and mainline routing.
 - (H) Planting Plans
 - (I) Construction Details and Enlargements
 - (J) Irrigation and Planting Details

c. Structural

- (i) Structural plans and sections with detailing well advanced.
- (ii) Structural footing and foundation plans, floor and roof framing plans with detailing well advanced.
- (iii) Completed cover sheet with general notes, symbols and legends.

d. Electrical

- (i) Lighting, power, signal and communication plans showing all switching and controls. Fixture schedule and lighting details development started.
- (ii) Distribution information on all power consuming equipment; lighting and device branch wiring development well started.
- (iii) All electrical equipment schedules started.
- (iv) Special system components approximately located on plans.
- (v) Complete design of low-voltage system. Low-voltage system includes fire alarm system, security system, clock and public address system, voice-data system, and telecom/technology system.

e. Civil

All site plans, site utilities, parking, walkway, and roadway systems updated to reflect update revisions from Design Development Phase Documents.

f. Construction Cost Budget

- (i) Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding phases, Consultant shall update and refine the Design Development Phase revisions to the Construction Cost Budget. Consultant shall provide a Construction Cost Budget sorted by Project Bid Packages, if more than one.
- (ii) The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Consultant.
- (iii) Consultant shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, Consultant shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
- (iv) At this stage of the design, the Construction Cost Budget may include design contingencies of no more than five percent (5%) in the cost estimates.

g. Specifications / Athletic Templates & Standards

Consultant shall update all requirements documents of previous section in coordination with and as appropriate for the more detailed design achieved in this phase.

More than fifty percent (50%) complete development and preparation of technical specifications describing materials, systems and equipment,

workmanship, quality and performance criteria required for the construction of the Project.

- (i) No part of the specifications shall call for a designated material, product, thing, or service by specific brand or trade name unless:
 - (A) The specification is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service, as required by Public Contract Code, section 3400, or
 - (B) The designation is allowable by a specific allowable exemption or exception pursuant to Public Contract Code, section 3400.
- (ii) Specifications shall not contain restrictions that will limit competitive bids other than those required for maintenance convenience by the District and only with District's prior approval.
- (iii) Specifications shall be in CSI format.

h. Deliverables and Numbers of Copies

Within thirty (30) days of the end of this Phase, Consultant shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- (i) Two (2) reproducible copies of working drawings;
- (ii) Two (2) copies of the Specifications;
- (iii) Two (2) copies of the statement of requirements for testing and inspection of service for compliance with Contract Documents and applicable codes; and
- (iv) Two (2) copies of a statement indicating any authorized changes made to the design from the last Phase and the cost impact of each change on the previously approved Construction Cost Budget. If no design changes occur but shifts of costs occur between disciplines, identify for District review.

2. Construction Documents – 100% / Completion Stage:

a. Architectural

- (i) Completed site plan.
- (ii) Architectural details and large blow-ups completed.
- (iii) Finish, door, and hardware schedules completed, including all details.
- (iv) Site utility plans completed.
- (v) Fixed equipment details and identification completed.

- (vi) All previous comments from District and Construction Manager, have been incorporated or, if specific comments have not been incorporated, the District has approved of that in writing.

b. Structural

- (i) Structural floor plans and sections with detailing completed.
- (ii) Structural calculations completed.

c. Electrical

- (i) Lighting and power plan showing all switching and controls. Fixture schedule and lighting details completed.
- (ii) Distribution information on all power consuming equipment, including lighting, power, signal and communication device(s) branch wiring completed.
- (iii) All electrical equipment schedules completed.
- (iv) Special system components plans completed.
- (v) Electrical load calculations completed.

d. Civil

All site plans, site utilities, parking and roadway systems completed.

e. Construction Cost Budget

- (i) Revise the Construction Cost Budget for the Project. Along with the conditions identified in the preceding phases, Consultant shall update and refine the fifty percent (50%) Construction Documents Phase revisions to the Construction Cost Budget.
- (ii) The Construction Cost Budget for the Project must at no point exceed the District's Construction Budget. The accuracy of the Construction Cost Budget shall be the responsibility of the Consultant.
- (iii) Consultant shall submit its proposed Construction Cost Budget to the District and the Construction Manager for review and approval. At that time, Consultant shall coordinate with the District and the Construction Manager to further develop, review, and reconcile the Construction Cost Budget.
- (iv) At this stage of the design, the Construction Cost Budget shall not include any design contingencies in excess of the cost estimates.

f. Specifications / Athletic Templates & Standards

- (i) Complete development and preparation of technical specifications describing materials, systems and equipment, workmanship, quality and performance criteria required for the construction of the Project.
- (ii) No part of the specifications shall call for a designated material, product, thing, or service by specific brand or trade name unless:
 - (A) The specification is followed by the words "or equal" so that bidders may furnish any equal material, product, thing, or service, as required by Public Contract Code section 3400, or
 - (B) The designation is allowable by specific allowable exemptions or exceptions pursuant to Public Contract Code section 3400.
- (iii) Specifications shall not contain restrictions that will limit competitive bids other than those required for maintenance convenience by the District and only with District's prior approval.
- (iv) At one hundred percent (100%) review, District shall review the Specifications and shall direct Consultant to make corrections at no cost to the District.
- (v) Coordination of the Specifications with specifications developed by other disciplines.
- (vi) Specifications shall be in CSI format.

g. Constructability Review

The District and/or its designee, at its sole discretion, shall have the right to conduct a constructability review of the Construction Documents. A report shall be given to the Consultant who shall make necessary changes along with providing written comments for each item listed in the report. Conducting a constructability review does not excuse the Consultant's obligation to provide Services that shall comply with professional architectural standards, including the standard of care applicable to Consultants designing public school facilities and applicable requirements of federal, state, and local law.

h. Deliverables and Numbers of Copies

Within thirty (30) days of the end of this Phase, Consultant shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- (i) Two (2) reproducible copies of working drawings;
- (ii) Two (2) copies of the Specifications;
- (iii) Two (2) copies of the engineering calculations;

- (iv) Two (2) copies of the revised Construction Cost Budgets;
- (v) Two (2) copies of a statement of requirements for testing and inspection of service for compliance with Construction Documents and applicable codes;
- (vi) Two (2) copies of the DSA file including all correspondence, meeting, minutes or reports, back-check comments, checklists to date; and
- (vii) Two (2) copies of a statement indicating any authorized changes made to the design from the last Phase and the cost impact of each change on the previously approved Construction Cost Budget. If no design changes occur but shifts of costs occur between disciplines, identify for District review.

3. Construction Documents Final Back-Check Stage:

- a. The Construction Documents final back-check stage shall be for the purpose of the Consultant incorporating all regulatory agencies' comments into the drawings, specifications, and estimate. All changes made by the Consultant during this stage shall be at no additional cost to the District.
- b. The final contract documents delivered to the District upon completion of the Consultant's work shall be the Bid Set and shall consist of the following:
 - (i) Drawings: Original tracings of all drawings on Consultant's tracing paper with each Consultant/Sub-consultant's State license stamp.
 - (ii) Specifications: Original word-processed technical specifications on reproducible masters in CSI format.
- c. Consultant shall update and refine the Sub-consultants' completed Contract Documents.
- d. Conclusion of Construction Document Phase requires final stamp-out by DSA.

4. Meetings

During this Phase, Consultant shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as indicated below in Section J.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

G. BIDDING PHASE

Upon District's acceptance of Consultant's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Consultant shall perform Bidding Phase services for District as follows:

1. Contact potential bidders and encourage their participation in the Project.
2. Coordinate the development of the bidding procedures and the construction Contract Documents with the District.
3. The development of the bidding procedures and the construction Contract Documents shall be the joint responsibility of the District and Consultant. Nevertheless, Consultant will use all due care and diligence to confirm that its plans and specifications and all other information provided by or on behalf of the District to potential bidders discloses and publishes any potentially relevant information that could, in any way, have an impact on a Contractor's cost of performance.
4. While the Project is being advertised for bids, all questions concerning intent shall be referred to the District for screening and subsequent processing through Consultant.
5. In the event that items requiring interpretation of the drawings or specifications are discovered during the bidding period, those items shall be analyzed by the Consultant for decision by the District as to the proper procedure required. Corrective action will be in the form of an addendum prepared by the Consultant and issued by the District.
6. Attend bid opening.
7. Coordinate with Sub-consultants.
8. Respond to District and potential bidder questions and clarifications.
9. Deliverables and Number of Copies

Within thirty (30) days of the end of this Phase, Consultant shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- a. Two (2) copies of the meeting report/minutes from the kick-off meeting;
- b. Two (2) copies of the meeting report/minutes from the pre-bid site walk; and
- c. Upon completion of the Bidding Phase, Consultant shall produce a Conforming Set of plans and specifications incorporating all addenda issued thus far. Consultant shall supply District with two (2) complete, reproducible sets of plans and specifications marked as a Conforming Set.

H. CONSTRUCTION ADMINISTRATION PHASE

Upon District's acceptance of Consultant's work in the previous Phase and assuming District has not delayed or terminated the Agreement, Consultant shall perform Construction Administration Phase services for the District as follows:

1. Consultant's responsibility to provide basic services for the Construction Phase under the Agreement commences with the award of the contract for construction and terminates upon satisfactory performance and completion of all tasks in this phase and commencement of the Closeout Phase or upon the District's terminating the Agreement, whichever is earlier.
2. **Construction Oversight and Project Certification Process** (if Project is subject to DSA jurisdiction)
 - a. Consultant shall ensure that the Project Inspector is approved by the DSA for the Project by submitting the applicable Inspector's Qualification Record (form DSA 5 or more current version, if applicable) to and by obtaining approval from the DSA prior to commencement of construction and prior to requesting issuance of project inspections cards (form DSA 152 or more current version, if applicable).
 - b. Consultant shall request issuance of the proper number of project inspection cards (forms DSA 152 or more current version, if applicable) by electronically submitting form DSA 102-IC (or more current version, if applicable) to the DSA after the construction contract has been awarded. Consultant shall provide project inspection cards to the Project Inspector prior to commencement of construction.
 - c. Prior to commencement of construction, Consultant shall provide (1) a copy of the DSA approved construction documents and (2) the DSA approved Statement of Structural Tests and Special Inspections (form DSA 103 or more current version, if applicable) prepared by Consultant to the Project Inspector and Laboratory of Record.
 - d. Consultant shall prepare and submit a Contract Information form (form DSA 102 or more current version, if applicable) for all construction contracts.
 - e. Consultant shall maintain such personal contact with the Project as is necessary to assure themselves of compliance, in every material respect, with the DSA-approved construction documents. Personal contact shall include visits to the Project site by the Consultant or engineer or their qualified representative to observe construction.
 - f. Consultant shall notify DSA as to the disposition of materials noted on laboratory testing, and/or special inspection, reports as not conforming to the DSA-approved construction documents.
 - g. Consultant shall respond to DSA field trip notes as necessary.
 - h. Consultant shall submit an interim Verified Report (form DSA 6-AE or more current version, if applicable) to the DSA electronically and a copy to the Project

Inspector for each of the applicable nine (9) sections of form DSA 152 prior to the Project Inspector signing off that section of the project inspection card.

- i. Consultant shall submit a Statement of Final Actual Project Cost (form DSA 168 or more current version, if applicable) to the DSA.
- j. Consultant shall submit Verified Reports (form DSA 6-AE or more current form, if applicable) to the DSA and to the Project Inspector if any of the following events occur: (1) when construction is sufficiently complete in accordance with the DSA-approved construction documents so that the District can occupy or utilize the Project; (2) work on the Project is suspended for a period of more than one month; (3) the services of the Consultant are terminated for any reason prior to completion of the Project; or (4) DSA requests a Verified Report.

3. Change Orders

- a. Consultant shall review all of Contractor's change order requests to determine if those requests are valid and appropriate. Consultant shall provide a recommendation to District as to whether the change should be approved, partially approved, returned to the Contractor for clarification, or rejected.
- b. Consultant shall furnish all necessary Construction Change Documents and additional drawings for supplementing, clarifying, and/or correcting purposes and for change orders. The District shall request these Construction Change Documents and drawings from the Consultant, which shall be at no additional cost unless designated as Extra Services by the District. The original tracing(s) and/or drawings and contract wording for change orders shall be submitted to the District for duplication and distribution.

4. Submittals

- a. Consultant shall review and approve or take other appropriate action upon Contractor's submittals such as: shop drawings, Project data, samples and Construction Change Documents, but only for the purpose of checking for conformance with information given and the design concept expressed in the Contract Documents.
- b. Consultant shall review Contractor's schedule of submittals and advise the District on whether that schedule is complete. Consultant shall provide the District with proposed revisions to this schedule and advise the District on whether the District should approve this schedule.
- c. Consultant's action upon Contractor's submittals shall be taken as expeditiously as possible so as to cause no unreasonable delay in the construction of the Project or in the work of Contractor(s), while allowing sufficient time in the Consultant's professional judgment to permit adequate review. In no case shall the review period associated with a single, particular submittal exceed twenty-one (21) calendar days from its receipt by the Consultant. Consultant's response to each submittal shall be a substantive and acceptable response. This twenty-one (21)-day time period shall not include time when a submittal is within the District's control or if the submittal is being reviewed by DSA. In no way does

this provision reduce Consultant's liability if it fails to prepare acceptable documents.

5. **RFIs.** During the course of construction as part of the basic services, Consultant must respond to all Requests for Information ("RFI") as expeditiously as possible so as not to impact and delay the construction progress. In no case shall the review period associated with an RFI exceed seven (7) calendar days from receipt by the Consultant. Consultant's response to each RFI shall be a substantive and acceptable response. This seven-day time period shall not include time when a submittal is within the District's control or if the submittal is being reviewed by DSA. In no way does this provision reduce the Consultant's liability if it fails to prepare acceptable documents. Consultant must verify that RFIs are passed through the Project Inspector, if any.
6. **Notices of Deficient Work.** On the basis of on-site observations, Consultant shall keep the District informed of the progress and the quality of the work, and shall endeavor to guard the District against defects and deficiencies in the work. Consultant shall notify the District in writing of any defects or deficiencies in the work by any of the District's Contractors that Consultant may observe, and shall provide this written notice within twenty-four (24) hours of Consultant's observation of defective or deficient work. However, Consultant shall not be a guarantor of the Contractor's performance.
7. **As-Built Drawings.** Consultant shall review and evaluate for District the Contractor(s)' documentation of the actual construction performed during the Project that the Contractor(s) should prepare and submit as As-Builts. As-Builts are documents that show the actual construction performed during the Project, including changes necessitated by Construction Change Documents and change orders, and detailed by the District's construction Contractor(s) on a Conforming Set.
8. **Record Drawings.** Consultant shall incorporate all information on all As-Builts, sketches, details, and clarifications, and prepare one (1) set of final Record Drawings for the District. The Record Drawings shall incorporate onto one (1) set of drawings, all changes from all As-Builts, sketches, details, and clarifications, including, without limitation, all requests for information, Construction Change Documents and change orders based upon the construction Contractor's representations of actual construction. Consultant shall deliver the Record Drawings to the District at completion of the construction in a format acceptable to the District, and it shall be a condition precedent to the District's approval of Consultant's final payment. Consultant may insert the following notice on the Record Drawings:

These drawings [or corrected specifications] have been prepared based on information submitted, in part, by others. Consultant has provided a review consistent with its legal standard of care.
9. **O&M Manuals / Warranties.** Consultant shall review equipment, operation and maintenance manuals, and a complete set of warranty documents for all equipment and installed systems, to ensure that they meet the requirements of the plans and specifications.
10. **Start-up.** Consultant shall also provide, at the District's request, architectural/engineering advice to the District on start-up, break-in, and debugging

of facility systems and equipment, and on apparent deficiencies or defects in construction following the acceptance of the Contractor's work.

- 11. Payment Statements.** Recommendations of Payment by Consultant constitute Consultant's representation to the District that work has progressed to the point indicated to the best of Consultant's knowledge, information, and belief, and that the quality of the work is in general conformance with the Contract Documents.

12. Deliverables and Number of Copies

Within thirty (30) days of the end of this Phase, Consultant shall provide to the District a hard copy of the following items produced in this Phase, together with one (1) copy of each item in electronic format:

- a. Two (2) copies of the meeting report/minutes from the kick-off meeting;
- b. Two (2) copies of the observation reports; and
- c. Two (2) copies of the weekly meeting reports.

13. Meetings

During this Phase, Consultant shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as indicated below in Section J.

[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]

I. CLOSE OUT PHASE

1. As the Construction Administration Phase progresses, Consultant shall perform the following Close Out Phase services for the District as required in a timely manner:
 - a. Consultant shall review the Project and observe the construction as required to determine when the Contractor has completed the construction of the Project and shall prepare punch lists of items that remain in need of correction or completion.
 - b. Consultant shall collect from the Contractor, review, and forward to the District all written warranties, operation manuals, and spare parts with Consultant's recommendation as to the adequacy of these items.
 - c. Consultant shall prepare or collect, as applicable, and provide to DSA, all reports required by DSA related to the design and construction of the Project.
 - d. Consultant shall respond to the DSA "90-day" letter.
 - e. Consultant shall obtain all required DSA approval of all Construction Change Documents and addenda to the Contractor's contract.
 - f. Consultant shall prepare a set of As-Built Drawings for the Project, as required by the District.
 - g. Consultant shall review and prepare a package of all warranty and O&M documentation.
 - h. Consultant shall organize electronic files, plans and prepare a Project binder.
 - i. Consultant shall have primary responsibility to coordinate all Services required to close-out the design and construction of the Project with the District and among Sub-consultants.
2. When the design and construction of the Project is complete, the District shall prepare and record with the County Recorder a Notice of Completion for the Project.

3. Deliverables and Number of Copies

- a. Two (2) copies of punch lists for each site; and
- b. Upon completion of the Project, all related Project documents, including As-Builts and Record Drawings. These are the sole property of the District.

4. Meetings

During this phase, Consultant shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as indicated below in Section J.

J. MEETINGS / SITE VISITS / WORKSHOPS

1. Consultant shall attend, take part in, and, when indicated, conduct meetings, site visits, and workshops as indicated below. Consultant shall chair, conduct and take minutes of all coordination meetings with its Sub-consultant(s) during the entire design phase. Consultant shall invite the District and/or its representative to participate in these meetings. Consultant shall keep a separate log to document design/coordination comments generated in these meetings.

2. General Meeting, Site Visit, and Workshop Requirements

- a. Consultant shall always be prepared to answer questions and issues from District staff, site staff, potential bidders, and/or Contractors, as applicable.
- b. Consultant shall maintain a log of all meetings, site visits or site observations held in conjunction with the design and construction of the Project, with documentation of major discussion points, observations, decisions, questions or comments. These shall be furnished to the District and/or its representative for inclusion in the overall Project documentation.
- c. As required, Consultant shall provide at no additional cost to the District copies of all documents or other information needed for each meeting, site visit, and workshop.
- d. Each meeting may last up to a full day (eight (8) hours) and shall be held at the District office or at the Project site, unless otherwise indicated.

3. Meetings During Project Initiation Phase (Two (2) meeting(s))

- a. Within the first week following execution of the Agreement, Consultant shall participate in one (1) Project kick-off meeting to determine the Project intent, scope, budget and timetable, which shall encompass the following:
 - (i) Consultant, its appropriate Sub-consultant(s), and District staff, shall attend the meeting.
 - (ii) The Project kick-off meeting will introduce key team members from the District and the Consultant to each other, defining roles and responsibilities relative to the Project.
 - (iii) During this meeting, Consultant shall:
 - (A) Identify and review pertinent information and/or documentation necessary from the District for the completion of the Project.
 - (B) Review and explain the overall Project goals, general approach, tasks, work plan and procedures and deliverable products of the Project.
 - (C) Review and explain the scope of work and Project work plan for all parties present; determine any adjustments or fine tuning that needs to be made to the work plan.

(D) Review documentation of the Project kick-off meeting prepared by the District's representative and comment prior to distribution.

b. Consultant shall participate in One (1) meeting(s) as requested by District.

4. Initial Site Visits (Two (2) meeting(s))

a. Consultant shall visit the Project site to complete a visual inventory and documentation of the existing conditions.

5. Meetings During Architectural Program (Three (3) meeting(s))

a. Consultant shall participate in one (1) public community information site meeting to receive input from the community regarding its wishes and expectations regarding the design of Consultant's work on the Project and the schedule of use of the site during construction.

b. Consultant shall conduct one (1) site visit/meeting with the District's facilities team to gather information from District facilities team and site personnel and to make a visual presentation regarding the Project.

c. Consultant shall conduct a minimum of One (1) additional meetings as requested by District.

d. Electrical, civil, mechanical, structural, landscaping, and estimating consultant(s) shall participate in these meetings as appropriate and shall provide input and feedback into the development of the Construction Cost Budget.

6. Meetings During Schematic Design Phase (Two (2) meeting(s))

a. Within the first two weeks following the start of the Schematic Design Phase, Consultant shall conduct Two (2) design workshop[s] with the District's facilities team and site personnel to complete a basic design framework with computer-aided design equipment ("CADD"). The District may, at its discretion, allow Consultant to proceed with this meeting without using CADD. This workshop shall be ongoing and may include several meetings and shall not be concluded until each attendee has indicated his or her acceptance with the Consultant's preliminary design. This workshop shall include the following:

(i) Consultant shall designate its team member duties and responsibilities.

(ii) Consultant and District shall review District goals and expectations.

(iii) District shall provide input and requirements.

(iv) Consultant and District shall review Project scope and budget, including the Construction Cost Budget and the Construction Budget.

(v) Prepare and/or revise the scope of work list and general workplan from the Pre-Design Phase, for documentation in a computer-generated Project schedule.

(vi) Establish methods to facilitate the communication and coordination efforts for the Project.

b. Consultant shall participate in One (1) meeting(s) as requested by District.

7. Meetings During Design Development Phase (Two (2) meeting(s))

a. At the time designated for completion of the Design Development package, Consultant shall conduct One (1) meeting[s], per package or submittal, with the District to review the following:

(i) Present the Design Development package for review and comment to proceed with preparation of final plans and specification.

(ii) Consultant and District shall review Project scope and budget, including the Construction Cost Budget and the Construction Budget.

b. Value Engineering Workshop (One (1) meeting(s))

(i) Consultant shall conduct value engineering workshop(s), as requested by the District, which shall include all of Consultant's Sub-consultant(s), the District, and the Construction Manager during the Design Development Phase. This workshop shall be ongoing and may include several meetings.

8. Meetings During Construction Documents Phase (Three (3) meeting(s))

a. Prior to beginning work on the fifty percent (50%) design package, Consultant shall conduct One (1) meeting[s], per package or submittal, with the District to revise the Design Development package and receive comments.

b. At the time designated for completion of the fifty percent (50%) submittal package, Consultant shall conduct One (1) meeting[s], per package or submittal, with the District to review the following:

(i) Present the fifty percent (50%) submittal package for review and comment to proceed with preparation of final plans and specifications.

(ii) Consultant and District shall provide further review of Project scope and budget, including the Construction Cost Budget and the Construction Budget.

c. At the time designated for completion of the one hundred percent (100%) Construction Document package, Consultant shall conduct One (1) meeting[s], per package or submittal, with the District to review the following:

(i) Present the hundred percent (100%) Construction Document package for review and comment to proceed with preparation of final plans and specifications.

(ii) Consultant and District shall provide further review of Project scope and budget, including the Construction Cost Budget and the Construction Budget.

9. Meetings During Bidding Phase (Three (3) meeting(s))

- a. Attend and take part in One (1) meeting[s], per package or submittal, with all potential bidders, District staff, and Construction Manager.
- b. Conduct one (1) kick-off meeting with the successful bidder, District staff, and Construction Manager to finalize the roles and responsibilities of each party and provide protocols and processes to follow during construction.

10. Meetings During Construction Administration Phase (Twelve (12) meeting(s), plus weekly Project meetings until entire Project is complete)

- a. Consultant shall visit the Project site as necessary or when requested, and in no case less than once per week, sufficient to determine that the Project is being constructed in accordance with the plans and specifications, and to resolve discrepancies in the Contract Documents and to monitor the progress of the construction of the Project.
- b. Conduct weekly Project meetings with District staff to review with District staff the progress of the work. This is expected to be Five (5) meetings, per site, but Consultant acknowledges that the Project may not be completed in this timeframe and agrees to attend weekly Project meetings, at no additional cost to the District, until the work of the Project is complete.
- c. Consultant shall ensure that Sub-consultant(s) visit the site in conformance with their agreement(s) and that Sub-consultant agreements shall reference District requirements for Construction Phase services.

11. Citizens' Bond Oversight Committee Meetings (One (1) meeting(s)) (if applicable)

Consultant acknowledges that the design and construction of the Project is subject to oversight by the District's citizen bond oversight committee. Consultant shall, at the District's direction, attend District citizen bond oversight committee meeting(s) and present the Consultant's design to the District's citizen bond oversight committee for review.

12. Governing Board Meetings (One (1) meeting(s))

Consultant acknowledges that the District's Governing Board must approve all designs. Consultant shall, at the District's direction, attend District Governing Board meeting(s) and present the Consultant's design to the District's Governing Board for review and approval.

Re: Revised Fee Proposal for Design Services to replace the
Castlemont High School Grandstand, Track and Field and Gym Bleachers

Dear Mr. Nakadegawa,

murakami/Nelson is pleased to submit our revised proposal to provide professional design services to replace the Castlemont High School bleachers, track & field, field restrooms and gym bleachers. The following consultants will assist us in this effort. Keller Mitchell, landscape architects (SLBE); Dant Clayton, bleacher manufacturer/designer; Degenkolb Engineers, structural engineers (LBE); H & M Mechanical, mechanical engineers (SLBE); BWF Consulting Engineers, electrical engineers; BKF, civil engineers (LBE); mack5, cost estimators and Langan, geotechnical engineers (LBE).

Because of the unique features of the Castlemont site the District has determined that Castlemont High School should become the preferred venue for District track & field meets; therefore, we will design the track and field to accommodate standard California high school track and field events. We will exclude the javelin, hammer throw and steeplechase events unless specifically requested by the School District.

It is our understanding that the School District wants to replace the artificial turf football field and running track at the Castlemont High School as a maintenance and repair project and therefore it will not be submitted to DSA. The field and track replacement will be Phase I of the overall project. Any relocation of the perimeter fence or re-grading around the track will occur in Phase II. As part of Phase I services we will assess the condition of the field and underlying pad. If the existing pad meets current fall absorbing requirements it will be re-used, otherwise it may be partially or fully replaced. A new artificial turf field that meets the District's requirements for dual sport (football and soccer) fields will be specified and detailed. The track surface will be removed and replaced with a new EPDM surface. Keller Mitchell will prepare layout drawings and details for the field and track. The field will be striped for both soccer and football.

Phase II of the project will replace the existing 2,000 seat grandstand with a new code compliant grandstand of an equal capacity. This change will require providing dispersed accessible seating with unobstructed views in addition to other circulation and access improvements which will increase the footprint of the grandstand. Dant Clayton will prepare layout drawings and performance specifications for the bleachers and Degenkolb Engineers will design the foundations. We will also design a solution for the scoreboard power problem.

Also in Phase II, the Gymnasium bleachers will be replaced with motorized bleachers. We will evaluate the power available for the new motorized bleachers and will consider bleachers that have DSA Pre-Check approval. Because of the scale of the project DSA may require other access improvements in the Gym or adjacent restrooms. Services to design more than minor improvements to restroom accessories are not included in this proposal, but can be provided as an additional service.

Re: Revised Fee Proposal for Design Services to replace the
Castlemont High School Grandstand, Track and Field and Gym Bleachers

Dear Mr. Nakadegawa,

murakami/Nelson is pleased to submit our revised proposal to provide professional design services to replace the Castlemont High School bleachers, track & field, field restrooms and gym bleachers. The following consultants will assist us in this effort. Keller Mitchell, landscape architects (SLBE); Dant Clayton, bleacher manufacturer/designer; Degenkolb Engineers, structural engineers (LBE); H & M Mechanical, mechanical engineers (SLBE); BWF Consulting Engineers, electrical engineers; BKF, civil engineers (LBE); mack5, cost estimators and Langan, geotechnical engineers (LBE).

Because of the unique features of the Castlemont site the District has determined that Castlemont High School should become the preferred venue for District track & field meets; therefore, we will design the track and field to accommodate standard California high school track and field events. We will exclude the javelin, hammer throw and steeplechase events unless specifically requested by the School District.

It is our understanding that the School District wants to replace the artificial turf football field and running track at the Castlemont High School as a maintenance and repair project and therefore it will not be submitted to DSA. The field and track replacement will be Phase I of the overall project. Any relocation of the perimeter fence or re-grading around the track will occur in Phase II. As part of Phase I services we will assess the condition of the field and underlying pad. If the existing pad meets current fall absorbing requirements it will be re-used, otherwise it may be partially or fully replaced. A new artificial turf field that meets the District's requirements for dual sport (football and soccer) fields will be specified and detailed. The track surface will be removed and replaced with a new EPDM surface. Keller Mitchell will prepare layout drawings and details for the field and track. The field will be striped for both soccer and football.

Phase II of the project will replace the existing 2,000 seat grandstand with a new code compliant grandstand of an equal capacity. This change will require providing dispersed accessible seating with unobstructed views in addition to other circulation and access improvements which will increase the footprint of the grandstand. Dant Clayton will prepare layout drawings and performance specifications for the bleachers and Degenkolb Engineers will design the foundations. We will also design a solution for the scoreboard power problem.

Also in Phase II, the Gymnasium bleachers will be replaced with motorized bleachers. We will evaluate the power available for the new motorized bleachers and will consider bleachers that have DSA Pre-Check approval. Because of the scale of the project DSA may require other access improvements in the Gym or adjacent restrooms. Services to design more than minor improvements to restroom accessories are not included in this proposal, but can be provided as an additional service.

Our base fee assumes that the School District's site plan drawings from 2002 and 1962 do not provide enough information about the location, topography and utilities in the area of work to prepare an accurate site plan for the project; therefore, we recommend that an aerial survey of the site be prepared. Also, the District has informed us that DSA has approved site access for a number of prior projects and that site access improvements for Phase II of this project should only be required from the three accessible parking areas to the stadium seating.

At the School District's request, subsequent to the issuance of the RFP, we are proposing the following additional services:

Design two new unisex accessible restroom buildings and remodel the existing restroom buildings

The District would like to remodel the existing restrooms. This work will include re-roofing the buildings, repainting them inside and out and replacing damaged or deficient fixtures and accessories. This work may also involve replacing doors and frames, door hardware, ventilation, lighting, etc. Additionally, we will design two accessible unisex restrooms located adjacent to the existing restrooms. The area around the new restrooms will be regraded to meet access code requirements. The new buildings will have ventilation, but no heating. As a result, only lighting and plumbing need comply with the Green Building Code. Our services include additional geotechnical investigations and recommendations for the foundations of these buildings. (Per CBC requirements our geotechnical consultant will make two borings for each new restroom building.) Construction of the restrooms will take longer than two months and increase our construction administration services. If DSA does not accept the limited approach noted above, then we can provide the design of larger restroom buildings as an additional service.

Perform a geotechnical investigation for the grandstand foundation - Per IR 16-5.16, DSA will consider the grandstand a new school building and therefore, will require a geotechnical report be prepared. The report will include soil and groundwater conditions, design criteria for appropriate foundations systems, foundations settlements, seismic hazards, grading and paving recommendations, seismic criteria and construction considerations. The recommendations will be based upon three borings taken along the length of the bleachers.

Perform a geo-hazards study - Since the grandstands and restrooms will be considered new school buildings per IR A-4.13, DSA will require a geo-hazards study be prepared. The site is near a mapped liquefaction zone, which may elicit more intensive review by CGS. Our geotechnical consultant will prepare the appropriate CGS report, respond to CGS review comments and obtain their approval letter before we submit the project to DSA.

Provide Geotechnical Services during Design - The geotechnical engineer will review the final project plans and issue an approval letter.

Provide Geotechnical Services during Construction - DSA will require the Geotechnical Engineer of Record to sign off on the construction of the grandstand and the restrooms. Their involvement during construction will include observation of the installation of the grandstand foundations (shallow foundations, drilled piers or possibly micropiles), restroom foundations, building pad and

floor slab preparation, utility trench backfill, exterior flatwork preparation, laboratory testing and special inspection compliance letters.

Prepare an aerial survey of the Castlemont site - Based upon past experience DSA will require an accessible path of travel that meets current CBC regulations and complies with the ADA. Without a current survey we will be unable to assure DSA that appropriate site access is provided. The survey will be turned into a site plan that will be used to show the accessible path of travel from the accessible parking to the new grandstands. Additional or relocated accessible parking may be required by DSA. The survey will locate visible utilities in the areas of the construction. The location of underground utilities will be based upon District-supplied as-built drawings unless the underground utility location services noted below are authorized.

Prepare a ground survey along the path of travel from the accessible parking to the new grandstand – DSA will require that 2% cross slopes are maintained throughout the accessible route. Therefore, the aerial survey will be supplemented by a ground survey along the path of travel and in the areas of new construction to confirm cross slope compliance and to provide an accurate base for the grading and drainage design.

Conduct a utility location study – We are unsure about the size, location and slope of utilities serving the existing restroom buildings. We recommend having an underground utility service investigate the existing underground utilities which will help us decide whether those lines are in good condition and have an adequate slope. Doing this will remove some uncertainty in the bid documents and provide a better set of construction documents.

Pothole utilities in the area of the restrooms – If the existing underground utilities are re-used their exact size and location should be confirmed. Doing this will provide a better set of construction documents and reduce change orders.

In addition to the above additional services we suggest the School District consider the following other services:

Prepare a ground survey along the path of travel from the bus stop to the accessible parking – Should DSA not accept the prior access approvals we will survey a path from the bus stop on MacArthur Boulevard to the accessible parking spaces and design improvements to the path of travel as an additional service. The aerial survey will be supplemented by a ground survey along the path of travel to confirm cross slope compliance and to provide an accurate base for any grading and drainage design.

Design site improvements for the area between the restrooms and the grandstands - We can design hardscape and softscape improvements to the area between the restrooms and grandstands since those areas will be impacted as result of the field, restroom and grandstand construction. This area should be welcoming and provide a gathering space before, during and after sporting events.

Provide stormwater treatment – If the area of impervious surface is increased or if C3 requirements are triggered, then stormwater treatment may be required. This could involve the design of bio-swales or detention basins.

- h. Information concerning available utility services and lines, mechanical and other services, both public and private, above and below grade, including inverts and depths;
- i. Surveys, reports, as-built drawings, record drawings; and
- j. Subsoil data, chemical data, and other data logs of borings.

Consultant shall Visually Verify this information and all existing Project utilities, including capacity, and document the location of existing utility lines, telephone, water, sewage, storm drains and other lines on or around the Project to the extent determinable by the documents provided by the District.

If Consultant determines that the information or documentation the District provides is insufficient for purposes of design, or if Consultant requires: a topographical survey; a geotechnical report; structural, mechanical, and/or chemical tests; tests for air and/or water pollution; test borings; test pits; determinations of soil bearing values; percolation tests; ground corrosion tests; resistivity tests; tests for hazardous materials; tests for anticipating subsoil conditions; and/or other information that the District has not provided, then, at the soonest possible time after Consultant has become aware that this additional information is needed, the Consultant shall request that the District acquire that information. If the Parties mutually agree in writing, this additional information and service shall be procured through the Consultant, who may invoice the District for those services as Extra Services.

- 4. **Technology Backbone.** Consultant shall be responsible for the coordination of the design and the layout of the technology backbone system with the District's technology consultant, and lay out any included technology backbone system. The coordination effort shall include location and routing of raceways, conduits and outlets and the required spaces to accommodate electrical, data and communication wiring. Consultant and Sub-consultant(s) shall prepare and be responsible for documents prepared by the Consultant based on the information provided by the District's technology consultant as appropriate to the level of design completion.
- 5. **District Standards.** Consultant shall incorporate into its work and the work of all Consultants the adopted District standards for facilities and construction including, but not limited to, Material Standards, Design Guidelines, Door Hardware Standards, Fire Alarm Standards, Intrusion Alarm Standards, sole source items and wheelchair lift design.
- 6. **High Performance Schools.** If the District adheres to the Collaborative for High Performance School ("CHPS") Best Practice Standards, the Services provided by the Consultant shall incorporate the CHPS Best Practice Standards and criteria to the extent feasible.
- 7. **Mandatory Assistance.** If a third party dispute or litigation, or both, arises out of, or relates in any way to the Services provided under this Agreement, upon the District's request, the Consultant, its agents, officers, and employees agree to assist in resolving the dispute or litigation. Consultant's assistance includes, but is not limited to, providing professional consultations, attending mediations, arbitrations,

EXHIBIT "E"

INSURANCE REQUIREMENTS

- A. Consultant shall procure, prior to commencement of the Services of this Agreement and maintain for the duration of the Agreement, insurance against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the Services hereunder by the Consultant, his agents, representatives, employees and Sub-consultant(s). Consultant's liabilities, including but not limited to Consultant's indemnity or defense obligations, under this Agreement shall not be deemed limited in any way to the insurance coverage required herein. Maintenance of specified insurance coverage is a material element of this Agreement and Consultant's failure to maintain or renew coverage or to provide evidence coverage or of renewal during the term of this Agreement, as required or when requested, may be treated by the District as a material breach of contract.
- B. **Minimum Scope and Limits of Insurance:** Coverage shall be at least as broad as the following scopes and limits:
1. **Commercial General Liability.** Two million dollars (\$2,000,000) per occurrence for bodily injury, personal injury and property damage. If Commercial General Liability or other form with a general aggregate limit is used, either the general aggregate limit shall apply separately to each project/location or the general aggregate limit shall be twice the required occurrence limit.
 2. **Commercial Automobile Liability, Any Auto.** One million dollars (\$1,000,000) per accident for bodily injury and property damage.
 3. **Workers' Compensation Liability.** For all of the Consultant's employees who are subject to this Agreement and to the extent required by the applicable state or federal law, Consultant shall keep in full force and effect, a Workers' Compensation policy. Consultant shall provide an endorsement that the insurer waives the right of subrogation against the District and its respective elected officials, officers, employees, agents, representatives, consultants, trustees, and volunteers.
 4. **Employers' Liability.** For all of the Consultant's employees who are subject to this Agreement, Consultant shall keep in full force and effect, an Employers' Liability policy. That policy shall provide employers' liability coverage with minimum liability coverage of one million dollars (\$1,000,000) per occurrence. Consultant shall provide an endorsement that the insurer waives the right of subrogation against the District and its respective elected officials, officers, employees, agents, representatives, consultants, trustees, and volunteers.
 5. **Professional Liability.** This insurance shall cover the prime design professional and his/her sub-consultant(s) on a Claims Made basis for two million dollars (\$2,000,000) aggregate limit subject to no more than twenty-five thousand dollars (\$25,000) per claim deductible, coverage to continue through completion of construction plus two (2) years thereafter.
- C. The District reserves the right to modify the limits and coverages described herein.

EXHIBIT "B"

CRITERIA AND BILLING FOR EXTRA SERVICES

The following Extra Services to the Agreement shall be performed by Consultant if needed and if authorized or requested by the District:

- A. Making revisions in drawings, specifications, or other documents when such revisions are required by the enactment or revisions of codes, laws, or regulations subsequent to the preparation of the Conforming Set.
- B. Providing consultation concerning replacement of work damaged by fire or other cause during construction and furnishing services required in connection with replacement of that work.
- C. Providing services made necessary by the default of Contractor(s).
- D. In the absence of a final Certificate of Payment or Notice of Completion, providing services more than ninety (90) days after the date of completion of work by Contractor(s) and after Consultant has completed all of its obligations and tasks under the Agreement.
- E. Providing deliverables or other items in excess of the number indicated in **Exhibit "A."** Before preparing, providing, sending, or invoicing for extra deliverables, Consultant shall inform the District that expected deliverables may be in excess of the number indicated in **Exhibit "A,"** so that the District can procure the additional deliverables itself or direct Consultant to procure the deliverables at the District's expense or on the District's account at a specific vendor.
- F. Providing services as directed by the District that are not part of the Basic Services of this Agreement.
- G. Providing services as an expert and/or witness for the District in any mediation, arbitration, and/or trial in which the Consultant is (1) not a party, and (2) did not in any way cause the dispute that is being adjudicated.
- H. The following rates, which include overhead, administrative cost and profit, shall be utilized in arriving at the fee for Extra Services and shall not be changed for the term of the Agreement. (See Exhibit "A" Attachment for hourly rates)

- I. The mark-up on any approved reimbursable item of Extra Services shall not exceed five percent (5%).

EXHIBIT "C"

SCHEDULE OF SERVICES

- A. Promptly after the execution of this Agreement, Consultant shall prepare and submit for approval to the District a Schedule of Services showing the order in which Consultant proposes to carry out Consultant's Services ("Schedule of Services"). The Schedule of Services shall apply to the completion of all Services listed hereunder within the times established by this Agreement. The Schedule of Services shall be in the form of a progress chart clearly delineating all important increments and review dates. Consultant shall update the Schedule of Services on a monthly basis and deliver two (2) hard copies and one (1) electronic copy to the District along with the monthly billing.
- B. Consultant shall complete Services required under the Development of Architectural Program section within 30 calendar days after written authorization from the District to proceed.
- C. Consultant shall complete Services required under the Schematic Design Phase within 30 calendar days after written authorization from District to proceed.
- D. Consultant shall complete Services required under the Design Development Phase within 30 calendar days after receipt of a written authorization from District to proceed.
- E. Consultant shall complete Services required under Construction Documents Phase within 90 calendar days after written authorization from District to proceed, and as more specifically indicated below. Excluded from this duration is the time associated with the Construction Documents back-check stage.
- | | |
|--|-------------------------|
| 1. 50% Submittal Package | <u>40 calendar days</u> |
| 2. 100% Submittal Package | <u>35 calendar days</u> |
| 3. Final Contract Documents after Final Back-Check Stage | <u>15 calendar days</u> |
- F. The durations stated above include the review periods required by the District and all other regulatory agencies.
- G. Consultant shall complete all other services including construction administration and DSA certification, fulfilling all contractual duties and response timeframes to achieve project close-out by **December 31, 2020**.
- H. All times to complete tasks set forth in this Exhibit are of the essence, as indicated in the Agreement. If delays in the Schedule of Services are incurred as a result of the District's inability to comply with requested meeting schedules, Consultant shall maintain the right to request an adjustment in the Schedule of Services if deemed necessary to meet the deadlines set forth in this Exhibit. If approved, those extensions shall be authorized in writing by the District.

h. Format and Content of Invoices:

Consultant acknowledges that the District requires Consultant's invoices to include detailed explanations of the Services performed. **f**

For example, a six hour charge for "RFIs and CORs" is unacceptable and will not be payable. A more detailed explanation, with specificity, is required. This includes a separate entry for each RFI, PCO, CCD and change order. For example, the following descriptions, in addition to complying with all other terms of this Agreement, would be payable. The times indicated below are just placeholders:

Review RFI 23; review plans and specifications for response to same; prepare responses to same and forward to contractor, district, construction manager, and project inspector.	.8 hours
Review COR 8; review scope of same and plans and specifications for appropriateness of same; prepare draft change order and language for same.	.7 hours
Review COR 11; review scope of same and plans and specifications for appropriateness of same; prepare rejection of COR 11 for review by district, CM, IOR.	1.2 hours

f

D. **Deductibles and Self-Insured Retention:** Consultant shall inform the District in writing if any deductibles or self-insured retention exceeds twenty-five thousand dollars (\$25,000). At the option of the District, either:

1. The District can accept the higher deductible;
2. Consultant's insurer shall reduce or eliminate such deductibles or self-insured retention as respects the District, its officers, officials, employees and volunteers;
or
3. Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration and defense expenses.

DI. **Other Insurance Provisions:** The general liability and automobile liability policies are to contain, or be endorsed to contain, the following provisions:

1. The District, its representatives, consultants, trustees, officers, officials, employees, agents, and volunteers ("Additional Insureds") are to be covered as additional insureds as respects liability arising out of activities performed by or on behalf of the Consultant; Instruments of Service and completed operations of the Consultant; premises owned, occupied or used by the Consultant; or automobiles owned, leased, hired or borrowed by the Consultant. The coverage shall contain no special limitations on the scope of protection afforded to the Additional Insureds.
2. For any claims related to the projects, Consultant's insurance coverage shall be primary insurance as respects the Additional Insureds. Any insurance or self-insurance maintained by the Additional Insureds shall be in excess of Consultant's insurance and shall not contribute with it.
3. Any failure to comply with reporting or other provisions of the policies including breaches of warranties shall not affect coverage provided to the Additional Insureds.
4. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.
5. Each insurance certificate required by this clause shall state that coverage shall not be, canceled, except after thirty (30) days prior written notice by mail, return receipt requested, has been given to the District. Should coverage be reduced in value marakami/Nelson will notify school district that has occurred.

DII. **Acceptability of Insurers:** Insurance is to be placed with insurers admitted in California with a current A.M. Best's rating of no less than A:VII. Architect shall inform the District in writing if any of its insurer(s) have an A.M. Best's rating less than A:VII. At the option of the District, the District may either:

1. Accept the lower rating; or
2. Require Consultant to procure insurance from another insurer.

G. **Verification of Coverage:** Prior to commencing with its provision of Services under this Agreement, Consultant shall furnish District with:

1. Certificates of insurance showing maintenance of the required insurance coverages; and
2. Original endorsements affecting general liability and automobile liability coverage. The endorsements are to be signed by a person authorized by that insurer to bind coverages on its behalf. All endorsements are to be received and approved by the District before Services commence.

AUTHORIZED REPRESENTATIVE

ADDITIONAL COVERAGES BY WRITTEN CONTRACT, AGREEMENT OR PERMIT

This is a summary of the coverage provided under the following form (complete form available):

BUSINESS LIABILITY COVERAGE FORM SS 00 08 04 05**Additional Insured When Required by Written Contract, Written Agreement or Permit**

WHO IS AN INSURED under Section C. is amended to include as an additional insured, but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused, in whole or in part, by your acts or omissions or the acts or omissions of those acting on your behalf:

- (a) In the performance of your ongoing operations;
- (b) In connection with your premises owned by or rented to you; or
- (c) In connection with "your work" and included within the "products completed operations hazard", but only if
 - (i) The written contract or written agreement requires you to provide such coverage to such additional insured; and
 - (ii) This Coverage Part provides coverage for "bodily injury" or "property damage" included within the "products completed operations hazard".

The person(s) or organization(s) are additional insureds when you have agreed, in a written contract, written agreement or because of a permit issued by a state or political subdivision, that such person or organization be added as an additional insured on your policy, provided the injury or damage occurs subsequent to the execution of the contract or agreement, or the issuance of the permit.

A person or organization is an additional insured under the provision only for that period of time required by the contract, agreement or permit.

With respect to the insurance afforded to the additional insured, this insurance does not apply to: "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or failure to render, any professional architectural, engineering or surveying services, including:

- (a) The preparing, approving, or failure to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders, designs or drawings and specification; or
- (b) Supervisory, inspection, architectural or engineering activities.

The limits of insurance that apply to additional insureds are described in Section D. Limits Of Insurance.

How this insurance applies when other insurance is available to an additional insured is described in the Other Insurance Condition in Section E. Liability And Medical Expenses General Conditions.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations.

Other Insurance

If other valid and collectible insurance is available for a loss we cover under this Coverage Part, our obligations are limited as follows:

When You Add Others As An Additional Insured To This Insurance: That is other insurance available to an additional insured. However, the following provisions apply to other insurance available to any person or organization who is an additional insured under this Coverage Part:

- (a) **Primary Insurance When Required By Contract:** This insurance is primary if you have agreed in a written contract, written agreement or permit that this insurance be primary. If other insurance is also primary, we will share with all that other insurance by the method described in c. below.
- (b) **Primary And Non-Contributory To Other Insurance When Required By Contract:** If you have agreed in a written contract, written agreement or permit that this insurance is primary and non-contributory with the additional insured's own insurance, this insurance is primary and we will not seek contribution from that other insurance.

Paragraphs (a) and (b) do not apply to other insurance to which the additional insured has been added as an additional insured.

c. Method Of Sharing

If all the other insurance permits contribution by equal shares, we will follow this method also. Under this approach, each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

Waiver of Subrogation

If you have waived any rights of recovery against any person or organization for all or part of any payment, including Supplementary Payments, we have made under this Coverage Part, we also waive that right, provided you waived your rights of recovery against such person or organization in a contract, agreement or permit that was executed prior to the injury or damage

EXCERPT FROM Hartford Form SS 04 38 09 09**HIRED AUTO AND NON-OWNED AUTO**

B. With respect to the operation of a "non-owned auto", WHO IS AN INSURED is replaced by the following: The following are "insureds":

d. Anyone liable for the conduct of an "insured", but only to the extent of that liability

EXTENDED OPTIONS

1. Employers' Liability Insurance

Item 3.B. of the Information Page is replaced by the following:

B. Employers' Liability Insurance:

1. Part Two of the policy applies to work in each state listed in Item 3.A.

The Limits of Liability under Part Two are the higher of:

Bodily Injury by Accident	\$500,000	Each Accident
Bodily Injury by Disease	\$500,000	Policy Limit
Bodily Injury by Disease	\$500,000	Each Employee

OR

2. The amount shown in the Information Page.

This provision 1 of **EXTENDED OPTIONS** does not apply in New York because the Limits Of Our Liability are unlimited.

In this provision the limits are changed from **\$500,000** to **\$1,000,000** in California.

2. Unintentional Failure to Disclose Hazards

If you unintentionally should fail to disclose all existing hazards at the inception date of your policy, we shall not deny coverage under this policy because of such failure.

3. Waiver of Our Right To Recover From Others

A. We have the right to recover our payments from anyone liable for an injury covered by this policy. We will not enforce our right against any person or organization for whom you perform work under a written contract that requires you to obtain this agreement from us.

This agreement shall not operate directly or indirectly to benefit anyone not named in the agreement.

B. This provision 3. does not apply in the states of Pennsylvania and Utah.

4. Foreign Voluntary Compensation and Employers' Liability Reimbursement

A. How This Reimbursement Applies

This reimbursement provision applies to bodily injury by accident or bodily injury by disease. Bodily injury includes resulting death.

1. The bodily injury must be sustained by an officer or employee.
2. The bodily injury must occur in the course of employment necessary or incidental to work in a country not listed in Exclusion C.1. of this provision.
3. Bodily injury by accident must occur during the policy period.
4. Bodily injury by disease must be caused or aggravated by the conditions of your employment. The officer or employee's last exposure to those conditions of your employment must occur during the policy period.

B. We Will Reimburse

We will reimburse you for all amounts paid by you whether such amounts are:

1. voluntary payments for the benefits that would be required of you if you and your officers or employees were subject to any workers' compensation law of the state of hire of the individual employee.
2. sums to which Part Two (Employers' Liability Insurance) would apply if the Country of Employment were shown in Item 3.A. of the Information Page.

C. Exclusions

This insurance does not cover:

1. any occurrences in the United States, Canada, and any country or jurisdiction which is the subject of trade or economic sanctions imposed by the laws or regulations of the United States of America in effect as of the inception date of this policy.
2. any obligation imposed by a workers' compensation or occupational disease law, or similar law.
3. bodily injury intentionally caused or aggravated by you.
