<b>Background</b>	<i>Many students in the District struggle with reading at an appropriate grade level. Springboard Collaborative was selected as highly qualified responsible bidder following an OUSD competitive RFP process. Springboard Collaborative has a demonstrated track record of decreasing the reading achievement gap by coaching teachers, training family members, and incentivizing learning in OUSD for the past 7 years. Students have averaged 3 months reading growth in 5 weeks' time during this programming for the Summer Learning Program at OUSD. Summer Learning is an important time to address the achievement gap by replacing typical summer learning regression instead with reading growth. In addition to providing services for our students, this program allows parents to grow in their knowledge of providing reading support at home and builds OUSD capacity by providing targeted training to our OUSD teachers in guided reading, phonics instruction, and proper reading assessment administration.</i>

If and when VENDOR's programs and school site(s) change (either midyear or in subsequent years), VENDOR shall promptly update the information in the database.
6. **Confidentiality and Data Privacy.**
  - a. OUSD may share information with VENDOR pursuant to this Agreement in order to further the purposes thereof. The granting of any payment by OUSD, or the receipt thereof by VENDOR, shall in no way lessen the liability of VENDOR to correct unsatisfactory performance of Services, even if the unsatisfactory character of the performance was not apparent or detected at the time a payment was made. If OUSD determines that VENDOR's performance does not conform to the requirements of this Agreement, VENDOR agrees to correct its performance without delay.

## **Background Information**

The Oakland Unified School District (the “District” or “OUSD”) is located in and is approximately coterminous with the City of Oakland, California, located on the east side of the San Francisco Bay, approximately 10 miles from San Francisco. The District’s boundaries also include small portions of the neighboring cities of Emeryville and Alameda.

The Oakland Unified School District (District) operates under a locally-elected seven member Board form of government and provides educational services to grades CDC/Pre-K - Adult. The District operates eighteen (18) child development centers, forty-seven (47) elementary schools, eleven (11) middle schools, ten (10) high schools, five (5) K-8, four (4) K-12, six (6) alternative ed and other programs as well. The District serves approximately 34,700 students. We encourage you to visit our website (<http://www.ousd.org>) for more information about the District.

The District reserves the right to issue other contracts to meet its requirements. Contract award does not preclude the District from using any other service providers for the same contracted services as those secured through this RFP. An underlying principle of this RFP is best value. Best value is determined through a process that evaluates strengths, weaknesses, risks and exemplary customer service.

## **Introduction and Overview**

The District is seeking proposals from qualified organizations (“Organizations,” “Respondents,” “Bidders,” “Proposers” or “Contractors”) to provide TK-5 Literacy intervention services as part of the District’s Summer Learning programming. The services will supplement regular literacy instruction.

Organizations choosing to serve in this role must be financially stable and demonstrate the capacity to leverage other resources in support of summer programming.

Summer Learning brings together certificated teachers and community based enrichment providers to offer a full day of learning. For Summer 2022, OUSD Served 2,400 students TK-4th grade.

The Expanded Learning Office support of summer programming is founded in these local, and national data points:

- Under-resourced children often do not have the same opportunities to learn and

participate in enriching activities during summer, which increases the opportunity gap.

- Utilization of summer learning programs leads to lower violence, higher physical and mental health, improved social skills, and a heightened sense of self.
- When school ends, some students and families struggle to get their basic needs met; summer programming provides meals for students and a safe space to thrive.
- Students can typically lose up to 2 months of reading progress and 2.6 months of math progress over the summer. High-quality Summer Learning programs can turn that potential for loss into an opportunity to accelerate learning.

### **Goals of Summer Learning Programs:**

Rich learning experiences and knowledge development that incorporates:

- Academic intervention to combat summer learning loss.
- Enrichment integration with sports, STEAM and other enrichment activities that allow for acceleration of skills, habits and mindsets.
- Culturally relevant youth development in service of promoting and maintaining joyful schools which builds a culture of affirmation, inclusion and belonging.
- Equity: Programs create opportunity and engagement with our high priority students and their families, including students with disabilities, English language learners, Foster Youth, unhoused youth, and newcomer students.

As we look to Summer 2023, we want summer learning programs to build upon the strategies in early literacy that the school year has already put into place and wish to capitalize on our K-2 Literacy Tutoring strategy which has proven supportive of our [vision for Literacy](#) and connect with our [Superintendent's Strategic Plan Initiative 1: Ensuring Strong Readers by Third Grade](#).

We are looking for organizations that can complement and build off of these strategies rather than offer a new program. We want programs that align with our LCAP goals, our superintendent strategic plan and adopted OUSD Language and Literacy Framework (TK-5).

### **Objectives**

The Summer Learning department is looking to partner with an organization that can help with the vision, coordination and implementation of intervention services across 15 sites, serving up to 2500 students. We are looking for an organization that

can support in the project mgmt aspects of this endeavor as well as engage the district in a cycle of inquiry that includes setting goals, collecting data and reflecting on areas for improvement in future summers. The objectives of this RFP is for 2500 students enrolled in Summer learning programs to have access to a systematic intervention program that pulls these elements together. This program will utilize district employees and incorporate the use of literacy tutors and include special education students.

We want teachers to walk away from their summer experience with even more tools for implementing the district literacy strategy and for students and families to feel empowered and confident that they have gained the skills to move forward more effectively towards the next school year.

We want an organization that can work with and support current OUSD structures and staffing configurations including district principals, teachers, early literacy tutors, and special education support staff.

We want an organization that creates culturally relevant implementation that takes into consideration the engagement and inclusion of African American students, english learners, and students with disabilities.

### **Scope Of Work**

The selected Organization will be responsible for providing programmatic supports for daily literacy intervention services for up to twelve (12) OUSD Summer Learning sites in service of approximately 2500 students, with the opportunity to expand. The intervention services must be offered for 4-6 weeks during the Summer Learning period. The programming must include up to 180 minutes of direct instruction.

The selected Organization must develop and implement a targeted program at each school at the same level of implementation.

The selected Organization must provide strategies and collaborate with the District to effectively recruit and engage a diverse population (English Language Learners, Students with disabilities, Latinx and African American students).

The selected Organization must generally demonstrate and document summer reading growth in terms of months of growth among students served within the intervention window, as measured by pre/post assessment data from District-approved assessment tools including: **DIBELS** (Dynamic Indicators of Basic Early Literacy Skills), **SIPPS**

(Systematic Instruction in Phoneme Awareness, Phonics, and Sight Words), or **i-Ready**

The selected Organization must provide an integrated platform that brings together:

- Targeted instruction
- OUSD Certificated Teacher professional development
- Family engagement
- Home visits
- District aligned pre/post assessments
- Year round wrap around services during after school programming

The selected Organization must utilize District employees to deliver the intervention services.

The selected Organization will provide all elements of the literacy curriculum, professional development, and family engagement curriculum.

The selected Organization will provide year round coordination support to the District to support recruitment of staff and recruitment and enrollment of students into the program.

### **Term of Contract**

Contingent upon funding, the District anticipates the service term to be a maximum of five (5) years, May 2023 - April 2028. Contracts with OUSD are valid on a yearly basis and are renewed annually for up to a five (5) year span.

### **Specific Activities Required (Minimum Qualifications)**

A demonstrable experience in coordinating a summer learning intervention program is strongly preferred, and all Organizations must provide acceptable documents demonstrating three (3) years of experience with school districts in the following areas:

- Successfully running literacy intervention summer learning programming.
- Documented reading growth from participating students utilizing the following District-approved assessment tools: **DIBELS** (Dynamic Indicators of Basic Early Literacy Skills), **SIPPS** (Systematic Instruction in Phoneme Awareness, Phonics, and Sight Words), or **i-Ready**
- Utilizing curriculum in summer learning programs that is aligned with California common core state standards, preferably CDE-approved.
- Effectively developing strategies and collaborating to recruit and engage a diverse population of students (e.g., English Language Learners,

students with disabilities, Latinx and African-American students).

- The Organization should also illustrate specific examples and strategies it has developed that actively engage parents and family members throughout the school year.
- Maintaining collaborative relationships with school site leadership in the development and implementation of a quality summer learning program that supports Districts' and schools' goals.

### **What Are The Outcomes From Provider Services**

We would like to see several outcomes due to these services:

- Increased satisfaction from TK-4 Summer Learning teachers regarding their coaching support and professional development.
- Increased retention of K-2 Literacy Tutors and Teachers
- Increased K-2 Student Achievement in the area of Foundational Reading Skills (specifically Phonological Awareness, Phonics and Sight Word Domains in i-Ready and SIPPS Mastery Test Participation)
- Increased family engagements and partnership around students' literacy goals

### **Why Are Provider Services Needed**

The provider services are needed as we have limited capacity as a district to coordinate and implement the level of curriculum design, coaching support and professional development that our summer teachers and participating students and families deserve and require to continuously improve their practice and deepen their impact during the summer learning session.

By virtue of submitting a proposal, each Bidder confirms that (a) it is agreeable to each and every provision of Attachment 1 – Contract Template and (b) that the District has the absolute right to delete existing and/or to include additional provisions in any resulting contract with a Bidder prior to execution of said contract(s) by the parties. In addition, consistent with Attachment 1 – Contract Template, by virtue of submitting a proposal each Bidder confirms the following:

1. Equal Opportunity – The Bidder must be an Equal Opportunity Employer, and shall be in compliance with the Civil Rights Act of 1964, the State Fair Employment Practice Act, and all other applicable Federal and State laws and regulations relating to equal opportunity employment. It is the policy of OUSD that in connection with all work performed under Contracts there be no discrimination against anyone because of race, color, ancestry, national origin, religious creed, physical disability, medical condition, marital status, sexual orientation, gender, or age; therefore, Bidder agrees to comply with applicable Federal and California laws including, but not limited to, the California Fair Employment and Housing Act beginning with Government Code Section 12900 and Labor Code Section 1735 and OUSD policy. In addition, Bidder agrees to require like compliance by all its subcontractors. Bidder shall not engage in unlawful discrimination in employment on the basis of actual or perceived; race, color, national origin, ancestry, religion, age, marital status, pregnancy, physical or mental disability, medical condition, veteran status, gender, sex or sexual orientation.
2. Errors and Omissions – If a bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, the bidder shall immediately notify the District of such error in writing and request clarification or modification of the document. Modifications will be made by addenda. Such clarification shall be given by written notice to all parties who have been furnished an RFP for bidding purposes, without divulging the source of the request for the same. Insofar as practicable, the District will give such notices to other interested parties, but the District shall not be responsible therefor. If a bidder fails to notify the District, prior to the date fixed for submission of bids, of an error in the RFP known to them, or an error that reasonably should have been known to them, they shall bid at their own risk; and if awarded the contract, the bidder shall not be entitled to additional compensation or time by reason of the error or its later correction. The bidder should carefully examine the entire RFP and addenda thereto, and all related materials and data referenced in the RFP or otherwise available to them, and should become fully aware of the nature and location of the work, the quantities of the work, and the conditions to be encountered in performing the work.
3. Bidder Agreement – In compliance with this RFP, the bidder will propose and agree to furnish all labor, materials, transportation, and services for the work

described and specifications and for the items listed herein. A bid is subject to acceptance at any time within sixty (60) days after opening of the same, unless otherwise stipulated. Bids cannot be corrected or altered after opening by the District.

If the bidder is a partnership, the bid should be signed with the partnership name by one of the partners. If a corporation, with the name of the corporation by an officer authorized to execute a bid on behalf of the corporation.

5. Bidders' Understanding – It is understood and agreed that the bidder has been, by careful examination, satisfied as to the nature and location of the work; the character, quality and quantity of the materials to be provided; the character of equipment and facilities needed preliminary to and during the prosecution of the work; and general and local conditions, and all other matters which can in any way affect the work under the contract. No verbal agreement or conversation with any officer, agent or employee of the District, either before or after the execution of the contract, shall affect or modify any of the contractual terms or obligations.

6. Intent of Specifications – All work that may be called for in the specifications shall be executed and furnished by the successful bidder(s), and should any work or materials be required which is not denoted in the specifications, either directly or indirectly but which is nevertheless necessary for the execution of the contract, the bidder is to understand the same to be implied and required, and shall perform all such work and furnish any such material as fully as if it were particularly delineated or described.

7. Extra Work – No bill or claim for extra work or materials shall be allowed or paid unless the doing of such extra work or the furnishing of such extra materials shall have been authorized in writing by the District's Director of Transportation.

8. Defense, Indemnity & Hold Harmless – Contractor shall indemnify, hold harmless and defend OUSD and each of its officers, officials, employees, volunteers and agents from any loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by OUSD, Contractor or any other person and from any claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Contractor's obligations under the preceding sentence shall apply jointly and severally regardless of whether OUSD or any of its officers, officials, employees, volunteers or agents are actively or passively negligent, but shall not apply to any loss or liability, fines, penalties, forfeitures, costs or damages caused solely by the active negligence or by the willful misconduct of OUSD. If Contractor should subcontract all or any portion of the work or activities to be performed under this MOU, Contractor shall require each subcontractor to indemnify, hold harmless and

defend OUSD, its officers, officials, employees, volunteers or agents in accordance with the terms of the preceding paragraph. Contractor also agrees to hold harmless, indemnify, and defend the District and its elective board, officers, agents, and employees from any and all claims or losses incurred by any supplier, Contractor, or subcontractor furnishing work, services, or materials to Contractor in connection with the performance of this Agreement. This provision survives termination of this Agreement.

9. Disposition of Proposals – All materials submitted in response to this RFP will become the property of the District, and will be returned only at the District's option and at the bidder's expense. The original copy shall be retained for official files and will become a public record after the date and time for final bid submission as specified.

10. Terms of the Offer – The District's acceptance of Bidder's offer shall be limited to the terms herein unless expressly agreed in writing by the District. Proposals offering terms other than those shown herein will be declared non-responsive and will not be considered.

## Cover Letter

To Whom It May Concern:

Springboard Collaborative is excited for the opportunity to provide high-quality literacy programs to students in grades TK-4 in Oakland Unified School District because of our deep history with the district and our shared values and alignment in driving student reading growth and combatting learning loss. Springboard's intensive literacy programs maximize student and family engagement and accelerate learning to support students in reading on grade level. Students become stronger readers by receiving rigorous literacy instruction in a joyful and engaging environment. Our results reflect this:

In the summer of 2022, students who participated in our 5-week intensive programming averaged **3.2 months of reading growth as measured by DIBELS, which was more than 2x the expected growth**. Springboard Collaborative has the experience and expertise necessary to deliver high-quality summer literacy programming to students across OUSD.

Founded in 2012, Springboard Collaborative closes the literacy gap by closing the gap between home and school. We coach educators and family members to help kids learn to read by 4th grade. Our literacy tutoring programs are 4-6 week summer engagements that combine personalized instruction for students in grades TK-4, workshops that support parents in teaching reading at home, and professional development for teachers.

Springboard served over 21,000 students in 2022 alone, serving students and families across the country, including partnerships with Oakland, Fresno, Los Angeles, Alum Rock, and San Francisco. Springboard serves those most disproportionately impacted by academic achievement gaps—namely TK-4th grade students from low-income households who are behind in reading. The vast majority of our partner schools receive Title I funding, and 96% of students who reported their race identify as people of color. We know these students face the greatest disparity in academic achievement and we are excited for the opportunity to support OUSD students in reading on grade level by 4th grade.

Sincerely,

A handwritten signature in blue ink that reads "Andrew Karas".

## Scope of Services

### 1) School Relationships

#### a) Springboard's experience partnering with Oakland Schools.

Founded in Philadelphia in 2012, Springboard Collaborative expanded to the west coast in 2015 with Oakland Unified School District as our founding partner. In 2016, a Harvard researcher led a comparative, multi-year study in OUSD and found that Springboard was the district's most effective and cost-effective investment in literacy. Springboard Collaborative has now partnered with OUSD for over 7 years, providing high-quality summer literacy programming and serving roughly 1,500 students and families annually. Last summer, Springboard worked with multiple elementary schools in the district including Acorn Woodland, Bella Vista, Burkhalter, Garfield, Hoover, La Escuelita, Laurel, Lockwood, Madison, REACH, and Sankofa. The following paragraph summarizes recent program results from the past few years.

In 2019, OUSD students who participated in Springboard's summer literacy program achieved an average reading gain of 3.9 months in just 5 weeks, and 83.1% of students met or exceeded their growth goal. In 2021, over 900 OUSD students and families participated in Springboard's summer program. According to assessment data, 86% of students increased their reading proficiency and the average student reading gain was 2.8 months. Springboard served over 1,700 students throughout 2022. DIBELS results from summer 2022 show that K-3rd grade students who were tested on Nonsense Word Fluency (NWF) reported an average reading achievement equivalent to 2.3 months of reading growth in decoding words based on alphabetic principle. We expect to serve a similar number of students throughout 2023.

In addition to strong reading results, teachers, students, and family members that participate in our programming share glowing reviews:

- "I appreciate SB for giving us confidence to help my child read at home with every reading tip. I've noticed that she has now started to pick up the book to read by herself." - *Springboard parent at REACH Academy*
- "I have learned how to sound out words which has helped me to read!" - *Springboard student at Laurel Elementary*
- "This program offers a wonderful opportunity for school and family to collaborate in a very immediate way. The students really benefited from our partnership." - *Springboard teacher in Oakland*

### 2) Professional Development

#### a) Springboard's experience implementing summer literacy programs.

Springboard Collaborative has been implementing summer literacy programs for students, families and educators for over 10 years. In 2015, we launched our first partnership in California with Oakland Unified. Since then, Springboard has built a strong presence in California through our partnerships in Fresno and the Bay Area, as well as through a recent partnership with Los Angeles Unified, which allows us to reach thousands more students and families across the

state. The following examples highlight Springboard's extensive experience implementing summer literacy programs in California and across the country:

***Fresno Unified School District, CA (FUSD)***

Springboard's partnership with Fresno Unified began in 2018. In summer 2018, FUSD and Springboard implemented a 5-week summer literacy program to serve roughly 200 TK-4th grade students as part of the African-American Academic Acceleration (A4) Initiative. The partnership yielded 4.9 months of reading gains with 82.6% of students meeting their reading growth goal. Weekly family literacy workshops yielded an 87% attendance rate. These gains outpaced Springboard averages across the country that summer.

In 2020, Springboard served 450 students in the spring and 735 students in the summer. With a total of 37,311 books read/listened to, FUSD participants beat the Springboard national averages for every grade level for that metric. Family workshop attendance during this time averaged 92%. During summer 2021, 267 students and their families participated in Springboard programming. Family engagement was at an all-time high: 100% of families completed a team-building huddle and family workshop attendance averaged 98%.

Starting in summer 2022, Springboard collaborated with A4 and Expanded Learning to create a unique program model aligned with FUSD's vision of a 3-week summer academic program. In summer 2022, 93% of students in Springboard's Expanded Learning program met or exceeded their reading growth goals.

***Los Angeles Unified School District, CA***

Springboard has grown our partnership with LAUSD over the past 3 years, beginning with a summer pilot in 2020, expanding our local presence through partnerships with local institutions (e.g., LA County Office of Education) in spring 2021, and returning to district summer programming in 2021. At a time of year when many students' skill sets atrophy due to lack of practice and instruction, 70% of LAUSD students in summer 2021 increased their reading proficiency as a result of participating in our program.

In 2022, LAUSD approved a 3-year partnership with Springboard to serve tens of thousands of students in 2022-24. In our first year of partnership, we served 4,809 students across LAUSD. Students participating in our recently completed fall program achieved an average of 3.3 months of reading growth with 94% of students increasing their proficiency. Impressively 90% of students met the attendance minimum, a standard by which we gauge students benefiting from participation. We anticipate serving an additional 5,000+ students by September 2023.

***San Francisco Unified School District, CA***

San Francisco Unified School District (SFUSD) first partnered with Springboard in 2018. Since then, we've continued to serve hundreds of students across the city each year. In summer 2021,

SFUSD students who participated in Springboard’s program achieved 3.3 months of reading growth in just 5 weeks!

In 2022, over 1,700 students participated in Springboard programming throughout the year, averaging 3.3 months growth across 5-10 week sessions. Families also engaged with our programming at record rates. Our workshops had an average attendance rate of 78%. In post-program survey responses, 96% of families strongly agreed that their family reading routine improved after participating in Springboard programming. And teachers, the backbone of our programming, continue to give us high scores on post-programming surveys with 77% saying they grew as teachers during Springboard.

### **External evaluation**

Springboard’s summer program was evaluated and named an evidence-based intervention under ESSA Tier II – *Moderate Evidence* following a 2019 external evaluation conducted by McClanahan Associates and impactED. This study revealed that Springboard’s intensive summer programming had a statistically significant, positive impact on student literacy, and there were no strong negative findings.

The evaluation included reading growth goal achievement data from more than 600 participants across 5 school districts and charter networks. High-level findings from the study include: 1) Across all grades, students who participated in Springboard’s program showed improvement on their reading assessment score between the end of the school year before Springboard to the start of the following school year. The largest gains were for students who started below grade level; and 2) Springboard students showed larger improvements in reading scores when compared to similar students who did not participate.

### **Staff training**

Springboard Collaborative knows that when teachers grow, students grow. That’s why we invest in the professional development of each Springboard teacher and leader. Teachers receive up to 16 hours of professional development and coaching before and during programming. Local Springboard leaders provide individualized coaching based on teachers' personal goals and group coaching in Professional Learning Communities. Our Springboard Professional Development team provides ongoing professional development.

Springboard's professional development is based on the belief that the best way to learn how to do something is to do it. So we don’t just tell teachers how to engage families. Our programs give teachers the tools they need to effectively engage families and the time they need to reflect on their experience, leading to increased family engagement and partnership around students’ literacy goals.

We provide teachers with a literacy curriculum that helps them use the best practices in literacy instruction and the training they need to internalize them, specifically increasing their

knowledge of Phonological Awareness, Phonics, and Sight Word Domains. The following table outlines the baseline of required professional development for teachers involved in Springboard programming:

Professional Development for Teachers	
Course and length	Description
<b>Connect Module</b> <i>Asynchronous - 30 minutes</i>	Self-paced module that helps staff learn how to use Connect, our online database platform
<b>Springboard Orientation</b> <i>In-person - 2 hours</i>	Introduces programming resources, navigate lesson plans and learn how to administer DIBELS
<b>Springboard Literacy Practices I</b> <i>In-person - 2 hours</i>	Discusses Springboard’s approach to instruction and explains our Reading Readiness & Phonics curriculum, including how to find lesson materials.
<b>Springboard Literacy Practices II</b> <i>In-person or virtual - 2 hours</i>	Introduces teachers to our Shared Reading, Read Aloud, Writing, and Small Groups with Stations curriculum; this includes time to access resources and review instructional materials.

<b>Welcome Back to Springboard</b> <i>Virtual - 1 hour</i>	Reviews components of FELA journey and how to implement with fidelity and discusses updates to Summer program

Springboard Collaborative’s professional development for teachers directly connects to the Outcomes From Provider Services listed on page 8 of the RFP:

- Increased satisfaction from TK-4 Summer Learning teachers regarding their coaching support and professional development; and
- Increased retention of K-2 Literacy Tutors and Teachers

We measure teacher satisfaction and engagement with our program following each session. Data from our summer 2022 teacher survey showed that teachers were satisfied with the professional development and coaching they received from Program leaders, with 83% of respondents agreeing or strongly agreeing that they developed as a teacher. Satisfaction with professional development and learning opportunities also directly relates to job satisfaction and retention.

Teachers with more years of teaching experience noted how working with Springboard was a great experience to continue their development as an educator. Less experienced teachers

enjoyed learning more about the program. Said one Springboard teacher, “Springboard has been one of my greatest teaching experiences.”

Teachers also stated that they saw their students grow as they read and become more confident in their ability to continue their reading growth after programming ended. Said one Springboard teacher, “All the lesson plans we had helped our students get a better understanding of the sounds and the words. Many of them have gotten better at reading.”

One area teachers enjoyed about the program was the opportunity to work with students and families and strengthen their chances to communicate about the students’ reading goals and growth throughout the program. Said one Springboard teacher, “Engaging families around learning goals for reading proved to be an effective strategy in developing a partnership and collaborative efforts to promote student achievement.”

### **How Springboard partners with current school teams**

Similar to the ways in which Springboard communicates with families, we also communicate with our school and district staff on student progress, information, and resources at every step of our program. We are a matrixed organization that has multiple full-time and seasonal staff at the school and district level to ensure strong communication and alignment.

With our long history and roots in Oakland, Springboard has a very customized approach to working with OUSD and individual schools. At the district level, Springboard stays abreast of OUSD literacy and family engagement initiatives and uses that information to ensure that our programs are aligned. Specifically, Springboard aligns our support with the OUSD’s vision for Literacy and with the Superintendent’s Strategic Plan Initiative 1: Ensuring Strong Readers by Third Grade. We strive for all of our students to not only make reading gains, but also develop a joyful curiosity and a love of reading.

From there we work closely with both the Expanded Learning and literacy teams to further support specific initiatives such as SIPPS implementation, literacy tutors, and integrated summer programming. Our Senior Director of Partner Success, Desiree Caliguiran Marks, has a long history of working with Oakland and carefully designs and customizes each program so that it is implemented with enough fidelity to drive impact but also meets the unique needs of young learners in Oakland.

In order to ensure the program execution proceeds smoothly, Springboard works with school sites to identify a Program Leader who will serve as the liaison between the school’s leadership team, the tutor staff, and Springboard. Program Leaders lead the Springboard program at each school by coaching teachers, partnering with family members, and driving student reading growth. The Program Leader is responsible for supporting instruction and ensuring that best practices in literacy are being implemented.

In addition to the Program Leader, each school partner will be assigned a Springboard Program Director who will serve as their dedicated coach and Springboard point of contact for the duration of the engagement. Yareni Carrasco is the current Program Director assigned to this potential partnership. These staff members are responsive to outreach within 24 working hours and will check in with school teams at least once per week.

We are particularly mindful not to play the role of outsider swooping into a school to implement a top-down, outside-in intervention. Instead, our focus is on building capacity within schools by helping them to better leverage the people and assets who are already a part of the fabric of their school communities. This means regularly soliciting feedback from and responding to the concerns of partners by adopting interventions that best fit their needs--not ours. Ultimately, we take a consultative approach to our engagements: Program Directors are able to draw upon years of experience and a strong evidence base to support partners in implementing the model with fidelity, while at the same time ensuring it is tailored to the unique needs of each partner community.

### **3) Program Quality--Instructional core**

#### **a) Early literacy components and strategies how we Springboard will monitor for success.**

Springboard has developed a comprehensive solution to children's language and literacy development that aligns to best practices in early literacy and hinges on two primary beliefs: 1) Effective classroom literacy instruction involves teaching to standards-based objectives using evidence-based practices and strategies; and 2) Engaging families in their children's language and literacy development is vital to improving student achievement.

Springboard uses a proprietary curriculum that combines classroom literacy curriculum with a customizable at-home family curriculum. Our offerings embrace a philosophy of partnership where stakeholders share agency and responsibility. Springboard's approach to foundation skills for early literacy instruction follows an explicit and systematic scope and sequence of skills informed by evidenced-based research. This ensures skills and concepts are built upon a continuum from simple to more complex sound and letter connections. We assess students and use this diagnostic information to differentiate instruction.

Springboard programming promotes instruction in code-based aspects of reading (e.g., phonemic awareness, alphabet knowledge, letter-sound association, fluency in word recognition) and meaning-based aspects of reading (e.g., vocabulary, background knowledge, comprehension). Our curriculum explicitly incorporates recommendations from the National Reading Panel (NRP) and aligns with the Science of Reading.

Springboard measures the quality of our program's tutoring services using three key metrics: 1) student reading growth, 2) family member engagement, and 3) teacher development. Following each program, Springboard will share an impact report at the school and district level that shows growth and effectiveness aligned to our three key metrics. Springboard has a team of

data and reading experts responsible for compiling, analyzing, and reporting on all of our program data to ensure data consistency and accuracy. Included below are sample metrics; however, we like to work alongside our partners to create specific metrics that align to their unique context and need.

1. **Student Reading Growth** - Student reading growth is the primary metric through which we gauge impact. Schools assess at the beginning and end of programming to measure reading growth. Springboard provides a report that shows reading growth by grade. In some programs, we also track books read, minutes read, and reading goals.
2. **Family Engagement** - Parents and families learn how to be effective home literacy coaches. We track weekly attendance at family workshops and use family participation as an indication of the value families saw in our program and as a predictor of impact. Families also participate in an end-of-program survey.
3. **Teacher Development** - Teachers receive training on a variety of technical and strategic topics (e.g., how to differentiate instruction, early literacy best practices, and improving communication with families) and participate in weekly PLCs led by a Program Leader. We measure teacher professional growth through teacher surveys to gauge the value and efficacy of the program.

**b) Literacy program design, including:**

*(1) Teacher/Staff training scope and sequence*

Please see "Staff training" in section (2a) above.

*(2) Overview of instructional design model*

Springboard's recipe for impact is a method we call the [Family-Educator Learning Accelerator \(FELA\)](#), which consists of equal parts literacy curriculum and instruction, teacher professional learning, and family engagement. During Springboard programming, family members, students, and teachers team up to support student reading growth as part of the FELA method. This methodology measurably improves academic outcomes while strengthening family-educator relationships, student literacy, and family engagement practices. The FELA has 5 essential steps:

1. **Build a team (student, teacher, and family member):** Prior to programming, teachers lead a family-educator huddle with each student and family member to build relational trust. Teachers typically work with approximately 15 students in need of academic support.
2. **Set a goal:** Springboard partners use existing assessment data or administer a research-based assessment, DIBELS, to understand each student's individual needs and baseline and set an ambitious, but achievable goal for the program cycle.
3. **Practice** - Students practice with their teachers during the program, receiving between 30 minutes to 180 minutes of daily literacy instruction. Families and students practice together at up to 5 workshops throughout programming, and students practice at home for at least 15 minutes each day.

4. **Assess growth:** At the end of the cycle, teachers readminister an assessment to measure student's progress relative to their goals.
5. **Celebrate progress:** The FELA concludes with a celebration. This helps students, families, and teachers crystallize lasting habits. Teachers distribute educational incentives - including school supplies, backpacks, and tablets - during a capstone celebration.

### *(3) Overall scope and sequence*

Springboard Collaborative provides all of our school partners with a comprehensive scope and sequence, including all scripted lesson plans for educators. [Click here to see a full scope and sequence that also includes links to sample lesson plans](#). We have also included a copy of this document in this proposal packet.

### *(4) Sample lesson plans describing 180 minutes of daily instruction*

The following links include a sample lesson and teacher lesson guide for Reading Readiness and Phonics, PR Level (Pre-Reading), Unit 2, Lesson 2. We have included the URLs below as well as attached the documents to this proposal packet.

- [Curriculum implementation guide](#)

The following is a sample summer schedule for a Kindergarten class that includes 180 minutes of daily instruction:

- **8:00-8:30 - Teacher Prep Time**
- **8:30-8:45 - Breakfast** - Providing some breakfast, even if it's a granola bar, can set students up for success.
- **8:45-9:00 - Daily Message** - Allow 15 minutes to cultivate a positive classroom culture, make announcements, celebrate success, take attendance, etc. Provides instruction with an explicit focus on academic vocabulary development, social-emotional learning, and collaborative discussion; students learn from their own and others' stories.
- **9:00-9:30 - Reading Readiness and Phonics or SIPPS curriculum** - Focus is highest first thing in the morning in most classrooms; prioritize intensive, interactive decoding instruction. Provides instruction with an explicit focus on phonemic awareness, letter formation, and articulation. Students strengthen early literacy skills through sound-letter connections. Phonics provides an explicit focus on orthographic mapping of sounds; students increase their ability to read more words with automaticity and accuracy.
- **9:30-10:00 - Read Aloud** - This cozy, interactive read aloud is focused on additional comprehension instruction. Provides instruction with an explicit focus on interactive read alouds to provide opportunities for student discussion. Students read and learn from texts that are both complex per grade-level standards and align to a compelling topic that will help students build word and world knowledge.

- **10:00-10:30 - Writing** - Students have been reading a lot; it's time to switch from input to output. It's their turn to become authors! Provides instruction with an explicit focus on the writing process for multiple genres. Students apply their thinking and learning from complex text through writing.
- **10:30-10:45 - Recess**
- **10:45-11:15 - Shared Reading** - Build on Reading Readiness and Phonics instruction by providing students reinforcement of phonics skills through the rereading of texts (used during Reading Readiness and Phonics) to build fluency. Lessons are focused on improving children's fluency and comprehension skills, and can be a great time for teachers to address misconceptions they may have seen. Students build their automaticity, accuracy, and intonation skills.
- **11:15-11:30 - Small Groups with Stations** - After coming back inside, use that high energy and channel it toward small group literacy instruction and student-led, independent stations and centers. A reteach or additional practice for "Reading Readiness and Phonics," for example, could be provided to small groups during this time.
- **11:30-12:00 - Lunch/Recess**
- **12:00-12:15 - Small Groups with Stations** - After coming back inside, use that high energy and channel it toward small group literacy instruction and student-led, independent stations and centers. A reteach or additional practice for "Reading Readiness and Phonics," for example, could be provided to small groups during this time.
- **12:15-12:30 - Dismissal** - This may be the end of the day or activity, or time to transition to an afternoon enrichment program, depending on your site.

#### *(5) List of curriculum (publishers/titles)*

Springboard Collaborative provides proprietary curricula aligned to the California Common Core State Standards and the Science of Reading including: Reading Readiness and Phonics, Daily Message, Read Alouds, Shared Reading, Writing, and Small-Groups with Stations. We also support our partners in implementing their own chosen curricula, including SIPPS.

## **4) Family Engagement**

### **a) Family engagement plan**

#### *(1) training modules scope and sequence*

Springboard's summer literacy programming is anchored on two core elements: 1) supporting students in reading on grade level in a joyful and engaging environment, and 2) supporting families to be involved in their students' reading journey through building powerful home-school partnerships. Family workshops are a critical component of both of these.

During family workshops, families learn and practice reading tips alongside their student. Each reading tip teaches adults how to read with their child purposefully and ask questions as they support their child to understand what they read, figure out new words, read more fluently, and engage with the reading process. These reading tips are bite-sized and actionable. Families use the reading tips in the workshop with support from the teacher and receive a tip sheet that

summarizes what they've learned. Families leave workshops motivated to increase at-home reading time and confident they can effectively help their struggling readers.

Family workshops are also a time for educators and families to check in about reading goals and student progress. Throughout the program, 45-60 minute family workshops become a crucial touch point for adults to form a literacy partnership. Educators need to know how students are using their reading skills at home, and families need to know the strategies they can use to double the literacy efforts of the classroom and catapult their child toward reading growth. These more formal "academic exchanges" have been shown to increase reading gains.

Family workshops support families regardless of their reading level or English language proficiency. The highly scaffolded teacher-facing materials help educators differentiate family workshops for the variety of experiences and expertises that families embody. Any caring adult or family member is welcome to attend family workshops with a student.

Springboard family workshops are different from literacy nights or a parent training event because they work as a cohesive series. We systematically build families' capacity as at-home reading coaches and promote confidence in their ability to advocate for their child. While each family workshop is different, the learning outcomes for families are the same: to learn and practice a reading tip directly tied to a reading skill and to internalize questions they can ask to support their child in developing four key reading skills.

Springboard family workshops benefit school communities in three ways:

1. **Workshops increase reading time for students** by training and equipping family members to be effective reading coaches, delivering one-on-one literacy support at home (where children spend 75% of their waking hours).
2. **Workshops strengthen academic partnerships** by giving educators and families a structure to check-in, one-on-one about each student's reading.
3. **Workshops build a culture of family engagement** by infusing your school community with an energetic, academic-focused activity that both educators and families love!

Family workshops generally last between 45-60 minutes and follow a four-part structure.

1. **Welcome:** To start off, the group shares and gets to know one another and the facilitator orients everyone toward the purpose of the family workshops.
2. **Reading tip:** Facilitators explain and model the reading tip, and provide guided practice. Showing families the reading tip in action, rather than just telling them about a reading strategy, is crucial to the success of a family workshop.
3. **Practice time:** Next, family members practice reading together using the reading tip. During this time, the facilitator is circulating to check in with families, providing feedback, or discussing the student's reading at home.

4. **Reflection:** In the final block of time, facilitators encourage group reflection and gather feedback from families.

High-quality family workshops begin with high-quality materials. We've created slide decks, workshop guides, reading tips sheets, and a feedback form to accompany each family workshop. All of our other family-facing materials are available in English, Spanish, Chinese, Haitian-Creole, Portuguese, Arabic, Vietnamese, and Amharic. A limited library of resources is also available in Urdu, Bengali, and Somali. In each workshop guide (and in the "Notes" feature of the slide deck), teachers can find specific ideas for differentiating the content of each workshop, including guidance for ELL families and for adapting the content for higher or lower grades and in a virtual context. In the end, however, we trust that partners know their families and students, and we encourage teachers to adapt the editable family workshops materials in a way that best serves their students.

## Program Accountability, Program Plans and Results, Staffing, Experience and Performance

### 1) Agency Capacity

#### a) Springboard's experience and capacity to work with multiple schools.

Springboard Collaborative has the experience and capacity to work with multiple schools in the district, up to 15 sites and 2500 students as needed. As highlighted above, Springboard has over 10 years of experience serving large-scale partners across the country, including serving roughly 1,500 students annually in Oakland over multiple years, and serving over 4,800 students across Los Angeles Unified in 2022. We are adept at scaling our programming to meet the needs of our partners.

#### b) Student/Staff recruitment and enrollment strategy

##### (1) Timeline for outreach

Springboard's school partners know which students and families would most benefit from our programming, often using existing literacy assessments to support identification. Families then decide whether to enroll in Springboard through their child's school. To support this recruitment effort, Springboard provides training and resources to schools on student and family recruitment. Sometimes this will include hiring a member of the school community to serve as each site's Enrollment Coordinator (EC). ECs ensure that targeted students and families receive the information they need to make an informed enrollment decision.

Springboard works alongside our school and district partners to recruit, hire, and train qualified teachers and seasonal staff who are already embedded within the school community. This builds capacity, as they can continue to leverage the skills and training they receive during Springboard programming long after the program ends. Springboard also provides recruitment materials and support, including providing draft teacher job descriptions aligned with the specific program being offered in the district, and hosting info sessions for school leaders to aid in teacher recruitment.

Below is a sample schedule that includes approximate planning dates for student and teacher recruitment, registration and professional development all prior to program implementation:

Milestone	Approximate Date(s)	Details
District planning meetings	March-April	<b>Planning:</b> we begin planning early to ensure strong alignment.
Principal planning meeting	Early April	<b>Recruitment &amp; Planning:</b> we engage school site leaders early to ensure strong outcomes.

<b>Identify and register teachers</b>	<i>Mid-May</i>	<b>Recruitment:</b> determine students/teachers are a good fit for Springboard, then recruit and register them.
<b>Enroll students</b>	<i>By June 5</i>	
<b>Professional development</b>	<i>May</i>	<b>Training:</b> educators receive training on Springboard programming, literacy instruction, and family engagement.
<b>Programming</b>	<i>June 5 - July 7</i>	<b>Instruction:</b> students receive daily literacy instruction.

(2) Sample recruitment publications for staff, students, and families

The screenshot below is an example of our online student enrollment form that families can translate into different languages. We also offer paper enrollment forms if districts prefer.

Springboard also provides sample job descriptions for teachers, Program Leaders, and other seasonal staff to support hiring efforts. See below for sample language from a Program Leader job description:

Partners can decide the daily and weekly dosage aligned to their school schedule.

### 2) Program Accountability

#### a) Key personnel

#### **Teresa Arriaga** - Executive Director - California

As an Executive Director, Teresa is charged with managing relationships with district partners, establishing new partnerships, ensuring partner satisfaction and program success, and fundraising to supplement district costs associated with program implementation from California to Colorado. Teresa was a Coro

Fellow in Public Affairs and holds a Masters degree in Public Administration. She has devoted her career to moving the needle on educational equity. Teresa spent nearly a decade at the University of California, Berkeley where she led the Early Academic Outreach Program, and has invested many years at grassroots youth development organizations in San Francisco. Prior to joining Springboard, Teresa focused on increasing school-family collaboration as the Executive Director of Parents for Public Schools of San Francisco.

**Desiree Caliguiran Marks** - *Senior Director of Partner Success - California*

Desiree supports our Springboard team and district partners to design a program that best meets the needs of students, families, and educators. She began her career as a special education teacher in the Bronx (2008-11). Next, she transitioned into the nonprofit world, where she worked to design and implement programs that maximize out-of-school time for students and families. She has trained staff and led teams to strengthen academic intervention, case management, STEM and literacy exposure, social-emotional learning, and family engagement. She earned her Bachelor's degree in Psychology from San Jose State University and her Master's degree in Urban Education from Mercy College.

**Yareni Carrasco** - *Program Director*

As a Program Director, Yareni works directly with our Springboard school and district partners in planning, implementing, and evaluating programming, including Oakland Unified, Alum Rock, and Los Angeles Unified. Yareni will support OUSD principals and Program Leaders with implementing programming and ensuring its success. Before joining the Springboard team full-time in 2020, Yareni worked seasonally to support Springboard programming in the Bay Area, filling roles of Operations Lead, Site Leader, Operations Manager, and Program Manager. She has over 9 years of experience in youth development and community engagement experience.

**Mariya Del Rio** - *Project Manager, Contracts*

Mariya believes in the importance of equity vs. equality and that every student should have access to their own tailored needs, especially in education. Since graduating with a B.A. in Sociology, Mariya has spent her time in education in various capacities ranging from an After School Program Instructor to an Associate Dean. Working in urban communities and observing behavior trends, she made the connection that a contributing factor to behavior is avoidance, often due to a lack of literary skills, which uplifts the appreciation for Springboard Collaborative's Mission.

**Thiago Lima** - *Director of Professional Development - California*

As Springboard's Director of Professional Development, Thiago is responsible for creating differentiated professional development experiences for partners

that drive impact in student reading growth and family engagement. Thiago's career in education began as a middle school teacher in San Francisco and the greater Boston area. Most recently, he worked on Teach for America's program staff where he coached teachers and created professional development training on instructional strategies, curriculum, and DEI topics. Thiago holds a Bachelor's degree from Tufts University and a Master's degree in Curriculum and Teaching from Boston University.

### 3) Data Sharing and Monitoring

#### a) How Springboard will utilize data to monitor the success of the program.

As mentioned above, Springboard measures the quality of our program's tutoring services using three key metrics: 1) student reading growth, 2) family member engagement, and 3) teacher development. Following each program, Springboard will share an impact report at the school and district level that shows growth and effectiveness aligned to our three key metrics. Springboard has a team of data and reading experts responsible for compiling, analyzing, and reporting on all of our program data to ensure data consistency and accuracy. Included below are sample metrics; however, we like to work alongside our partners to create specific metrics that align to their unique context and need.

1. **Student Reading Growth** - Student reading growth is the primary metric through which we gauge impact. Schools assess using DIBELS at the beginning and end of programming to measure reading growth. Springboard provides a report that shows reading growth by grade. In some programs, we also track books read, minutes read, and reading goals.
2. **Family Engagement** - Parents and families learn how to be effective home literacy coaches. We track weekly attendance at family workshops and use family participation as an indication of the value families saw in our program and as a predictor of impact. Families also participate in an end-of-program survey.
3. **Teacher Development** - Teachers receive training on a variety of technical and strategic topics (e.g., how to differentiate instruction and improve communication with parents) and participate in weekly PLCs led by a Program Leader. We measure teacher professional growth through teacher surveys to gauge the value and efficacy of the program.

### 4) Experience and Performance

#### a) Assessment reports showcasing track record of reading growth.

Springboard Collaborative has a long track record of driving reading growth of 2.9 months of growth and more with our partners across the country, including in OUSD. Please see the attached impact reports to highlight this success from summer 2022 from three of our Oakland school partners as measured by DIBELS 8th edition:

- **Laurel Elementary:** Kindergarten through 3rd grade students who were tested on Nonsense Word Fluency (NWF) reported an average reading achievement equivalent to 2.9 months of reading growth in decoding words based on alphabetic principle.

- **Garfield Elementary:** Kindergarten through 3rd grade students who were tested on Nonsense Word Fluency (NWF) reported an average reading achievement equivalent to 3.3 months of reading growth in decoding words based on alphabetic principle. Additionally, 4th grade students who were tested on Oral Reading Fluency (ORF) reported an average reading achievement equivalent to 5.4 months of reading growth in fluency of reading connected text.
- **Lockwood Elementary:** TK through 3rd grade students who were tested on Nonsense Word Fluency (NWF) reported an average reading achievement equivalent to 3.1 months of reading growth in decoding words based on alphabetic principle.

Additionally, our summer 2022 data shows that students who participated in our 5-week intensive programming averaged 3.2 months of reading growth as measured by DIBELS, which was more than 2x the expected growth. Springboard serves all Title 1 students and 96% of students who reported identify as students of color.

We have many additional examples of our success in achieving at least 2.9 months of growth as measured by DIBELS, including summer 2022 results from Los Angeles Unified that shows students who were tested on Oral Reading Fluency (ORF) achievement an average of 4 months of reading growth in fluency of reading connected text.

**b) Attendance records at summer learning programs in the past 3 years.**

In addition to our track record of strong reading growth, Springboard also consistently achieves student attendance rates of 85% or higher at our summer learning programs. The following OUSD sites from summer 2022 achieved this high average attendance:

- **Laurel Elementary:** Average instructional attendance was 85%
- **Garfield Elementary:** Average instructional attendance was 86%
- **Lockwood Elementary:** Average instructional attendance was 89%

Other examples from 2022 include: San Francisco USD's summer 2022 program averaged 87% student attendance and Fresno USD's summer 2022 program averaged 85% student attendance. In 2021, Springboard's summer program with Alum Rock averaged 86% student attendance and in 2020, Springboard's summer program with Oakland Unified was 79% (lower attendance rates attributable to the COVID-19 pandemic).

#### Springboard history

Founded in Philadelphia in 2012, Springboard Collaborative has been serving students, families and educators for 10 years. Over those 10 years we have served more than 65,000 students across 20 states. We launched our first partnership in California with Oakland Unified in 2015. Since then, Springboard has built a strong presence in California through partnerships in Fresno and the Bay Area, as well as through a recent partnership with Los Angeles Unified, which allows us to reach thousands more students and families across the state. Springboard Collaborative is a national 501c3 nonprofit with 134 full-time employees.

Springboard Collaborative is primarily a remote organization, serving students, families, and educators across the country. However, we have ~10 staff members who live in California, including executive director Teresa Arriaga who is located in the Bay Area. The team assigned to support OUSD is predominantly local.

#### Viability

Springboard Collaborative maintains strong financial stability and viability as we continue to grow and serve more students across the country through a combination of fee-for-service revenue and philanthropy. Springboard's FY23-25 strategic plan calls for the organization to grow our impact from 20,000 to 200,000 students served annually over the next decade. To resource this ambitious plan, we've launched a \$30 million fundraising campaign that will support investments in 1) people capacity; 2) technology, program improvements, and innovation; and 3) program subsidies where most needed.

Springboard closed 2022 with our highest net income in organizational history (~\$8.5 million). This was primarily due to an extraordinary \$10 million gift from philanthropist MacKenzie Scott, which will be deployed for non-recurring investments that support our long-term goals of scalability and sustainability. In addition, Springboard continues to have successful financial audits year after year. Springboard Collaborative remains in compliance with financial best practice.

To Whom It May Concern:

Springboard Collaborative is excited for the opportunity to provide high-quality literacy programs to students in grades TK-4 in Oakland Unified School District because of our deep history with the district and our shared values and alignment in driving student reading growth and combatting learning loss. Students become stronger readers by receiving rigorous literacy tutoring in a joyful and engaging environment. Our results reflect this:

In the summer of 2022, students who participated in our 5-week intensive programming averaged **3.2 months of reading growth, which was more than 2x the expected growth.** Springboard Collaborative has the experience and expertise necessary to deliver high-quality summer literacy programming to students across Oakland Unified School District.

Founded in 2012, Springboard Collaborative closes the literacy gap by closing the gap between home and school. We coach educators and family members to help kids learn to read by 4th grade. Our literacy tutoring programs are 4-6 week summer engagements that combine personalized instruction for students in grades TK-4, workshops that support parents in teaching reading at home, and professional development for teachers.

Springboard served over 21,000 students in 2022 alone, serving students and families across the country, including partnerships with Oakland, Fresno, Los Angeles, Alum Rock, and San Francisco. Springboard serves those most disproportionately impacted by academic achievement gaps—namely TK-4th grade students from low-income households who are behind in reading. We know these students face the greatest disparity in academic achievement and we are excited for the opportunity to support OUSD students in reading on grade level by 4th grade. This proposal is valid for a 90-day period. The staff proposed will be immediately available to work if we are awarded the contract.

Sincerely,

## **Professional Qualifications**

### **Springboard's qualifications and capacity to provide the services requested in this RFP.**

As referenced above, Springboard Collaborative has over 10 years of experience providing high-quality summer literacy programs to districts across the country, including Oakland Unified School District. We have documented reading growth from participating students based on the DIBELS assessment, including results from our summer 2022 program that showed a national average of 3.2 months of reading growth. Springboard provides curricula aligned with the California Common Core State Standards and the Science of Reading and engage families before, during, and after programming to ensure they are an active participant in their student's reading journey. Please see the *Scope of Services* section above for additional details related to our extensive track record of driving student reading growth.

### ***Experience supporting English Language Learners***

All teachers, students, and families are given access to Reading A-Z and RAZ-Kids respectively, online resources that provide adults and children with Spanish translated leveled books and other materials. During trainings, we discuss implications for instruction for ELLs and how to leverage individualized student action plans (that can be printed in English and Spanish) for this population.

Finally, while we provide books in English to support the literacy instruction that children receive in our curriculum, all of our other family-facing materials are available in English, Spanish, Chinese, Haitian-Creole, Portuguese, Arabic, Vietnamese, and Amharic. A limited library of resources is also available in Urdu, Bengali and Somali. Our optional literacy app is available in English and Spanish. In addition to being offered in multiple languages, our materials are culturally relevant (including book selection that reflects the diversity of the population we serve).

Springboard lessons are comprehensive and interconnected, ensuring repeated exposure to texts, academic language, and opportunities for students to repeatedly read texts. Lessons include step-by-step explanations of practice and tasks and include "tips" or "teacher notes" to the teachers to improve comprehensible input for all learners.

Text sets include engaging content that will draw on the background knowledge of most students; text sets are incorporated during instructional components such as Read Aloud and Writing Time with targeted activities and direct, explicit language instruction on academic vocabulary. Direct and ongoing instruction on academic vocabulary, and opportunities for students to engage with and talk about content-specific texts experientially with their peers.

Stations and Centers activities incorporate speaking and listening activities to encourage students to further develop these skills; these activities include, for example, students working with one another on reading aloud a book or their writing to one another.

In addition, consistent with Attachment 1 – Contract Template, by virtue of submitting a proposal each Bidder confirms the following:

1. Equal Opportunity – The Bidder must be an Equal Opportunity Employer, and shall be in compliance with the Civil Rights Act of 1964, the State Fair Employment Practice Act, and all other applicable Federal and State laws and regulations relating to equal opportunity employment. It is the policy of OUSD that in connection with all work performed under Contracts there be no discrimination against anyone because of race, color, ancestry, national origin, religious creed, physical disability, medical condition, marital status, sexual orientation, gender, or age; therefore, Bidder agrees to comply with applicable Federal and California laws including, but not limited to, the California Fair Employment and Housing Act beginning with Government Code Section 12900 and Labor Code Section 1735 and OUSD policy. In addition, Bidder agrees to require like compliance by all its subcontractors. Bidder shall not engage in unlawful discrimination in employment on the basis of actual or perceived; race, color, national origin, ancestry, religion, age, marital status, pregnancy, physical or mental disability, medical condition, veteran status, gender, sex or sexual orientation.
2. Errors and Omissions – If a bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, the bidder shall immediately notify the District of such error in writing and request clarification or modification of the document. Modifications will be made by addenda. Such clarification shall be given by written notice to all parties who have been furnished an RFP for bidding purposes, without divulging the source of the request for the same. Insofar as practicable, the District will give such notices to other interested parties, but the District shall not be responsible therefor. If a bidder fails to notify the District, prior to the date fixed for submission of bids, of an error in the RFP known to them, or an error that reasonably should have been known to them, they shall bid at their own risk; and if awarded the contract, the bidder shall not be entitled to additional compensation or time by reason of the error or its later correction. The bidder should carefully examine the entire RFP and addenda thereto, and all related materials and data referenced in the RFP or otherwise available to them, and should become fully aware of the nature and location of the work, the quantities of the work, and the conditions to be encountered in performing the work.
3. Bidder Agreement – In compliance with this RFP, the bidder will propose and agree to furnish all labor, materials, transportation, and services for the work

described and specifications and for the items listed herein. A bid is subject to acceptance at any time within sixty (60) days after opening of the same, unless otherwise stipulated. Bids cannot be corrected or altered after opening by the District.

4. Bid Signee – If the bidder is an individual or an individual doing business under a company name, the bid must, in addition to the company name, be signed by the individual. If the bidder is a partnership, the bid should be signed with the partnership name by one of the partners. If a corporation, with the name of the corporation by an officer authorized to execute a bid on behalf of the corporation.

5. Bidders' Understanding – It is understood and agreed that the bidder has been, by careful examination, satisfied as to the nature and location of the work; the character, quality and quantity of the materials to be provided; the character of equipment and facilities needed preliminary to and during the prosecution of the work; and general and local conditions, and all other matters which can in any way affect the work under the contract. No verbal agreement or conversation with any officer, agent or employee of the District, either before or after the execution of the contract, shall affect or modify any of the contractual terms or obligations.

6. Intent of Specifications – All work that may be called for in the specifications shall be executed and furnished by the successful bidder(s), and should any work or materials be required which is not denoted in the specifications, either directly or indirectly but which is nevertheless necessary for the execution of the contract, the bidder is to understand the same to be implied and required, and shall perform all such work and furnish any such material as fully as if it were particularly delineated or described.

7. Extra Work – No bill or claim for extra work or materials shall be allowed or paid unless the doing of such extra work or the furnishing of such extra materials shall have been authorized in writing by the District's Director of Transportation.

8. Defense, Indemnity & Hold Harmless – Contractor shall indemnify, hold harmless and defend OUSD and each of its officers, officials, employees, volunteers and agents from any loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by OUSD, Contractor or any other person and from any claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Contractor's obligations under the preceding sentence shall apply jointly and severally regardless of whether OUSD or any of its officers, officials, employees, volunteers or agents are actively or passively negligent, but shall not apply to any loss or liability, fines, penalties, forfeitures, costs or damages caused solely by the active negligence or by the willful misconduct of OUSD. If Contractor should subcontract all or any portion of the work or activities to be performed under this MOU, Contractor shall require each subcontractor to indemnify, hold harmless and

defend OUSD, its officers, officials, employees, volunteers or agents in accordance with the terms of the preceding paragraph. Contractor also agrees to hold harmless, indemnify, and defend the District and its elective board, officers, agents, and employees from any and all claims or losses incurred by any supplier, Contractor, or subcontractor furnishing work, services, or materials to Contractor in connection with the performance of this Agreement. This provision survives termination of this Agreement.

9. Disposition of Proposals – All materials submitted in response to this RFP will become the property of the District, and will be returned only at the District's option and at the bidder's expense. The original copy shall be retained for official files and will become a public record after the date and time for final bid submission as specified.

10. Terms of the Offer – The District's acceptance of Bidder's offer shall be limited to the terms herein unless expressly agreed in writing by the District. Proposals offering terms other than those shown herein will be declared non-responsive and will not be considered.

11. Awards – The District reserves the right of determination that items bid meet or do not meet bid specifications. Further, the Board of Education reserves the right to accept or reject any or all bids and to waive any informality in the bidding.

12. District's Alternative Providers – The District reserves the right to solicit, purchase and obtain from providers other than the successful Bidder(s) certain products and services, of a nature similar or equivalent to those products and services solicited in this RFP.

13. Bidder Agreement to Terms and Conditions – Submission of a signed proposal will be interpreted to mean Bidder has agreed to all the terms and conditions set forth in the pages of this solicitation, including the terms of the exemplar contract included herewith.

14. Laws Governing Contract – This contract shall be in accordance with the laws of the State of California. The parties further stipulate that the County of Alameda, California, is the only appropriate forum for any litigation arising here from.

15. Notices – Any notices relevant to this Agreement may be served effectually upon either the District or the Successful Bidder, one to the other, by delivering such notice in writing, or sending such notice by certified mail, traceable overnight letter or email.

16. Changes to the Agreement – The Agreement may be changed or amended by written, mutual consent of the District and each successful Bidder. No alteration or variation of the terms of the Agreement shall be valid unless made in writing and signed by the parties thereto, and no oral understanding or agreement not

incorporated therein shall be binding on the parties thereto.

17. Nomenclatures – The terms Successful Bidders, Suppliers, Vendors, Providers, Service Providers, Awarded Contractors and Contractors may be used interchangeably in this solicitation and shall refer exclusively to the person, company, or corporation with whom the District enters into a contract as a result of this solicitation. The terms District, OUSD, Oakland Unified School District, Board and Board of Education may be used interchangeably in this solicitation and shall refer exclusively to the Oakland Unified School District. The terms Proposals, Bids and Offers may be used interchangeably in this solicitation and shall refer exclusively to the response made to this solicitation by any bidder. The terms RFP and Request For Proposals may be used interchangeably in this solicitation and shall refer exclusively to this solicitation. The terms Contract and Agreement may be used interchangeably in this solicitation.

18. Time – Time is of the essence.

19. Severability – If any provisions, or portions of any provisions, of the contract are held invalid, illegal, or unenforceable, they shall be severed from the contract and the remaining provisions shall be valid and enforceable.

20. Assignment – The Agreement entered into with the District shall not be assigned without the prior written consent of the District.

21. No Rights in Third Parties – The Agreement entered into with the District does not create any rights in or inure to the benefit of any third party.

22. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Bidder must complete and return with its proposal the Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion form, which is attached hereto as Exhibit E

## **Exhibit F: Insurance**

All Bidders must submit with its proposal evidence that the Bidder can meet the following insurance requirements:

Unless specifically waived by OUSD, the following insurance is required:

- i. If CONTRACTOR employs any person to perform work in connection with this Agreement, CONTRACTOR shall procure and maintain at all times during the performance of such work, Workers' Compensation Insurance in conformance with the laws of the State of California and Federal laws when applicable. Employers' Liability Insurance shall not be less than One Million Dollars (\$1,000,000) per accident or disease.
- ii. CONTRACTOR shall maintain Commercial General Liability insurance, including automobile coverage with limits of no less than Five Million Dollars (\$5,000,000) per occurrence for bodily injury and property damage. The coverage shall be primary as to OUSD and shall name OUSD as an additional insured. Evidence of insurance must be attached. Endorsement of OUSD as an additional insured shall not affect OUSD's rights to any claim, demand, suit or judgment made, brought or recovered against CONTRACTOR. The policy shall protect CONTRACTOR and OUSD in the same manner as though each were separately issued. Nothing in said policy shall operate to increase the Insurer's liability as set forth in the policy beyond the amount or amounts shown or to which the Insurer would have been liable if only one interest were named as an insured.

Springboard Collaborative confirms that we can meet the outlined insurance requirements at the time of contracting. Attached are samples of past COIs that will be adjusted to meet OUSD's specifications.

(a) By being insured against liability to pay compensation in one or more insurers duly authorized to write compensation insurance in this state.

(b) By securing from the Director of Industrial Relations a certificate of consent to self-insure either as an individual employer, or as one employer in a group of employers, which may be given upon furnishing proof satisfactory to the Director of Industrial Relations of ability to self-insure and to pay any compensation that may become due to his or her employee.

### **FINGERPRINTING NOTICE AND ACKNOWLEDGEMENT** **FOR ALL CONTRACTS EXCEPT WHEN CONSTRUCTION EXCEPTION IS MET**

(Education Code Section 45125.1)

Other than business entities performing construction, reconstruction, rehabilitation, or repair who have complied with Education Code section 45125.2, business entities entering into contracts with the District must comply with Education Code sections 45125.1. Such entities are responsible for ensuring full compliance with the law and should therefore review all applicable statutes and regulations. The following information is provided simply to assist such entities with compliance with the law:

1. You (as a business entity) shall ensure that each of your employees who interacts with pupils outside of the immediate supervision and control of the pupil's parent or guardian or a school employee has a valid criminal records summary as described in Education Code section 44237. (Education Code §45125.1(a).) You shall do the same for any other employees as directed by the District. (Education Code §45125.1(c).) 3. Prior to performing any work or services under your contract with the District, and prior to being present on District property or being within the vicinity of District pupils, you shall certify in writing to the District under the penalty of perjury that neither the employer nor any of its employees who are required to submit fingerprints, and who may interact with pupils, have been convicted of a felony as defined in Education Code section 45122.1, and that you are in full compliance with Education Code section 45125.1. (Education Code §45125.1(f).) For this certification, you shall use the form in **Attachment B** to this Notice.
4. If you are providing the above services in an emergency or exceptional situation, you are not required to comply with Education Code section 45125.1, above. An "emergency or exceptional" situation is one in which pupil health or safety is endangered or when repairs are needed to make a facility safe and habitable. The District shall determine whether an emergency or exceptional situation exists. (Education Code §45125.1(b).)
5. If you are an individual operating as a sole proprietor of a business entity,

you are considered an employee of that entity for purposes of Education Code section 45125.1, and the District shall prepare and submit your fingerprints to the Department of Justice as described in Education Code section 45125.1(a). (Education Code §45125.1(h).)

# Family-Educator Learning Accelerator

Springboard Collaborative's core methodology is the Family-Educator Learning Accelerator (FELA). A FELA is a 5-10-week learning accelerator during which teachers and families team up to help students reach reading goals. This summer, Springboard Collaborative partnered with Laurel Elementary to accelerate student learning—especially after the disruption caused by the COVID-19 pandemic—while also building the capacity of Laurel Elementary to sustain these high-quality family-educator partnerships.

# Springboard Definitions

**Attendance Minimum** - All metrics and charts throughout this report include all students that met the attendance minimum (25% days of programming attended or more) and did not withdraw from the program except where otherwise noted. Students see the greatest gains when they attend at least 25% of programming days.

**Outliers/Excluded Data** – All assessment charts includes students that met the attendance minimum (25% days of programming attended or more and did not withdraw from the program) AND had both beginning and ending assessment results. Students who demonstrated extreme growth or regression were excluded from the sample as outliers. Students may have been excluded because they took different beginning and ending DIBELS subtests.

**Expected Growth** - Through collaboration with DIBELS provider Amplify, we are able to convert DIBELS raw score change to months of reading growth by subtest. Each DIBELS subtest is designed to assess a specific component skill involved in reading, so the months growth results need to be disaggregated by subtest.

**Proficiency** – The level of support expected for a student to be reading on grade level. Reading progress is monitored using change in the following 4 DIBELS proficiency bands: needs intensive support - needs strategic support - general curriculum is sufficient - needs instruction on more advanced skills.

# Build your team

Before programming began, teachers participated in professional development to learn the Family Educator Learning Accelerator Framework. Teachers learned how to utilize family engagement strategies, conduct successful family workshops, and collect data using literacy assessments. After professional development, teachers, families, and students participated in a Team-Building Huddle to build a foundation of trust and a strong working relationship.

# Find your starting point

At the start of programming, teachers built partnerships with families and assessed students to set reading goals that guided targeted small group instruction for students. Leaders were also equipped by Springboard's internal team to coach teachers through Professional Learning Communities on content varying from data-driven instruction to hosting family workshops.

Kindergarten through 3rd grade students who were tested on **Nonsense Word Fluency (NWF)** reported an average reading achievement equivalent to **2.9 months of reading growth** in **decoding words based on alphabetic principle**.

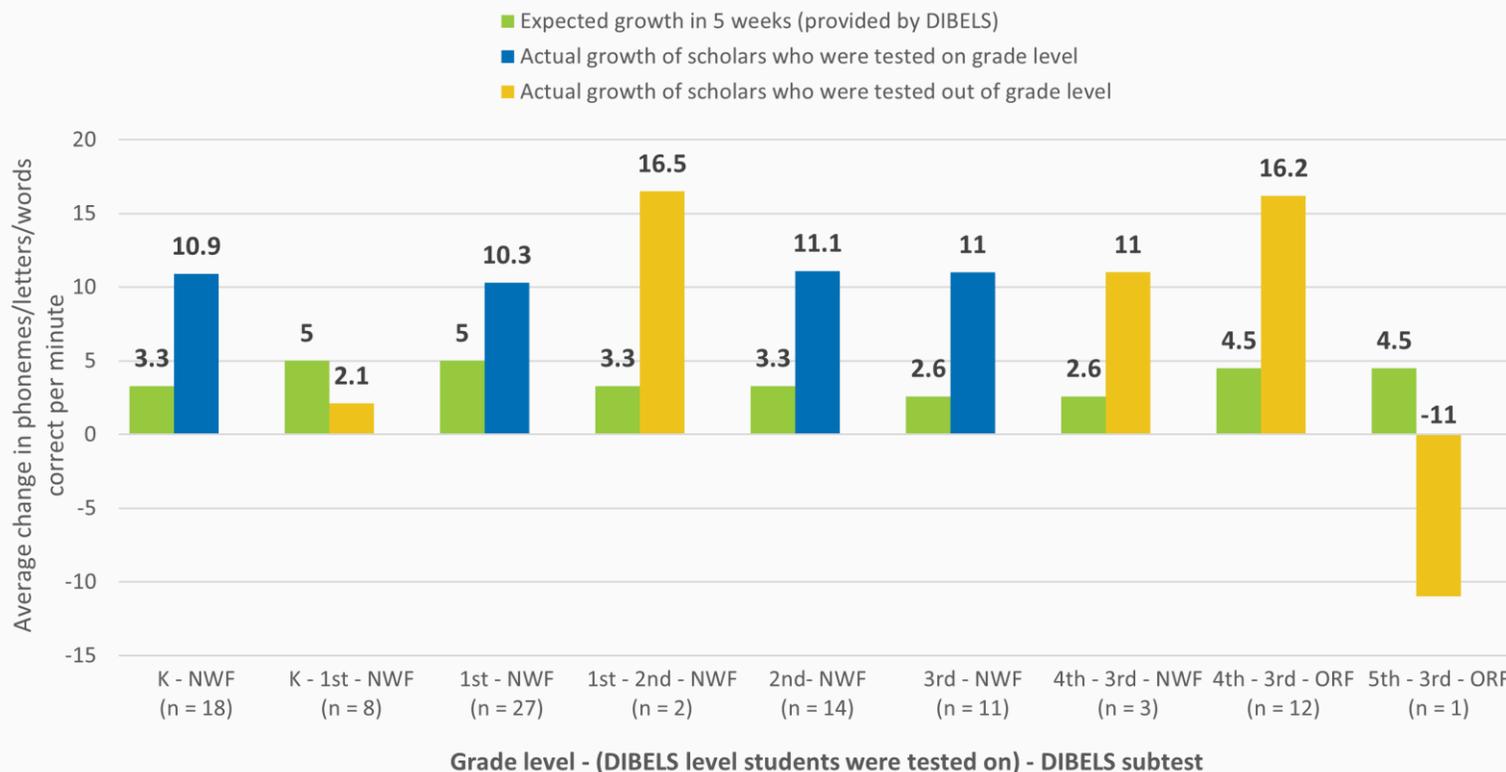

**Methodology notes:** 1) DIBELS recommends assessing students based on functional reading levels which are not always the same as students' chronological grade levels. Hence, to accurately track reading growth for students reading on different levels, the following charts grouped raw growth analysis by each chronological grade level and within each grade level, growth achieved by students who were tested on various functional levels and DIBELS subtest was specified and compared with expected growth at the end of programming provided by DIBELS.

2) Under advisement from DIBELS provider Amplify, Springboard converts DIBELS raw score change to months of reading growth by subtest. Each DIBELS subtest is designed to assess a specific component skill involved in reading, so the month growth results need to be disaggregated by subtest.

3) Month growth conversion is only applicable to students who were tested on grade level.

"My favorite component of Springboard has been the reading resource catalog on Slinky. The lessons are paced well, and there are engaging discussions and read aloud with step-by-step instructions for all lesson plans. Additionally, I loved the family engagement element to Springboard. I think families who took advantage of the program ended up learning a lot about their students at home."

Curriculum for the PR Level offers targeted and explicit instruction in the following areas:

- Daily Message
- Reading Readiness and Phonics
- Read Aloud
- Shared Reading
- Writing Time
- Small Group Literacy Instruction with Stations

Each component of the Curriculum serves an important purpose to help students accomplish their reading goals.

## Components and their purpose

Find the resources referenced in this lesson plan in your curriculum folder.

**Daily message**

Build community, learn academic vocabulary, and share stories.

**Reading readiness and phonics**

Explicit focus on phonemic awareness and phonics skills.

**Shared reading**

Time to reinforce phonics skills through the rereading of read aloud texts to build fluency.

**Read aloud**

Explicit focus on word learning strategies, explore academic vocabulary, and deepen understanding of complex text.

**Writing time**

Writing is connected to the content of reading text through drawing and writing.

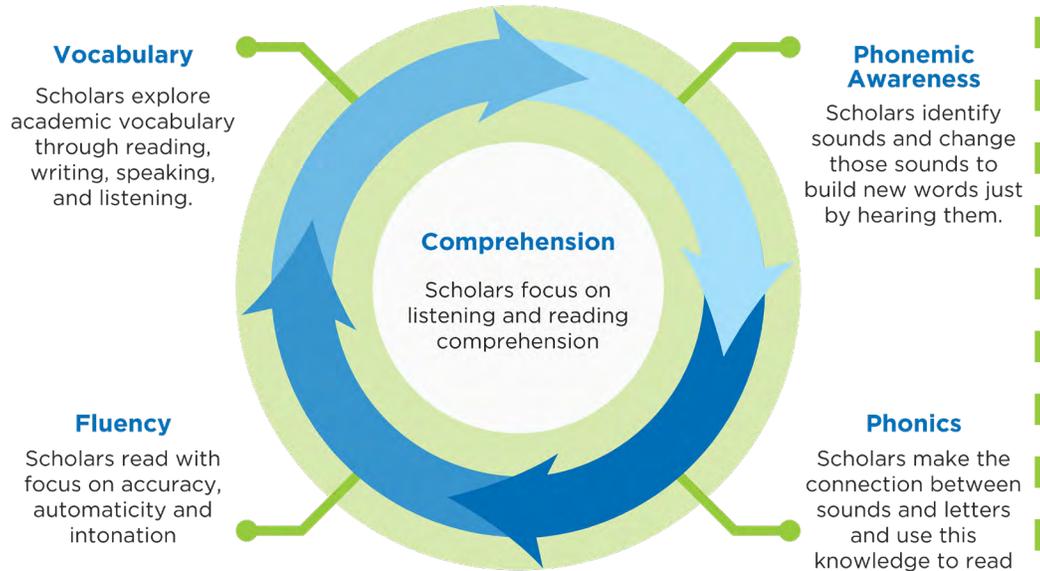

**Small group literacy instruction with stations**

Focused time to practice reading skills in specific areas based on reading goals.

**Quick Tip:** Find the next action item quickly by looking for this  symbol!

On April 13, 2000, the National Reading Panel (NRP) identified five components of high quality and impactful reading instruction. Phonemic awareness, phonics, fluency, and vocabulary are all in service of students' comprehension of complex text.

All five of these components of effective reading instruction are evident in each Springboard comprehensive lesson. See the visual on the right and attached annotated lesson for more information.

**Say/Do:** Each lesson provides scripted guidance for facilitators to support student learning with a Say (scripted instructional notes) and Do (instructional actions and supports) section. This information is meant to support teachers' facilitation of learning as needed. Teachers should use this guidance to keep the lesson purpose, content, and design intact, but they do not necessarily have to read the Say portion as a script based on their expertise and comfort level.

## Using the Say/Do Guide:

The lesson guide is outlined in an intuitive block structure highlighting scripted instruction and instructional action. While you can use the script as needed, you do not have to.

To follow the guide, simply start at the highest block in either column. Here it is the Say block, after completing the instruction, move to the next highest block. This time

it is the Do column. Repeat this sequence until the lesson is complete. This diagram includes vertical dotted lines to guide you step by step.

**SAY:** *When we read this word, we look to see what spelling pattern it uses so we know what vowel sound to make. I see a CVCC double consonant pattern. We'll use the short vowel sound. /c/ /u/ /f/ = cuff. Let's read it together using our **Double Decker Elkonin Boxes**.*

*Yes, the word is "cuff". Let's look at the next word. How would you read this word?*

**DO:** Listen as students read the word. Take notes on the students that can accurately articulate the sounds and read the word and students that may need reteaching and/or additional support.

Point to the word *jazz*. Listen as students read the word. Take notes on the students that can accurately articulate the sound and read the word and students that may need reteaching and/or additional support.

Summary and goals

The second unit will introduce informational texts, encouraging students to notice the differences and similarities between different text types, to answer questions about a topic, and to ask and answer questions about unknown vocabulary in a text. Students will learn the phonological awareness skills of alliteration, rhyme, onset/rime, and syllabication and learn the letter name, sound, and formation for letters C, I, S, N, X, and G. A complex text set around the topic, All About the Weather, will be explored for reading and to give evidence for informative writing pieces about the weather.

Unit topic: All about weather

Why is knowing about the weather so important?

**Daily message** - - - - -

### Teaching notes:

In this unit, students will explore letter identification, corresponding letter sounds, and corresponding letter formation. Letters for this unit are listed below: Cc /c/ Cat Cc, Ii /i/ Insect Ii, Ss /s/ Snake Ss, Nn /n/ Noodle Nn, Xx /x/ Fox Xx, Gg /g/ Gate Gg.

It is important to use the articulatory gestures guidance with students to help them reflect on their sound production and appropriate mouth formation for each letter sound.

## Additional information

### Differentiation ideas:

It is especially important that teachers make data-informed decisions on the supports students may need during the lesson. Therefore, a key instructional practice is to use data to support students in this lesson with intervention, practice, or acceleration. The table below provides some ideas that will support all students with the content, standards, and learning experiences found in this lesson.

#### Teacher-directed:

- Use articulatory gestures for additional support with targeted skills explored in the lesson.

#### Practice:

- Give more opportunities to practice the skills explored in the lesson by repeating portions of the lesson that would help students understand the skill.

#### Acceleration:

- Provide opportunities for students to explore more complex skills that build upon the skills explored in this lesson with a partner or independently.

For the instructional focus of this lesson, see the learning targets listed for Reading Readiness & Phonics.

## Amazing Alliteration!

### SAY:

*We are going to sing our Alliteration song! Sing along with me! "It's amazing alliteration time! When the wind whistles with windchimes we know the time has come to hear the same sounds as the first one!"*

*Let's practice our alliteration skills! When two or more words begin with the same sound that is called alliteration. When I say some statements I want you to think of the words that begin with the same sound. Ok?*

*Think about this alliteration: The cats crawled carefully as to not be captured. Do any of these words begin with the same sound? Whisper the words in your hand and hold them tight. We will share after we all have a chance to think first.*

*Ok, let's hear them. Think about this alliteration: The cats crawled carefully as to not be captured. Do any words begin with the same sound?*

### DO:

Sing the Amazing Alliteration song 1-2 times.

Wait for the students to say yes. Repeat directions as needed.

Listen and watch as students think of a word. Provide support as needed.

Repeat alliteration practice with 1-2 statements as time permits. Be sure all students have a chance to share their thinking with a partner or the full group.

#### **Alliteration Statement List:**

## Onset &amp; Rime Time!

**SAY:**

*We are going to sing our Onset & Rime song! Sing along with me! "It's Onset and Rime time! We want to hear the beginning and ending sounds! We want to hear the beginning and ending sounds in a word! It will be so much fun until we are done hearing the beginning and ending sounds in a word!"*

**DO:**

Sing the Onset and Rime Time song 1-2 times.

*Let's practice our Onset & Rime skills! We want to hear the beginning sound (before the vowel) or onset in a word. Like the /s/ sound in set. We want to hear the ending sound or rime (ending letters with the vowel) in the same word. Like /et/ in set. When I say some words I want you to think of the onset and rime in each word just by hearing the word. Ok?*

Wait for the students to say yes. Repeat directions as needed.

*Think about this word: pack. What is the beginning (onset) and ending (rime) sound of the word? Whisper the onset and rime in your hand and hold them tight. We will share after we all have a chance to think first.*

Listen and watch as students think of the onset and rime. Provide support as needed.

*Ok, let's hear them. Think about this word: pack. What is the beginning (onset) and ending (rime) sound of the word? p-ack.*

*Listen to these words and clap them out with me. The first word is running. Say the word and clap out the syllables.*

Observe and listen as students clap out the words and identify the number of syllables. Use scaffolded questions to support student's thinking. For example, what is the word? Clap out the word, how many times did you clap? So, how many syllables does the word have?

*Yes, running has 2 syllables. Listen, "run|ning". Great thinking! Let's try some more words.*

Follow the same procedure with the list of words. Repeat 2-3 times.
