24. Time of the Essence/Assessment of Damages

Time is of the essence under this Contract.

The District reserves the right to assess the Contractor damages ("Assessed Damages") should the Contractor fail to provide at least 7 business days notice of cancellation of equipment and/or trip.

The amount of the damages which may be assessed to the Contractor shall be equal to the charges to be paid by Oakland Unified School District for cancellation, plus any costs incurred by the District in obtaining an alternate carrier (to include the difference in trip fees). In addition, Contractor must pay added cost to District for booking with another company. All such damages shall be payable to the District within ten (10) business days of District's demand.

Further, should Contractor fail to either (a) provide adequate notice to the District of cancellation as required directly above; (b) fail to provide any notice of cancellation to the District; and/or (c) fail to service a confirmed trip with any or all of the necessary personnel/equipment, and should the District (including the site/program ordering such service) be unable to timely secure a replacement service from another source, Contractor shall be liable to the District for all losses and damages therefrom; and because from the nature of the services to be provided under this Agreement, it is and will be impracticable and extremely difficult to ascertain and fix the District's actual damages from any such failure of performance, it is agreed that Contractor will pay as "liquidated damages" to the District \$1,250 within ten (10) business days of any of the foregoing events occurring.

If Assessed Damages and/or Liquidated Damages are not paid within the time specified above, the District may, in addition to its other remedies, deduct the same from any moneys due or to become due Contractor under this Agreement. On and after any event of default, the District shall have the right to exercise its legal and equitable remedies, including, without limitation, the right to terminate the Agreement for cause pursuant to the "Termination of Contract" Section or to seek specific performance of all or any part of the Agreement. In addition, the District shall have the right (but no obligation) to cure (or cause to be cured) on behalf of Contractor any event of default, in which event Contractor shall pay to the District on demand all costs and expenses incurred by the District in effecting such cure, with interest thereon from the date of incurrence at the maximum rate then permitted by law. The District shall have the right to offset from any amounts due to Contractor under the Agreement or any other agreement between the District and Contractor all damages, losses, costs, or expenses incurred by the District as a result of such event of default and any liquidated damages due from Contractor pursuant to the terms of the Agreement. Any such offset by the District will not constitute a waiver of any other remedies the District may have against Contractor for financial injury or otherwise.

All remedies provided for in the Agreement may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules and regulations. The exercise of any remedy shall not preclude, or in any way be deemed to waive, any other remedy.

26. Termination of Contract

- A. In the event of Contractor default pursuant to the "Default; Remedies" Section of the Agreement, in addition to any other remedies available to the District, the District may terminate the Agreement, and all of the Contractor's rights hereunder ended. Termination shall be effective ten (10) days after Contractor's receipt of written notice of termination from the District, unless a later effective date of termination is provided by the District in such notice. As of the effective date of termination, no new work will be undertaken by Contractor with the exception of actions necessary to effectuate the termination as provided for in this Section.
- B. In the event of termination for cause, Contractor shall be paid for those services performed under the Agreement to the satisfaction of the District up to the effective date of the termination. However, pursuant to the "Default; Remedies" Section herein, the District may offset from any such amounts due Contractor any costs to District arising from Contractor's default and may otherwise demand payment from Contractor of such costs.
- C. The District may terminate the Agreement, in whole or in part, for the District's convenience and without cause at any time by giving Contractor at least thirty (30) days written notice of such termination. The notice shall specify the date on which termination shall become effective. In no case shall the termination become effective in fewer than thirty (30) days from the date that the notice is provided. In event of termination for convenience, Contractor will be paid for those services performed pursuant to the Agreement and to the satisfaction of the District up to the specified effective date of termination.
- D. Upon receipt of any notice of termination of the Agreement, Contractor shall commence and perform with diligence all actions necessary on the part of Contractor to effectuate the termination of the Agreement on the date specified by the District in a manner that minimizes the liability of Contractor and the District to third parties as a result of termination. All such actions shall be subject to prior approval by the District and shall include, without limitation: canceling orders; assigning interests to the District as applicable; settling outstanding liabilities and claims; securing and safe-guarding District property; and halting or completing services in the manner specified by the District.
- E. In no event shall District be liable for costs incurred by Contractor, or any of its subcontractors, after the effective date of termination, except for those costs specifically approved in writing by the District, if any, as necessary to effectuate the termination in a manner acceptable to the District. Such non-recoverable costs include, but are not limited to, anticipated profits on the Agreement; post-termination employee salaries; post-termination administrative expenses; post termination overhead or unabsorbed overhead; attorneys' fees or other costs relating to the prosecution of a claim or lawsuit, including but not limited to prejudgment interest.
- F. Within thirty (30) days after the effective date of termination, the Contractor will submit an itemized invoice detailing the unpaid costs incurred for the services rendered pursuant to the Agreement up to the effective date of termination. The District's payment obligations specified under this Termination of Contract section shall survive the termination or expiration of the Agreement. Upon payment by the District of approved charges under such Contractor invoice, the District shall be under no further obligation to the Contractor,

monetarily or otherwise.

27. Dispute Resolution

Other than the District's right to assess liquidated damages, notwithstanding anything in the Contract to the contrary, prior to the initiation of any litigation, disputes between the District and Contractor regarding the Agreement, including any alleged violation, misinterpretation, or misapplication of the Agreement, shall first be resolved using the following dispute resolution process.

In the event of a dispute, the party initiating the dispute resolution process shall prepare and send to the other party a notice of dispute that shall include the following information: (1) the name(s), address(es) and phone number(s) of designated representatives of the party (the designated representative(s) must be an employee(s) of Contractor's or the District); (2) a statement of the facts of the dispute, including information regarding the parties attempts to resolve the dispute; (3) the specific sections of the Agreement that are in dispute; and (4) the specific resolution sought by the party. Within ten (10) business days from receipt of the notice of dispute the representatives from the Contractor shall meet with representatives from the District in an informal setting to try to resolve the dispute.

If the informal meeting fails to resolve the dispute, or does not occur within the required time, the party initiating the dispute resolution process may proceed to exercise whatever rights it may have under the Agreement and the law. In addition, if Contractor is the party that initiated the dispute resolution process, it shall proceed with the claims presentation process under California Government Code section 900 et. seq. as a prerequisite to initiating litigation.

Either party may file litigation for equitable remedies such as injunctive relief while proceeding through the dispute resolution process in order to preserve the status quo.

28. Complaints

Contractor shall keep complete and accurate records of all written and oral complaints received regarding the Contractor's services for the District from all sources including, but not limited to: District employees or agents, parents/guardians, students, school-related service providers, private schools, state or federal agencies and other school districts. Contractor shall provide to the District a written monthly report listing said complaints and actions taken by the Contractor, if any, to resolve each complaint.

29. Pupil Discipline

The ultimate responsibility and authority to suspend or expel any pupil from transportation services hereunder shall rest exclusively with the District. Each driver shall handle all disciplinary matters in strict accordance with District policy. In no case will a driver eject a pupil from a bus for misbehavior except in the event of an extreme emergency endangering the safety of other pupils, and then only after radio/phone notice to Contractor's terminal and to the pupil's school principal and the District's designee. In all cases of disciplinary ejection, the bus/vehicle shall remain at the approximate area of student discharge until authorities arrive on site and authorize it to proceed on route. All discipline problems shall be reported in writing by the next school day following completion of the route. The District and Contractor will, in the event it determines that a pupil poses a danger to himself/herself or other passengers, cooperate to provide a safe transportation environment prior to Contractor being required to transport such pupil. Further procedures and regulations for the administration of discipline shall be established cooperatively between the District and Contractor.

32. Contractor to Comply with FERPA, Etc.

Contractor and its agents, personnel, employees, and/or subcontractors shall maintain the confidentiality of all information received in the course of performing the services pursuant to the Agreement. Contractor and its agents, personnel, employees, and/or subcontractors shall maintain records in accordance with all applicable federal and state laws and regulations and agrees that records relating to individual pupils provided by the District are subject to the Family Educational Rights and Privacy Act ("FERPA"). Such records shall be confidential to the extent required by FERPA, 20 U.S.C. § 1232g; 34 C.F.R. Part 99; and California Education Code §§ 49060, et seq.; and other state and federal law. This requirement to maintain confidentiality shall extend beyond the termination of this Agreement. Contractor and its agents, personnel, employees, and/or subcontractors will be permitted access to student data only where permissible under state and federal law.

33. Subcontracting & Assignment of Contractor's Rights

Contractor shall only be authorized to subcontract its provision of services under this Agreement upon the express written approval of, and subject to the limitations prescribed by, the District's Director of Transportation. If and when such approval is granted to Contractor, Contractor expressly agrees and certifies that any Subcontractor it retains for any and all services under this Agreement shall be subject to all of the duties and obligations applicable to Contractor under this Agreement. Except as it relates to the hiring of independent Contractor drivers, the Contractor shall have no right (without the express written agreement of the District's Director of Transportation) to assign its rights or obligations under this Agreement, it being understood that this is a personal services agreement. If and when the District agrees to such assignment, Contractor and any Assignee(s) agree that each and every provision of this Contract shall apply to it/them.

34. Indemnity (Hold Harmless) of the District

Contractor shall indemnify, hold harmless and defend OUSD and each of its officers, officials,

employees, volunteers and agents from any loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by OUSD, Contractor or any other person and from any claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. Contractor's obligations under the preceding sentence shall apply jointly and severally regardless of whether OUSD or any of its officers, officials, employees, volunteers or agents are actively or passively negligent, but shall not apply to any loss or liability, fines, penalties, forfeitures, costs or damages caused solely by the active negligence or by the willful misconduct of OUSD. If Contractor should subcontract all or any portion of the work or activities to be performed under this MOU, Contractor shall require each subcontractor to indemnify, hold harmless and defend OUSD, its officers, officials, employees, volunteers or agents in accordance with the terms of the preceding paragraph.

Contractor also agrees to hold harmless, indemnify, and defend the District and its elective board, officers, agents, and employees from any and all claims or losses incurred by any supplier, Contractor, or subcontractor furnishing work, services, or materials to Contractor in connection with the performance of this Agreement. This provision survives termination of this Agreement.

2. Errors and Omissions – If a bidder discovers any ambiguity, conflict, discrepancy, omission, or other error in the RFP, the bidder shall immediately notify the District of such error in writing and request clarification or modification of the document. Modifications will be made by addenda. Such clarification shall be given by written notice to all parties who have been furnished an RFP for bidding purposes, without divulging the source of the request for the same. Insofar as practicable, the District will give such notices to other interested parties, but the District shall not be responsible therefor. If a bidder fails to notify the District, prior to the date fixed for submission of bids, of an error in the RFP known to them, or an error that reasonably should have been known to them, they shall bid at their own risk; and if awarded the contract, the bidder shall not be entitled to additional compensation or time by reason of the error or its later correction. The bidder should carefully examine the entire RFP and addenda thereto, and all related materials and data referenced in the RFP or otherwise available to them, and should become fully aware of the nature and location of the work, the quantities of

the work, and the conditions to be encountered in performing the work.

No verbal agreement or conversation with any officer, agent or employee of the District, either before or after the execution of the contract, shall affect or modify any of the contractual terms or obligations.

7. Extra Work – No bill or claim for extra work or materials shall be allowed or paid unless the doing of such extra work or the furnishing of such extra materials shall have been authorized in writing by the District's Director of Transportation.

8. Defense, Indemnity & Hold Harmless – Contractor shall indemnify, hold harmless and defend OUSD and each of its officers, officials, employees, volunteers and agents from any loss, liability, fines, penalties, forfeitures, costs and damages (whether in contract, tort or strict liability, including but not limited to personal injury, death at any time and property damage) incurred by OUSD, Contractor or any other person and from any claims, demands and actions in law or equity (including attorney's fees and litigation expenses), arising or alleged to have arisen directly or indirectly out of performance of this Agreement. loss or liability, fines, penalties, forfeitures, costs or damages caused solely by the active negligence or by the willful misconduct of OUSD. If Contractor should subcontract all or any portion of the work or activities to be performed under this MOU, Contractor shall require each subcontractor to indemnify, hold harmless and defend OUSD, its officers, officials, employees, volunteers or agents in accordance with the terms of the preceding paragraph. This provision survives termination of this Agreement.

9. Disposition of Proposals – All materials submitted in response to this RFP will become the property of the District, and will be returned only at the District's option and at the bidder's expense. SPECIFIC RECORDS OR DATA ELEMENTS

For purpose of this bid, following data can be provided to the bidder requesting for such data information. OUSD will return data without student identification numbers, student names, or other personally identifiable information.

Pick-up and drop off locations, times, and days of the week

- Students with transportation services written into their IEP's receive door to door transportation services to and from school and (in some cases) health clinics to receive therapy services not offered at school.
- In order to analyze the efficiency of bus routes, OUSD will where students are being picked up in the morning. This will likely be a student's home address or street crossing address, through in some instances students may be picked up elsewhere (i.e. at a relative's home).
- OUSD will also provide school locations and (if applicable) clinic locations or in case applicable, where they are being dropped-off after school (which may be different than their pick up address – i.e. a child care center).

Special Equipment

- Students who require special equipment such as a wheelchair or a harness require certain types of vehicles that can accommodate these needs (i.e. lyft gate bus). In order to analyze the efficiency of bus routes, OUSD will provide which students require specific types of equipment.

Additional Supports

- Some students may require additional supports in order to be transported (i.e. a student who needs a 1-1 aide to ride with them). Others may have additional restrictions on ridership (e.g. Student A is not allowed to ride the bus with Student B). In order to truly evaluate the efficiency of 2018-2019 routes and schedules, these restrictions should be incorporated in the analysis.

Evaluation Process

Upon receipt of proposals, the District's personnel also known as the RFP Selection Committee will review each provider's response to the RFP. Proposals will be opened privately to assure confidentiality and to avoid disclosure of the contents to competing providers prior to and during the review and evaluation process.

The District reserves the right to issue other contracts to meet its requirements. Contract award does not preclude the District from using any other service providers for the same contracted services as those secured through this RFP. An underlying principle of this RFP is best value. Best value is determined through a process that evaluates strengths, weaknesses, risks and exemplary customer service.

Selection Process

Upon conclusion of the evaluation process, the District will combine the scores for each of the providers value categories and will rank providers with scores of #1, #2 and so on, with #1 being the highest ranking. Following selection of a provider(s) pursuant to this RFP, proposals may be subject to disclosure in accordance with applicable law and may post the final scoring tabulation results online at <https://www.ousd.org/procurement>. Notice(s) of "Intent of Award" will be emailed to the awardee(s) and notice(s) of "Not To Award" will be emailed to the non award provider(s).

Protest Selection Procedure

Any provider may protest the District's issuance of a notice of "Not To Award" if it believes that the District has incorrectly selected another proposer for award. Notice of protest shall be filed with the District within five (5) business days after the notice of "Not to Award" is received. The notice of protest must include the name of the protesting bidder, a detailed description of specific grounds for protest, and copies of all supporting documents. Provider should submit the protest electronically by email to:

Rosaura M. Altamirano
Senior Manager, Supply Chain & Logistics
rosaura.altamirano@ousd.org

Providers will receive a written notice of the outcome of their appeal within five (5) business days after submitting the protest to the District.
