- Senior Seminar
- Academic Core courses align with HTR sector standards

Programming

- Food and Garden Education curriculum with Grow Together
- College Tour - 3 community colleges outside of Oakland (Year 2 of college tour)
- Regular Career Exploration visits
- Skill development in Senior Seminar
- Extensive afterschool program including; Internships, Clubs, Credit Recovery
- Summer internships (ECCCO)

Reflections on 2023-24

Criterion 1: Measures N and H Pathway Improvement Progress Reflection: What has your reflection revealed about progress toward your strategic goals? What progress is evident in your school's reflection on Year 1 (2022-23) strategic actions?

Key Findings

- Goals were centered around partnership development and staff development to enhance curriculum
- We have developed one new pathway community partnership
- Staff turnover has impacted some current goals

Moving Forward

- Continue to leverage local community for positive partnerships in HTR
- Project Based Learning Professional Development centered in HTR Pathway
- Continue to engage students for career exploration visit planning

Reflections on 2023-24

Criterion 2: Measures N and H Pathway Improvement Plan (Actions): What new or revised strategic actions will the school and pathways undertake in the coming year to continue to make progress toward three-year goals? How will these actions impact student achievement and experience to improve school-wide goals?

New Strategic Action Highlights

- *Work with new Grow Together garden partner to connect with other HTR related partners*
 - Students will learning will expand to other HTR industries
- *Plan career exploration visits to local West Oakland urban Farms*
 - Students will see employment opportunities aligned with their coursework
- *Develop Measure H Committee that includes teachers interested in HTR*
 - New teachers can share input on current Pathway practices

Reflections on 2023-24

Criterion 3: How will Measures N and H funds support strategic actions and progress toward goals?

Personnel - School Counselor Position

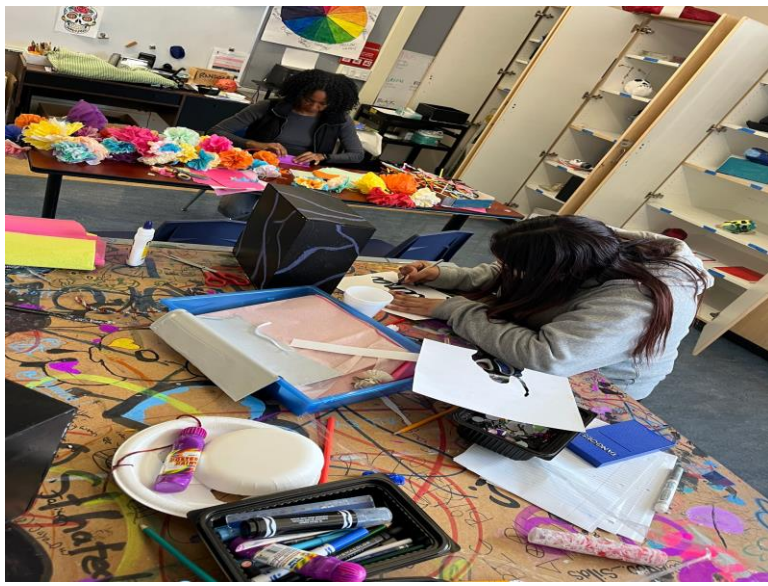

- Our School Counselor builds and maintains meaningful relationships with our entire community to support their social, emotional and academic well-being resulting in more participation in Pathway Programming Overall.

Internships Stipends

- Our students consistently mention wanting hands on learning. Internships are a great way for our student to learn new skills while getting paid with the support of our staff

College & Career Exploration

- This year we will have visited 7 colleges (6 community colleges, 1 4-year college). Being a small school opportunities like this allow for one student to take multiple trips to gain more experience to make informed post-secondary choices. Excited to continue these efforts.

**Event planning and
involvement with the
community through
project-based
learning**

**Work-based
experiences with
recreational spaces
and gardening**

**Field trips to California Museum,
Community Colleges, Cypress-
Mandela, Oakland Coliseum, and
more**
