310-1	Consultant Contract: with Mentoring in Medicine (MIMS) to provide CRP & First Aid training for students. This will include 3-4 training sessions to ensure all Dewey students graduate certified in both CPR and First Aid. This expenditure provides all students the opportunity to enter a variety of careers including health care and will support up to 60 students enrolled in the Health and Fitness Pathway. Personnel & training course curriculum (\$16,890.19) + 18% Admin Fees (\$3,707.56) = \$20,597.75	\$20,597.75	5825	Consultant Contract			Health & Fitness
310-2	Consultant Contract with Planting Justice to offer hands-on nutrition and health education. Planting Justice will educate all Dewey Academy students in the Health Pathway, on nutrition, the study of nutrients in food, how the body uses nutrients, and the relationship between diet, health, and disease. In order for students to fully understand their own health. Students will learn the importance of quality nutrition, and healthy weight management practices for teens. Students will learn which foods are healthy and which foods are damaging. This is a year long program serving 30-60 students per year. No admin fees apply, all cost is for personnel running weekly programming.	\$50,000.00	5825	Consultant Contract			Health & Fitness

310-2	Consultant Contract: with Planting Justice to offer nutrition education that will enable students to test real-life nutritional situations. Planting Justice will educate all Dewey Academy students in the Health Pathway, on nutrition, and the study of nutrients in food, how the body uses nutrients, and the relationship between diet, health, and disease. In order for students to fully understand their own health, they will learn why you truly are what you eat, and how to properly lose weight, maintain a healthy weight, or gain weight. They learn which foods are healthy and which foods are damaging. This is a year long program serving 30 students each of our 6 hexmesters. *This contract is partially funded in the 2022-23 Strategic Carryover Plan. Administrative fees included.	\$15,000.00	5825	Consultant Contract			Health and Fitness Pathway
310-3	Consultant Contract: with Mentoring in Medicine (MIMS) to provide a Health Scholar Program at Dewey, which includes: twice weekly workshops to expose and train students in the health careers and skills, exposure to Emergency Medical Technicians; CPR and First Aid Skills Workshop; splinting, blood pressure, and immobilization workshop. Administrative fees included.	\$16,903.40	5825	Consultant Contract			Health and Fitness Pathway
310-4	Meeting Refreshments: for the Work Based Learning Exhibition and Public Showcase events. In these events, students will reflect on the skills and knowledge they've gained through their work-based learning experience (career awareness, career exploration, career preparation, career training) and present their reflection (work) in a public exhibition event. Funds will be used for refreshments in which industry and community members will be invited. Events will meet OUSD & Measure N guidelines.	\$2,000.00	4311	Meeting Refreshments			Health and Fitness Pathway
310-5	Meeting Refreshments: for the Health & Fitness Pathway Events and/or workshops. These events are held each hexmester for students including guest speakers. These events benefit pathway students by exposing them to a variety of community partners and industry professionals in the healthcare field. These opportunities support our Pathway Quality goal by providing CPR training as it will dramatically increase the number of first responders in communities each year. (6 Hexmesters = 12 events total for the year) Funds will be used for refreshments in which industry and community members will be invited. Events will meet OUSD & Measure N guidelines.	\$4,818.78	4311	Meeting Refreshments			Health and Fitness Pathway

Specifically, Planting Justice offers culinary courses for students to explore this career option and has led to students enrolling in a dual enrollment Laney culinary course housed at the central Kitchen.	Fitness Pathway. Additionally, we would like build out a more robust senior project to include college and career exploration.	Health and Fitness into the Academic Core curriculum.
Assessments	ning Plans sed Learning Experiences and Self ning Provider Assessment of Student	Students at Dewey have the opportunity to learn different skills through multiple partnerships and work based opportunities we offer such as our collaboration with Planting Justice, which teaches students culinary skills after teaching them how to grow and maintain a garden. Our students participate in WBL activities each Hexmester.	Many students at Dewey Academy have jobs. We would like to help them leverage their jobs while supporting them in a structured manner.	Student Work Based Learning and Experiences - we would lik students to understand the value of their current work experience and reflect upon it. A next step for this would be creating a google form reflection.
	er Preparation and Support Skill Development t Supports	Students receive academic counseling for college and career planning from the school counselor. Academically, students also have tutoring readily available to them with all academic subject matter. In addition, the after school program emphasizes health and fitness along with Socioemotional awareness.	We would like to create a better system to connect students with career opportunities of their interests. Currently there is an intake survey and we would like to systematize connecting a student with opportunities related to their stated interests.	College and Career Preparation and Support - we would like to continue to build upon. We are partnering with new Health and Fitness centered Community Based organizations to increase the support with college and career exploration.

Consultant Contract: with Planting Justice to offer nutrition education that will enable students to test real-life nutritional situations. Planting Justice will educate all Dewey Academy students in the Health Pathway, on nutrition, and the study of nutrients in food, how the body uses nutrients, and the relationship between diet, health, and disease. In order for students to fully understand their own health, they will learn why you truly are what you eat, and how to properly lose weight, maintain a healthy weight, or gain weight. They learn which foods are healthy and which foods are damaging. This is a year long program serving 30 students each of our 6 hexmesters. *This contract is partially funded in the 2022-23 Strategic Carryover Plan.
