9130-5	<p>Consultant Contract with OneGoal Partnership The OneGoal Program is a national program that provides our College/Career counseling staff with curriculum, professional development, and membership in a network of schools; the program is especially designed to help students make academic and non-cognitive gains to support enrollment, persistence and completion at their chosen post-secondary programs or institutions. Students gain access to the One Goal curriculum in our 11th and 12th grade College/Career Prep classes and crew (Advisory). The professional development that One Goal offers is for our college/career counseling staff and Crew leaders and focuses on helping students identify and follow-through on post-secondary plans. This is supplemental to any training staff receive through Lighthouse. We believe that our contract with OneGoal is vital to our Integrated Student Supports and helps ensure that students get the information and support they need to strategically identify, explore and pursue college and career options that are a good fit for them individually and collectively. The OneGoal program will serve all 11th and 12th graders a total of approximately 110 students in the 2023-24 school year.</p> <p>The remaining portion of this contract will be paid for through other sources of funding.</p>	\$4,150.00	5822	Consultant Services			Media Arts and Design

School Description

Lodestar, part of Lighthouse Community Public Schools, opened in 2016 and began operating its high school in 2020. Lodestar currently serves students in grades K-11 and will graduate its first senior class in spring 2024. At full capacity, approximately 750-800 students will attend Lodestar, with a high school enrollment of 250-300 students.

All students at Lodestar participate in our Media Arts Pathway. This pathway is designed to spark creativity, empower students to elevate their voices, and open doors to future opportunities. Through a series of courses and hands-on experiences, students will develop problem-solving, critical thinking, and technical skills that will help them learn and grow in the media arts industry. The Pathway courses we've developed so far are Intro to Media Arts and Film Production; we plan to add 1-2 additional CTE Pathway courses over the next two years. Students can also opt to take one of our CTE electives, digital photography or screenwriting. All of these courses are aligned to the CTE Standards for Media Arts and Design and provide students with the knowledge, skills and resources to engage in hands-on, project-based learning.

School Mission and Vision

At Lighthouse Community Public Schools we believe that all young people have the potential to become lifelong change-makers who realize their unique vision—rooted in their identity, knowledge, and skills—to create equity in their own lives and in the community, leading to a healthier, more joyful world. We are an innovative model for public education that puts each child at the center of their own learning. The LCPS community is equal parts love and rigor where children discover their unique light within.

2023-2024: YEAR ONE ANALYSIS					
Pathway Strategic Goals					

Pathway Quality Strategic 3 Year Goals Based on the standards assessment, your data indicators and root cause analysis, what are your goals, objectives, or intended outcomes for this next 3 year cycle? Write them as SMART goals (Specific, Measurable, Achievable, Relevant & Time-Bound) using language from the Standards as a guide (when relevant). Goals should start with the "By 2026..." Example: By 2026 we will create and utilize a WBL reflection form and 100% of students will complete it after any type of WBL activity. We will share responses with students so they can reference for resume and college application development. The teacher team will review responses at least once per year and use information to update the pathway WBL plan.						
Goal #1: By 2026	We will implement at least 2 interdisciplinary projects per grade level and facilitate meaningful interactions between students and industry professionals at least 2 times per semester (4 times per year). We will steadily ramp up our integrated projects by having a total of 2 or more in 2023-24, 3 or more in 2024-25, and 4 or more in 2025-26.					
Goal #2: By 2026	All students will complete passage requirements at each grade level that include Work-Based Learning experiences; by 2026, all students will graduate having completed an internship or similar personal/professional development experience.					
Goal #3: By 2026	By improving and formalizing systems for monitoring and reporting student progress at Lodestar, both in terms of individual students and identified subgroups, we will ensure that the four-year cohort graduation rate will exceed 90% and the A-G completion rate will be 85% or higher.					
Pathway Strategic Actions						
Strategic Actions for 2023-24 What are 3-5 key strategic actions for 2023-24 that will support you in reaching your identified 3 year goals?						
Strategic Actions for Goal #1	Offer professional development related to our CTE Pathway and Linked Learning to all high school teachers so that more teachers are comfortable integrating Media Arts into their classes.					
	Work with EL school designer to help teachers design and implement interdisciplinary projects. EL (previously called Expeditionary Learning) is a national school reform organization. The school designer works directly with teachers to plan curriculum.					
	When creating the master schedule and professional development calendar, ensure that collaboration time is set aside for teachers who will be working together on interdisciplinary projects.					
	Work with both Pathway Advisory Board and CTE teachers to plan and implement at least 2 learning experiences in each CTE class that meaningfully incorporate industry professionals					
Strategic Actions for Goal #2	Working with grade level teams and school administration, redefine passage and graduation requirements to include some element of Work-Based Learning at all grade levels					
	Create a year-long scope and sequence of work-based learning experiences that helps students meet passage/graduation requirements and progress on the WBL continuum					
	Set parameters around what it means to complete an internship or personal/professional growth experience, create a menu of options for students to complete this requirement, and determine when we will start holding all students accountable for fulfilling this requirement.					
Strategic Actions for Goal #3	Evaluate current Learning Management System and grading program in comparison to other available products to ensure we have the tools and technology we need to monitor student progress most effectively and efficiently					
	Administration will review student academic progress at least once every six weeks and ensure intervention measures are taken and families are contacted when students struggle					
	Refine credit recovery processes and systems (such as when should students repeat a course with younger students vs. doing online credit recovery)					
	Many of the students with IEPs who struggle academically are also chronically absent. We need to identify the reasons for their absences and work with students, families, and teachers to improve attendance.					
Increase coordination between Resource Specialists and other staff (teachers, admin, counselors, behaviorists) to ensure the success of our IEP students

<p>Consultant Contract with OneGoal Partnership The OneGoal Program is a national program that provides our College/Career counseling staff with curriculum, professional development, and membership in a network of schools; the program is especially designed to help students make academic and non-cognitive gains to support enrollment, persistence and completion at their chosen post-secondary programs or institutions. Students gain access to the One Goal curriculum in our 11th and 12th grade College/Career Prep classes and crew (Advisory). The professional development that One Goal offers is for our college/career counseling staff and Crew leaders and focuses on helping students identify and follow-through on post-secondary plans. This is supplemental to any training staff receive through Lighthouse. We believe that our contract with OneGoal is vital to our Integrated Student Supports and helps ensure that students get the information and support they need to strategically identify, explore and pursue college and career options that are a good fit for them individually and collectively. The OneGoal program will serve all 11th and 12th graders a total of approximately 110 students in the 2023-24 school year.</p> <p>The remaining portion of this contract will be paid for through other sources</p>	\$4,150.00	5822	Consultant Services			Media Arts and Design		

2024-2025: YEAR TWO

Pathway Strategic Goals

Pathway Quality Strategic 3 Year Goal		<p>Check in on 3-Year Goals <i>For each 3-year goal, answer:</i> -To what extent is the pathway on track for accomplishing this goal by 2026? -What has supported or hindered progress towards each goal this year?</p>
<p>We will implement at least 2 interdisciplinary projects per grade level and facilitate meaningful interactions between students and industry professionals at least 2 times per semester (4 times per year). We will steadily ramp up our integrated projects by having a total of 2 or more in 2023-24, 3 or more in 2024-25, and 4 or more in 2025-26.</p>		<p>We have already completed 2 interdisciplinary projects this year and we have up to 4 more scheduled to happen before the end of the school year. These included a filmed interview, real estate advertisement, newscast and <i>Novela</i> in Spanish classes, a video essay in Ethnic Studies, a PSA about nuclear fallout in US History, and a travel advertisement in AP World History. These interdisciplinary projects have impacted students in all grade levels at Lodestar.</p> <p>Another form of progress is that we have now honed in on two academic departments where collaboration with Media Arts seems to flourish: Social Studies and Spanish. For 2024-25, we will try to align teacher preps in these departments with those of our Media Arts teachers to further support collaboration on interdisciplinary projects.</p>
<p>All students will complete passage requirements at each grade level that include Work-Based Learning experiences; by 2026, all students will graduate having completed an internship or similar personal/professional development experience.</p>		<p>Passage was de-emphasized this year due to leadership and staff transitions, but led by our Work Based Learning Coordinator and College/Career Success Team, we implemented a scope and sequence of WBL activities in grades 9-12. These included: a career fair for all students 9-12, career exploration and job shadow day for 10th grade students, professional aspirations project in One Goal class for all 11th graders, One Goal Bay Area Summit (featuring career panels and opportunity fair) for all 11th and 12th grade students, and expanded internship opportunities, especially for students in grades 11-12. We also had more WBL opportunities that were integrated into classes this year, such as the Headwaters Science Program in AP Environmental Science.</p> <p>Two new internship partnerships we'd like to highlight are (1) Soulbeat - an Oakland-based multi-generational multimedia platform that has helped students apply some of the skills they've learned in Media Arts classes; (2) BART - reserved 5 summer internships for Lodestar students; priority was given to students with IEPs</p>
<p>By improving and formalizing systems for monitoring and reporting student progress at Lodestar, both in terms of individual students and identified subgroups, we will ensure that the four-year cohort graduation rate will exceed 90% and the A-G completion rate will be 85% or higher.</p>		<p>We adopted a new LMS/grading program, Schoology; although implementation of this new technology has been a challenge, we hope that in the long term, it will help with monitoring student progress.</p> <p>We carefully tracked student progress towards graduation and A-G completion on a data dashboard to maximize student outcomes. Based on current projections, we are on track to meet our Year 1 benchmark of 70% A-G completion. Given that the class of 2024 is our first graduating class, this year will give us some valuable baseline data to reflect in and plan around moving forward.</p> <p>One thing we need to work on is the timeliness of teacher grading. While there is accountability for teachers to enter grades every six weeks, it would benefit students and families to shorten this feedback loop.</p>
Pathway Strategic Actions Reflection		
2023-2024 Strategic Actions		<p>Reflection on 2023-2024 Strategic Actions <i>For the Strategic Action sets for each goal, answer:</i> -Are you on track for accomplishing the actions for the related goal this school year? -If so, what has been done or will be done by the end of the year to accomplish it? -If you are not on track for accomplishing the actions this school year, what might be the reason(s) why?</p>
23-24 Strategic Actions for Goal #1	<p>Offer professional development related to our CTE Pathway and Linked Learning to all high school teachers so that more teachers are comfortable integrating Media Arts into their classes.</p>	<p>We conducted one Media Arts based professional development session for our Spanish and Social Studies teachers this year; our CTE teachers also created a bank of how-to videos for using various pieces of Media Arts technology and equipment. Collaboration has now started happening more organically and is often being initiated by core teaching staff.</p>
	<p>Work with EL school designer to help teachers design and implement interdisciplinary projects. EL (previously called Expeditionary Learning) is a national school reform organization. The school designer works directly with teachers to plan curriculum.</p>	<p>We created common planning time for Media Arts teachers during crew 1x per week; we also started monthly community of practice meetings for CTE collaboration across Lighthouse/Lodestar</p> <p>Interdisciplinary collaboration between Media Arts and other teachers is largely happening during prep time.</p> <p>We have scheduled a Pathway Advisory Board meeting for later this spring to review our Media Arts curriculum map 9-12</p>
	<p>When creating the master schedule and professional development calendar, ensure that collaboration time is set aside for teachers who will be working together on interdisciplinary projects.</p>	<p>While we have not brought in industry professionals into all Pathway classes this year, we've had guest speakers/experts in several classes. This is still a growth area as we build our network of connections in the Bay Area Media Arts industry. Moving forward, we're hoping to attract Advisory Board members who can help us tap into their professional networks.</p>
	<p>Work with both Pathway Advisory Board and CTE teachers to plan and implement at least 2 learning experiences in each CTE class that meaningfully incorporate industry professionals</p>	<p>Our EL School Designer has been working mostly with admin on leadership development this year, so they were unable to help with integrated projects.</p>
	<p>Working with grade level teams and school administration, redefine passage and graduation requirements to include some element of Work-Based Learning at all grade levels</p>	<p>Passage was de-emphasized this year due to leadership and staff transitions, but...</p> <p>Led by our Work Based Learning Coordinator and College/Career Success Team, we implemented a scope and sequence of WBL activities in grades 9-12. These included: a career fair for all students 9-12, career exploration and job shadow day for all 10th grade students, professional aspirations project in One Goal class for all 11th graders, One Goal Bay Area Summit (featuring career panels and opportunity fair) for all 11th and 12th grade students, and expanded internship opportunities,</p>

<p>23-24 Strategic Actions for Goal #2</p>	<p>Create a year-long scope and sequence of work-based learning experiences that helps students meet passage/graduation requirements and progress on the WBL continuum</p> <p>Set parameters around what it means to complete an internship or personal/professional growth experience, create a menu of options for students to complete this requirement, and determine when we will start holding all students accountable for fulfilling this requirement.</p>	<p>especially for students in grades 11-12. We also had more WBL opportunities that were integrated into classes this year, such as a biology lab at the UC Berkeley Innovative Genomics Institute and the Headwaters Science Program in AP Environmental Science.</p> <p>We developed a working draft of what it means to complete an internship or personal/professional growth experience: Internships or equivalent personal/professional growth experiences take place for a minimum of 40 hours and provide students with structured opportunities to develop, practice, and demonstrate marketable skills. These experiences may be paid or unpaid, but must be actively supervised by a professional mentor who can ensure that students receive the training, support, and feedback they need to successfully engage in hands-on activities that foster personal/professional growth.</p> <p>Other steps we took to increase WBL opportunities for students are: (1) sent a group of young men to OUSD's Manufacturing Day to learn about opportunities in the construction/building trades; (2) we signed on as a collaborative partner in ACOE's Green Careers Guidance Initiative. This will provide students with additional info and opportunities about the skilled trades over the next two years; (3) Created a partnership with Soulbeat, an Oakland-based multi-generational multimedia platform; (4) Secured 5 paid summer internships at BART, with a focus on providing internships for students with IEPs.</p>
<p>23-24 Strategic Actions for Goal #3</p>	<p>Evaluate current Learning Management System and grading program in comparison to other available products to ensure we have the tools and technology we need to monitor student progress most effectively and efficiently</p> <p>Administration will review student academic progress at least once every six weeks and ensure intervention measures are taken and families are contacted when students struggle</p> <p>Refine credit recovery processes and systems (such as when should students repeat a course with younger students vs. doing online credit recovery)</p> <p>Many of the students with IEPs who struggle academically are also chronically absent. We need to identify the reasons for their absences and work with students, families, and teachers to improve attendance.</p> <p>Increase coordination between Resource Specialists and other staff (teachers, admin, counselors, behaviorists) to ensure the success of our IEP students</p>	<p>Based on our challenges with our previous Learning Management System (LMS) and grading program, Altitude, we adopted a new LMS/grading program, Schoology. This year has been a learning and development year with Schoology as we learn how the system works and interfaces with our Student Information System and other structures.</p> <p>The administration is reviewing grades every six weeks and reaching out to students/families who are failing classes, prioritizing case management and support of seniors in jeopardy of not graduating. To this end, Principal Baldrige conducted "Winter School" during the first week of Winter Break to give a handful of 12th grade students one more week at the end of the semester to submit/revise assignments and get their grades up to passing in key classes. After some initial struggles using Schoology, most teachers are now entering grades at least every 6 weeks.</p> <p>Learning from our lack of success with online credit recovery (Apex) last year, this year we are having students retake classes they failed in person, and only using online credit recovery as a last resort. This has led to better outcomes for students, though some students are still struggling to pass repeated classes.</p> <p>Through our Community Schools grant, we hired a MTSS Coordinator to help support chronically absent students. This individual, Jordan Seiden, works closely with our SPED department and administration. Mr Seiden is also co-teaching a class called My Other Brother (MOB), that is especially designed to draw in historically disengaged students. Many of the students in this class have IEPs.</p> <p>Our Resource Specialists and aides have made a conscientious effort to push into classes this year and classroom teachers are also pushing into Guided Studies (IEP support) classes to support our students with learning differences.</p> <p>We also conducted additional professional development for teachers to work with students with moderate/severe learning differences this year and teachers participated in a crisis prevention institute</p> <p>Weekly meetings between Resource Specialists and all teachers are scheduled to discuss students with IEPs and how to support their success</p>
<p>Pathway Strategic Actions 2024-2025</p>		
<p>2024-2025 Strategic Actions</p>		
<p>Goal #1: By 2026</p>	<p>We will implement at least 2 interdisciplinary projects per grade level and facilitate meaningful interactions between students and industry professionals at least 2 times per semester (4 times per year). We will steadily ramp up our integrated projects by having a total of 2 or more in 2023-24, 3 or more in 2024-25, and 4 or more in 2025-26.</p>	<p>New or Revised Strategic Actions for Goal #1</p> <p>Plan and arrange more consistent planning time between Media Arts teachers and teachers who are collaborating with the Spanish and Social Studies departments; this includes making sure collaborating teachers have common prep time and that additional time is provided as needed during Wednesday staff development time after school.</p> <p>When building our master schedule for 2024-25, ensure that our Media Arts teachers share a common prep with members of the Social Science and Spanish departments. The Pathway Coordinator and administrative team will help support this collaboration.</p> <p>Provide a small stipend for teachers to plan interdisciplinary projects and/or participate in summer externships; this would cover 1-2 summer planning days as well as the extra time needed during the school year to fully implement interdisciplinary lessons. Summer externships could also help us identify/solidify industry partners.</p> <p>Move EXPO to later in the semester to highlight integrated projects</p>
<p>Goal #2: By 2026</p>	<p>All students will complete passage requirements at each grade level that include Work-Based Learning experiences; by 2026, all students will graduate having completed an internship or similar personal/professional development experience.</p>	<p>New or Revised Strategic Actions for Goal #2</p> <p>Hire a new WBL Coordinator or delegate the responsibility of coordinating WBL opportunities to someone else</p> <p>Continue to refine and implement WBL activities at each grade level including but not limited to resume/portfolio development and interview practice; create and implement systems for tracking the impact of various WBL experiences such as student surveys and interviews.</p> <p>Pathway Advisory Board will meet 2-3 x per year and help expand network of WBL partners</p>

			Formally incorporate internship expectations into our graduation requirements and socialize this new policy to students, families, and staff; Pathway team will begin mapping how/when/where internships will take place and how internships contribute to student mastery and Pathway learning outcomes.
			Pathway team will identify and participate in at least 2 events for local media arts professionals and identify at least 2 new internship partner organizations. LCPS will also continue to expand internal internship opportunities like forming a Student Production Team to create weekly announcements and document school events. This will also help socialize the value of internships.
Goal #3: By 2026	By improving and formalizing systems for monitoring and reporting student progress at Lodestar, both in terms of individual students and identified subgroups, we will ensure that the four-year cohort graduation rate will exceed 90% and the A-G completion rate will be 85% or higher.	New or Revised Strategic Actions for Goal #3	Admin will update and share a dashboard of student grades every six weeks; crew leaders will follow up with students and families to support progress; Resource Specialists, MTSS Coordinator, College/Career Advisors and admin, will support as needed
			Reach out to other schools who are using Schoology to figure out how to use this technology more effectively
			Continue MOB program and/or implement other classes focused on motivating disengaged students
			Continue structured collaboration between Resource Specialists and classroom teachers; provide SPED training for new teachers

Students gain access to the One Goal curriculum in our 11th and 12th grade College/Career Prep classes and crew (Advisory). The professional development that One Goal offers is for our college/career counseling staff and Crew leaders and focuses on helping students identify and follow-through on post-secondary plans. This is supplemental to any training staff receive through Lighthouse. We believe that our contract with OneGoal is vital to ensuring students get the information and support they need to strategically identify, explore and pursue college and career options that are a good fit for them individually and collectively. Our contract with OneGoal is for \$50,000 per year across both of our sites. Lodestar's portion of services is about 40% of this or \$20,000 total. We are already paying for \$4150 of our OneGoal expenses through our Measure N/H approved budget.</p>	\$15,827.10	5822	Consultant Services			Whole School	Integrated Student Supports
<p>Consultant Contract with Oakland Public Ed Fund to facilitate and pay-out Lighthouse Student Internship stipends during the school year, through June 30, 2024 In order to increase the number of students participating in internships, a valuable form of work-based learning which typically take place outside of school hours, we are seeking to partner with the Oakland Education Fund to offer internship stipends. Stipends would be awarded to students 2x per semester for 3-6 hours of work per week. Some internships will be based within our organization such as with our Development Team and Business Office, while others will be based off site at local businesses and organizations. Students will receive stipends of approximately \$500 per semester and we are aiming to provide 8 paid internships over the course of the school year. (\$500 x 8 = \$4,000. The other \$400 in our budget comes from the 10% administrative fee charged by the Oakland Education Fund (\$4,000 x .10 = \$400; \$4,000 + 400 = \$4400)</p>	\$4,400.00	5822	Consultant Services			Whole School	Work-Based Learning
