Big Picture Learning School History

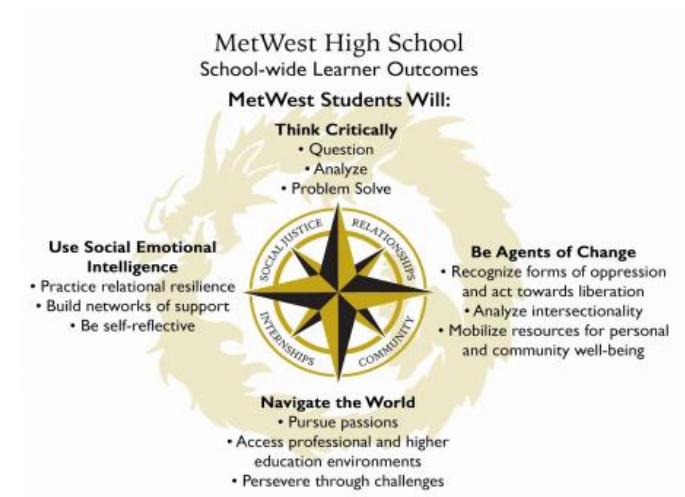

Big Picture Learning was established in 1995 with the sole mission of putting students directly at the center of their own learning. In the schools that Big Picture Learning envisioned:

- Students would be at the **center their own education**.
- They would spend considerable time in the community under the tutelage of **mentors**.
- They would not be evaluated solely on the basis of standardized tests. Instead, students would be assessed on **exhibitions and demonstrations of achievement, on motivation, and on the habits of mind, hand, and heart**
- Student work reflect the **real world evaluations and preparation** that all of us face in our everyday lives.

Our Vision

MetWest prepares young adults to recognize and take advantage of all resources to further their personal well-being and the well-being of their communities. Our graduates will have the skills, habits, knowledge, and networks to overcome obstacles to their success, access four-year colleges, engage in fulfilling work, and contribute positively to our world.

- Founded in 2002
- Current Pathway is Social Entrepreneurship with 256 students enrolled.
- Current Enrollment : 205 at Huerta and 51 9th graders at Huggins
- 22 students per class or less
- Advisory teacher stays with students for 3 years starting 10th grade year.
- All students 9th-12th intern at a site twice a week
- Students who are not in internship have a Learning Through Interest project that they complete by the end of each semester.

9th Grade Academy

- **Housed at the Ericka Huggins Campus**
- **51 current students**
- **All students are enrolled in a pathway**
- **Increased career exploration and internship searching skills**

The Why: To help student transition from middle school to high school, receive intensive supports to get the students back on track during the pandemic, and to grow a solid core for their leap to the main campus.

Freshman Academy

9th graders attend an Internship Options Fair at Dolores Huerta campus in the first two weeks of school.

Reflections on 2023-24

Criterion 1: Measures N and H Pathway Improvement Progress Reflection: What has your reflection revealed about progress toward your strategic goals? What progress is evident in your school's reflection on Year 1 (2022-23) strategic actions?

Reflections on 2023-24

Criterion 2: Measures N and H Pathway Improvement Plan (Actions): What new or revised strategic actions will the school and pathways undertake in the coming year to continue to make progress toward three-year goals? How will these actions impact student achievement and experience to improve school-wide goals?

Reflections on 2023-24

Criterion 3: How will Measures N and H funds support strategic actions and progress toward goals?

Questions?

EVERY STUDENT THRIVES!

Class of 2024 student Daren Richardson chaperones three freshfolk from the Ericka Huggins campus on a site visit. The senior then ensures they return safely to campus!
