MetWest is a small, public high school in Oakland Unified School District, located in the heart of Oakland near the downtown area. As the first Big Picture Learning School established on the West Coast, our students have the unique opportunity to learn through their interest. Two days a week, our students are actively engaged in internships at local businesses and organization throughout their four years in high school. Upon graduation, our students have designed numerous real-world projects, learned project management skills, built social capital, and gained professional communication habits.

#### School Mission and Vision

Our school's vision is MetWest prepares young adults to recognize and take advantage of all resources to further their personal well-being and the wellbeing of their communities. Our graduates will have the skills, habits, knowledge, and networks to overcome obstacles to their success, access four-year colleges, engage in fulfilling work, and contribute positively to our world.

| On Track to Graduate - 9th Grade & 9th Graders meeting A-G<br>(Analyze these two indicators together)  | and communicating to the 9th graders and their families<br>their progression toward graduation and A-G<br>completion. These conversations are had at families<br>meetings that take place through the year.   |  |  | We used to allow freshman to opt out of taking required<br>electives their freshman year. This is any issue for us because<br>of the limited space we in PE because we don't not have a gym<br>or proper space for PE and we share elective teachers between<br>both campuses. Sharing staff between two campuses reducing<br>the amount of sections we can offer which limits the<br>accessibility of these classes to students. This in turns created<br>a trickle down effect of students not being on track to meet A-G<br>requirements. However, with the introduction of our Freshman<br>Academy we will be able to stop sharing staff. The Freshman<br>Academy will have their own dedicated group of teachers and<br>advisors to ensure they are all on track to meet their A-G<br>requirements. |  |  |  |

We are still trying to create a solid ELD program and consistently provide accommodations and support for our students in ELL all classes. We have taken the following steps towards this goal: Last year we built ELD classes into the master schedule and enrolled identified students who require ELL services into those courses. Some students were missed when creating schedules so this year we reviewed ELL data and worked to ensure every student was enrolled in these courses. Each ELD teacher is using the district's ELD curriculum. The TSA informally observed these distance of lenguage development and how it impacts their academic success as an attempt to foster some buy-in. One (9th grade ELD teacher) of the 3 teachers actively monitored student progress and conferred with her students consistently regarding their progress. The overall impact of our efforts is our increased proficiency rate (increase of 27.2%) on the ELPAC last year. Our reclassification rate continues to go up and is above the district's average. |  |                            |                             |                   |                                 |   |   |  |
