Schoolwide Systems of Support

Reflections on 2023-24: Progress Towards Goals & Actions

Working towards progress:

- ◎ Increased graduation rates and increased A-G completion
 - I Deserve A-G and Sisterhood
- ◎ Pathway/CTE enrollment
- ◎ Proven admin trio structure and specific support through Pathway Coach, Work Based Learning Liaison, and College and Career Readiness Specialist
- ◎ 8-period block schedule with 3 CTE classes for each pathway and cohorted pathway classes (students and teachers)
- ◎ Demographic balance across pathways

Adjusting to get back on track:

Postsecondary Plans

- ★ Onboarded new College and Career Readiness Specialist and Work Based Learning Liaison
- ★ This spring:
 - Plan “stakeholder” meeting to get clear on the what and how for consistent postsecondary plans for all students, supported through specific 9th grade family and 10-12th pathway teacher(s) at each grade level

Reflections on 2023-24: New and Revised Actions

Schoolwide

Action #1:

Continue with proven systems and structures that support pathway implementation and continuous improvement (admin trios, 8-period schedule, support positions, etc.)

Action #2:

Conduct 3 whole-school Learning Walks to collect data around instructional goals related to standards aligned lessons, checks for understanding, and student to student talk and inform whole-school professional development

Action #3: Increase A-G awareness and importance for teachers, students, and families by creating and implementing a whole-school approach to postsecondary plans for all students

Action #4: Update all pathway programs of studies to current practice and evaluate and update all pathway work-based learning plans to ensure appropriate alignment of student pathway experiences. This will include more consistent tracking of student participation in WBL activities and providing a structure for student reflection.

Pathways

- Vertical alignment of content and skills
- Industry certifications
- External/public audiences for projects
- Increase career awareness and exploration experiences in earlier grades
- Increase career-aligned college visits
- Shared pathway policies and expectations
- Review and update pathway curriculum to align to current industry practices
- Student portfolio development
- Project Based Learning professional development

Reflections on 2023-24: Expenditures to Support Goals and Actions

Investment in people:

- Pathway Coach
- Work Based Learning Liaison
- College and Career Readiness Specialist
- TSA stipend for pathway directors
- 3 additional case managers
- 1 additional assistant principal
- Portions of additional FTE for 3 CTE teachers
- College advisor for the Future Center

Expenses required to implement plans

- Student internship stipends
- Teacher stipends for after hours planning meetings
- Transportation costs for attending work based learning activities and community building trips
- Admission fees for various pathway related trips and experiences
- Teacher team retreats
- Substitute costs for when teachers are doing off campus pathway events
